model of work–family conflict & life satisfaction & involvement, Hong Kong employees aged less than 30–50+ yrs, comparison with US employees, 35627
models with service quality &/vs life satisfaction, prediction of service satisfaction, nursing home residents, 5892
need-gratification & value-as-a-moderator perspectives of cross-cultural differences in sources of subjective well-being & life satisfaction, Ss from 39 nations, 27389
occupational stress & coping & job & life satisfaction, males vs females, 16111
perceptions of life & death before suicide attempt & how perceptions are linked to attempt, gay males (mean age 23 yrs) who attempted suicide in adolescence, 8246
personal & work situation characteristics & work experiences & outcomes, life satisfaction, managerial & professional Filipino women, 27357
pet ownership, medical problems & life satisfaction, community dwelling 68–94 yr olds, 1000
predictors of well-being & quality of life & life satisfaction, African Americans, 12 yr study , 11187
psychometric properties & factor structure of Reasons for Living Inventory, 13–18 yr old suicide attempters vs ideators vs nonsuicidal psychiatric inpatients, 5046
psychometric qualities of the French version of the Life Role Salience Scale, 18–61 yr olds, 32601
qualitative & quantitative research methods on the sources of meaning in life of 18–42 yr old patients vs. 18–26 yr old non-patients, 37261
quality of & satisfaction with life, adults with physical disabilities, 8519
race & family SES & occupational planning & injury history & life satisfaction, male graduating college athletes vs nonathletes, 25968
religiosity, satisfaction over the life span, 18–98 yr olds, 36924
religious activities & life satisfaction, 29–78 yr old practicing physicians & 54–93 yr old hospitalized or institutionalized male veterans with physical disorders, 18768
rival variables, covariance between selection & optimization & compensation strategies for life management & its successful aging outcomes, adults (mean age 79.7 yrs), 7598
satisfaction with living arrangements & caregivers & feelings of love & security, 5–18 yr olds placed in out-of-home kinship vs nonrelated family foster care vs group homes, 12461
satisfaction with spiritual & family life & vocational ministries, missionaries, 27127
self-appraisal of having lived up to intellectual abilities at mid-life & relation to life satisfaction & retrospective life choices 1 & 3 decades later, gifted adults (mean age 49 yrs) , 20436
sense of coherence & health beliefs & experiences & subjective quality of life, 21–53 yr olds, 2533
social mobility & satisfaction with different domains of everyday life, Bulgaria vs Czechoslovakia vs Estonia vs East vs West Germany vs Poland vs Russia vs Slovenia vs Great Britain vs US, 14121
sociodemographic variables, leisure participation & satisfaction & life satisfaction, 65–98 yr olds, 14086
test of models of correlations between life & job satisfaction, card dealers, 27412
trust & self-rated health & psychological well-being & life satisfaction, 55–80 yr olds, 8 & 14 yr follow-ups, 7590
use of introspective reports for determination of attitudes toward life satisfaction & subjective well-being, college students, 16432
value attainment, relationship between work–family conflict & job & life satisfaction, hotel managers (mean age 33.5 yrs), 35640
work/family role conflict & job & marital & life satisfaction, nurses & managers & social workers, 9604

Life Satisfaction—Chapters

Cross-cultural perspective on attitudes toward family responsibility and well-being in later years, 1135
A reformulation of quality of life for medical science, 26215

Life Span [See Life Expectancy]

Life Sustaining Treatment—Serials

attitudes toward advance care directives & preferences for personal end-of-life decision-making, Black vs White 26–83 yr old physicians, 22360
attitudes towards life sustaining technology, European-Americans vs African-Americans vs Korean-Americans vs Mexican-Americans aged 65 yrs & older, 28586
cognitive vs physical impairment & medical prognosis & pain, preferences for life-sustaining treatments, adults (mean age 78.5 yrs), 36882
discrepancies between practice & preferences for use of life-sustaining treatments, 25–65 yr old physicians vs 70 yr old & older patients, 38396
oral vs tube feeding, aspiration pneumonia & malnutrition & ulcers & infections & survival & functional status & patient comfort, patients with advanced dementia, commentary, 38340
oral vs tube feeding, pneumonia & malnutrition & ulcers & infections & survival & functional status & patient comfort, patients with advanced dementia, 38339
public opinion on prolonging life vs quality of life in allocation of medical resources, 45–75 yr olds, Israel, 35106
sociopolitical & cultural factors influencing treatment decision-making for incompetent patient with life threatening illness, Austrian vs Swedish vs West vs East German physicians, 38712
stability of preferences for use of life-sustaining treatment in conditions of severe chronic illness, 70–90+ yr olds, Israel, 35079
stress & experience of making do not resuscitate decisions for an incompetent terminally ill family member, families, 16277

Lifesaving [See Artificial Respiration]

Lifestyle [See Also Lifestyle Changes]—Serials

anxiety disorders & personality factors & lifestyle, episodes of major depression, adults with non-clinical depression, 15-yr-study, 27645
application of chronic disease risk index, assessment of lifestyle & development of chronic diseases & mortality & cancer incidence, 18+ yr olds, 19 yr follow up , 38458

assessment of wellness in terms of spirituality & self- regulation & work & recreation & love & friendship, Native vs non-Native American 9th vs 10th vs 11th vs 12th grade students, 38864
cognitive function & age & social class & contacts & medication & leisure pursuits & alcohol & cigarette consumption, 55–69 yr old men, 13272
cultural consonance in lifestyle vs conventional SES measures, risk of coronary heart disease, 25–65 yr old African Americans, 8582
demographic & lifestyle & medical & family history of illness & risk for Alzheimer's disease, 65–84 yr old community dwelling African-Americans vs Nigerians, 2030
demographic & lifestyle characteristics, problem behaviors & health risks, 12–15 yr old street youth, 975
diet & cigarette & alcohol use & amount of exercise & obesity as measures of unhealthy lifestyle, middle-aged schizophrenic patients, 24246
family background & street lifestyle & economic factors, substance use, male homeless youth (mean age 18.86 yrs), 34340
health behaviors & lifestyles of family dementia caregivers, wives vs daughters, 25472
Healthy Lifestyle Worksheet, assessment of whole lifestyle in terms of meeting basic emotional & social & intellectual needs, mental health clients, 32704
heredity vs environment, memory performance & cognitive ability & lifestyle, 27–60 yr old vs 60–94 yr old twins, 7323
homelessness as lifestyle, homeless males, 1057
institutional lifestyles & prediction of physical assault or theft victimization risk, 16–61 yr old correctional institution inmates, 2727
intergenerational transmission, health-risk behaviors & health-risk lifestyles, adolescents & their parents, 33936
Japanese cultural vs US lifestyle, cognitive decline & development of Alzheimer's disease, older Japanese Americans, 2 yr followup, 24807
LEAN Program involving cognitive behavioral modification of exercise & nutrition & lifestyle & coping strategies, obesity, military personnel, 2 yr followup, 25980
lifestyle & coping strategies intervention program, job stress & health, 24–54 yr old office workers, 32348
lifestyle & health status of parents living with AIDS, behavior & symptoms of emotional disorder, 11–19 yr old offspring, 18314
lifestyle & parent support & structural constraints, violent victimization, Icelandic 15–16 yr old males vs females, 14789
Lifestyle Change program, short-term institutional & community adjustment & disciplinary & release outcomes, high- vs low-risk prison inmates, 32076
lifestyle factors, any vs injury vs non-injury crash vs non-motor-vehicle-related serious injury, 21 yr olds, 19 yr study, 12968
lifestyle personality attributes, 17–23 yr old college students with diagnosed vs symptoms of ADHD, 24588
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, 20659
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, commentary reply, 30255
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, commentary, 30264
Muslim attitudes toward the teaching of homosexuality as an acceptable alternative lifestyle, commentary, 19240
Muslim attitudes toward the teaching of homosexuality as an acceptable alternative lifestyle, commentary reply, 19247
pregnancy intentions & life situations & caretaking behaviors, 6- & 24-mo followups, 20605
premorbid lifestyles & type A behavior & life events & coping behavior, patients with vascular dementia vs dementia of Alzheimer's type, 2063
proenvironmental behaviors vs perceptual vs behavioral characteristics, voluntary simplicity lifestyles, females (mean age 52.6 yrs), Japan, 33979
psychometric properties of multi-item scale measure of frugality as consumer lifestyle trait & its usefulness when studying consumer behaviors, implications for consumer research, 26117
relationship between coronary heart disease risk factors & exercise adoption, government employees (mean age 39 yrs) participating in a worksite lifestyle screening program, 18852
relationship between lifestyle & road traffic accident risk, 18–24 yr old drivers, Greece, 35767
religious importance & attendance & affiliation, unintentional & intentional injury & substance use & lifestyle, high school students , 7554
sign as point of decision prompt, lifestyle sedentary vs active behavioral choice, male vs female library users above vs below age 30 yrs, 28650
social characteristics, obesity-related lifestyles, obese vs nonobese 3 yr olds followed since birth, 20438
social inequality & behaviors or lifestyles as determinants of health, male vs female adults, 20876
social psychological effects of transience & geographic mobility & postmodern self & dimensions of lifestyle, resort workers, 12834
traditional ranking vs likert type rating in measurement of health & lifestyle values, 18–29 yr olds, 37141
use of Adlerian assessment techniques for eliciting lifestyle information, 28-yr-old male with dissociative identity disorder, 24958
use of R. R. Kopp's life-style typology in brief therapy, unmarried 36 yr old female having conflicts with roommate, 21686
wellness approach focused on healthy lifestyle & positive attitude to health & self care & weight standards for prevention of weight gain & reduction of risk factors, obese patients , 35125

Lifestyle [See Also Lifestyle Changes]—Books
The adolescent experience: European and American adolescents in the 1990s, 10745
The psychology of well being, 25378
Sexual pathways: Adapting to dual sexual attraction, 17531

Lifestyle [See Also Lifestyle Changes]—Chapters
The lifestyle approach, 31997
Why computerized life-style assessment is good for business, 6283

Lifestyle Changes—Serials
change in social support during late life, adults (mean age 73.8 yrs), 27094
chemical exposure over time, sensitization of EEG responses, Ss with chemical intolerance with vs without previous lifestyle changes associated with sensitivity, 20259
comprehensive behaviorally oriented program, changes in risk factor related lifestyle behavior, coronary patients treated with percutaneous transluminal coronary angioplasty, 12 mo follow up, 12286
earthquake related psychological stress & lifestyle change, adult males, 34207
Groningen Active Living Model & behavioral change strategies, stimulating physical activity, sedentary 55–65 yr olds, 38464
health care access & cigarette smoking & change in smoking status, male vs female African-American vs White adults, 7 yr study, 4697
incidence of chronic activities of daily living disability & sociodemographic & health status & adverse lifestyle & leisure- time physical activity predictors, 65 yr olds & older, 3 yr study, 34576
methods of changing substance use patterns, 28–59 yr olds with schizophrenia & comorbid substance abuse, 38614
personal sense of control in transition to adulthood, 14–35 yr olds, 13 yr study, 30231
relationship between coronary heart disease risk factors & exercise adoption, government employees (mean age 39 yrs) participating in a worksite lifestyle screening program, 18852
Socratic method in psychotherapeutic dialog, client understanding & use of cardinal virtues & life goals & behavior change, 34800
stage of change for regular exercise & self perceived quality of life, 18–75 yr olds, 17638
theoretical models & techniques for promotion of active lifestyle in sedentary patients, physicians as agents of behavior change, 5807
volunteer assistance, lifestyle changes, alcoholism treatment clients, 1 yr study, 32043

Light [See Illumination]

Light Adaptation—Serials
ability of computational model of light adaptation for prediction of temporal properties, 3211
amplitude of circadian phase shifts & plasticity of light- induced c-fos expression in SCN, tau mutant hamsters held in dark–dark cycles for 2 vs 49 days, 3800
correction for vision disparity from light refraction in foraging behavior, cattle egret vs other herons, 16823
entraining to light/dark cycles & responses to acute photic stimulation, NGFI-A &/vs NGFI-B gene deficient mice, 3795
variation between seasons of melatonin sensitivity to bright light, healthy 18–56 yr olds, 10521

Light Refraction [See Also Refraction Errors]—Serials
correction for vision disparity from light refraction in foraging behavior, cattle egret vs other herons, 16823

Likability—Serials
gender & physical attractiveness of suicide attempter, ratings on justification of suicide attempt & emotional adjustment & liking of suicide attempters, 18–48 yr old males vs females, 8293
liking of each group member & accuracy of ratings of ability & responsibility for group task, college student members of cooperative learning group, implications for group psychotherapy, commentary, 30413
liking of each group member & accuracy of ratings of ability & responsibility for group task, college student members of cooperative learning group, 30418
perceived traits & likability of & attitudes toward patients with hypomanic vs schizoid personality vs manic vs depressive episode vs obsessive compulsive personality disorder, adults, 8060

Likability—Chapters
Maladaptive image maintenance, 14233

Likert Scales—Serials
application of continuous vs censored vs graded response models to data from Likert-type personality scale, criterion-rated validity, college students, 19661
development of Essential Functions Worksheet, determination of essential job functions & compliance with Americans with Disabilities Act, employees & supervisors, 6289
development of humiliation assessment scale, 15–51 yr olds, 22848
Francis Scale of Attitude toward Christianity, measurement of intrinsic & extrinsic & quest religiosity, churchgoers, 29331
methods variance & construct validity of single-item non-Likert vs multiple-item Likert measurement scales assessed with confirmatory factor analysis, 6553
reliability & validity of Need for Closure Scale & Personal Need for Structure Scale, measurement of cognitive style, college students, 35901
reliability & validity of Prenatal Maternal Expectations Scale, measurement of prenatal expectations & postnatal attitudes toward infant & maternal role, 16–32 yr old 1st-time mothers, 17499
reliability & validity of Relationship Assessment Scale, measurement of global relationship satisfaction, 18–54 yr olds in committed relationship, 16356
types & prevalence of nonattending response patterns & personality traits, Cronbach's alpha & response bias on Likert-type attitude surveys, simulated data sets, 9810
validity issues in Likert vs Thurstone approaches to attitude measurement, undergraduates & members of special interest groups, 14321

Likert Scales—Chapters
The development and application of a diagnostic tool to help manage survivors of organizational change over time, 26250

Liking [See Affection]

Limbic System [See Also Amygdaloid Body, Fornix, Gyrus Cinguli, Hippocampus, Medial Forebrain Bundle, Olfactory Bulb, Septal Nuclei]—Serials
atipamezole, short term & long term spatial memory & activity level & other behaviors, trimelthyltin-intoxicated male rats, 725
cerebral blood flow in anterior limbic & paralimbic brain regions during recollection & imagery of traumatic events, 19–54 yr old females with histories of childhood sexual abuse with vs without PTSD, 17949
cocaine, motor behavior, female mice with cortical-limbic induced compulsions, 33193
cue integration & use of working memory in water maze performance, adult male Sprague-Dawley rats with unilateral entorhinal cortex lesions, 10269
cue-induced craving, regional cerebral blood flow in limbic regions, cocaine dependent adults (mean age 37 yrs), 8252
disturbance of signal interaction between entorhinal cortex & dentate gyrus relation to memory as hypothesis for pathogenesis of schizophrenia, 30695
early environmental influences, neural plasticity & limbic systems & social & emotional development, humans & animals, 10734
human memory & cerebral hemispheres & limbic system, 10448
inactivation of prelimbic-infralimbic or dorsal anterior cingulate areas, strategy switching in spatial vs visual cued cheeseboard task, rats, 10446
ketamine vs acepromazine, ventricular size following limbic seizure induction, brains of male rats, implications for seizure-related aggression, 36541
lesions of hippocampal structure with vs without extrahippocampal destruction, delayed-match vs nonmatch-to-sample, male rats, 10416
lesions of prefrontal cortex with vs without prelimbic area lesions, avoidance & radial maze learning, female rats, 3843
limbic-neocortical interactions in visual memory consolidation in temporal cortex, 500
maternal deprivation, regulation of glucocorticoid receptor messenger RNA in hypothalamus & limbic regions, rats, 20072

medial or lateral perforant path lesions, hippocampal function in place learning & fear conditioning to context processes, male rats, 20096
mediation of NMDA antagonist dizocilpine in disruption of prepulse inhibition & startle reactivity in multiple limbic region, rats, 622
method for measuring hippocampus & amygdala & entorhinal cortex on MRI, 3855
neural mechanisms & hemispheric specialization & limbic system, motivational basis of working memory in anxiety, 7919
neuronal activity as sign of information encoding in perirhinal cortex during spatial task, rats, 539
nonspatial working memory discrimination & proactive interference & reversal learning, rats with cytotoxic entorhinal cortex vs electrolytic medial septal lesions, 3947
plaque number in olfactory structures &/vs olfactory dysfunction, patients with multiple sclerosis, 37827
positron emission tomography of cerebral glucose metabolism, unilateral entorhinal cortex-lesioned male rats, animal model of Alzheimer's disease, 29807
postnatal development of tyrosine hydroxylase & dopamine transporter immunoreactive axons in rostral entorhinal cortex, 2 day to 18+ yr old rhesus monkeys, 3839
prelimbic–infralimbic areas in behavioral flexibility in place & response learning, male rats, 20133
prenatal methylazoxymethanol acetate & entorhinal cortex disruption, social interaction & memory & learning & pain sensitivity & nerve growth factor, rats, implications for schizophrenia onset, 26771
real-time model of temporal encoding of fear conditioning in lateral amygdala & perirhinal cortex, rats, 19507
reproductive hormone & emotional aspects of temporolimbic system & epilepsy, 15010
role of limbic system in neurobiology of multimodal sensory integration & intentional action, 3842
role of partial limbic seizure kindling in motiveless & unplanned acts of firesetting, boys (mean age 11 yrs) with nontradional diagnoses, 30929
role of prelimbic medial prefrontal cortex in development of cocaine-induced behavioral sensitization, lesioned rats, 4281
sleep inducing peptide, stress reactions following disruption of limbic structure of brain, male rats, 13765
spatial memory & habituation & reactions to spatial & nonspatial change, rats with lesions of hippocampus vs entorhinal cortex vs subiculum, 469
synaptic correlates of odor habituation in anterior piriform cortex, rats, 3941
threshold vs suprathreshold ECS, antidepressant effects & limbic increases in thyrotropin-releasing hormone & other peptides, male rats, 10654
trace conditioning of odor aversion, functional interaction between entorhinal cortex & basolateral amygdala, rats, 10410
transient invoked sadness & changes in sustained dysphoria, mediation by reciprocal interactions between limbic & neocortical sites, healthy females & males with major depression , 21095
treatment with ganglioside GM1, Hebb-Williams maze performance, adult male rats with unilateral electrolytic entorhinal cortex lesions, 29798
unilateral vs bilateral tetrodotoxin inactivation of fimbria-fornix complex & entorhinal cortex, passive avoidance response memorization, rats, 4099

Limbic System [See Also Amygdaloid Body, Fornix, Gyrus Cinguli, Hippocampus, Medial Forebrain Bundle, Olfactory Bulb, Septal Nuclei]—Chapters

D_3 dopamine and kappa opioid receptor alterations in human brain of cocaine-overdose victims, 27901
Mesolimbic neuronal activity across behavioral states, 26879

Limen [See Thresholds]

Limited English Proficiency [See Language Proficiency]

Linear Perspective—Serials

color from invisible flicker & failure of Talbot Plateau law for flicker detected by short wavelength sensitive cones & hard nonlinearity, Os, 179
conscious awareness & visual–motor recalibration between visual awareness & visual guidance systems in geographical slant perception, Os, 26318
distractor colors & luminance, visual search of color target, Os, convex hull test of linear separability hypothesis in visual search, 23015
information-theoretical & psychophysical & neurophysiological properties of early stages of vision, 26357
neural processes in & internal models for estimation of gravity & linear acceleration, humans, 16881
perception & reproduction of projective invariants of conics, Os, 10051
target contrast & context angle & position, target detectability, 19–60 yr olds & older, 19719
visual measurement of relative 2-D vs 3-D distance of collinear dots rotating in slanted plane, Os, 19758

Linear Regression—Serials

discrete wavelet transforms vs principal components analysis for representation of event related potentials in linear regression & neural network models predicting signal detection performance, adults, 13629

Linguistics [See Also Ethnolinguistics, Etymology, Grammar, Metalinguistics, Neurolinguistics, Orthography, Psycholinguistics, Sociolinguistics]—Serials

acoustic properties of hiatuses & diphthongs in Spanish & modification of these properties depending on communicative factors, 30088
antecedent priming at trace positions in scrambled German sentences, reactivation of antecedent at gap position in double-object constructions, German-speaking undergraduates, 23620
attitudinal factors, choice of short vs long English phoneme, undergraduates, 10696
cognitive & linguistic attributes underlying performance on listening comprehension test via rule-space methodology, college students, 6197
cognitive mechanisms underlying development of linguistic & emotional prosodic processing, French 5 & 7 & 9 yr olds & adults, 4428
communicative power & linguistic approach to study of microdynamics of organizations, organization members, 20413
computerized enumeration of significant linguistic & cultural patterns of universals in cross-cultural research, 22757
cross linguistic approach to pitch processing via PET, adult native speakers of English vs Thai, 3844
deconstruction in literary & philosophical & psychoanalytic thought, 13868
development of clinical test for viseme recognition for Quebec French, 18–30 yr olds, 4365
developmental age & message abstractness–concreteness, inferences of likelihood of repeated behavior, 8–19 yr olds, implications for communication & transmission of stereotyped behavior, 10801
distributional properties of linguistic constructions in terms of interaction between discourse & sentence structure, 26913
domain specific knowledge about computations & mathematical operations vs domain general linguistic & mathematical knowledge, performance in solving arithmetic word problems, 5th graders, 6216
expansion of Chomsky's views of meaning to conceive syntax to individuate meanings & provide science of meanings inside the head, 4370
fundamental frequency encoding of linguistic & emotional prosody, 29–87 yr old right hemisphere-damaged speakers, 34668
indeterminate linguistic space used to negotiate relational status in discourse, Chinese speakers, Taiwan, 17152
language breakdown & recovery, 6 yr old male with acquired epileptic aphasia, 28216
language immersion & cultural & linguistic identities, 13 yr old male & 11 yr old twin females reared in 2 linguistic cultures, US & Canada, 33580
language structure & entextualization & contextualization & linguistic ideology in local communities, 7655
linguistic & emotional & content analysis of sexually explicit scenes in men's vs women's popular novels, college students, 4320
linguistic &/vs perceptual speech dimensions, classification reaction time, adults, 20412
linguistic abilities & verb production performance, French speaking 9–46 yr olds with familial language impairment, 21442
linguistic forms, matching bias in reasoning, 19–25 yr olds, 13350
linguistic labels & development of similarity judgments of schematic faces, 6–12 yr olds, 36768
linguistic patterns in narratives of transgressions vs making someone happy, college students, 30106
linguistic perspective of connected propositions & progression of ideas for communication coherence & significance of communication in organizational change at AT&T & Chrylser corporations, 35667
linguistic tools of social & math attitudes toward classroom culture & mathematics discussion, 17-yr-old male students, 28979
memory & linguistic representations of social events, undergraduates, 20868
narrative discourse markers & linguistic strategies, culturally specific framing of oral personal narratives, Japanese narrators, 7307
off-line vs on-line variations in word order vs agreement in main & relative clause, processing of simple vs complex sentences, American vs Italian undergraduates, 10082
patterns & generation of American English intonation based on Tones and Break Indices system, native American English speakers, 23626
performance asymmetries on inspection-time task & linguistic lateralization, adults, 36415
political & social movements & theosophy & history of linguistics, 4364
powerless vs powerful linguistic style of & ability to process persuasive messages & speaker gender, perceptions of speaker & message arguments, college students , 20862
prejudice, linguistic intergroup bias, White college students, 7312
processing of subject–verb agreement in sentence comprehension, college students, 36672
prosody & linguistic complexity, auditory comprehension, severely aphasic listeners 33–94 yrs old, 34651
quantitative content analysis & subsequent linguistic analysis of representation of foreign in British & Polish presses, 809
responses to requests for clarification & ability to locate linguistic errors that provoked requests & success in providing appropriate repair, 2–3 yr olds, 20504
revisitation of issue of Cooperative Principle & pervasive nature of maxim of relevance at global level as forceful social parameter governing linguistic communication, 20836
role of different linguistic levels in identification of language varieties, 21–48 yr old speakers & 18–36 yr old listeners, UK & Netherlands, 10078
role of early linguistic experience in development of phonological representations, deaf children, 2115
segmentation vs whole word training, acquisition of word-recognition skill, fast vs slow namer second graders with poor reading skills, 21399
sentence length, production of linguistic stress, 37–79 yr olds with left vs right brain damage, 18343
stability of Receptive Expressive Emergent Language Scales scores vs direct measurement with Reynell Developmental Language Scales, measurement of linguistic ability, infants, 18 mo study, 4446
syntactic argumenthood & prepositional phrase attachment ambiguity resolution, adults, 17160
variable pronoun usage in speech, males vs females, 33564

Linguistics [See Also Ethnolinguistics, Etymology, Grammar, Metalinguistics, Neurolinguistics, Orthography, Psycholinguistics, Sociolinguistics]—Books

Different morphemes, same spelling problems: Cross-linguistic developmental studies, 27006
Exchanges of information in the talk of people with traumatic brain injury, 37942
Linguistic perspectives on specific language impairment, 11768
Minority L1 literacy in Sweden and Karelia: Challenges and strategies, 4385
The natural logic of rights and obligations, 26423
On the nature, use, and acquisition of language, 10811
Scepticism and psychotherapy: A Wittgensteinian approach, 21721

Linkage Analysis [See Genetic Linkage]

Lipid Metabolism—Serials

adipocyte hormone leptin icv vs food restriction, food intake & body weight & energy expenditure & other metabolic indices, male rats, 13832
haloperidol, phospholipid metabolism abnormalities in temporal lobe & symptom alleviation, 16–32 yr old schizophrenics, 34972

Lipid Metabolism Disorders—Serials

abnormal lipid metabolism & development of schizophrenia & relation to cystsolic phosopholipase A2 as candidate gene for schizophrenia, commentary, 30720
abnormal lipid metabolism & development of schizophrenia, 14591
abnormal lipid metabolism & development of schizophrenia, comment with reply included, 34176

abnormal lipid metabolism & development of schizophrenia, commentary, 27679
abnormal lipid metabolism & development of schizophrenia, commentary, implications for understanding & treating major depression, 27711
health-related quality of life, patients with Gaucher's disease receiving enzyme replacement therapy vs other chronic illnesses, 5201
Lipids [See Also Fatty Acids]—Serials
acute & chronic stress responses & lipid responsivity, airline pilots, 17013
biological & behavioral influences on lipid responses to acute & chronic stress, airline pilots, 17012
carbohydrate vs protein vs fat macronutrient ingestion, microdialysis-assessed serotonin in paraventricular–ventromedial hypothalamic nuclei, male rats, 13644
chocolate pudding sugar & fat content, perception of sweetness intensity & pleasantness & caloric density & fillingness & hedonic responses, females , 3437
cholesterol & aggression, humans & nonhuman primates, 23461
direct intragastric infusion of isoenergetic fat vs carbohydrate macronutrients, cold-pressor pain perception, 18–32 yr olds, 13655
duodenal infusion of fat vs sucrose while ingesting fat vs carbohydrate, suppression of food intake, male rats, 4037
effect of isocaloric intragastric carbohydrate vs fat infusions on food intake and preferences in low- vs high-fat diets, adult food-restricted female rats, 29681
ethanol, milk lipids & serum constituents, rats, 23424
food hoarding behavior & body weight set point & body fat content before vs after surgery vs after recovery, lipectomized vs sham-lipectomized adult male rats, 29734
GM1, memory impairment induced by scopolamine, male rats & mice, 10662
lipid & cardiovascular responses to acute stressor, 18–30 yr old men with vs without parental history of myocardial infarction, 28111
lipid levels & age & drug use & exercise & obesity, emotional distress, male 18–24 yr old college students, 29967
lipid peroxidation products & antioxidant enzyme levels in brain & role of MAO inhibitors in reducing oxidant stress, young vs aging male albino rats, implications for free radical theory of aging, 16984
neuropeptide Y vs glucose antimetabolite 5-thio-d-glucose icv, appetitive conditioned responding to CS for peanut oil vs for sucrose pellets, food-sated male rats, 13690
oleamide, back muscle contractions & wet dog shakes induced by serotonin receptor agonist, male rats, 23495
opiate-like peptides & treatments & cellular interactions & red cell lipid analyses in neurobiology of autistic spectrum disorder, 37633
oral vs intragastric high-fat vs high-carbohydrate soup delivery, gastric emptying & appetite & eating behavior, male 21–35 yr olds, 33315
past & current smoking & fat distribution, 55–85 yr olds, 30381
preference conditioning effects of mixed high-carbohydrate vs high-fat diet infusions during short- vs long-term sessions, adult female rats, 29680
prevalence of serum lipid & lipoprotein(a) & other vascular risk factors, patients with vascular vs hemorrhagic dementias vs senile dementia of Alzheimer's type, 8687
serum lipid screening, Vietnam veterans with chronic PTSD, 12916
trait depression & anxiety, lipid & lipoprotein concentrations, healthy female 18–27 yr olds, 20949
Lipoproteins—Serials
allelic variation in cytochrome P450IID6 gene, Alzheimer's disease patients with apolipoprotein E genotype, 15000
APOE gene & -491 A/T polymorphisms, cognitive impairment in multiple sclerosis patients, implications for increased risk of Alzheimers disease, 37772
APOE genotype & plasma lipids & lipoproteins, White & Black & Hispanic 65+ yr olds with vs without Alzheimer's disease, 31313
apolipoprotein E epsilon 4 allele, neuropsychiatric manifestations, patients (mean age 71.9 yrs) with Alzheimer's disease, 11898
apolipoprotein E genotype & noncognitive symptoms, 51–93 yr olds with Alzheimer's disease, 15023
apolipoprotein E e4 status & medial temporal lobe atrophy & white matter lesions on MRI, patients over 60 yrs old with AD or vascular dementia or dementia with Lewy bodies, 34605
apolipoprotein E4 allele & cholinergic dysfunction in Alzheimer's disease, 15035
Apolipoprotein e4 allele, cognitive decline on delayed recall performance, 59–95 yr olds with e3/e4 vs e3/e3 genotype, 4–5 yr followup, 7614
association between alpha-1-antichymotrypsin polymorphism & apolipoprotein E epsilon4 allele, Chinese patients (mean age 72.8 yrs) with Alzheimer's disease, 34687
carriage of the epsilon-4 allele of apolipoprotein E gene & decline of mental abilities in elderly & response to brain injury & mechanisms for effects of different polymorphisms at neuronal level, 7607
cholesterol & lipoprotein & triglyceride blood levels, females with binge eating/purging anorexia nervosa vs bulimia, 11736
correlation between apolipoprotein E genotypes & cognitive function, healthy 65 yr olds & older , 27100
cytokine & neuropeptide system characteristics during lipopolysaccharide vs muramyl dipeptide induced anorexia during refeeding, acutely fasted rats, 4152
frequency of apolipoprotein E-epsilon4 allele & cognitive function in euthymic phase, patients with unipolar or bipolar affective disorder , 14488
link between neurobiology of apolipoprotein & lipoprotein receptors in CNS & Alzheimers disease, 5306
lipopolysaccharide, food intake, male rats, 4064
low-density lipoprotein cholesterol & risk of dementia with stroke, nondemented individuals (mean age 75.0 yrs), 7 yr study, 31170
molecular basis & diagnosis & treatment & psychosocial aspects of familial hypercholesterolemia, adults & children, 24715
plasma lipoprotein-free amyloidogenic peptides, patients (mean age 76.6 yrs) with Alzheimer's disease vs 3–41 yr olds with Down's syndrome, 20992
presence of α-tocopherol transfer protein in brain, patients with ataxia with vitamin E deficiency or Alzheimer's disease or Downs syndrome or cholestatic liver disease or abetalipoproteinemia, 24793
trait depression & anxiety, lipid & lipoprotein concentrations, healthy female 18–27 yr olds, 20949
Lipreading—Serials
cerebral blood flow & cognitive functions, 25 yr old speechreading expert with hearing loss, 11958
cognitive & neurobiological processes in speechreading, 158
neurophysiology & perception of facial actions produced in speech, 32867
Lips (Face)—Serials
cerebral dominance for speech production & mouth asymmetry, persons with Down syndrome (mean age of 22.73 yrs), 34475
oral asymmetries & lip separation bias during word repetition, 19–42 yr old males vs females, 6821
Listening [See Auditory Perception]
Listening (Interpersonal)—Serials
characteristics of secondary school program for troubled students focusing on behavior support & individual counseling & importance of listening, 6275
common vs different perspective in task where speaker instructs hearer to set up configuration of objects, speaker text production & hearer adaptation processes, speaker/addressee dyads, 7316
complexity of listening & understanding & interpreting during psychoanalysis, 31593
listening & interpretation in understanding speaker beliefs & utterances with vs without ambiguity, 3–7 yr-olds, 33666
Ready To Learn curriculum integrating social & listening & attention skills with regular instruction, academic achievement & listening comprehension & attentiveness & classroom behavior, 4–5 yr olds, 35476
responsive & attentive listening behaviors & relation to conflict, happily vs unhappily middle-aged vs older couples, 33769
theory proposal implying that criminal behavior is projective & suggesting that disciplined listening is important to forensic evaluations, 39063
use of coding devices & expression of emotion in singing to cause happiness or sadness to listener, 4–12 yr olds, 7492
ways of listening in interviewing & analysis of depressed women in qualitative research, 19686
Listening (Interpersonal)—Books
Time to listen to children: Personal and professional communication, 20627
Listening (Interpersonal)—Chapters
Children as teachers: Listening to children in education, 22396
Communicating with a black child: Overcoming obstacles of difference, 21683
Learning to listen, learning to hear: A training approach, 21994
Listening to children through play, 21991
Listening: The first step toward communicating through music, 22008
A medley of children's voices, 21676
Listening Comprehension—Serials
cognitive & language & social-cognitive measures, variability in use of common ground in selecting referents & seeking confirmation & signaling noncomprehension, 9–19 yr olds with mental retardation , 8448
cognitive & linguistic attributes underlying performance on listening comprehension test via rule-space methodology, college students, 6197
construction of Meaning Identification Technique Scales, listening comprehension skills assessment of specific reading difficulties, primary school children in Edinburgh schools, 13108
disfluency detection in spontaneous speech, college staff & student listeners, 4367
explicit echo of previous mention of vs allusion to sarcastic statement & vocal intonation, comprehension of sarcastic speech, 6–10 yr olds, test of echoic mention theory, 17263
grammatical vs grammatical but semantically anomalous sentences vs ungrammatical strings, hearing errors as evidence for postperceptual priority for syntax, 18–52 yr olds, 6796
graphical method for determination of speech intelligibility index for monaural listening & evaluation of disability, persons with hearing impairment, 35876
influence of pragmatics on listener's interpretations of what is said vs implicated, 30098
listening to monolog vs dialog, extraction of information from overhearing others' talking, college students, 17568
methodology in documenting listener's conception of musical structure, experienced vs inexperienced adult music listeners, 6836
predictive relationship between dichotic listening deficits & substance use, young boys (mean age 11.3 yrs), 3 yr study, 30911
predictive validity of phonology & listening comprehension & cognitive ability & visual-motor coordination against early reading skills, kindergartners from diverse linguistic backgrounds, 1 yr study, 36749
prosody & linguistic complexity, auditory comprehension, severely aphasic listeners 33–94 yrs old, 34651
role of status in 2nd language comprehension & listening within social relationships, 20826
story causal structure, listening comprehension & recall of story events, 7–11 yr olds with ADHD, 27931
talker- & listener- & item-related characteristics, spoken word recognition, native vs non-native listeners of English, 36192
Listening Comprehension—Chapters
Pervasive developmental disorders: Listening training and language abilities, 38636
Literacy [See Also Computer Literacy]—Serials
American Sign Language proficiency & English literacy & bilingual deaf education model of instruction, deaf children, erratum, 21632
baseline assessment framework on literacy learning in home & preschool & day-care center & school settings, children at school entry, 16375
biological constraints & neural architecture & processing components of literacy acquisition & developmental dissociations & effects of remedial interventions with children with reading disorders, 30982
book gift program, literacy & mathematical ability, 1st graders, 5 yr study, 6167
classroom characteristics, intrinsic motivation for participation in literacy tasks, 3rd & 5th graders, 9526
conceptualizations of & social/cultural influences on critical literacy & need to transform literacy critique into ethical action, 4549
describer vs comprehender vs performance-oriented style of adult book reading, emergent literacy, 4 yr olds, 7426
emergent literacy intervention, literacy outcomes, original & replication cohorts of children in Heat Start followed up through kindergarten & 1st & 2nd grades, 28949
environmental print & learning & literacy, children, 33621
ethnicity & gender & IQ & child care amount & family literacy environment & maternal education as predictors of academic skill, kindergartners, 9471
family literacy development strategies, literacy perspectives & understanding of literacy learning & inclusion of literacy in professional practice, female community service providers, 6018
framework for implementing district-wide school-based program to improve student literacy, 38816
issues in & development of Queensland Year 2 Diagnostic Net in assessment of progress in reading & writing in 2nd year of schooling, 7–7.5 yr olds, 19315
literacy assessment & recording & reporting practices among teachers in Australian schools with diverse learners, 19314
literacy education theories of P. Freire, 6103
literacy socialization & phonological awareness as basis for reading development & difficulties, 876
long-term effectiveness of reading recovery literacy program, primary school students, Australia & New Zealand, implications for England & Wales, 6156
neuropsychology test performance, literate vs illiterate elderly with vs without formal education vs Spanish-speaking literate elderly, 16363

oral language skill & literacy, 5.1–6.3 yr olds, 1 yr followup, 30191
orality & literacy in 1964 German television interview of H. Arendt by Gunter Gaus & loss of temporal organization in subsequent transition to readable literate prose, 816
parental support for literacy as predictor of academic performance & early childhood literacy development, 3 & 4 yr olds, 2 yr study, 860
personal literacy history & views on literacy learning & instruction, student teachers, 6127
phonemic awareness & relationship between alphabetic & speech sounds & reading acquisition & comprehension & literacy & phonics-based teaching, comment, 810
phonemic awareness & relationship between alphabetic & speech sounds & reading acquisition & comprehension & literacy, 819
phonemic awareness & relationship between alphabetic & speech sounds & reading acquisition & comprehension & literacy, comment, 821
presence of school librarian & community environment, reading literacy, 3rd graders, 2917
prevalence of low functional health literacy, community-dwelling 65 yr old & older enrollees in national managed care organization, 10918
prevalence of low functional health literacy, community-dwelling 65 yr old & older enrollees in national managed care organization, commentary, 30254
prevalence of low literacy, 19-67 yr old indigent psychiatric patients, 12390
promise of electronic representation of text for struggling readers & perspective of reading disability based on developmental stage theory for instructional approaches in reading acquisition , 16009
psychological health & general ability & literacy levels & predisposing factors for occupational status, long-term unemployed youth (mean age 19 yrs), longitudinal study, 19383
purposes & goals & educational & political & technical influences in Baseline Assessment measures of reading & literacy upon entrance to primary school, England, 16384
reading & spelling performance & patterns of phonological awareness & information retention in short term memory, Greek 1st-graders (mean age 7.1 yrs) facing difficulties in literacy acquisition, 37679
relationship between literacies & school & community cultures in unfolding of literacy events, Somali students in Canadian elementary school, 33749
status of literacy experiences & efforts to bridge gap between early childhood education & high-quality elementary schooling, 25731
typicality & plausibility & social context & scientific method, scientific literacy skill of evaluating credibility of scientific research news briefs, 17.8–48.5 yr olds, 4759
use of Infant Index/Baseline-PLUS to assess baseline reading & writing & spelling & math ability & behavior, 4–5 yr olds, England, implications for policy making, 16374
values & beliefs about literacy in relation to national literacy strategy, teachers participating in the literacy hour research action project in primary schools, England, 19227
variations in baseline attainment & pupil demographic & background factors on early literacy skills, children entering primary school, England, 16381
violent behaviors, 11–18 yr olds reading at vs below grade level, 24403

Literacy [See Also Computer Literacy]—Books

Electronic literacies: Language, culture, and power in online education, 9455
Elementary literacy lessons: Cases and commentaries from the field, 38782
Literacy development in a multilingual context: Cross-cultural perspectives, 4376
Reading development and the teaching of reading: A psychological perspective, 32179
Teaching academic literacy: The uses of teacher-research in developing a writing program, 15910

Literacy [See Also Computer Literacy]—Chapters

Academic literacy and the new college learner, 38856
Acquiring literacy in English and Spanish in the United States, 6182
The acquisition of literacy by immigrant children in Sweden, 6177
Acquisition of literacy in multilingual contexts in Danish schools, 6188
Assessing models of information literacy, 23739
Attaining functional biliteracy in the Netherlands, 6192
Bringing ritual to mind, 16680
Bubble Dialogue: Tools for supporting literacy and mind, 2883
Emergent Literacy: Research bases, 4455
Inviting students to join the literacy conversation: Toward a collaborative pedagogy for academic literacy, 15950
Is American Sign Language skill related to English literacy?, 34728
Literacies in the lives of young Gujarati speakers in Leicester, 4456
Literacy and bilingualism in a Cambodian community, 4381
Literacy in developing societies: Native language versus national language literacy, 4378
Literacy training for linguistic minorities in Norway, 6187
Minority L1 literacy in Sweden and Karelia: Challenges and strategies, 4385
Psychomotor and socioemotional processes in literacy acquisition: Results of an ongoing case study involving a nonvocal cerebral palsic young man, 12555
Putting second language first: Language and literacy learning in Morocco, 6193
Quality and inequality in children's literacy: The effects of families, schools, and communities, 27021
Sabaq: **Context of learning literacy for girls in rural Pakistan, 6184**
Vygotsky in the classroom: An interactionist literacy framework in mathematics, 9458
Writing as communication: Creating strategic learning environments for students, 19283

Literacy Programs—Serials

affirmational journal writing, scientific literacy, 8th graders, 35484
book gift program, literacy & mathematical ability, 1st graders, 5 yr study, 6167
community-based literacy program, maintenance of parental literacy behaviors & child language production & conceptual development, 1–3 yr olds & their parents, 1 yr follow-up, 28934
culturally sensitive Head Start literacy programs, Mexican American & Hmong parents & children, 38810
emergent literacy intervention, literacy outcomes, original & replication cohorts of children in Heat Start followed up through kindergarten & 1st & 2nd grades, 28949
issues in literacy education & learning, 6157
literacy intervention, development of register switching expertise, 1st grade at-risk readers, 32303
long-term effectiveness of reading recovery literacy program, primary school students, Australia & New Zealand, implications for England & Wales, 6156
peer-assisted learning strategies, literacy development & beliefs about reading, junior high school students in remedial & special education with reading difficulties, 35545
teacher & school effectiveness & literacy policies & standards, 6102
volunteer mentorship programs to support literacy development, quality of child–mentor relationships & academic support provided to children, teachers & mentors & 1st–4th graders, 6145

Literacy Programs—Chapters

Emergent literacy: Instructional and curricular basics and implications, 6185

Literature [See Also Poetry, Prose]—Serials

accounts regarding individual concrete situations read as either news or fiction, judgments about society at large & causes of & solutions to societal problems, college students, 14279
applied literature vs Freudian psychoanalytic approaches to interpretation of literary texts & meaning of psyche, 34011
character in a novel based on Shakespeare's Hamlet & its relation to analytical work of D. Meltzer, 4820
characterization of chronically ill in children's fiction, males vs females, 20999
correspondence between psychodynamics of & boundaries in relationship between reader & author & between patient & analyst, 13851
degree of causal bridging inferences during reading, interest of a story, college students, 10109
development of didactic research & approach to teaching of language & literature, France, 19244
development of textoanalysis & role of unconscious & autotransference in interpretation of literature, 33519
evidence & ideology of scientific papers & literary theory, research dissemination among nurses, 38662
fiction as cognitive & emotional stimulation, 20397
Freud's theory of distance from pre-Oedipal to Oedipal selves & application of psychoanalytic theory to reading literature & poetry, 33522
gay historical criticism & context of homophobic oppression in F. O. Matthiessen's "American Renaissance", 4317
H. Bloom's anxiety of influence thesis & application of literary criticism to marketing literature , 12930
individual & sociohistorical & political factors in development of psychoanalytic interpretation of literature in Germany, 33527
J. P. Sartre's anatomization of existential symbolism of things located in external facticity of being & subjectively infused situation in "Being and Nothingness", 27432
linguistic & emotional & content analysis of sexually explicit scenes in men's vs women's popular novels, college students, 4320
literary examination of electronic meeting system technology, organizational groups, 22665
literary representations of self definition in old age, 13854
literature & poetry & storytelling about death & dying, bereavement process & hospice care, 25269
masochism & subjectivity & capitalism in anti-oedipal interpretation of C. Dickens' 'Great Expectations', 33530
model for comprehensive & species-typical structure of human motives & emotions in literary works from evolutionary psychology perspective , 30074
neuropsychological bases of creativity & assumptions of induced recall of poetry & prose as psychotherapeutic treatment, 2432
parallels between therapist-reader's relationship with literary fiction & therapist's psychotherapeutic relationship with patient, 5500
psychoanalytic interpretation of J. Joyce's short story "The Dead", 13852
psychoanalytic literary analysis as literary anthropology, 33528
psychoanalytic perspective on use of literature for affiliation & being & relationships to others in time & space & reality, 13853
psychoanalytic theories of paranoia & postmodern culture & fiction & relation to process of literary interpretation, 23613
psychoanalytic theory vs reader-response analysis of literary texts, 33523
psychotherapeutic value of patient disregard for therapeutic insights & commonalities between roles of therapist & Fool in King Lear, 31448
Questioning the Author vs Great Book discussion strategies, & interpretation of complex literature, 6th & 7th graders, 38849
recall vs cued recall vs recognition in assessment of rate of forgetting of Portuguese literature vs geography, 9th vs 12th graders & 8th vs 11th vs 12th graders, 3 & 4 yr followups, 2920
reflections on relationship between psychoanalysis & literature, 15254
repair procedures to characterize dramatic discourse approached from a conversational analysis perspective, contemporary playwrights, 26880
reportage as covert autobiography & influence of primal scene experience in James Agee's "Let Us Now Praise Famous Men", 17143
social construction of reception & meaning of romance novels in postcolonial era, 17–21 yr old urban dwelling females, India, 33526
sociobiology of everyday life, qualitative & quantitative analysis of ancient text, 798
sociocultural conditioning & changes, creating black portraits in African American literature from 1920–1996, 7644
story set at home vs away school, processing of unsupported assertions, college students, 16608
teacher use of humorous literature to motivate children's reading, 6151
transitional states & psychic change in D. H. Lawrence's novel "The Rainbow", 13856
use of ethnic identity development typology as framework in discussions of young adult multi-ethnic literature, graduate students, 6154
use of isoprinciple in poetry therapy to treat jealousy, Paulina in Shakespeare's "A Winter's Tale", 22000
use of novelistic genres as a model for studying relationship between developing subject & relationship to others in theories of human development , 17318

Literature [See Also Poetry, Prose]—Books

Approaches to personal identity in Kafka's short fiction: Freud, Darwin, Kierkegaard, 20399
D. H. Lawrence and the paradoxes of psychic life, 26882
Little women: A family romance, 13858
Tales of the unconscious, 20400
The Mermaid in the Pond: **An erotic fairy tale for adults, 30079**

Literature [See Also Poetry, Prose]—Chapters

Artistry and aphasia, 5439
Building cultural diversity into the literature curriculum, 19277
Conceiving couple commitment: Choice, promise, and fulfillment, 37100
Crossed paths, crossed sticks, crossed fingers: Divination and the *Classic of Change* **in the shadow of the West, 14383**
Engaging in recreational reading, 15932
Exploring the boundary between fiction and reality, 16624
Fictional absorption: Emotional responses to make-believe, 17208
Learning to evaluate literature, 13981
Literature for children, 13973

Look homeward, Harry: Literary influence on the development of the Thematic Apperception Test, 32621
"People like us": African American children respond to self-affirming texts, 19287
The short story as a bridge to content in the lower level ESL course, 38830
Vocabulary teaching and learning in a seventh-grade literature-based classroom, 15922

Literature Review—Serials
creative literature examples of individuals suffering from physical & mental illness, elderly, 33705
epidemiology of Alzheimer's disease & schizophrenia & alcoholism & mood & anxiety disorders in men vs women & effects of estrogens on neural function, commentary, 17787
literature reviews based on database searches, objective outcome studies of motor vehicle injury interventions, 16248
memory performance & SES, literature review, commentary reply, 6907
memory performance & SES, literature review, commentary, 6921
music & music therapy & dementias, adults with Alzheimer's disease & related disorders, literature review, erratum, 21540
process & difficulties in literature review on health visiting, 22212
reexamination of evidence for sociocognitive model of dissociative identity disorder, commentary reply, 30621
study design & report of effect sizes & suitability for meta analyses & systematic literature reviews, studies of interventions to reduce alcohol-related car crashes & injuries, 16254
use of abstracts from conference proceedings as method for conducting systematic review of mental health care topics, 16421

Lithium [See Also Lithium Carbonate]—Serials
alteration of plasma & erythrocytes & trace lithium levels, patients with mood disorders , 27588
antiviral & immunomodulatory properties of lithium, patients with major depression & other affective disorders, 31688
biological effects & underlying molecular & cellular mechanisms of lithium's therapeutic effects in bipolar affective disorder, 38261
bupropion & lithium, constipation, 80-yr-old female with major depression, 21909
cholecystokinin vs lithium chloride, fos expression in the brain, Japanese quail, implications for cholecystokinin effects on feeding behavior, 4107
chronic lithium maintenance therapy, peripheral nervous system & sensory & motor nerve conduction velocity, 21–65 yr olds with bipolar disorder, 21889
chronic lithium, neurological deficit & brain infarct induced by occlusion of left middle cerebral artery, rats, 4233
chronic lithium, regional neuronal activity in cingulate cortex & nucleus accumbens, male rats, 26800
clorgyline vs lithium, phase advances vs delays in daily onset of wheel running, hamsters, 4140
cognitive side effects of lithium treatment, patients with bipolar disorder, 31655
complete suppression of recurrent herpes labialis during treatment with lithium, 44-yr-old woman, 35075
D2 & D4 exon 3 & gamma-amino-butyric acid Type A receptor alpha-1 subunit gene, lithium efficacy, patients (mean age 46.65 yrs) with mood disorders, 35018
delayed pimozide &/or lithium treatment, long-term adverse effect & prognosis, patients with functional psychosis, 38262
demographic & clinical characteristics & outcome of lithium treatment, 17–80 yr olds with recurrent bipolar affective disorder, 2–27 yr followup, 28450
desipramine with vs without lithium, 23–64 yr olds with severe depression, 2291
effects of chronic lithium treatment on naloxone precipitated withdrawal-like syndrome & antinociception, mice, animal model of chronic cholestasis liver disease, 4134
efficacy of lithium & carbamazepine & valproate & other mood stabilizers, children & adolescents with mood & other disorders, 21949
efficacy of lithium augmentation of conventional antidepressant monotherapy, patients with refractory depression, 38210
efficacy of lithium augmentation of fluphenazine treatment, patients with schizophrenia, 25220
efficacy of valproate plus lithium & triple therapy with lithium & carbamazepine & valproate, 19–74 yr old outpatients with refractory bipolar illness, 1 yr study, commentary, 21893
efficacy of valproate plus lithium & triple therapy with lithium & carbamazepine & valproate, 19–74 yr old outpatients with refractory bipolar illness, 1 yr study, reply, 21880
factors affecting serum lithium concentrations & equation to predict lithium dose, 8–77 yr old psychiatric patients, 28504
focal cortical myoclonus, 65 yr old male treated with lithium & doxepin for bipolar disorder, 12165
gabapentin, pharmacokinetic profile of lithium, adults with bipolar disorder or major depression, 8893
hypercalcemia & cardiac arrhythmia, 44–76 yr old male patients with bipolar disorder receiving maintenance lithium therapy, 2411
incidence of suicide & attempted suicide, patients with mood disorders on vs off lithium prophylaxis, 2282
isotretinoin, lithium induced acne, 30 yr old female with bipolar disorder, 25152
lithium & carbamazepine & valproate, inhibition of high affinity myo-inositol transport system & mRNA downregulation, primary astrocyte cultures, 33443
lithium & its discontinuation, suicidal behavior, patients with manic depressive disorders, 12143
lithium & pilocarpine administration & development & long term consequences in status epilepticus-induced neuronal injury, rat pups, 741
lithium &/vs antipsychotic medication alone vs combination therapy, leukocyte & granulocyte & lymphocyte counts, 20–92 yr old psychiatric patients in long-stay psychiatric hospital, 21935
lithium alone or in combination with other psychotropic medication & childhood somnambulism, sleepwalking behavior, psychiatric patients, 31666
lithium augmentation, 19–73 yr olds with refractory depression, 4–8 yr followup, 31690
lithium concentration in milk, aversion to nursing, calves, 10347
lithium discontinuation & subsequent readministration & effectiveness following manic episode, adults, commentary reply, 28414
lithium discontinuation & subsequent readministration & effectiveness following manic episode, adults, commentary, 28457
lithium dose, acquisition & extinction of morphine aversion, rats, 26788
lithium maintenance therapy & age & family history of thyroid illness, thyroid & parathyroid function & hypothyroidism, male vs female patients with bipolar disorder, followup study, 21915
lithium therapy & discontinuation, suicide risk, patients with mood or schizoaffective disorders, 12217
lithium vs anticonvulsants, suicide prevention, patients with major affective disorders, 12178
lithium vs carbamazepine vs sodium valproate, 5-HT receptor subtypes, male mice, 10645
lithium vs carbamazepine, 18–65 yr olds with bipolar disorder with vs without mood-incongruent delusions or comorbidity, 2.5 yr study, 8902
lithium vs sucrose vs morphine vs cocaine UCS, caloric intake of sucrose CS, food-deprived male rats, test of reward vs aversion hypotheses of appetite suppression by drugs of abuse, 33404
lithium with or without haloperidol, mononuclear leukocyte Galphas protein levels, patients with affective bipolar disorder (aged 26–68 yrs), 25179
lithium with vs without neuroleptics, lithium ratio & correlation with side effects as studied with measurement of erythrocyte lithium concentration, 20–39 yr old bipolar outpatients, 5613
lithium, 38 yr old male with brief recurrent depression, 2297
lithium, choline & creatine ratios in temporal lobe, healthy 19–40 yr olds, 20370
lithium, clinical outcomes, 12–18 yr olds with bipolar disorders & secondary substance dependency disorders, commentary, 12228
lithium, clinical outcomes, 12–18 yr olds with bipolar disorders & secondary substance dependency, commentary reply, 12174
lithium, regulation of gene expression of thyroid hormone receptor isoforms in brain, euthyroid male rats, 20296
lithium, vitamin B12 & folate & red blood cell folate concentrations, 22–70 yr olds with affective disorders, 15286
long term administration of rubidium or lithium, reactivity to stress & dopamine output in the nucleus accumbens, male .ats, 20290
mechanisms of action of mood-stabilizing agents, implications for treatment of mood disorders, 12210
molecular & cellular & in vivo studies of lithium action at 5-HT1B receptors, implications for therapeutic activity in treatment of mood disorders, 33446
neuroprotective & long-term beneficial effects of lithium in treatment of mood disorders, 38278
nocturnal vs daytime activity, male rats with lithium & pilocarpine induced epilepsy, 3896
number of lifetime affective disorder episodes, response to lithium vs divalproex, bipolar patients with acute mania, 31699
olanzapine as an adjunct to lithium, 2 males with bipolar depression, 38255
paroxetine vs amitriptyline augmentation of lithium, illness severity, 20–73 yr olds with major depression, 18660
paroxysmal rhinorrhea & lithium treatment, 48 yr old female with bipolar II disorder & 38 yr old male with chronic depression secondary to mesial temporal lobe epilepsy & responsive to carbamazepine, 31184
pharmacogenetics of lithium response, patients with bipolar disorder & family members, 15275
prophylactic efficacy of lithium vs carbamazepine, adults with bipolar I disorder, 2.5 yr study, 38249
prophylactic efficacy of lithium vs carbamazepine, patients with bipolar II or bipolar disorder not otherwise specified, 2.5 yr study, 38250
protein kinase C-alpha isoform levels in platelets, drug-free vs lithium-treated adults with bipolar disorder, 34136
protocol for quantitative analysis of effects of lithium on reverse tolerance & c-Fos expression induced by methamphetamine, male mice, 17073
pupillary cholinergic sensitivity to pilocarpine eyedrops, response to lithium carbonate, 25–56 yr olds with hypomania or mania, 24167
rhabdomyolysis & polyneuropathy in lithium intoxication & coma, 61 yr old female with manic depression with 11 yrs drug therapy, 21957
signal transduction abnormalities of phosphatidylinositol pathway platelets & effects of lithium treatment on platelet membrane phospholipids, euthymic bipolar disorder patients, 14506
subclinical doses of lithium & pilocarpine, learning & memory of radial maze, male rats, 4123
total sleep deprivation, mood changes & relapse, patients with bipolar depression undergoing lithium treatment, 3 mo followup, 21866
tryptophan hydroxylase gene variant, prophylactic efficacy of & recurrences while taking lithium, Ss with bipolar or major depressive disorder, prospective study, 38305
valproate vs lithium & associated serum levels, mania vs mixed mania, hospitalized 55 yr olds & older, 18667
water deprivation, morphine- vs lithium-induced suppression of sucrose intake, male rats, 33411

Lithium [See Also Lithium Carbonate]—Chapters
Antisuicidal effect of lithium treatment in major mood disorders, 8026
Pharmacoeconomics of lithium and divalproex sodium in the treatment of bipolar disorder, 25244
Rational copharmacy for treatment resistant bipolar disorder, 25246

Lithium Carbonate—Serials
lithium carbonate, immune function, rapid cycling bipolar patients (mean age 38.8 yrs), 25213
lithium chloride, hyperalgesia during tail flick tests, male rats, 715
sequential ketoconazole & lithium carbonate antistress treatment following resistance to amino reuptake inhibitors, 60 yr old woman with depressive illness & type 2 diabetes, 31618
treatment with lithium salts & control in isometric force with visual target, 43–68 yr olds with manic depressive illness, 5671

Litter Size—Serials
fruiting during conception-pregnancy period & subsequent birth rates, Japanese macaques from Yakushima vs Kinkazan Islands, Japan, 3768
selection of nutrient vehicle & combination of experimental treatment groups within litter & overall litter size, growth rate, ethanol-intubated vs mother-raised rat pups, 701

Liver—Serials
detection of fluoxetine in brain & blood & liver & hair using gas chromatography-mass spectrometry, male rats, 13493
effects of chronic ethanol ingestion on biochemical rhythms of glucose & cholesterol & malondialdehyde & potassium & calcium, male rats, 30044
gepirone & metabolite 1-(2-pyrimidinyl)-piperazine, human cytochrome mediation of transformation & metabolism & cytochrome inhibition, human liver cells, 7264
hypertonic saline in hepatic portal vs jugular vein, glucagon vs insulin response to exercise, adrenodemedullated male rats, 33324
IQ & academic achievement, 3–9 yr survivors of pediatric liver transplantation, 10780
localization of class I alcohol dehydrogenases in liver, hamsters with high ethanol preferences, 20385
long-term ethanol consumption, ability to produce cytokine-induced neutrophil chemoattractant-1 in liver or spleen, female vs male rats, implications for alcoholic liver disease, 20391
reduction or elimination of methylphenidate by carbamazepine & liver metabolism, 7-yr-old male with severe mental retardation & attention deficit disorder & grand mal epilepsy, 2278

restoration of hepatic function by liver transplantation, taste & smell detection & recognition thresholds, 34–64 yr old end-stage liver disease patients, food choice & nutritional status implications, 22042
sodium cyanate, glutathione homeostasis in brain & liver, rats & mice, implications for mechanisms of cyanate neurotoxicity & cassava-associated neurodegenerative diseases, 10672
valproate, effects on liver function & white blood cell count & platelets, patients with bipolar disorder & alcoholism, 28497
Liver Disorders [See Also Cirrhosis (Liver), Hepatitis]—Serials
alcohol recidivism & return to work rates, 25–73 yr old liver transplant recipients with history of alcohol-related liver disease &/vs polysubstance abuse, 37575
bupropion, rhabdomyolysis & hepatic dysfunction, 49-yr-old male veteran with chronic PTSD, 18673
discontinuation of clozapine treatment due to grand mal seizures & liver toxicity, 30 yr old male with schizophrenic psychosis, 12222
elevated liver function tests during treatment with risperidone, 22 yr old male with 5 yr history of schizophrenia & 19 yr old male with 1st episode paranoid schizophrenia, 38329
histochemical study of serum hyaluronate concentrations in biopsy specimens, patients with alcoholic liver disease, 21352
liver function abnormalities, 17–37 yr old female inpatients vs outpatients with anorexia nervosa, 18177
mutations in exons & exon-intron junctions at cytochrome P-4502E1 gene, alcoholics & patients with alcoholic liver disease, 21315
plasma endogenous benzodiazepine-receptor ligands, patients with hepatic encephalopathy vs liver cirrhosis vs uremic encephalopathy, 2033
post-traumatic stress responses & dissociation symptoms, 7–16 yr olds with liver transplantation, 15435
psychological characteristics for assessment of liver transplant candidates, US military veterans with history of substance abuse, 38433
risperidone & rate of liver dysfunction & clinical factors, 5–17 yr olds with autistic and other pervasive developmental and disruptive behavior and mood and psychotic disorders, 31700
Living Alone—Serials
predictors of residential independence, outpatients with schizophrenia (mean age 42.1 yrs) living in intermediate housing vs housing with no supervision vs supervision for 6 hrs a day, 17907
Living Arrangements [See Also Cohabitation, Living Alone]—Serials
adaptive & challenging behaviors & family contact & medication & service use & consumer satisfaction, mental retarded adults moved to community living arrangements vs retaining in nursing homes, 9137
adult to child ratio in home, psychosocial adjustment, African American 6–11 yr olds with HIV-infected mothers , 11832
age & residential status, symbolic & nonsymbolic expressive communication, 7.4–35.7 yr olds with severe mental retardation, 11719
age at migration & family dependency, income source & living arrangements, 65 yr old & older Mexican American immigrants, 14110
attitudes toward & practice of intergenerational co-residence & financial support of elders, 18–64 yr old male heads of households, Taiwan, 1963 vs 1991, 27174
changes in clinical & functional status & living conditions during deinstitutionalization & satisfaction with treatment, 15–64 yr olds with schizophrenia, Finland, 1982–90, 31946
changing family circumstances & configurations, visitation with nonresident children, nonresident fathers, 36960
child- & parent- & placement-related factors, substitute care placement outcomes, 5–18 yr old children, 18962
childhood family structure, probability & routes of leaving & returning home at an early age, adults, 4612
emotional availability & attachment representations, infant–mother dyads in communal vs home-based kibbutz, 20545
employment & education & parenthood & criminal involvement & substance abuse status & living arrangements at exit from out-of-home care, adolescents aged 17 yrs or over, 25449
environmental stress & therapeutic interventions, dislocated older adults, 20665
epidemiologic survey of demographic & clinical characteristics & caregiver burden, elderly Ss with dementia living alone vs with others with vs without family caregivers, 37901
family structure & economic resources & residential mobility & drug use, 12–17 yr olds, 5080
family values & coresidence with married children in urban environments, 60+ yrs old parents, Peoples Republic of China, 30319
grandmother coresidence & quality of family cohesion & relationships, depressive symptoms, adolescent mothers, 30-mo study, 1119
household composition, psychological distress & satisfaction, US vs Indian adults, 11015
housing program for reuniting families with special needs, 22–56 yr old single parents with serious mental disability & their children aged several weeks to 14 yrs, 35234
living arrangement & community support services needs, individuals with developmental disabilities & behavior problems, 34035
living arrangements & social support & crack cocaine use, 18–76 yr old rural migrant workers & their sexual partners, 18085
living arrangements, physical & cognitive & emotional functioning, 51–61 yr old Black vs White vs Hispanic males vs females, 23825
living arrangments prior to admission to nursing home, activities of daily living & cognitive functioning, 65+ yr old nursing home residents, 35260
living in a multigenerational household in childhood vs living independently from parents prior to marriage, obligation to allow aging parents & adult children who are in need to coreside, adults, 4613
living in transition housing vs emergency shelters vs doubled-up arrangements, social support, low-income housed vs homeless mothers with a child in Head Start, 1123
parenting alone to multiple caregiver child care & parenting arrangements, Black vs White urban families, 1142
parenting characteristics & attachment security, homeless vs low-income housed 16–42 yr old mothers & their 11–20 mo olds, 30340
place of residence & clinical & social morbidity & carer distress, schizophrenic 16–64 yr olds who were living with their families at time of initial study, 15-yr followup, 4934
placement in individual apartments vs staffed group homes, subsequent homelessness, formerly homeless patients with severe mental illness, 18-mo study, 21029
positive & negative life events & perceived stress during transition to supported community accommodation, 21–38 yr olds with intellectual disability, 5 mo study, 8449
residential circumstances & social & professional support & attitudes about parenthood, parents with intellectual disabilities, Germany, 8456
support networks, 24–43 yr old mothers with intellectual disability in different living arrangements, 14866
women's status & gender differences & distribution of power & choice of union type & nature of male–female relationship, fertility, Costa Rica, 11061
Living Arrangements [See Also Cohabitation, Living Alone]—Chapters
Community integration and supported employment, 15120
Living Wills [See Advance Directives]
Lizards—Serials
Fadrozole, aromatization testosterone to estradiol & sexual behavior & aggression, male vs female green anole lizards , 4296
locomotor endurance capacities on motorized treadmill as predictor of open-field locomotion, lizards, 26694
Lobotomy [See Psychosurgery]
Local Anesthetics [See Also Cocaine, Lidocaine, Quinine]—Serials
anesthetic infiltration vs multidisciplinary treatment, patients (mean age 36.5 yrs) with myofascial syndrome with trigger points, 37765
improving the efficacy & safety of local anaesthetics & opioid analgesics administered epidurally, 5726
techniques & concepts in treatment, myofascial pain, 37748
therapeutic value of lidocaine/bupivicaine local anesthetic block of sympathetic ganglia, 21–55 yr olds with complex regional pain syndrome, 5765
Localization (Perceptual) [See Perceptual Localization]
Localization (Sound) [See Auditory Localization]
Locus Ceruleus—Serials
6-hydroxydopamine lesion of noradrenergic neurons of locus ceruleus, opiate withdrawal syndrome & clonidine, male rats, 33192
activity of locus ceruleus neurons & degeneration of norepinephrine system, depressed vs nondepressed elderly patients with Alzheimer's disease, 11900
immobilization stress, transcription of enzymes involved in norepinephrine biosynthesis in locus coeruleus, rats, 17010
intermittent ethanol exposure, locus coeruleus morphology & ethanol-withdrawal symptom severity, 3–4 vs 29–30 mo old male rats, 36608
length of milnacipran administration, firing of dorsal raphe 5-HT & locus ceruleus norepinephrine neurons & role of alpha 2 adrenergic autoreceptors & heteroreceptors, rats, 4223
locus coeruleus activity altering drugs vs stress vs blood pressure changes, noradrenaline release in locus coeruleus, conscious rats, 23275
morphine & morphine-6 beta-glucuronide & dose, analgesic potency elicited from periaqueductal gray or locus coeruleus or rostral ventromedial medulla, male rats, 4189
neuron loss in locus ceruleus & dementia severity, severity & duration of depression, postmortem brains of patients with Alzheimers disease with vs without major or transient depression, 11901
neuroprotective effects of dexmedetomidine on locus coeruleus & ethanol withdrawal symptoms, rats, 13806
numbers of & rostro-caudal & ventro-dorsal distribution of neuromelanin containing neurones in locus ceruleus, postmortem brainstems of 39–67 yr olds with bipolar disorder vs major depression, 27577
postmortem tyrosine hydroxylase immunoreactivity in locus ceruleus, 39–63 yr old depressed nonsuicidal vs suicidal patients, 34029
role of locus coeruleus brain system in regulation of cognitive performance, monkeys, implications for attention modulation & exploratory behaviors, 10462
selective mGlu2/3 receptor agonist, naltrexone-precipitated morphine-withdrawal-induced activation of locus coeruleus & withdrawal behavior, male rats, 17116
swim stress, corticotropin-releasing factor & locus ceruleus sensitization, male adult rats, implications for pathophysiology of depression, 23453
Locus of Control [See Internal External Locus of Control]
Logic (Philosophy)—Serials
logic & epistemology & the work & influence of Piaget & G. Frege, 10739
single neuron rational model of arithmetic & logic operations on their input conductances, 19508
Logic (Philosophy)—Chapters
'I' or 'me'?: The logic of human relations, 21754
Logical behaviorism, 6526
The natural logic of rights and obligations, 26423
Truth and its negation: Macnamara's analysis of the place of logic in a cognitive psychology, 27016
Logical Thinking—Serials
argument construction from web-site information vs narrative or summary or explanation writing using textbook chapters, history comprehension measured by inference & analogy tasks, college students, 28950
assessment of psychological critical thinking as learning outcome, senior psychology vs natural science vs introductory psychology students, 32260
benefits of using specificity logic principle as criterion for choice of alternative graphical representations in teaching & learning, advanced-level high school students, 22432
critical thinking skill-building assignment & application of concepts to daily life, students in introductory psychology course, 32241
cultural differences in dialectical vs Aristotelian logical thinking & reasoning about contradiction in proverbs & social conflict resolution & other information, Chinese vs American college students, 29588
dual rationality in deductive reasoning & model based theory of deduction, commentary reply, 16601
dual rationality in deductive reasoning & model based theory of deduction, commentary, 16599
extensional reasoning in mental-model theory of naive probability, 10106
Fuzzy Trace Theory & comparative quantity & task format & presentation method & reasoning strategy & construction & validity of rating scale of transitive reasoning, 2nd–4th grade children, 16315
illogic used in poor judgments of Word Association Implications Test, 19–44 yr old college students, implications for clinical training , 19806
inhibition of matching bias, deductive reasoning, adolescents & adults, commentary reply, 16587
knowledge level & premise uncertainty & number of favorable vs unfavorable arguments, probabilistic reasoning & evaluation of plausibility of conclusion, college students, 32909
mental model theory of reasoning & prediction of cognitive illusions during inference in logical thinking, college students not trained in logic, 29570
mood & self-esteem & simulated alternatives, counterfactual direction, adults, 14323
necessity-sufficiency relations & content effects & perspective shifts, performance on Wason four-card selection task, college students , 23076
negative premises, response bias in conditional inference & logical thinking, college students, 32906
neural network determination of reproducible EEG patterns during spatial & logic task solving, males, 3975
probability heuristic model for syllogistic reasoning, college students, 16574

provides a theoretical & empirical account of the mental model psychological theory of deductive reasoning, reply, 16581
provides a theoretical & empirical account of the mental model psychological theory of deductive reasoning, commentary reply, 16588
provides a theoretical & empirical account of the mental model theory of deductive reasoning, commentary, 16580
rationality & functionality of regret & its influence on decision making, 36248
re-evaluation of critical thinking skills & role at cognitive dissonance & ability to evaluate competence of experimental abstracts, nonbelievers vs believers in the paranormal , 10136
rule-plus exception model for classifying objects in continuous-dimension spaces, undergraduate Os, 238
semantic analysis of graphical representational systems use in logic instruction, 22465
silent vs oral reading style & study vs entertainment reading purpose, inference generation & thinking aloud & reading comprehension of narrative vs expository text, 19–39 yr olds, 29584
test of developmental situativity theory of logic learning using computer-based instruction tools, college students, 22469
understanding of logical consistency, 3.2–7.2 yr olds, 26996

Logical Thinking—Books

Adolescent psychological developmental: Rationality, morality, and identity, 20448
Language, logic, and concepts: Essays in memory of John Macnamara, 27002

Logical Thinking—Chapters

Truth and its negation: Macnamara's analysis of the place of logic in a cognitive psychology, 27016

Logistic Models [See Item Response Theory]

Logotherapy—Serials

experience of meaning in suffering in narratives of Holocaust survivors & Auschwitz survivor Victor Frankl, 25010

Logotherapy—Chapters

Coping through meaning: The community response to the earthquake in Armenia, 12963

Loneliness—Serials

acceptance & attributions of male vs female lonely vs nonlonely target, self-concept, lonely vs nonlonely college students, 17672
attributional style & depression & loneliness, Chinese vs US college students, 14476
characterological & situational loneliness, 12–21 yr old childbearing adolescents, 937
concerns over relationships with parents & peers & attitudes toward being alone, 11–17 yr olds, test of focal theory, 17341
cultural background & coping with loneliness, 18–89 yr old male vs female North Americans vs South Asians vs West Indians, 14140
developmental & social & personality & clinical & counseling psychology perspectives on chronic loneliness, 11200
ethical implications of including lonely people as partners in research as revealed in author's experience of continued post-research contact with learning disabled Ss, 15802
factor structure of loneliness, college students & psychiatric inpatients (aged 8–16 yrs), 17823
interrelations among hopelessness & loneliness & self-esteem & personality, 15–18 yr old Russian male delinquents, 37608
loneliness & dysphoria & dietary restraint & eating behavior, 17–34 yr old female college students, 11751
loneliness & marital adjustment & demographic correlates, Turkish heterosexual married couples (mean age 36 yrs), 14147
loneliness & social dissatisfaction & relation with self-efficacy for peer interaction, 9–11 yr olds, 27046
loneliness & social isolation, 18–30 yr old Deaf individuals, 18466
loneliness & strength of Christian faith, college students, 4578
loneliness & type of activity & personality traits, 22–51 yr old male forensic inpatients, 8402
mediation effect of social support between ethnic attachment & loneliness, 60–87 yr old Korean immigrants living in the US, 14309
perceptions of situational transition ascriptions, stigmatization of loneliness, college students, 4731
personality & cognition & social networks & aging as predictors of perceived loneliness & physical health, 60–106 yr olds living independently, 33963
prevalence of loneliness & social integration, 61–95 yr olds, Netherlands vs Italy, 7824
psychometric properties & conceptualizations of 7 self-rated measures of loneliness, adults, 19591
quality of life & loneliness & social contact, long term psychiatric nursing home patients residing in general vs psychiatric nursing home vs personal residence at 6 yr follow up, 9095
relationship between loneliness & peer relations & language disorder, children, 11758
relationship of loneliness & depression & social anxiety to social skills during conversation, 18–25 vs 65–91 yr olds in same vs mixed age dyads, 17588
sense of belonging & social support & loneliness & conflict & depression, 21–75 yr old patients with depression, 27594
sex & self-monitoring & perceived control & friendships, social vs emotional loneliness, African American college students, 11196
sex, loneliness & social support & perceived relationship with God, 18–22 yr olds, 33924
social & interactional skills & self perception & loneliness & peer relations, children with specific language impairment, 11760
social reaction styles & loneliness & social perception, social relationships & satisfaction in them, 18–40 yr old college students, 6 mo followup, 23987
social support network size & functional social support & loneliness, 55–85 yr olds with chronic physical diseases, 21484
state of mood & prevalence of experienced loneliness, 75–98 yr olds with vs without cognitive impairment, 31244
stigmatization of social & intimacy loneliness, college students, 17614
theories & research on perceptions of aloneness & loneliness, adolescents, 17323

Loneliness—Chapters

Loneliness, shyness, and depression: The etiology and interrelationships of everyday problems in living, 11390

Long Term Care—Serials

changing needs & ongoing rehabilitation requires in relation of physiological aging, 60-yr-old male who lost distal portions of all 4 limbs 40 yrs previously, 9217
characteristics of & incorporation of palliative care education into long term care facilities, 28728
client preferences & agency factors & manager characteristics, out-of-home placement decisions for 65+ yr olds, long-term care case managers, 15571
construct validity of Alberta Assessment & Placement Instrument, 65–98 yr old long-term care clients admitted vs not admitted to home care, 1 yr retrospective followup, Canada, 2634
current needs & trends & risks in community-based care in mental health & long-term care, older persons with severe mental disorders, 35159
decision making regarding use of long term care services, nursing home & community dwelling adults (aged 60 yrs & older), 2562
effectiveness of long-term antidepressant treatment for depression, 5656
ethics of autonomy & dignity in long-term care, 31895
feminist ethics paradigm in long term care case management, clients (aged 60 yrs & older), commentary, 35237
feminist ethics paradigm in long term care case management, clients (aged 60 yrs & older), commentary reply, 35235
feminist ethics paradigm in long term care case management, clients (aged 60 yrs & older), 12448
frequency & timing & pattern of operationalized disruptive behaviors, hospitalized older VA patients, 28727
identification & classification of interventions used in crisis-oriented vs long-term psychiatric home care, psychiatric nurses, 31867
impact of Omnibus Budget Reconciliation Act of 1987 on psychiatric services in nursing homes & other long-term care settings , 9185
knowledge of & attitudes toward elderly sexuality & sexual expression, elderly in long term care facilities vs staff, 5897
long-term paroxetine treatment, depression & anxiety symptoms & drug efficacy & tolerability, 23–70 yr olds with major depressive disorder, 28462
national long-term care insurance implementation problems for elderly with dementia, Japan, 5816
nature & prevalence of behavior difficulties & need for specialist care in long-term elderly care settings, nurses & carers in NHS long-stay wards vs nursing homes vs residential facilities, 28725
objective vs subjective ratings for assessing satisfaction regarding incontinence & mobility care, nursing home residents (mean age 87.9 yrs), 31993
outcome oriented approach to long term antipsychotic drug treatment of schizophrenia, 38270
patterns of family caregiving & support provided in long-term care, 45–91 yr old psychiatric patients in intermediate care facility, 35257
perceptions & understanding of change during long-term counseling, 22–48 yr olds successfully involved in counseling, 18527
perceptions of financial difficulty & family strain & personal stress in short vs long-term disability & preferences for home vs institutionalized care, 65–99 yr olds, 31991
personal & behavioral characteristics & types & aspects of residential situations, all people (17–76 yrs old) with severe intellectual disability & most severe challenging behavior in Wales, 1884
psychotherapy in long-term care, geriatric patients, 31450
purpose & properties of therapeutic garden in nursing homes or other long term facilities for patients with loss of autonomy or locomotor disabilities or behavioral or mental problems, 9699
quality of life & loneliness & social contact, long term psychiatric nursing home patients residing in general vs psychiatric nursing home vs personal residence at 6 yr follow up, 9095
risk factors for & prevalence of acute confusion in long term care, Minimum Data Set data from nursing home residents, implication for nursing practice, 15579
self-monitoring, weight management during holiday season, adults in long-term cognitive-behavioral treatment for obesity , 25048
training program, attitudes toward elderly & knowledge about aging, nursing assistants in long term care inpatient personal care units, 9196
treatment of major & nonmajor depression with tricyclic antidepressants & selective serotonin reuptake inhibitors & atypical antidepressants in elderly long-term care patients, 38303

Long Term Care—Chapters

Individual quality of life in palliative care, 28723
The lifestyle approach, 31997

Long Term Memory—Serials

1-aminoindan-1,3-dicarboxylic acid, spatial procedural learning & long term & episodic short term memory, male rats, 26750
accessibility & availability of positive vs negative smoking-related associations in long-term memory, smoking vs nonsmoking college students, 27257
aspects of memory performance, savant calendrical calculators, 11688
benzodiazepine receptor antagonist flumazenil in basolateral vs central nucleus of amygdala, memory storage & consolidation in inhibitory avoidance task, male rats, 26757
beta-2-adrenergic agonist clenbuterol in basolateral amygdala, inhibitory avoidance retention, male rats, 26768
beta-noradrenergic antagonist timolol, long term memory consolidation for odor–reward association, rats, 20367
computer model of acquisition & use of episodic indexing as model of memory for attention events, computer programmer, 32458
construct validity of Visual Reproduction cards from Wechsler Memory Scale vs cards from revised Wechsler Memory Scale, cardiac & pulmonary disease patients, 104
context reinstatement as reminder of event, recall enhancement, 5–7 yr olds, 6 mo study, 23716
contextual variability & serial position, delayed & continuous free recall, undergraduates, 23134
cortical topography & dynamics of short-term and long-term memory, 467
drugs given into CA1 & entorhinal cortex & posterior parietal cortex & anterolateral prefrontal cortex & amygdala, short-term & long-term & working memory, rats, 33217
endothelial isoform of nitric oxide synthase, memory formation for passive avoidance learning, 1–2 day old chicks, 36314
episodic short term memory vs semantic long term memory demands, alpha synchronization reflective of inhibition of task irrelevant cortical processes, 19.4–34.5 yr olds , 16644
executive control of long term visual memory retrieval, monkeys, top-down signal evidence from prefrontal cortex, 36467
explicit & implicit memory for faces of preschool classmates after a 3-yr interval, 8–9 yr olds, 7410
fan effect in theory of adaptive control of thought-rational vs theory of concept suppression in recognition memory, 16 yr olds & older, 19692
fan effect in theory of adaptive control of thought-rational vs theory of concept suppression in recognition memory, 16 yr olds & older, comment, 19696
hippocampal metabolic activity & recent- vs long-term memory store, mice, 29684
involvement of amygdala in modulation of working vs short-term vs long-term memory, rats, 16897
long term memory for ratio of successive durations & rhythmic contour & phrasing & regular meter components of temporal structure, identification of well-known vs novel songs, adults, 36275
long term memory stimulators ethylnorantiphein & M1 & M2 analogs, genetic apparatus of neuronal calcium-regulatory system in cortex and hippocampus, rats , 485

long term verbal recall of play script 20 days vs 5 mo after original learning & influence of motoric cues, actors, 19859
long-lasting inhibitory avoidance acquisition, 30 vs 60 vs 90 vs 120 days old male rats, implications for animal models of anxiety & memory, 19952
memory for information from college course Child Behavior & Development, adults, 14 yr study , 2851
nitric oxide synthase inhibitor, effects of neurosteroids on aging- & dizocilpine-induced long term memory & learning impairment, mice, 4254
no-switching vs mental-rotation vs gender-classification tasks, selective interference during spatial & verbal information retrieval from episodic long-term memory, college students, 277
nootropic agent L-pyroglutamyl-D-alanine amide, learning & long-term memory in contextual & conditioned reflex freezing, massed vs spaced trained rats, 20382
number of different neighboring concepts linked to test cue in long-term memory, feeling-of-knowing judgments, undergraduates, test of partial-retrieval vs competition hypotheses, 290
olanzapine, effects of FG 7142 & dizocilpine on training & retention of active avoidance & spatial long term memory plus maze tasks, mice, 26825
operant conditioning theoretical model based on short-term & long-term memory in single-choice & multiresponse learning, 10267
periodic nonverbal reactivation reminder vs reinstatement reminder, long-term maintenance of memory, 2 mo old infants, 7+ mo study, 33628
requirements for memory-forming mnemogenic chemical reactions to avoid molecular turnover in long-term memory storage , 32975
retention of long-term spatial memory, young chicks, 23211
role of hippocampus in long-term spatial memory, 76 yr old amnesic male patient, 29651
short & long term memory performance & potential effects of clinical variables & study characteristics on research results, schizophrenia patients, 34139
short-term memory & long-term learning & retention of lexical-semantic information, 73-yr-old patient with brain damage or amnesia, 11932
spatiotemporal dynamics of transcription factor cAMP responsive element-binding serine 133 phosphorylation during hippocampal long-term potentiation, rats, 26641
stress & glucocorticoids, long-term spatial memory, male rats, 4032
task retention & consolidation in water-maze & passive-avoidance sequential learning & time-dependent modulation of neural cell adhesion molecule polysialylation on dentate neurons, male rats, 26624
taste-learning experience, modulation of activity of mitogen-activated protein kinases in insular cortex, behaving male rats, implications for consolidation of long-term taste memory, 7025
timing of post test vs novel environment exposure after training, short vs long term memory, rats, 33072
training in Morris water maze, activation of mitogen-activated protein kinase cascade in CA1/CA2 subfield of dorsal hippocampus, rats, implications for long-term spatial memory, 16898
transcutaneous electrical nerve stimulation, short-term & long-term memory & behavior, 70–91 yr olds with mid-stage of Alzheimer's disease, 15041
validity of Hemispheric Encoding/Retrieval Asymmetry model in short- & long-term memory, normal 18–30 yr olds, 26578
visual event related potentials during cued recall task that demands semantic memory retrieval from long term memory & simultaneous activation with short term memory, 18–39 yr olds, 16964

Long Term Memory—Books

Memory: Systems, process, or function?, 32982

Long Term Memory—Chapters

Long-term working memory as an alternative to capacity models of working memory in everyday skilled performance, 19877
Recall of order information: Evidence requiring a dual-storage memory model, 16674
Savant syndrome—Rhyme without reason, 30971
Structural changes underlying long-term memory, 36474
The validity of metacognitive predictions of widespread learning and long-term retention, 3604

Long Term Potentiation [See Postactivation Potentials]

Longevity [See Life Expectancy]

Longitudinal Studies—Serials

cognitive function & survivorship, 34–95 yr olds, 36876
lifelong productivity, female researchers on L. Terman's longitudinal study of genius, 35564
loss of power & adaptation of statistics for use of partial information to increase power & ways of obtaining partial information in longitudinal studies, 26264
multitrait-multioccasion measurement model, application to 4-wave data on family support & alcohol involvement among adolescents, 6693
selective attrition effects in bereavement adjustment research, 20–82 yr old conjugally vs nonconjugally bereaved adults, 3 yr study, 14307
statistical power of analytic methods for small sample longitudinal clinical trials with missing data, 26257
statistical survival analysis for longitudinal study of clinical & efficacy & theoretical applications in normal & disordered speech & language development, 16406
value of longitudinal self-report data to study relationship of age & crime, 11–17 yr olds, 5 yr study , 130

Longitudinal Studies—Books

Statistical analysis of longitudinal categorical data in the social and behavioral sciences: An introduction with computer illustrations, 32748

Longitudinal Studies—Chapters

Adult outcomes of adolescent drug use: A comparison of process-oriented and incremental analyses, 5124
Deconstructing stability: The distinction between the course of a close relationship and its endpoint, 36967
The detection of genotype–environment interaction in longitudinal genetic models, 13510
New methods for new research on adolescent sexual behavior, 4513

Lorazepam—Serials

24-hr treatment vs evening treatment with lorazepam, 21–48 yr old patients with primary insomnia with daytime symptoms, 18662
4-day vs 4-wk treatment with diazepam vs lorazepam, development of physical dependence measured by withdrawal excitation determined by EEG threshold method, male rats, 26796
chlorpromazine vs lorazepam, abnormal antisaccade & no saccade distractibility, healthy adult males, implications for schizophrenia , 672
combination of haloperidol & lorazepam vs repeated doses of benzodiazepine & medication noncompliance, neurobiology & management of aggression, psychotic patients, 34985
GABA inhibition-enhancing properties of lorazepam, visual line-end processing, healthy 18–25 & 22–32 yr olds, 26778
haloperidol vs lorazepam, crack-cocaine-induced catatonia, 36-yr-old female, 2318
insensitivity to sedative effects of lorazepam on progesterone withdrawal, female rats, 723
lorazepam following CPP vs dizocilpine, open-field stereotypies & hyperactivity & pentylenetetrazol-induced tonic-clonic seizure, male mice, 10566
lorazepam or oxazepam, explicit & implicit memory & time dependent & priming effects, adults, 4110
lorazepam vs diazepam, picture completion & identification thresholds on basis of minima vs maxima vs inflections contour fragments, adult Os , 4289
lorazepam vs oxazepam treatment, psychomotor retardation & mutism, 21–77 yr old patients with psychiatric disorders, 31689
lorazepam, catatonia & motor processes, 27 yr old male & 31 yr old female, 35003
lorazepam, confidence level & feeling of knowing judgments for episodic & semantic metamemory, adults , 4097
lorazepam, facilitation of & interference with retrieval of semantic items stored in explicit episodic memory, healthy 18–21 yr olds, 26769
lorazepam, motion integration & segmentation, Os , 17041
lorazepam, persistent catatonic states, clinically stable schizophrenia patients, 18749
seizures following discontinuation of lorazepam cotreatment during clozapine treatment, 26 yr old male with schizophrenia, 25187
treatment with neuroleptics vs lorazepam & ECT, 43-yr-old male with agitated catatonia, 11966

Lordosis (Animal) [See Animal Sexual Receptivity]

Loudness [See Also Noise Levels (Work Areas)]—Serials

acoustic reflex threshold as predictor of uncomfortable loudness level, healthy vs impaired hearing listeners, 21630
fluctuations in modulated sounds, loudness perception, 20–53 yr olds with normal vs impaired hearing , 19778
interlocuter distance, automatic regulation of speech volume, hydrophonic patients with Parkinson's disease, 34645
masker laterality & cueing & volume level, forward-masked intensity discrimination, 24 & 30 $ 42 yr old listeners, 13243
pitch discrimination & auditory thresholds & frequency & loudness factors & age differences, 22–32 yr old normal vs 36–70 yr old hearing disordered listeners, 18450
reliability of adaptive categorical loudness measure, normal & hearing impaired 12–81 yr olds, 19702
simulation of monaural & binaural amplification at several signal-to-noise ratios, nonsense syllable recognition, normal vs hearing-impaired listeners, 15054
sound pressure levels, vocal formant frequencies & formant amplitudes, 4–30 yr old males vs females, 33551
temporal integration of loudness, 32–72 yr olds with hearing impairments of primarily cochlear origin, 24876

Loudness Discrimination—Serials

hearing aid use & length of use & degree of hearing loss, pure tone frequency, loudness category levels, hearing impaired 24–56 yr olds, 34709
white noise burst duration, temporal loudness integration, 18–31 yr olds with normal hearing vs 59–86 yr olds with sensorineural hearing impairment, 34704

Loudness Perception [See Also Loudness Discrimination]—Serials

concurrent changes in frequency & intensity, loudness perception, 18–23 yr olds, 26366
loudness perception & frequency discrimination, 37–56 yr olds with cochlear hearing loss, 2117
model of pure-tone loudness perception, adults with cochlear hearing loss, 34708
perceptual bias for rising auditory tones, listeners, commentary reply, 19779
perceptual bias for rising auditory tones, listeners, commentary, 19770
small sample bias & range as a factor determining information of loudness judgments in identification of pure tones at a single frequency, 18–52 yr olds, 3507
stimulation mode, threshold & loudness growth, deaf male patients with multielectrode cochlear implants, 15056

Loudness Perception [See Also Loudness Discrimination]—Books

Psychoacoustics of spectro-temporal effects in masking and loudness perception, 29521

Loudness Perception [See Also Loudness Discrimination]—Chapters

Perceptual fusion and auditory perspective, 16549
What is loudness?, 16554

Love—Serials

addressing patient's need to feel loved in psychoanalysis, 8857
adult attachment style as classified by unified love schema theory, sexual behavior & attitudes, undergraduate students, 14212
critique of role of childhood abuse-induced trauma in L. deMause's psychogenic theory of history & cultural change & importance of psychogenesis of love, comment appended, 20680
cultural sanctions regarding sexual equality & female sexuality, importance of romantic love as basis for marriage, 75 societies, 27176
defense mechanisms in depression & dynamics in experience of losing feelings of ability to love & psychotherapeutic relationship in psychoanalysis, 31599
feelings of love between patient & analyst in therapeutic environment, 15239
love & intimacy & hate in relationships, implications for clinical practice, 8843
love & intimacy in relation to psychoanalysis, 8842
love & violence against women in Hindi films & perceptions of women's roles, male film viewers, India, 21233
love attitudes & sexual scripts, college students , 4674
methods of ending love relationships, college students, 7802
model of love as confluence of attachment & caregiving & sexual systems, implications for preventing teenage pregnancy, 17364
neurobiological systems involved in & mental states & behaviors associated with early phases of romantic love & early parental love & relationship to pathogenesis of obsessive compulsive disorder, 34214
object relations & attachment disturbances & internal emptiness & psychoanalytic treatment, patients with love obsessions, 8854
parent personality & coparenting dynamics, changes in marital love & conflict & functioning, husbands & wives raising firstborn sons, 4 yr study, 7663
passionate love as function of change in intimacy, 14236
perceived changes & commitment & satisfaction & affect in love, romantic partners (mean age 20 yrs), 4 yr study, 11132
perceptions of marital quality & commitment & love, relationship maintenance behaviors, 21–83 yr old husbands vs wives, 27188
permutations of love experienced by therapist in patient's loving &/or erotic feelings & use of transference–countertransference interactions for therapeutic intervention, 15158
platelet serotonin transporter, adults in early romantic phase of love relationship vs obsessive-compulsive disorder patients, 23466
psychoanalysis & role of love, 8845
psychoanalytic approach to growth & endurance & love & creativity & romance in long term relationships, 11266

relational–interpersonal approaches to transcend dialectics of love & desire in psychoanalysis, 34927
relationship between attachment style & love relationships & friendships & self-esteem & depression, 25–44 yr old females at risk for relationship problems, 37076
risky or dangerous behavior attributed to being in love, college students, 6236
role of resistance in understanding love relationships, implication for clinical practice, 8841
social construction of love & homosexuality in women's prison, female inmates, implications for nursing practice, 14801
temperament & loving styles & eating attitudes, female college students, 17694
transference love as self- and mutual regulation, patient with intense erotic attraction to analyst, case report, 38194
Love—Books
The challenge of marriage, 7678
A dialogue on love, 28322
Falling in love, 14853
Revealing the secrets of the human life: New knowledge for new millennium, 33740
Love—Chapters
Family love and lifelong health? A challenge for clinical psychology, 1441
Knot a love story, 17713
Love stories in sexual autobiographies, 23938
What attachment styles and love styles add to the understanding of relationship commitment and stability, 37087
Low Birth Weight [See Birth Weight]
Lower Class—Serials
behavioral vs labor market vs critical theories in analysis of underclass, Great Britain, 14120
development & details of Women's Action for Mental Health project for working class women with mental health difficulties run by women who have experienced similar issues, England, 22169
emotional content & other properties of storytelling & co-narration of past events, working- vs middle-class 2.5 yr olds & their families, 6 mo followup, 17237
historical perspective on achievement of interracial solidarity within industrial working class by unions of Congress of Industrial Organizations, 1930s & 1940s, 3051
Men's Advice Network for working class unemployed men experiencing psychological distress, England, 22181
Lower Income Level—Serials
alternative representations of poverty cofactors & promotion processes & teacher reports of problem behaviors, poverty stricken 6 & 7 yr old children, 36779
concerns about AIDS relative to other social & health problems, low income urban women (mean age 27 yrs), 28561
depression & anxiety & problem behaviors, homeless vs non-homeless children aged 6 yrs & older from low-income & single-parent families, 7990
design & feasibility of outcall program to promote mammography, low income & minority women (aged 50 yrs & older), 2496
development of qualitative measure of parenting stress & family focused intervention, low income Mexican vs African vs European American single vs double parent families & 7th or 8th grade children, 3280
divorce & family relations & marital status, children's adjustment, low income African American vs European American families, 2 yr study, 23898
early social relationships at home, prediction of social functioning in kindergarten or 1st &/or 2nd grade, children from urban low-income families, longitudinal study, 15988
effectiveness of telephone mammography program, lower income & minority females (aged 50 yrs & older), 6 mo & 2 yr followups, 2495
emotional self-regulation & attentional control & peer social competence, 3.82–5.67 yr olds from low income families in Head Start, 23781
Energy Express reading & nutrition program, low income communities, 35218
factors associated with school behavioral competence at age 6 yrs, 18 mo old males from multi-problem low-income urban families, longitudinal study, 15981
father–infant interactions in teaching situations, lower income fathers (aged 18–42 yrs) & infants (aged 1–16 yrs), 33780
frequency & correlates of behavior problems in day care children, parent vs teacher ratings of 2–3 yr olds in low-income families, 11526
frequency & predictors of condom use for HIV prevention, low-income women (median age 25 yrs), 31822
frequency of use of corporal punishment in everyday situations, rural low-income 1st-time young mothers of toddlers, 27201
fundamental dimensions of family structure, economically disadvantaged African Americans, 20721
gender & body image & depressive symptoms, low-income African American (mean age 12.5 yrs), 33973
interpersonal violence, rapid repeat pregnancy, low income 13–21 yr olds, 24087
interpretation of experiences & world views, 14–18 yr olds residing in extremely deprived inner city neighborhoods, 7507
low income, health, unattached mid-30 to 70+ yr old females with disabilities who were living in housing co-operative, 8 mo study, Canada, 1421
maternal adjustments in scaffolding in school-like vs home-like learning tasks, low-income Latino mother–child dyads, 20752
maternal characteristics & attitudes toward & sources & quality & other characteristics of social support, low-income maltreating mothers of preschool children, 17977
mother's caregiving practices & child's language abilities, low-income teenage mothers of 30 mo olds, 23707
mother–daughter relations, low income Hispanics 14–16 yr old mothers & their mothers, 1129
multiple family group intervention, disruptive behavior, low income minority children (mean age 9 yrs) & families, 34889
need for increased global cooperation in psychiatric epidemiological research on mental health problems & on needs of Third World & low-income populations, 30616
parent &/vs teacher involvement in interactive reading intervention, language development, 3 & 4 yr olds with poor oral language skills from low income backgrounds, commentary, 859
parent &/vs teacher involvement in interactive reading intervention, language development, 3–4 yr olds with poor oral language skills from low income background, 886
parent &/vs teacher role in interactive reading intervention, language development, 3 & 4 yr olds with poor oral language skills from low income background, 875
parenting characteristics & attachment security, homeless vs low-income housed 16–42 yr old mothers & their 11–20 mo olds, 30340
parenting stress & instructional strategies for promoting peer relations, low income African American mothers (aged 19–45 yrs) of 2–3.5 yr old children, 36975
peer counselor support during 1st 3 mo postpartum, breast feeding duration & exclusivity, low income 15–36 yr old females, 8982
perceptions of & factors that influence child development, low income Mexican American parents of preschool children, 7502
perceptions of children's health behavior & causes of health problems & prevention & community role in childrearing, African American single low income mothers of 5–10 yr olds, 18885
perceptions of father role, lower income fathers & mothers of Early Head Start children, 33789
predictors of parent–child reading, 16–72 yr old low income caregivers & 12–66 mo old pediatric patients, 5199
prevalence of axis I disorders, low-income housed vs homeless 15–58 yr old mothers, 1444
prevalence of spouse abuse, low income Hispanic female patients in rural health environments, 1735
psychological & physiological & environmental barriers & facilitators to exercise, 55–70 yr old low income African-Americans & Whites, 10915
race & ethnicity & lower income & parental educational background, parent school relationship & attitudes about content & structure of parent education programs, parents of elementary school children, 19272
reading strategies & development in skills based vs whole language classes, low income 1st graders, 19297
reliability & construct validity of Helper's Perception Measure, assessment of benefits & stressors of community maternal health volunteer role, low income female 20–43 yr olds, 25673
sickle cell disease & low income vs material deprivation, adjustment, 4–17 yr old children with sickle cell disease & their parents, 28000
social networks & family dynamics, low-income working women & their families, Colombia, 17447
sociodemographic & environmental & intrapersonal factors, exercise self-efficacy & exercise outcome expectations, urban & lower-income patients aged 55 yrs & older, 35120
supportive communication, school outcomes, lower socioeconomic level at risk vs not identified at risk middle school students, 2921
teacher-student relationship & school satisfaction, 3rd–5th grade low income urban African American students, 35520
themes emerging from language during nomination of individuals for hypothetical gifted program, Latino vs African American vs Native American vs immigrant Asian vs low income Anglo individuals, 35562
use of Mood Module of Primary Care Evaluation of Mental Disorders screening instrument for detection of depression, 19–69 yr old patients in low income rural areas, 22877
utilization & social & psychological & environmental barriers to access to prenatal care, lower-income inner-city postpartum females, 15467
Lower Income Level—Books
Group work with overwhelmed clients: How the power of groups can help people transform their lives, 12103
Lower Income Level—Chapters
Development of private speech among low-income Appalachian children, 7457
Explaining disorganized attachment: Clues from research on mild-to-moderately undernourished children in Chile, 36872
Struggling to make ends meet: Poverty and child development, 7680
Loxapine—Serials
atypical properties of loxapine, implications for use in treatment of schizophrenia, 21896
pharmacokinetic & pharmacodynamic considerations & dose vs response issues in use of loxapine for treatment of schizophrenia & other psychotic disorders, 21886
treatment effectiveness of low vs standard dose of loxapine, 17–56 yr olds with schizophrenia, 21926
Loyalty—Serials
breakdown of discipline in 2 Canadian peace operations & problem of military reinforcement of cohesion & loyalty, Canadian army personnel, Somalia & Yugoslavia, 6380
competition & defensive value added & value recovery strategies in service industry, consumer satisfaction & loyalty, business students, 9677
developmental trends in conceptualizations of family & family loyalty & reasoning through parent–child ethical dilemmas, 5–10 yr olds, 14021
effectiveness of customer retention activities & store loyalty intentions, current customers of grocery store retailer, 6395
link between commitment & resistance to preference changes & loyalty development, 17–76 yr old service patrons, 32426
membership behavior variables, brand/outlet loyalty, adult club members, 35726
Northern Cities Vowel Shift & local loyalty, nonurban women in their 40s & 50s & their high school age children, 7301
roles of ethnic & ideological identity in predicting fidelity, rural & low income African American & European American 15–18 yr olds, 27063
segmentation model & analysis of consumer behavior loyalty , 9689
trust–distrust & loyalty–disloyalty as dynamics of faith perspective of psychological trauma & psychosocial development & adaptive characteristics, 30230
Loyalty—Chapters
'If you want loyalty get a dog!': Loyalty, trust and the new employment contract, 25894
LSD (Drug) [See Lysergic Acid Diethylamide]
Lucid Dreaming—Serials
dream cognition & self-reflectiveness & rapid eye movement sleep in narcolepsy syndrome, females, 24825
lucid dreaming & internal locus of control & need for cognition & creative personality, college students, 36287
Luck [See Chance (Fortune)]
Lumbar Spinal Cord—Serials
alteration of memory of previous lumbar punctures, anticipation & procedural distress during subsequent punctures, 3–18 yr olds with leukemia, 1 wk followup, 28590
hypothalamic pituitary-adrenal axis responsiveness to lumbar puncture stress, male vs female patients with Alzheimer's disease, 18405
prenatal exposure to alcohol &/or stress, dimorphic nuclei in lumbar spinal cord & relation to impaired ejaculation, male rats, 23278
tapping time in lumbar puncture for CSF, male pathological gamblers, 8283
Lumbrosacral Plexus [See Spinal Nerves]
Luminance—Serials
ability to extract depth from opposite luminance-contrast-polarity stimuli of short vs long duration, Os, 36172
adapting luminance & number of display elements, inhibition & serial processing & attention in visual search latency functions, Os, 3459
additional mechanisms responsive to combined luminance & red-green color, observers, 16517
age & luminance, print legibility in homes & offices & public places, 20–89 yr olds, 26931
anchoring theory of lightness perception as alternative to intrinsic image models, 36148
articulation in surrounds of simple center-surround visual stimuli, inference of lightness, adults, 13218

brief transparent disparities in images presented to each eye & stimulus spatial frequency, orientation & luminance contrast polarity tuning of transient-vergence system, adult Os, 13171
chromatic properties of moving objects with vs without adequate luminance, motion perception in middle temporal area neurons, macaques, 26645
chromaticity & luminance of gratings varying along L & M cone axes, spatial pairwise contrast matching of gratings in comparison of color & luminance contrast, Os, 16519
collapse of stereopsis in random-dot-stereograms at isoluminance, Ss, 16493
color &/vs luminance-based motion signals, perceived speed & direction of 1- vs 2-dimensional motion, Os, 23025
color discrimination ellipsoids calculated with CRT & use of weighting function for lightness proposed by International Commission on Illumination, 13211
color–luminance interaction shown in oblique cross masking, 23–38 yr olds, 181
contrast, motion of luminance vs chromatic stimuli & threshold amplitudes for relative & static Gabor patches, 32821
development of luminance & chromatic temporal contrast sensitivity function, 3–4 mo olds vs adults, 33612
direction discrimination at detection threshold for slow & fast chromatic motion, 6776
display intervals shown in rapid succession, object-specific temporal integration for luminance discriminations with objects defined by apparent motion, Os, 32850
distractor colors & luminance, visual search of color target, Os, convex hull test of linear separability hypothesis in visual search, 23015
effect of perceived area of target on its luminosity threshold, Ss (median age 19 yrs), 29479
effects of overall luminance vs region size of luminance congruity in perception & binocular rivalry of orthogonal & dichoptic plaids, college students, 23018
element arrangement patterns differing in hue & luminance, perceived texture segregation, adults, 36167
facilitation of luminance vs star discrimination in relational learning & transposition of rectangles, pigeons, 10260
illusory brightness & visual territories based on characteristics of their edges & empirical explanation of Craik-O'Brien-Cornsweet effect, 36173
image based information, judgment of surface reflectance properties, 6777
light-adapted foveal luminance increment thresholds, 21–48 yr old Os, 10026
long- vs medium-wavelength-sensitive cone input, orientation discrimination thresholds, Os, 10068
luminance & apparent motion in peripheral drift illusion, 36144
luminance & blur & age, accuracy in nighttime driving, 21–55 & 67–78 yr olds, test of selective degradation hypothesis, 26343
luminance & chromatic discrimination, horses, 16925
luminance conditions of Fuch's transparency with achromatic 2- dimensional patterns, adults, 6775
luminance differences between 2 visual display frames, visible persistence, adults, 3470
luminance frame & background of target & line target & suprathreshold discrimination, 19–50 yr olds, 26322
luminance spatial frequency & disparity modulation of field of Gabor micropatterns, disparity modulation threshold function, adult Os, 13201
mechanisms of orientation discrimination & tilt aftereffects with luminance & illusory contours, adults, 16473
noise effects on photoreceptor temporal contrast sensitivity in low light, locusts, 10497
positive vs negative polarity patterns, perception of visual contrast, Os, 36138
psychophysical & oculomotor & neurophysiological responses to plaids containing chromatic & luminance contrast, humans & female rhesus monkey, 161
psychophysical luminance contrast correlates of signatures of magnocellular & parvocellular pathways, 22–30 yr old males, commentary, 3485
relative luminance & relative area in anchoring brightness perception in 2-region visual fields, Ss (median age 19 yrs), 29498
segregation of luminance- & texture-defined neural pathway responses during global motion integration, adults, 7074
segregation of object in noise by color &/vs luminance polarity, detection from structure-in-motion, adults, 6772
sensitivity to first- vs second-order modulations of luminance vs image contrast, visual white noise, Os, implication for mathematical model & computer simulation, 23047
sine- & square-wave gratings, facilitation between luminance & red–green visual detection mechanisms, Os, 36150
spatial facilitation with colored targets & inducers & chromatic & achromatic mechanisms in collinea: detection facilitation, adults, 32803
spatial interactions & gain control processes operating in center-surround contrast–contrast phenomena, Os, 36168
spatial tuning of color & luminance peripheral vision across visual field with filtered noise masking, adults, 16503
two-flash apparent motion/depth approach to carrier- vs envelope-dependent performance for luminance-dependent vs contrast-dependent processes in stereopsis & motion, Ss, 19727
varying luminance &/or wavelength of light, oculomotor efficiency, normal & reading disabled children (mean age 10.6 yrs old), 5154
visual attention to color & reaction time to luminance change within display, college staff & students, 29481
visual discrimination of moving cyclopean targets with luminance-defined gratings, adults, 16495

Luminance Threshold [See Brightness Perception]

Lunar Synodic Cycle—Serials

temporal & weather factors & lunar phases & crisis intervention center telephone service utilization & similarity with cycles in suicide rates, callers, 28708

Lung—Serials

effects of habitual marijuana use on the lungs & its defenses against infection & respiratory cancer, 11642
premorbid history of psychiatric disorders, 1-yr survival after lung transplantation, patients (mean age 44.4 yrs) with vs without major depression &/or anxiety &/or substance use disorder , 27494
stress & tumor cell inoculation & immunomodulators, lung cell activity, male mice , 29954

Lung Disorders [See Also Cystic Fibrosis, Pneumonia, Pulmonary Emphysema, Pulmonary Tuberculosis]—Serials

conceptual foundation & validation procedures & psychometric properties of Functional Performance Inventory, adults with chronic obstructive pulmonary disease, 9894
effects of habitual marijuana use on the lungs & its defenses against infection & respiratory cancer, 11642
health status & age & education level & economic status, variety of reported activity & quality of life, 46–81 yr olds with chronic obstructive pulmonary disease vs 17–94 yr olds, 28028
incremental exercise testing, 71 yr old male with chronic obstructive pulmonary disease who suffered transient global amnesia, 1947
long-term oxygen therapy, cerebral blood flow velocity & CNS & autonomic nervous system function, 51–74 yr old patients with hypoxaemic chronic obstructive pulmonary disease, 35086
neuropsychologic functions, adult patients with chronic obstructive pulmonary disease & mild hypoxemia vs mild Alzheimer's disease, 31060
perceptions on relationship of risk for lung cancer & daily cigarette consumption & nicotine concentrations, French 15–75 yr olds, 30242
pulmonary exercise rehabilitation, self-efficacy & quality of life & exercise tolerance, 33–83 yr olds with chronic obstructive pulmonary disease, 19036
respiratory functioning & panic symptomatology, 49–74 yr old pulmonary patients with chronic shortness of breath, 34557
utility of K-correction to adjust for defensive response set on MMPI, defensive vs nondefensive patients with end-stage lung disease undergoing psychological evaluation for transplantation, 13104
validity & score distribution & internal consistency of the Nottingham Health Profile, perceived health status, patients with asthma or chronic obstructive pulmonary disease , 36014
validity of patient-completed questionnaire assessing metered-dose inhaler technique, 18–83 yr olds with asthma or other pulmonary disease, 108

Lupus—Serials

development of CNS lupus with psychotic symptoms in 44 yr old woman with systemic lupus erythematus, 31127
impaired visual short-term memory & image generation problems, 55 yr old female sculptress with systemic lupus erythematosus, implications for working memory model, 18444
perceptions & mental representations of living with lupus, 27–60 yr old female patients, implications for educational interventions, commentary, 34536
perceptions & mental representations of living with lupus, 27–60 yr old female patients, implications for educational interventions, 34575
regional cerebral metabolic rate for glucose & neuropsychological performance, 16–47 yr old patients with systemic lupus erythematosus with or without psychiatric symptoms, 34554
sphenopalatine ganglion blockade, bradycardia from sinus arrest during exacerbation of postherpetic trigeminal neuralgia, 64 yr old female with systemic lupus erythematosus, 15425

Luria Nebraska Neuropsych Battery—Serials

internal consistency & discriminant validity of Luria Nebraska Neuropsychological Battery-III, discrimination of normal vs abnormal performance, normal & brain injured 14–89 yr olds, 29410
renorming & rescaling of raw scores of Luria-Nebraska Neuropsychological Battery-Form I, 19–90 yr old medical patients, 13095

Luteinizing Hormone—Serials

fenfluramine, ejaculatory function & release of LH measured through testosterone levels, 31–54 yr old males with premature ejaculation & hypogonadotropic hypogonadism, 18813
luteinizing hormone-releasing hormone agonist triptorelin, estrogen decrease & psychosis, 32 yr old female with no previous history of psychotic disorder, 34994
luteinizing hormone-releasing hormone, plasma cocaine levels, male vs female rhesus monkeys, 20336
prolaction & luteinizing hormone & parental behavior, penguins, 13640
testosterone & pulsatile LH secretion & FSH & cortisol, 22–72 yr old male inpatients with major depression, 21107

Lutherans [See Protestants]

Lying [See Deception]

Lymphatic Disorders [See Blood and Lymphatic Disorders]

Lymphocytes—Serials

alcohol, E-rosette formation by T lymphocytes, Ss with alcohol dependence (mean age 35 yrs), 24542
alterations of T-lymphocyte proliferative responses & immunophenotypic markers on lymphoid cells, 20–40 yr old male heroin addicts & heroin withdrawal Ss, 5078
B lymphocyte antigen D8/17 expression & its correlation with severity of repetitive behaviors, 4–13 yr olds with autism, 11690
basal & thapsigargin-stimulated intracellular calcium in platelets & lymphocytes, patients with bipolar affective disorder, 27595
blood ethanol levels, formation of cyclic adenosine monophosphate & lymphocyte adenylyl cyclase activities, male alcohol dependent 26–55 yr olds in detoxification, 3 day study, 14749
calcium response of human T lymphocytes, patients with Alzheimer's disease vs normal aging, 15044
capacity of blood to produce cytokines during weight restoration, female restricting-type anorexia nervosa patients, 22060
chromosomal aberrations in peripheral blood lymphocytes after abstinence, 23–59 yr old alcoholics in outpatient treatment, 3 & 12 mo followups, 12515
chronic stress, L-selectin expression on peripheral lymphocytes, elderly caregivers (mean age 73.5 yrs) of Alzheimer's disease patients, 15566
diepoxybutane, lymphocyte chromosomal instability, 72–96 yr olds with dementia of Alzheimer's type, 9027
elevated levels of CD5+ B lymphocytes in schizophrenic inpatients (mean age 34 yrs), 27699
expression of adhesion molecule receptors on T helper & T suppressor/cytotoxic lymphocytes & relationship to blood–brain barrier & effects of antipsychotic treatment, 18–55 yr old schizophrenics, 17916
involvement of decreased lymphocyte growth hormone mRNA in poor immune response, female caregivers (mean age 64 yrs) with chronic stress in caring for patients with Alzheimer's disease, 18996
leukocyte & lymphocyte status, male Vietnam veterans with vs without PTSD &/or depression, 20 yrs post military service, 22683
lithium &/vs antipsychotic medication alone vs combination therapy, leukocyte & granulocyte & lymphocyte counts, 20–92 yr old psychiatric patients in long-stay psychiatric hospital, 21935
lymphocyte DNA levels of 8-hydroxy-2'-deoxyguanosine as marker of oxidative stress, patients with Alzheimer's disease, 8647
plasma HIV RNA & CD4 lymphocytes, HIV-associated dementia & sensory neuropathy, male HIV seropositive adults (mean age 33.5 yrs), 10 yr study, 11830
psychological states & lymphocyte beta-adrenergic receptor responsiveness, 20–59 yr olds with hypertension, 24731
treatment with DNA repair inhibitors, discrimination between normal & Alzheimer's disease (AD) lymphocytes of 42–86 yr olds, 2376

Lysergic Acid Diethylamide—Serials

LSD use history & flashbacks, alcoholic patients, 21297
serotonin vs LSD vs paroxetine platelet binding, male vs female 24–75 yr old inpatients vs outpatients with untreated major depression, 17879

signaling properties of 5-HT2C receptor when activated by LSD vs endogenous serotonin, 26734
Lysergic Acid Diethylamide—Chapters
Effects of THC on brain and social organization of ants, 17141
Magazines—Serials
case study of how new White supremacists present discourse of stigma transformation in magazine "Instauration" , 33741
content analysis of gendered messages on bodily appearance on magazine covers, 23641
Etude music magazine support for singing as a physically & psychologically therapeutic agent, 1883–1957, 31752
media portrayals of ECT & need for objectivity, 5690
perceived gender identity in relation to popular media & TV & magazines, female 7th–9th graders in single-gender junior high school program, 25790
perceptions of non-advertising smoking vs nonsmoking images in youth magazines & self vs ideal vs socially desirable attributes, 12–13 vs 15–16 vs 18–19 yr old smokers vs nonsmokers, 7493
sexual activity & pregnancy & abortion & contraception & venereal diseases, Latino vs African American magazines, 36686
themes in content analysis of depictions of breast cancer in mass circulation magazines, 1974–1995, 23639
writing & editorial practices of women's magazines & their portrayal of domestic violence as responsibility of victim to solve problem, 11003
Magical Thinking—Serials
concepts of magic & anxiety & ritual as components of problem gambling, implications for transactional analysis, 18077
ethnography of magic & constructed consumption setting of river magic in white-water river rafting, 16172
magical ideation & perceptual aberration aspects of schizotypy, plexus visibility, college students, 4772
Magical Thinking—Books
Religion and magic: Approaches and theories, 17463
Magnesium Ions—Serials
memantine & (+)MK-801, restoration of long-term potentiation following Mg ion reduction, hippocampal slices from male rats, implications for learning & memory in neurodegenerative diseases, 36557
Magnet Schools [See Nontraditional Education]
Magnetic Resonance Imaging—Serials
anisotropy & volumes of white & grey matter, 32–64 yr old male veterans with schizophrenia, application of diffusion tensor imaging, 17915
behavioral & brain imaging techniques to estimate depth of processing of masked numerical primes, adults, 224
brain imaging, 35 yr old male with hemimicropsia, 37860
cerebral activation & temporal nature of hemodynamic responses of cortical motor areas using functional MRI, adults during performance of movement activation tasks, 7087
characterization of metabolite profile in right prefrontal cortex using proton magnetic-resonance spectroscopy, 17–47 yr old patients with Graves' disease, 5193
correlation of neurobehavioral development & MRI data, 1.2–17 yr olds with Joubert syndrome, 5346
cortical abnormalities identified by structural magnetic resonance imaging, 16–45 yr olds with schizophrenia, 24256
cortical dysfunction during auditory word & tone working memory demonstrated by magnetic resonance imaging, outpatients with schizophrenia, 8155
design & use of computer-controlled olfactometer for functional MRI & electrophysiological olfaction studies, 25998
development & validation of functional MRI-based method of determining language dominance, 16–70 yr old patients with brain lesions & epilepsy, 13516
development of functional MRI for study of organization of color-selective areas in visual cortex, adults (mean age 27.7 yrs), implications for study of achromatopsia, 23291
diagnostic value of diffusion-weighted MRI & PET & SPECT & EEG findings, 68 & 51 & 71 yr olds with probable Creuzfeldt-Jakob disease, 34662
differential findings of CT & MRI, 56 yr old man with head trauma & loss of consciousness, 5237
diffuse weighted MRI, detection of long term changes in cerebral connections & neural development & evaluation of diseases that affect white & gray matter, 34674
event-related functional MRI in behavioral trials & cognitive psychology applications, 7035
event-related functional MRI measurement of pain responses in thalamus & cingulate & somatosensory cortex, 31–38 yr olds, 148
feasibility of 3-dimensional MRI morphometrics for examining ventricular morphology, 16–45 yr olds with schizophrenia, 11403
formal operator training, intra- & inter-observer reproducibility of MRI lesion load measurements of patients with multiple sclerosis, naive technicians, 32111
functional magnetic resonance imaging, representations of Illusory & real contours in cortical visual areas, 36164
functional MRI assessment of extrastriate cortex during suppressive interactions among simultaneously presented visual stimuli in absence of vs during spatially directed attention, humans, 482
functional MRI evidence for inverted face representation along central sulcus during pneumatic stimulation of forehead or chin, 22–34 yr olds, 23351
functional MRI of prefrontal brain regions during motor response inhibition & motor timing, 12–18 yr old males with ADHD , 24601
functional MRI vs magnetoencephalography of cortex during finger movement vs tactile vs auditory stimulation, 26–37 yr old males, 3922
functional MRI, in vivo localization of attentional tasks on Continuous Performance Test, 20–41 yr olds males, 7055
functional MRI-assessed hippocampal formation & dysfunction, patients aged more than 65 yrs with normal vs declining memory vs probable Alzheimer's disease, 21605
functional MRI-assessed regional activation of visual cortex in random vs correlated achromatic texture perception, 22–27 yr olds, 453
functional MRI-assessed spatial & nonspatial working memory & hemispheric organization in dorsal & ventral subdivisions of prefrontal cortex, 19–37 yr olds, 3833
functional MRI-assessed spatio-temporal organization of cortical activity during complex tasks, 20–32 yr olds, 29792
functional MRI-assessed task-specific imaging, female 36 yr old with muscular dystrophy & intractable epilepsy & bilateral temporo-occipital lissencephaly, 21606
hypnosis with sedation & diaphragmatic respiration, ability to complete MRI procedure, highly claustrophobic 45 yr old male army veteran with history of panic disorder & somatic complaints, 16180
lateralized auditory perception & contralaterality of processing in auditory cortex assisted by MRI & magnetoencephalography, 18–41 yr olds, 13247
links between depression & cardiac disease & microcirculatory cerebral blood flow using magnetic resonance imaging technique, depressed vs nondepressed elderly patients with coronary artery disease, 37803
magnetic resonance imaging measures, intracranial volume & ventricular & sulcal enlargement, 10–18 yr old schizophrenic vs bipolar vs healthy patients, 26198
magnetic resonance imaging measures, intracranial volume & ventricular & sulcal enlargement, 10–18 yr old schizophrenic vs bipolar vs healthy patients, commentary, 29405
magnetic resonance imaging of age-related differences in structural maturation of neural pathways, 4–17 yr olds, 13899
magnetic resonance imaging study of signal hyperintensities & neuropsychological functioning, 65 yrs & older depressed patients, 14490
magnetic resonance spectroscopy for investigation & management of neurological disorders, 34673
magnetic resonance spectroscopy, differentiation of frontal white &/vs temporal gray matter neurochemistry in healthy vs pathological aging, 62–83 yr olds with probable Alzheimers disease, 8659
method for measuring hippocampus & amygdala & entorhinal cortex on MRI, 3855
method for MRI-based in vivo measurement of amygdala volume allowing for separation from hippocampal formation, 32–52 yr old males, implications for study of psychiatric disorders , 23300
method for reducing scanner noise in auditory function MRIs, 19–46 yr olds, 13611
methodology of volumetric MRI, schizophrenia vs high risk patients, 32689
methods for identification & correction for stimulus-correlated motion in generic brain activation studies, 25–45 yr old schizophrenics, 14538
mixture model mapping of brain activation in functional magnetic resonance imaging data, 13538
MRI assessment of hippocampal activity during delayed cued recognition & memory of linguistic material, adults, 26579
MRI brain activations during auditory & visual processing, 22–38 yr olds, 13528
MRI changes during water loading, male schizophrenic patients with polydipsia & intermittent hyponatremia, 24272
MRI of cortical gray & white matter changes in volume, 9.2–17.9 yr olds with childhood-onset schizophrenia, 4 yr followup, 27700
MRI scans of volumes of total cerebrum & lateral ventricles & hippocampus & amygdala, adolescents (mean age 14.4 yrs) with childhood onset schizophrenia, longitudinal study, 37362
MRI signal hypointensity & iron content of putamen nuclei, elderly patients with major depression, 4924
MRI volumes of hippocampus & amygdala, 26–59 yr olds with Down's syndrome with or without dementia, 18158
MRI-assessed correlates of depression, patients with early vs late onset Alzheimer's disease, 2019
MRI-assessed thalamic & total brain & intracranial volumes, patients with schizophrenia & their healthy siblings, 8154
MRI-based morphometric analysis of thalamic & amygdala–hippocampal volume, 20–65 yr old nonpsychotic & nonschizotypal 1st-degree relatives of schizophrenics, 37387
neural substrate underlying processing of emotion-related meanings using functional MRI, 25–36 yr olds, 10459
neuroimaging analysis of separating learning related changes from nonspecific time effects, 22–29 yr olds, 20131
neuropsychological correlates of simple 2-choice guessing, 29–41 yr olds, 13537
non-labeled based nonlinear spatial normalizations using basis functions, 19678
patterns of sensory dysfunction & correlations with MRI, 28–84 yr old patients with lateral medullary infarction, South Korea, commentary & reply, 8675
phosphorous magnetic resonance spectroscopy, assessment of phospholipid metabolism, schizophrenic patients on medication, 14573
prediction of neurodevelopmental outcome using cerebral proton magnetic resonance spectroscopy & structured neonatal neurological assessment, infants with presumed hypoxic-ischaemic brain injury, 1 yr followup, 34604
proton magnetic resonance spectroscopy of frontal lobe biochemical alteration, 28–68 yr old bipolar patients, 24198
quantitative functional MRI methods to study visual cortex & to measure neuronal correlates of visual perception, humans, 33211
role of MRI & SPECT & neuropsychological tests in early diagnosis of frontal variant of frontotemporal dementia, 49 & 50 yr old male patients, 4 & 7 yr studies, 18377
single high altitude exposure, brain MRI & neuropsychological testing, 31–48 yr old male climbers, 29761
structural & functional & clinical significance & MRI of planum temporale in normal vs schizophrenic vs dyslexic brains, 14414
structural & functional neuroimaging findings related to alcohol & cocaine use & dependence & neuropathologic changes associate with acute & long-term substance consumption, 27871
structural CT & MRI findings to evaluate evidence for pathophysiology neuroanatomic model in mood disorder patients, commentary, 1516
structural CT & MRI findings to evaluate evidence for pathophysiology neuroanatomic model in mood disorder patients, commentary reply, 1546
symptoms & etiology & diagnosis & surgical treatment of dementia resulting from normal pressure hydrocephalus & use of phase-contrast CSF MRI for patient screening, 31249
use of cerebral MRI in detection of possible child abuse, 1–8 mo olds with unexplained neurological findings, 17982
use of medial temporal lobe MRI volumetry to clinically differentiate dementia with Lewy bodies from Alzheimer's disease, patients (mean age 72 yrs), 5353
use of neurochemical & magnetic resonance imaging techniques for examination of biochemistry of schizophrenia, 34191
volumetric MRI study & clinical & cognitive correlates of the cerebellum & vermis, schizophrenia patients (mean age 37.6 yrs), 27690
Magnetic Resonance Imaging—Chapters
Cocaine effects on brain function, 3805
Modern phrenology: Maps of human cortical function, 26668
Magnetism—Serials
AC pulsed electromagnetic fields applied transcranially over temples, depth perception & ambulatory capability, 51 yr old female with secondary progressive multiple sclerosis, 31804
AC pulsed electromagnetic fields in picotesla flux density, cognitive function as assessed by picture orientation on Draw-A- Bicycle Test, 42–71 yr olds with Parkinson's disease or Parkinsonism, 2483
correlation of increased geometric activity & biting vs boxing vs other group activities, epileptic male rats, 3918
design & implementation of computerized multi energy sensor array MESA, detection of low frequency electromagnetic field fluctuations in hallucinations & other psychological phenomena, 6423
left prefrontal repetitive transcranial magnetic stimulation, mood, 20–64 yr old right-handed outpatients with major depression, commentary & reply, 18763

left prefrontal repetitive transcranial magnetic stimulation, Ss with resistant major depression, 25264
light vs magnetic compass orientation, foraging behavior, weaver ants, 3714
magnetic stimulation of left parietal cortex vs V5 area, performance on conjunction visual search tasks with targets in left vs right visual field, 23–35 yr olds with vs without previous training, 10464
potential treatment applications & mechanisms of action & safety of transcranial magnetic stimulation & use in brain mapping & understanding brain-behavior relationship in neuropsychiatry, 17761
potential uses of transcranial magnetic stimulation in study of learning & memory, 10414
relative importance of visual & magnetic information at dusk for orientation, juvenile pied flycatchers in active autumn migration, 16775
repetitive transcranial magnetic stimulation in treatment of medication-resistant depressed outpatients aged 30–52 yrs, 12257
repetitive transcranial magnetic stimulation, depression, 36 yr old pregnant female, 12261
short trains of transcranial magnetic stimulation over left or right dorsolateral prefrontal cortex or medial frontal cortex, random letter generation, healthy 29–39 yr olds, 10421
short trains of transcranial magnetic stimulation over left vs right dorsolateral prefrontal cortex, random number generation, 28–42 yr olds, 3863
side effects & efficacy in reducing depressive symptoms of low-frequency range right prefrontal repetitive transcranial magnetic stimulation, 27–88 yr olds with major depression, 2 wk study, 18760
single pulse transcranial magnetic stimulation of sensorimotor & posterior premotor & anterior premotor cortex, effects on signal & set & movement related activity, Ss, 10452
single pulse transcranial magnetic stimulation over occipital lobe, timing of visual processing in circumstriate visual cortex during forced-choice visual letter identification task, 22–32 yr olds , 10403
topographic relationship of phosphenes & transient scotomas induced by transcranial magnetic stimulation of occipital lobe, 21–35 yr olds, 10424
transcranial magnetic stimulation in depression & Parkinson's disease & other neurological & neuropsychiatric conditions, commentary, 15370
transcranial magnetic stimulation over temporo-parieto-occipital junction vs occipital cortex, motion discrimination & spatial acuity, 18–49 yr olds, 10418
use of geomagnetic cues in shoreward orientation, nudibranch molluscs, 29746
use of transcranial magnetic stimulation as neuropsychological tool allowing study of brain area roles without masking effects of cortical reorganization, 10465
use of transcranial magnetic stimulation in treatment of psychiatric disorders, 15364
use of transcranial magnetic stimulation to study neural plasticity, 10444
whole-body weak electromagnetic primed burst stimulation, associative learning of fear conditioned hypoalgesia, female rats, 36513

Magnetoencephalography—Serials

anticipation & execution of oral or silent reading task, EMG changes following left & right hemisphere transcranial magnetic stimulation, 25–49 yr olds, 23406
auditory processing of 3 types of mismatch tones, neuromagnetic mismatch field, 21–59 yr old males with schizophrenia, 11421
common spatial subspace decomposition for analysis of magnetoencephalography & EEG brain responses under multiple task conditions, 23414
conditioning stimulation of upper limb, lower limb motor EPs to transcranial magnetic stimulation, healthy 65 & 70 yr olds with left thalamic infarcts, 24790
functional MRI vs magnetoencephalography of cortex during finger movement vs tactile vs auditory stimulation, 26–37 yr old males, 3922
gyral MEG response to silent reading of Kanji characters vs meaningless figures as measure of neural semantic processing, native speakers of Japanese vs German, 3866
hand preference & transcranial magnetic stimulation asymmetry of cortical motor representation, 25–51 yr olds, 33259
lateralized auditory perception & contralaterality of processing in auditory cortex assisted by MRI & magnetoencephalography, 18–41 yr olds, 13247
location of coordination of speech movements in dominant hemisphere via magnetoencephalographic signals, 24–28 yr olds, 23392
magnetic stimulation & topography of corticomotor projection to hand & functional reorganization of motor centers & motor recovery, 17–72 yr olds with subcortical infarcts & motor deficit, 24786
magnetoencephalographic single trial analysis of neurophysiological correlates of recognition of complex objects & facial expressions of emotion, adult males, 33225
magnetoencephalography measured spontaneous abnormal brain activity, 18–49 yr olds with multiple sclerosis, 21467
magnetoencephalography, stroke & psychiatric patients, 24100
method for application of large-area vibrotactile stimuli to palms holding balloon during magnetoencephalography, somatosensory & auditory evoked fields, healthy Ss, 29450
neural encoding of syllables with short vs long lag voice onset time, evoked magnetic fields in left vs right supratemporal plane, 24–42 yr olds, 16890
neuromagnetic fields in primary auditory cortex during auditory selective attention, 20–30 yr olds, 547
neurophysiological correlates of recognition of facial expressions of emotion as revealed by magnetoencephalography, 24–35 yr old males , 16950
perception of consonant-vowel syllables varying in voice-onset time & left-hemisphere event-related magnetic field correlates, adults, 567
sensitivity of instantaneous EEG vs magnetoencephalogram coherence during elementary comparison processing, 20–25 yr olds, 16981
spontaneous magnetoencephalographic activity, male schizophrenics treated with clozapine (mean age 28.3 yrs) vs haloperidol (mean age 31.3 yrs) , 18737
task-driven attention to visual coherent motion & acoustic stimuli, gamma-band magnetoencephalographic activity, 22–36 yr olds, 29919
yawning & stretching during transcranial therapeutic application of pulsed electromagnetic fields & role of ACTH, female multiple sclerosis patients with mild motor disabilities, 9031

Magnitude of Effect (Statistical) [See Effect Size (Statistical)]

Maids [See Domestic Service Personnel]

Mail Surveys—Serials

mail surveys vs interviews for evaluating HIV counseling & testing sites, 22904
weighting & nonresponse bias in mail survey, policy & attitudes toward caravan dwellers, Dutch municipalities, 6740

Mainstreaming [See Also Mainstreaming (Educational)]—Serials

academic thinking & ideas & normalization & its reconceptualization as Social Role Valorization & relation to services for people with learning disabilities, UK, 30989
demographics & injury severity & functional variables as predictors of community integration & vocational outcomes, patients with traumatic brain injury (mean age 35.8 yrs), 2–5 yr followup, 31221
evaluation of & reasons for using extended leave of absence & patient characteristics & support, Scotland, 1988–1994, 22161
integration of gifted students into kindergarten, educational & educator outcomes, 4–5 yr olds & their teachers, 25825
meaning entrepreneurship in inclusive education process, parents of 6–17 yr olds with severe disabilities, 29023
recruitment of teacher attention in inclusive education settings, middle school students with learning disabilities, 9539
self- & peer- & teacher-rated cognitive & physical & social & academic competence in 1st-yr inclusive-education program evaluation, K–5th graders with vs without disabilities, 29038

Mainstreaming [See Also Mainstreaming (Educational)]—Chapters

Community integration and supported employment, 15120

Mainstreaming (Educational)—Serials

attitudes & perceptions of roles & responsibilities of mainstreaming learners of English as additional language, class teachers of English as additional language pupils, 35464
attitudes toward competence to implement inclusion of students with disabilities, elementary vs middle vs secondary school counselors, 3002
attitudes toward educational inclusion of students with mild disabilities, school principals & special education teachers, 28920
attitudes toward integration of adolescents with disabilities into school sports programs, interscholastic coaches, 2968
characteristics & staff perceptions of on-site units for students with emotional & behavioral difficulties in order to integrate students with special educational needs into mainstream schools, 6261
child diagnosis & age & current educational placement, perceptions of educational placement & opinion of inclusive education vs mainstreaming, parents of 2–18 yr olds with Down's syndrome vs autism, 34432
clinical issues in identification & treatment & partnership model & development & outcomes of inclusion classroom, kindergarten students with developmental apraxia of speech, 22550
collaborative teaching model, consumer perspectives & satisfaction, students with vs without learning disabilities & their parents, 34457
collaborative teaching partnership for inclusion of special needs students, 29013
Comprehensive System of Personnel Development needs assessment survey, perceptions & inservice needs concerning inclusion of disabled students, state general educators & special education teachers, 26222
contribution of individual & environmental variables to sociometric-status-group differentiation, mainstreamed 8–12 yr olds with moderate learning difficulties, 9547
coping issues in & teacher attitudes during educational mainstreaming, students with neuromuscular disease, 16016
counseling needs, student with mild disabilities in mainstream general education, 2963
description of inclusive educational program, 12-yr-old male 5th grade student with deaf-blindness, 25818
effects of classwide peer tutoring, 8–10 yr olds with mild mental retardation & typical peers in inclusive classroom setting, 28941
evaluation of inclusion efforts at an elementary school undergoing educational reform, special education teachers & administrators & other school staff & students with mild to moderate disabilities, 19354
experiences & activities & peer & adult interactions & social behavior in inclusive preschool programs, 3–5 yr olds with vs without disabilities, 38885
experiential inservice program with vs without delayed consultation processes, facilitation of educational mainstreaming of students with emotional or behavioral disorders, school district personnel, 25715
factors in inclusive vs noninclusive educational program placement, preschool children with disabilities, 16005
impact of health condition on school life, 11–16 yr olds with chronic illness or physical disability in mainstream school, 29026
inclusion & individual education plan & school administration/personnel improvements & parent empowerment quality goals of 1997 Amendments to Individuals with Disabilities Education Act, children, 16273
legal basis for amendments to Individuals with Disabilities Education Act & 4-step approach to determine supplementary aids & services for children with disabilities, 9545
peer-mediated procedures for use in inclusion of children with special needs in preschool education, 29025
perceptions of school to work transition & school integration & development of & strategies needed to reach & hindrances to future goals, adolescents with acquired brain injury & their parents, 35539
perspectives & experiences when working with inclusion students, 22–46 yr old paraeducators, 16008
process of permanent exclusion & returning pupils to mainstream schools using Fresh Start programs, permanently excluded pupils & their parents & home tutors & educational psychologists, 6139
role in inclusion program for students with special needs, school counselors, 2972
role of school counselors in structure & function of multidisciplinary team approach to inclusion of students with disabilities, 2964
task-related &/vs off-task student–teacher interactions in inclusive classrooms, K–2nd grade exceptional/mildly disabled vs at-risk vs typical learners & their teachers, 29017
understanding of needs of mainstreamed hard of hearing students & information source preferences, elementary–high school teachers, 22399
university–school classroom partnership & continuous progress inclusion model & team collaboration for educational restructuring, students with language-learning disabilities, 22557
university–school classroom partnership & continuous progress inclusion model & team collaboration for educational restructuring, students with language-learning disabilities, errata, 29036
use of COACH & VISTA educational planning tools in inclusive preschool program, 4 yr old male with Down's syndrome attending general education preschool, 9548
vocabulary learning & story comprehension, K–2nd grade students taught in small groups with vs without inclusion of 5–8 yr old student with intellectual disabilities, 29032

Mainstreaming (Educational)—Books

Inclusive schooling: National and international perspectives, 2976

Mainstreaming (Educational)—Chapters

The alternative to ideological inclusion, 2981
Challenges to inclusive education: A European perspective, 2978

Changing tactics: Embedding inclusion reforms within general education restructuring efforts, 2977
Characteristics of elementary school classrooms where children with moderate and severe disabilities are included: A compilation of findings, 2982
Factors for successful inclusion: Learning from the past, looking toward the future, 2979
Inclusion implementation and practices in Scandinavia, 2985
The inclusion of students with disabilities in school reform and restructuring: An analysis of five local school districts, 2980
Inclusion practices in Canada: Social, political, and educational influences, 2986
International perspectives in community-based services, 38914
The law on inclusion, 2984
New directions in educational programming for students with autism, 16020
Parents and inclusive schooling: Advocating for and participating in the reform of special education, 2983
Psychological perspectives on exceptionality, 27951
Maintenance Therapy—Serials
alternate-day buprenorphine dose, precipitated withdrawal, female 34 yr old opiate addict , 12516
attitudes & practices of amphetamine prescription to dependent users, senior medical specialists in drug dependence, England & Wales, 2778
attitudes toward buprenorphine maintenance drug abuse treatment, general practitioners, 2788
benefits & risks of maintenance treatment with atypical antipsychotics, schizophrenic patients, 8914
buprenorphine vs naltrexone maintenance therapy, attenuation of opioid effects, opioid-experienced 35–49 yr olds, 35327
chronic lithium maintenance therapy, peripheral nervous system & sensory & motor nerve conduction velocity, 21–65 yr olds with bipolar disorder, 21889
continuation of fluoxetine after acute treatment, panic attacks & other symptoms, treatment responders with panic disorder, 24 wk study, 15317
factors involved in very delayed relapse following smoking cessation, former smokers at risk of relapse, 5923
fluoxetine maintenance therapy, adverse effects, patients with depression, 6 mo study, 25234
group cognitive behavior therapy with vs without parent involvement & with vs without booster sessions, 14–18 yr olds with major depression or dysthymia, 24-mo study, 15178
lithium maintenance therapy & age & family history of thyroid illness, thyroid & parathyroid function & hypothyroidism, male vs female patients with bipolar disorder, followup study, 21915
long-term maintenance & discontinuation of imipramine therapy, 18–65 yr olds with panic disorder & agoraphobia, 34998
long-term treatment & maintenance therapy with antidepressant drugs, patients with unipolar major depression, 31660
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, commentary, 21668
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, 11978
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, commentary reply, 21662
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, comment, 11971
research designs for study of mood stabilizer maintenance in bipolar disorders, 18665
risk of tardive dyskinesia with conventional medications & efficacy & safety of long-term maintenance with olanzapine, patients with schizophrenia, 15305
safety & efficacy of maintenance therapy with sertraline, outpatients with chronic major or double depression, comment, 28395
safety & efficacy of maintenance therapy with sertraline, outpatients with chronic major or double depression, reply, 28446
short term & maintenance & prophylactic uses of mood stabilizing & anticonvulsive & antipsychotic drugs, bipolar patients, 34999
use of & indications for & factors affecting continuation or maintenance ECT , 5691
Major Depression [See Also Dysthymic Disorder, Endogenous Depression, Postpartum Depression, Recurrent Depression, Treatment Resistant Depression]—Serials
2 vs 3 time a week ECT, rate of recovery from depression, 21–84 yr old patients with major depressive episode, 5694
20 hr training program, improvement of ability to detect & diagnose & manage depression, primary care physicians, 35409
5-HT neurotransmitter system as substrate for functional deficits & clinical symptomatology in aging & late-life depression & Alzheimer's disease, commentary, 27477
5-HT neurotransmitter system as substrate for functional deficits & clinical symptomatology in aging & late-life depression & Alzheimer's disease, commentary reply, 27480
abnormal lipid metabolism & development of schizophrenia, commentary, implications for understanding & treating major depression, 27711
absence of visual & auditory P300 reduction, male vs female alcoholics with vs without depression, 37566
access to care & treatment for depression, Black vs White privately insured vs Medicaid patients, 22140
acculturation & self esteem & depression & perfectionism & eating disorders, male vs female Chinese college students (aged 17–28 yrs), 11737
acculturative stress & depression & suicidal ideation, immigrant Mexican-American adolescents, implications for development of suicide prevention programs in schools, 4844
accurate diagnosis & psychosocial & pharmacological treatment of depression, elderly patients with dementia, 35168
activity of locus ceruleus neurons & degeneration of norepinephrine system, depressed vs nondepressed elderly patients with Alzheimer's disease, 11900
acute dystonia following trazodone, 14-yr-old hospitalized male with major depressive disorder with psychotic features, 8953
acute phase cognitive therapy vs phenelzine, outpatients with major depressive disorder & atypical features, 21654
acute symptoms & subsequent depression in disaster-related bereavement, 22–47 yr old survivors of plane crash crew, 33966
acute tryptophan depletion & cognitive impairment & acute depressive relapse & brain activity, 27–64 yr old males, 27632
acute vs chronic sigma receptor agonists, behavioral despair & immobility in tail suspension, male mice, animal model of depression, 759
adaptive occupational functioning, 21–64 yr old patients with schizophrenia vs major depression vs bipolar disorders, 1457
addition of fluoxetine to selective serotonin reuptake inhibitor tapering & discontinuation, withdrawal symptoms, 25–74 yr olds with major depression &/vs panic disorder, 12147
adequacy of drug continuation & maintenance after hospital discharge, patients with depression, 15330
adherence to antidepressant continuation treatment guidelines, relapse or recurrence, patients with depression, 6–18 mo follow-up, 8925
adult outcomes of 6–15 yr olds with prepubertal-onset major depressive disorder vs anxiety disorder, 11.9 yr average followup, 34081
adverse mother–child & father–child interaction & maternal expressed emotion during middle childhood & adult depression, 25–31 yr old women, 37322
adverse reactions of antidepressant, elderly patients, 38294
affective components of maternal role attainment, adolescent mothers who reported depression during pregnancy & postpartum, 11040
affective foreground stimuli, modulation of startle reflex, 23–60 yr old patients with major depressive episode , 30647
age & anthropometric & metabolic parameters & disorders & depression & malnourishment, 65–106 yr olds, 8024
age & serum alpha-1-acid glycoprotein concentrations, 18–87 yr old male vs female inpatients with unipolar major depression or bipolar disorder, 37340
age & sex & affective disorder subtype & medication status, autoantibodies, 22–79 yr olds with bipolar I vs bipolar II vs major depressive disorder, implications for autoimmunity, 34110
age & sex & education & ethnicity & marital status & apolipoprotein E genotype & memory complaints, risk for depressive symptoms, non-demented community-dwelling elderly (mean age 75.2 yrs), 30667
age & sex, Beck Depression Inventory prevalence of self rated depression & factor structure, 33–60 yr old twins considered as individuals, longitudinal study, Finland, erratum, 1550
age & sex, risk factors for suicide attempts, rural adults, Spain, 30837
age differences, sadness as symptom of depression, community dwelling under 65 yr olds vs over 65 yr olds, 1981 vs 94, 17864
age, anxiety & depression, 18–79 yr olds, 17814
age, cardiac vagal tone as measure of parasympatholytic property of tricyclic antidepressants, 20–62 yr olds with melancholic type major depression, 18703
age, suicidal ideation, 50+ yr old depressed inpatient suicide attempters vs nonattempters, 37457
age-18 dysphoric symptoms, emotional distress & psychological adjustment, 23 yr old males vs females, 1518
age-specific & cumulative lifetime rates of psychopathology, 6–23 yr old offspring of parents diagnosed with major depressive disorder, 10-yr followup, commentary, 1551
age-specific & cumulative lifetime rates of psychopathology, 6–23 yr old offspring of parents diagnosed with major depressive disorder, 10-yr followup, commentary reply, 1554
agentic & communal interpersonal behavior & dependency & self-criticism & affect, 20–69 yr old employed adults, implications for evolutionary accounts of vulnerability to depression, 37341
agitated melancholia & mixed states with the psychopathology of agitated depression, diagnostic criteria & clinical forms, 37318
algorithm involving psychomotor disturbance & endogeneity symptoms & tiered model of psychotic vs melancholic vs nonmelancholic subtypes & comparison with DSM-IV criteria sets, depressed patients, 37327
alpha-methylparatyrosine administration, brain catecholamine depletion-induced depression relapse, medication free euthymic 19–46 yr olds with history of major depression, commentary, 21076
alpha-methylparatyrosine administration, brain catecholamine depletion-induced depression relapse, medication free euthymic 19–46 yr olds with history of major depression, 21071
analysis of impact of unemployment on depression & factors associated with well being, 17–65 yr old Blacks vs Whites,, 24219
analysis of medicalization & empowerment themes in experiences of diagnosis & treatment, 19–66 yr old females with depression, 21079
anger & aggression & depression & anxiety, 6–12 yr olds with vs without ADHD, 30943
anger attack prevalence & drug treatment, depressed patients, 27592
anger suppression & fear of expressing anger in self silencing & anger attacks, adults recovering from depression, 27583
anticonvulsant lamotrigine, self-injury & bulimia nervosa, 23- yr-old male & 28-yr-old female with depression & treatment- resistant impulse tendencies, 21878
antidepressant drugs with vs without cognitive–behavioral psychotherapy, 18–65 yr olds with major depression & dysthymia, 6 & 12 mo followups, 24917
antidepressant drugs, sleep disturbances, patients with depression, 31703
antidepressant effectiveness in treatment of severe depression & melancholia, 15338
antidepressant efficacy of dual-acting mirtazapine, difficult to treat depressed patients, 31649
antidepressant medication & psychotherapy in primary care managed care settings, cost-effectiveness, adults with major depression & dysthymic disorders, 2 yr study, 11990
antidepressant medication vs cognitive behavior therapy treatment outcomes, outpatients with severe depression, mega-analysis of 4 randomized comparisons, 27590
antidepressant mirtazapine, patients with comorbid depression & anxiety, 31681
antidepressant properties of lofepramine & its desmethylated metabolites in forced swim & olfactory bulbectomized rat models of depression, male rats, 13761
antidepressant treatment, depressed inpatients with vs without suicide attempt, 12220
antidepressant treatment, plasma concentrations of GABAergic neuroactive steroids & its precursors during depression vs after recovery, 34–66 yr old patients with major depression, 12244
antidepressants, depression, patients with physical diseases, 34975
antidepressants, lipopolysaccharide, induced depressive behavior & anhedonia, rats, 36622
anxiety & affect & depression, adult smokers vs nonsmokers, 7760
anxiety & alcohol abuse, hospitalized male vs females with major depression, 4907
anxiety & anxiety sensitivity & depression in functional gastrointestinal disorders, college students, 37770

anxiety & depression & suicidal ideation within 4–6 wks of revelation of HIV-seropositive status, 20–40 yr old heterosexuals in India, 1974
anxiety & depression following severe injury or trauma, patients aged 15 yrs or older, 5 yr prospective follow-up study, 21046
anxiety & depression, asthma development, 25–74 yr old nonasthmatic persons, 37759
anxiety & depression, law students, 14441
anxiety & depressive disorders in mothers & fathers of separation anxiety induced & phobic disorder based school refusers, 27539
anxiety disorders & personality factors & lifestyle, episodes of major depression, adults with non-clinical depression, 15-yr-study, 27645
anxiety levels & symptoms of depression, elderly patients with newly diagnosed systolic hypertension, 8579
anxiety, primary care treatment outcomes, depressed patients, 27549
anxiety-depression syndrome vs major depressive disorder symptoms, adolescents , 27518
anxiolytics & antidepressants, major depressive disorder & generalized anxiety disorder, 5610
anxious depression & differential diagnosis & treatment of coexisting depression & anxiety, 8067
apathy & etiology lesion location & depression & psychophysiological reactivity, 16–60 yr olds with acquired brain damage, 18339
apolipoprotein E genotype, patients with late-onset depressive disorders, Japan, 11372
apolipoprotein-E genotype & psychosis & depression symptoms, patients with Alzheimer's disease or probable Alzheimer's disease (mean age 74.8 yrs), 18381
apomorphine & clonidine, growth hormone response & noradrenergic function & the Tridimensional Personality Questionnaire, major depressive inpatients (mean age 42.1 yrs, 4910
applicability & validity of Major Depression Inventory & concurrent validity with Zung Self-Rating Depression Scale, 36–70 yr olds with Parkinson's disease , 65
application of item response models to problems in assessment of depression, 6631
approach vs avoidance coping strategies, anxiety & depression & well-being, 32–74 yr old patients with coronary heart disease, 1 yr study, 34600
aspects of social support & subjective well-being as measured by depressive symptomatology & positive & negative affect, 16–19 yr olds, 30222
association between depression & disability in late life, 7594
association between depression & outcome from alcohol rehabilitation, 23–65 yr old alcoholics seeking treatment, 3 yr follow-up, 11619
association between level of depression & negative attributional style, inpatients with schizophrenia, 34138
association between long-term medical conditions & major depression & health care service use & disability, 12 yr olds & older, 14410
association of fibromyalgia with vs without depressive symptoms & increased serum concentrations of interleukin-6 & relation to severity of fibromyalgia, patients, 17877
association of interleukin-6 & other biologic variables with depression, rural & urban community-dwelling older people (aged 70+ yrs), commentary, 34128
association of interleukin-6 & other biologic variables with depression, rural & urban community-dwelling older people (aged 70+ yrs), 11358
attribution to covariation information, adults with depression, 1515
attributional style & depression & anxiety, 8–14 yr olds, 4884
attributional style & depression & loneliness, Chinese vs US college students, 14476
attributional style & psychodynamic defense mechanisms, dysphoria, 17–49 yr old undergraduates, 30672
atypical & psychotic features & age at onset & comorbidity & duration & severity & recurrences & chronicity of disorder, male vs female outpatients with bipolar II or unipolar depression, 27579
augmentation of antidepressants by estrogen, women with peri- & postmenopause, 2398
autobiographical memory functions & course of depression, 20-73 yr olds with major depression, 6-mo followup, 27582
Axis II personality pathology & dysfunctional cognitions, formerly depressed adult inpatients, 11499
basal prolactin & pattern of secretion, 6–12 yr olds with major depressive disorder, 30666
basic research into prevalence & natural course & comorbidity of childhood depressive disorders & proposed hybrid 'cognitive-behavioral therapy within interpersonal context' treatment model, 17883
Beck's & hopelessness theories of depression & negative cognitive style as predictor of depression, Temple-Wisconsin Cognitive Vulnerability to Depression project, 21066
Beck's & L. Y. Abramson et al's theories of cognitive vulnerability to depression & supporting evidence, 17855
befriending intervention, remission of symptoms, adult inner-city females with chronic depression, 1 yr followup, 15082
beginning of findings from National Longitudinal Epidemiologic Survey on impact of early onset tobacco use on both illicit drug abuse & dependence & major depressive disorders, adults, 14398
behavioral couples therapy & individual psychotherapy for individual & marital problems associated with depression & alcohol abuse & anxiety disorders, 15136
bereavement-related traumatic grief & anxiety & depression, mental & physical health outcomes, widows vs widowers, 17813
beta-endorphin concentrations in peripheral blood mononuclear cells, patients with chronic fatigue syndrome vs depression, 37237
biases in visual attention to threat related or depression related stimuli, 9–18 yr olds with generalized anxiety disorder vs mixed anxiety-depression, 27556
binding of [125I]p-iodoclonidine to alpha-2 &/or beta-1 & beta-2 adrenoceptors in right prefrontal cortex & hippocampus, autopsied brains of 23–83 yr olds with major depression or schizophrenia , 24144
biological markers of major depression, males vs females with major depression, United Arab Emirates, 1500
biopsychological interactions & treatment considerations of depression in coronary artery disease & cancer & HIV & Parkinson's disease & pain & sex hormone changes of aging, 14393
biopsychosocial distress adaptation model of depression, 27578
body dysmorphic disorder with focus on eye prosthesis, 27 yr old male with major depression & recurrent severe PTSD, 34076
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary, 11775
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary reply, 11782
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary reply, 11785
brain dopamine transporter density, outpatients with major depression, 27603
brain serotonin & mechanism of action of selective serotonin reuptake inhibitors & pharmacological treatment guidelines, elderly patients with depression, 8876
brief behavior & cognitive therapy, anxiety & depressive disorders, 24989
brief domiciliary-based nurse intervention, older adults with depression, 6–23 mo followup, 38559
bullous vasculitis & fever & neutrophilia after therapy with diazepam, 50-yr-old woman with chronic depression & alcohol dependence, 25204
bupropion & lithium, constipation, 80-yr-old female with major depression, 21909
bupropion & treatment efficacy of late-life- & major depression & pharmacokinetics & mechanism of action & side effects & bulimia & cytochrome P450 system & drug metabolism, comment, 18699
bupropion slow-release response, patients (mean age 44.9 yrs) with bipolar vs atypical vs typical depression , 2321
bupropion, plasma imidazoline receptor binding protein immunodensity, depressed patients (mean age 41 yrs), 25237
buspirone augmentation of fluoxetine or paroxetine or citalopram or clomipramine, outpatients with single or recurrent episode major depression, 8883
buspirone, sexual dysfunction, depressed patients treated with selective serotonin reuptake inhibitors, 21917
buying style & patterns, inpatients with major depression presenting with vs without compulsive buying, 11366
cardiac event, drug treatment for depression, 50–79 yr old cardiac patients, 28507
cardiovascular effects of tricyclic antidepressants & selective 5-HT reuptake inhibitors, elderly patients & cardiac disease patients with major depression, 5624
caregivers perceptions regarding patients' ability to control depressive symptoms, depression recovery, geriatric psychiatry inpatients (mean age 77.2 yrs), 30652
caregiving stressors & well-being measured by depression, caregivers of disabled 79–101 yr olds, 18997
causal relationship between stressful life events & onset of major depression, female twins, 1 yr study , 24205
cause & nature of atypical EEG patterns & infant temperament & levels of affection toward mother, 13–15 mo olds of depressed mothers , 34099
causes & assessment & treatment of sexual dysfunction, depressed patients being treated with antidepressant drugs, 31653
changes in caregiving demands & activity restrictions, depressive symptomatology, adult caregivers of patients with stroke & hip fracture & heart disorders, 3 & 6 mo studies, 2637
changes in level of anxiety & depression & life satisfaction & self-blame, males with continuing infertility vs those whose partner became pregnant, 18-mo study, 18257
characteristics & diagnosis & treatment of depression, patients with epilepsy, 34650
characteristics & treatment of depression, patients with Parkinson's disease, 37822
characteristics of chronic pain & depression & physical symptoms & activity level, Holocaust survivors (mean age 67.9 yrs) , 14632
child directed speech, associative learning, mothers with depression & their 4-mo-olds, 24203
child sexual abuse & major depression & possible role of other types of maltreatment in development of major depression, 17.4–57.2 yr old low income females, 11306
childhood sexual &/or physical abuse, depression & self-esteem, low-income adult females, 17972
childhood sexual abuse history, depressive symptoms during pregnancy & pregnancy outcomes, pregnant females (aged 18 yrs & older), 24386
cholesterol levels & depression & anxiety & suicidal behavior & impulsivity & aggression, 12–21 yr old psychiatric inpatients, 30601
chronic desipramine treatment & catecholamine levels in specific brain regions, Flinders Sensitive Line rats, model of depression, 23366
chronic strain & perceived mastery & ruminative coping, vulnerability to depressive symptoms, male vs female 25–75 yr olds, 1 yr study, implications for women's perceived environmental control, 37325
chronic systemic physical & neurological disorders, disability & depressive symptoms & life satisfaction as indicators of life quality, 75+ yr olds, erratum, 27461
chronological age vs pubertal status in prediction of symptoms of depression, Black vs White vs Hispanic 10–14 yr old females, 34108
cigarette smoking, natural killer cytotoxic activity, depressed adult males, 21086
cigarette smoking, natural killer cytotoxic activity, depressed adult males, commentary, 21087
ciprofloxacin & olanzapine, plasma concentration of olanzapine, 54-yr-old female with major depressive disorder with psychotic features, 21922
circular scaling questions & acquisition of new information in therapeutic conversation, 9 yr old male with depression & his mother, 15153
citalopram, depression, 44–79 yr olds with idiopathic Parkinson's disease, 2406
citalopram, interindividual differences in cardiac conduction & repolarization, healthy males & 18–92 yr olds with major depression &/or Alzheimer's disease, 38298
client choice of vs assigned cognitive or behavior change targets of self-management therapy, depressed 60–86 yr olds, 15156
client vs therapist ratings of therapeutic alliance, depression & drug use outcomes, 19–59 yr old cocaine dependent outpatients in cognitive vs dynamic therapy vs drug counseling, 18473
clinical & demographic & social characteristics, 18–59 yr olds vs 60 yr olds & older with psychotic vs with nonpsychotic depression, 24172
clinical & demographic characteristics, delusional vs nondelusional adult inpatients with bipolar vs major depressive disorder, 37288
clinical & demographic characteristics, outpatients with unipolar vs bipolar psychotic depression, 34092
clinical & neuropsychological & SPECT imaging changes, 65–91 yr olds with depression, 2-yr followup, 34105
clinical & neuroradiologic features & medical comorbidity & cerebrovascular disorders & other risk factors associated with chronicity, 57–75 yr old outpatients with late-life depression, 37319
clinical correlates or major depression in Cushing's syndrome, patients with pituitary-dependent Cushing's disease, 8015
clinical course & psychosocial correlates of unipolar depression, 17–18 yr old females, 5 yr study, 27621
clinical effects & serum concentrations of fluvoxamine, patients with major depression, 5635
clinical fatigue prevalence & depression & physical function limitations & disability, gay/bisexual males without HIV vs with HIV at CD4 counts of 200–500 vs >500 vs with AIDS, 1 yr followup, 8556
clinical features & brain morphology & etiology, 65–85 yr olds with psychotic vs nonpsychotic major depression, 14504

clinical features in psychotic late-life depression vs psychotic depression in younger patients, outpatients with unipolar vs bipolar depression with vs without psychotic features, 37304
clinical features of depression & dementia & akinetic rigid syndrome & atypical cortical atrophy in neuroimaging findings, 58 & 61 yr old females with Huntington's disease, 5344
clinical management with vs without cognitive therapy, relapse prevention, 21–65 yr olds with residual depression, 34869
clinical predictors of short-term outcome & cognitive side effects of ECT, 19–91 yr olds with major depressive disorder, 15365
clinical symptoms & features & age & sex & zygosity in Cox hazard model of risk for major depression in co-twin, twins with lifetime history of major depression, implications for genetic liability, 17872
clinical utility of DSM-IV pain disorder, 18–65 yr old chronic pain patients with vs without depression vs hypochondriasis vs other comorbid psychiatric disorder, 37214
co-morbid depression, drinking outcome, alcohol-dependent patients (mean age 41.1yrs), 5 mo follow-up, 1766
cocaine analog as tracer in SPECT to visualize blockade of serotonin transporters by fluoxetine in brain in vivo, 18 yr old female with bulimia nervosa & major depressive disorder, 15345
cocaine withdrawal, serotonergic responsiveness, male rats, animal model of major depression, 625
coexisting anxiety disorder, persistence of depressive illness, 18–64 yr old primary care patients, 12-mo prospective study, 27593
cognitive & behavioral & interpersonal perspectives on contagion of depressive symptoms & mood, 24201
cognitive behavior therapy with vs without amineptine, adult Ss with major or bipolar depression, 6 wk study, 5458
cognitive functioning & age & sex & living arrangements, suicidal behavior, 50+ yr old inpatients with major depression, 37516
cognitive functioning & depression & health, metamemory, 67–96 yr old nursing home residents, 33699
cognitive functioning, dementia, adults (mean age 75.28 yrs) with late- vs early-onset depression, 17886
cognitive load & reduced mental control, depressive thinking thought suppression, depressive vs nondepressive vs at-risk college students, 8123
cognitive performance & major depression & activities of daily living, 55–97 yr olds with diabetes, 8506
cognitive reserve & cognition & functional ability & depression & mortality rates, 65–84 yr old dementia patients, 37837
cognitive therapy for anxiety or depression or anger or sex offending, clients with learning disabilities , 21770
cognitive therapy, relapse, 18–65 yr old outpatients with major depressive disorder, 6- & 8- & 12- & 24-mo follow-up, 8102
cognitive therapy, temporal relation of therapeutic adherence & alliance to symptom change, depressed outpatients (mean age 32.9 yrs), replication & followup , 28328
cognitive vs interpersonal therapy, client narrative frequency & length & completeness & therapist interactions, clients with depression, 18519
cognitive vs interpersonal vs childhood adversity perspectives on maintenance & persistence of depression, implications for understanding chronic depression, 24209
cognitive-behavioral therapy & interpersonal psychotherapy, 13–17 yr olds with depression, 34809
cognitive-behavioral therapy for panic, depression symptoms & effectiveness of subsequent cognitive-behavioral therapy for depression, patients with panic &/vs depression, 21774
cognitive–behavioral therapy vs family therapy vs individual psychotherapy, children & adolescents with depression, 2162
cognitive–behavioral therapy vs pharmacotherapy for unipolar depression, cognitive response to mood challenge, 18–65 yr old remitted depressed patients, 11983
cold pressor test, plasma norepiniphrine response, 19–69 yr olds with depressive illness subtypes, 1527
common dimensions of Beck Depression Inventory-II & Beck Depression Inventory-amended version, adults (mean age 42.2 yrs) with major depression, 6636
community symptom profiles & need for antidepressant therapy, adults with depression, 30688
comorbid psychiatric diagnoses, amount of treatment & continuation of care & 1-yr outcomes, patients with substance abuse &/or psychosis &/or anxiety/depression &/or personality disorders , 15635
comorbidity & shared neurobiology & impact on pharmacotherapy, patients with stimulant dependence & depression, 8002
comorbidity in depressive disorders in primary care, 21118
comorbidity of DSM-III-R personality disorders, 21–66 yr olds with early- vs late-onset major depression, Japan, 17832
comorbidity of personality disorders, patients with primary dysthymia vs episodic major depression, 30664
comparison of 4 diagnostic criteria sets & 4 symptom rating scales, diagnosis of depression, male inpatients with HIV, 31118
comparison of ratings of personality traits, Ss with major depression or chronic fatigue syndrome (mean age 43.1 yrs), 17753
competence to consent to research & subsequent performance, females with major depression, 34089
computer interviews for diagnosis & treatment & psychoeducation, patients with depression,, 2133
concentration of urinary norepinephrine & its major metabolites, patients with unipolar vs bipolar depression vs norma volunteers, 34104
conceptualization of & treatment & assessment considerations for depression after traumatic brain injury, 5387
concordance of structured interview vs self-report measures vs clinician-rated diagnosis of depression, 10–16 yr old inpatients & outpatients with emotional & behavioral disorders, 24451
concurrent & decision-making effortful tasks, allocation of attentional resources, depressed inpatients (mean age 35 yrs) during illness & at recovery, 21113
concurrent validity of Millon Adolescent Clinical Inventory in assessment of depression, 12–17 yr old inpatients, 29368
confirmatory & exploratory factor loadings for 2-factor model of Depression Coping Questionnaire, adult volunteers, 11371
consensus guidelines for medical algorithms for drug treatment of major depression, 8942
consequences of settling for response to antidepressant drug therapy rather than complete recovery in patients with depression & drug strategies aimed at recovery, 18739
conservatism of religious climate & geographical distribution & late life depression symptoms, 55–85 yr olds, Netherlands, 27581
constellations of & participation in marriage & employment & grandmother & care provider & volunteer roles, depressive symptoms, 55–64 yr old African American vs White females, 34098
construct validity of physiological hyperarousal in tripartite model of depression & anxiety, psychotherapy outpatients & air force cadets & undergraduates, 21036
construction of mental models, assessment of preexposure to uncontrollability & depression, 17–19 yr olds, 33635
consultant evaluations & neuropsychological assessment in establishing differential diagnosis & psychotherapeutic & drug treatment protocol, man referred for depression with poor social functioning, 14406
context-sensitive & cross-task performance on versions of Continuous Performance Test & Stroop & lexical-disambiguation tasks as cognitive deficit measures, adults with schizophrenia vs depression, 11318
contingent negative variation & attention, patients with schizophrenia vs depression, 21031
contradirect effects of antidepressant drugs & role of serotongeric & dopaminergic & noradrenergic neurotransmitter systems in etiology & treatment of depression, 4919
contribution of ecooanalysis of home to psychotherapy, 28 yr old woman with sexual problems & 29 yr old woman with depressive condition, 15123
contributions of psychoanalytic theory to personality development & psychopathology of personality disorders & depression & psychotherapeutic processes in treatment, 4802
convergent validity of Bech-Rafaelsen Melancholia Scale, 18–85 yr old inpatients with depression, 27633
coping skills & adjustment & health control attitudes, symptoms of depression & anxiety, 36–80 yr old females with breast cancer, 6 mo study, 24757
coping strategies & depression, 13–20 yr olds, Puerto Rico, 10837
coping strategies & depression, 25–55 yr old employed Korean wives, 34133
coping strategies, stress & anxiety & depression & marital maladjustment, 31–80 yr old spouses of clinically depressed patients, 21109
Coping With Depression psychoeducational course as cognitive behavioral treatment for unipolar depression, 5533
correlations between auditory function & depression & cognitive function & overall wellness, 65–98 yr olds, 17411
cortical 5-HT type 2 receptors before & after clomipramine, depressed patients, 15276
corticotropin releasing hormone & cortisol & depression & conduct disorder symptoms, pregnant 13–19 yr olds assessed during pregnancy & postpartum, 17836
cortisol & adrenal androgens & dehydroepiandrosterone & & 17-alpha-hydroxyprogesterone, adults with major depression vs chronic fatigue syndrome, 27626
costs of diagnosis & treatment vs nontreatment of primary or comorbid depression in primary health care setting, 8731
costs of treating physical problems & depression, rural residents with depression, 1 yr followup, 38513
costs vs savings in lost earnings & treatment costs, adults with depression treated by general medical vs mental health specialists, 6 & 12 mo followups, 8746
course & mechanisms & treatments of mild unipolar mood disorders & affective conditions specific to female, 1556
course & treatment of atypical depression, 8113
course of adolescent major depressive disorder, 24 yr olds observed since adolescence, 11367
critical realist analysis of diagnosis of & historical & cross-cultural work on emotions & distress in relation to & limitations of conventional approaches to depression, 30683
criticism of prescription-only status of antidepressant drugs & clinical-economic context of diagnosis of depression, 15300
critique of recent service-intensive shelter programs & policies & impact on depression, homeless mothers, 15517
CSF 5-HIAA & HVA concentrations & depression & anxiety & impulsivity, 18–69 yr olds who have attempted suicide, 4 yr study, 24398
CSF concentrations of transthyretin, adults (mean age 34.8 yrs) with major depression, 21111
CSF soluble beta-amyloid peptide levels, 44–88 yr olds with Alzheimer's disease at various disease stage vs mild cognitive impairment vs depression, 21564
CSF thyrotropin-releasing hormone, male vs female patients (mean age 39.8 yrs) with depression, implications for neurobiology & treatment of depression, 30663
cultural & social factors in prevalence of depression, male vs female primary care patients, 14 countries, 27610
cumulative use of pindolol & antidepressant drugs & point prevalence of disability pensions for major affective disorders, Ss in computer registry in Finland (mean age 55.9 yrs), 3 yr followup, 28484
cyproheptadine as treatment for migraine, recurrence of depression during fluoxetine treatment, 17 yr old female with major depression, 12148
d-fenfluramine serotonin releasing agent, hypothalamic-pituitary-thyroid axis activity, inpatient 18–62 yr olds with major depression, 30659
defense mechanisms in depression & dynamics in experience of losing feelings of ability to love & psychotherapeutic relationship in psychoanalysis, 31599
defense style over time & symptomatology, outpatients with major depression, 2-yr study, 12016
definition of recovery & remission & relapse & recurrence of depression, 27642
delta-fenfluramine, prolactin response & executive functioning, 22–71 yr olds with major depression, 30657
delusional symptomatology, inpatients with bipolar or unipolar depression, 27605
demographic & battering patterns, changes in self-esteem & self-care & depression, adult females, 3.5 yr study, 11509
demographic & clinical characteristics in disorder recurrence after recovery, patients with major depressive disorder, 15 yrs of observational follow-up, 27615
demographic & diabetes & depression characteristics as predictors of response to cognitive behavior therapy for depression, 21–70 yr olds with type 2 diabetes & depression, 5536
demographic & seizure variables & family factors & mother & child perceptions & depression, 8–12 yr olds with epilepsy, 34622
demographic & social support & acculturation & acculturation stress risk factors, prevalence of depressive symptomatology, 18–59 yr old Mexican migrant farm workers, 27572
demographic characteristics & coping behavior & severity of disorder, outpatients with major depression, 37309
demographic differences in medication use, 18–75 yr old patients with self reported major depression, 12179
demographic differences in medication use, 18–75 yr old patients with self reported major depression, commentary, 35017
demographic factors & life events related to self-reported depressive symptoms, 12–19 yr olds in rural environments, 11374
demographic factors & onset of 1st manic episode, disease course & risk of recurrence, hospitalized patients with manic vs depressive 1st episode with vs without later manic episode , 27599
DepRelief CD ROM interactive program aimed at improving awareness & recognition & management of depression in old age by primary care practitioners, 5845
depression & antidepressant drug effects on cognition & sexual function, 5636
depression & anxiety & problem behaviors, homeless vs non-homeless children aged 6 yrs & older from low-income & single-parent families, 7990

depression & anxiety & psychotropic drug use & cognitive performance, community dwelling 59–71 yr olds, 17770
depression & anxiety & suicidality, temporal course of suicidal ideation or suicide attempts, 14–45 yr olds with recent onset schizophrenia, 1 yr study, 8162
depression & anxiety as predictors of smoking initiation, 14 & 15 yr olds, 952
depression & anxiety, female Cambodian refugees, France vs US, 1451
depression & anxiety, older Asian & Asian American adults , 14453
depression & cerebrovascular risk factors, primary care patients (aged 60–94 yrs), 24212
depression & cognitive decline & comorbidity & prediction of mortality, 65 & 75 & 80 & 85 yr old birth cohorts, 5 yr prospective study, 8023
depression & cognitive impairment & demographic characteristics & medical illnesses as predictors of mortality, 60+ yr old medically ill patients, 1 yr followup, 17750
depression & delusions & denial as new conceptualizations of loss & psychiatric phenomena associated with dementia, 24791
depression & emotional states, parents of children with disabilities, 14419
depression & functional abilities, Alzheimer's disease patients with mild to moderate vs severe dementia, 8654
depression & genetic polymorphism of apolipoprotein E, 50–88 yr olds with depression & 51–101 yr olds with Alzheimers disease, 30575
depression & hopelessness & quality of life & role of HIV symptoms, 26–66 yr old HIV-infected male homosexuals with vs without pain, 8555
depression & illness perception & coping strategies & adverse childhood events, 18–80 yr old rheumatoid arthritis outpatients, 11803
depression & marital quality, preretirement- & retirement-age couples, implications for marital therapy, 27624
depression & mortality, elderly adults, 12 mo followup, 34112
depression & pediatric chronic illness, interpersonal attraction & rejection, graduate students, 4754
depression & physician vs self-ratings of physical functioning & dyspnea, male vs female outpatients with clinically stable heart failure, 8589
depression & possible factors of under-diagnosis & importance of early detection, older people, 27608
depression & psychoses & other positive & negative effects of anticonvulsive drugs on behavior, 758
depression & subjective sleep quality, immunocompetence, 18–44 yr old low-income females at risk for cervical cancer, 30577
depression & subjective well-being & health & biographic & injury status & activities & social support & alcohol misuse, American Indian adults with spinal cord injury, 37866
depression & suicidal HIV acquisition, 36 yr old male with history of multiple suicide attempts, 21043
depression as risk factor for early cessation of menstrual periods & changes in ovarian function, cohort of 36–44 yr old females, 21082
depression mortality risk analyses, 1966–96, 11384
depression persistence & judgment of facial expressions, outpatients with major depression, 1522
Depression Prevention Program for Children, 5th & 6th graders from intact vs divorced families, 2-yr study, 18939
depression screening using automated Spanish- & English-language voice recognition vs live interviews, English & Spanish speaking females (mean age 33.7 yrs) from women's clinic, 26151
depression symptoms & demographic & personal history, 22–52 yr old family practice residents, 9327
depression with anger attacks, 8050
depression with vs without psychotic symptoms & medication resistance, response to ECT, hospitalized 65–91 yr olds, 25261
depression, cerebral atrophy & cognitive performance & dementia, 85 yr olds, 3 yr study, 14496
depressive & positive patterns of interactions among clinical vs nonclinical adolescent peers , 37312
depressive personality disorder, 18–60 yr old 1st degree relatives of probands with dysthymic disorder vs nonchronic major depression, 34118
depressive predictive certainty & causal certainty & depressive symptomatology, students, 6-wk prospective study, 17868
depressive symptomatology & cocaine-induced hypothalamic-pituitary-adrenal axis activation, adults with cocaine dependence, 34352
depressive symptomatology & incidence & rate of cognitive decline, community-dwelling 65 yr olds & older, 12 yr study, 7986
depressive symptomatology & incidence & rate of cognitive decline, community-dwelling 65 yr olds & older, 12 yr study, commentary, 8008
depressive symptomatology & role of family & religiosity on mental health, primary caregivers of community-dwelling & activities of daily living-disabled elderly, 25482
depressive symptomatology, Mexicans vs Latino immigrants vs Puerto Ricans, 21098
depressive symptoms & health costs, Veterans Administration medical or surgical inpatients over 60 yrs old, 15469
depressive symptoms & impact on physical disability & health care utilization, 15–86 yr olds with arthritis, 5247
depressive symptoms & income, 55–85+ yr olds, commentary & reply, 1503
depressive symptoms & psychiatrist ethics & suicide prevention & patient right to refuse treatment & pursue suicidal action, depressed patients, 20991
depressive symptoms & religious coping & psychiatric history & physical functioning, after-discharge survival, 20–39 vs 65 yr old & older male veterans , 17873
depressive symptoms & suicidality, 12–18 yr old incarcerated juvenile delinquents, 27908
depressive symptoms as risk factor for cognitive decline, elderly females without dementia, 4 yr followup, 21119
depressive symptoms vs vital exhaustion as psychosocial risk indicators for coronary artery disease, 16+ yr olds, 8586
desipramine or fluoxetine treatment, relapse during tryptophan depletion, 20–65 yr old outpatients with depression, 28418
desipramine vs fluoxetine, treatment response & catecholamine excretion, depressed patients, 2392
desipramine vs morphine after early chronic variable stress, effect of inescapable shock on active avoidance behavior, male rats, 13841
desipramine with vs without lithium, 23–64 yr olds with severe depression, 2291
desipramine, brain serotonin 2 receptor binding, 30–50 yr olds with major depression, 31714
development & application of test assessing emotional intensity of reactions to & frequency of positive & negative events, prediction of depression, college students (mean age 19.37 yrs), 27514
development & maintenance of positive & negative self-beliefs, depression in older people, 30669
development & psychometrics of 5 item version of Geriatric Depression scale, frail outpatients, 26144
development & reliability & validity of Feeling-Tone Questionnaire, screening instrument for depressive symptoms, elderly patients with dementia in long term care institution or psychiatric hospital, 9907
development & validation of Positive and Negative Affect Scale for Children, differential diagnosis of anxiety & depression, normal 4th–8th graders & psychiatric inpatients of approximately same age, 30619
development of dementia with vs without depression, activities of daily living & cognitive ability, 65–100 yr olds, 3 yr longitudinal study, 8669
development of depression during bupropion treatment for smoking cessation, 35–55 yr olds, 32048
development of HIV version of Unsupportive Social Interactions Inventory, assessment of social support & unsupportive social interactions & association with depression, 21–62 yr olds with HIV, 26145
development of interpersoanl psychotherapy, patients with depression, 34793
development of major depression with psychotic features after discontinuation of interferon-alpha treatment for malignant melanoma, 34 yr old male, 28610
development of self-concept differentiation & depressive symptomatology, normal 5th–8th graders & those with learning difficulties, 5-wk study , 17866
development of treatment algorithms in cyberspace for unipolar depression for primary care physicians by the International Psychopharmacology Algorithm Project, 2146
diabetes intrusiveness & personal control as mediators of depressive symptomatology, patients with diabetes (mean age 54.7 yrs), 34569
diagnosis & prognosis & treatment of major depression, patients with Parkinson's disease, 21596
diagnosis & treatment of major depression & mania, individuals with developmental disabilities, 8727
diagnosis & treatment of major depressive disorders in children & adolescents, 14481
diagnosis at 1st discharge from psychiatric hospital, risk of diagnosis of dementia on readmission, adults with unipolar or bipolar affective disorder vs schizophrenia or neurosis, 21 yr study, 34116
diagnosis of major depression during adolescence, marital functioning, adults, 1519
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, comment, 34114
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, 34107
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, reply, 34106
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, comment, 34127
diagnostic problems & epidemiological incidence & new antidepressants in treatment of anxiety &/or depressive disorders, 34962
diagnostic subtype, response to cognitive behavior therapy vs interpersonal psychotherapy vs imipramine vs placebo, persons with major depression, 8738
diathesis-stress models & depression in pediatric chronic illness, 11356
dichotomous measure of child sexual abuse, estimate of incidence rates & severity & depression, 18–22 yr old females , 5050
differences across patients & response to depression & anxiety stimuli, Stroop Tests, patients with posttraumatic stress disorder or obsessive compulsive disorder or major depressive disorder, 30625
differences in severity of depressed mood vs lifetime histories of anxiety & depression vs childhood environment vs disordered personality function, sexually abused patients with major depression , 14484
differentiation of dementia from depression & delirium & drug treatment options for dementia-associated behavioral disturbance, 21543
dimensionality of Bech-Rafaelsen Melancholia Scale, measurement of depression, acutely schizophrenic patients, 6622
dimensions of Beck Depression Inventory-II, clinically depressed outpatients, 9905
dimensions of perfectionism & depressive symptoms, 19–81 yr olds with major depression, 27591
dipeptidyl peptidase & adenosine deaminase enzymes, serum activity immunological system changes, 20–49 yr old patients with depression , 36414
disagreement in reporting of depressive symptoms, Alzheimer's patients vs collateral sources, 2012
discontinuation of maintenance antidepressants, recurrence of first-episode depression within 2 yrs, elderly Ss (mean age 74.4 yrs), 2 yr followup, 24197
discourse analysis of negative self-concept, 23–57 yr old males vs females with major depression , 21078
discrepancy between own vs other's ideal standards, relational self-regulation & dysphoria, male vs female undergraduates , 1534
discriminant validity of Turkish version of Beck Anxiety Inventory, depressive &/vs anxious patients, Turkey, 3334
disorder onset & depressive & negative symptoms & social development & emergence of social consequences, adults with schizophrenia, retrospective & 5 yr prospective studies, 34158
distribution of depressive symptoms across religious denominations & mediating effects of social integration & self perceptions & family religious background, 54–85 yr olds, 1509
dopamine transporter availability & depressive symptoms during alcohol withdrawal & after sobriety, 24–69 yr old alcoholics, 32041
drug therapy of major depression with venlafaxine vs antidepressants & remission rate, 21891
drug treatment for depression, risk of cardiac morbidity & mortality, patients with acute myocardial infarction, 38220
drug treatment of comorbid major depression & anxiety disorder, 21863
DSM-III-R criteria for major depressive episode & mood & motivation disturbance, elderly with mild vs severe vs without dementia, 11905
duration of major depressive episode before 1st treatment visit, bipolar II vs unipolar outpatients, 5863
dynamic systems theory as paradigm for the study of change in psychotherapy, 18–62 yr old depressed outpatients, 8756
dysfunctional attitudes & personality, patients with depression, 27609
dysfunctional attitudes & vulnerability to depression, male vs female symptomatic vs asymptomatic college students, 14 wk study , 4906
dysfunctional cognitions & poor problem solving, prediction of hopelessness, depressed outpatients, implications for assessment & prevention of suicidality, 34096
dysfunctional parenting behaviors & offspring dysfunctional attitudes & depression proneness, college students, 4920

dysphoria, primary & secondary appraisal & coping & psychological & physical adjustment, college students, 8092
dysphoric states, inpatients with borderline personality disorder, 8242
early adolescence & conduct problems & depressive symptoms & prediction to young adult adjustment, at risk 4th graders, 10 yr study, 14438
early life disadvantages & adult depression, adults, 33 yr study, 14499
early loss of mother or father & personality traits & acute losses & long-term stress, late-onset depression, older adults, 5 yr study, 4911
early risk factors for & predictors of depressive symptomatology, male vs female 18 yr olds followed since age 5, longitudinal study, 30662
ECT treatment of PTSD, 35 yr old woman with PTSD & depression, 14610
ECT, plasma vasopressin & oxytocin, clinical outcome & cognitive effects, patients (mean age 57.6 yrs) with major depression, 2418
educational intervention, recognition of depressed patients & attitudes & knowledge, internal medicine residents, 37315
EEG during midfollicular vs late luteal menstrual cycle phases & after early vs late partial sleep deprivation, 29–43 yr olds with premenstrual dysphoric disorder, 17881
EEG sleep measures, elderly patients with bereavement-related depression in remission with vs without nortriptyline treatment, 8121
effectiveness of fluoxetine therapy, patients with bulimia with vs without comorbid depression, 12177
effectiveness of long-term antidepressant treatment for depression, 5656
effectiveness of serotonin reuptake inhibitors, patients with severe &/or melancholic depression, commentary, 24206
effects of open-label fluoxetine, polysomnogram, 18–50 yr old depressed patients, 14509
efficacy & acceptability of combined graded exercise & antidepressants, patients with chronic fatigue syndrome with or without depression, reply, 2140
efficacy & acceptability of combined graded exercise & antidepressants, patients with chronic fatigue syndrome with or without depression, commentary, 2137
efficacy & cognitive & other adverse effects of fluoxetine vs amitriptyline, over 60 yr olds with major depression, 8879
efficacy & feasibility of treatment with fluoxetine alone, community-dwelling 67–91 yr olds with depression or phobic anxiety disorders, 28499
efficacy & pharmacology of tolcapone, Ss with major depressive disorder (mean age 42.6 yrs), 8 wk study, 28421
efficacy & safety & effects on sexual functioning of bupropion SR vs sertraline treatment, patients with depression, 25153
efficacy & safety of selective 5-HT reuptake inhibitors treatment, elderly patients with major depression, 5655
efficacy & safety of sertraline vs amitriptyline, 18–75 yr old hospitalized patients with major depression, 5657
efficacy & safety of sertraline vs nortriptyline, depression, 70+ yr olds with major depression, commentary, 38230
efficacy & safety of sertraline vs nortriptyline, depression, 70+ yr olds with major depression, commentary reply, 38240
efficacy & safety of short & long-term fluoxetine, adults (mean age 41 yrs) with bipolar II vs unipolar depression, 8863
efficacy & safety of venlafaxine, patients with bipolar II vs unipolar depression, 2273
efficacy & tolerability & safety of new generation vs tricyclic antidepressants as 1st vs 2nd line choice in treatment for severe depression, 31621
efficacy & tolerability & safety of paroxetine vs nortriptyline, 18 yr olds & older outpatients with major depression & ischemic heart disease, 27616
efficacy & tolerability of antidepressant mirtazapine vs selective serotonin reuptake inhibitors fluoxetine or paroxetine or citalopram, patients with major depressive disorder, 31704
efficacy & tolerability of mirtazapine, 22–51 yr old depressed outpatients who quit selective serotonin reuptake inhibitors due to intolerable sexual dysfunction, 34990
efficacy & tolerability of nefazodone, male HIV-seropositive outpatients with major depressive disorder, 12 wk study, 18678
efficacy & tolerability of reboxetine vs fluoxetine treatment, 18–65 yr old patients with major depression, 18713
efficacy & tolerability of sertraline vs paroxetine & fluvoxamine, patients with delusional depression, commentary, 25217
efficacy & tolerability of sertraline vs paroxetine, patients with delusional depression, commentary reply , 25235
efficacy & tolerability of venlafaxine & fluoxetine, outpatients with major depression, commentary reply, 21877
efficacy & tolerability of venlafaxine & fluoxetine, outpatients with major depression, commentary, 21927
efficacy & tolerance of sulpiride, 18–70 yr old patients with mild to moderate depressive syndrome, 35016
efficacy & treatment choice & cost-effectiveness & implementation of pharmacological & psychotherapeutic treatments in primary care settings, patients with major depression, 8734
efficacy of amitriptyline vs other antidepressants vs fluoxetine, 15–65 yr olds making disability pension claims for antidepressant treatment, 35012
efficacy of bupropion, smoking cessation, smokers with history of major depression or alcoholism, 15622
efficacy of carbamazepine in treatment of neuroleptic malignant syndrome, 31 yr old female with schizoaffective disorder & 34 yr old female with major depressive disorder, commentary, 12246
efficacy of carbamazepine in treatment of neuroleptic malignant syndrome, 31 yr old female with schizoaffective disorder & 34 yr old female with major depressive disorder, commentary reply, 12248
efficacy of combination of antidepressant drug & group cognitive psychotherapy, 26–54 yr old gay males with major depression or dysthymic disorder & AIDS or symptomatic HIV infection, 1-yr followup, 28254
efficacy of dehydroepiandrosterone treatment, 33–53 yr olds with major depression, 18752
efficacy of fluoxetine in the treatment of premenstrual dysphoric disorder, 25215
efficacy of interpersonal psychotherapy, 12–18 yr olds with depression, 1 yr followup, 24994
efficacy of moclobemide & brofaromine for treatment of depression, patients, 12206
efficacy of professional vs paraprofessional therapists in providing group cognitive-behavioral therapy & mutual support group therapy, 21–72 yr old outpatients with depression, 28286
efficacy of randomized clinical trials of treatments for depression & drug development process, 15346
efficacy of selective 5-HT reuptake inhibitors & 5-HT & norepinephrine reuptake inhibitors in treatment of major depression & other psychiatric illnesses, 15296
efficacy of selective serotonin reuptake inhibitors vs tricyclic vs other antidepressants, patients with severe depression, 21905
electrodermal skin conductance reactivity during auditory habituation, depressed inpatients who thought about or attempted vs committed violent vs nonviolent suicide, 18021
emotional distress & depression, 4–12 yr old hospitalized pediatric patients, 5236
emotional/verbal vs dominance/isolation abuse, depressive symptoms, females in dating relationships, 17–22 yrs old, 37228
enigma & therapeutic dilemma in use of ECT in late-life depression, 8973
epidemiological & etiological & cultural factors in depression, Puerto Rican women, 30671
epidemiology & antidepressant treatment of major depression, 21067
epidemiology & diagnosis of depression, elderly patients, 37323
epidemiology & natural history of depression & preventative treatment, 27643
epidemiology & pathophysiological alterations & treatment, patients with cardiovascular disease & major depression, commentary, implications for role of omega-3 fatty acids, 17780
epidemiology & recognition & treatment of depression, 18–65 yr old patients consulting their general practitioner, 4914
epidemiology of comorbidity between depression & anxiety disorders & somatic diseases, 30571
epidemiology of depression, elderly, 4915
epidemiology of generalized anxiety disorder & major depression & dysthymia, 18–50+ yr olds from rural communities, South Africa, 1446
ERPs during performance of visual oddball vs simple visual paradigms, patients with major depression or bipolar disorder, 4904
estimates of prevalence of mental disorders & diagnosis & treatment & referral approaches & perceived obstacles to care provision, 30–80 yr old primary care physicians of different specialties, 35425
ethical & legal & monetary considerations of patient refused ECT, 36 yr old male with recurrent depression & psychosis & catatonia, commentary & reply, 8972
ethical & legal & monetary considerations of patient refused ECT, 36 yr old male with recurrent depression & psychosis & catatonia, commentary, 8967
evaluation of mental health & depression during pregnancy, 1459
evaluation of mini-Geriatric Depression Scale & Center for Epidemiological Studies Depression Scale, detection of depression, 70–97 yr old hospitalized patients in emergency wards , 29361
evolutionary hypotheses for sex differences in prevalence rates of depression, 8111
examiner vs mother rating of infant behavior at birth & 1 mo, 16–37 yr old depressed vs nondepressed mothers, 24199
excessive reassurance-seeking & depressive symptoms, interpersonal rejection, 7–17 yr old psychiatric inpatients, test of J. C. Coyne's interpersonal theory of depression , 14487
exercise, clinical depression & depression from mental illness, meta analysis, 8094
exercise, cognitive & symptomatic & muscular & effort perception responses, 25–60 yr olds with chronic fatigue syndrome vs major depressive disorder, 1387
exercise, depressive & anxious symptoms, college students, 5794
exogenous corticosteroid exposure & recollection of traumatic events & role in depression etiology, 12+ yr olds, 21103
experiences of ways of coping with depression, 23–60 yr old females in rural communities, 21106
explanatory power & therapeutic applicability of neurotransmitter & biochemical & anatomic models of antidepressant action in treatment of major depression, 28397
exposure to suicide of others & depression & parent perception & attitudes about life & death, suicidality, parentally bereaved 13.4–19.6 yr olds, 21240
exposure to violence, suicidal ideation & depression & PTSD symptomatology, inner city 11–15 yr olds, 27479
expression of mRNA for somatostatin in periventricular nucleus & in stalk-median eminence & concentration of growth hormone in plasma, male rats, animal model for depression, 33171
eye pursuit tracking on step-ramp visual tracking task, patients with schizophrenia vs bipolar vs unipolar depression, 34078
factor analysis & dimensionality of Beck Depression Inventory, college students, implications for assessment of depression, 35894
factor analysis & relation of prolonged fatigue syndrome & anxiety & depression, community-based 50 yr old & older twins, 17767
factor analysis of Beck Depression Inventory, 20–64 yr olds with chronic back pain with vs without depression, 24730
factor structure & models & measurement of positive & negative affect & relation to anxiety & depression symptoms, male vs female 9–11 vs 12–17 yr olds, 27536
factor structure of Beck Depression Inventory screening scores, prisoners, 9873
factors affecting & prevalence & severity of symptoms of depression during & at start of rehabilitation & functioning in activities of daily living, 60–96 yr old patients in physical rehabilitation, 32018
factors in treating comorbid alcohol use disorders & depression, 24919
familial patterns & comorbidity in dysthymia & relation to major depression, 1553
family adjustment & partner support & infant's impact on family & levels of depression during hospitalization & homecoming & 6 wks after homecoming, mothers of low vs very low birth weight infants, 30679
family based preventive intervention for depression, children of parents with severe affective disorder, 2211
family environment & substance use & depression, 14–17 yr olds, Russia, 4885
family type as a risk factor for depression in pregnancy, 15–40 yr old females, 4617
feedback model of inflammation & mental state before an acute coronary event, exhausted vs nonexhausted angioplasty patients, 24759
fluoxetine maintenance therapy, adverse effects, patients with depression, 6 mo study, 25234
fluoxetine treatment for clomipramine withdrawal symptoms, 42 yr old male with major depression and panic disorders, 18661
fluoxetine vs maprotiline, 40–65 yr olds with major depressive episode, 2338
fluoxetine vs phenelzine treatment outcomes, atypical depression, 22–51 yr old psychiatric patients, 2 yr study, 12254
fluoxetine vs sertraline, adults with major depression , 38241
fluoxetine vs tricyclic antidepressant dothiepin, cognitive function & symptoms, 18–70 yr olds with major depression, 31637
fluoxetine with vs without estrogen replacement therapy, females over vs under 45 yrs old with major depression, 34959

fluoxetine, 31–74 yr olds with major depression & subsequent selective serotonin reuptake inhibitor discontinuation syndrome, 2279
fluoxetine, BP, 18–70 yr olds with major depression, 12139
fluoxetine, depression, 13–17 yr olds hospitalized for treatment of unipolar nonpsychotic major depression, 18744
fluoxetine, severity of immunosuppression in treatment of major depression &/vs dysthymia, 22–64 yr olds with HIV or AIDS, 8935
fluoxetine, smoking behavior, alcoholic patients with depression, 18671
fluvoxamine treatment, patients with major depression with comorbid anxiety disorder (mean age 39.4 yrs), 38312
focal unilateral cortical lesions associated with psychomotor agitation or lethargy, adults & children with vs without mania vs depression, 11316
forewarned vs sudden parental death, anxiety & depression & adjustment, 6–16 yr olds , 11336
frequency of apolipoprotein E-epsilon4 allele & cognitive function in euthymic phase, patients with unipolar or bipolar affective disorder , 14488
frequency of personality disorders, male vs female depressed outpatients, 17859
frequency of physical aggressive behavior & depression, community-residing patients (mean age 75.3 yrs) with dementia , 8007
frequency of use & effectiveness & impact on sexual functioning of drugs used to augment selective serotonin reuptake inhibitors in treatment of major depression, survey of psychiatrists, 15788
fresh-start vs stressful life experiences & coping & attachment styles & other psychosocial factors, remission after befriending, adult inner-city females with chronic depression, 1 yr followup, 15081
frontal lobe psychopathology, individuals with schizophrenia & major depression & aphasic-perseverative disturbance of speech & thought & mania & catatonia & obsessive compulsions, 27475
functional & cognitive impairment & depressive features, outpatients (mean age 76 yrs) with diverse etiologies for dementia, 2072
functional recovery, 27–81 yr old stroke patients admitted for clinical rehabilitation with vs without depression, 6 mo followup, 28747
future directions for studies of women's mental health including reproduction-related dysphorias, 1521
gabapentin, pharmacokinetic profile of lithium, adults with bipolar disorder or major depression, 8893
gap between known efficacious treatments for late life depression & effectiveness of treatments in real world of primary care, 28679
gaps in psychotherapy & pharmacotherapy, 8–18 yr olds with major depression, 11972
gender & sociocultural factors in psychopharmacological & psychotherapeutic treatment of depression, 18472
gender differences in prevalence of depression, 15–54 yr olds, 14503
gender role orientation of masculine vs feminine vs androgynous & susceptibility to social support influence on depression, 19–21 yr old college students, 6-mo longitudinal study, 21074
generalizability of item-level discriminant validity of anxiety & depression in the State-Trait Anxiety & Children's Depression Inventories, clinically referred vs nonclinically referred 8–14 yr olds, 35958
genetic & environmental factors in development of major depression, 28–89 yr old male vs female dizygotic & monozygotic twins, 10 yr followup, 24194
genetic & environmental risk factors & frequency of sibling contact, prevalence of lifetime major depression, male vs female monozygotic vs heterozygotic 18–60 yr old twins, 11364
genetic factors & past-year stressful life events, trajectory of & liability for depression, prepubertal & pubertal male vs female twins, 14502
genetics & psychosocial factors & life events in etiology of depression, 4905
glycemic control & major depression, type 1 vs type 2 diabetes mellitus patients, 21454
grandmother coresidence & quality of family cohesion & relationships, depressive symptoms, adolescent mothers, 30-mo study, 1119
grounded theory analysis of becoming demoralized & feeling betrayed, previously depressed women (aged late teens to mid-50s), 21084
group cognitive behavior therapy with vs without parent involvement & with vs without booster sessions, 14–18 yr olds with major depression or dysthymia, 24-mo study, 15178
group cognitive-behavior therapy, changes in cognitions, recovered vs nonrecovered mood disordered patients following treatment for depression, 31531
group intervention to reduce symptoms of depression & reactive anxiety, high risk relative of breast cancer patients, 26–67 yr old females, 38129
growth of salivary lactobacilli, 55 yr olds with depressive symptoms, 30649
guidelines for managing depression using drug therapy or psychotherapy in primary medical care, 21664
guidelines for use of antidepressants in primary health care, adults with depression, 25161
health related quality of life & depression severity & medical cost outcomes, patients receiving recommended vs less than recommended level of antidepressant treatment, 9132
health status & utilities for hypothetical &/vs current health states, patients with depression, 24210
health utility & quality of life, primary care patients with depression or chronic medical conditions, 37241
heart rate variability at rest & during mental stress, 46–79 yr old coronary artery disease patients with high vs low depressed mood score, 14989
hedonic response to sucrose solution & sweet taste perception threshold & correlation with traditional assessments of anhedonia, patients with major depression or schizophrenia, 8041
hematological variables & subchronic antidepressant treatment, adults (mean age 54 yrs) with major depression, 11382
hepatitis induced by therapy with maprotiline & opipramol, 61 yr old male with depression, 5606
high dose right unilateral ECT, vasopressin & prolactin & neuropeptide FF, 29–65 yr old patients with depression, 35041
high interpersonal sensitivity personality type & lifetime history of depression, 20–57 yr old employed Japanese Ss, 37335
hippocampal/amygdala volumes & disease chronicity & age of onset & cognitive performance, 65+ yr old unipolar depressive patients, 24193
histamine H3 ligands, models of anxiety & depression, rats & mice, 13797
historical & conceptual & empirical contexts of treating severe depression with psychotherapy alone, 28317
history & evolution of medicine & medical & mental health care education & delivery & treatment of depression, 8724
history of changes in antidepressant psychopharmacology, 38256
history of physical or sexual abuse in childhood & particular neurovegetative symptom clusters of depression &/or mania, male vs female 15–64 yr olds, 8108
Hopkins Symptom Checklist-25 vs Composite International Diagnostic Interview in screening of anxiety & depression symptoms, adults, 11299
hypercortisolemia, post-ECT recovery from confusion, depressed geriatric patients, 12121
hypothalamic-pituitary-adrenal activity as measured by dexamethasone/corticotropin-releasing hormone test, 20–68 yr olds with bipolar vs unipolar depression in depressive vs remission phases, 37334
identification of congruent & incongruent receptive affective prosodic speech, 9–11 yr old males with depression, 17861
illness course & treatment history & social functioning, patients diagnosed in adolescence with major depressive disorder, 10–15 yr followup, 21117
illness demands & social support & depression, females (aged 19–87 yrs) with chronic illness, 31055
imipramine, social defeat & rank loss, male rats, animal model of major depression, 23544
immune activation, patients with major depression with vs without chronic fatigue syndrome, 21099
impact of new demands of assistance on caregiver depression, cohort family members of 55 yr old & older patients with high vs low needs for assistance before hospital discharge, 15561
impact of pet ownership on depression & role of social support, gay & bisexual males with vs without HIV, 18316
impact of religious activity on depressive symptoms & optimism, 18–45 yr old African Americans with vs without HIV, 18298
impulsivity before & after antidepressant treatment, inpatients with major depression with vs without suicide attempts, 4 wk follow-up, 27586
in vivo neurotransmitter system imaging studies in understanding major depression & the role of serotonergic system in depression, 8110
incidence & risk factors for depression from interferon therapy, patients (mean age 49.9 yrs) with hepatitis C, 6 mo prospective study, 28608
incidence of major depression, 78–102 yr olds who were not depressed at baseline, 3 yr followup , 30661
individual & contextual characteristics, substance abuse or dependence or affective diagnoses, offspring of alcoholics with positive family history vs offspring of nonalcoholics with negative history, 37576
individual differences in neuroendocrine immune system responses to chronic & acute stress & relationship to coping behavior & depression & psychological intervention, 13572
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease & pallidotomy surgery, 65-yr-old female, commentary, 35073
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary reply, 35072
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary, 35093
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65-yr-old female, 22039
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65-yr-old female, commentary, 22075
induction of transient acute depression vs laughter by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary, 35092
influence of social relationships on co-occurrence of depression & substance abuse, high school students, 4865
inherited hypohedonia & theory of learned helplessness & the vulnerability factor of depressogenic explanatory style for depression, 8099
inpatient & outpatient health care utilization, elderly patients with dementia vs depression vs coexisting dementia & depression, 2 yr study, 17765
intentional & unintentional expression of emotional states in drawings of 'funny' or 'sad' scenes, 21–63 yr olds hospitalized for depression , 8112
intentional & unintentional expression of emotional states in drawings of 'funny' or 'sad' scenes, 21–63 yr olds hospitalized for depression, erratum , 14493
inter-rater reliability of French versions of Montgomery & Asberg Depression & Depression Retardation Rating Scales based on videotaped interviews, 18–70 yr old depressed inpatients, 70
interaction of PTSD & depression, combat war veterans (mean age 68.1 yrs), 37268
interaction with infants, depressed fathers & infants, 34101
interactions with mother vs familiar nondepressed adult, frontal electrical brain activity, 13–15 mo olds of depressed mothers , 36702
internal consistency & factor structure of revised Center for Epidemiological Studies Depression Scale & Composite International Diagnostic Interview, 70 yr olds & older, 30687
interpersonal psychotherapy &/or nortriptyline treatment, 50 yr olds & older with bereavement-related major depression, 11979
interpersonal psychotherapy for depression in treatment of major depressive disorder, 74-yr-old woman, 31440
interrater reliability of German version of Calgary Depression Rating Scale for Schizophrenia, severity of depressive symptoms, experienced psychiatrists vs novice raters, 35949
intraperitoneal vs oral inositol vs reserpine dosages, activity levels, male rats, animal models of depression, 29993
intrusive memories, patients with major depression &/or PTSD (mean age 41.7 yrs), 14498
involvement of 5-HT & dopamine in action mechanisms of tricyclic antidepressants & monoamine oxidase inhibitors & selective serotonin reuptake inhibitors, treatment of major depression, 8873
iron status & depression, premenopausal 20–45 yr old females, 24200
issues in improving outcome & cost effectiveness of treatment for depression, 34752
issues in treatment of depression in Parkinson's disease, 18758
item vs source memory, patients with major depression , 27589
judgment of control, depressed vs nondepressed college students classified as optimistic or realistic or pessimistic, 3 mo followup, test of depressive realism postulate, 17870
key features of cognitive-behavior therapy in treatment of depression, adolescents & children, 15180
knowledge of late life depression & aging, primary care patients, 10928
L-tryptophan, patients with premenstrual dysphoric disorder, 12241
lamotrigine, patients with bipolar I depression, 15284
latent negative self schema & level of emotionality & risk for depression, well adolescents & adolescents at risk for psychopathology, 34067

lateralization of facial emotional expression to verbal command & visual imitation, schizophrenic (mean age 40.4 yrs) & unipolar depressed (mean age 54.8 yrs) right-handed adults, 30640
lay beliefs about depression & schizophrenia, East vs West German dwellers, 24122
Lebanon Wars & pre-war depression & stressors, prevalence of major depression during war, 18–65 yr olds, Lebanon, 8103
left frontal damage vs psychosocial factors as predictors of post-stroke depression, 35–75 yr old stroke patients, 31228
left prefrontal rapid transcranial magnetic stimulation, mood & cognition & motor evoked potential threshold, 30–74 yr olds with medication resistant major depression, 21987
left prefrontal repetitive transcranial magnetic stimulation, mood, 20–64 yr old right-handed outpatients with major depression, commentary & reply, 18763
length of episode prior to antidepressant treatment & premorbid neuroticism, time to remission, patients with major depression, 18 mo followup, 28429
lesion configuration & neuropsychological deficits in depression, patients 35–78 yrs old with left hemisphere vs 33–69 yr olds with right hemisphere strokes & depression , 37303
lethality of suicide attempt & suicide intent & self esteem & hopelessness & comorbid substance abuse, depressed 13–17 yr old psychiatric inpatients, 27802
leukocyte & lymphocyte status, male Vietnam veterans with vs without PTSD &/or depression, 20 yrs post military service, 22683
level of & change in depressive symptoms, 35–73 yr old daughters providing care to aging parent, 18 mo study, 22213
level of disability & mitigation by social & instrumental support & perceptions of network's helpfulness, depressive symptoms, 65 yr olds & older, 24228
level of hopelessness, geriatric outpatients with major depression who responded to drug treatment & with/vs without history of suicide attempts or suicide ideation, 1732
level of posttraumatic stress disorder &/or depression, adult war-traumatized Cambodian refugees, 12-yr study, 34077
levels of disagreement over symptoms & disorder severity & specific diagnoses & misdiagnoses, structured interview in medical diagnosis vs psychodiagnosis of major depression, primary care physicians, 21114
life events & social support, depression, hemodialysis patients, 18775
life satisfaction & depressive symptoms, ageing adults with post-polio vs spinal cord injury, 24819
lifetime history of major depression & phobia, stage of breast cancer diagnosis, adult females (mean age 68 yrs), 37797
lifetime relation patterns & personality traits & premorbid vulnerability, elderly patients with late paraphrenia & depression, 21027
limitations of current mainstream approaches & new perspectives for understanding depression in women, 21110
links between depression & cardiac disease & microcirculatory cerebral blood flow using magnetic resonance imaging technique, depressed vs nondepressed elderly patients with coronary artery disease, 37803
links between rates of suicide & depression & conduct disorder & crime & substance misuse, 8–18 yr olds referred to psychiatric services, data from 1970–1990, 4841
listening to depressed patient interviews, interrater reliability of cognitive–behavioral case formulations with depression & anxiety practice cases, clinicians with vs without PhD training, 26154
live naturalistic vs structured videotaped interviews, assessment of depressive symptomatology improvement, 18–70 yr old depressed inpatients treated with antidepressants, 10 day & 4-wk followups, 71
living arrangements & father presence & male female & father child relations, mother well being & depression & child behavior, employed vs unemployed single mothers currently or formerly on welfare, 14163
locus of control & perceived competence & relation to depression & academic & social adjustment, college students, 11221
loneliness & dysphoria & dietary restraint & eating behavior, 17–34 yr old female college studeats, 11751
long term clinical validity of interviews used in making lifetime diagnosis of depression, 40–81 yr olds interviewed 25 yrs earlier, 34088
long term outcome & mortality, medicated vs unmedicated bipolar & depressed patients, 32 yr study, 5599
long term personality & behavioral effects of depression, college students with history of major vs mild depression or dysphoria, 27613
long-term efficacy of antidepressant therapy for major depression, 21964
long-term efficacy of lower vs higher fixed plasma levels of maintenance nortriptyline, elderly with major depression, 31686
long-term outcomes of enhanced acute-phase treatment in primary care, patients with major depression , 18487
long-term paroxetine treatment, depression & anxiety symptoms & drug efficacy & tolerability, 23–70 yr olds with major depressive disorder, 28462
long-term treatment & maintenance therapy with antidepressant drugs, patients with unipolar major depression, 31660
loss of antidepressant efficacy during maintenance therapy, patients with unipolar depression, commentary, 18677
loss of antidepressant efficacy during maintenance therapy, patients with unipolar depression, commentary, 34981
lupron, mania, 28 yr old female with endometriosis & history of irritability & depression, 15329
magnetic resonance imaging study of signal hyperintensities & neuropsychological functioning, 65 yrs & older depressed patients, 14490
magnetic stimulation of the brain in animal depression models responsive to electroconvulsive shock, male rats, 2417
magnitude & quality of neurocognitive function, 34–72 yr olds with major depressive disorder across existing empirical studies, 4927
maintenance of gains in depression reduction & self esteem elevation, moderately vs severely depressed females with history of sexual abuse in social work group vs psychiatric treatment, 6 yr followup, 15070
major &/vs minor depression & sociodemographics & health status & behavior, mortality, 55–85 yr olds, 4 yr study , 37329
major depression, self-maintenance & instrumental activities of daily living as measures of functional status, inpatients with coronary artery disease, 14991
major depressive episode severity assessed by 10-item Hamilton Rating Scale for Depression, adult unipolar & bipolar outpatients, 3308
major vs minor depression, stroke patients, 24836
major vs minor vs no depression, daily functioning, 45–79 yr olds with coronary heart disease, 1-yr followup, 28112
managed care & medication compliance & implications for chronic depression, 2569
managed care approach to screening for anxiety & depression, 30–90 yr old females with breast cancer, 9935
managed care plan dissatisfaction & switching, patients with high levels of depressive symptoms, 22013
management of sexual dysfunction side effects of antidepressant therapy for major depression, 28438
manic vs major depressive polarity sequence of 1st episode vs 2nd–4th episodes & episode duration & overall morbidity, bipolar I patients, 15 year prospective study, 14510
manipulation of facial expressions & bodily postures, emotional expression & experiences in schizophrenia, outpatient males with schizophrenia vs unipolar depression vs other psychiatric patients, 11322
maternal depression & family functioning & suicidal symptoms, children (mean age 11.8 yrs), 1-yr study, 5019
maternal depression &/or anxiety & substance use disorders, reports of their children's internalizing & externalizing behavior problems, commentary, 1463
maternal depressive symptoms, maternal HIV status & child depressive symptoms, mothers with vs without HIV & their 6–11 yr olds, 4838
maternal history & parenting behavior & concurrent stressors & child behavior & adjustment outcome & socially desirable response, mothers with low levels of self-reported depressive symptoms, 21093
maternal role satisfaction & hostile child-rearing attitudes & child's temperament & development of depressive tendencies, mothers & their 6 yr olds, 9 yr study, 24204
meaningful employment, major depression & occupational & psychological stress & self concept clarity & self actualization & coping behavior & avoidance, 21–89 yr olds, 7947
mechanisms of action of selective serotonin reuptake inhibitors & multiple receptor antidepressants including venlafaxine in treatment of depression, 15293
medical costs of antidepressant drug overdose & risk of suicide & toxicity of antidepressants, patients with major depression, 5663
melatonin suppression by dim light, 23–72 yr olds with bipolar vs seasonal affective vs major depressive disorder, 30678
memory & metamemory functioning, adult patients with major depression with physiological or behavioral or cognitive symptoms, 24202
memory for emotional trait adjectives, 10–17 yr olds with depression, 1536
menopausal symptoms & depression, 35–70+ yr old women likely to become acutely estrogen deficient during breast cancer treatment due to chemotherapy or tamoxifen, 2 yr study, 27466
menstrual phase & body mass & age, serum concentrations of insulin-like growth factor 1 & growth hormone binding protein, depressed vs healthy females, 17863
mental health service use, 9–17 yr olds with depressive vs disruptive disorders, 35197
mental health service use, 9–17 yr olds with depressive vs disruptive disorders, commentary, 34030
meta-analysis of effectiveness of cognitive-behavioral therapy & stability of therapeutic gains, depressed & dysphoric children & adolescents & adults, commentary reply, 2200
meta-analysis of effectiveness of cognitive-behavioral therapy & stability of therapeutic gains, depressed & dysphoric children & adolescents & adults, commentary, 2197
metabolic rates in anterior cingulate & prefrontal cortex, prediction of therapeutic response to sleep deprivation, patients with unipolar depression, 31742
metabolic rates in anterior cingulate & prefrontal cortex, prediction of therapeutic response to sleep deprivation, patients with unipolar depression, erratum, 38342
metaphors in talk of depressed women in psychotherapy, 21096
method for evaluating increased cost of pindolol augmentation to accelerate action of paroxetine, depressed patients from placebo-controlled randomized trial, 3387
methodological factors affecting screening for suicidal ideation, children & adolescents of depressed vs well mothers, 5025
methodologies in & review of depression articles published in Journal of Social & Clinical Psychology, 1988–1998, 27641
methylphenidate & sertraline, patients with depression (aged 24–66 yrs), 15327
methylphenidate, major depression, 80 yr old female hospitalized with pneumonia & severe pulmonary disease, 21947
metryapone with vs without dexamethasone pretreatment, plasma concentrations of neuroactive steroids, 33–57 yr olds with major depression, 2389
metyrapone vs desipramine, rodent models of depression & hypothermic response to challenge with 8-OH-DPAT, rats, 33164
mianserin, prevention of poststroke depression & effect on outcome of ischaemic stroke, hospital patients with acute ischaemic stroke, 21937
mild vs clinical depression at entry into behaviorally oriented coronary rehabilitation & prevention program, lifestyle changes & rehabilitation & prevention, adults, 3 yr study, 22248
milnacipran therapy for depression, 38283
milnacipran, patients with depressive symptoms, 38226
mindless emoting & conceptualizing/doing & mindful experiencing/doing modes of emotional processing used in cognitive therapy to relapse prevention in depression, 25056
minimizing interventions in psychotherapeutic treatment & prevention of depression, 5495
mirtazapine, 33–65 yr olds with comorbid generalized anxiety disorder & depression, 31648
mirtazapine, 58 yr old female with recurrent psychotic depression, 28422
mirtazapine-induced mania, 68 yr old male with poststroke depression , 12160
mirtazepine induced hyperphagia, 56 yr old female with depression, 15271
misconceptions about symptomatology & frequency & treatment, persons with late life depression, 8090
MMPI-2 clinical & content scales, differential diagnosis of combat-related PTSD vs schizophrenia vs depression, male veteran psychiatric inpatients, 9887
model of reproductive potential & benefit or cost to kin as predictors of depression & hopelessness & suicidal ideation & behavior, college students, 21229
models & measurements of depression in chronic pain patients, 37236
moderating effects of adult attachment & intimacy & partner physical abuse on association between childhood sexual abuse & depression, survivors & partners, 37521
modulation of serotonergic function by estrogen & effect on mood & premenstrual syndrome & perimenopausal depression, 1410
molecular biology & role of suprachiasmatic nuclei & effects of antidepressants, circadian rhythm & REM sleep & sleep–wake cycle disturbances in depression, 24196
monoamine hypothesis of depression & supportiveness of clinical symptom data on antidepressant effectiveness , 38264
mood & cognitive & activity disturbances & anxiety & somatic symptoms related to depression course, 6 yr olds with depression, 3 & 6 yr followups, 14478
mood & neuropsychological functioning & cognition, 19–44 yr old premenstrual dysphoric disorder patients , 24214

mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, commentary reply, 35078
mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, commentary, 35103
mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, 22044
mother vs teacher vs self ratings of depressive symptoms, maltreated vs non-maltreated children, 5024
mother's presence in home & family size, risk of internalization & depression & PTSD resulting from witnessing of or victimization in community violence, 10–15 yr old inner-city African Americans, 21045
motivational therapy intervention, treatment adherence & completion, patients (mean age 33.6 yrs) with comorbid depressive disorder & cocaine dependence, 2155
motor evoked potentials after exercise of thenar muscles, depressed vs recovering depressed patients, 30685
MRI signal hypointensity & iron content of putamen nuclei, elderly patients with major depression, 4924
MRI-assessed correlates of depression, patients with early vs late onset Alzheimer's disease, 2019
multidimensional scaling analysis of paranoid & other psychiatric symptoms in depressive & psychotic disorders, community residents & depressed & psychotic patients, 14471
multiple contents of interpersonal mental scripts, 22–54 yr olds with major depression, 30658
music therapy, 53-yr-old female with depression & personal identity problems following husband's death, 38033
music, physiological & psychological effects, 21–65 yr old female patients with depression, 21687
myo-inositol levels in left vs right frontal brain using proton-magnetic resonance spectroscopy, depressed patients, 8096
myocardial infarction, 1-yr cardiac mortality risk, male vs female adult patients with vs without depression , 11285
naloxone, adrenocorticotropin & cortisol release, outpatients with depression, 27584
naloxone, memory impairments following ECT, 28–78 yr olds treated with ECT for major depression, 28482
natural course of antidepressant use & direct health service expenditure for treatment of single episode depression, patients initiating antidepressant pharmacotherapy, 38304
natural division of manic episodes into clinical types, depressed vs dysphoric vs euphoric presentations, inpatients, 14480
near death like experience during ECT & recovery from suicidal depression & precognitive vision, female patient, commentary, 15933
neediness & self-criticism, marital relations & depressive symptoms, married couples, 23891
nefazodone therapy, 31–75 yr old patients with treatment-resistant major depression & high psychiatric comorbidity, 25218
nefazodone vs other antidepressants, sleep patterns & quality, healthy adults vs Ss with major depressive disorders, 28393
nefazodone, 29 & 46 yr old males & 32 & 37 yr old females with depression & opiate addiction, 2330
nefazodone, clozapine plasma concentrations, 21–34 yr olds with depression, 31701
nefazodone, prevention of relapse, 20–75 yr olds with depression, 18681
nefazodone-induced clitoral priapism, 48-yr-old female with depression, 34964
negative cognitive styles & vulnerability to depression, 30648
negative life events & anxiety & decreased self esteem & depression, college students, 17869
negative mood, dysfunctional attitudes, adult females vulnerable vs not vulnerable to depression, 4917
negativism & ratings of symptoms of depression & anxiety & comorbid dimensions, 12–16 yr old male vs female inpatients, 21035
neural ground of religious experiences & relation to epilepsy & schizophrenia & mood congruent depression, commentary reply, 1412
neural ground of religious experiences & relation to epilepsy & schizophrenia & mood congruent depression, comment, 1399
neurobiological correlates of the antidepressant action of electroconvulsive therapy, 2424
neurobiology & use of & recommendations regarding drugs in treatment of patients with alcohol dependence or alcoholism with vs without comorbid major depression or anxiety disorders, 22269
neurochemical basis of & neuropharmacology of serotonin & noradrenaline in depression, 38239
neurochemical mechanisms of action of electroconvulsive shock, implications for treatment of major depression with ECT, 2426
neurofibromatosis type 1, 20–81 yr old psychiatric patients, 12 yr study, 11820
neurological correlates of depressive symptoms, patients with vascular dementia vs Alzheimer's disease, 21604
neuron loss in locus ceruleus & dementia severity, severity & duration of depression, postmortem brains of patients with Alzheimers disease with vs without major or transient depression, 11901
neuronal & glial prefrontal cell pathology, postmortem brains of 30–86 yr olds with major depression, 21104
neuropathology of schizophrenia & bipolar disorder & nonpsychotic depression, Stanley Foundation Brain Collection matched specimens, 37272
neuropsychological & cognitive ability, elderly patients with Alzheimer's disease with vs without apathy &/vs depression, 18390
neuropsychological assessment of short-term verbal memory & other cognitive functioning, patients with dementia syndrome of depression vs Alzheimer's dementia & concurrent major depression, 3 yr study, 31285
neuropsychological function, young adult inpatients with psychotic vs nonpsychotic unipolar depression, 8040
neuropsychological profile after treatment with methylphenidate, adult patients with ADHD with or without comorbid depression, 15333
neuropsychological test performance of executive functions, female depressed outpatients (mean age 20.33 yrs), 26196
neuroticism & self-esteem personality factors, vulnerability to major depression, female twins, 37333
new developments in drug treatment of depression, 28469
no vs immediate &/vs delayed formal or Alcoholics Anonymous treatment selection & depression & drinking related outcomes, persons with drinking problems, 1 & 3 & 8 yr follow ups, 28785
nocturnal profiles of serum leptin levels, 23–71 yr olds with depression, 8088
nocturnal sweating & temperature before & after recovery & impact of REM sleep on sweat rates, 27–68 yr old depressed patients, 37302
non-linear vs linear neural network classification strategy to examine contribution of psychomotor disturbance vs endogeneity symptoms to melancholic vs non-melancholic depression, patients, comment, 1502
non-linear vs linear neural network classification strategy to examine contribution of psychomotor disturbance vs endogeneity symptoms to melancholic vs non-melancholic depression, patients, 1514
norepinephrine reuptake inhibitor treatment for depression, 38247
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, commentary, 21668
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, commentary reply, 21662
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, 11978
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, comment, 11971
nortriptyline vs paroxetine treatment, late-life depression, elderly outpatients & inpatients (mean age 75 yrs), 38285
nortriptyline, brain morphology & depressive symptoms, adults (mean age 75.2 yrs) with geriatric depression, 18756
number of affective episodes, cognitive impairment assessed during euthymic phase, patients with unipolar vs bipolar disorder assessed 12–25 yr post-hospital discharge, 1528
number of episodes, risk of recurrence & hospital re-admission, patients with unipolar vs bipolar disorder, 27600
numbers of & rostro-caudal & ventro-dorsal distribution of neuromelanin containing neurones in locus ceruleus, postmortem brainstems of 39–67 yr olds with bipolar disorder vs major depression, 27577
observations of preparation & conduct of web-based conference to create algorithms for depression & schizophrenia, experts in several fields, 803
occurrence of depression during longitudinal course of schizophrenia, patients with schizophrenia vs schizoaffective & major depressive disorders (mean age 23 yrs), 4.5 & 7.5 yr followup, 14578
olanzapine treatment, patients with psychotic depression (mean age 36.9 yrs), 15336
olfactory bulbectomy, locomotor activity & passive avoidance & tactile startle & grooming & feeding & neurochemistry, 12 wk vs 20 mo old male rats, animal model of human depression, 20149
once-daily extended-release venlafaxine vs fluoxetine treatment, outpatients with depression & anxiety, 12236
onset of disability, primary care patients with vs without depression, 3 & 12 mo followup, 34124
optimism, depression & coping & anger & life events, rural 14.05–19.82 yr olds, 10873
oral amantadine treatment, depression, 40.3–60.5 yr olds with Borna disease virus infection, 34970
order of onset of polysubstance or drug or alcohol abuse & major depressive episodes, 18–65 yr old outpatients with major depressive disorder, 11280
origins & goals of National Depression Screening Day program for screening for & educating about depressive disorder, implications for identifying suicide risk, 11363
outcomes & experiences of treatment, consenting vs nonconsenting depressed patients who received ECT, 12267
overestimation vs underestimation of academic competence & depression & anxiety symptoms, male vs female 3rd vs 6th graders, 3 yr study, 17816
overview of research on self-schema in depression, Canada, 1979–1996, 1540
parent & grandparent major depressive disorder, risk of major depressive disorder & anxiety, offspring, 14470
parent with vs without depression in methadone maintenance, prevalence of psychiatric disorders & or impairment, 6–17 yrs, 1473
parental affective illness & increased incidence of depression, offspring, 1506
parental alcoholism in childhood, alcohol & drug abuse or dependence & anxiety & depression in young adulthood, 10–15 yr old children of alcoholics, 11600
parental alcoholism, self-esteem & depression, 12–19 yr old African Americans, 30239
parenting stress & depression & parenting, 38–88 yr old grandmothers raising their grandchildren, 20758
parent–child relationships, families with depressed & self-harming adolescents, implications for suicide prevention, 23880
paroxetine & fluoxetine, antidepressant & anxiolytic efficacy & nervousness & anxiety, patients (mean age 40.9 yrs) with moderate to severe depression, 12 wk study, 28410
paroxetine &/vs pindolol, compliance & response at 6 mo & 1 yr & relapse, depressed patients with mean ages of 34.8 & 39.6 yrs, 5675
paroxetine treatment, cognitive toxicity, 61–84 yr old patients with major depression, 38286
paroxetine vs amitriptyline augmentation of lithium, illness severity, 20–73 yr olds with major depression, 18660
paroxetine vs nortriptyline treatment, prevention or delay of relapse & recurrence of major depression, elderly patients, 38327
paroxetine, intermittent brief depression episodes & suicide attempts, in- and outpatients with personality disorders, 2348
participation in administration of infant assessment, mother–infant interaction & infant development, depressed 15–30 yr old mothers & neonates, 1 mo study, 8100
patient & physician gender, diagnosis & treatment of depression, primary care physicians (mean age 42.9 yrs), 37954
patient characteristics & presentation, recognition & treatment of depression, primary care physicians, 21115
patient demographics & previous depressive episodes & depression severity & learned resourcefulness & therapist skills, homework compliance in cognitive therapy, clients & their therapists, 31522
patterns of comorbidity in child- vs adolescent- vs adult-onset, 18–65 yr olds with major depressive disorder, 27573
patterns of dependency & depression in art work & satisfaction/dissatisfaction in the military, Air Force members (mean age 42.5 yrs), 19453
patterns of frontal cognitive & memory impairment, melancholic &/vs nonmelancholic depressed patients, 11350
patterns of health care costs, adults with depression &/or substance abuse, 12397
patterns of HMO primary care & antidepressant drug prescribing, 18–59 yr old vs 60–80 yr old patients with depression, 25417
patterns of nonverbal interpersonal behavior, males vs females with nonpsychotic unipolar depression, 17884
perceived parenting styles in childhood & sex & age & symptoms, stress coping strategies, outpatients (mean age 38.5 yrs) in remission from major depression, 30689
perceived social & academic self-efficacy & role in sociocognitive influences leading to depression, children (mean age 11.5 yrs), 1 & 2 yr followups, 11351
perceived social support & trait hostility as predictors of depressive symptoms 1 mo postdischarge, 36–93 yr old coronary artery disease patients, 8490
perception of critical risk factors & general indicators for completed suicide in patients with major depression, 32–72 yr old mental health personnel, 37331
perception of patient's depression, 70 yr old patients vs general practitioners, 27574

perceptions of cognitive vs noncognitive aspects of treatment helpfulness & depressive symptomology, psychiatric inpatients (mean age 35.8 yrs) on cognitive therapy unit, 18552
perceptions of early family environment, patients with endogenous depression, 14512
perceptions of facial emotions & subsequent relapse, depressed 18–77 yr olds in depressed vs remitted states, 6 mo study, 37305
perceptions of quality of intergenerational relationship & depressive symptomatology, 14–17 yr old teenage mothers & their grandmothers (mean age 43 yrs), 1114
perceptual asymmetry & sensitivity for perceiving emotional words, patients with anxious vs nonanxious depressive disorder (aged 20–65 yrs), 21073
percutaneous electrical nerve stimulation vs opioid analgesics, ECT induced migrainelike headaches, 34–57 yr olds with depression, 35083
perfectionism as predictor of chronic unipolar or bipolar symptoms, adults (mean age 46.1 yrs) with depressive disorder, 1524
perfectionistic standards for academic achievement, depression & anxiety, college students, 4774
performance on time-based prospective memory task assessing ability to carry out future intention at specified time, depressed vs nondepressed adults, 21105
persecutory delusions & generating specific autobiographical memories, patients with delusions vs depression, 14456
persistent or recurrent major depressive disorder, HIV positive vs negative IV drug users with vs without history of major depressive disorder, 11292
personal & social support & global functioning, full remission or partial recovery after drug therapy, 8–65 yr olds with non-chronic major depressive disorders, 2311
personal account of negative experiences with health care personnel & effects on family, spouse of depressed male client, commentary, 8726
personal account of negative experiences with health care personnel & effects on family, spouse of depressed male patient, commentary & reply, 8741
personal account of negative experiences with health care personnel & effects on family, spouse of depressed male patient, 8710
personality & clinical predictors of recurrence of depression, depressed patients treated for 8–76 wks, followup study , 14477
personality changes & reversal of severe & suicidal depression with testosterone substitution, 31 yr old male with bilateral cryptorchism, 4 yr study, 37746
personality pathology & concurrent depressive disorder symptomatology, adolescent females, 3 yr study, 17960
personality traits & history of suicide attempts, 17–48 yr old women with anorexia nervosa vs bulimia nervosa vs major depression, 30562
pharmacodynamics & neurochemical changes & behavioral actions of citalopram in treatment of depression, 38295
pharmacodynamics & pharmacokinetics & therapeutic efficacy & tolerability & dosage & administration of reboxetine, patients with major depression , 28439
pharmacokinetic & pharmacodynamic considerations of antidepressant use, elderly patients, 38231
pharmacokinetics of citalopram vs fluoxetine vs fluvoxamine vs paroxetine vs sertraline, care of depression, elderly patients, 5604
pharmacological treatment of depression, pregnant females, 28428
pharmacological treatment trials for psychosis & depression & anxiety-agitation in adult & geriatric patients with underlying neurological diseases, 1966–1998, 21599
pharmacotherapy, lycanthropy, case reports of 17 & 21 yr old males with depressive disorders, 27545
phenomenology & drug treatment of agitation, adult female patients with agitated depression, 28495
phenomenology of depressive experience, outpatients with major depressive disorder vs analogue depressed university students, 1511
physical disability & depression & perceived mastery & health-related control beliefs & quality of life, 51–87 yr olds in early vs middle vs late stages of Parkinson's disease, 18386
physical measures & perceived physical ability & body acceptance, 18–61 yr olds with severe depression or substance abuse, 17783
physiology of testosterone secretion & relationship between testosterone & major depression, aging men, 7137
pindolol vs mianserin augmentation of fluoxetine, onset of antidepressive action, 25–70 yr old patients with major & treatment-resistant depression, 18709
pindolol with fluoxetine, clinical response, patients with depression, 21868
pindolol, response to fluvoxamine, adults (mean age 47.4 yrs) with psychotic depression, 8964
plasma dexamethasone, DST, Chinese patients with anxiety vs major depression , 1479
plasma endothelin-1 peptide levels, cardiovascular risk, adults with major depression & hypercortisolemia, 37320
plasma fluoxetine & norfluoxetine & therapeutic response, patients with major depression, commentary, 2363
plasma fluoxetine & norfluoxetine & therapeutic response, patients with major depression, commentary reply, 2272
plasma levels of cytokines & soluble cytokine receptors, 18–83 yr old inpatients with major depression or schizophrenia or other psychiatric disorders, implications for immune system pathogenesis, 37266
plasma norephinephrine & BP & heart rate at rest & in response to orthostatic challenge as indicators of altered autonomic nervous system activity, coronary heart disease Ss with vs without depression, 14386
plasma prolactin response to parenteral clomipramine challenge, depressed adolescents (mean age 16.3 yrs), 2390
polymorphism in respective candidate genes & changes in serotonin transporter & 5-HT2A receptor density in postmortem brain, 23–72 yr old depressed suicide victims, 27770
polypharmaceutical treatment, behavioral disturbances & depressive mood & anxiety & aggression, group-living care unit patients with Alzheimer's disease vs vascular vs other dementias, 2 yr study, 5741
poor marital & family relations & predictive value for subsequent occurrence of depression, older adults, Finland, 27602
positive vs negative life events & cognitive strategies & self esteem & depression & well being, college students, 5 yr study, 17660
post-exercise motor-evoked potential responses, patients with major depression on psychotropic medication, 24223
post-stroke depression & functional recovery, 15 yr olds & older first-time stroke victims, 31263
postmortem tyrosine hydroxylase immunoreactivity in locus ceruleus, 39–63 yr old depressed nonsuicidal vs suicidal patients, 34029
postoperative delirium, 49 yr old female with history of depression following parathyroidectomy, implications for adverse interaction involving paroxetine & anesthesia, 38313
poststroke lesion size & location & impairment, depression, hospitalized stroke patients, 2 yr study, 15042
practice parameters for assessment & treatment of major depressive disorder & dysthymic disorder, children & adolescents, 1507
practices carried out in assessment for depression in elderly patients, hospital nurses, 22372
pre-existing antidepressant medication, outcomes of group cognitive-behavioral therapy, patients with major depression, 15093
prebirth trauma events & social support, postbirth anxiety & depression & postraumtic stress, female Cambodian 21–39 yr olds, 30623
prediction of medium-term outcome by cortisol response to combined dexamethasone-corticotropin releasing hormone test, 25–79 yr old inpatients with major depression, 24233
predictions of responses to fluoxetine, 7–17 yr old outpatients with major depressive disorder, 31663
predictive validity of WAIS-R Verbal IQ Performance IQ splits for depression, inpatients, 13066
predictive value of cognitive distortion ratings in relation to psychopharmacologic treatment response, 30–86 yr olds with major depression, 2374
predictors of additional service use following treatment for major depression, 13–18 yr olds, 14479
premature labor induced by ECT, 29 yr old female with schizophrenia & depression, 12263
premorbid risk factors & life experiences, elderly patients with late paraphrenia & depression, 21028
prenatal depression & catecholamine & cortisol levels, neonatal neuromotor performance & catecholamine & cortisol levels, pregnant mothers with depression (mean age 19.4 yrs) & their neonates, 24211
preoperative clinical & demographic characteristics & life stressors & social support & surgery outcome, depressive syptomatology, coronary artery bypass graft patients (mean age 65.3 yrs), 35102
presentation & course & assessment & psychotherapeutic & pharmacologic treatment of major depression in children & adolescents, 1504
pretreatment platelet 5-HT concentration & therapeutic response to paroxetine, 16–70 yr olds with major depression, 31639
pretreatment subjective & electroencephalographic REM sleep quality, depressed females who did vs did not remit with psychotherapy, 15127
prevalence & clinical practice issues in treatment of depression in late-life, geriatric patients, 35187
prevalence & correlates of depression, elderly individuals (mean age 68.8 yrs), Saudi Arabia, 37299
prevalence & diagnosis & onset & outcomes & treatment, primary care vs psychiatric patients with depression, 8116
prevalence & epidemiology of late-life & dementia & depression & other mental disorders in primary health care, community studies of persons 65+ yr old, 34103
prevalence & etiology of comorbid depression, patients with chronic epilepsy (aged 18–50 yrs), 34689
prevalence & incidence & patterns of change & stability of depressive disorders, 14–17 yr olds, 20-mo followup, 24217
prevalence & psychosocial & health-related predictors of depression in 1 or both spouses, elderly husband & wife pairs, 4912
prevalence & symptoms of codependency, 22–72 yr old females receiving outpatient treatment for depression currently or in past, 8101
prevalence & treatment of agitation in depression & anxiety, 24166
prevalence & treatment of anger attacks in depression, 24221
prevalence of & exposure to violence & symptoms of depression & hostility & demographic differences in exposure to & effects of traumatic violence, inner city 14–19 yr olds, 18006
prevalence of & factors associated with major & minor depression, 85 yr olds & older, 30682
prevalence of anxiety & depressive disorders & dietary regimen compliance & glycemic control & somatic complications, outpatients with insulin-dependent diabetes mellitus, 8498
prevalence of atypical depression & clinical comparison with typical depression, unipolar or bipolar depressed outpatients, 11354
prevalence of atypical depression, patients with severe vs nonsevere unipolar vs bipolar depression, 21069
prevalence of bipolar II disorder, outpatients with atypical bipolar II (mean age 36.7 yrs) vs unipolar (mean age 44.5 yrs) depression , 21070
prevalence of depression & anxiety & differences in sleeping patterns, 45–68 yr old male patients before vs after coronary artery bypass surgery, 6 mo followup, 31784
prevalence of depression, 13–22 yr old male vs female adolescents, Peoples Republic of China, 11368
prevalence of depression, adults aged 65 yrs & older, cities in Europe, comment with reply included, 34120
prevalence of depression, Alzheimer's disease patients with vs without a history of mood disturbances, 34639
prevalence of depression, male vs female widowed adults aged 55–85 yrs, 30691
prevalence of depressive disorders, 15 yr olds & older, UK, 11373
prevalence of depressive symptoms, adults in early course of schizophrenia, 5 yr study, 11451
prevalence of major depression & comorbid anxiety & medical disorders & impairment & mental health care utilization, 18–80 yr old primary care patients, 35184
prevalence of major depression & depressive mood, elderly, People's Republic of China, 37308
prevalence of major depression & dysthymia & suicide attempts, 16–17 yr olds, Sweden, 30680
prevalence of psychotic depression & differences in psychotic vs nonpsychotic depression, private practice outpatients with unipolar vs bipolar depression , 8089
prevalence of PTSD & major depressive disorder following deportation & internment, Nazi concentration camp survivors, 51-yr follow-up, 11320
prevalence of subsyndromal depression & associated functional disability, 60+ yr olds patients, implications for health care services, commentary, 24220
prevalence of subsyndromal depression & associated functional disability, 60+ yr olds patients, implications for health care services, 24213
prevalence of symptoms & changes over time & incidence & correlates of depression, 84–90 yr olds, 6 yr study, 24232
prevalence of unrecognized depression in specialized mental health settings, patients referred for cognitive behavior therapy, 31890
primary care issues related to treatment & diagnosis of depression in late-life, elderly patients, 38495
process & outcomes of brief interpersonal vs cognitive–behavioral therapy, 21–60 yr olds with major depression, 12015
prognosis, elderly with depression in community & primary care, 30654
programmed group exercise training, affective state, elderly patients affected by anxiety-depression syndrome, 8987
prolactin response to d-fenfluramine before vs after treatment with serotonin reuptake inhibitors, patients with major depressive disorder, 12193
psychiatric & health care treatment received before vs after suicide attempt, 18.8–74.4 yr old patients with current unipolar major depression, 8739

psychiatric home nurse followup, readmission rates, depressed patients, 34090
psychological & psychoanalytic & psychopathological models of personality disorders, 17–63 yr olds with major depression or bulimia nervosa, 34044
psychological adjustment & self-blame attribution & anxiety & depression, women (mean age 54.8 yrs) with newly diagnosed breast cancer, 1 yr study, 34590
psychological assessment, distinguish between depression & dementia, elderly, 7994
psychological distress & depression & demoralization, 28–64 yr old Russian-Jewish immigrants in primary care, 14449
psychological symptoms & clinical immune marker measures & immune system functioning, young adults with major depression assessed during acute phase & following 6 wks of nortiptyline therapy, 14500
psychometric performance of Center for Epidemiologic Studies-Depression Scale &/vs General Health Questionnaire-12 for depression screening, 60–99 yr olds, 24218
psychometric properties & reliability & validity of alternate forms of translated form of Center for Epidemiologic Studies-Depression Scale, adult Korean immigrants, 86
psychometric properties & screening suitability of Even Briefer Assessment Scale for Depression, elderly patients in geriatric care in German vs English speaking countries, 26161
psychometric properties of Center for Epidemiological Studies Depression Scale, depressive symptoms, female cancer patients aged 18 yrs or older, 19621
psychometric properties of Portuguese version of Beck Depression Inventory, assessment of depressive symptomatology, college students, Brazil, 19619
psychometric properties of Range of Impaired Functioning Tool, patients with depression, 32645
psychometric properties of Thought Control Questionnaire & thought control strategies & psychiatric symptoms, 18–75 yr olds with major depression & PTSD with or without major depression, 35954
psychometrics of Symptom-Driven Diagnostic System Scale & Sheehan Disability psychiatric screening tests, assessment of depression & panic disorder, 18–70 yr old primary care patients, 37279
psychopharmacologic treatment termination, clinical & psychosocial outcomes, outpatients with early onset chronic depression, 1 yr followup, 28390
psychosis & depression, behavioral disturbances, 58–96 yr old patients with dementia, 18389
psychosis, outpatients with major depressive disorder with vs without concurrent PTSD, 21120
psychosocial stressors & demographic correlates & prevalence of depressive symptoms, 14–17 yr old adolescents, Hong Kong, comparison with Canadian Ss, 27636
psychotherapuetic process of assimilation of voices into community of voices represented in self, 42 yr old female with depression, 38013
psychotherapy with vs without autogenic training, symptoms & disease course & relapse, psychosomatic complaints, 22–69 yr old outpatients with depression, 3 yr followup, 28253
PTSD & major depression, mothers of children with severe burn injuries, 4870
pubertal morphological & hormonal level changes, depression, 9–15 yr old females, 37301
public & private religiosity & social support & medical problems & depression symptoms, Blacks (mean age 71.87 yrs) vs Whites (mean age 72.79 yrs), 21085
quality of life & depressive symptomatology as measured by Global Assessment of Functioning vs Montgomery–Asberg Depression Rating Scale, 65–89 yr olds with depression, 3325
quality of life & its assessment & clinical & biological & pharmacological aspects of depressive disorders & treatment planning, elderly patients, 8095
quality of life & social functioning, 65 yr old & older depressed patients, 4926
quality of mental health care & pharmacotherapy, psychiatric outpatients with major depression, 2598
quantity & content & intensity of obsessions & compulsions, 18–45 yr old females with major depression with vs without postpartum onset, 17887
quantity of paroxetine excretion in breast milk, 28–35 yr old mothers with major depression or panic disorders & their infants, 35007
quinapril, depression & appetite & sleep patterns & energy & suicidal ideation, 90 yr old male with peripheral vascular disease & mild congestive heart failure, 28434
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression, commentary, 38077
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression & other disorders, commentary, 38079
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression, commentary reply, 38072
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression, commentary, 38075
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression, commentary, 38078
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression, commentary, 38071
rapid vs intermediate vs non response to cognitive vs family vs supportive psychotherapies,13–18 yr olds with major depression, 2 yr study, 2171
rate of lifetime parental depression & family functioning, adolescents with vs without depression, 1545
rates & demographic & psychosocial & biological factors associated with development of substance use disorders, adolescents with unipolar major depression, 7-yr followup, 34126
reason-giving for & rumination in response to depression, reactions to activation- vs insight-oriented psychotherapy, 20–65 yr olds, 28280
reboxetine, efficacy & relapse rate, 18–65 yr olds with major depression, 25228
receipt of outpatient or inpatient treatment & suicidality, depressed 18–86 yr olds from rural vs urban areas, 1 yr followup, 5846
recent conjugal loss & bereavement as risk factor for syndromal depression, 70+ yr old Ss, 36905
recent death vs myocardial infarction of husband, event decay & onset of depressive & anxiety disorder, wives. test of vulnerability/resilience models, 21053
recognition & accuracy of differential medical diagnosis by primary physician, prognosis & outcomes at followup, depressed patients (mean age 40.5 yrs), 21108
recollected levels of parental care & current symptomatology & comorbidity & family psychiatric history, 18–64 yr olds with depression, 27463
recurrent vs 1st episode depression, memory deficits on word-list learning task, 21–65 yr old depressed inpatients, 34091
reduced 5-HT function & characteristics of disorder & pretreatment 5-HT function & subsequent response to d-fenfluramine, patients (mean age 39.3 yrs) with major depression, 2295
reduced brain serotonin transporter availability in major depression, outpatients, 8109
reduced corticosterone levels by adrenalectomy, 8-OH-DPAT-induced hypothermia, mice, animal model of depression & somatodendritic 5-HT1A receptor function, 13676
reduction in positive & negative & depressive & manic symptoms, improvement in service use & disability & subjective outcomes & self-harm, 16–65 yr old patients with chronic psychotic illness, 37392
regional cerebral blood flow & comorbid diagnosis of major depression, 24–33 yr old opiate addicts, 5076
regional cerebral blood flow in prefrontal cortex & basal ganglia & temporal lobes, 13–18 yr olds with major depressive disorder, 24208
relation between dissociative experiences of depersonalization & fantasies & self-reported coping behavior, 17–76 yr olds with vs without depression vs anxiety vs schizophrenia, 11343
relation between serotonin & drug induced therapeutic responses in major depression & obsessive-compulsive & panic disorders, 28398
relation of child sexual abuse to depression, 18–22 yr old African vs Mexican vs Native American vs White females, 14413
relation of coping behavior with demographic & epilepsy variables & depression & locus of control & psychosocial adaptation, 20–54 yr old patients with intractable epilepsy, 18387
relationship between anhedonia & depression, patients with major depression &/or deficit schizophrenia, 27535
relationship between attachment style & love relationships & friendships & self-esteem & depression, 25–44 yr old females at risk for relationship problems, 37076
relationship between cost of treatment for depression & lost employment earnings due to work days, persons with depressive disorder & dysthymia, 6 & 12 mo followup, 35198
relationship between depression & racial-ethnic group, 21–71 yr old African American & Caucasian & Latino spinal cord injury patients, 28169
relationship between depressive symptoms & drug network & needle sharing behavior, 19–61 yr old intravenous drug users, 18067
relationship between family burden & sociocultural context, Euro-American vs Latino adults with schizophrenia or depression & their family members, 11327
relationship between family burden & sociocultural context, Euro-American vs Latino adults with schizophrenia or depression & their family members, comment, 24128
relationship between health-related quality of life & activities of daily living & depression, adult patients with temporal lobe epilepsy, 18391
relationship between perimenopause & depression & evaluation of depression in perimenopause, 1543
relationship between problem behaviors & DSM-III-R behavioral criteria for major depression, 18–51 yr olds with intellectual disability, 30660
relationship between self-preoccupation & depressive symptoms, college students, 6 mo study, 11376
relationship between shame & guilt & severity of depression, 21+ yr olds with moderate to severe depression, 37300
relationship of ADHD & major depression & other illicit substance use disorders & onset & severity of nicotine dependence, 13–19 yr olds with conduct & substance abuse disorders, 24455
relationship satisfaction & reassurance seeking & contagious depression, dating couples (aged 18–29 yrs), 17871
relationships among testosterone & antisocial & risk behaviors & employment & marital status & depression, 30–48 yr old males, 27580
reliability & efficacy of Beck Depression Inventory for Primary Care in aiding physicians in psychodiagnosis of major depression, outpatients on routine office visits to physician specialists, 19629
reliability & validity of an instrument developed in US to identify major depression in 10–17 yr old White vs Chinese Americans, 69
reliability & validity of Arizona Sexual Experiences Scale, assessment of antidepressant-induced sexual dysfunction & treatment strategies, depressed adult male and female patients, 15316
reliability & validity of Hindi version of Geriatric Depression Scale & association of scores with age & gender & cognitive & functional impairment, rural 57–95 yr olds, 35938
reliability & validity of short form of Center for Epidemiologic Studies Depression Scale, 70 yr olds & older with vs without depression, 3 yr study, 32631
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, comment, 32647
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, commentary reply, 32648
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, 14491
reliability of major depression diagnosis & implications for heritability & comorbidity with panic & generalized anxiety disorders, 17–55 yr old female twin pairs, 5-yr follow-up, 4908
religiosity & vulnerability to suicide attempt or plans, depressed outpatient Afghan refugees, Pakistan , 14128
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, commentary, 21097
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, commentary , 21072
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, reply, 21089
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, reply, 21090
REM latency & other psychobiological correlates, patients with psychotic vs nonpsychotic major depression, 8120
REM sleep & emotional content & recall of dreams in prediction of remission from depression, adults tested close to vs 1-yr after marital separation , 1510
repetitive transcranial magnetic stimulation in treatment of medication-resistant depressed outpatients aged 30–52 yrs, 12257
repetitive transcranial magnetic stimulation, depression, 36 yr old pregnant female, 12261
replication of validity of Manic Depressiveness Scale, mania & clinical depression, bipolar &/vs unipolar depressives, 3333
reports of anxiety symptoms & risk behaviors as predictors of change in depressive symptoms, 12–17 yr olds, 1544
research evidence to support severe depression as separate illness category, consensus meeting of European College of Neuropsychopharmacology, 17878
residual depressive symptoms & relationship to Axis I & II comorbidity, outpatients with major depressive disorder in acute remission following treatment with fluoxetine, 8 wk study, 18720

response contingent vs noncontingent performance feedback, mood state & depression symptoms & performance expectancy & task attribution, 18–24 yr olds with long-standing asthma, 24686
response to tricyclic antidepressants, 11 yr 11 mo old severely depressed boy, 5621
right unilateral vs bilateral & high vs low dosage of ECT, female vs male patients with major depressive disorder (mean age 55.9 yrs), commentary, 12266
right unilateral vs bilateral & high vs low dosage of ECT, female vs male patients with major depressive disorder (mean age 55.9 yrs), commentary reply, 12260
risk factors & psychosocial resources, depression, married vs separated/divorced vs widowed vs never married 24–75+ yr olds, 27587
risk factors associated with treatment of major depression during pregnancy, pregnant women taking fluoxetine or serotonin reuptake inhibitors, 38331
risk factors for first onset vs recurrence of depression, 9th-12th graders, 27606
risks & benefits of pharmacological treatment of major depression during pregnancy, 5629
risks & impairments associated with major depression in transition to adulthood, 21 yr olds, 17 yr study, 27623
risperidone monotherapy, psychotic mania & depression, 27 yr old male with bipolar disorder, 28452
role & impact on outcome of homework assignments in cognitive therapy & methods for enhancing adherence, patients with depression, 38069
role capacity & overload as subjective & patient behavior problems as objective stress, risk for & prediction of depression, 23–82 yr old caregivers for relative with Alzheimer's or other dementias, 14993
role of amiodarone in timing & clinical presentation of depressive episode, 65 yr old female receiving amiodarone for ventricular tachycardia, commentary, 31802
role of childhood sexual abuse & biological & psychosocial mechanisms & early stressors & hypothalamic pituitary adrenal axis function in development of adult-onset depression, females, 24229
role of corticotropin releasing factor system as mediator in development of stress response & major depression & PTSD, rodents & nonhuman primates & humans , 33408
role of culture & religion in conceptualization & presentation of mental illness & in treatment compliance, 55-yr-old Hispanic American woman with major depression, 8115
role of depression in disease progression, HIV-positive women with moderate to severe immunosuppression, 2 yr study study, 18319
role of hypothalamic-pituitary-adrenocortical system hyperactivity & corticotropin-releasing hormone secretion in development & course of depression, 17867
role of primary care providers in identification & treatment of depression for patient help-seeking patterns, 18–75 yr old females visiting primary care clinics for low-income families, 34134
role of serotonergic system in pathogenesis of major depression & suicidal behavior, 27538
role of tetrahydrobiopterin as neurotransmitter biosynthesizer & nitric oxide as neuroendocrine modulator in neuronal control of depression & stress & immune system regulation, 14511
ruminative response style, vulnerability to dysphoria, currently vs previously vs never dysphoric college students, 4921
S-adenosyl-L-methionine, serotonin & dopamine levels & mood, patients with depressive disorders, 8955
safety & efficacy of ECT, 75–91 yr olds with depressive episode & recurrent depressive & bipolar disorders with & without psychotic features, 3 yr study, 8971
safety & efficacy of maintenance therapy with sertraline, outpatients with chronic major or double depression, comment, 28395
safety & efficacy of maintenance therapy with sertraline, outpatients with chronic major or double depression, reply, 28446
safety & efficacy of nontricyclic antidepressants, children & adolescents with ADHD & obsessive compulsive disorder & depression & Tourette disorder & mutism & other disorders, 21884
safety & efficacy of protocol for use of sertraline in psychiatric-supported & trained primary care practice, 18–87 yr olds with mild to moderate major depression, 8-wk study, 28864
safety & efficacy of right frontal lobe slow frequency repetitive transcranial magnetic stimulation, 24–40 yr old patients with depression, 31739
safety & tolerability of citalopram in treatment of depression, 38330
safety of & role of genetic polymorphisms in paroxetine pharmacokinetics, 5–17 yr olds with major depression, 31640
safety of fluoxetine & other selective serotonin reuptake inhibitors during pregnancy, children of depressed mothers, 31646
safety of mirtazapine in overdose, 44 & 51 yr old depressed & suicidal females, 2333
safety profile & adverse events in response to moclobemide treatment, depressed patients with multiple sclerosis, 3-mo study 34–60 yr old, 21865
Salpetriere Retardation Rating Scale & other measures of psychomotor retardation & assessment of depressive symptom severity & antidepressant treatment response, 32
satisfaction with information about & understanding of consent procedures for radiotherapy, levels of major depression & anxiety & adjustment disorders, 29–84 yr olds with cancer, 12336
scores on the 36-item Short-Form Health Status Survey, outpatients with adjustment disorder vs dysthymia vs depression, construct validity of adjustment disorder diagnostic category, 34113
screening & validity of performance on Center for Epidemiologic Studies-Depression Scale, community dwelling 60–99 yr olds with vs without dementia, 9898
screening for presence & severity of adjustment disorder & depressive mood or major depression, 25–87 yr olds with stroke, 4-mo study, 21520
season of birth effects, patients with unipolar or bipolar affective disorder, Ireland, 8093
selective norepinephrine reuptake inhibitor reboxetine vs fluoxetine, antidepressant efficacy & tolerability, patients with major depression, 8 wk study, 2362
selective norepinephrine reuptake inhibitor reboxetine, antidepressant efficacy & tolerability, 18–65 yr olds & older with major depression or dysthymia, 4 wk to 12 mo studies, 2288
self complexity in cognition & persistence of depression, patients with major depression (mean age 36.9 yrs), 27646
self efficacy, physical & psychosocial components of pain & disability & depression, patients with chronic pain, 21447
self perceived vs actual peer acceptance in childhood, as predictors of major depression in adolescence, 4th–5th graders, 14489
self reinforcement & perceived control & prevalence of depression, White (aged 71.95 yrs) vs Asian Americans (aged 71.04 yrs), 10925
self reported physical health, Gulf War veterans with PTSD or dysthymia or major depression, 30580
self vs informant ratings of personality traits, depressed outpatients (mean age 41.1 yrs), Canada, commentary, 27622
self vs informant ratings of personality traits, depressed outpatients (mean age 41.1 yrs), Canada, commentary reply, 27576
self vs psychiatrist rated assessment of depressive symptomatology before & after antidepressant therapy, inpatients with major depression (mean age 41.7 yrs), 28 day study, 35931
self-esteem & dysfunctional beliefs, full vs partial remission, non-psychotic major depressive inpatients, 2 yr follow-up , 30655
self-help techniques for adaptation to Parkinson's disease & prevention of depression, patients with Parkinson's disease & their families, 21639
self-maintenance skills & instrumental activities of daily living, older patients (mean age 69 yrs) with major depression, 8119
self-rated & objective cognitive ability & subjective cognitive complaints & affective distress, Gulf War veterans (mean age 32.7 yrs), 27509
self-rated physical health & clinically defined illness, elderly participants (mean age 75 yrs) of managed care organization with no vs minor vs serious depression, longitudinal study, 30675
self-reported behavioral inhibition, psychopathological symptoms of anxiety & worry & depression, 12–14 yr olds, 21042
sense of belonging & social support & loneliness & conflict & depression, 21–75 yr old patients with depression, 27594
sensitivity & specificity & stability of CSF-tau, geriatric patients with probable or possible Alzheimer's disease or depression, 37218
sensitivity & specificity of 16th item from vs shortened 15-item Geriatric Depression Scale, 72–99 yr old female nursing home residents, 7601
sensitivity to detection of false reassurances & phoniness, dysphoric vs nondysphoric adults, 30673
sensitivity to panicogenic effects of cholecystokinin-4 administered during follicular vs luteal phase of menstrual cycle, females with vs without premenstrual dysphoric disorder, 8107
serotonergic and atypical pharmacologic treatment for depression, juveniles, 38214
serotonergic dysfunction & anxiety & depression during withdrawal, 27–51 yr olds with alcoholism, implications for relapse risk, 1776
serotonin reuptake inhibitors with vs without inositol, 18–75 yr old patients with major depression, 12203
serotonin selective reuptake inhibitors vs desipramine, noradrenergic vs serotonergic probe-assessed brain monoamines, patients drug-free & depressed vs in remission with vs without antidepressants , 2292
serotonin vs LSD vs paroxetine platelet binding, male vs female 24–75 yr old inpatients vs outpatients with untreated major depression, 17879
sertraline & citalopram, diagnosis of personality disorders, patients with major depression, 2304
sertraline & desmethylsertraline in human breast milk & infant serum, nursing mothers with depressive symptoms & their infants, commentary, 2358
sertraline & desmethylsertraline in human breast milk & infant serum, nursing mothers with depressive symptoms & their infants, commentary reply, 2399
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, 25162
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, reply, 35030
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, comment, 34979
sertraline treatment for severe depression & irritability & violence & psychosis, 12 yr old male treated with prednisone for 7 yrs for ulcerative colitis, 8870
sertraline vs fluoxetine treatment, patients with depression (aged 70–93 yrs), 25164
sertraline, depressed recently abstinent alcoholics, 2387
sertraline, depressive symptom severity & pressure hyperalgesia & serum prolyl endopeptidase activity, patients (mean age 50.1 yrs) with fibromyalgia, 5226
sertraline, major depressive disorder & treatment outcomes, patients in primary care vs psychiatric office practice, 12207
sertraline, upper lip dystonia, 24 yr old male with traumatic brain injury & depression, 12240
sertraline-induced exacerbation of irritable bowel syndrome symptoms, 42-yr-old female with irritable bowel syndrome treated for depression, 2303
serum dopamine beta-hydroxylase activity before & after hospital treatment, 62–92 yr old delusional vs nondelusional depressed patients , 14492
serum total cholesterol & depression & suicide, 50–69 yr old males, 5–8 yr study, 34046
serum zinc concentration, adults (mean age 42.2 yrs) with unipolar depression & in 3 rat models of depression, 17880
service use, adults with alcohol dependence vs depression or diabetes with vs without comorbid alcoholism, 12405
setoperone positron emission tomography, assessment of prefrontal cortex serotonin receptor binding, 18–45 yr olds with depression & suicidal ideation, 27614
severe & melancholic depression & neurological factors & efficacy of sertraline & other SSRIs, 2271
severe life events 1 yr prior to onset, 13–18 yr olds with major depression, 1555
severity & timing of stressful life events & onset of depression, outpatients with no previous vs 1 vs multiple lifetime episodes of depression, 11361
severity of depressed mood vs lifetime histories of anxiety & depression vs childhood environment vs disordered personality function, sexually abused patients with major depression, erratum, 21081
severity of depression, nortriptyline hydrochloride vs interpersonal psychotherapy, depressed 18–64 yr olds, 8 mo study, 8945
sex & SES & ethnicity & stress & other demographic & psychosocial factors, depressive symptoms, 5th–12th graders, 34130
sex attitudes & depressed mood & stress, prediction of suicide ideation, 14–17 yr olds, 37513
sexual dysfunction & depression & antidepressant pharmacotherapy, 18733
sexual dysfunction, males taking selective serotonin reuptake inhibitors for depression, 5679
sexual problems & dysfunction, healthy adults vs depressed patients treated vs not treated with medication &/vs psychotherapy, 5456
sexual side effects of selective serotonin reuptake inhibitors, female 65 yr old & male 58 yr old, 21936
short- vs long-form Geriatric Depression Scale for depression detection, 62–99 yr old geriatric rehabilitation inpatients, 35969
short-term outpatient supportive psychotherapy, remission, depressed patients, 28319
side effects & efficacy in reducing depressive symptoms of low-frequency range right prefrontal repetitive transcranial magnetic stimulation, 27–88 yr olds with major depression, 2 wk study, 18760

side effects & pathophysiological mechanisms of antidepressants, REM & slow wave & other sleep EEG patterns, patients with major depression, 15343
sildenafil, depressed outpatients with antidepressant induced sexual dysfunction, 8890
similarities among & role of hypothalamic-pituitary-adrenocortical axis & pituitary-adrenocortical abnormalities & corticotropin releasing factor & stress in PTSD & major depressive & panic disorder, 24089
simple drawing tasks, assessment of psychomotor retardation, depressed 18–65 yr olds receiving antidepressants, 34129
simultaneous treatment of cardiovascular disease & major depression, patients, 31383
single vs multiple onsets of action in symptomatic changes during treatment with fluoxetine, 19–68 yr old patients with major depression, 4 wk study, 31630
site of service & client sociodemographics & ethnicity & symptom severity, prediction of antidepressant prescription & early use, 18–64 yr olds with major depression, 21953
sleep & sleep disturbances & anxiety & depression, abstinent vs drinking alcoholic males, 8 yr followup, 18065
sleep deprivation, delusional depression, inpatients with mood disorder, case reports, 11355
smoking rate & depression severity, psychiatric patients, 24170
social adjustment & depression & anxiety quality of life measures, 65–82 yr olds with poor vs good control over their Type 2 diabetes mellitus, 8512
social adjustment & self esteem, male vs female outpatients with bipolar vs unipolar affective disorder in remission for 12 or more months, 11378
social comparison & self-esteem & depression, adults with mild & moderate intellectual disability, 37691
social network & family relations, depression, 16 & 17 yr olds with & without conduct disorder, 14494
social problem solving abilities, hopelessness & depression & suicidal risk, college students vs general & suicidal psychiatric inpatients, 7991
social skills & stressful life events & loneliness & anxiety & depression, college students, 17834
social state & alimentary modifications & alcohol abuse & diagnosis of anxiety or depression, 65–87 yr olds living at home, 8044
social support & personal coping resources, depressive symptoms, 55–85 yr olds with diabetes mellitus vs lung vs cardiac disease vs arthritis vs cancer vs without disease, 1408
sociodemographic characteristics & need for treatment & help-seeking attitudes, healthy vs treated vs untreated depressed 15–64 yr olds, 21091
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, 17827
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 17808
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 17824
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 30631
sociotropic vs autonomous personality, performance expectations, depressed vs nondepressed college students, 1539
sociotropy vs autonomy personality styles & perceived stress associated with interpersonal or achievement focused hypothetical life events & vulnerability to dysphoria, 18–48 yr olds, 12-wk study, 4913
speech signal rate & intonation as assessments of ideational & motor & intonational states, diagnosis of mental states, operators of mobile objects & depressed psychiatric patients, 19406
standard vs religion accommodative counseling for depression, 8767
state & trait anxiety & depression, female 18–79 yr olds with allergic vs vasomotor rhinitis, 11772
state anxiety, vagal control of heart rate, 50–69 yr olds with major depression, 21116
statistical methodological advances in & models for handling clinical trial drop-outs & usage in intent-to-treat analysis, 60–90 yr olds in 12-mo trial of nortiptyline treatment for major depression, 18714
strategies & tactics in management of maintenance treatment for major depression, 28258
stress & social support & depressive symptoms, progression of infection, HIV-infected gay males (mean age 30.3 yrs), 21503
striatal dopamine D-2 receptor binding measured by iodobenzamide & SPECT before vs after selective serotonin re-uptake inhibitor, 29–71 yr old patients with major depression, 25183
structural issues & policy in primary care treatment of depression, 21659
structure of depressive symptoms during pregnancy & postpartum, longitudinal study, 27639
structured life review intervention, prevention of geriatric depression, newly relocated nursing home residents (aged 60–104 yrs), 5 yr study, 9049
study time of words at encoding, degree of retrieval support during free recall vs recognition in episodic memory, 75–96 yr old Alzheimer's disease patients with vs without depression, 34624
subchronic sertraline, depression & pain & fatigue & number of & affinity for [3H]rauwolscine binding sites, adults with fibromyalgia, 38275
subclinical & residual symptoms of unipolar major depression & bipolar disorder, pathophysiological & therapeutic implications, 11360
subclinical depressive symptoms in adolescence, adult depression, 9–26 yr olds, longitudinal study, 8114
subclinical typologies of anxiety & depression & somatization symptoms, cross-national sample of 15–65 yr old primary care patients, 24097
subjective complaints of memory disturbance vs objective memory performance, 19–66 yr old Lyme borreliosis patients with vs without depression, 11871
subjective hunger sensation & anxiety & depression, obese elderly, 8465
subjective probability estimates for future negative events, 9–18 yr olds with recovered depression, 1512
subjective sleep quality & level of nocturnal motor activity, adults with less vs more severe depression, 17875
subtyping of depression & treatment decisions, 2125
subtyping patients by depressive symptomatology, patients (mean age 35.1 yrs) with obsessive-compulsive disorder, 11342
suicidal thoughts & depression scores, 91–104 yr olds with vs without dementia, 8604
suicide & antidepressant treatment of depression, 18688
suicide risk, patients with major depressive disorder, 11349
suicide risks, bipolar II vs bipolar I & unipolar patients, 37332
supportive psychotherapy in drug trials, elderly patients with depression, 24991
symptom component of hopelessness theory of depression, college students, 4902
symptom screening & intervention & role of Psychiatric Mental Health Advanced Practice Nurse in primary care setting, 18–35 yr old females with depressive symptoms, 2436
symptom-based risk factors as predictors of chronic course of treated depression, unipolar depressed patients (mean age 37.6 yrs), 10 yr study, 24216
symptomatology & etiology of depression, elderly vs younger patients, 4909
symptoms & co-occurrence & predictors & correlates of posttraumatic stress disorder vs major depressive disorder, married physically abused women, 37221
symptoms & functional & occupational disability & pharmacological management, adults with depression, 31706
symptoms identifying need of screening for depression, primary care medical patients, 8091
symptoms of depression & corticotropin-releasing hormone & interleukin-1 beta & interleukin-1 receptor antagonist & postpartum complications, pregnant 13–19 yr olds followed throughout their pregnancy, 24222
symptoms of narcolepsy, 44 yr old female patient with depressive illness, 37313
symptoms of parkinsonian depression & treatment & management strategies, patients with Parkinson's disease, 21645
Temperament & Character Inventory, assessment of depression, psychiatric inpatients, 9840
temperament & perceived social support & depressive tendencies in adolescence, depressive tendencies in young adulthood, 15-yr-olds, 5 yr study, 27598
temperament traits, 19–62 yr olds with major depression with vs without seasonal subtype &/or suicidal ideation, 27618
temporal evolution of stress & difficult life events in year prior to onset, 17–64 yr olds with depressive disorders, 27607
temporal relationship between appearance of depressive symptoms & clinical onset of dementia or AD, community-dwelling 65 yr olds & older , 14387
terfenadine-induced recovery of orgasm, 55-yr-old male patient taking fluoxetine for depression, 5678
test of theoretical model or relations between depression & self focused attention & structure of self standards, female 21–65 yr olds, 1525
test reliability & validity & norms of Swedish version of Dysfunctional Attitude Scale, depressive cognitions, euthymic outpatients with unipolar depressive disorder & normal adults, 87
testosterone & pulsatile LH secretion & FSH & cortisol, 22–72 yr old male inpatients with major depression, 21107
test–retest stability of Dysfunctional Attitudes Scale scores as state-dependent correlates of depression, adult patients, 18-mo study, 11385
Texas Medication Algorithm Project to develop consensus-based algorithms for pharmacotherapy of major depressive disorder, 18672
theoretical orientation, rationale for medical treatment decisions for clients with depression, psychotherapists, 19188
theory of mind skills, schizophrenic vs psychotic vs depressed Ss during acute episode vs post-recovery, implications for C. D. Frith's neuropsychological theory of schizophrenic metarepresentation, 1581
therapeutic benefits & response patterns & safety of sertraline, 12–19 yr olds with major depression, 21858
therapeutic commonalities among depression & Parkinson's disease & cardiac arrhythmias hypothesized to be related to CNS deactivation of dysfunctionally coupled cortical–subcortical circuits, 21669
therapeutic effects of sleep deprivation, patients with depression, 31469
therapeutic role of tricyclic antidepressants & adverse cardiovascular effects, children & adolescents with ADHD & major depression & autism & obsessive compulsive disorder , 21894
therapeutic use of antiglucocorticoid agents, patients with major depression or Cushing's syndrome, 38332
thought suppression in therapeutic strategies for improving mental control, patients with depression, 24962
thyroid stimulating hormone & basal- & post-dexamethasone cortisol levels & age & onset & stressors & severity in diagnosis by categorization & diagnostic systems, patients with depression , 27644
tolerability & efficacy of paroxetine vs amitriptyline, 19–85 yr old patients with depression being treated in general practice, 31643
tolerability & extrapyramidal symptoms & akathisia related to olanzapine vs risperidone, 33 yr old male with AIDS & major depression with psychotic features, 2366
training in recognition & diagnosis & management of depression, knowledge level & care provided according to clinical guidelines, primary care physicians & their patients, 28866
tramadol vs its plus vs minus enantiomers, forced swimming test performance & noradrenergic vs serotonergic vs opioidergic mechanisms, male mice, animal model of depression, 4256
transcranial magnetic stimulation in depression & Parkinson's disease & other neurological & neuropsychiatric conditions, commentary, 15370
transient invoked sadness & changes in sustained dysphoria, mediation by reciprocal interactions between limbic & neocortical sites, healthy females & males with major depression , 21095
transition to nursing home, cognitive status & morale & depression & satisfaction with care, newly admitted patients (mean age 84.7 yrs), 6 mo study, 25486
traumatic events, serum interleukin-6 & receptor concentrations in inflammatory response system, PTSD patients with vs without major depression (mean age 47 yrs), 17938
traumatic experiences, PTSD & dissociative symptoms & major depression disorder, 15–54 yr old refugees from former Yugoslavia, 21026
trazodone delirium, 33 & 54 & 58 yr old females with depression, 2357
treatment adherence & clinical outcomes, African Americans vs Whites treated with interpersonal psychotherapy or pharmacotherapy for major depression, 21643
treatment issues, 53 yr old female with comorbid alcohol-dependency & substance abuse-dependent & -independent depression, 31427
treatment of comorbid anxiety & depression in primary care, 21650
treatment of depression in patients with multiple sclerosis, 11975
treatment of depressive disorders, spousal caregivers of persons with Alzheimer's disease, 37988
treatment of major & nonmajor depression with tricyclic antidepressants & selective serotonin reuptake inhibitors & atypical antidepressants in elderly long-term care patients, 38303
treatment options including antidepressant medication & ECT & steroid suppression therapy for patients with refractory depression, 15101
treatment response to & tolerability of pharmacological & psychological treatments of depression, patients aged over 55 yrs, 24905

treatment with bupropion & venlafaxine, 42 yr old woman with dysthymia & major depression, 15307
trends in course of illness & treatment, patients with major depressive disorder, 10-yr study, 17860
tricyclic antidepressant & fluoxetine treatment, patients with nonpsychotic major depression (mean age 36.4 yrs), 38273
tricyclic antidepressant therapy, mixed mania, 10–12 yr olds with delusional depression, 8952
tricyclic antidepressants & fluoxetine, platelet alpha-2 adrenoceptor binding characteristics & treatment outcomes, medicated vs unmedicated patients with major depression, 12208
true drug response to fluoxetine, choline-creatine rations in basal ganglia, depressed patients (mean age 38.9 yrs), 38311
tryptophan & 5-HT & tyrosine & noradrenaline & platelet 5-HT transporter & alpha2-adrenoceptors, patients with PTSD with vs without major depression, 8068
tryptophan depletion, depressive vulnerability, 24–80 yr olds in remission & drug free with prior major depressive episode , 30677
tryptophan depletion, memory & learning & perceptual & psychomotor & other cognitive functions, 18–61 yr olds with vs without positive family history for depression, 10647
two-plus-one model intervention of cognitive–behavior & psychodynamic–interpersonal therapy, depressed patients (mean age 44.9 yrs) of varying severity, 1-yr follow-up, 15072
types of helping contact & delays in subsequent treatment, adults with first episode psychoses & schizophrenia & depression, commentary, 14464
typology & concordance of common psychiatric diagnoses, female twins , 1419
unblinding effects in efficacy of antidepressants vs active placebos, depressed patients, commentary, 5664
unblinding effects in efficacy of antidepressants vs active placebos, depressed patients, commentary, 5626
unblinding effects in efficacy of antidepressants vs active placebos, depressed patients, commentary, 5598
underrecognition& diagnosis & undertreatment of depression, 21077
unipolar vs bipolar affective disorder & age & gender & marital status, changes during disease course in rate of recovery from successive hospitalized episodes, patients with recurrent episodes, 37314
urinary free cortisol & fractures, 70–79 yr olds, implications for depression, 28023
use of 5-HT reuptake inhibitors in treatment of premenstrual dysphoria, 31636
use of antidepressant drugs for treatment of both depression & anxiety subtypes, 21954
use of behavioral ecology to understand depression, commentary, 27635
use of depressogenic medication & 1st vs current depressive episode, inpatients (mean age 72.86) with major depression, 38232
use of health services, depressed vs nondepressed elderly patients after hospital discharge, 12 mo study, 8105
use of hormonal measures for diagnostic & research purposes in perimenopausal depression & premenstrual syndrome, 1541
use of lithium & antipsychotic & anticonvulsant & other mood stabilizing drugs on bipolar & unipolar & treatment refractory depression, 18735
use of Mood Module of Primary Care Evaluation of Mental Disorders screening instrument for detection of depression, 19–69 yr old patients in low income rural areas, 22877
use of psychological strategies & assessment instruments for identifying mothers from care-managed families at risk for & psychosocial factors in major depression, social workers, 30656
use of screening instruments in detection of subthreshold depression & anxiety, 60 yr olds & older, 32649
use of Swedish version of Geriatric Depression Scale to assess prevalence of major depression in primary care centers, elderly patients (mean age 75.7 yrs), 3326
use of tricyclic vs selective serotonin reuptake inhibitors in treatment of depression in patients with heart disease, 38301
usefulness of affects & moods as diagnostic criteria for depression & mania, 8118
utility & theories of social psychology research methodologies & psychodiagnostic typologies for mild vs severe clinical & subclinical depression, 27597
utility & validity of etiological-weighted subtyping system for contribution of personality & anxiety & life events to disorder, patients with non-melancholic depressive disorder major depression, 1538
utility of Beck Depression Inventory for Primary Care as major depression disorders screening tool, 12–17 yr old medical outpatients, 22883
utility of modified DCR-10 criteria for diagnosis of depression, 19–65 yr old inpatients with intellectual disability who received antidepressant medication over 12 mo period, 37689
utilization & payments & quality indicators for treatment of depression before vs after implementation of behavioral health care carve-out plan, state employees receiving managed care, 9126
utilization of geriatric psychiatry outpatient services, patients with major depression (mean age 69.4 yrs), 2596
validation & optimal cutpoint of short Geriatric Depression Scale, screening for hidden morbidity in primary care, community-dwelling 77–84 yr olds, 26129
validity of Diagnostic Assessment for Severely Handicapped–II subscale, diagnosis of depression, adults with severe & profound mental retardation, 27964
validity of diagnostic criteria & efficacy of trycclic antidepressant pharmacotherapy, 21–60 yr olds with major depressive disorder, 31695
validity of electronic hospital-discharge data, evaluation of associations between depressive disorders & various medical conditions, patients discharged from psychiatric units, 13157
validity of SCID-III-R vs UM-CIDI for diagnosing major depression, male medical inpatients, 6604
validity of short Geriatric Depression Scale versions, diagnosis of major depressive episode according to ICD-10 & DSM-IV criteria, 60+ yr old depressed outpatients, 35919
variants of human norepinephrine transporter gene, susceptibility to major depression, patients with major depression, 34125
variation in serotonin transporter gene, anxiety & depression, aged adults with Parkinson's disease, 34660
venlafaxine treatment for major depressive episode, mania, 63-yr-old male with bipolar disorder, 18741
venlafaxine vs clomipramine, 18–79 yr old outpatients with depression, 2391
venlafaxine vs bupropion, CSF levels of 5-HIAA & serotonin & 3-4-MHPG & HVA & DOPAC, outpatients with unipolar depression, 12205
venlafaxine, 37-yr-old female patient with psychotic depression, 1531
venlafaxine, acute myocardial infarction, female 69 yr old with major depression & preexisting stable anginal syndrome, 25214
venlafaxine, resistant postpsychotic depressive symptoms, 58-yr-old male with schizophrenia paranoid type, 21924
venlafaxine, social activity & general life functioning & depressive symptoms, 18–65 yr old outpatients with major depression, 18704
verbal behavior in conversations with friends vs strangers, depressed college students, 8117
verbal memory dysfunction, 18–50 yr old outpatients with major depressive disorder &/vs borderline personality disorder, 27533
visuoconstructional drawing ability, patients with depression or neurologic compromise, 17777
volumes of total & core amygdala nuclei, 23–86 yr old females with depression, 4923
ways of listening in interviewing & analysis of depressed women in qualitative research, 19686
weight preoccupation & sociotropy & autonomy in depressed mood, college students, 37326
white matter hyperintensities & other lesions & role of cerebrovascular disease risk factors, female Ss (mean age 52.8 yrs) with recurrent major depression & matched controls, 37321
widowhood status & spouse's illness prior to death, depression, 54+ yr old widowed vs non-widowed women, 37307
willingness to elicit suicidal ideation from elderly patients with depression, primary care physicians, 27637
Wisconsin Card Sorting Test performance & prefrontal cortical function, adults with major depression vs schizophrenia, 21040
work psychological demands & decision latitude & social support, depressive symptoms, 41–56 yr old national company employees, 4918
working memory capacity in reading vs word tasks, depressed vs nondepressed patients with multiple sclerosis, 34532
year & month & hours of sunshine & age & gender, depression, chronic pain patients, 5-yr study, 37311

Major Depression [See Also Dysthymic Disorder, Endogenous Depression, Postpartum Depression, Recurrent Depression, Treatment Resistant Depression]—Books

A dialogue on love, 28322
The feeling good handbook (rev. ed.), 18555
Finding hope in the age of melancholy, 8126
Hand-me-down blues: How to stop depression from spreading in families, 14514
The interactional nature of depression: Advances in interpersonal approaches, 11386
Rethinking depression: Why current treatments fail, 1557
Scientific foundations of cognitive theory and therapy of depression , 17888

Major Depression [See Also Dysthymic Disorder, Endogenous Depression, Postpartum Depression, Recurrent Depression, Treatment Resistant Depression]—Chapters

Affective disorders in children and adolescents, 1560
Assessment of depression and bereavement in older adults, 32671
Biological approaches to psychiatric disorders, 17851
Cognitive and behavioral therapies alone or combined with antidepressant medication in the treatment of depression, 24934
Cognitive aspects of personality disorders and their relation to syndromal disorders: A psychoevolutionary approach, 24184
Cognitive behavior therapy, 31536
Cognitive-behavioral therapy for the treatment of late-life distress, 31534
Cost-effectiveness of psychotherapy for depression, 18546
Counseling depressed boys, 34137
Decision making in the use of antidepressants: Treatment considerations, 25240
Dementia and depression, 11726
Depressed parents and family functioning: Interpersonal effects and children's functioning and development, 11388
Depression and bipolar disorder in children and adolescents, 17889
Depression and frontal lobe disorders, 8127
Depression and its diagnosis and treatment, 37342
Depression as a pivitor component in secondary aging: Opportunities for research, treatment, and prevention, 1968
Depression, 11389
Depression, 4928
Depression, anxiety and adjustment disorders in people with developmental disabilities, 30975
Depressive disorders, 12073
A double-blind comparison of fluoxetine and amitriptyline in the treatment of major depression with associated anxiety ('anxious depression'), 28536
Dynamic psychotherapy, 31608
Efficacy, indications, and mechanisms of action of cognitive therapy of depression, 25062
The emergence of an interpersonal approach to depression, 11394
Emerging neuroscience approaches to understanding cognition and psychopathology: Positron-emission tomography imaging, 22901
A guide to current psychopharmacological treatments for affective disorders in older adults: Anxiety, agitation, and depression, 31715

self-awareness in terms of self-other rating agreement, emotional intelligence & managerial performance & transformational leadership behavior, 32–63 yr old managers , 35620
self-reported sense of humor & use of humor at work & perceptions of supervisors' use of humor, business school graduates, 29132
sensitivity to driver complaints & turnover, trucking company dispatchers, implications for driver retention, 25911
service type & use of male vs female employee vs service manager as advertising spokesperson, attitudes toward ad, 18–45 yr old business students vs 18–65+ yr old workers , 6406
sex & career progression & social support & perceived success & gender roles & family status variables, managerial career success, MBAs, 16082
sex, leadership style & job stress & mental health in male vs female dominated industries, managers, 38974
social representation of concept of competence during followup phase of public sector action research project, group leaders, 9596
structural equation model of effects of negative affectivity & leader–member exchange & perceived job mobility, in role & extra-role performance & organizational citizenship behavior, 12809
supervisors' support, Filipino vs Canadian managerial women with men or women as supervisors , 6294
supply- vs demand-based attributes used to identify business competitors, business students & executives, 29189
tacit knowledge & intuition & collective mind & model of strategic decision making process, top management teams, 6293
test reliability & construct validity in measurement of employees' need for supervision, leadership effectiveness & behavior & criteria, insurance agents, 6674
upward feedback, job performance, business managers, 5 yr study, 25890
use of headhunters to hire managers & organizational conflict with human resources, organizations, 12799
within-source interrater reliability of supervisor vs peer vs subordinate 360-degree feedback ratings made for managerial development, managers, 6676

Management Personnel [See Also Middle Level Managers, Top Level Managers]—Books

Advances in global leadership, Vol. 1, 32361

Management Personnel [See Also Middle Level Managers, Top Level Managers]—Chapters

Are power motivated leaders more effective? A review of McClelland's theory, 29107
A core of global leadership: Relational competence, 32364
Decision making styles in "two boss" triads, 29110
Developing joint venture leadership teams, 32372
Does management style make a difference? Corporate culture change within two Australian companies, 29108
Employee selection and the ethics of care, 6302
Global leadership competencies for the twenty-first century: More of the same or a new paradigm for what leaders really do?, 32365
Global leadership: The inside story, 32370
'If you want loyalty get a dog!': Loyalty, trust and the new employment contract, 25894
In search of the Euro-manager: Management competencies in France, Germany, Italy, and the United States, 32367
Management of a mental health clinic, 38664
Managerial perspectives on success and failure of post-acquisition processes: Discontinuities in knowledge and organizational learning, 29150
The moral component of effective leadership: The Chinese case, 32369
Participatory realism: Defining the role of nonevaluator stakeholders in evaluation, 37659
Relationship between a low-performing supervisor and a high-performing subordinate: Does supervisor performance level impact subordinate ratings?, 29095
The social capital of twenty-first-century leaders, 16091
Transcultural global leadership in the twenty-first century: Challenges and implications for development, 32366
University hospital administration, 38930

Management Planning—Serials

knowledge management teaching & dissemination concepts to support training, management of organization knowledge assets, 35618
planning issues to address in joint venture formation, 22660
professional change & disciplinary refocusing in face of organizational change from traditional to programmatic hospital structures, social workers, 32080
reasons for business partnership formation & management, Japan pharmaceutical corporations & Western laboratories, 32386

Management Training—Serials

autonomy & control in management of consultants & attitudes & cooperation, organizational learning, employees & managers in large public transport company, 3074
children's games for use in management education & training & development, 22608
computer applications & management information systems in development of operations management curriculum, business schools & firms, 38807
experiences of Western management educators & trainers & Eastern European alternative models as analyzed through language & viability of Kolb Cycle & Action Learning models, 38977
frames of reference in SYSTEMS AND SYNERGY simulation game for use in increasing understanding of dynamics affecting organizational performance & improving decision-making capabilities, managers, 9593
influence of simulated board game on changes in attitudes & norms & motivation & behavior & intentions, managerial level housing association employees, 9599
international relations & negotiation & development of cross-cultural personnel management training & education, public sector management personnel in organizations planning globalization, 29053
knowledge management teaching & dissemination concepts to support training, management of organization knowledge assets, 35618
leadership development program, organizational culture, middle-level managers of financial service organization & their supervisors & subordinates, 38983
management development & learning through complexity, coping with organizational change & turbulence with complexity map, middle managers, 38978
organization based management training seminar, level of organizational support for employee heart health, management personnel, 2504
reliability & validity of assessor vs peer vs self-ratings of management skills in simulation, 20–50 yr old undergraduate business students, 32721
strategic training program to encourage permeable management hierarchies & structure, organizational effectiveness & climate, private hospital management personnel, 28868
use of CRISILAB simulation game to improve disaster management, crisis management teams, 9598

Management Training—Chapters

Management development, 3079

Manager Employee Interaction [See Supervisor Employee Interaction]

Mandibula [See Jaw]

Mania [See Also Hypomania]—Serials

5-HT1A receptor sensitivity, patients with mania (mean age 45 yrs), 30692
clarithromycin-induced mania, 52-yr-old female treated for sinusitis, 2460
clinical & neuroradiological features of & treatment outcome in secondary mania, 22–59 yr olds with HIV, 31121
clonazepam-induced mania, 48-yr-old male hospitalized with bipolar disorder treated also with clomipramine, 5638
decrease in manic symptoms & attentional improvement following hospitalization, patients with 1st episode of affective psychosis, 2143
development of manic symptoms on antidepressant discontinuation, patients with bipolar disorder, 34977
diagnosis & treatment of major depression & mania, individuals with developmental disabilities, 8727
digoxin-like immunoreaction factor levels, manic vs well individuals with bipolar disorder, 30665
dihydroepiandosterone, mania, 68 yr old man, 15315
drug therapy with lamotrigine & iv valproate, manic symptoms, 49 yr old woman with bipolar disorder, 5620
effectiveness & tolerability of atypical neuroleptic risperidone, juvenile mania, 4–17 yr old outpatients with bipolar disorder, 31642
efficacy & tolerability & safety of gabapentin as adjunct to existing drug treatment, 19–82 yr olds with bipolar or schizoaffective disorder with manic or hypomanic symptoms, 16 wk study, 18664
efficacy & tolerability of olanzapine, 12–17 yr olds with treatment-resistant bipolar disorder with acute mania, 28498
epidemiology & clinical features & comorbidity & clinical management, elderly patients with mania , 37337
epidemiology & psychopathology & neuropathology & differential diagnosis & treatment of geriatric mania, 24227
factor analysis of lifetime clinical dimensions of mania, patients with bipolar disorder, implications for mixed bipolar disorder, experimental replication, 27627
fluoxetine & sertraline, manic behaviors, 11–17 yr olds with obsessive–compulsive & mood disorders, 8898
focal unilateral cortical lesions associated with psychomotor agitation or lethargy, adults & children with vs without mania vs depression, 11316
gabapentin & mania, 35-yr-old female with complex partial & tonic-clonic seizures, 35096
gabapentin, 13 yr old with bipolar I disorder & manic episode & ADHD, 7 mo study, 8949
gabapentin, 22 & 30 yr old males with acute mania, 18687
guanfacine, adverse responses resembling mania, 8–15 yr old patients with neuropsychiatric disorders , 31656
guanfacine, manic episodes, 8 yr old male & 15 yr old female with tic disorders & ADHD, 8906
herbal weight loss products mimicking mania, 40-yr-old female with bulimia, 2470
history of physical or sexual abuse in childhood & particular neurovegetative symptom clusters of depression &/or mania, male vs female 15–64 yr olds, 8108
inattention to hypomania in underdiagnosis of bipolar II disorder, 30651
left vs right prefrontal transcranial magnetic stimulation, 20–52 yr olds with mania, 2420
lithium & carbamazepine & valproate & newer anticonvulsants in treatment of mania & bipolar disorders, 2405
lithium discontinuation & subsequent readministration & effectiveness following manic episode, adults, commentary reply, 28414
lithium discontinuation & subsequent readministration & effectiveness following manic episode, adults, commentary, 28457
lupron, mania, 28 yr old female with endometriosis & history of irritability & depression, 15329
mania associated with renal failure & its treatment with hemodialysis, 67 yr old female, 9034
mania induced by testosterone patch, 28 yr old male with AIDS, 25318

mania onset while using dehydroepiandrosterone, 51 yr old man, 24207
manic vs major depressive polarity sequence of 1st episode vs 2nd–4th episodes & episode duration & overall morbidity, bipolar I patients, 15 year prospective study, 14510
mirtazapine-induced mania, 68 yr old male with poststroke depression , 12160
natural division of manic episodes into clinical types, depressed vs dysphoric vs euphoric presentations, inpatients, 14480
neuroleptic treatment for manic psychosis, 61 yr old male with temporal lobe tumor , 12211
olanzapine vs placebo, adults with manic or mixed episode acute mania, 21968
overlap between mania & conduct disorder, consecutively referred children & adolescents, 17809
portfolio theory in model of decision making, manic individuals, 34119
possible olanzapine induced mania, 44 yr old male paranoid schizophrenic, 27669
pre- and post-pharmacotherapy clinical & quantitative EEGs, hospitalized patients with acute mania with vs without family history of affective disorder , 27631
prevalence & origins & diagnosis & treatment of mania & bipolar disorder, 4925
psychopharmacological treatment of mania & the meaning of psychotic acts, 19 yr old with mania & symptoms of hyperreligiousity & religious delusions & cannabis abuse & history of bipolar disorder, 4954
pupillary cholinergic sensitivity to pilocarpine eyedrops, response to lithium carbonate, 25–56 yr olds with hypomania or mania, 24167
rap & details of manic episode, 24 yr old male with bipolar disorder, 34122
recurrent suicidality & acute symptom remission, inpatients with mixed vs pure bipolar disorder, 8098
reduction in positive & negative & depressive & manic symptoms, improvement in service use & disability & subjective outcomes & self-harm, 16–65 yr old patients with chronic psychotic illness, 37392
replication of validity of Manic Depressiveness Scale, mania & clinical depression, bipolar &/vs unipolar depressives, 3333
risperidone as adjunct to valproic acid, 50 yr old male with psychotic disorder with manic episodes, 15355
risperidone monotherapy, psychotic mania & depression, 27 yr old male with bipolar disorder, 28452
social cognition, manic vs depressed bipolar patients, 21092
therapeutic effects of quetiapine, 9 yr old female with mania & psychiatric symptoms, 21951
tricyclic antidepressant therapy, mixed mania, 10–12 yr olds with delusional depression, 8952
valproate vs lithium & associated serum levels, mania vs mixed mania, hospitalized 55 yr olds & older, 18667
valproic acid treatment, pilocarpine induced miosis, males (mean age 48.6 yrs) with mania or hypomania, 31631
venlafaxine treatment for major depressive episode, mania, 63-yr-old male with bipolar disorder, 18741

Manic Depression—Serials

A218C allele of TPH gene polymorphism, susceptibility to manic depression & suicidal behavior, comment, 11353
A218C allele of tryptophan hydroxylase gene polymorphism, susceptibility of manic depression, patients with bipolar disorders, 11369
A218C allele of tryptophan hydroxylase gene polymorphism, susceptibility to manic depression & suicidal thoughts & behavior, adults with bipolar I or II disorder (mean age 34.8 yrs), 11365
acetazolamide added to valproic acid & perazine, 39 yr old male with history of bipolar affective disorder, 2283
action of lamotrigine on calcium & potassium currents, rats, application to treatment of bipolar disorder, 674
adaptive occupational functioning, 21–64 yr old patients with schizophrenia vs major depression vs bipolar disorders, 1457
adjunctive use of gabapentin & other medication, 22–75 yr olds with treatment resistant bipolar I mixed episodes, 35010
age & serum alpha-1-acid glycoprotein concentrations, 18–87 yr old male vs female inpatients with unipolar major depression or bipolar disorder, 37340
age & sex & affective disorder subtype & medication status, autoantibodies, 22–79 yr olds with bipolar I vs bipolar II vs major depressive disorder, implications for autoimmunity, 34110
age of onset & severity indications, patients with bipolar I & bipolar II disorders, 30650
aggression as component of bipolar disorder & treatment options, 24225
agitated melancholia & mixed states with the psychopathology of agitated depression, diagnostic criteria & clinical forms, 37318
agreement between Operational Criteria Checklist interview diagnoses & consensus diagnoses with DSM-III—R and ICD 10th revision, patients with schizophrenia or bipolar disorder, 30602
akathisia & parkinsonism, 25–55 yr olds treated with neuroleptics for bipolar affective disorder, 21870
anticonvulsive gabapentin withdrawal, development of catatonia, 48-yr-old female with bipolar affective disorder, 18731
atypical & psychotic features & age at onset & comorbidity & duration & severity & recurrences & chronicity of disorder, male vs female outpatients with bipolar II or unipolar depression, 27579
awareness of illness & subjective cognitive complaints, 24–47 yr old outpatients with bipolar I or II disorders in clinical stabilization phase, 27617
basal & thapsigargin-stimulated intracellular calcium in platelets & lymphocytes, patients with bipolar affective disorder, 27595
behavioural manifestations of manipulating inositol & cyclic adenosine monophosphate (cAMP) & G proteins in interations with lithium, rats, implications for treatment of bipolar affective disorder, 36575
biological effects & underlying molecular & cellular mechanisms of lithium's therapeutic effects in bipolar affective disorder, 38261
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary reply, 11782
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary, 11775
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary reply, 11785
brain size in bipolar disorder, meta-analysis, implications for links with schizophrenia, 21083
bupropion slow-release response, patients (mean age 44.9 yrs) with bipolar vs atypical vs typical depression , 2321
CAG/CTG repeat size, 15–43 yr old Chinese Ss with schizophrenia or bipolar disorder, 8064
calcium channel blocker nimodipine, 13-yr-old male with refractory ultradian rapid cycling bipolar disorder, 21879
cellular & molecular actions of anticonvulsant lamotrigine & contribution to treatment of bipolar disorder, 2412
cerebellum morphometry, patients with bipolar disorder, 24195
change in density of pyramidal neurons and nonpyramidal neurons in sector CA2 of hippocampus, deceased 24–94 yr olds with schizophrenia vs manic depression, commentary reply, 21022
change in density of pyramidal neurons and nonpyramidal neurons in sector CA2 of hippocampus, deceased 24–94 yr olds with schizophrenia vs manic depression, commentary, 21050
characteristics of family of origin, 20–64 yr olds with bipolar disorder, 21075
childbearing & menstrual cycle & menopause & bipolar mood disorder in females & comorbidity of bipolar mood disorder with thyroid disorder or migraine headaches in males vs females, 1508
chronic lithium maintenance therapy, peripheral nervous system & sensory & motor nerve conduction velocity, 21–65 yr olds with bipolar disorder, 21889
clinical & demographic characteristics, delusional vs nondelusional adult inpatients with bipolar vs major depressive disorder, 37288
clinical & demographic characteristics, outpatients with unipolar vs bipolar psychotic depression, 34092
clinical characteristics & prevalence & biologic features & response to treatments, patients with bipolar disorder, 37310
clinical features in psychotic late-life depression vs psychotic depression in younger patients, outpatients with unipolar vs bipolar depression with vs without psychotic features, 37304
clonazepam-induced mania, 48-yr-old male hospitalized with bipolar disorder treated also with clomipramine, 5638
clozapine as adjunctive treatment, 31–45 yr olds with treatment-resistant bipolar or schizoaffective disorder , 31698
clozapine-induced parotitis, 49 yr old female with chronic bipolar disorder, 15342
cognitive behavior therapy with vs without amineptine, adult Ss with major or bipolar depression, 6 wk study, 5458
cognitive functioning, good & poor outcome clinically euthymic patients with bipolar disorder, 34100
cognitive side effects of lithium treatment, patients with bipolar disorder, 31655
comorbidity between panic disorder with or without agoraphobia vs social phobic vs obsessive-compulsive vs mood disorders, bipolar condition, psychiatric outpatients, 11334
comorbidity of bipolar disorder & substance abuse, prevalence & course & diagnosis & treatment, 37238
computer algorithm for pharmacotherapy of bipolar disorder, 25155
concentration of urinary norepinephrine & its major metabolites, patients with unipolar vs bipolar depression vs norma volunteers, 34104
concordance between ICD-8 diagnosis of manic depression & ICD-10 diagnosis of affective disorder, psychiatric inpatients, Denmark, 1993–94, 8104
course & psychopharmacological management of bipolar disorder during pregnancy & postpartum period, 2403
CSF thyrotropin-releasing hormone, male vs female patients (mean age 39.8 yrs) with depression, implications for neurobiology & treatment of depression, 30663
D1 & D2 & D3 receptors & manic–depressive illness, 20–80 yr old bipolar type 1 patients , 1542
declarative & procedural memory impairments, males with bipolar disorder with or without alcohol abuse , 30690
delusional symptomatology, inpatients with bipolar or unipolar depression, 27605
demographic & clinical characteristics & outcome of lithium treatment, 17–80 yr olds with recurrent bipolar affective disorder, 2–27 yr followup, 28450
demographic factors & onset of 1st manic episode, disease course & risk of recurrence, hospitalized patients with manic vs depressive 1st episode with vs without later manic episode , 27599
demographics & risk factors & family history & treatment & outcome in rapid-cycling bipolar disorder, 37316
depot antipsychotics, number of hospital admissions & affective episodes & length of hospital stay, 30–70 yr olds with bipolar affective disorder, 31674
developing family psychoeducational treatments for patients with bipolar & other severe psychiatric disorders, 2167
development & content of Veterans Affairs Clinical Practice Guidelines for Bipolar Disorder, erratum, 21640
development & content of Veterans Affairs Clinical Practice Guidelines for Bipolar Disorder, 11961
development of manic symptoms on antidepressant discontinuation, patients with bipolar disorder, 34977
developmental precursors of schizophrenia & affective disorders, 37270
diagnosis & treatment of multiple anxiety comorbidity in unstable bipolar syndromes, 37330
diagnosis at 1st discharge from psychiatric hospital, risk of diagnosis of dementia on readmission, adults with unipolar or bipolar affective disorder vs schizophrenia or neurosis, 21 yr study, 34116
diagnostic differences & distinguishability from other cluster B disorders, patients with bipolar mood disorder (mean age 47.5 yrs) vs borderline personality disorder (mean age 28.4 yrs) , 21021
digoxin-like immunoreaction factor levels, manic vs well individuals with bipolar disorder, 30665
divalproex sodium, 63–83 yr old males with bipolar disorder, 21941
divalproex, 64–79 yr olds with bipolar disorder , 28470
drug therapy with lamotrigine & iv valproate, manic symptoms, 49 yr old woman with bipolar disorder, 5620
duration of major depressive episode before 1st treatment visit, bipolar II vs unipolar outpatients, 5863
dysregulation of corticotropin & cortisol response after corticotropin releasing hormone stimulation, outpatients with bipolar disorder, 34135
E. Kraepelin's broad concept of manic-depressive illness & definitions & prototypical cases illustrating clinical phenomenology of bipolar subtypes I through IV, 37298
ECT, bipolar mania, 16-yr-old female with history of intracranial tumor, 21982
effectiveness & tolerability of aiypical neuroleptic risperidone, juvenile mania, 4–17 yr old outpatients with bipolar disorder, 31642
effectiveness of carbamazepine, 12- & 13 yr old females & 14-yr-old male with juvenile-onset bipolar I disorder, 15358
effectiveness of depot antipsychotics, patients with schizophrenia vs schizoaffective disorder or bipolar disorder, 2361
efficacy & safety of short & long-term fluoxetine, adults (mean age 41 yrs) with bipolar II vs unipolar depression, 8863
efficacy & safety of venlafaxine, patients with bipolar II vs unipolar depression, 2273
efficacy & tolerability & safety of gabapentin as adjunct to existing drug treatment, 19–82 yr olds with bipolar or schizoaffective disorder with manic or hypomanic symptoms, 16 wk study, 18664
efficacy & tolerability of olanzapine, 12–17 yr olds with treatment-resistant bipolar disorder with acute mania, 28498
efficacy of adjunctive gabapentin for depressed & manic phases, 22–58 yr olds with bipolar I or II depression with or without rapid cycling, 35033

efficacy of anticonvulsants gabapentin & lamotrigine in treatment of bipolar disorder, 2314
efficacy of cognitive-behavior therapy with vs without mood-stabilizer pharmacotherapy, outpatients (mean age 43.9 yrs) with bipolar depression, 28268
efficacy of lamotrigine in treatment of bipolar disorder, 2289
efficacy of primidone as adjunct to existing drug therapy, 24–59 yr old outpatients with treatment refractory bipolar disorder, prospective open study, 28493
efficacy of valproate plus lithium & triple therapy with lithium & carbamazepine & valproate, 19–74 yr old outpatients with refractory bipolar illness, 1 yr study, reply, 21880
efficacy of valproate plus lithium & triple therapy with lithium & carbamazepine & valproate, 19–74 yr old outpatients with refractory bipolar illness, 1 yr study, commentary, 21893
ejaculatory failure & anorgasmia associated with gabapentin, 41-yr-old man with history of bipolar II disorder & alcohol dependence, 25185
epidemiology & phenomenology & disease course & comorbidity & neurobiology & treatment & diagnosis, children & adolescents with bipolar disorder, commentary reply, 1517
epidemiology & phenomenology & disease course & comorbidity & neurobiology & treatment & diagnosis, children & adolescents with bipolar disorder, commentary, 1529
epidemiology & phenomenology & disease course & comorbidity & neurobiology & treatment & diagnosis, children & adolescents with bipolar disorder, commentary reply, 1533
epidemiology of schizophrenia & bipolar disorder, 37290
ERPs during performance of visual oddball vs simple visual paradigms, patients with major depression or bipolar disorder, 4904
etiology & epidemiology & assessment & management & comorbidity of bipolar disorder, adults, 11362
evolutionary epidemiological explanation for prevalence of manic depression, 8124
experience in transitional housing program, 55 yr old homeless male with bipolar disorder & alcoholism, 35262
factor analysis of lifetime clinical dimensions of mania, patients with bipolar disorder, implications for mixed bipolar disorder, experimental replication, 27627
factors affecting suicide risk, patients with bipolar disorder, 11379
fluoxetine treatment, 17 yr old male diagnosed with multiple paraphilias & bipolar & obsessive-compulsive disorders, 8895
frequency & presentation of bipolar disorder, psychiatric inpatients with prelingual deafness, retrospective study, implications for misdiagnosis, 30686
frequency of apolipoprotein E-epsilon4 allele & cognitive function in euthymic phase, patients with unipolar or bipolar affective disorder , 14488
functional brain asymmetry & localization of somatosensory evoked magnetic potential, patients with bipolar disorder with vs without psychosis , 30684
functional polymorphism within promoter of serotonin transporter gene, effects of total sleep deprivation, bipolar depression patients (mean age 47.55 yrs), 34094
gabapentin added to perazine & clonazepam, possibility of renal dysfunction, 27 yr old male inpatient with bipolar I manic disorder, 2327
gabapentin, 13 yr old with bipolar I disorder & manic episode & ADHD, 7 mo study, 8949
gabapentin, pharmacokinetic profile of lithium, adults with bipolar disorder or major depression, 8893
gabapentin, thyroiditis, female 28 yr old with bipolar II disorder, 12171
genetic etiology of schizophrenia & bipolar disorder, 37292
genetic linkage between bipolar affective disorder & markers on chromosome X, families multiply affected by bipolar affective disorder with absence of male-to-male transmission, 1549
genetic transmission of serotonin transporter linked promoter region alleles, 7–16 yr olds with bipolar disorder, 21080
genetics of manic depressive psychosis & presence of protective alleles as genetic basis for health, members of affected families, 24253
health care utilization & costs, uninsured 18–89 yr olds treated for bipolar-spectrum disorders, 38505
hemispheric asymmetry in quantitative EEGs in response to different mood states, 37–56 yr olds with bipolar disorder, 2 yr study, 21088
history & clinical characteristics & diagnosis & treatment, children & adolescents with bipolar disorders, 37336
HIV serum antibodies, patients with psychotic disorders, implications for retrovirus hypothesis in schizophrenia & bipolar disorder, 14450
hypercalcemia & cardiac arrhythmia, 44–76 yr old male patients with bipolar disorder receiving maintenance lithium therapy, 2411
hypothalamic-pituitary-adrenal activity as measured by dexamethasone/corticotropin-releasing hormone test, 20–68 yr olds with bipolar vs unipolar depression in depressive vs remission phases, 37334
illness beliefs & severity of patient's affective & psychotic symptoms, caregiver burden, family caregivers for patients with bipolar I or bipolar II or schizoaffective disorder, 27619
inattention to hypomania in underdiagnosis of bipolar II disorder, 30631
information processing, patients with schizophrenia vs bipolar disorder, 1485
intensive vs standard case management in community mental health service, functioning & hospital admission or duration & number of episodes & treatment compliance, 17–69 yr old males with schizophrenia or bipolar disorder, Australia, 319
iv valproate loading, acutely manic & depressed bipolar I patients, 28433
kindling & 2nd messenger mechanisms as aspects of neurobiology & recurrence of bipolar disorders, 14483
lamotrigine, patients with bipolar I depression, 15284
linkage between bipolar affective disorder & chromosome 12q24, families, 1513
lithium & carbamazepine & valproate & newer anticonvulsants in treatment of mania & bipolar disorders, 2405
lithium & its discontinuation, suicidal behavior, patients with manic depressive disorders, 12143
lithium carbonate, immune function, rapid cycling bipolar patients (mean age 38.8 yrs), 25213
lithium maintenance therapy & age & family history of thyroid illness, thyroid & parathyroid function & hypothyroidism, male vs female patients with bipolar disorder, followup study, 21915
lithium vs carbamazepine, 18–65 yr olds with bipolar disorder with vs without mood-incongruent delusions or comorbidity, 2.5 yr study, 8902
lithium with or without haloperidol, mononuclear leukocyte Galphas protein levels, patients with affective bipolar disorder (aged 26–68 yrs), 25179
lithium with vs without neuroleptics, lithium ratio & correlation with side effects as studied with measurement of erythrocyte lithium concentration, 20–39 yr old bipolar outpatients, 5613
lithium, clinical outcomes, 12–18 yr olds with bipolar disorders & secondary substance dependency disorders, commentary, 12228
lithium, clinical outcomes, 12–18 yr olds with bipolar disorders & secondary substance dependency, commentary reply, 12174
magnetic resonance imaging measures, intracranial volume & ventricular & sulcal enlargement, 10–18 yr old schizophrenic vs bipolar vs healthy patients, commentary, 29405
magnetic resonance imaging measures, intracranial volume & ventricular & sulcal enlargement, 10–18 yr old schizophrenic vs bipolar vs healthy patients, 26198
major depressive episode severity assessed by 10-item Hamilton Rating Scale for Depression, adult unipolar & bipolar outpatients, 3308
manic vs major depressive polarity sequence of 1st episode vs 2nd-4th episodes & episode duration & overall morbidity, bipolar I patients, 15 year prospective study, 14510
manic-depressive inclination to potentiate creative performance as determined on Remote Associates Test, college students, 34102
medication treatment & impact of comorbid externalizing disorder & substance abuse on further episodes & outcomes, 15–20 vs 30+ yr olds with 1st admission psychotic mania, 4 yr follow-up, 38219
melatonin suppression by dim light, 23–72 yr olds with bipolar vs seasonal affective vs major depressive disorder, 30678
membrane associated protein kinase C activity & translocation in platelets in response to serotonin & thrombin & PMA, Ss with manic phase bipolar disorder vs major depression vs schizophrenia, 17784
menstrual cycle & mood changes, females with rapid cycling bipolar disorder, 30674
MRI measures of brain structural abnormalities associated with mood regulation & clinical & demographic characteristics, patients with bipolar disorder, 14508
natural division of manic episodes into clinical types, depressed vs dysphoric vs euphoric presentations, inpatients, 14480
nefazodone, 23–50 yr olds with bipolar depression, 34968
NEO-PI profiles & relationship between personality features & Axis I & Axis II symptomatology, married 27–69 yr olds with bipolar disorder, 17858
neurocognitive task performance, people with schizophrenia vs bipolar disorder, 37265
neurodevelopmental delays, 8–11 yr olds with manic depression, 14501
neurodevelopmental delays, 8–11 yr olds with manic depression, commentary reply, 27630
neurodevelopmental delays, 8–11 yr olds with manic depression, commentary, 27612
neurohistological & structural brain abnormalities in schizophrenia & mood disorders, 37256
neuropathology of schizophrenia & bipolar disorder & nonpsychotic depression, Stanley Foundation Brain Collection matched specimens, 37272
neurophysiological function & brain structure, people with vs without bipolar disorder, 37328
neuropsychological assessment of visuospatial & verbal memory & other cognitive performances, monozygotic twins discordant for bipolar disorder, 14485
new statewide data on child & adolescent morbidity & hospitalizations & subsequent development of community based mental health strategy for manic depressive disorder:, 18974
nortriptyline as adjunct to venlafaxine & valproic acid, extrapyramical symptoms, 69 yr old with type II bipolar disorder, 31628
number of affective episodes, cognitive impairment assessed during euthymic phase, patients with unipolar vs bipolar disorder assessed 12–25 yr post-hospital discharge, 1528
number of episodes, risk of recurrence & hospital re-admission, patients with unipolar vs bipolar disorder, 27600
number of lifetime affective disorder episodes, response to lithium vs divalproex, bipolar patients with acute mania, 31699
numbers of & rostro-caudal & ventro-dorsal distribution of neuromelanin containing neurones in locus ceruleus, postmortem brainstems of 39–67 yr olds with bipolar disorder vs major depression, 27577
occurrence of comorbid diabetes mellitus, 20–74 yr olds hospitalized for bipolar disorder, 34097
olanzapine & haloperidol interaction, 67-yr-old male with bipolar disorder, 21898
olanzapine as an adjunct to lithium, 2 males with bipolar depression, 38255
olanzapine induced delusions & psychotic mania, 54 yr old female with bipolar schizoaffective disorder, 34093
olanzapine vs placebo, adults with manic or mixed episode acute mania, 21968
olanzapine, exacerbation of tardive dyskinesia & development of tardive dystonia, 40-yr-old female with bipolar disorder, 38234
olanzapine, mixed episodes, female 50 yr old with bipolar disorder, 25238
olanzapine, tardive dyskinesia, male 29 & 52 yr olds with bipolar type schizoaffective disorder, 12239
onset & response to prophylaxis & treatment of rapid cycling bipolar affective disorder, people with intellectual disability, 37705
outcome of patients with schizoaffective disorder vs bipolar disorder, 12 mo study, 11446
P300 topography & presence of temporal abnormalities, 18–55 yr old male patients with schizophrenia or manic psychosis, 11337
paroxysmal rhinorrhea & lithium treatment, 48 yr old female with bipolar II disorder & 38 yr old male with chronic depression secondary to mesial temporal lobe epilepsy & responsive to carbamazepine, 31184
pathogenic abnormalities of platelet cyclic adenosine monophosphate signaling, untreated euthymic vs depressed vs manic patients with bipolar disorder, 14497
perfectionism as predictor of chronic unipolar or bipolar symptoms, adults (mean age 46.1 yrs) with depressive disorder, 1524
persistent manic depressive illness induced by interferon-alfa treatment for hepatitis C, 40 yr old male, 9029
personality disorder comorbidity, bipolar II affective disordered patients with vs without personality disorders, 17838
pharmacogenetics of lithium response, patients with bipolar disorder & family members, 15275
pharmacologic treatment of bipolar disorder, 8934
pharmacological treatment & management & compliance & risk factors for noncompliance, patients with bipolar disorder, 18747
pharmacological treatments of schizophrenia & mood disorders, 37285
phenomenology & bipolar-disorder comorbidity & mood-stabilizer treatment response, patients with DSM-IV intermittent explosive disorder, 27541
pramipexole augmentation, male 50 & 33 yr olds with treatment-resistant bipolar disorder, 21897
premorbid social adjustment in childhood & adolescence, 16–50 yr olds with schizophrenia vs bipolar disorder, commentary , 24162
prenatal & perinatal complications, development of schizophrenia & bipolar disorder, 37260

prevalence & origins & diagnosis & treatment of mania & bipolar disorder, 4925
prevalence of atypical depression & clinical comparison with typical depression, unipolar or bipolar depressed outpatients, 11354
prevalence of atypical depression, patients with severe vs nonsevere unipolar vs bipolar depression, 21069
prevalence of bipolar II disorder, outpatients with atypical bipolar II (mean age 36.7 yrs) vs unipolar (mean age 44.5 yrs) depression , 21070
prevalence of psychotic depression & differences in psychotic vs nonpsychotic depression, private practice outpatients with unipolar vs bipolar depression , 8089
prophylactic efficacy of lithium vs carbamazepine, adults with bipolar I disorder, 2.5 yr study, 38249
prophylactic efficacy of lithium vs carbamazepine, patients with bipolar II or bipolar disorder not otherwise specified, 2.5 yr study, 38250
protein kinase C-alpha isoform levels in platelets, drug-free vs lithium-treated adults with bipolar disorder, 34136
proton magnetic resonance spectroscopy of frontal lobe biochemical alteration, 28–68 yr old bipolar patients, 24198
psychiatric nosology of schizophrenia & bipolar disorder from 1896–1930, 37269
psychopathology of recurrent manic depressive psychosis, adult female in psychoanalysis, 15 yr study, 2250
psychotherapy & psychosocial stressors & biological factors & pharmacotherapy & psychoeducation, patients with bipolar disorders, 37306
quetiapine treatment & new onset diabetes mellitus, 42 yr old male with bipolar disorder, 34132
quetiapine, 19–60 yr olds with treatment-resistant bipolar disorder, 34974
rap & details of manic episode, 24 yr old male with bipolar disorder, 34122
recurrent suicidality & acute symptom remission, inpatients with mixed vs pure bipolar disorder, 8098
reduction of dyskinetic & dystonic movements following treatment with clonazepam, 81-yr-old male with bipolar disorder & tardive dyskinesia, 28424
relapse prevention group for patients with bipolar & substance use disorders, 15218
relationship between psychosocial functioning & cognition & psychopathology, 36 patients with bipolar mood disorder, 4903
relationship of age of onset to demographic characteristics & clinical characteristics & treatment parameters & outcomes, elderly inpatients with bipolar disorder, 8125
reliability & validity of DSM-IV & other definitions of rapid-cycling bipolar disorder, 17–71 yr olds with bipolar disorder, 34121
replication of validity of Manic Depressiveness Scale, mania & clinical depression, bipolar &/vs unipolar depressives, 3333
research designs for study of mood stabilizer maintenance in bipolar disorders, 18665
resolution of complicated grief through vicarious grieving, 37 yr old female with bipolar disorder, 34109
risk for substance use disorder, 12–18 yr olds with child- vs adolescent-onset bipolar disorder with vs without other comorbid psychopathology, 24230
risperidone & fluoxetine treatment, gynecomastia, 30-yr-old female with schioaffective bipolar disorder, 12145
risperidone monotherapy, psychotic mania & depression, 27 yr old male with bipolar disorder, 28452
risperidone, amenorrhea, 28–38 yr old females with paranoid schizophrenia or schizoaffective disorder or bipolar affective disorder, 21913
role of bipolarity in depression in family practice setting, 38116
role of human serotonin transporter gene in bipolar I disorder susceptibility, probands with bipolar I disorder (mean age 33.8 yrs) & their parents, 37317
safety & efficacy of & responses to lamotrigine, adult patients with bipolar disorder inadequately responsive to or intolerant of prior pharmacotherapy, 48 wk prospective trial study, 27585
safety & efficacy of ECT, 75–91 yr olds with depressive episode & recurrent depressive & bipolar disorders with & without psychotic features, 3 yr study, 8971
safety & efficacy of mood stabilizer combinations in treatment of bipolar disorder, literature review, implications for safety of lamotrigine in children & adolescents under 16 yrs, commentary reply, 25166
safety & efficacy of mood stabilizer combinations in treatment of bipolar disorder, literature review, commentary, implications for safety of lamotrigine in children & adolescents under 16 yrs, 25190
safety & efficacy of use of atypical antipsychotic agents as adjunctive therapy for bipolar & schizoaffective disorders, 28425
satisfaction with self referral to any mental health provider vs restricted provider network referral vs referral through toll-free number, persons with bipolar disorder, 25409
season of birth effects, patients with unipolar or bipolar affective disorder, Ireland, 8093
seasonal prevalence of bipolar illness vs psychoses, 14–17 yr olds, 34063
short term & maintenance & prophylactic uses of mood stabilizing & anticonvulsive & antipsychotic drugs, bipolar patients, 34999
signal transduction abnormalities of phosphatidylinositol pathway platelets & effects of lithium treatment on platelet membrane phospholipids, euthymic bipolar disorder patients, 14506
social adjustment & self esteem, male vs female outpatients with bipolar vs unipolar affective disorder in remission for 12 or more months, 11378
social cognition, manic vs depressed bipolar patients, 21092
sociodemographic variables & clinical parameters & family history in rapid cycling affective disorder, 27575
subacute mood stabilizing effects of omega 3 fatty acids, 24–64 yr olds with unstable bipolar disorder, commentary, 21981
subacute mood stabilizing effects of omega 3 fatty acids, 24–64 yr olds with unstable bipolar disorder, commentary reply, 21985
subacute mood stabilizing effects of omega 3 fatty acids, 24–64 yr olds with unstable bipolar disorder, 21986
subclinical & residual symptoms of unipolar major depression & bipolar disorder, pathophysiological & therapeutic implications, 11360
successful valproate treatment of brain injury-induced rapid-cycling affective disorder, male S, 35002
suicide risks, bipolar II vs bipolar I & unipolar patients, 37332
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, commentary, 17754
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1385
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1397
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1398
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, commentary, 37239
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1386
tardive dyskinesia during depressive episodes & remission during mania, 67 yr old female with bipolar disorder, 30668
therapeutic drug blood serum monitoring of mood stabilizers, Medicaid patients with bipolar disorders, 27611
thought disorder & psychosocial functioning, occupational functioning, patients with schizophrenia or manic bipolar disorder or nonpsychotic depression 7–8 yr study, 21692
topirimate, mood stabilization & weight loss, 37 yr old male with bipolar disorder & 33 yr old female with major depression, 25167
total sleep deprivation & pindolol, adults with acute episodes of bipolar depression, 15102
total sleep deprivation, mood changes & relapse, patients with bipolar depression undergoing lithium treatment, 3 mo followup, 21866
treatment of aggression, patients with bipolar disorder, 27640
treatment strategies, hospitalized patients with bipolar mood disorder & concurrent substance dependence, 21667
treatment with lithium salts & control in isometric force with visual target, 43–68 yr olds with manic depressive illness, 5671
tryptophan hydroxylase gene variant, prophylactic efficacy of & recurrences while taking lithium, Ss with bipolar or major depressive disorder, prospective study, 38305
unipolar vs bipolar affective disorder & age & gender & marital status, changes during disease course in rate of recovery from successive hospitalized episodes, patients with recurrent episodes, 37314
use of amantadine for treatment of akinetic febrile catatonia, 60-yr-old female with bipolar disorder & 52-yr-old female with schizoaffective psychosis, 38287
use of anticonvulsant drugs as mood stabilizers in treatment of bipolar illness, 2382
use of lithium & antipsychotic & anticonvulsant & other mood stabilizing drugs on bipolar & unipolar & treatment refractory depression, 18735
usefulness of affects & moods as diagnostic criteria for depression & mania, 8118
valproate, effects on liver function & white blood cell count & platelets, patients with bipolar disorder & alcoholism, 28497
valproic acid intoxication, 62 yr old female with bipolar disorder & chronic uremia , 15310
venlafaxine treatment for major depressive episode, mania, 63-yr-old male with bipolar disorder, 18741
white matter & subcortical gray abnormalities, family members with history of bipolar disorder, 1501

Manic Depression—Books

Techniques in marriage and family counseling, Vol. 1, 38137
Marriage Counseling [See Also Conjoint Therapy]—Chapters
Common factors and other nontechnique variables in marriage and family therapy, 12107
Family therapy, 15668
Graphic perceptions, 38144
Marital discord and depression: The potential of attachment theory to guide integrative clinical intervention, 11387
Perception pie, 38184
Rehearsals for growth: Applying improvisational theater games to relationship therapy, 21763
Using basic research to craft effective interventions for marital dysfunction, 2235
Using what we know: Commitment and cognitions in marital therapy, 38176
Marriage Therapy [See Marriage Counseling]
Married Couples [See Spouses]
Martial Arts—Serials
expertise in karate, intentional transfer of motor skill in learning tai chi, 17–42 yr old expert vs novice males, 13251
sex & skill level, visuoperceptual speed, karate practitioners, 3517
Marxism [See Communism]
Masculinity—Serials
alcohol consumption & hypermasculinity, empathic response to female victim in violent pornography, males (aged 21–45 yrs), 24034
cluster analysis of masculinity ideology, male college students, 1172
contributions of multiple masculinities to 1986 organizational decision to launch Space Shuttle Challenger, managers & engineers, 6329

cross-national differences in temperature & cultural masculinity, domestic political violence, 1948–77, 20772
desirable vs undesirable aspects of masculinity & femininity & drinking pattern & alcohol dependence & eating restraint & dieting frequency & overeating, females (mean age 22.3 yrs), 7931
evaluation of competence & social skills & hireability of male vs female agentic vs communal applicants for masculine vs feminine middle management job, undergraduates, implications for discrimination, 38982
feminizing vs masculinizing dimorphism, perceptions of Caucasian vs Japanese male vs female facial attractiveness, adults, Japan vs Scotland, 4755
gender boundaries & play behavior in gender transgression zone & race & socioeconomic class & hegemonic masculinity, female vs male 5–12 yr olds, 36816
gender role orientation of masculine vs feminine vs androgynous & susceptibility to social support influence on depression, 19–21 yr old college students, 6-mo longitudinal study, 21074
hegemonic masculinity & gender role changes & advance of women in psychological & sociopolitical approach to crisis in male mental health, 4648
individual differences in masculinity & femininity & gender diagnosticity, twin pairs originally assessed in 1976, 10863
masculine vs feminine personality traits, judgments of responsibility of rape victims, male vs female college students, 27807
masculine vs feminine vs androgynous body image & social group affiliation, 18–55 yr old lesbian & bisexual females, 11073
masculinity & disability, 21001
masculinity & femininity & perception of technology to be masculinized & significant others who use computers & introducer of technology, computer anxiety, 18–53 yr old college students, 2934
masculinity & hegemony & negative stereotypes, Chinese American males (aged from mid 20s–mid 40s), 36996
perceptions of masculinity & femininity, male vs female college students, Japan, 23917
psycho-discursive practices & strategies involved in negotiating & constructing hegemonic masculinity, 20–64 yr old males, 33822
self perception vs ideal of masculinity, aggression, male college students, 24047
sex role identity & attitudes toward same & opposite sex & defense style, 18–27 yr olds, 30508

Masculinity—Chapters

Constructing the gendered infant, 988
Growing up male: The development of mature masculinity, 33602
Oh bondage up yours! Female masculinity and the tomboy, 23805
Tomboys and cowgirls: The girl's disidentification from the mother, 23803

Masking [See Also Auditory Masking, Visual Masking]—Serials

auditory thresholds under forward masking, 3 vs 6 mo olds vs young adults, 17290
automatic visual bias of perceived auditory location, adult volunteers, 136
backward pairing, recovery of conditioned suppression, rats, 23217
behavioral & brain imaging techniques to estimate depth of processing of masked numerical primes, adults, 224
behavioral & ERP masked & unmasked repetition priming in lexical decision task, 63–86 yr olds with Alzheimer's disease, implications for theories of implicit memory, 24846
forward masking as measure of temporal & spatial interactions, speech-recognition skills, cochlear-implant Ss , 13244
masking & masking task load, latent inhibition as function of schizotypality level, 18–45 yr olds, 1664
non-stimulus-based response strategies & subjective threshold, magnitude of phonemic mask reduction effect, adults, 10151
qualitatively changed & unchanged outcomes in a blocking procedure, associative learning, rats, 23212
roles of location specificity and masking mechanisms in attentional blink, 19–52 yr olds, 29482
somatosensory masking of distention stimuli in colon, 21–30 yr olds, 3440
unperceived events, response activation during visual perception task, adults, 6762
words vs nonwords, masked repetiton priming, college students, 19821

Maslow (Abraham Harold)—Serials

critique of A. H. Maslow's hierarchy of needs as one-way trend from lower to higher levels & choice between abundance (being) motivation & deficiency motivation, 25104
invalidation of closed triangle representation of Maslow's hierarchy of needs theory & 1990s educational & managerial environments, 33951
use of A. H. Maslow's hierarchy-of-needs theory in prediction of development of Quality of Life, 88 countries, 17435

Maslow (Abraham Harold)—Chapters

Abraham Maslow and the emergence of humanistic psychology, 9798

Masochism [See Also Sexual Masochism]—Serials

reactions to portrayal of psychohistorical & sociocultural aspects of moral masochism in Russian & Soviet national character, adult Russians, 30302

Mass Media [See Also Motion Pictures, News Media, Printed Communications Media, Radio, Television]—Serials

analysis of historical dialectical processes in media & societal decision making structures of social change, radical African American social activists, 36684
attitudes toward living in poverty & socioeconomic status & self-perception & public messages, 5–13 yr olds living in low-income neighborhood, 4503
background variables & personal worry & use of cryptosporidium media & risk perception, adult residents who suffered through nationally publicized illness brought by cryptosporidium, 5213
broadcast advertising of beer & wine, absolute alcohol consumption & consumption of hard liquor, consumers, 16215
costs & consequences & media impact, weight control & eating disorders, 35135
declining health & functional ability, substitution of religious media use for church attendance, elderly, 3 yr follow-up, 1001
effect of pretrial publicity on juror verdicts, 22799
effectiveness of media campaign to promote smokeless tobacco cessation, users of smokeless tobacco, Nebraska, 20797
exposure to AIDS information in mass media & discussion of AIDS within social network, married women, India, 31116
exposure to media images of thin & stereotypically attractive vs overweight individuals, body dissatisfaction, 12–13 vs 14–15 vs 16–17 yr old females, 23758
frequency of reliance on TV vs cable TV vs radio vs newspaper in obtaining information & news during crisis period of Hurricane Danny, community residents, 7319
levels of media use & beliefs about representation on TV & movies, Native American college students, 1103
mass media believability & preference for news & advertising information, rural or nonmetropolitan respondents, 26926
mass media tests of ESP, 23171
media attention & social institutional response, drunk driving behavior, 1978–96, 30115
media exposure & acculturation, attitudes toward body type & propensity toward eating disorders, Cuban-American female 18–25 yr olds, 21419
media influences & modeling in mass homicides, 37446
media lead education campaign, recognition & intention & receipt & currency of routine checkups & clinical breast exams & mammograms & Pap tests, Vietnamese American females, 18866
media's influence on body image disturbances & eating disorders, 34509
mnemonic role of TV & other media in collective memory & promotion of ceremonies commemorating assassinated Prime Minister Y. Rabin, Israel, 33576
perceived likelihood of exposure & social distance of comparison group, tendency to see others vs oneself as more affected by media messages in violent rap lyrics & movies, college students, 27324
perceptions & interpretation of media portrayals of music & the deaf culture, deaf vs hearing undergraduates, implications for music therapy & education, 31359
perceptions of media's influence & immoral consequences on self vs others, support for restrictions on media messages, adults, 36687
physiological reactions & fright reactions to mass media, university students with repressive vs nonrepressive coping style, 20423
rise of fear in selected news media & expanded use & movement of discourse of fear across topics over time, 33570
role of gender in sexualization over time of Whites' popular media images of Native Americans, 33572
role of media in socialization process in relation to theory of primary socialization & models of information processing, adolescents, 27056
sex, body size, adults (aged 18–24 yrs) vs media portrayals, 1950s–1990s, 23644
social-identity approach to influence of media on public opinion, 33571
third-person effect, perception of own vs others' susceptibility to & severity of advertising content, 18–82 yr olds, 20422
veterans' narratives vs cultural narratives of Vietnam, 38–47 yr old Vietnam veterans with PTSD, 8183

Mass Media [See Also Motion Pictures, News Media, Printed Communications Media, Radio, Television]—Books

Audiences, 831
A cognitive psychology of mass communication (3rd ed.), 20425
Deciphering violence: The cognitive structure of right and wrong, 1746
The electronic election: Perspectives on the 1996 campaign communication, 7726
Entertainment-education: A communication strategy for social change, 30285
Exploring mass media for a changing world, 33577
Hollywood planet: Global media and the competitive advantage of narrative transparency, 20426
Mass communication law and ethics (2nd ed.), 10725
Mass media education in transition: Preparing for the 21st century, 36692
The poll with a human face: The National Issues Convention experiment in political communication, 33812

Mass Media [See Also Motion Pictures, News Media, Printed Communications Media, Radio, Television]—Chapters

The construction of political meaning by Native Americans in the 1996 election: The case of the Cherokees and Keetoowahs, 7733
Effects of NIC media coverage among the public, 33579
In the line of sight at *Public Eye*: **In search of a victim, 36696**
The mass media and disordered eating: Implications for primary prevention, 18200
Mass media effects through interpersonal communication: The role of "*Twende na Wakati* **" on the adoption of HIV/AIDS prevention in Tanzania, 7320**
Media influence, 16195
Tuning into the media: Youth, violence, and incivility, 36699

Massed Practice—Serials

distributed vs massed practice schedule & short vs long term retention interval, learning in multiplayer decision making task, 2-person teams, 6317
massed vs spaced practice conditions & methodological rigor & task type & intertrial interval, task acquisition vs retention performance, 36117
nootropic agent L-pyroglutamyl-D-alanine amide, learning & long-term memory in contextual & conditioned reflex freezing, massed vs spaced trained rats, 20382

Mastectomy—Serials

6 session psychoeducational support group, 34–49 yr old females at high genetic risk for breast cancer who were considering prophylactic mastectomy, 28553
breast cancer family history, perceptions of bilateral prophylactic mastectomy, adult females, 35057

Mastery Learning—Serials

master class inclusion & sequencing strategies, cognitive & academic gains, academically-challenged male 6–7 yr olds, tests of Piagetian theories of cognitive development , 32218
mastery vs performance goal perceptions of motivational climate, success & sources of satisfaction following basketball camp, 10–18 yr old females , 4448
mediation of mastery-oriented coping by effort vs ability attributions, college students, test of incremental vs entity implicit self-theories, 30502
use of learning for mastery procedures, student learning, master teacher & college students, 32225

Mastery Tests [See Criterion Referenced Tests]

Masticatory Muscles—Serials

modulation of motoneuron excitability in reflex responses of masticatory muscles during sleep, male rabbits, implications for bruxism, 29903
stimulation of chewing area of fronto-orbital cortex, muscles & medullary interneurons or motoneurons active during swallowing, adult ewes, 29819
therapeutic approach to, muscle pain, patients with myoarthropathies of masticatory system, 38422

Masturbation—Serials

cardiovascular & genital & endocrine changes following masturbation-induced orgasm, healthy females (mean age 24.8 yrs), commentary, 20224
cardiovascular & genital & endocrine changes following masturbation-induced orgasm, healthy females (mean age 24.8 yrs), 20232
cognitive-behavioral intervention, inappropriate masturbation, 11 yr old boy with mild learning disabilities, 1 & 12 mo followups, 8785
oedipal conflicts & masturbation as "internal soul murder" & psychic development, 35-yr-old male psychoanalysis patient , 31587

Matching Test [See Matching to Sample]

Matching to Sample—Serials
approach vs bar-press settings in auditory delayed matching-to-sample task, learning & performance, male dogs, implications for studies of neural substrate of auditory recognition memory, 13408
class-consistent differential reinforcement in matching-to-sample training, stimulus class formation, pigeons, 26486
color, word–picture & picture–word matching, college students, 16611
delayed matching to sample procedure, remembering time, pigeons, test of model of remembering in context of conditional discrimination, 10290
delayed matching to sample procedures in studies of short term memory & mnemonic processes & cognitive disorders & processes & models of drug effects, humans & animals, 349
effectiveness of Touch Window vs mouse with enlarged on-screen arrow for on-screen letter-matching task, 9 yr old male with spastic quadriplegic cerebral palsy & visual & cognitive deficits, 15005
ERP correlates of visual short-term memory for low-load vs high-load digit recognition in delayed matching-to-sample RT task, adults, 279
errors in delayed matching to sample & radial mazes & food-cache recovery memory paradigms, pigeons & rats & Clarke's nutcrackers, 13427
frequency & duration of stimuli presentation, bias & discriminability matching behavior, pigeons, 23210
guanfacine vs clonidine, visual paired associates learning & delayed matching to sample recognition memory tests, 23–35 yr olds, 7215
left hand inferiority in performing matching to sample tasks involving letter & color recognition carried out in full vision, 82 yr old male with cerebrovascular accident in left hemisphere, 5376
left hemisphere perceptual matching deficit, 45 yr old male callostomy patient , 34630
modifications of short- vs long-sample choice & successive matching tasks, retention of event duration, pigeons , 23202
neural responses in delayed matching to sample & delayed nonmatching to sample tasks, 22–40 yr olds, 23305
present vs absent samples, divergent retention functions in matching to sample task, pigeons trained to respond differentially vs similarly, 33087
prompted vs nonprompted differential observing responses in matching to sample task, stimulus overselectivity, individuals with mental retardation, 14859
rotation & orientation of drawings & interstimulus intervals, matching & recognition performance, 17–40 yr olds, 36230
sample duration & presentation frequency, delayed matching accuracy, pigeons, 29688
test of memory vs safe key choice as function of metamemory in delayed matching to sample, pigeons, 23135
transfer of learning between concurrent discrimination & matching or non-matching to sample discriminations, rats, 19949
Mate Selection [See Animal Mate Selection]
Mate Swapping [See Extramarital Intercourse]
Materialism—Serials
beliefs about materialist vs transcendent consciousness & reality, adults, 310
materialism & the flow experience as an explanation of happiness, 33004
materialism–status concern & money attitudes & life-task dimensions & Big Five personality correlates & career decision making, 16–36 yr old college students, 38943
traditionalism & materialism & sense of alienation country-level characteristics & economics & religion & polity type, individual attitudes, adults, 6 countries, 11211
Maternal Behavior (Animal) [See Animal Maternal Behavior]
Maternal Behavior (Human) [See Mother Child Relations]
Maternal Investment [See Parental Investment]
Mates (Humans) [See Spouses]
Mathematical Ability—Serials
arithmetic calculation & short-term memory & language performance, 9–10 yr olds with specific language impairment, 18213
beliefs about importance of acquisition of mathematical skills for preschool children, parents & other adults, 7420
biologically determined & abstract domain specific representation of number & elementary arithmetic operations in brain, animals &/vs infant & adult humans, 4423
book gift program, literacy & mathematical ability, 1st graders, 5 yr study, 6167
calculation abilities, patients with probable Alzheimer's disease vs focal left hemisphere lesions, 18395
cognitive processing speed assessed in mental arithmetic vs perceptual-motor matching vs other process-specific tasks, adult Lyme disease patients, 11927
cultural factors in mathematics education & shortage of professionals, females, Papua New Guinea, 28945
delayed intermittent reinforcement & programming stimuli common to reinforcement conditions, maintenance of responding on math tasks, 4th graders with math deficits, 25810
development of concept of fractions, students from pregrade 1–grade 4, 17289
domain specific knowledge about computations & mathematical operations vs domain general linguistic & mathematical knowledge, performance in solving arithmetic word problems, 5th graders, 6216
ethnic differences in perceptions of parents' educational socialization practices, mathematics achievement, poor African American vs Latino vs Indo-Chinese vs Caucasian 5th–6th graders, 12678
executive function & working memory, verification of simple true vs false mental arithmetic sums, college students, 23129
gender differences by item difficulty in multiple choice mathematics tests, eighth & ninth graders, 2904
handedness & hand skill as predictor of hemispheric indecision, verbal & mathematical & reading ability, left vs right handed male vs female 11 yr olds, 7389
independent vs common mental representations of multiplication & division problems & solution processes, adults, 36225
influence of Asian stereotype threat on mathematical test performance, adult White males, 11143
item-specific transfer between inverted & identical multiplication & division problems, 18–47 yr olds, 36212
linguistic competence & visuospatial representation, mathematical intuition, bilingual Ss, 19694
manipulative vs number sentencing mathematical representation, computer-aided word problem solving skills, children with learning problems (mean age 11.3 yrs), 38813
math-fact retrieval hypothesis of mathematics performance, males vs females, 25763
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary, 25786
math-fact retrieval hypothesis underlying math test performance, males vs females, 25778
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary, 25766
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary reply, 25779
mathematical word problem solving training, 23–34 yr old males in chronic stage after severe head trauma , 2666
naming of calendar months & days, development of calendar calculation, 8- & 10-yr-old children vs college students, China vs US , 26985
neuropsychological performance, arithmetical achievement prediction, nursery school children, 4426
neutral vs familiar situational context, performance of solving mathematical word problems with vs without drawing task elements, 1st graders, 23730
number sense concept in mathematics instruction for students with mathematical disabilities, 19349
numerical deficits, 22–83 yr old left hemisphere damaged patients with amnesia vs Broca's vs Wernicke's vs global aphasia, 18363
parity effect on product verification & strategy selection in arithmetic tasks, college students, 16646
priming effects in arithmetic reasoning & implicit memory, 38 yr old male with severe amnesia, 28142
public self-consciousness & ego-orientation & competence-valuation, self-report of mathematics self-concept & educational outcomes in math, 14–16 yr olds, 9483
roles of central executive & visual-spatial sketch pad & other working memory mechanisms in arithmetical skills, primary school students, 20484
scope of difficulties with & errors & solution strategies generated during modeling & solving nonroutine additive word problems, 5th & 6th graders, 22521
self esteem & reading & mathematical attainments before & after introduction of national curriculum & assessment procedures, 2nd & 6th grade British students, 8 yr study, 35479
self esteem, performance on reading & mathematics standardized tests, 2nd graders, 4 yr study, 32253
self- vs teacher- & parent-rated social skill ratings & patterns of neuropsychological ability, 10–12 yr olds with vs without arithmetic disabilities , 27958
social & gender identity salience, quantitative performance, Asian female high school & college students, US vs Canada, 10141
stereotype threat & math performance, males vs females, 10142
successive vs simultaneous presentation of isomorphic arithmetic problems, comprehension & solving strategies, 6th graders, 6199
test anxiety vs study habits vs maths skill, test performance in statistics exam, undergraduates, implications for interference vs deficit models of academic performance, 19306
value-added approach to baseline assessment of reading & writing & mathematics abilities & prediction of achievement at age 7, 4–5 yr old students, England, 3–4 yr study, 16382
whole-number & fraction & mixed-number calculation ability, 3–7 yr olds, 7415
working memory & intrusions of irrelevant information & inhibition, arithmetic word problem solving ability, 4th graders, 2 yr study, 36755
Mathematical Ability—Chapters
The development of representational abilities in middle school mathematics, 10818
An evolved capacity for number, 270
Making sense of gender issues in mathematics and technology, 995
Mathematical Modeling [See Also Structural Equation Modeling]—Serials
acquisition of new sex partners & concurrency in mathematical models for prediction of spread of sexually transmitted disease , 5250
actuarial vs clinical methods of assessing risk factors for violence, patients with mental disorders, 16405
adaptation analysis & process model of information seeking & gathering & consumption, 35838
advantages to use of hierarchical linear modeling in group research, 6716
algorithm for neuronal learning of non-linear input–output function to extract invariance from vectorial input sequence, 32512
algorithmic modeling of architecture for visual development of learning object shape primitives, 29501
analysis & mathematical model of relative frequency discrimination of events, pigeons, 33063
analysis & synthesis of nonlinear phenomenon in speech production using an AM–FM modulation model, 29517
application of grade of membership analysis of DSM-III-R personality disorders classification & diagnostic criteria, 18–60 yr old psychiatric outpatients, 11500
application of random coefficient regression model to depict response to outpatient psychotherapy, 28300
averaging across observers using generalized context models vs decision bound models of categorization, 13138
Bayesian optimal estimation approach to visual perception & learning, Kalman filter model , 16509
bimanual coordination model of brain & behavioral dynamics, 3212
bipolarity of positive & negative affect & theoretic correlational model goodness of fit, commentary reply, 30519
bipolarity of positive & negative affect & theoretic correlational model goodness of fit, commentary, 30530
bipolarity of positive & negative affect & theoretic correlational model goodness of fit, 7933
blackboard architecture for computational model of auditory scene analysis, 22768
cerebellar adaptive control of biomimetic manipulator in neural network dynamic learning model, 32508
characterization of human brain pharmacokinetics using 2-component model for psychotropic compounds, 23585
computational echo-avoidance model of precedence effect, 19772
computational model of association fields for adaptive spatial filters in human pattern perception, 32739
computational model of binding & binding-error detector circuitry & recruitment by long-term potentiation as hippocampal analog of episodic memory formation, 29853
computational model of digit-lesion-induced topographic reorganization in somatosensory cortex, 32498
computational model of face space based on principal components analysis, prediction of judgments of face similarity, college students, 10058
computational model of feedback in vision, mammals, 10525
computational model of functional prefrontal cortical circuitry for visuospatial working memory formation, 29863
computational model of selective deficits in first & second order motion processing, neurological patients, 11880
computational models of coherent & transparent second order motion, 10043
computerized adaptive testing based on item response theory from perspective of graphical modeling, 29431
conditional-association & strong-positive-orthant-dependence models for pairing quantitative characterizations & associated theoretical structures in binary-item test analysis, 6705
constrained generalized maximum likelihood routine for fitting psychometric functions applied to psychophysical data, 9803
constrained minimum jerk model of trajectory formation & intrinsic regularity & smoothness maximization & prediction of speed profiles of complex arm movements, humans, 3521
cusp catastrophe model fitted to time series of kill dates & existence of cyclical components in temporal kill patterns, serial murderers, 21369

degree of feature salience & value ascription, identification of previously seen face, test of Catch model, 16412
derivation of discrimination parameter values yielding maximum information for 3-parameter logistic item response theory model & algorithm for adaptive testing, 9980
dynamic model of cognitive growth in cross sectional populations & prediction of distribution of scores as function of age, 13131
effect of statistical model variation on conclusion stability, 6710
empirical course of memory retention functions, college students, 29648
entropic prior for multinomial parameter estimation problems & solution for maximum a posteriori estimator, structure discovery & learning in conditional probability models, 26256
evaluation of Cascades's computational modeling of rule learning events from students' physics problem solving & conceptual analysis, undergraduate physics students, 12668
examination of small-world phenomenon & dynamics & modern social networks, 37043
functional equations of internal structure of visual space in binocular space perception, 13181
generalizability theory model for estimating reliability of test scores composed of testlets, 4th & 8th & 11th grade students, 26228
generalization of p^* model for dichotomous social network data, 36066
Gibbs sampler for Bayesian estimation of Thurstonian ranking models, 19675
group model of mental transformations based on geometric model for form recognition, reaction time, college students, 32796
higher space analogies in projective geometry of & partial expansions & psychodynamics underlying & paranormal activities accompanying separation experiences, 13378
HIV epidemic & mathematical model of impact on demographic structure of population, Thailand, 5275
HIV epidemic & mathematical model of impact on demographic structure of population, Thailand, commentary, 5271
horizontal & vertical disparity & eye position & other parameters in mathematical model of stereoscopic slant perception, adult Os, 13183
impact of quadratic terms on probability of type II error in testing for multicollinearity for interaction effects, 13132
introduction of referential behavior theory as path for reconciliation of dynamical & information-processing accounts of action & cognition, 35839
item parameter estimation procedure developed using EM algorithm for continuous item response model, 6725
joint estimation of feature transformation parameters & Gaussian mixture model for speaker recognition systems, 29520
Markov random field theory applied to Gestalt psychology as analog of local feature propagation & global texture & shape perception, 29464
mathematical analysis of changes in incidence of heroin/cocaine use, Switzerland, 1979–97, application of compartment model, 21317
mathematical memory processes model of likelihood judgment & decision making, 10095
mathematical model for human sensibility ergonomics in product design, 12952
mathematical model of choice of alliance scope & realization of private & common benefits & stability of alliance, 6324
mathematical model of consequences of deterministic & random dynamics for course of affective disorders, 27596
mathematical model of final musical ritardandi derived from locomotion stopping, adults , 13232
mathematical model of migration vs actual migration data, night-migrating passerines, 393
mathematical model of new product development with simulated demand function & time & technological change & consumer preferences, 36058
mathematical model of visual contrast detection as eigenvalue problem, assessment of contrast detection thresholds, trained Os, 36179
mathematical model to characterize interactions in images as related to processes of image encoding by visual system, 32733
mathematical modeling of internal oscillations of attending to events with complex rhythms in theory of attentional dynamics, college students, 10230
mathematically created decisions vs performance of actual groups in multiple-parameter business strategy decisions, MBA students, 19410
method based on mathematical model of paired comparisons for assignment of dominance ranks, red deer stags, 19994
method for quantifying meal parameters & ingestive patterns & their postprandial correlates, male rats, 3992
mixed generalized estimating pseudo-score equations approach & distribution free multiple imputation technique for estimation of multivariate probit model with missing values, 19672
model for testing factorial invariance as measure of group differences in survey-item meaning ascription, 6720
model of evolution of host resistance to avian brood parasites & retaliation against rejecter hosts, cuckoos & magpies, 36361
model of reproductive potential & benefit or cost to kin as predictors of depression & hopelessness & suicidal ideation & behavior, college students, 21229
model of stochastic interdependence & selective influence of experimental factors on random variables, 13130
modeling log-transformed frequency distributions of interval lengths between feeding bouts, cows in various dieting conditions, 16413
modeling of neuronal orientation-contrast sensitivity & theory of non-classical receptive field phenomena in visual cortex, 29787
modeling of synchronization & desynchronization mechanisms of perceptual grouping mediation in striate cortical networks, 32514
models of group influence & competitive model-testing & prospective modeling of social decision scheme theory, 37079
motor cortical neural population vector analysis of finger & wrist movements, monkeys, 29796
multilevel modeling & its applicaiton in counseling psychology research, 25004
neural dynamics underlying frequency change detection & generation of mismatch negativity in auditory cortex via mathematical modeling, adults, 26032
neural model of foraging-insect landmark navigation, bees, 32501
noise placement in psychometric function slope for apparent motion modeling, adult Os, 10031
nonlinear dynamics & modeling of motivational flow, 33007
nonlinear modeling of marital interaction, newlywed couples, 3–6 yr study, 11009
numerical model of vigilance in flocks as set of local interaction, neighboring birds, 36324
numerical simulations for model of generation of orientation selectivity in macaque striate cortex, evidence for intracortical vs afferent hypotheses, 20068
odor recognition & segmentation by coupled olfactory bulb & cortical networks, 32495
optimality of expert vs majority rules under exponentially distributed competence in the uncertain dichotomous choice model, 3385
order-preserving decomposition models of psychological structural mechanisms underlying n-ary relations, 13136
phases of cognitive processing of hysteresis effect & hypothesis testing of said phases via mathematical model of human information processing, 26388
predictive & convergent validity of analytic hierarchy process vs conjoint analysis methods of attribute variation, college students, 6713
probabilistic unfolding models & measurement of latitude of acceptance, 6704
productivity-related & administrative & other costs in behavioral costing model of economic costs of workplace sexual harassment in US Army, active-duty Army personnel reporting sexual harassment, 22684
pseudo maximum likelihood & asymptotically distribution free analysis parameter estimation of dynamic factor model parameters from multivariate time series, 6711
quality adjusted life years utility models under expected utility & rank-dependent utility assumptions & role played in decision analysis , 26020
quanitification of dilute connectivity & storage function in neural network model of hippocampal associative memory, 32496
quantitative examinations of internal representations for arm trajectory planning & minimum commanded torque change model, 22–26 yr olds, 19790
quasi simplex model estimates of reliability, simulated Monte Carlo data & life satisfaction survey data collected from adults living in Russian territory, 13127
randomization of initial network state, transitive inference learning in computational model of hippocampal CA3 region, 32513
ratio model for suprathreshold hue-increment detection, 36174
rational choice on non-finite sets by means of expansion–contraction axioms, 3558
relational algebraic model provision of semantic foundation for computational use of cognitive maps, 3378
relationship between effects of practice & forgetting, college students, 4 day study, test of strength accumulation equation, 29620
relationship between statistical sample size ratio & latent trait distribution & item parameter estimation with nominal response model, 9962
Schmid-Leiman transformation in solution of higher-order factor model & hierarchical factor models, 22937
semantic properties in data-driven fuzzy modelling, accurate & transparent rule base generation , 3386
semiparametric group-based model of developmental trajectories, 26267
sensitivity of instantaneous EEG coherence for description of processual evolution of thinking processes, 20–25 yr olds, 16980
sensitivity of instantaneous EEG vs magnetoencephalogram coherence during elementary comparison processing, 20–25 yr olds, 16981
sensitivity of maximum likelihood & generalized least squares & asymptotic distribution-free based fit indices to model misspecification, 6698
set-valued utilities as numerical representation for strict partial orders to recover preference relation, 32736
simple & additive noisy linear amplifier models for estimated threshold ratios in Gabor orientation identification & detection, college students, 10046
simulation of logarithmic vs power function laws with union function to fit experimental data for neural vs psychological responses, 22936
simultaneous self-organization of place & direction selectivity in neural model of self-localization as analog of rat hippocampus, 32492
single neuron rational model of arithmetic & logic operations on their input conductances, 19508
social relations model as statistical technique for studying group dynamics, 6706
spatio-temporal cooperative cortical dynamics measured by multivariate autoregressive modeling of local-field ERPs, macaques, 29772
standard error of measurement estimation technique for dichotomously-scored rating scales & comparison with mathematical modeling techniques using data from Iowa Test of Basic Skills, 9958
statistical model for maternally recalled pubertal developmental milestones, mothers & twin daughters, 4406
statistical neural field approach to modeling orientation selectivity in primary visual cortex, macaques, 29759
statistical simulation & neural networks of natural language acquisition, 35803
tau-coupling & sensory tau in theory of movement synchronization & kinematic regulation, 7135
theoretical & mathematical framework for understanding effect of sample size on factor analysis solutions, 9970
theory & model of second-order expectation effect on first-order expectations, 17590
Thurstonian modeling of ranking data through mean & covariance structure analysis, 36063
uncertainty vs distraction mathematical models of nonlinear psychometric effects on spatial attention, 10039
univariate logistic regression mathematical model & software & applications, 9960
use of AVERT mathematical model to estimate impact of HIV preventive intervention on number of new HIV infections, cohort study, Cameroon, 2527
use of cumulative response distribution functions for test of influence of experimental factors in mental processes, 29456
use of hierarchical linear modeling for analysis of data collected within groups, 6715
use of signal detection theory in psychological stimulus discrimination studies & calculation of signal detection theory measures, 13143
using the Inventory of Interpersonal Problems & mathematical functions to detect complex interpersonal patterns, 20–64 yr old psychotherapy outpatients vs college students, 14400
visual neuronal activity & psychophysical thresholds in quantitative model applied to pattern discrimination tasks, 29753
whisker-stimulation-induced cortico-thalamic interactions in barrel-system computational model, rats, 29833
white noise amplitude & tuning frequency variability, cochlear auditory nerve fiber response modeled mathematically, gerbils, 29860

Mathematical Modeling [See Also Structural Equation Modeling]—Books

High-level motion processing: Computational, neurobiological, and psychophysical perspectives, 3803
Systems that learn: An introduction to learning theory (2nd ed.), 16671

Mathematical Modeling [See Also Structural Equation Modeling]—Chapters

Acetylcholine and frontal cortex "signal-to-noise ratio", 7107
Attention, depth gestalts, and spatially extended chaos in the perception of ambiguous figures, 39057
Computer simulation of cognitive dissonance reduction, 14354

Computing observer motion from optical flow, 3494
Generalized motor programs and units of action in bimanual coordination, 3528
Modeling causal integration and availability of information during comprehension of narrative texts, 6886
Modeling knowledge as competence and performance, 32749
A multiplicative power-function model of cognitive dissonance: Toward an integrated theory of cognition, emotion, and behavior after Leon Festinger, 14353
A new view of hemineglect based on the response properties of parietal neurones, 29886
Oscillatory neural networks: Modeling binding and attention by synchronization of neural activity, 39055
Searching for determinants of performance in complex domains, 10226
The structure of ability profile patterns: A multidimensional scaling perspective on the structure of intellect, 11246
Theoretical and biological limitations on the visual perception of three-dimensional structure from motion, 3500

Mathematical Psychology—Serials
hexagon condition & additive representation for 2 dimensions within the algebraic approach, 6700
historical & mathematical background of J. F. Herbart's theory & predicting recognition latencies in short-term memory, 26255

Mathematics [See Also Statistics]—Serials
age, construction of Utrecht Early Mathematical Competence Scales, 4–7 old 1st vs 2nd vs 3rd-grade males vs females, 13961
attitudes toward mathematics & mathematics teaching, Mexican-American high school students, 22543
attributions for success vs failure in mathematics, 7th grade African American vs White students from low vs higher SES, 25775
biofeedback-entrained cortical polarization, positive vs negative slow-wave amplitudes in direct-memory retrieval of multiplication facts, adults, 3978
counting & error detection, 7–13 yr olds with severe learning disabilities , 37680
definition of units for counting, 4 vs 5 vs 7 yr olds, 7436
development & evaluation of graphical notation based on relational algebra for specification of information visualizations, 12949
dimension-related metric for knowledge spaces , 32745
domain specific knowledge about computations & mathematical operations vs domain general linguistic & mathematical knowledge, performance in solving arithmetic word problems, 5th graders, 6216
effectiveness of conceptual vs procedural instructional approach to teaching decimals, 8th & 9th graders in remedial mathematics, 16019
executive function & working memory, verification of simple true vs false mental arithmetic sums, college students, 23129
factors affecting serum lithium concentrations & equation to predict lithium dose, 8–77 yr old psychiatric patients, 28504
graphing approach curriculum with calculator vs traditional algebra curriculum, function understanding & intermediate algebra skills & attitudes, college students, 19249
hexagon condition & additive representation for 2 dimensions within the algebraic approach, 6700
information theory & equations of dipole information in discrete two-dimensional patterns, 32735
issues in algebraic learning & neural network models for transitive & nontransitive responding, 3598
linguistic tools of social & math attitudes toward classroom culture & mathematics discussion, 17-yr-old male students, 28979
math self-efficacy & ethnicity & math & science career interest, male vs female 11th graders, 19333
mathematics learning as socialization of mind & cultural practice, 35512
mathematics problem solving in computer software environment with graphical representations of simulation results, 7th graders, 32213
metacognitive & affective processes & achievement in mathematics, 5th grade pupils, 2919
office noise with or without speech & duration & meaning of noise, memory for prose & mental arithmetic, adults, 3529
patterns of change in strategies for solving mathematical equivalence problems, 3rd & 4th graders, 7371
practice, opportunistic stopping & priming of intermediate steps on alphabet arithmetic problems, college students, 10152
presentation format, arithmetical-fact retrieval processes, French-speaking vs Dutch-speaking college students, commentary reply, 3592
presentation format, arithmetical-fact retrieval processes, French-speaking vs Dutch-speaking college students, commentary, 3585
procedural learning in reading & counting tasks, patients with Parkinson's disease, 34653
processing of incongruent arithmetic calculation problems & event-related brain potentials, undergraduates, 20208
qualitative characterization of the exponential distribution, 6724
rule-based errors in mathematical reasoning, 6835
social inequities due to differences in mathematical measurement & potential for labeling & irreversible social decision making, mathematics teachers, 29005
solution of mathematics word problems written in Ss' 1st or 2nd language, Filipino–English bilingual high- vs low-achieving grade school students, 32249
story problems vs shopping tasks vs continuation of counting, use of counting-on strategy, primary school students, implications for development of additive composition of number, 9484
surface-form, recognition memory RT for notation in simple addition task, adults, 10215
thinking mathematically as critical thinking approach to understanding & teaching mathematics , 22424
validity of items in Mathematics as a Male Domain scale of Fennema-Sherman Mathematics Attitude Scales, 22509

Mathematics [See Also Statistics]—Books
More: In-depth discussion of the reasoning activities in "Teaching Fractions and Ratios for Understanding", 15831

Mathematics [See Also Statistics]—Chapters
Cultural perspectives on mathematics and mathematics teaching and learning, 6189
The culture of the mathematics classroom and the relations between personal and public knowledge: An epistemological perspective, 6109
Fundamental measurement for psychology, 9808

Mathematics (Concepts) [See Also Algorithms, Numbers (Numerals)]—Serials
computerized tutoring program, arithmetic word problem solving ability, 5th graders, 25780
framework for advancement & support of developmental & conceptual understanding of mathematics, 1st grade teachers using Everyday Mathematics curriculum, 19245
Fuzzy Trace Theory & comparative quantity & task format & presentation method & reasoning strategy & construction & validity of rating scale of transitive reasoning, 2nd–4th grade children, 16315
knowledge of addition combinations & learning of subtraction combinations, 4.1–7.4 yr olds in gifted or regular program, 28956
learning of mathematics & reasoning about proving & relation to everyday & mathematical language & argumentation about proofs, fifth graders, 28975
manipulative vs number sentencing mathematical representation, computer-aided word problem solving skills, children with learning problems (mean age 11.3 yrs), 38813
mnemonic & traditional instruction, recall of difficult to memorize multiplication facts, elementary & middle school students with learning disabilities, 35546
neutral vs familiar situational context, performance of solving mathematical word problems with vs without drawing task elements, 1st graders, 23730
relation between conceptual understanding of mathematical equivalence & procedures for solving equivalence problems, 4th & 5th graders, 10790
scope of difficulties with & errors & solution strategies generated during modeling & solving nonroutine additive word problems, 5th & 6th graders, 22521
set-valued utilities as numerical representation for strict partial orders to recover preference relation, 32736
single neuron rational model of arithmetic & logic operations on their input conductances, 19508
thinking mathematically as critical thinking approach to understanding & teaching mathematics , 22424
training in visual vs audiovisual modality, learning concept & manipulation of numbers, 4–5 yr old preschoolers, 15889
use of incompatible solutions to representations of same problem to raise awareness of inconsistent reasoning via infinite set activity, mathematically talented secondary students, 19268

Mathematics (Concepts) [See Also Algorithms, Numbers (Numerals)]—Books
Mathematics classrooms that promote understanding, 22473
Teaching fractions and ratios for understanding: Essential content knowledge and instructional strategies for teachers, 12674
Word problems: Research and curriculum reform, 12629

Mathematics (Concepts) [See Also Algorithms, Numbers (Numerals)]—Chapters
Comprehension of mathmatical proofs, 32940
Kinship and mathematical categories, 26424
Learning basic number concepts and skills as problem solving, 22476
Representations in the mathematics classroom: Reflections and constructions, 6112
Teaching and learning a new algebra, 22481
Teaching and learning mathematics with understanding, 22523

Mathematics Achievement—Serials
academic self concept & achievement motivation & self efficacy & math anxiety, math achievement & effort, regular vs gifted & male vs female 6th grade students, 1 yr study, 15941
academic self-concept vs teacher expectation as predictors of spelling and math achievement & college attendance & high school dropout rates, 4th grade & 7th grade students, longitudinal studies, 19317
achivement motivation & autonomy & mathematics performance & school satisfaction, elementary school students, 28981
comparison of item-response theory & Thurstone scales linking mathematics performance in Grades 3–8 on end-of-grade tests, students, 3366
computerized tutoring program, arithmetic word problem solving ability, 5th graders, 25780
development & validation of opportunities-to-learn scales & effects of curriculum & professional development on mathematics teaching practices & student learning, elementary school teachers & students, 19651
development of geometric thought during computer instruction, secondary school student, 32207
development of phonological skills, early reading acquisition & reading & mathematics achievement & nonverbal ability & word knowledge, native Dutch-speaking 5–7 yr olds, 3 yr study, 32254
ethnic-stereotyped mathematics performance expectations with vs without grading accuracy instructions, grades assigned to poorly performed mathematics assignments, White & Asian college students, 1254
gender-specific performance concerns, performance on standardized math tests, males vs females, 12680
graphing approach curriculum with calculator vs traditional algebra curriculum, function understanding & intermediate algebra skills & attitudes, college students, 19249
high school academic achievement & completion of calculus & demographic characteristics & other factors, prediction of successful completion of Calculus I, college students, 9499
home computer access & computer course enrollment, success in applying computers as learning resource in prealgebra class, mathematically weak 9th graders, 2907
integrated social & cognitive strategy instruction, mathematics achievement, 7th graders, 25727
internal vs external student mobility & demographics & family socioeconomic level, reading & mathematics achievement, 3rd & 4th grade White vs minority students in urban areas, 35519
intrinsic orientation toward schoolwork & math anxiety & academic self esteem & attributions & situational interest in math, math achievement, gifted vs nongifted 9–10 yr olds, 29045
introduction of National Curriculum & testing, self-esteem & mathematics & reading attainment, Year 2 vs Year 6 students, 5 yr study, 9472
knowledge of addition combinations & learning of subtraction combinations, 4.1–7.4 yr olds in gifted or regular program, 28956
learning & mathematical problems & solutions over course of board game play, 8 vs 11 vs 14 yr old high vs low mathematics achievers playing standard vs junior versions of Monopoly, 7401
matching vs mismatching students' time-of-day preferences, algebra test performance, high school students, 32251
mathematical achievement & cognitive ability, mathematics self concept, male vs female 3rd vs 6th graders, Norway, 9482
performance accomplishments & vicarious learning experiences, mathematics & science self-efficacy & career interests & goals & actions, career-undecided college students, 15978
public self-consciousness & ego-orientation & competence-valuation, self-report of mathematics self-concept & educational outcomes in math, 14–16 yr olds, 9483
reliability of 3 vs 4-option test items in high stakes school-leaving mathematics examination, influence of testwiseness on performance, 12th grade students, 13111
Research-Based Model Partnership Education Program, math & reading GPAs, low income & low achieving African American students, 4 yr study, 2876
school & demographic characteristics, prediction of mathematics & reading achievement, 7–8 & 14–15 yr olds, 35515
self-efficacy & motivation, academic success in mathematics, junior high school students, 35517
sex & high vs low IQ group & treatment, mathematics achievement & creativity, 3rd graders, 25740
sex & self-efficacy & learning goal orientation & self-regulation & worry, high-stakes mathematics achievement, gifted 10–12th graders, 32312

sex & SES & prior achievement & attitude & parental involvement, participation in advanced mathematics in 8th vs 9th vs 10th vs 11th vs 12th grade, junior high & high school students, 38843
sex & thinking vs feeling preference on Myers-Briggs Type Indicator, mathematics achievement, 12th graders, 25767
sex, performance on multiple-choice & constructed response mathematics items in context of high school graduation test, 11th graders, 12684
successive vs simultaneous presentation of isomorphic arithmetic problems, comprehension & solving strategies, 6th graders, 6199
teacher perceptions as predictor of student mathematics achievement, 6th–12 graders, test of accumulation vs dissipation vs stability hypotheses of self-fulfilling prophesy, 32268
traditional didactic vs open project based mathematics teaching models, mathematics learning & transfer, Year 9 high school students, 3 yr longitudinal study, 6137
traditional vs new standards for mathematics teaching, mathematics growth & achievement on traditional tests, middle & high school students & teachers, 6100
use of cluster analysis to facilitate standard setting in educational testing, 7th-grade test takers taking mathematic proficiency test, 26235
use of learning for mastery procedures, student learning, master teacher & college students, 32225
visuospatial ability & textbook instruction vs object manipulation & visual imagery, transformational geometry performance, 7th & 8th graders, 32220

Mathematics Achievement—Chapters

Building on children's intuitions to develop mathematical understanding of space, 22525
Developing computerized adaptive tests for school children, 16387
Learning basic number concepts and skills as problem solving, 22476
Socioeconomic gradients in mathematical ability and their responsiveness to intervention during early childhood, 27008
Why did the Black–White score gap narrow in the 1970s and 1980s?, 2928

Mathematics Anxiety—Serials

causes of mathematics anxiety, female preservice elementary school teachers (aged 21–40 yrs), 32199
intrinsic orientation toward schoolwork & math anxiety & academic self esteem & attributions & situational interest in math, math achievement, gifted vs nongifted 9–10 yr olds, 29045
levels of statistics anxiety, 23–60 yr old African American vs Caucasian American graduate education students, 19335
perfectionism as multidimensional construct in statistics anxiety, 22–55 yr old graduate students, 19308

Mathematics Education—Serials

ability to write Chinese characters & extensive training in mathematics, performance on water-level task, Chinese vs Chinese American college students, 10114
accounts of social & cultural & political aspects of teaching & work in assessing students' mathematical capabilities in the classroom, teachers, 28986
achievement goals in mathematics & negative affect about making mistakes & self-regulatory beliefs & behaviors, 5th–6th graders, 9532
achievement motivation in mathematics, students, 12707
assessment of student learning in gender inclusive tertiary mathematics & physics education, commentary, 6195
attitudes toward mathematics & mathematics teaching, Mexican-American high school students, 22543
beliefs about importance of acquisition of mathematical skills for preschool children, parents & other adults, 7420
beliefs about teaching & learning mathematics & ability to provide math instruction based on children's thinking, elementary preservice teachers, 12640
changes in beliefs about intrinsic motivation in mathematics education before & after implementation of Realistic Mathematics Education curriculum, middle school teachers, 1 yr followup, 22411
classroom practices & student rudimentary vs no prior knowledge of fractions, student achievement in domain of fraction learning, elementary school students, 22519
classroom-based practices supporting mathematical development, 3rd graders, 22422
collaborative group vs traditional classroom methods of solving addition & subtraction problems & ability level, strategy change & execution of procedures, male vs female Primary 6 pupils, 22429
comprehensive approach to solving communication problems during science & mathematics education, blind students & their sighted instructions, 19351
contextualized vs word problem math instruction, problem-solving performance & computation skills, 8th grade remedial math students vs prealgebra students, 28930
critique of methodological aspects & results of research on culture of mathematics classroom, teachers & students, Comment, 28907
cultural factors in mathematics education & shortage of professionals, females, Papua New Guinea, 28945
design-based modeling approach, understanding of biomechanics of human arm, 3rd graders, 9439
development & evaluation of computer based learning environment for developing mathematical problem solving skills, teacher trainees, 9417
development & implementation of curriculum to introduce rational numbers based on developmental model, 4th graders, 19258
development & validation of opportunities-to-learn scales & effects of curriculum & professional development on mathematics teaching practices & student learning, elementary school teachers & students, 19651
elements of mathematics teaching & learning viewed as problematic, preservice elementary teachers enrolled in field based mathematics methods course, implications for reflective thinking & authority, 22410
framework for advancement & support of developmental & conceptual understanding of mathematics, 1st grade teachers using Everyday Mathematics curriculum, 19245
functional analysis of token rewards, intrinsic motivation for mathematics, 9 & 11 yr old males, 38844
graphing approach curriculum with calculator vs traditional algebra curriculum, function understanding & intermediate algebra skills & attitudes, college students, 19249
hands-on highly manipulative mathematics methods course, mathematics attitudes, 21–49 yr old preservice elementary education teachers, 9402
mathematics problem solving in computer software environment with graphical representations of simulation results, 7th graders, 32213
metacognitive training, mathematical problem solving, 7th graders, 19256
model of interactions between 3 selves in teaching mathematics, prospective primary school teachers, 2839
number sense concept in mathematics instruction for students with mathematical disabilities, 19349
parental & teacher influence on development of mathematics strategies, parents & teachers & male vs female 1st graders, 12681
perceptions of culture & construction of mathematics curriculum & classroom & learning, teacher & 13 yr old students, 3 yr study, 28927
prior mathematics conceptions & approaches to learning & perceptions of present studies & course grade, students in 1st yr university mathematics course, 2905
reflexive processes in rich mathematics learning environment, grade 9 students, 22511
reform in mathematics & remedial techniques, learning disabled children, 16000
research & standards in mathematics education, 12627
role of talk in mathematics classroom, 11th grade students & teacher, 12700
sex & ethnicity, mathematics course taking, high school students, 2906
sex & teachers' beliefs regarding mathematics education, male vs female student achievement & beliefs & behaviors, 22409
shared teaching assignments in mathematics & professional development, high school teachers, 2829
teachers' instructional strategies & self-report of involvement in mathematics, 5th–6th grade students in high vs low involvement classrooms, 9531
traditional didactic vs open project based mathematics teaching models, mathematics learning & transfer, Year 9 high school students, 3 yr longitudinal study, 6137
traditional vs new standards for mathematics teaching, mathematics growth & achievement on traditional tests, middle & high school students & teachers, 6100
training in visual vs audiovisual modality, learning concept & manipulation of numbers, 4–5 yr old preschoolers, 15889
use of additional interspersed mathematics word problems in assignments, perception of difficulty & homework assignment preference & accuracy, high school mathematics students, 25744
use of argumentation to resolve student disagreement & interrelationships among context & student learning & teaching during group discussion in mathematics class, 2nd grade teacher & students, 19271
use of incompatible solutions to representations of same problem to raise awareness of inconsistent reasoning via infinite set activity, mathematically talented secondary students, 19268
views on mathematics teaching & educational experience, preservice vs novice teachers, South Africa, 22401
visuospatial ability & textbook instruction vs object manipulation & visual imagery, transformational geometry performance, 7th & 8th graders, 32220

Mating Behavior (Animal) [See Animal Mating Behavior]
Matriculation [See School Enrollment]
Maturation [See Human Development]
Maturity (Emotional) [See Emotional Maturity]
Maturity (Physical) [See Physical Maturity]
Maturity (Vocational) [See Vocational Maturity]
Maxilla [See Jaw]

Maximum Likelihood—Serials

3 reliability estimates derived for Bayes modal & maximum likelihood estimates of the latent trait measured in computerized adaptive tests , 29440
constrained generalized maximum likelihood routine for fitting psychometric functions applied to psychophysical data, 9803
conventional cutoff criteria & new alternatives for fit indexes in covariance structure analysis, evaluation of model fit in practice, 9966
discrete proportional hazards & psychometrical application of Metropolis-Hastings algorithm & marginal likelihood inference & latent variables & item parameters & survival analysis, 13129
empirical fit as an indicator of theoretic fit & performance of maximum likelihood vs generalized least squares estimation in structural equation models, 16411
estimation of 3-parameter logistic item parameters using maximum marginal summed score likelihood algorithm, 19660
maximum likelihood estimator & asymptotically distribution free based test statistics, structural equation modeling of nonnormal multivariate data with small sample sizes & distribution conditions , 32731

multiple classification latent class models for maximum likelihood & maximum a posteriori estimation of persons-by-items data, 22933
pseudo maximum likelihood & asymptotically distribution free analysis parameter estimation of dynamic factor model parameters from multivariate time series, 6711
theory & application of maximum likelihood estimation algorithm for "proper" binormal model for receiver operating characteristic , 13140
Maximum Security Facilities—Serials
high-security hospital functioning & violence & personality disorder & psychopathy checklist scores, male offender patients legally classified with psychopathic disorder, 38574
history & development of & political influences on forensic services & risk assessment for violence & dangerousness & recidivism, offenders in long-term high-security hospitals, England & Wales , 19123
multidisciplinary assessment of mental health service needs, mentally disordered offender patients in North London medium & maximum secure hospitals, 38573
psychiatric & forensic disability factors & need for care, schizophrenic patients in high-security hospital & long-stay medium-secure provision vs high-dependency rehabilitation service, 38571
Maze Learning—Serials
5-HT antagonists WAY100635 vs ondansetron vs ritanserin vs agonist buspirone vs muscarinic agonist arecoline, MK-801-induced cognitive performance on delayed nonmatching to sample radial maze, rats, 20262
5-HT1A anatagonist WAY-100635 &/vs 8-OH-DPAT, performance efficiency & response rate in radial maze task, male Fischer-344 rats, 679
age & sex hormones, Morris water maze learning ability, 14–42 day-old intact male vs female vs castrated male vs testosteronc-treated female rats, 23191
AP-5 induced NMDA receptor blockade in nucleus accumbens core vs shell vs medial vs posterior caudate, spatial learning & performance, male rats, 30056
bidirectional selective breeding for open field ambulation & maze learning, Swiss albino mice, 16756
cerebral ischemia, spatial & olfactory learning & social & exploratory behavior & motor function, 4 vs 14 vs 20 mo old male rats, 13512
Cerebrolysin, neurodegenerative & water maze performance deficits, apolipoprotein E deficient mice, implications for treatment of neurodegenerative disorders, 13780
chronic desipramine treatment, burying behavior & elevated plus maze test, ovariectomized vs cycling vs proestrus vs diestrus female rats, 20288
chronic propranolol, inhibitory avoidance retention, male mice, 17077
cocaine, food- &/vs play-rewarded spatial discrimination in T-maze, neonatal male rats, 10678
D-cycloserine &/vs alpha-1 agonist ST 587, retention in delayed non-matching to sample radial arm maze task, male rats , 23568
degree of spatial learning & memory deficit & sensitivity of cholinergic drug treatment, aged female rats, 6978
differential maze-solving performance on puzzle feeder task as test of global cognition, young vs aged female cynomolgus monkeys, 29702
distance rotation & new environment, abstract cognitive map formation & recognition of new location on radial maze, rats trained with patterns of rewarded & nonrewarded arms or reward quantities, 23209
dorsomedial hypothalamus mediation of response to chlordiazepoxide on trial 2 of elevated plus maze, male rats, 26770
erythropoietin, erythrocyte cell membrane properties, maze learning performance, 21-mo-old male rats, 10649
estrogen receptor alpha, sexual behavior & preferences & maze learning, knockout mice, 33352
ethanol intake & intramaze vs extramaze cue proximity, spatial reference memory vs nonspatial reference memory, male rats, 7267
fimbria-fornix lesions, ability to use spatial relationships among intramaze stimuli in water-maze learning, male rats, 3905
glycine vs glycine receptor antagonist HA966 microinjections along rostrocaudal axis of dorsal periaqueductal gray matter, elevated plus-maze performance, rats, 10671
hippocampal lesions, acquisition of place response & pliancy in response alterations in Morris water maze, male rats, 36407
immediate posttraining microinfusion of sulpiride into the nucleus accumbens shell vs core, memory for water maze performance, male rats, 26848
impaired learning & memory, male rats without cholecystokinin receptor, 26627
intra-amygdala scopolamine, conditioned place preference vs spatial radial maze task performance, male rats, 712
learning capacity in maze, bcl-2 transgenic mice, 29756
lesions of prefrontal cortex with vs without prelimbic area lesions, avoidance & radial maze learning, female rats, 3843
metyrapone, restraint & plus-maze induced anxiogenic behavioral & neurochemical sequelae, male rats, 4115
MK-801, retention of spatial bias in water maze task, 3–6 vs 22–24 mo old male rats, implications for altered neural plasticity in age-related memory deficits, 17078
multitrial training-to-criterion procedure & diazepam, maze learning & memory & inhibitory avoidance, male rats, 20052
neonatal icv 192 IgG-saporin, neural development & hippocampal ingrowth & maze behavior at 21 vs 45 vs 90 days, male vs female rats, animal model of Rett syndrome, 20146
nerve growth factor vs basic fibroblast growth factor vs Cerebrolysin, short vs long term effects on postlesion acquisition of water maze task & motor activity, rats, 17114
norepinephrine vs propranolol microinfusions into basolateral amygdala posttraining, retention of spatial version water maze task, rats, 17045
partial sabcomeline vs full RS86 muscarinic receptor agonist, deficits in radial maze performance induced by brain lesions of basal forebrain & medial septic area, male rats, 10592
path integration for route learning through use of visual landmarks in Cataglyphid ants, 29700
Pfiesteria toxin & maze learning performance, female rats, 23535
playground maze, novelty seeking & prediction of individual differences in response to amphetamine, rats in conditioned place preference paradigm, 20310
pretreatment of different dosages of nicotine, ethanol & diazepam impairment of air righting & ethanol impairment of radial maze performance, male rats, 30059
radial maze vs platform maze vs water maze, test of cognitive ability & hippocampal morphology & neurotrophin expression, aged rats, 19947
sex & estrous cycle phase & biculculline vs flumazenil, plus-maze learning & hyperphagic & anorectic effects of allopreganolone vs triazolam vs dehydroepiandrosterone sulfate on food intake, rats, 10644
spatial blocking of place conditioning measured by water-maze landmark use & escape latency, male rats, 10284
spatial memory performance in arboreal foraging paradigm involving walking maze & win stay & food density & competition tasks, orangutans, 19946
spatial orientation on vertical maze under manipulations of maze rotation & shifts & blocked routes, free ranging fox squirrels, 19940
spatial working memory performance on water-escape version of radial-arm maze, intact female rats vs ovariectomized female rats receiving no vs physiological low vs moderate dose of estradiol , 10542
spiral maze performance, 37–92 yr olds with probable Alzheimer's vs multi-infarct dementia, 5411
subclinical doses of lithium & pilocarpine, learning & memory of radial maze, male rats, 4123
sulpiride, involvement of posteroventral caudate-putamen in memory consolidation in Morris water maze, male rats, 17097
training in Morris water maze, activation of mitogen-activated protein kinase cascade in CA1/CA2 subfield of dorsal hippocampus, rats, implications for long-term spatial memory, 16898
transient global ischemia, functional status of CA1 neurons & performance on spatial learning & Morris water maze, male rats, 23363
utilization of visual distal information to navigate Morris water maze, 22 vs 65 day old mice, 23190
water maze performance & electrophysiology & expression of synaptotagmin, apolipoprotein E-deficient mice, 23413
water maze task performance, male rats with vs without lesions in the anteromedial extrastriate visual cortex, 29789
water-maze training at 2 mo, spatial learning retention at 6 vs 10 mo, male NMRI vs C57BL mice, 33083
Maze Pathways—Serials
differential reinforcement of texture & brightness cues on runway, pattern discrimination & serial learning & ordinal position effects, male rats, 33056
task characteristics, theta oscillations during virtual maze navigations, 14–19 yr old patients with epilepsy, 31255
Mazes [See Also Maze Pathways, T Mazes]—Serials
cognitive determinants of performance on Austin Maze, 17–52 yr olds, 10091
errors in delayed matching to sample & radial mazes & food-cache recovery memory paradigms, pigeons & rats & Clarke's nutcrackers, 13427
exploratory activity in open arena vs elevated plus maze used as model of anxiety, inbred rat strain genetically selected for audiogenic seizure susceptibility, 4039
LY293284 vs LY315712 vs LY297996 5-HT receptor ligands, plus-maze anxiety, mice, 638
maze stress, ACTH levels, male Wistar rats, 36399
nitric oxide synthase inhibitor Nw-nitro-2-arginine methyl ester, elevated plus maze & social interaction test, rats, animal model of anxiety, 761
Mazes [See Also Maze Pathways, T Mazes]—Chapters
The Morris water maze (is not a maze), 3674
The radial arm maze: Twenty years on, 3672
MCPP [See Piperazines]
MDMA [See Methylenedioxymethamphetamine]
Mealtimes [See Feeding Practices]
Mean—Serials
appropriateness of & controversy in treating ordinal scales as interval scales in generation of means from assigned scores, 26276
confidence interval equivalence for 2-group mean comparison, 6721
validity of group mean orientation effects in visual recognition memory tasks, adults, 6854
Meaning [See Also Verbal Meaning]—Serials
activation of medial temporal lobe & hemispheric lateralization influences on meaning & novelty during memory encoding, 20119
advocates & sceptics & personalists & governmentalists & human rights attitudes & shared meaning system regarding the 30 Articles of the Universal Declaration of Human Rights, students in 35 countries, 10946
ascribing meaning to survey items in method of factorial invariance in cross cultural management research , 13149
assessment & process promotion & evaluation of self-investigation method of self-narrative meaning construction psychotherapy, 38012
attributed meanings & attitudes toward & integrative cultural dimension of end-of-life preferences & euthanasia, healthy & chronically or terminally ill 70–90 yr olds, Israel, 20924
clinical diagnosis & meaning & uncertainty, 53–64 yr olds with suspected dementia, 8670
codeswitches involving verbs of opinion in French–English bilingual discourse, bilingual speakers, 33554
composite meaning of symbol components & referent & referent prototypicality & semantic transparency or translucency, nondisabled 21–50 yr olds, implications for Blissymbol codability, 4361
conceptual model of cognitive capacity development, beliefs & search for meaning at death of sibling, adolescents, 33763
contextual knowledge in word knowledge & meaning, 13873
conventional meaning of words in language & metaphor, 33553
culture & construction of meaning in illness, 8996
dialogue forms for creation of meaning in music therapy, 21999
epistemological perspectives of fear of crime & relation to symbolic representation & discourse & sociocultural factors of meaning & experience of crime, 34405
ERP study of meaning & structure & time in language vs music processing, semantic & syntactic & prosodic & harmonic & melodic & rhythmic organization, 535
ethnic/racial & sex differences, preference for & affective meaning of natural environments, Black vs White vs Hispanic college students, 39017
expansion of Chomsky's views of meaning to conceive syntax to individuate meanings & provide science of meanings inside the head, 4370
finding meaning in response to an HIV-related stressor & changes in immune status & health, HIV-seropositive men aged 27–50 yrs, 2- to 3-yr follow-up, 8551
legacy of G. Frege's antipsychologism, views of language in 20th century philosophy of science & new theories of meaning, 35847
level of expertise, constructing meaning when reading poetry, PhD English candidates vs undergraduates or advanced high school students, 240
life-historical approach to patterned-cyclical & ordinary-linear forms of time-consciousness in text & temporality, Australian Aborigines vs Euro-Australians, 23838
listening & interpretation in understanding speaker beliefs & utterances with vs without ambiguity, 3–7 yr-olds, 33666
lived experience & meanings of caregiving for children with end stage renal failure, 19–57 yr old mothers & their 1–18 yr old children, 24713
meaning & awareness of & others' reactions to & blocks in experiencing spirituality, 30–57 yr old female helping professionals, 7325
meaning & metaphor in psychoanalytic education, 6016
meaning entrepreneurship in inclusive education process, parents of 6–17 yr olds with severe disabilities, 29023
meaning of continuity of care in mental health services, recipients & providers of services at community mental health centers & psychiatric emergency evaluation unit, 15503

meaning of family-like care among operators (aged 39–81 yrs) of small board & care homes for elderly, 38552
meaning of living, 35–50 yr old women living with fibromyalgia, 34566
meaning of nondecomposable idioms & meaning & influence of their main verbs, adults, 10699
meanings & contexts & sexual cultures & HIV in Cambodia, 13–26 yr olds, 28083
meanings of body size & food & eating & health, 19–30 old Filipino females, Canada, 18859
meanings of unconventional arthritis religious & home-based remedies, 38390
meanings of unconventional arthritis religious & home-based remedies, comment, 38410
model for testing factorial invariance as measure of group differences in survey-item meaning ascription, 6720
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7276
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7278
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7277
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary reply, 7273
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of the self & personhood, 7274
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7275
narrative themes of the meaning & experiences of caregiving relationship, daughters (aged 48–60 yrs) & their aging mothers (aged 71–92 yrs), 30322
negotiation for meaning in relation to second language acquisition, 8–13 yr old primary school students, 880
perception of meaning of work & challenges regarding clinical decision making & personal control & maintaining professional standards, nurses employed in state psychiatric hospitals, 12617
perception of meaning of work & coping with challenges regarding clinical decision making & personal control & maintaining professional standards, nurses employed in state psychiatric hospitals, 12618
perceptions of definition of child abuse, mental health & legal & medical professionals & teachers & parents & adults, 11556
perceptions of play vs lullaby infant-directed song styles, adults, 11129
perceptions of spiritual meaning & well being, 65 yr olds & older, 7610
Personal Appraisal Inventory development & factor analysis & quantification of individual differences in personal meaning of psychiatric disorder, 21–70 yr old patients with major depression, 35922
personal competence & meaning of experiences living with memory-impaired partner & use of formal support services, spousal caregivers, 35254
priority of salient meanings, 23623
psychopharmacological treatment of mania & the meaning of psychotic acts, 19 yr old with mania & symptoms of hyperreligiousity & religious delusions & cannabis abuse & history of bipolar disorder, 4954
qualitative & quantitative research methods on the sources of meaning in life of 18–42 yr old patients vs. 18–26 yr old non-patients, 37261
racial attitudes & southern identity & perception & meaning of Confederate symbol in Georgia state flag, White southerners, 1261
rating norms for symbol & icon concreteness & complexity & meaningfulness & familiarity & semantic distance, college students, 36121
reconstruction of positive identity & meaning in recovery process, patients with psychiatric disabilities, 19044
relationship between meaning in life & mental well-being, college students, 17678
response to males' alarm call based on acoustic features or mental concept of predator, female diana monkeys, 10373
role of meaning in different schools of psychotherapy & issues in cognitive processing of meaning & relation to therapeutic change, 24965
role of music in the Holocaust, implications for music therapy with survivors, 13855
RTs in processing of meaning of proverbs in literal or figurative fashion & in old vs new contexts, adults, 10145
selective use of nonmaterial beliefs in fate & God & luck & chance & just punishment & just reward to interpret life events, adults & Catholic & Communist youth, 20903
sensitivity to meaning in response to perceptual ambiguity in drawing sequences, 6–10 vs 19–32 yr olds, 13962
sentence context, inference of meaning of partially known words, college students, 16603
social construction of reception & meaning of romance novels in postcolonial era, 17–21 yr old urban dwelling females, India, 33526
systemic-constructivist approach to sexual & couple psychotherapy that encourages in-depth exploration of sexual meanings & their impact on the relationship, 25023
time sensitivity & purpose in life & contrasting theoretical perspectives of Myers-Briggs & Victor Frankl, 18–30 yr olds, 3297

Meaning [See Also Verbal Meaning]—Books

Alone together: Law and the meanings of marriage, 20728
Between the lines: Unconscious meaning in everyday conversation, 23998
Communicating emotion: Social, moral, and cultural processes, 30427
Intentions in the experience of meaning, 37044
Making meaning of narratives, 22964
On suicide: A discourse on voluntary death, 34314

Meaning [See Also Verbal Meaning]—Chapters

Beyond the call of duty: The service of Israeli youth in military and civic contexts, 7582
Can meanings be causes?, 21753
Compensating work, 3071
Conceiving couple commitment: Choice, promise, and fulfillment, 37100
Conflictways: Cultural diversity in the meanings and practices of conflict, 27165
Consciousness and meaning, 13332
The construction of political meaning by Native Americans in the 1996 election: The case of the Cherokees and Keetoowahs, 7733
The culture of the mathematics classroom: Negotiating the mathematical meaning of empirical phenomena, 6259
The emergence of the semantics of argument structure constructions, 13880
Existential issues of hope and meaning in late life therapy, 31479
Final rights: Caring for people in the last phases of life, 15118
Humor is a funny thing: Dimensions of the therapeutic relationship, 21847
The interpretation of dreams from the perspective of cognitive-experiential self-theory, 13324
It's boring: Notes on the meanings of boredom in everyday life, 27415
Labeling and stigma, 30645
The meaning of community, 37662
Meaning-based exchanges and the organization: Implications for business ethics, 32398
Meaning-making as a metaframework for clinical practice, 2628
The messenger may be wrong, but the message may be right, 32274
Morality and spirituality in therapy, 38055
Picture this: Wittgenstein and personal construct theory, 21712
Scientists, journalists, and the meaning of uncertainty, 17174
The social construction of meaning and cognitive activity in elementary school children, 7479
Teaching and learning mathematics with understanding, 22523
This scherzo is [not] a joke, 20973
The world of words: Thoughts on the development of a lexicon, 23742
Youth experience in the Palestinian Intifada: A case study in intensity, complexity, paradox, and competence, 7563

Meaningfulness—Serials

context-dependent memory for meaningful material, 17–56 yr olds, implications for students & test taking, 6906
development of construct of meaninglessness in 2nd half of life, 58–90 yr olds, 7621
general education vs memory training program designed to increase meaningfulness, improvement of memory for names, 43–87 yr olds, 3 mo study, 20666
meaningful employment, major depression & occupational & psychological stress & self concept clarity & self actualization & coping behavior & avoidance, 21–89 yr olds, 7947
multiple important intentions, prospective & retrospective memory for other less important intentions, adults, 13354
nurse burnout & job meaningfulness & intention to quit, patient satisfaction, nurses & inpatients, 2784

Measles—Serials

review of evidence on causal link between measles immunizations or measles infection & autism, 34430

Measurement [See Also Achievement Measures, Aptitude Measures, Attitude Measurement, Attitude Measures, Body Sway Testing, Comprehension Tests, Criterion Referenced Tests, Digit Span Testing, Employment Tests, Group Testing, Individual Testing, Intelligence Measures, Inventories, Multidimensional Scaling, Needs Assessment, Occupational Interest Measures, Pain Measurement, Perceptual Measures, Performance Tests, Personality Measures, Preference Measures, Professional Examinations, Profiles (Measurement), Projective Testing Technique, Psychiatric Evaluation, Psychological Assessment, Psychometrics, Questionnaires, Rating Scales, Reading Measures, Retention Measures, Screening, Screening Tests, Selection Tests, Sensorimotor Measures, Speech and Hearing Measures, Standardized Tests, Statistical Measurement, Subtests, Surveys, Symptom Checklists, Testing, Verbal Tests]—Serials

test–retest reliability, assessment of perceived health, male vs female 30–64 vs 65–74 vs over 75 yr olds, 22020
30-day summary measures vs expanded version of Timeline Follow-back interview technique, assessment of alcohol & drug use & sexual behavior, gay/bisexual 18–60 yr old men, 8366
ability of family history density of alcoholism to predict alcohol dependence, adults, 1805
acceptability & ease of use of computers for assessing smoking history & nicotine dependence & other smoking related variables, ethnically diverse low-income Ss seeking smoking cessation treatment, 28760
acceptability of computer HIV/AIDS risk assessment instrument, not-in-treatment drug users, 8388
accuracy of automated microcomputer applications/expert systems for quantifying facial features & expressions & emotional content & motor processes, 19–61 yr olds, 16255
accuracy of self-reported health behaviors & risk factors related to cancer & cardiovascular disease, general population, 37769
accuracy of traditional clinical memory measures vs memory assessment instrument emphasizing ecological relevance, differentiation of degrees of everyday memory functioning, brain injured adults, 29377
actigraphic vs polysomnographic assessment of sleep, insomniac adults (mean age 46.46 yrs), application of Actigraph Data Analysis Software, reanalysis, 14900
advantages of & obstacles to performing pragmatic randomized controlled trials in psychiatry, 32758
agreement between child & parent reports on children's health-related quality of life, 8–11 yr olds & parents , 4501
aim & methods & evaluative criteria of clinical assessment & application of signal detection theory to assessment problems, 13139
application of item response theory to measurement in sport & exercise psychology, 16162
application of laser scanning vibrometer to detect vibration transmitted in working conditions, operators tractor, 22674
assessment & differential diagnosis of phonological disorders & phonological structure of separate languages, bilingual 4.7–7.4 yr olds, 32639
assessment & management of antipsychotic-induced adverse events, 5612
assessment of factors influencing comprehension of legal documents, adults, 16267
assessment of marriage viability & treatment options, nonsexual married couples, 28256
assessment of patients' experiences & health related quality of life using computerized program, under 50 vs 50–70 vs over 70 yr old patients, 6429
assessment of psychological critical thinking as learning outcome, senior psychology vs natural science vs introductory psychology students, 32260
assessment techniques in graduate personnel courses, master's & doctoral level industrial/organizational teachers, 35495
automatic computer analysis for identifying & removing behavioral & technical artifacts from human sleep EEG data, 36482
barriers to organizational assessment, consulting psychologists, 16135
behavioral assessment, horses in therapeutic riding programs vs non-therapeutic riding horses, 11960
benefits & challenges of training & employing HIV+ community members as survey interviewers in HIV research, HIV+ females, 11840
bulimia nervosa & anorexia nervosa & drive for thinness indices, athletes, 37709
calculation of J. L. Holland-style measures of congruence & prediction of job satisfaction, adults, 22615
candidate measures & trade-offs in screening & determination of potency of client risk factors for clinical & policy significance, 29415
chameleon effect, global vs academic or artistic or physical construct specific self-esteem in psychological ratings, students at private Catholic boys' high school, 6593
chaos theoretical measurement perspective on affective instability relative to normal affective variability, 14–60 yr old patients with affective instability, erratum, 24231

chaos theoretical measurement perspective on affective instability relative to normal affective variability, 14–60 yr old patients with affective instability, 11383
characteristics & measurement of intelligence, 14296
checklist for assessment of culturally competent attitudes & services, human service agencies, 5826
client characteristics & interview mode, bias in survey measurements of drug use, 18–45 yr olds, 3403
clinical changes & length of stay in public & private hospital settings as measurement of improvement, patients with schizophrenia or major affective disorders, 31906
clinical evaluation of motor abilities & cognitive performance & mood & fatigue & quality of life & handicap, multidimensional assessment, multiple sclerosis patients aged 21–72 yrs old, 32576
clinical measurement of craving in alcohol & nicotine & cocaine & other drug addiction, 1755
clinical pathways to evaluate health care student progress & learning, 25598
clinical practice guidelines for assessments & medications & side effects & psychosocial interventions & delivery of services, patients during phases of schizophrenia, comment, 21652
clinical practice guidelines for assessments & medications & side effects & psychosocial interventions & delivery of services, patients during phases of schizophrenia, reply, 21637
clinical ratings & listener perception of nasality & nasalance in persons with traumatic brain injury, expert listeners, 31284
cognitive–behavior therapy, cognitive measures & panic & improvement in non-cardiac chest pain, 18–75 yr olds with non-cardiac chest pain, 6 & 12 mo followup, 25057
common sources of error in use of condom use as dependent variable in research, measurement issues & implications relevant to HIV prevention programs, 6691
comparative findings of Egna Minnen Betraeffande Uppfostran & Parental Bonding instrument on measures of paternal & maternal rejection & protection & emotional warmth, 18–38 yr old repressors, 19573
comparison of 2 head autorotation tests, measurement of vestibulooocular reflex, 29–62 yr olds, 29467
comparison of problematic concept formation & other "measurement trap" methods with experiential & other methods designed to better reflect perspectives & experiences of battered females, commentary, 14661
comparison of problematic concept formation & other "measurement trap" methods with experiential & other methods designed to better reflect perspectives & experiences of battered females, 14706
concept of & methods for & psychological significance of investigating subjective experiences, 37165
conceptual & methodological issues in assessment of quality of life, dementia patients, 24924
conceptual & methodological issues in measurement of quality of life & comparison between HIV/AIDS & other chronic diseases, adults, 1969
conceptual framework for integration of quality of life & palliative care measures, 18994
conceptual model & outcome measurement of palliative care based on life cycle/developmental model of human experience in critical transitions, 16366
concurrent & discriminative & construct validity of Wolinsky Amnesia Information Test, measurement of cognitive status, 18–59 yr old patients with definite or suspected closed head injury, 29381
construct & measurement of collective efficacy & its relationship to team cohesion, volleyball players (mean age 19.7 yrs), commentary, 30412
construct & measurement of collective efficacy & its relationship to team cohesion, volleyball players (mean age 19.7 yrs), 30414
construct of & research factors associated with & instruments designed to measure career maturity, 119
construct validity & mental health correlates of Child & Adolescent Scale of Irrationality, irrational thought & emotionality, 10–17 yr olds, 32630
construct validity of Alberta Assessment & Placement Instrument, 65–98 yr old long-term care clients admitted vs not admitted to home care, 1 yr retrospective followup, Canada, 2634
construct validity of Miller Assessment for Preschoolers, 2.8–5.7 yr olds with developmental delays, 8429
construction & validity of measurement, assessment & prediction of psychomotor abilities via computers, 18–30 yr olds, 36198
construction of efficient sequential identification schemes using batches of tests, 6543
construction of Meaning Identification Technique Scales, listening comprehension skills assessment of specific reading difficulties, primary school children in Edinburgh schools, 13108
construction of mental models, assessment of preexposure to uncontrollability & depression, 17–19 yr olds, 33635
contribution of dimensional complexity EEG measure to understanding psychophysiology of cortical arousal, 33309
correlation between Screen for Child Anxiety Related Emotional Disorders & Multidimensional Anxiety Scale for Children, 9–13 yr olds, 4985
Creativity Classification System as taxonomy of creativity used to develop creativity measures, youth, 1326
cultural values, rehabilitation assessments & plans of action, visually impaired persons, 25505
current concerns & recent advances & future directions in creativity measurement, 51
deception in simulated cognitive deficit model, P300 scalp amplitude distribution, college students, implications for detection of deception & malingering, 33353
definitions & measurement & problems relevant to measurement of fatigue, 18237
delay or prevention of Alzheimer's disease & ethical issues concerning confidentiality of genetic susceptibility tests, individuals with Alzheimer's disease, 15819
demographic & clinical & neuropsychological & psychological measures as predictors of behavioral dysregulation & thought disorder on choice task, 20–52 yr old schizophrenic patients, 34183
description of device for measurement of eye position & movements by means of Hall-effect, laboratory animals, 26018
development & concurrent & convergent & discriminant validity of measure of turbulence in Children's Homes, 10–17 yr old residents & staff of Children's Home, 15583
development & confirmatory factor analysis & validity of Rhode Island Stress & Coping Inventory, 18–74 yr old smokers who successfully quit vs relapsers, 6658
development & contemporary psychoanalytic theoretical basis of Parent-Child Interaction Assessment, parental attunement & other aspects of parent & child & dyad functioning, mothers & children , 29317
development & factor structure & content validity of Reputation Enhancement Scale, delinquent vs nondelinquent vs at-risk 12–18 yr olds, 19612
development & internal consistency & test-retest reliability of Tower of London-Revised, college students, 6598
development & operation & validity of composite measure for assessment of alcohol treatment outcome, abstinent vs moderate vs heavy drinkers, 15 mo study, 9879
development & psychometric evaluation of Environment–Behavior Interaction Code, measurement of social environmental antecedents of disruptive behavior, elderly residents of dementia care units, 32654
development & psychometric properties of 2 measures of self-care & problem solving self-efficacy, 30-85 yr old caregivers of cognitively impaired elders, 26124
development & psychometrics of MacArthur Competence Assessment Tool–Criminal Adjudication, measurement of competence to participate in legal proceedings, 18–65 yr old felony defendants, 6625
development & psychometrics of Objective Behavioral Index, assessment of behavioral indicators of treatment response, 18–52 yr olds with severe personality disorders, 19571
development & reliability & factor structure & validity of Multidimensional Health Profile, assessment of mental health & stress & coping skills & social resources, 18–89 yr olds, 3 wk followup, 19648
development & reliability & validity of APZ questionnaire, standardized psychometric assessment of altered states of consciousness, Switzerland & Germany & UK & Italy & Portugal & US, 3279
development & reliability & validity of Inventory of Interpersonal Situations, assessment of social anxiety, psychiatric & nonpsychiatric adults, 19575
development & reliability & validity of measurement, assessment & prediction of work-satisfaction, academic faculty generalists , 36045
development & reliability & validity of short form of Test of Functional Health Literacy in Adults, assessment of ability to read & understand health related materials, patients (mean age 44 yrs), 36004
development & reliability & validity of UCLA Prostate Cancer Index, measurement of health-related quality of life, males (mean age 72.7 yrs) with prostate cancer, 5280
development & use of alternate assessments for students with disabilities, implications for state policy making, 6669
development & uses of Basic Skills Evaluation Device, family therapy trainees, 9951
development & validation of simpatía scale for use in drug treatment, measure of agreeableness & respect for others & politeness, Hispanic opioid users, 77
development & validation of the Drug Problem Index, measurement of interstate variations on drug abuse problems, data collected from 50 US states, 9934
development & validity & reliability & association with social cognitive measures of strategy coding instrument, assessment of personal strategies for HIV prevention & risk behaviors, college students, 32705
development & validity & reliability of measure of subjective consumer knowledge, 17–83 yr olds, 36055
development & validity & reliability of Resident Assistant Self-Efficacy scale, assessment of beliefs about ability to positively influence student development, college resident assistants, 28984
development & validity of measurement for assessing employee empowerment, 18–55+ yr old employees, 29425
development of & methods of assessment & intervention used in ecobehavioral treatment program, 6–17 yr old maltreated children & their primary caregiver, 18483
development of Audit of Diabetes Dependent Quality of Life, measurement of perceived disease impact, adults with diabetes, 36006
development of clinical test for viseme recognition for Quebec French, 18–30 yr olds, 4365
development of handicap scale for elderly, assessment of hospital treatment outcomes, 76–95 yr olds, 25500
development of model to assess perceived justice in customer satisfaction of service recovery, customers in hotels & restaurants, 35728
development of model to predict & identify determinants of HIV & AIDS services training of on-site staff, outpatients mental health care agencies in New York, 35212
development of qualitative measure of parenting stress & family focused intervention, low income Mexican vs African vs European American single vs double parent families & 7th or 8th grade children, 3280
development of scale measuring attitudes toward purchasing nonprescription contraceptives, 32729
development of scale to measure loss/powerlessness & provisional & ultimate meaning, caregivers of persons with dementia, 36010
development of test to measure spatial abilities associated with apparel design & product development, female college students majoring in clothing & textiles, 22838
development of the U.S. Collectivism Index, measurement of regional patterns of individualism & collectivism across states, US residents, 26123
development of the Wisconsin Quality of Life Index as a multidimensional model for measuring quality of life, 13100
development of typology of & cluster analysis of items measuring parent rated child behavior, 6–11 yr olds, 20576
diagnostic accuracy of vocabulary tests, 4–5 yr olds with specific language impairment, 21439
diagnostic constructs of antisocial personality disorder & psychopathy as defined by revised Psychopathy Checklist & their application to sentencing determinations, 5127
diagnostic utility of & performance on Continuous Performance Test, adults with ADHD symptomatology, 3310
dimensionality & validity, Burnout Measure, Dutch human services professionals, 6675
dimensions of multidimensional constructs in covariance structure analysis as components vs manifestations in management research & job perception & satisfaction constructs, business school graduates, 22605
Disability-Adjusted Life Year as measure of health status & consideration of direct & indirect & social costs & economic burden of psychiatric disorders in health economics, 14415
discriminant validity of Geriatric Depression Scale, identification of suicidal ideation, 60–95 yr old male patients in psychiatric hospital & nursing home, 1734
discriminant validity of life satisfaction & self esteem constructs assessed by Self-Description Questionnaire-II & Student's Life Satisfaction Scale, middle & elementary school children, 13043
disease-specific conceptual framework & development of instrument for assessment of quality of life, 55 yr old & older dementia patients, 13098
Early Reading Screening Instrument, assessment of reading readiness & risk of reading failure, end-of-year kindergartners, 1 yr followup, 26229
Ease of Speech Production Scale & perturbation tasks, discrimination of mild & recovered stutterers vs nonstutterers, 3282
economic methods for measuring the quality of life associated with HIV infection, 37788
effectiveness of 5 prediction methods for estimating premorbid intellectual functioning, male patients referred for neuropsychological evaluation, 18342
equipment for synchronization & control of ultrasound & stereophotogrammetry in study of flight, bats & birds & insects, 401
equivalence of Forms A & B of California Critical Thinking Skills Test, college students, 9841

Measurement—Serials

Euroqol EQ-5D vs SF-36 Health Questionnaire, assessment of health status & quality of life, 14–73 yr olds with chronic fatigue syndrome, 36019
evaluation of driving ability by occupational therapists, stroke victims, 8637
evaluation of Human Development Index's ability to measure quality of human capital component of nation's competitiveness, 16300
evaluation of social service assessments of activities of daily living & cognition & mood & other psychosocial factors & social environment & clinico-medical domains, elderly, 15548
event based training & distributed team training, performance measurement, Marine Corps & Air Force & Army personnel, 25977
evolution of measurement & concept of cohesion in research, military implications, 16433
factor analysis of Brief Index of Self-actualization, undergraduate & graduate students, 4794
factor analysis of ruminative vs reflective types of private self-attentiveness as measured in L. R. Goldberg list of trait adjectives & 5-factor personality model & self-consciousness scales, 9849
factor structure & internal consistency of Everyday Problem Solving Test & relation of problem solving & demographics & physical function & fluid ability, African American elderly (mean age 67.8 yrs), 29339
factor structure & validity of Adult Suicidal Ideation Questionnaire & Linehan Reasons for Living Inventory, assessment of suicidal thoughts & behavior, adult psychiatric patients, 19627
factor structure of French version of Retirement Satisfaction Inventory, assessment of well-being & satisfaction with retirement & life, 55 yr old & older retirees, 19595
factor structure of Index of Sexual Narcissism & it's composite & subscale scores relation to other various sexual constructs, 18–22 yr old males, 35971
factor structure of Revised Self-Consciousness Scale, high school students, 23774
factor structure of revised version of Screen for Child Anxiety Related Emotional Disorders, 8–13 yr olds, 6621
factor structure of the Childhood Anxiety Sensitivity Index, 7–16 yr olds with anxiety disorders, 29392
factor structure of Yale-Brown Obsessive-Compulsive Scale, 17–72 yr olds with obsessive compulsive disorder, 3324
factors affecting assessment of clinical care quality in statewide Medicaid managed mental health care program, 31897
family involvement in early intervention & use of family assessment information in determining intervention goals, 28243
force plate system apparatus measuring low-magnitude vertical reaction forces generated during forelimb/hindlimb hopping reaction & surface righting reaction after haloperidol vs acrylamide, rats, 3396
framework for defining & measuring quality in early intervention programs, infants & toddlers with disabilities & their families, 9541
Functional Analysis of Care Environments Core Assessment, measurement of outcomes & severity in patients seen in routine practice, adult psychiatric patients, 29362
Functional Analysis of Care Environments Recording & Measurement System approach to person-based information for outcomes & resource management in mental health care, 31871
functional assessments during clinical trials, measurement of basic & complex activities, Alzheimer's disease patients, 8603
functionality assessment of natural & prosthetic hands, 15678
generalizilibility & validity of biodata & components of Manager Profile Record, managers & staff professionals (mean age 41 yrs old), 35585
global vs organization based measures of self esteem as a moderator between role stressors & psychological & physical strains, 13050
graphical technique, assessment of timing accuracy of computer systems, implications for RT studies, 6425
group collaboration & measurement of computer teleconferencing vs face-to-face communication, learning & quality & satisfaction, college students, 35488
group vs individual administration & descriptive characteristics & reliability & validity of Harvard Group Scale of Hypnotic Susceptibility Form A & related instruments, college students, 26457
guidelines for stability in polysomnograph vs sleep log & home vs lab measures of sleep onset & time in sleep & wake after sleep & time in bed & sleep efficiency, normal aged vs insomniac aged, 14926
handling & diazepam vs zolpidem effects on anxiety & interstrain differences in standard vs enriched open field & elevated pluz maze tests, male PVG/OlaHsd vs Sprague-Dawley-Hsd rats, 744
Health of the Nation Outcome Scales as measure of mental health outcomes in general psychiatry, 18–64 yr old psychiatric patients, 25411
Health of the Nation Outcome Scales vs Camberwell Assessment of Need Short Appraisal Schedule, social functioning vs need as measure of routine clinical outcome, mental health service patients, 25412
Healthy Lifestyle Worksheet, assessment of whole lifestyle in terms of meeting basic emotional & social & intellectual needs, mental health clients, 32704
hedonic response to sucrose solution & sweet taste perception threshold & correlation with traditional assessments of anhedonia, patients with major depression or schizophrenia, 8041
hierarchical model & multidisciplinary approach to assessment & management of interdependent areas of functioning, children with multiple disabilities, 21452
Illinois Rape Myth Acceptance Scale, measurement of structure of rape myth acceptance, adults, 14695
impact of different time frames in asking about drinking, clinical vs general populations, 24544
importance of routine use of standardized outcome measures in mental health care, 22879
improving measurement reliability, strength of association between risk factors & childhood psychiatric disorder, parents with 6–16 yr olds with oppositional defiant or overanxious disorders, 67
incidence & prevalence & assessment of & interventions used in cases involving domestic violence, child welfare workers, 22190
incremental validity of General Confidence Themes of Skills Confidence Inventory, measure of vocational self efficacy & interest, employees, 36046
integration & usefulness of team sport performance assessment procedure in physical education classes, elementary & junior high school teachers, 15890
integrative conceptual framework for assessment & treatment of suicidal behavior, adolescents, 5051
inter-rater reliability of Westmead Home Safety Assessment when used during home visits, occupational therapists, 16298
interactive vs didactic methods of teaching HIV risk assessment interview skills, medical residents, 5270
International Classification of Impairment, Disabilities & Handicaps & health related quality of life concept for assessing rehabilitation outcomes, conference paper, 5918
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary reply, 52
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary, 39
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, 53
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary, 55
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary, 37
interrater & test retest reliabilty & internal consistency & concurrent validy of Italian version of Alzheimer's Disease Assessment Scale, 51–87 yr olds with dementia, 31252
interrater reliability & internal consistency, Matson Evaluation of Drug Side Effects, mentally retarded institutionalized adults taking psychoactive medications, 8728
interrater reliability of Client Encounter Form, assessment of client–nurse practitioner interaction, nurses & 2–61 yr old clients of primary care nursing clinic, 25427
intra- & interrater reliability of Correct Information Unit analysis for measuring communicative conversation informativeness & efficiency of connected speech, 50 yr old male with conduction aphasia, 22872
intuitive theory of information & measurement error vs bias, preference for redundancy, college students, 16605
issues & considerations concerning protocol analyses, 33562
issues in communication assessment, children with psychiatric & communication disorders, 8001
J. L. Holland's Self-Directed Search & personal career theory in career assessment, 32345
J. L. Holland's work on career indecision & decision-making measures, 32343
job performance & cognitive ability & job experience & situational judgement & test scores & race effect size, retail employees, 32577
Job Stress Survey & other measures of job pressure & organizational support in workplace, employees, commentary reply, 22923
Korean translation of Eating Attitudes Test, intraethnic comparison of eating attitudes, native South Koreans vs Korean Americans (mean age 22 yrs), 47
L. Wittgenstein theory of measurement characterization as normative process in psychology, commentary, 3273
L. Wittgenstein theory of measurement characterization as normative process in psychology, 3274
L. Wittgenstein theory of measurement characterization as normative process in psychology, commentary, 3271
L. Wittgenstein theory of measurement characterization as normative process in psychology, commentary reply, 3275
live naturalistic vs structured videotaped interviews, assessment of depressive symptomatology improvement, 18–70 yr old depressed inpatients treated with antidepressants, 10 day & 4-wk followups, 71
local education authority criteria & educational psychology assessment, 6093
low vs high-frequency noise, cubic distortion product otoacoustic emissions vs inferior colliculus auditory EP measures of outer hair cell functioning & hearing loss, young vs aged chinchillas, 495
meaning & measurement of environments in J. L. Holland's theory & vocational psychology , 32340
measurement & use of statistical analysis in research, 36064
measurement bias & fluctuating asymmetry estimates in evaluation of environmental or genetic variation in population or individual quality, 9961
measurement of burden in home-based palliative care of terminally ill patients, family members & caregivers, research review, 5881
measurement of costs & benefits in the cost-effective analysis of psychopharmacologic treatment of schizophrenia, 14565
measurement of expressed emotion toward children using individual vs family interviews, parents of 11–17 yr olds with eating disorders, 21417
measurement of pattern of change in early-onset dementia, patients with Alzheimer's type vs alcohol-related vs multi-infarct vs mixed or other dementia etiology, 1 yr followup , 31342
measurement of planum temporale asymmetries & role in linguistic function, non-human primates, 3856
measurement structure & predictive power in instructional subjective lifetime personality variations, 26–64 yr olds, 7894
method for reducing scanner noise in auditory function MRIs, 19–46 yr olds, 13611
methodological & assessment approaches for measurement of response shift in longitudinal health-related quality of life research, 27347
methodological issues in measurement of quality of life, dying patients & their families, 18776
methodological problems & ethical considerations in assessment & reporting of maltreatment, children of battered mothers, 21247
methods of measurement & definitions used, reported prevalence of chronic benign pain, 18–75 yr olds, 1965
model for assessment of consumer choice & expectations & product interest & information sources, 32730
model of logical choice process & integrated research conceptualization in research theory & design & measurement & analysis for applied psychological research, 16436
models & measurements of depression in chronic pain patients, 37236
multicultural perspective on assessment & treatment strategies, adolescent sex offenders, 25568
multimethod approach to assess risk factors for lifetime history of high vs low violent behavior, 19–65 yr old male incarcerated psychiatric inpatients, 35869
neurobiological basis & assessment & consequences of impaired insight & related deficits, patients with schizophrenia, implications for treatment decisions, 17911
neurologic & neurophysiologic & neuropsychological & biochemical diagnostic tests to assess effects of exposure to chemical neurotoxins, neurologists, implications for deposition or testimony, 22306
number of case vignettes needed to produce reliable assessments of disease-class-specific diagnostic ability, postgraduate medical residents, 2764
offender assessment & rehabilitation in corrections research, Canada, 25559
outcomes model for enhancing mental health treatment & involvement in quality of care measurement & improvement, adult community residential service staff members, 31950
outcomes study for assessing caseload attributes & treatment patterns & clinical outcomes in psychiatric outpatient clinics, adult patients, implications for quality improvement, 31937
overcoming obstacles to routine outcome measurement to move toward evidence-based mental health care, 2138
overcoming obstacles to routine outcome measurement to move toward evidence-based mental health care, commentary, 15105

Measurement—Serials

overlap in categorization of chronic stressors & daily hassles, hospital employees, implications for stressor measurement, 31761
paper-and-pencil vs computerized forms of Comprehensive Basic Sciences Examination, US medical students or international medical graduates, 82
parental reports vs actigraphy assessments of sleep patterns, 3–12 yr olds with autism , 24586
patient characteristics & provider utilization patterns & results of rehabilitation care, measurement of stroke outcomes & quality of life, 12498
perceived health status via Short Form 36 Health Survey & Nottingham Health Profile, 16–65 yr old severely physically disabled adults, 28032
performance measurement in human service agencies, 2607
population-based guidelines for measurement of amount of service delivery by managed care organizations to 55 diagnostic groups, validation with ADHD & major depression & schizophrenia populations, 3286
precision & external validity & sensitivity to developmental & gender & diurnal differences of radioimmunoassay method for assessing dehydroepiandrosterone in saliva, 8–11 vs 12–17 vs 30–45 yr olds, 22942
predictive validity of HCR-20, assessment of recidivism risk, discharged forensic psychiatric patients, 11677
prevalence & assessment & treatment of pathological gambling, 32020
prevalence & measurement & theories & reactions to & consequences & gendered nature of sexual harassment in organizations, 37520
procedure for incorporating index of offense seriousness in measures of juvenile delinquency, adolescents , 35960
professional & market-driven & public-sector approaches to accountability in health care quality measurement & reporting, 5828
psychiatric epidemiology & methodological approaches to assessment & study of possible associations between mental disorders & violent behavior, 8048
psychological issues & limitations in questionnaire-based research, 3397
psychometric properties of 3 paper-and-pencil tests for speed of information processing & correlations with intelligence, 17–58 yr olds, 6594
psychometric properties of Anti-fat Attitudes Scale, measurement of negative attitudes toward overweight individuals, adolescents & college students, 29335
psychometric properties of body posture items of the Comprehensive Body Examination, 75
psychometric properties of instruments used to assess readiness to change substance abuse, 35926
psychometric properties of Korean version of Eating Disorder Inventory-2 & Bulimia Test-Revised, Korean & Korean American women, 19603
psychometric properties of Range of Impaired Functioning Tool, patients with depression, 32645
psychometrics of Caregiver Reaction Assessment Scale, partners of colorectal cancer patients, 19626
psychophysiological assessment of prejudice, 27346
psychosocial adjustment to seizure disorders & clinical usefulness of the Washington Psychosocial Seizure Inventory, 8622
qualitative career assessment strategies in career counseling, 3046
quality of life & its assessment & clinical & biological & pharmacological aspects of depressive disorders & treatment planning, elderly patients, 8095
quantitative assessment of degree of right-handedness & ear dominance & ocular dominance & line bisection performance & lateral eye movement preference, 18–49 yr old right-handers, 35863
racial & ethnicity & sex bias on curriculum-based measure of reading, African-American vs Caucasian students grades 2–5, 32719
randomized vs standard answer form for Speech-Sounds Perception Test, adults, 3505
rating of stressors, 20–61+ yr old missionaries, 8 yr study, implications for missionary care, 27359
rationale & critical dimensions & techniques for using peer micronorms & technical adequacy considerations, early childhood special education classrooms, 29015
rehabilitation treatment stages & assessment of physical deconditioning & psychological & economic & social barriers to recovery, patients with chronic low back pain, 15609
relation between gray matter volume & clinical & neurocognitive measures, males vs females with 1st episode vs previously treatment schizophrenia, 37365
relationship between standard pencil & paper measures of mental imagery & visual analogue measures & reliability & validity of measurements of mental imagery, 17–59 yr old college students, 16304
relevance of object relations theory & assessment dimensions & methods & findings from Quality of Object Relations Scale in short-term dynamic psychotherapy, 28380
reliability & multidimensionality of Obligatory Exercise Questionnaire & its subscales, assessment of compulsive exercise & prediction of eating disorders & attitudes, adolescents, 32614
reliability & stability of home vs work self-measured vs clinic measured true BP pre- & poststress management intervention, 26–69 yr old males with hypertension, 2 mo study, 18329
reliability & utility of Revised Memory & Behavior Problems Checklist, caregiver evaluation of & reaction to observable behavioral & memory problems, 47–90 yr olds with Alzheimer's disease & their caregivers, 31225
reliability & validity & psychometric properties of Achievement Motive Grid, measurement of achievement motive, 3rd–8th graders, implications for instructional settings, 19654
reliability & validity of assessment of personality disorders, comparison of structured interviews among themselves vs with checklists or self-rating questionnaires, 6605
reliability & validity of Chinese Short Form Health Survey, Mandarin speaking adults (aged 64–87 yrs), 22010
reliability & validity of DETERMINE Checklist, measurement of nutritional status for future functional disability & depressive symptoms & mortality, high-risk 70+ yr olds, 29358
reliability & validity of the Short Orientation-Memory-Concentration Test, 17–63 yr old rehabilitation patients with various neurological diseases, 21615
reliability of Maternal Cognition about Infant Sleep Questionnaire, assessment of sleeping problems, mothers of 13–16 mo olds, 1 mo study, 13103
reliability of Medical Outcome Study Short Form–36 & Disability & Impact Profile, assessment of health related quality of life, patients with multiple sclerosis, 3355
reliability of pretreatment assessments of cigarettes smoked per day, 18–65 yr old outpatients undergoing nicotine patch treatment, 1771
research agenda for measurement tools for examination of quality of care & life, dying patients & their loved ones, 18995
risk for bulimia & measurement of progress in reduction of binge eating, 21–45 yr old overweight women who weight cycled, 27981
role of response stability in measurement of coping, test–retest reliability/inconsistency & measurement artifact, over 70 yr olds & chronically ill patients, 16353
role of social workers in assessment & treatment & research of sexual dysfunction, 2130
screening & assessment instruments for alcohol & drugs, 37569
SCRIPTKELL computer-assisted tool for measurement of cognitive effort & time processing in writing & other complex cognitive activities, 13302
self-report measures in assessing prevalence of sleep terrors, 33–60 yr olds in Finland, 13101
self-reported cognitive deficits & objectively measured cognitive performance, patients entering substance abuse treatment, 25527
sensitivity of CAMCOG naming subscale & Boston Naming & other tests, measurement of anomia in detection of Alzheimer's disease, 54–89 yr olds with probable Alzheimer's disease, 31201
sensitivity of Paddington Complexity Scale vs Health of the Nation Outcome Scales for Children and Adolescents, measurement of clinical intake to mental health services, 3–18 yr olds, 25421
sensitivity of Scanning Visual Vigilance Test to effects of stimulants & sedatives & cold stress & sleep loss, 3284
similarities & differences in person-fit assessment under item response theory & covariance structure analysis measurement models, adults, 9975
social change, ability of Thematic Apperception Test-Deprivation/Enhancement measure & Bem Sex Role Inventory to differentiate gender identity, male vs female 17–20 yr olds, 29330
socioeconomic indicators, opioid use prevalence, residents of Barcelona, Spain, 34256
spatial mental model of measurement, assessment of acquisition & utilization of working memory, 18–31 vs 60–79 yr olds, 32958
spatial scale & depth cues, multiscale measurement of perceptions of 3 dimensional orientation, Os, 16474
status of assessment & treatment programs for sexual offenders in North America, 14803
strengths & weaknesses of methods of assessing creativity, children, implications for gifted education, 919
structural validity of French translation of Parental Bonding Instrument, measurement of perceived levels of parental care & protection, parents of 7–8 & 12–13 yr olds, 16302
structure of family dimensions & generalizability of dimensional structure to parallel assessment of marital & parent–child relations & correspondence across respondents, families with 10–18 yr olds, 29318
subjective & objective sequelae & immediate & long-term consequences, persons with mild head injury, 18243
teacher vs peer vs self-rating of academic & psychosocial competence, male vs female primary & secondary teachers & male vs female elementary vs secondary students, Greece , 19329
Temperament & Character Inventory, assessment of depression, psychiatric inpatients, 9840
temporal stability of Learning Efficiency Test–II over 44 day interval, 18–37 yr olds, 3563
test reliability of Likert type single item test, assessment of self-rating of death anxiety, 19–25 yr olds, 6578
test retest reliability & internal consistency of Migraine Disability Assessment, 18–55 yr olds, 35965
test–retest reliability of the Psychopathology Checklist-Revised, male & female methadone maintenance patients, 2-yr follow up, 35959
theoretical & research & clinical issues in the assessment of adolescent drug & alcohol use, 27869
theoretical framework for assessment of classroom environment, motivation & self efficacy & academic achievement & mental efforts, 3rd graders, 36035
theoretical ideas & measurement strategies in identification with groups & attachment in close relationships, college students, 27302
traditional ranking vs likert type rating in measurement of health & lifestyle values, 18–29 yr olds, 37141
training required for stable response strategy prior to visual field assessment & acceptable duration & reliability of automated static perimetry, 5–8 yr olds, 4450
types of confounding of success & failure in restraint scores, dieters, 16328
urine vs serum based measurement of cortisol levels, community dwelling 43–93 yr olds, implications for assessment of stress, 20239
use & interpretation of feeding behavior measures & feeding behavior as indicator of social constraints, animals, 10251
use of binomial theorem to interpret degree to which score differs significantly from chance for neuropsychiatric measures with dichotomously scored items such as Geriatric Depression Scale, patients, 29412
use of certification reports in development of Clubhouse Fidelity Instrument to measure mental health program fidelity to clubhouse model of psychosocial rehabilitation, staff & consumers, 16306
use of introspective reports for determination of attitudes toward life satisfaction & subjective well-being, college students, 16432
use of Model of Human Occupation in occupational therapy assessment & intervention, Sweden, 22282
use of Mokken Scaling model to test consistency of psychometrics of Health Related Quality of Life scales across 7 populations, 16–92 yr olds with cancer, 36027
use of outcomes assessment in clinical decision making & to identify treatment responsiveness & changes in improvement rates, child & adolescent inpatients in mental health facility, 32007
use of utility-based measures of health-related quality of life to evaluate efficacy of psychosocial treatment & antipsychotic medications, patients with schizophrenia , 26153
usefulness of anger measures for prediction of violent & nonviolent recidivism, 17–64 yr old incarcerated male offenders, 35945
utility & validity & accuracy of self report & objective measures of fatigue, outpatients with brain injury , 3283
utility & validity of Judgment of Line Orientation Test & Facial Recognition Test, measurements for detection of unilateral cerebral hemisphere lesions, children with left vs right cerebral lesions, 19642
validation & normative criteria of Spanish language version of the Short Cognitive Performance Test, evaluation of attention & memory deficits, 55–85 yr olds with vs without dementia, 31296
validity & reliability of Courage to Heal Workbook Checklist, identification of Ss reporting sexual abuse, college students, 8248
validity & reliability of Interpersonal Support Evaluation List & Social Network Interview, assessment of social support, homeless & poor adults, 9811
validity & reliability of multiple-station examination vs practice video assessment, assessment of competence & performance in daily practice, family physicians, 15820
validity & reliability of Personalised Emotional Index, prototype of designer test using words from S's own vocabulary, caregivers of schizophrenic patients, 32643
validity & reliability of VDI questionnaire, assessment of health related quality of life, 51–88 yr olds with vertigo & dizziness & imbalance symptoms, 36023
validity of California Q-set Alexithymia Prototype, measure of alexithymia construct, college students, 6615
validity of Children's Depression Inventory vs Pleasure Scale for Children, assessment of depression & anhedonia & susceptibility of instrument to defensiveness, 7–16 yr olds with cancer, 28102

validity of CIE-1931 Standard Observer, assessment of color-matching functions, adults, 32838
validity of Fagerstrom Test for Nicotine Dependence & Heaviness of Smoking Index, smokers, 18040
validity of full vs short form of CAMDEX interview, diagnosis of dementia, patients, 1 yr followup, 2065
validity of hospital mortality rates as measure of quality of care, 9212
validity of hospital mortality rates as measure of quality of care, erratum, 15601
validity of impedance pneumography to measure respiration, 24–41 yr olds, 20231
validity of Problems in Schools questionnaire, assessment of motivation & characteristics & behavior & autonomy support, teachers, 32232
validity of University of Michigan Global Rating Scale & SFDP26 Clinical Teaching Effectiveness Instrument for measuring clinical teacher effectiveness, third-year medical students, 113
verbal report techniques in assessment of knowledge & mental activity, process operators, 32752
Wisconsin Card Sorting Task & Tower of Hanoi as measures of planning & problem-solving capacity, patients with schizophrenia, 17901
working memory subsystems as measured by double span task, college students, 19855
World Health Organization Quality of Life questionnaire, differences in quality of life, patients (mean age 73 yrs) with moderate senile dementia vs patients (mean age 53 yrs) with cancer, 36029
World Health Organization Quality of Life-100, measure of physical health & psychological aspects & social relationships & environment as determinants of quality of life, 15 different cultures, 32703
Measurement [See Also Achievement Measures, Aptitude Measures, Attitude Measurement, Attitude Measures, Body Sway Testing, Comprehension Tests, Criterion Referenced Tests, Digit Span Testing, Employment Tests, Group Testing, Individual Testing, Intelligence Measures, Inventories, Multidimensional Scaling, Needs Assessment, Occupational Interest Measures, Pain Measurement, Perceptual Measures, Performance Tests, Personality Measures, Preference Measures, Professional Examinations, Profiles (Measurement), Projective Testing Technique, Psychiatric Evaluation, Psychological Assessment, Psychometrics, Questionnaires, Rating Scales, Reading Measures, Retention Measures, Screening, Screening Tests, Selection Tests, Sensorimotor Measures, Speech and Hearing Measures, Standardized Tests, Statistical Measurement, Subtests, Surveys, Symptom Checklists, Testing, Verbal Tests]—Books
Addictions: A comprehensive guidebook, 34382
Clinical hypnosis and self-regulation: Cognitive-behavioral perspectives, 8976
Defiant teens: A clinician's manual for assessment and family intervention, 15219
Doing quantitative research in the social sciences: An integrated approach to research design, measurement and statistics, 22963
Enabling environments: Measuring the impact of environment on disability and rehabilitation, 35751
Exacting beauty: Theory, assessment, and treatment of body image disturbance, 11244
Facing learning disabilities in the adult years: Understanding dyslexia, ADHD, assessment, intervention, and research, 34472
Focused genograms: Intergenerational assessment of individuals, couples, and families, 21800
Handbook of clinical geropsychology, 4858
Handbook of interpersonal commitment and relationship stability, 37082

Mecamylamine—Serials

chronic administration or mecamylamine-blocked administration of different dosages of nicotine, REM sleep, male rats, 33477
mecamylamine &/vs scopolamine, response accuracy & RT on continuous performance attention task & event related potentials, 20–40 yr old males, 30017
mecamylamine in ventral tegmentum, nicotine withdrawal & dopamine output in nucleus accumbens, male rats chronically treated with nicotine, 33213
mecamylamine vs trimethaphan, nicotine discrimination, 19–31 yr old smokers, 14222
mecamylamine, cue-induced cocaine craving, cocaine-dependent patients , 10646
mecamylamine, nicotine tolerance development, male rats, 10618
nicotine exposure alone or with mecamylamine, acquisition of ethanol consumption, male rats, 17105
nicotine vs mecamylamine, regulation of alcohol drinking, Wistar rats, 10563
nitric oxide synthase inhibitor nitro-l-arginine, prevention of mecamylamine-precipitated & spontaneous nicotine abstinence syndrome, male rats, 7224

Mechanoreceptors—Serials

combined chemosensory & mechanosensory stimuli effects on mating responses, giant rotifer males, 26507
conditioning-induced changes in cellular responses in mechanosensory conditioned stimulus pathway & motoneuron plasticity, Lymnaea stagnalis, 10457
mechanisms underlying responses to nose touch & osmosensory & volatile repellants in ASH sensory neurons, Caenorhabditis elegans, 16916
mechanosensory information in movement control & role in speech-orofacial motor performance, 7285
morhine, thermal nociception & mechanoreception & hind limb flexion, male chronic spinal rats, 26729
neural network analysis of potential & actual proprioceptive load of cutaneous mechanoreceptors during facial movements in speech, 7287
offshore to inshore habitat change, visual morphological & mechanosensory development, Atlantic croaker vs Red drum vs spotted seatrout , 6950
unmyelinated afferent stimulation to skin, mechanoreceptive units & low vs high thresholds to & size of response to skin deformation & differential response to stimuli, 21–31 yr olds, 29868

Media (Communications) [See Communications Media]

Medial Forebrain Bundle—Serials

lesioned medial preoptic area & bed nucleus of stria terminalis in medial basal forebrain, electrical self-stimulation of lateral hypothalamus & ventral tegmental area, male rats, 13514
lesions to midbrain central grey & dorsal raphe, medial forebrain bundle self-stimulation, male rats, 531
partial sabcomeline vs full RS86 muscarinic receptor agonist, deficits in radial maze performance induced by brain lesions of basal forebrain & medial septic area, male rats, 10592

Median Nerve [See Spinal Nerves]

Mediated Responses—Serials

lesions of spinal trigeminal subnucleus vs rostral subnucleus caudalis, behavioral responses to formalin injection into lip vs electrical stimulation of tooth pulp, male rats, 3880
transactional aspects of human memory in mediating interpersonal relations, implications for legal testimony, 39060

Mediated Responses—Books

Startle modification: Implications for neuroscience, cognitive science, and clinical science, 23436

Mediation—Serials

analysis of private mediation benefits for families in public child welfare agencies, 6492
approaches to conflict resolution, 15–61 yr old Cambodians, US, implications for mediation process & mediator practice, 6500
characteristics of victim–offender mediation programs, staff, 22194
communication & attribution in mediation, 32555
communication & context of conflict in mediation, 32549
culturally competent family mediation practice, Latino families, 32553
demographic characteristics & incentives, 26–61+ yr old mediators practicing in public vs private vs government agency settings, 22612
development of family mediation standards, Australia, 32548
efficacy of mediation & parental cooperation, couples (aged 24–50 yrs), 32556
emergent-focus model of mediation as transformative process & stage model inconsistencies, 22801
essential aspect of mediation in child protection cases, child protection workers & mediators & parents & other family members, 6488
experiences & perceptions during training for a peer mediation program, elementary school students, 38798
family characteristics prior to divorce & mediation, child & parent perceptions of distress & psychological well-being & adjustment, 4–16 yr olds & their parents, 1 mo follow-up, 19541
fostering community involvement through mediation in child protection cases, 29282
gender-related patterns of interactional dominance in divorce mediations, 6490
guidelines for child custody evaluations for legal & mental health professionals, 19540
impact of mediation on outcome of transition from school to employment, 18–24 yr olds with mild mental retardation , 29019
mediation in divorce & custody proceedings & parental alienation syndrome, partners involved in custody fights as result of divorce or separation , 9760
mediation procedures to resolve special education disputes & improvement of family–school relationships, 22556
mediation process in context of gender differences in affiliation within kinship & family & community networks, 6491
mediator neutrality in divorce mediation, 34 yr old male & 30 yr old female divorcing spouses, 32550
mediator role & approach & nature of interventions in family mediations, mediators, application of simulated client data in case of unresolved marital attachment, 6494
ombudsperson vs peer third-party expertise & integrative vs compromise vs unintegrative recommendations, organizational disputants' offers & perceptions of mediator, college students, 38945
parental alienation syndrome in custody litigation & role of mediators, 39096
participation in peer mediation program, self esteem & empathy & perspectives taking & cognitive abilities & mediation performance, 3rd & 5th & 7th & 8th graders, 6495
perceptions & sensitivity & recognition of domestic violence via responses to performance art portrayal of victim experience & Q methodology, mediation trainees, 22447
predictors of & factors related to client participation in victim–offender mediation programs, 22203
recognition of & responses to domestic violence & effects on court mediation process in custody/visitation & divorce cases & implications for mediators & mandatory mediation, 32554
review of culturally specific literature on mediation with African Americans, 32552
role of mediation in family law system reform, 39095
standards of practice for mediators, 6493
typology for divorce mediation, divorcing couples, 33779

Mediation—Chapters

Learning conflict management through peer mediation, 28954
Psychological interventions for separated and divorced families, 12004

Mediation (Cognitive) [See Cognitive Mediation]

Medicaid—Serials

access to health care, Medicaid managed care patients, 35189
age, setting-specific prevalence variations in psychotropic treatment with desipramine vs imipramine vs methylphenidate, 5–14 yr old male vs female Medicaid vs HMO enrollees, 8965
availability of & satisfaction with health services, 15–99 yr old Medicaid recipients including single mothers in HMO vs fee-for-service settings, 2579
economic costs & service utilization, 60+ yr old Medi-Cal recipients with Alzheimer's disease or related dementias, 38494
factors affecting assessment of clinical care quality in statewide Medicaid managed mental health care program, 31897
financial impact of capitated contracts with Utah Medicaid on community mental health centers, 18981
government policy of mental health capitation, 6–17 yr olds under Medicaid Program, 12429
Health Care Options Plus Medicaid program for people with disabilities & its impact on future of professional psychology & health care delivery, 35241
patterns of antipsychotic drug therapy, Medicaid patients with schizophrenia, 38281
perceptions of Medicaid estate planning for nursing home care, Medicaid eligibility workers, 22231
rate of treatment with psychotropic or nonpsychotropic agents, 5–14 yr old African Americans vs Caucasians with Medicaid insurance, comment & comment reply, 8951
TennCare managed care program, satisfaction with care & health-seeking behavior, Tennessee residents previously on Medicaid or uninsured, 28700

Medical Care Costs [See Health Care Costs]

Medical Diagnosis [See Also Dexamethasone Suppression Test, Electro Oculography, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response, HIV Testing, Ophthalmologic Examination, Prenatal Diagnosis, Roentgenography, Tomography, Urinalysis]—Serials

1-wk intensive course on dementia and Alzheimer's disease in 3rd yr of medical school, knowledge & confidence in assessment & diagnosis, physicians, 35392
accuracy of clinical diagnoses of Lewy body disease vs Parkinson's disease vs dementia with Lewy bodies, patients (mean age 52.5–80.6 yrs), 5369
anticipated vs actual reaction to HIV test results, anonymous HIV test takers, 31134
application of conventional EEG & quantitative EEG studies to psychiatric diagnosis & treatment, patients with dementia or schizophrenia or mood or substance abuse or other psychiatric disorders, 20988
assessment factors in screening for medical & neurodevelopmental disorders, professional counselors, 29406
attitudes toward diagnostic approach & management of patients with common shoulder disorder, general practitioners vs physiotherapists, 28600
central nervous system infection Lyme disease, 42 yr old female presenting with schizophrenialike disorder, 15013
cerebrospinal fluid levels of beta-amyloid(1-42) with vs without cerebrospinal fluid tau to distinguish Alzheimer's disease, patients with Alzheimer's disease , 21562

cholinergic antagonist tropicamide & diagnostic usefulness of videopupillography, pupillary dilation, patients (mean age 68 yrs) with Alzheimer's disease, comment & reply, 11944
clinical & pathologic diagnosis of dementia with Lewy bodies, 75 yr old male with 3-yr history of progressive forgetfulness & difficulty selecting the right words , 11916
clinical skills educational intervention, errors in diagnostic reasoning, 3rd year medical students, 2751
coping strategies with medical procedures on injuries, 8 yr olds, 11805
CSF levels of amyloid protein & tau as markers for Alzheimer's disease diagnosis & relation to apolipoprotein E genotype, patients with probable Alzheimer's with or without dementia, 5341
determinants of delayed diagnosis of HIV infection, France, 1993–95, 5261
diagnosis & misdiagnosis & interdisciplinary treatment approaches, 12 yr old girl with cyclic vomiting syndrome & 11 yr old girl with conversion neurosis in psychiatric inpatient unit, 22014
diagnosis of cervical human papillomavirus infection, psychosexual behavior, infected vs uninfected women, 11808
diagnostic sensitivity & specificity of oculomotor deficits, patients with Friedreich ataxia vs cerebellar atrophy vs olivopontocerebellar atrophy, 5416
diagnostic tool for differentiation between stress & infection/inflammation related leukocytosis, 12–93 yr old emergency room patients, 31875
differential findings of CT & MRI, 56 yr old man with head trauma & loss of consciousness, 5237
discrepancies in standardized patient's checklist recording after case & examination decisions, 4th-yr medical students, 2747
effectiveness of partner notification for locating & referring & medically evaluating partners to newly detect & treat HIV & other sexually transmitted diseases, US, 37764
electrocardiograms with vs without clinical scenario, accuracy of electrocardiogram interpretation, medical students & family medicine residents, 19153
experiences with quality of care before & after diagnosis of child with fragile-X syndrome, parents, 12387
expertise level & processing time, case recall & diagnostic accuracy, internists vs 2nd vs 4th vs 6th yr medical students, 3600
health care costs & utilization before vs after definitive diagnosis & treatment, 19–55 yr olds diagnosed with nonepileptic psychogenic seizures, 1943
history & diagnostic use of MRI & SPECT imaging to detect frontal & temporal right & left atrophy & hypoperfusion, patients with frontotemporal dementia, 31288
importance of neuropsychological assessment & review of family history for proper diagnosis, 56-yr-old male with Huntington's disease, 31052
incidence & clinical diagnosis & serology & ethics in general paralysis of the insane & AIDS in old age psychiatry, 8500
interpersonal & communication skills, competence in standardized-patient assessment, 15719
interrater reliability & construct validity of clinical psychodiagnostic typologies for Alzheimers disease & progressive supranuclear palsy & frontotemporal dementia & dementia with Lewy bodies, 37873
interrater reliability of structured checklists by expert vs nonexpert observers, assessment of procedural skills competence, medical trainees & practitioners, 15714
knowledge of & diagnostic & treatment & supportive behaviors related to Alzheimer's disease, primary care physicians, 9009
levels of disagreement over symptoms & disorder severity & specific diagnoses & misdiagnoses, structured interview in medical diagnosis vs psychodiagnosis of major depression, primary care physicians, 21114
limitations of Composite International Diagnostic Interview for somatoform symptoms, Latino primary care patients, 32706
medical diagnosis & prognosis & prevalence & incidence & psychosomatic factors & symptoms & outcomes of angina & suspected ischemia, 45–74 yr olds from 1 primary provider, 3 yr retrospective study, 18330
medical procedures for detection of etiology & characteristics, children with infantile autism vs autistic-like behavior, 18122
objects of & intensity of fear regarding coronary arteriography, patients before vs after procedure (mean age 60.5 yrs), 31791
perceptions of diagnosis & treatment & management & psychosocial characteristics of women with chronic pelvic pain, general practitioners, 28883
prevalence of psychiatric disorders & full disclosure by physician of diagnosis, Japanese cancer patients, 28816
problem representation of & comparing & contrasting diagnoses of case presentation, medical students & expert rheumatologists, 2744
psychiatric symptoms & diagnostic issues, 40 yr old male with Creutzfeldt-Jakob disease, 21583
recognition & accuracy of differential medical diagnosis by primary physician, prognosis & outcomes at followup, depressed patients (mean age 40.5 yrs), 21108
research criteria & methodology for identification of recurrent abdominal pain & stomachaches & psychological & physical & environmental factors & stress & coping skills, children's health, 37737
role of illness scripts in development of medical diagnostic expertise, 4th vs 6th yr medical students vs 2nd yr interns vs family physicians, 15778
sequentially administered large-scale standardization patient examination, decision consistency, medical graduates , 2746
spectrum of diseases in vascular cognitive impairment, 37904
symptoms & etiology & diagnosis & surgical treatment of dementia resulting from normal pressure hydrocephalus & use of phase-contrast CSF MRI for patient screening, 31249
test-ordering patterns in clinic/emergency departments, children with acute abdominal pain, pediatricians, 31805
utility of dementia scales, 69–83 yr olds with global aphasia without hemiparesis, 21590
variation in student approaches to diagnosis & use of this information by teachers to foster educational practice in medical school, medical students & teachers, 22332
visual assessment of EEG using grand total EEG score, clinical diagnostic accuracy, patients over age 65 with probable mild AD, 31200

Medical Diagnosis [See Also Dexamethasone Suppression Test, Electro Oculography, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response, HIV Testing, Ophthalmologic Examination, Prenatal Diagnosis, Roentgenography, Tomography, Urinalysis]—Chapters

Assessing and treating open head trauma, coma, and stroke using real-time digital EEG neurofeedback, 28220
Epidemiology and recognition of neuropsychiatric disorders in mental health settings, 24121
Medical applications of neurobiofeedback, 26691
Medical treatment in autism, 15361
Neurofeedback assessment and treatment for attention deficit/hyperactivity disorders, 28548
Signs of aphasia, 5427
Why psychoanalysis is not a health care profession, 15116

Medical Education [See Also Medical Internship, Medical Residency, Psychiatric Training]—Serials

1-wk intensive course on dementia and Alzheimer's disease in 3rd yr of medical school, knowledge & confidence in assessment & diagnosis, physicians, 35392
academic distress & somatic & emotional stress symptoms & coping & achievement strategies during 2.5 yr preclinical training, medical students, 2.5 yr study, 28858
achievement motivation & medical education, 15742
affective & learning & cognitive styles in medical education, 19149
amount & format & content of psychiatry teaching programs in medical schools, Australia & New Zealand, 15749
amount & format & content of psychiatry teaching programs in medical schools, Australia & New Zealand, commentary, 15723
amount & format & content of psychiatry teaching programs in medical schools, Australia & New Zealand, commentary, 15720
applicability of Objective Structured Teaching Evaluation in assessment of community-based ambulatory preceptors' teaching performances in medical education, 121
assessment of geriatric psychiatry curriculum in medical schools, medical school personnel, Canada , 35492
assessment of heart rate & anxiety & coping strategies as adaptation to examination stress, 1st vs 2nd yr medical students, 2743
assessment of importance of geriatric teaching objectives & self-perceived abilities & experience in geriatric care, medical students, 35396
attitudes & experiences developed during residency training, AIDS-related treatment practices, physicians, 3 yr follow up, 25678
attitudes toward clinical practice guidelines, faculty & housestaff & medical students, 38710
attitudes toward end of life decision making, medical students, implications for ethics curricula, 22331
attitudes toward psychiatry as prospective career, freshmen medical students, 35389
attitudes toward recertification program, general practitioners, 22368
challenges & structure & style & opportunities for psychoanalysts to teach medical students, 22328
changing role of psychology in collaboration with other disciplines in health care & academic medical centers & medical schools, 15391
characteristics of clinical role models in medical education, physicians, 9370
characteristics of clinical role models in medical education, physicians, commentary , 22367
characteristics of clinical role models in medical education, physicians, commentary, 22349
characteristics of clinical role models in medical education, physicians, commentary reply, 22370
clinical skills educational intervention, errors in diagnostic reasoning, 3rd year medical students, 2751
cognitive factors & attrition rates, prediction of medical school performance, medical school applicants, 2769
community-based & student-run health fairs as teaching methodology, 1st & 2nd yr medical students, 15726
computer mediated communication, enhancement of curriculum, 1st yr medical students, 38694
content of medical students' & residents' dreams & issue of their empathy & emotional involvement with patients & role of psychoanalysis & psychodynamics in medical school training, 22334
continuing medical education vs clinic workshop STD & HIV education interventions for primary care providers, 2762
controlled vs autonomous motivations & beliefs in self-determination theory outcomes in medical education, 38701
curriculum in training & preparation for American Board of Psychiatry & Neurology Examination, psychiatric residents, 12602
curriculum to learn skills in caring for culturally diverse populations, primary care medical residents, 2775
development of a job satisfaction measure, medical residency program directors, 13114
development of behavioral health care network based on managed care principles in academic health centers, 5850
development of computer-based learning simulation based on problem-based learning model, medical students in pathophysiology course, 15752
development of scale in measuring professional attitudes & behaviors in medical education & residency setting, medical students & residents, 114
difficulties in problem-based learning tag & characterization & implications of problem-based curriculum & relationship to problem solving & epistemological reform & ground rule formulation, 15743
discrepancies in standardized patient's checklist recording after case & examination decisions, 4th-yr medical students, 2747
domestic violence interclerkship, domestic violence knowledge & attitudes & skills, 3rd-yr medical students, 28844
educational use of cinema footage vs didactic presentation of concepts of sexual addiction & compulsivity, hospital staff, 25604
effectiveness of cultural awareness & sensitivity training, medical students, 2766
emotional & physical effects of acting out emotionally stressful psychiatric roles in context of medical education, standardized patients, 28855
ethical issues & systems approach to error management in academic medical centers, 15716
etiology of content specificity in transfer & generalizability of problem solving in medical education, 2750
evaluation of media campaign for education on cardiopulmonary resuscitation for cardiac arrest, 18–74 yr olds, 17170
evaluation of problem based technique, 1st yr multilingual medical students, 38672
evaluations & impression from recommendation letters, medical school admission committee members, 2754
examination of maternal & child health rotation's learning environment from perspective of cognitive psychology & identification of cognitive demands placed on residents, 1st yr residents, 15747
expert raters vs automated scoring systems, generalizability of scores on computer-delivered performance assessment of physicians' patient management skills, 26077
explicit teaching about biases in cognitive reasoning & introduction of Bayes' theorem, clinical reasoning & diagnostic skills, 4th yr medical students, 28863
facilitating students' self-awareness & personal growth & well-being as goals of medical education, 25616
factors affecting raters' judgments of educational quality & relation to changes in health care environment & system by which professional standards are upheld, 25592
factors associated with changing interests in primary care during medical school, general physicians, 38727
factors in ambulatory teaching environment & behaviors & characteristics of perceptors that promote learning in community practice, medical students, 2773
federal agency & government legislation & law & policy on public funding of graduate medical education & residency training, United States, 38700

fostering humanistic clinical competencies & attitudes through teaching palliative care, medical students & residents, 6013
framework for humanistic care in medicine, 28567
gender & level of training & surgical vs general practice specialization, patient centeredness, trainees vs final year medical students, 28874
geriatrics content of medical school curriculum & number of geriatrics-related test questions in examinations, 9319
goals & attributes & learning objectives for medical student education, 15745
history & evolution of medicine & medical & mental health care education & delivery & treatment of depression, 8724
history of & business principles & accountability & internal culture as challenges to medical universities & medical education, academic health center faculty, 6025
home visit program, teaching special needs of children with chronic disease or disability, 5th yr medical students, 38680
impact & effectiveness of formal continuing medical education for physician performance & health care outcomes, 38674
implementation & description & evaluation of Foundations in Medicine course emphasizing patient interaction & ethics & experiential learning & student leadership & community service, medical students, 28847
implementation of learner-centered learning goal exercise in office-based primary care clerkship, 3rd & 4th yr medical students, 22336
implementation of required 3rd-year family practice clerkship or department of family medicine, selection of family medicine, medical students, 3 yr study, 38708
influence of housestaff teaching during third-year internal medicine clerkship, performance on clerkship examinations, highest vs lowest rated medical students, 2753
integrative thinking in medical education & practice, 5998
knowledge & attitudes about AIDS & homophobia, medical students, implications for medical & patient education, 19181
knowledge & perceptions of need for further training about breast cancer screening, medical students at entry & exit from medical school, 6022
location & structure of ambulatory rotation, cognitive knowledge & performance, medical school students, 3 mo study, 25622
location & times in informal curriculum to teach professional values, medical students, 6 mo study, 2768
major curricular reform movements in medical education & increasing importance of knowledge-base structures & cognitive processes that distinguish experts & novices, medical students, 15751
medical education, moral reasoning & development, 1st–4th yr medical students, 2767
medical school & psychiatric residency decline in & benefits of teaching knowledge & skills to conduct psychodynamic psychotherapy, 22344
method for integrating psychoanalytic concepts into psychiatric education of medical students & internal medicine trainees, 22343
Minority Medical Education Program participation, probability of acceptance to medical school, minority college students & recent graduates, 6014
model for teaching psychoanalytically oriented psychotherapy & power of unconscious to medical students, 22326
motivational & cognitive & interactive processes, group success, medical school tutorial groups, 2748
need for continuing postgraduate education & training in addiction disorders, medical students in & out of psychiatry, 28837
need for neurology education at undergraduate level & during medical education, medical students, 15717
organizational climate & commitment & job stress & satisfaction & career attainment & autonomy, perception of teaching quality, family medicine residency program faculty & residents & nurses & staff, 6029
participation in Arrows workshop to explore critical strategies for teaching during outpatient care, choices of more learner-focused teaching strategies, medical school faculty members, 2772
patient-education tools, discussions with young adolescents about sex for STD/HIV prevention program, primary care physicians, 6 mo followup, 2742
perceptions of impact of training program, novice facilitators, 38693
physician education & training in working with patients with addictive disorders, 28845
potential relevance of advances in neurobiology of learning & memory to medical education, 25623
predictive validity for Medical College Admissions Test alone & with other preadmission data, medical students grouped by race/ethnicity & gender, 2755
prevalence of harassment due to sexual orientation during medical school education & graduate medical practice, 30–70 yr old lesbian & heterosexual female physicians, 37014
problem-based community-oriented curriculum vs traditional lecture-based curriculum, attitudes toward community medicine, first vs final year medical students, 35433
problem-based learning vs traditional curricula, learning processes, medical students, 2771
problem-based learning, affect tolerance, medical students, 15731
programs in multiculturalism & training programs for medical students for work in culturally diverse societies, 38690
psychoanalysis & psychodynamic psychiatry & American medical education & opportunities for analyst & psychodynamic psychiatrist involvement, 22338
qualities for psychoanalysts to possess to improve psychoanalysis–medical academia relationship, 22310
random vs constant feedback from expert observer, accuracy in completing checklist evaluating medical student's performance, standardized patients, 28867
reasoning processes & feasibility & effects of Metaplan for teaching problem solving, students & residents & experience physicians, 2763
relation between understanding & practice in problem-based medical education, 22335
relationship between stress-related personality variables & academic performance, 1st yr medical students, 2 yr study, 25782
research & activities & income & limits on membership privileges, psychologists on staff at medical schools, 15767
self-directed learning activities of physicians in light of recent research, doctors (age range 30–60+ yrs), implication for medical education, 38698
self-reported experiences of verbal abuse during medical school, confidence in clinical skills, graduating medical students, 6032
services for students with learning disabilities, medical schools, US & Canada, 1991 vs 1997, 9546
sex & training & specialty, intimate partner abuse screening & intervention practices, primary care physicians (mean age 46 yrs), 30839
sex, motivation for going to medical school, students (mean age 22.1 yrs) after 1 mo of classes, 25802
silent run-through teaching method, skill acquisition & problem solving ability, medical students, 15721
sociodemographic & cognitive & personality factors, prediction of intellectual satisfaction in medical school, medical students, 2758
standardized patient curriculum designed to teach discussion skills regarding advance directives, perception of difficulty & performance of advance directive discussion skills, 3rd yr medical students, 28840
structured materials for independent learning vs conventional teaching methods, 3rd-yr undergraduate medical students & tutors, 35393
student centered & self-directed problem-based learning curriculum, registration examination performance, students studying podiatric medicine, 28839
student reasons for studying medicine & perceived importance of academic vs other student characteristics as basis for medical school admission, students & faculty & counselors, 28853
student–physician gender differences, evaluation of physician supervisors after 4-wk clinical clerkship, 3rd yr medical students, 28848
substance misuse education in medical schools, academic deans & department heads, England & Wales & Scotland & Northern Ireland, 24517
support for & perception of awarding degrees with honors as motivation for learning, medical students, 35431
surface vs strategic vs deep learning styles, admission data, incoming medical students, 15707
survey of US Air Force flight surgeons on training for & uses of clinical preventive services using coronary heart disease as an indicator, 38366
survival of academic psychiatry in the new health care era & relationship between academic medicine & psychiatry, 25603
teaching professionalism, medical schools, 1998–1999 academic yr, 38815
teaching support in behavioral science course, academic performance & perceived course difficulty, 1st yr medical students from non-English speaking backgrounds, Australia, 28835
tobacco education & intervention skills, medical school curricula, associate deans , 38842
traditional medical education lecture on cardiovascular risk vs lecture with barriers to behavior change information, intention & actual clinical practice behavior changes, primary care physicians, 6026
training & perspectives on delivering bad news, medical students & residents, 2759
training courses utilizing standardized patients, improvement in mammography counseling & clinical breast exam skills, community physicians , 38673
training of medical residents to integrate family based psychosocial issues into biomedical practice, 9333
tutorials in musculoskeletal examination techniques for arthritis taught by patients vs rheumatologists, competence in examination skills, medical students, 38679
underappreciated aspects of problem-based learning, medical students & faculty, 15724
variation in student approaches to diagnosis & use of this information by teachers to foster educational practice in medical school, medical students & teachers, 22332
videotape feedback & lecture methods, intervention skills & alcohol-related knowledge & attitudes & interactional skills, final year medical students (mean ages 23 & 25 yrs old), 35410
views about careers in academic medicine, junior doctors in university vs National health Service posts, 22356
waiving fees, academic performance, medical students, 38695
what is valued most in ambulatory educational encounters, medical teachers vs learners, 15750
WISDOM project, training in informatics in collaborative virtual classroom, primary care professionals, 22330

Medical Education [See Also Medical Internship, Medical Residency, Psychiatric Training]—Chapters

Becoming a master physician, 6042
Computer assessment using visual stimuli: A test of dermatological skin disorders, 16385
The conflict between the science and the art of clinical practice in the next millenium, 28279
Development of the department of psychiatry at Meharry Medical College, 13024
The international medical graduate in American psychiatry, 25584

Medical History [See Patient History]

Medical Internship—Serials

domestic violence interclerkship, domestic violence knowledge & attitudes & skills, 3rd-yr medical students, 28844
evaluation of pediatrics residency curriculum program on well-child care, medical interns, 22324
experience with & perspectives on doctor–patient communication & patient-centered consultations, 3rd yr medical students in general practice vs hospital ward attachments, 38699
influence of housestaff teaching during third-year internal medicine clerkship, performance on clerkship examinations, highest vs lowest rated medical students, 2753
use of in-clerkship examinations for identification of insufficient knowledge & effect of counseling on final examination performance, medical students, 15729

Medical Model—Serials

Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary reply, 11785
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary reply, 11782
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary, 11775
history of medical model of insanity defense, 16281
mental disorders & diagnosis & DSM-IV & medical model vs developmental model & relation to counselor training, comment, 37226
mental disorders & diagnosis & DSM-IV & medical model vs developmental model relation to counselor training, comment reply, 37227
structural CT & MRI findings to evaluate evidence for pathophysiology neuroanatomic model in mood disorder patients, commentary reply, 1546
structural CT & MRI findings to evaluate evidence for pathophysiology neuroanatomic model in mood disorder patients, commentary, 1516

Medical Model—Chapters

A biopsychosocial approach to counselling in primary care, 35204
Chronic pain and consciousness: A constructivist perspective, 14932
The disease model, 35352
EEG biofeedback: An emerging model for its global efficacy, 27953

Medical Patients—Serials

attitudes toward & experiences with biomedical research & informed consent, medical outpatients, 6086
brief video cartoon or short story distraction techniques involving parents, distress during repeated medical procedures, 2.4–4.5 yr olds with cancer, 35100
characteristics of project for referral of medical clients to psychotherapists, general practitioners, 5836
clinical interventions to maintain adequate attachment patterns in young children, 1.5 & 3.8 & 6 yr old males with chronic medical illness, Canada, 15420

depression & general anxiety & panic symptomatology & suicidal ideation, emergency department vs psychiatric setting patients with panic disorder, 8173
depressive symptoms & health costs, Veterans Administration medical or surgical inpatients over 60 yrs old, 15469
design & development of the UK World Health Organization Quality of Life response scale, well Ss vs medical outpatients (mean age 46.3 yrs), implications for cross cultural use, 13105
development & assessment of FEAR generalized anxiety scale as rapid screening measure in primary care settings, 65–92 yr olds, 9893
distribution of & assessment of Dutch ''Poststroke Guide'', stroke patients & caregivers & stroke providers, 31773
drinking habits & prevalence of heavy drinking & need for brief alcohol intervention, 20–60 yr olds attending primary & occupational health care clinics & in general population, Finland, 37543
educational intervention. recognition of depressed patients & attitudes & knowledge, internal medicine residents, 37315
engagement in counseling, general practice patients with psychosomatic symptoms referred for psychological help, 5720
functional & psychological & physical quality of life, 33–63 yr olds with head & neck cancer, 3 mo study, 38361
functional status & medical care, general medical outpatients with vs without panic disorder, 12381
identification of excessive alcohol consumption through accurate history taking, hospital ward doctors & nurses, 1 yr follow-up, 11638
interpreter use & satisfaction with interpersonal aspects of care, Spanish-speaking emergency department patients, 2644
nutritional status at hospital admission & subsequent mortality & functional dependence & nursing home use, hospitalized medical patients (mean age 80.3 yrs), 22236
onset & predictors of common mental disorders, 16–65 yr old primary-care attenders without mental disorders at recruitment, Zimbabwe, 12-mo study, 11340
patient characteristics & clinical outcomes in integrated medical & psychiatric inpatient program, patients with comorbid medical & psychiatric illness, 28730
patient preferences for participation in medical decision making, US vs Hong Kong vs China vs Australia, 31778
prevalence & health related functional status, adult family practice patients at low vs high risk for borderline or dependent or schizoid or schizotypal personality disorders, 37429
prevalence of dysthymic disorder & other Axis I psychiatric disorders, patients in primary care, 31868
prevalence of somatic indicators of distress, patients with diabetes mellitus, 8485
psychiatric screening & assessment with vs without physicians' knowledge, cost benefit analysis & mental health & quality of life & subjective health status outcomes, medical patients, 6-mo followup, 2132
psychometrics of Symptom-Driven Diagnostic System Scale & Sheehan Disability psychiatric screening tests, assessment of depression & panic disorder, 18–70 yr old primary care patients, 37279
quantity & quality & relation & manner as maxims for cooperation in doctor–patient interviews in clinics, China, 31936
referral patterns to link dementia patients & their families with community support services, physicians, 9154
satisfaction with & expectations & desires in patient relationships with physicians, Hong Kong, 31806
sensitivity & specificity of CAGE vs TWEAK screening tests, identification of alcohol dependence, 18–50+ yr old ER vs primary care patients vs general population, 1763
sequencing & topic development & diagnostic information as asymmetry & phatic communication as mitigation strategy in medical interviews in outpatient clinic, doctors & 23–76 yr old patients, China, 31934
substance abuse consultation service in hospital setting, length of stay & total cost & reimbursement & readmission & appropriateness of care, patients with medical & substance abuse diagnoses, 22233
symptoms identifying need of screening for depression, primary care medical patients, 8091
tutorials in musculoskeletal examination techniques for arthritis taught by patients vs rheumatologists, competence in examination skills, medical students, 38679
types & sources of social support received, 13–20 yr olds seeking care at sexually transmitted diseases clinic, 37750
validity of SCID-III-R vs UM-CIDI for diagnosing major depression, male medical inpatients, 6604

Medical Patients—Chapters

Psychotherapeutic intervention with the medically ill, 25300

Medical Personnel [See Also Dentists, Military Medical Personnel, Nurses, Optometrists, Paramedical Personnel, Pharmacists, Physicians, Psychiatric Hospital Staff]—Serials

believing your injection of morphine may kill a patient, case of a 48 yr old woman with breast cancer pain, implications for nurses & other medical professionals, 6068
believing your injection of morphine may kill a patient, case of a 48 yr old woman with breast cancer pain, implications for nurses & other medical professionals, commentary, 6069
believing your injection of morphine may kill a patient, case of a 48 yr old woman with breast cancer pain, implications for nurses & other medical professionals, commentary, 6064
distribution of & assessment of Dutch ''Poststroke Guide'', stroke patients & caregivers & stroke providers, 31773
downsizing, organizational commitment & job satisfaction & supervisor support & workgroup trust, managers vs front-line employees of medical rehabilitation hospital, 3 yr study, 12876
individual & group & organizational characteristics & empowerment perceptions & work outcomes, technical & professional & managerial hospital employees, 12873
ketamine dependency, male anesthesia providers, 28901
medical readiness model & factors affecting developmental & psychological & sociocultural & spiritual elements of health & well being, Air Combat Command medical personnel, 25982
perceptions of obstetricians & midwives & student midwives & nurses & husbands during perinatal period, pregnant 20–35 yr olds, 20912
physical & emotional & mental symptoms of burn-out, emergency unit vs general surgical department staff, 19178
sex & ethnicity & grade level & health risk status, preferences for provider gender & sharing physician with parents & parental presence during examinations & confidentiality of care, 5th–12th graders, 35175
social support from family & health care workers & dietary management, 44.6–69.8 yr old hemodialysis patients, 38421
social support from family & health care workers & dietary management, 44.6–69.8 yr old hemodialysis patients, commentary, 38418
sociotherapeutic approach to patient–staff large group meetings, 12412
sociotherapeutic approach to patient–staff large group meetings, commentary, 12407

Medical Personnel [See Also Dentists, Military Medical Personnel, Nurses, Optometrists, Paramedical Personnel, Pharmacists, Physicians, Psychiatric Hospital Staff]—Chapters

Case five: Consent and an informal guardian, 31813
Case four: Saying ''no'' to treatment in terminal illness, 31814
Medical expertise and cognitive aging, 22030

Medical Psychology—Serials

expansion of role of psychology & opportunity from mental health care emphasis to general health care discipline, 32113
factors influencing testicular self-examination practices & knowledge of testicular cancer, 18–25 yr old male university students, 28094
history of Association of Medical School Psychologists, 29309
interest in medical/psychological intervention, patients presenting with unexplained chest pain, 1998
issues in medicine as a spiritual practice , 36927

Medical Records [See Also Client Records]—Serials

issues in & recent legislation regarding confidentiality of medical information in relation to electronic media, 15479
medical record audit & feedback program, compliance with preventive care practices, internal medicine residents, 6020
natural language processing in electronic medical records systems, 31877
reporting of child use of mental health vs orthopedic outpatient services vs reverse record check, parents & other caregivers, 12402
role of Portable Medication Record in providing medication history in treatment settings, patients, 18480
self-reported maltreatment vs witnessed home violence & clinician reports & medical records, psychiatrically hospitalized 11–18 yr olds, 37523
use of Joint Professional Record for child's health & development, children on Child Protection Register or with special needs, 28667

Medical Regimen Compliance [See Treatment Compliance]

Medical Residency—Serials

academic & personal criteria used & actual & projected changes in process used to select residents, hospital program directors, 15764
accuracy of violence risk prediction among psychiatric inpatients, medical residents assigned emergency rooms in psychiatric hospitals, 15600
assessment of psychiatric residency programs & options for funding of training stipends & distributing psychiatric residents in the service of health care reform, 25594
attitudes & experiences developed during residency training, AIDS-related treatment practices, physicians, 3 yr follow up, 25678
debate on mandatory residency training in long-term psychodynamic psychotherapy, 15712
depression symptoms & demographic & personal history, 22–52 yr old family practice residents, 9327
description & evaluation & effect on trainee self confidence of new time-efficient uniform introductory psychotherapy training program, psychiatry residents (mean age 37.5 yrs), 25597
development & evaluation of medical ethics curriculum, medical students & residents, 12586
development of a job satisfaction measure, medical residency program directors, 13114
direct supervision of residents by attending physicians, quality of care in university affiliated emergency departments, patients with physical complaints, 5778
evaluation of pediatrics residency curriculum program on well-child care, medical interns, 22324
examination of maternal & child health rotation's learning environment from perspective of cognitive psychology & identification of cognitive demands placed on residents, 1st yr residents, 15747
forensic psychiatry instruction using problem-based learning method, psychiatric residents, 15757
framing questions positively vs negatively, satisfaction with medical training, residents, 15782
health care reform issues impacting postgraduate psychiatric education, 15744
implementation of learner-centered learning goal exercise in office-based primary care clerkship, 3rd & 4th yr medical students, 22336
level of training in managing & frequency of severity of assaults sustained via violent patients, 25–61 yr old psychiatric residents, 14700
location & structure of ambulatory rotation, cognitive knowledge & performance, medical school students, 3 mo study, 25622
medical record audit & feedback program, compliance with preventive care practices, internal medicine residents, 6020
need for continuing postgraduate education & training in addiction disorders, medical students in & out of psychiatry, 28837
number of case vignettes needed to produce reliable assessments of disease-class-specific diagnostic ability, postgraduate medical residents, 2764
organizational climate & commitment & job stress & satisfaction & career attainment & autonomy, perception of teaching quality, family medicine residency program faculty & residents & nurses & staff, 6029
perceived adequacy of geriatrics training & attitudes toward older patients & self assessed competencies, internal medicine & family practice residency graduates, 9342
perceptions of residents' training needs & program characteristics related to greater adequacy of training in ethnic and gender issues, psychiatry residency training directors, 15736
progression of neurology training, self confidence for treating neurological disorders & neurology Psychiatry Resident-in-Training test scores, 1st–4th yr psychiatry residents, 25593
role in teaching psychiatry residents about ethical managed care, clinical psychiatry faculty members, 25619
socioemotional orientation & encouragement & clinical experiences, intention to practice primary care, pediatric residents, 32109
time in training, acquisition of psychotherapeutic skill, 1st vs 3rd year psychiatry residents & clinical psychology interns & psychology practicum students, 2756
training & perspectives on delivering bad news, medical students & residents, 2759
training level, psychodynamic psychotherapy skills as assessed by the Supervisor Report, psychiatry residents, cross sectional & 1 yr study, 25611
training of medical residents to integrate family based psychosocial issues into biomedical practice, 9333
use of & attitudes toward personal psychotherapy, former vs current psychiatry residents,, 15765
validity & reliability & realism of psychiatric clerkship objective structured clinical examination, psychiatric clerks & residents & psychiatrist examiners & instructors, 3363
workload, pregnancy & complications, female physicians who were pregnant during residency, 15698
work–home interference & work & home characteristics & work-related & general psychological health indicators, 25–49 yr old medical residents, 22355

Medical Residency—Chapters
Prevention of sexual misconduct at the medical school, residency, and practitioner levels, 25638
Residency training issues in collaborative treatment, 25649
Training issues in a child and adolescent ambulatory setting, 2776
Medical Sciences [See Also Anesthesiology, Dentistry, Endocrinology, Epidemiology, Family Medicine, Geriatrics, Gynecology, Immunology, Neurology, Obstetrics, Ophthalmology, Pathology, Pediatrics, Psychiatry, Psychosomatic Medicine, Radiology, Surgery, Veterinary Medicine]—Serials
capitalism of medical politics & patriarchy of sexual politics, women's health care, 5835
conscious & unconscious subjective experience of disability & role of social policies & structures & modern medicine in oppression, individuals with learning disabilities or sickle cell anemia, 34040
employment characteristics & salaries, psychologist in medical schools & academic health centers , 32093
evidence-based workshops for personnel practice, health & social care professionals, UK, 10-mo followup, 22345
history & effects of Dutch Individual Health Care Professions Bill on medical profession dominance & position of alternative medicine, 15700
history of relationship between medicine & dentistry & limits of medical dominance, 1868–1918, 15694
interactive computer based interviews in medical practice, patients, 12289
issues in medicine as a spiritual practice , 36927
limitations of clinicopathological method used by modern medicine in addressing patient pain, 5245
meanings & dimensions of ethics & relationship to culture & ethical bases of medicine & psychiatry & link between ethics & comprehensive diagnosis, 22380
medical & feminist theories in relational approach to postnatal depression, 20–39 yr old mothers , 4916
medical & scientific & sociocultural history of pain during early 19th century, Britain & America, 5230
medical science study of human brain & communication biology & use of psalics, implications for conceptualization of mental health problems, 7011
medical vs counseling models & client-centered counseling model of confidentiality & liability issues, 28893
participation in Arrows workshop to explore critical strategies for teaching during outpatient care, choices of more learner-focused teaching strategies, medical school faculty members, 2772
professional self-regulation in workplace, doctors, Netherlands vs Great Britain vs Sweden, 22303
professionalization process in alternative & orthodox medicine, Britain, 22313
reputation of psychiatry & mentally ill & psychiatrists among other medical disciplines, 35850
views about careers in academic medicine, junior doctors in university vs National health Service posts, 22356

Aging and the controlled and automatic processing of medical information and medical intentions, 20674
Development of expertise in medical practice, 15799
Medical and psychosocial predictors of breast cancer treatment decisions, 21515
Neurobehavioral disorders and medical genetics: An overview, 31349
Medical Students—Serials
academic & personal criteria used & actual & projected changes in process used to select residents, hospital program directors, 15764
attitudes toward & views of psychiatry, 3rd yr medical students, implications for understanding of recruitment decline, 15710
attitudes toward informed consent & confidentiality & substitute treatment decision making based on Western culture ethical principles, biomedical science students, Zimbabwe, 35423
attitudes toward medical student participation in their health care, family medicine patients, 25273
career maturity, self-appraised problem solving ability, minority & disadvantaged premedical students, 28841
clinical experience, content & organization of internal medicine medical knowledge, 4th yr medical students vs clerks with 1 yr clinical experience vs internists, 28886
comparison of 2 regression approaches for modeling expert judgment in scoring performance assessment of patient-management skills, medical students, 123
content of medical students' & residents' dreams & issue of their empathy & emotional involvement with patients & role of psychoanalysis & psychodynamics in medical school training, 22334
curriculum to learn skills in caring for culturally diverse populations, primary care medical residents, 2775
discrepancies in standardized patient's checklist recording after case & examination decisions, 4th-yr medical students, 2747
effectiveness of cultural awareness & sensitivity training, medical students, 2766
effects of differently weighting interview scores, acceptance vs rejection of admission, minority medical student applicants, 15722
ethical dilemma when learning to perform medical procedures on nonconsenting patients, medical students, 15725
evaluation of problem-based learning program for students preparing to retake the US Medical Licensing Examination, 19165
factors in ambulatory teaching environment & behaviors & characteristics of perceptors that promote learning in community practice, medical students, 2773
fear of success & demographic & familial & personal-motivational & socio-cultural dimensions, male vs female medical school students, 4657
gender & level of training & surgical vs general practice specialization, patient centeredness, trainees vs final year medical students, 28874
gender & specialization in psychiatry, perceived importance of topics in teaching of psychiatry, doctors vs medical students, 38678
goals & attributes & learning objectives for medical student education, 15745
homophobia, 22–41 yr old medical students at beginning of class on human sexuality, 19154
influence of housestaff teaching during third-year internal medicine clerkship, performance on clerkship examinations, highest vs lowest rated medical students, 2753
interrater classification consistency & consistency of ratings of & case- vs examination-level pass rates of standardized patient examination completed by medical students, clinician-judges, 2761
location & times in informal curriculum to teach professional values, medical students, 6 mo study, 2768
medical education, moral reasoning & development, 1st–4th yr medical students, 2767
meditation-based stress reduction intervention, anxiety & depression & empathy & spiritual experiences, medical & premedical students, 9339
model for teaching psychoanalytically oriented psychotherapy & power of unconscious to medical students, 22326
need for neurology education at undergraduate level & during medical education, medical students, 15717
nominal group technique course evaluation tool, medical students, UK, 15740
perceptions of current changes in US health care system, medical school students, 25666
personal social vs economic values, people vs technology oriented specialty choice & expectations of high income, medical students, 25 yr followup, 6051
predictive validity for Medical College Admissions Test alone & with other preadmission data, medical students grouped by race/ethnicity & gender, 2755
problem representation of & comparing & contrasting diagnoses of case presentation, medical students & expert rheumatologists, 2744
problem-based learning vs traditional curricula, learning processes, medical students, 2771
problem-based learning, affect tolerance, medical students, 15731
rape attitudes, 21–40 yr old male vs female medical students, 15766
reasons for borderline or unacceptable performance on objective structured clinical examination, international medical graduate applicants, Canada, 2745
reliability & validity of using standardized patients in clinical skills assessment tests, measure of physician's interpersonal skills, foreign medical graduates, 116
school variables in primary care career choice, medical students, 2740
sequentially administered large-scale standardization patient examination, decision consistency, medical graduates , 2746
sex, personality attributes, male vs female medical students, 22357
silent run-through teaching method, skill acquisition & problem solving ability, medical students, 15721
sociodemographic & cognitive & personality factors, prediction of intellectual satisfaction in medical school, medical students, 2758
standardized patient evaluation of English language proficiency, 17–31 yr old 2nd yr medical student undergraduates, Australia, 28836
student centered & self-directed problem-based learning curriculum, registration examination performance, students studying podiatric medicine, 28839
support for & perception of awarding degrees with honors as motivation for learning, medical students, 35431
surface vs strategic vs deep learning styles, admission data, incoming medical students, 15707
teaching support in behavioral science course, academic performance & perceived course difficulty, 1st yr medical students from non-English speaking backgrounds, Australia, 28835
thanatophobic attitudes in care of terminally ill patients, practicing physicians vs student nurses vs medical students, 6055
training & perspectives on delivering bad news, medical students & residents, 2759
use of objective structured clinical examination, self confidence & clinical skills, medical students, 2774
use of psychoanalytic model of development in psychoanalyst's work in medical school's student health psychiatric service, 21689
use of simulated patients who are nonverbal due to cerebral palsy, comfort & self-perceived skill & rational vs intuitive style in working with patient, medical students, 2749
validity of University of Michigan Global Rating Scale & SFDP26 Clinical Teaching Effectiveness Instrument for measuring clinical teacher effectiveness, third-year medical students, 113
value of learning outcomes, students in ambulatory primary care clerkship, 25612
videotape feedback & lecture methods, intervention skills & alcohol-related knowledge & attitudes & interactional skills, final year medical students (mean ages 23 & 25 yrs old), 35410
volunteer motivations & comparison to adult & college student volunteers, male vs female medical school student, 22342
waiving fees, academic performance, medical students, 38695
Medical Students—Chapters
The international medical graduate in American psychiatry, 25584
Medical Therapeutic Devices [See Also Artificial Pacemakers, Hearing Aids, Optical Aids, Prostheses]—Serials
anxiety & related symptoms, 25–65 yr old patients with automatic implantable cardioverter defibrillators vs panic, 12337
caregiving & adaptive context & home care outcomes, 18–75 yr olds requiring total parenteral nutrition & their 40–76 yr old family caregivers, replication of Caregiving Effectiveness Model, 22223
deep body pressure administered by Grandin's Hug Machine, arousal & anxiety, 4–13 yr olds with autism, 15409
factors & outcomes of using the Neuropage, 23 yr old male with memory & executive problems following head injury, 28748
induction of schizophreniform disorder & other psychiatric symptoms, 52 yr old treated with spinal cord stimulator following perineoscrotal pain, 12349
oral vs tube feeding, aspiration pneumonia & malnutrition & ulcers & infections & survival & functional status & patient comfort, patients with advanced dementia, commentary, 38340
oral vs tube feeding, pneumonia & malnutrition & ulcers & infections & survival & functional status & patient comfort, patients with advanced dementia, 38339
premorbid & postsurgical psychiatric disorders & psychotropic medication & neurologic events & management & mortality, 16–73 yr old Novacor or Abiomed cardiac ventricular support patients, 28109
provisional framework of the transition process from hospital to home- & community- based care, technology-dependent children, 1 yr study, 35165
PTSD associated with automatic implantable cardioverter defibrillators, 47 & 51 & 55 yr old male patients, 12328
tactile-alone vocabulary acquisition using 'Tickle Talker', normally hearing adults, 35362

Medical Therapeutic Devices [See Also Artificial Pacemakers, Hearing Aids, Optical Aids, Prostheses]—Chapters
Assistive technologies, 38371
How do I work this thing? Cognitive issues in home medical equipment use and maintenance, 22227
Medical Treatment (General)—Serials
integration of family concepts into routine care of individual patients, family physicians, 9101
Americans with Disabilities Act & pre-employment medical examinations, 9585
applying findings from animal models of neuropathic pain to clinical situations, 5403
attitudes & preferences in palliative management of malignant ascites, 40–54 yr old Canadian physicians, 6053
available & potential treatments for cognitive disturbance in Alzheimer's disease, 5768
believing your injection of morphine may kill a patient, case of a 48 yr old woman with breast cancer pain, implications for nurses & other medical professionals, 6068
believing your injection of morphine may kill a patient, case of a 48 yr old woman with breast cancer pain, implications for nurses & other medical professionals, commentary, 6069
believing your injection of morphine may kill a patient, case of a 48 yr old woman with breast cancer pain, implications for nurses & other medical professionals, commentary, 6064
brief video cartoon or short story distraction techniques involving parents, distress during repeated medical procedures, 2.4–4.5 yr olds with cancer, 35100
causal relations between health & satisfaction with medical care, patients with better vs worse health, 28565
clinical management of child neglect in pediatric settings, 25389
conceptualization & diagnosis & medical management of malingering, 30570
continuous positive airway pressure vs theophylline treatments, respiratory variables & subjective & objective sleep & awakening quality, male patients with moderate sleep apnea, 21663
court approach to refusal to treat HIV-infected patients vs refusal to treat for other legitimate reasons & legal & ethical mandates, medical professionals, 25687
cultural orientations & self-construals, preferences for medical decision making, Hong Kong vs Beijing, 31796
diabetes patient care & outcome assessment, 22040
dimensions of & challenges involved in discussing & options for present medical risk, physicians, 15402
distraction, distress behavior & self report of pain during medical procedures, children, meta-analytic study, 12330
doctors' clinical construction of chronic illness & its treatment as revealed in narratives & interactions, physicians & their patients with diabetes, 2477
enzyme replacement therapy, health related quality of life, 8–67 yr old patients with Gaucher disease, 5746
experienced vs never experienced medical procedure, memory & forgetting & suggestibility & emotions, 3–13 yr olds, 13951
experiences & attitudes & recommendations regarding virginity examinations, 24–72 yr old forensic physicians, Turkey, 32154
framework for humanistic care in medicine, 28567
framework for medical reassurance & patients' responses, 2468
inpatient intervention program to manage poor adherence to medical regimens in children & adolescents, 35271
integrative thinking in medical education & practice, 5998
interferon beta-1b treatment, emotional state change, relapsing–remitting 18–53 yr olds with multiple sclerosis, 21537
internal locus of control & age & educational environment & drug advertisement, perceived benefits & knowledge of medical treatment, 7–10 yr olds & their primary caregivers, 5705
meal time behaviors before & after treatment, 12–35 yr olds with anorexia nervosa, errata, 5166
medical & cognitive behavioral treatment, patients with fibromyalgia, 37966
medical practices & attitudes regarding adolescent health, physicians, 28879
medical utilization & costs, clients (mean age 36 yrs) with panic disorder vs social phobia, 2580
mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, commentary reply, 35078
mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, 22044
mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, commentary, 35103
neuropsychological & motor functioning, 48–87 yr olds who underwent anatomically guided posterior ventral pallidotomy for Parkinsons disease , 5730
newly diagnosed cancer & sex & age & diagnosis & time point in treatment, hopefulness & hopelessness & hoped-for objects, adolescents (12–21 yrs old) receiving treatment, 37798
number of doctors met during treatment & continuity & perceived quality of care, cancer patients (aged 50–94 yrs), 31902
objects of & intensity of fear regarding coronary arteriography, patients before vs after procedure (mean age 60.5 yrs), 31791
obtaining informed consent for major medical treatment via statutory Surrogate Decision-Making Committee program, mentally incompetent patients in New York state, US, 1986–96 , 19515
occurrence & routes & effectiveness & side effects of pharmaceutical use on Space Shuttle missions, US astronauts, 28611
panic & anxiety & experience & management of asthma, 18247
pathogenesis & biochemical diagnosis & prediction of & patient perioperative evaluation for & management of glucocorticoid-induced adrenal insufficiency & therapy withdrawal, 36 yr old woman, 35091
patient preferences for participation in medical decision making, US vs Hong Kong vs China vs Australia, 31778
perception of AIDS treatment advances & prevention setbacks, 17–59 yr olds men attending a gay pride festival, 1982
perceptions of diagnosis & treatment & management & psychosocial characteristics of women with chronic pelvic pain, general practitioners, 28883
preferences for & actual treatment choices, 29–87 yr old patients with amyotrophic lateral sclerosis, 28116
presence of irrational decision-making bias in medical treatment conditions & nonmedical everyday behaviors, 18–45 yr old medical residents vs college students, 32278
presentation to medical services & rehabilitation management, 60–95 yr old patients diagnosed with alcohol dependence or abuse, 31892
prevalence of mental disorders & patient expectations of & satisfaction with ambulatory internal medicine care, adult military vs civilian patients, 12915
psychoanalytical psychotherapy in hospital for diseases of rectum & colon, 19026
psychological adjustment, 6–17 yr olds with short stature vs other limb abnormalities attending limb reconstruction center, 28587
public opinion on prolonging life vs quality of life in allocation of medical resources, 45–75 yr olds, Israel, 35106
recollection of childhood sexual abuse following endotracheal intubation, 42 yr old female, 9024
relationship between use of unconventional therapies vs conventional medical care, 18–90 yr olds, 34733
reliability & validity & clinical utility of brief medical necessity scale for mental disorders, 110
role of tradition in medical treatment & decision making, 9352
role of tradition in medical treatment & decision making, commentary, 22353
spoken medical instruction with vs without accompanying pictographs, information recall, junior college students with low literacy, 2472
training of medical residents to integrate family based psychosocial issues into biomedical practice, 9333
transition from pediatric to adult health care, 17–33 yr olds with special health care needs, 24920
underlying medical problems & other laboratory findings, patients with acute schizophrenia admitted to a psychiatric intensive care unit, 27675
Medical Treatment (General)—Books
Counseling in sports medicine, 11996
Power in the blood: A handbook on AIDS, politics, and communication, 8567
Preventing HIV in developing countries: Biomedical and behavioral approaches, 31847
Sigmundoscopy: Medical-psychiatric consultation-liaison: The bases, 31914
Medical Treatment (General)—Chapters
Aging and the controlled and automatic processing of medical information and medical intentions, 20674
Cognitive processes and medical decisions, 22031
EAP intervention with workers' compensation and disability management, 25883
Emerging biomedical interventions, 31858
From placebo to alliance: The role of common factors in medicine, 12305
Measuring medical offsets of psychotherapy, 31496
Medical settings and suicide, 8314
Medical treatment in autism, 15361
The medical use of marihuana and THC in perspective, 18509
A naturalistic study of psychotherapy: The medical outcomes study approach, 31505
Neurocognitive changes associated with loss of capacity to consent to medical treatment in patients with Alzheimer's disease, 21621
Older adults' decision-making capacity: Institutional settings and individual choices, 19008
Pain in patients with rheumatic disease, 8525
Prader-Willi syndrome, 31096
Treatment methods for destructive and aggressive behaviour in people with severe mental retardation/developmental disabilities, 30972
The two faces of professional discretion: A vision from the client's bed, 28574
What does it say? Text design, medical information, and older readers, 20672
Why psychoanalysis is not a health care profession, 15116
"Will it hurt?" Children and medical settings, 22026
Medicare—Serials
identification of Alzheimer's disease solely from Medicare records, Medicare claims cases known to have some form of dementia, implications for prevalence estimates & claims reimbursement, 3 yr study, 11922
increased HMO market share, decreased expenditures, patients covered by medicare's fee-for-service plan, 1990–1994, 12380
Medication [See Drug Therapy]
Medicine (Science of) [See Medical Sciences]
Medics [See Paramedical Personnel]
Meditation—Serials
Buddhist tradition of Samatha practice, implications for study of first-person experience of consciousness, 16729
countertransference process & relation to psychoanalyst's Buddhist meditation practice, 35 yr old male with unmanageable anxiety who had been in & out of psychotherapy for 10 yrs, 15241
difficulty in recruiting skilled & experienced Ss for advanced meditation & states of consciousness research, 29664
Eastern meditative traditions & use in study of first-person experiences of consciousness, 16721
Eastern meditative traditions & use in study of first-person experiences of consciousness, commentary, 16702
effect of transcendental meditation Demonstration Project on social coherence & stress & collective consciousness & rates of violent crimes in demonstration city, 22803
guided meditation that recreates fragments of near-death experience & sense that one is not alone & God experience, people with near-death experiences, 30291
meditation training, stress levels, preservice teachers, 32200
meditation, EEG data & evoked potentials, 30–45 yr olds, 20182
meditation, perceived occupational stress & burnout & state/trait anxiety, 22–60 yr old elementary & middle & high school teachers, 16095
meditation-based group intervention, binge eating severity & sense of control & depression & anxiety, obese women with binge eating disorder, 12 wk study, 28539
meditation-based stress reduction intervention, anxiety & depression & empathy & spiritual experiences, medical & premedical students, 9339
methodologies for study of first-person experiences of consciousness, commentary reply, 16720
neural structures, meditation vs resting state of normal consciousness, yoga instructors, 13559
perceived stress & cognitive & emotional differences, 24–64 yr old beginning vs advanced Buddhist meditators, 7889
phemenology & physiological correlates of self awareness of consciousness in absence of perception during Transcendental Meditation, adults (mean age 22.5 yrs), 36516
psychedelic usage methodology & attitudes, Buddhist meditative proficiency & deepened states & educational value, 8840
regular transcendental meditation practice, hypothalamo-hypophyseal-adrenal axis diurnal rhythms for ACTH & cortisol & beta-endorphin, 19–40 yr olds, 4045
religious practices of social isolation & rigorous meditation & voluntary silence, attitudes & self awareness & perceptions of external phenomena, 23–66 yr olds in 3rd yr of Buddhist retreat, Scotland, 30292
training in meditation, occurrence of spontaneous thoughts during working memory task vs recitation of prayer vs quiet, 19–53 yr olds, 29550
transcendental meditation, vasoconstriction functioning & blood pressure, 39-55 yr olds, 31767
Meditation—Chapters
Alternative modalities for uncovering individual life mission, 29073
Experiential clarification of the problem of self, 19911
Mindfulness and meditation, 25038
A rDzogs-chen Buddhist interpretation of the sense of self, 19903

Medulla Oblongata—Serials
adrenoceptor agonists & antagonists, NMDA-evoked neuronal activity in medullary dorsal horn, rats, 773
brain lesions of area postrema & adjacent nucleus of solitary tract, anorectic actions of dexfenfluramine & amylin, female rats, 10449
doses of neurotensin injected into rostral ventromedial medulla, biphasic modulation of visceral nociception as seen in visceromotor responses to colorectal distension, male rats, 26647
endogenous opioid antagonists, opioid withdrawal like behaviors/symptoms induced by electrical stimulation of paragigantocellularis, opioid naive male rats, 13776
excitatory amino acids & nitric oxide in rostral ventromedial medulla & secondary hyperalgesia produced by mustard oil, male rats, 20377
interactions between nitric oxide & glutamate in modulation of cardiovascular function in nucleus tractus solitarii, male rats, 29822
involvement of glutamate receptors & nitric oxide in rostral ventromedial medulla in visceral hyperalgesia, male rats, 574
lesions in inferior olive vs cerebellar cortex, concurrent vs sequential taste aversion learning, male rats, 26620
lesions in lateral internal medullary lamina or intralaminar nuclei or midline nuclei, retention of object pair discriminations & acquisition to novel stimuli, male rats, 7088
MK-801 microinjected latorostroventromedial medulla, hypersensitivity to noxious & innocuous mechanical stimulation, male rats with segmental ligation of spinal nerves, 36470
morphine in rostral ventromedial medulla, pain perception & locomotor behavior, male vs female rats, 4108
motor inhibition response & equilibrium & motor coordination, Lurcher mutant mice with degradations of Purkinge cells & cerebellar granule & inferior olive cells, 3663
patterns of sensory dysfunction & correlations with MRI, 28–84 yr old patients with lateral medullary infarction, South Korea, commentary & reply, 8675
role of conditioning & reinforcement activation of pathway from inferior olive climbing fiber projection system to cerebellar interpositus nuclei in learning, animals, 526
spatial learning & memory, Lurcher mutant mice with massive loss of neurons in cerebellar cortex & inferior olivary nucleus, 3852
stimulation of multiple sensory modalities, responses of respiratory-related medullary neurons, decerebrate artificially ventilated cats, 29821
superior olivary nucleus & nucleus laminaris, GABAergic inhibition of feedback for coincidence detection in avian auditory brainstem, chicks , 16957
Melancholia [See Major Depression]
Melancholy [See Sadness]
Melanin—Serials
genes for melanism, locomotor activity, females of 2 Ephestia kuehniella strains, 3813
Melanocyte Stimulating Hormone—Serials
dose-dependent effects of alpha-melanocyte-stimulating hormone, habituation of prey-catching behavior, male Texas toads, 29939
effect of involuntary overfeeding on hypothalamic pro-opiomelanocortin gene expression & SHU9119 melanocortin antagonist reversal of inhibited food intake & weight loss due to overfeeding, rats, 16915
Melanotropin [See Melanocyte Stimulating Hormone]
Melatonin—Serials
age, pre-light melatonin concentration & melatonin sensitivity to dim light, adults, 29937
catecholamine depletion & nocturnal 6-hydroxymelatonin sulfate as marker of tyrosine hydroxylase inhibitor alpha-methyl-para-tyrosine in noradrenergic activity, healthy 19–38 yr olds , 13770
chronic corticosterone &/vs acute melatonin, sexual behavior & 5-HT2A-mediated wet-dog shakes, male rat, 33406
circadian rhythm characteristics of pineal hormone melatonin & individual differences in circadian type & mood, 18–36 yr olds, 20234
circadian rhythms of melatonin-synthesizing enzyme activities & melatonin levels, planarians, 29932
daily variation of melatonin secretion, patients with senile dementia of Alzheimer's type & disturbed sleep-waking, 15027
effects of indirect sunlight & propranolol on melatonin blood levels, normal 18–65 yr olds, 584
endogenous melatonin & serotonin 1A receptor partial agonist ipsapirone hydrochloride, core temperature & hypothermic response, patients with winter depression, 2394
icv melatonin vs pinealectomy vs constant light, dopamine & motor impairment in experimental models of Parkinson's disease, male rats, 26653
illumination of upper vs lower visual fields, melatonin suppression, 24–38 yr olds, 20205
influence of melatonin on protective action of conventional anti-epileptic drugs against maximal electroshock-induced seizures, female mice, implications for epilepsy treatment, 17026
melatonin & resetting response of circadian pacemaker to light, 18–29 yr old males, 20214
melatonin agonist agomelatine, diazepam discrimination & methohexital self administration, monkeys & rats, implications for abuse liability, 7268
melatonin antagonist S 22153, phase advancing effects of melatonin, free running male C3H mice, 23602
melatonin receptor ligand S 22153, melatonin induced neophobia in free-exploratory paradigm, male BALB/c mice, 36577
melatonin suppression by dim light, 23–72 yr olds with bipolar vs seasonal affective vs major depressive disorder, 30678
melatonin treatment, children & adolescents with sleep–wake cycle disturbances, 35087
melatonin treatment, fragmented sleep, 3-13 yr olds with mental handicaps, commentary, 28426
melatonin with vs without antipsychotics, 30 yr old male & 43 yr old female with jet lag & de novo psychosis, 28445
melatonin, behavioral alterations & emotion induced by chronic mild stress under light/dark choice test, mice, 13766
melatonin, chronic primary insomnia, 66–86 yr olds, 25199
melatonin, circadian rest-activity rhythm & daytime sleepiness & mood, 72 & 75 yr old women with Alzheimer's disease, 5748
melatonin, jet lag, 24–62 yr olds, validation of Columbia Jet Lag Scale, 35023
melatonin, sleep physiology & pharmacology, adults, 33312
nocturnal exposure of light to nasal vs other areas of retina, melatonin suppression, 21–31 yr olds, implications for circadian rhythm, 20219
pinealectomy & melatonin, time-associated conditioned reflex, male rats, 29763
serum melatonin levels, 56–83 psychiatric inpatients with vs without dementia of Alzheimer's type, 24095
stages of menstrual cycle, melatonin suppression to dim white light, 18–35 yr old females, 10500
variation between seasons of melatonin sensitivity to bright light, healthy 18–56 yr olds, 10521
Meliaril [See Thioridazine]
Membranes [See Also Meninges, Nasal Mucosa, Nictitating Membrane]—Serials
aging, rotenone sensitivity in NADH Coenzyme Q reductase/Complex 1 & mitochondrial membranes from human platelets, 4 vs 24 mo old male rats & 19–30 vs 66–107 yr old females, 7152
membrane associated protein kinase C activity & translocation in platelets in response to serotonin & thrombin & PMA, Ss with manic phase bipolar disorder vs major depression vs schizophrenia, 17784
Memory [See Also Autobiographical Memory, Early Memories, Eidetic Imagery, Episodic Memory, Explicit Memory, False Memory, Long Term Memory, Memory Decay, Memory Trace, Reminiscence, Repressed Memory, Short Term Memory, Spatial Memory, Spontaneous Recovery (Learning), Verbal Memory, Visual Memory]—Serials
, subjective vs objective memory change, anterior temporal lobectomy patients, 38426
1 vs 7 day test interval, changes in memory, male rats with hypothermia-induced amnesia, 501
5-HT antagonists WAY100635 vs ondansetron vs ritanserin vs agonist buspirone vs muscarinic agonist arecoline, MK-801-induced cognitive performance on delayed nonmatching to sample radial maze, rats, 20262
5-HT4 receptor antagonists & agonists, memory processes in passive avoidance test, mice, 4151
ability to reproduce previously observed actions following 24 hr delay, 6 & 9 mo old infants, implications for declarative memory, 33610
abnormal mushroom body structural plasticity in mutant genes, adult female Drosophila, implications for olfactory learning & memory, 3853
abstract schematic knowledge in application of hierarchies & matrices & networks as spatial diagram representations for memory, college students, 16658
accuracy & suggestibility following witnessing of criminal vs neutral event, 1st graders, implications for assessing children's memory performance in criminal eyewitness situations, 13012
accuracy of memories of conversations with preschool children, mothers, 10180
accuracy of memory monitoring skills, mock jurors, 26446
accuracy of recall for past personal memories, college students, 36272
accuracy of remembered pain & perceptions of current pain & pain relief, 16–45 yr olds with chronic myalgia of jaw muscles, 5207
accuracy of traditional clinical memory measures vs memory assessment instrument emphasizing ecological relevance, differentiation of degrees of everyday memory functioning, brain injured adults, 29377
activation of alcohol-related memories by negative affective cues, 21–55 yr old anxious problem drinkers receiving benzodiazepines, 11651
activity of neurons in human temporal cortex during identification vs memory for names vs words, 22–57 yr old awake patients undergoing left or right awake craniotomy for epilepsy, 28193
acute & permanent occlusions of carotid & vertebral arteries, cerebral energy metabolism & working & reference memory, adult male rats, model of cerebral ischemia, 26632
administration of adrenal steroid hormone dehydroepiandrosterone, declarative memory & attention after exposure to stress, 59–81 yr olds, 5681
adrenocortical suppression with metyrapone, psychological stress-induced changes in memory storage, male rats, 13775
advertising with misleading visual information, color memory, undergraduates, 6897
age & emotional self-focus, stereotype reliance in source monitoring & identification & neuropsychological test correlates, 62–85 yr olds vs college students, 23148
age & organization & presentation of automated telephone messages, memory for appointment information, 18–90 yr olds, 6914
age & sex & ability, prediction of individual differences in memory changes, 28–36 vs 55–87 yr olds, 16 yr study, 6925
age & sex & education & ethnicity & marital status & apolipoprotein E genotype & memory complaints, risk for depressive symptoms, non-demented community-dwelling elderly (mean age 75.2 yrs), 30667
age & skill level, memory capabilities & serial position accuracy of gymnastic floor routine, 6–8 vs 14–16 yr old female gymnasts , 19868
age & time of day, learning & memory, young vs old male rats, 36318
age, encoding & use of information in recall & recognition of remember- vs forget-cues & pictures in intentional forgetting task, 2–9 graders & college students , 874
age, fragmented object identification & category exemplar generation & explicit memory & attention & verbal fluency, 21–91 yr olds, 19820
age, interindividual variability in memory & spatial functioning & speed, 70 yr old & older community dwellers, 30251
age-related decline in immediate & delayed recall memory, adult apolipoprotein E homozygotes vs heterozygotes vs noncarriers, 28130
aging, memory & other cognitive abilities, 60–69 vs 70–93 yr olds, longitudinal study, 17417
aging, memory functioning, 60–80+ yr olds, 17416
aging, recollection & automatic influences of habit, older vs younger) adults, 14087
aging, retrieval of orthographic knowledge, 17–23 vs 60–71 vs 73–88 yr olds, 6913
aging, time- & event-based prospective memory & cognitive load during on-going concurrent activities, 18–22 vs 55–81 yr olds, 23809
alcohol intake, immediate vs delayed memory task performance, adults (mean age 29.17 yrs), 33388
alprazolam, mood & memory & anxiety & cognitive performance, female 22–39 yr olds with premenstrual syndrome , 2309
alterations in hippocampal microtubule-associated protein-2 during consolidation of contextual memory, rats, 13600
amplitude errors in sequences of saccadic eye movements for previously-memorized target positions, 24–37 yr olds, 139
anandamide treatment alone vs pre-treatment with naltrexone, memory consolidation, male C57BL/6 vs DBA/2 mice, 33375
anatomical structure of dorsocaudal neostriatum complex & neostriatum dorsocaudale & role in imprinting & learning & memory formation & synaptic processes, domestic chicks, 13521
anti-Black attitudes & viewing of Caucasian vs African American suspect on newscast of murder story, misidentification of African Americans, White college students, 3 mo followup, 33575
application of memory theory to learning that takes place during exposure therapy for emotional disorders & fears, 12081
articulatory suppression, image subtraction & picture recognition tasks, college students, 32970
artificial-grammar & prototype learning as measures of intact nondeclarative cognitive skills, 55–79 yr old Parkinson's disease patients, 18409

associative theory for prediction of past date & past price estimation, humans, application of computer simulation data, 16590
asymmetry in & effects of item attributes on lexical processing & conceptual memory, proficient Chinese–English bilinguals, 223
attachment style & attachment system priming, effect of memory of supportive vs rejecting experiences in friendship on information processing, college students, 16597
attention & memory & problem solving performance & neuropsychological predictors of outcomes, female Ss with anorexia or bulimia nervosa before & during & after treatment, 7 mo study, 18181
attention-elaboration vs script-copy-plus-tag hypothesis of recognition of script-typical vs script-atypical information, adults, 225
attentional encoding in perceptual implicit memory for previously attended & unattended words in word-stem completion or perceptual fluency tasks, college students, 16576
attitude structure & processing motivation, memory for attitude-relevant information, meta-analytic test of hypothesized congeniality effect, 6903
avoidant encoding style & impaired memory for trauma cues, female survivors of childhood sexual abuse with vs without PTSD, 1712
awareness of recognition memory for English vs Polish folk songs heard 1 vs 3 times, English vs Polish nationals, 26438
behavioral patterns & ERP-assessed recognition memory, 25–83 yr olds with focal prefrontal vs hippocampal lesions, 18428
belief that donation amount was known vs unknown, memory & recall of charitable donation amount & frequency, 17–48 yr olds, 7844
benefits of bi-coded recursive auto-associative memory connectionist model for representations of symbolic structures, 19492
benzodiazepine hypnotic triazolam vs nonbenzodiazepine hypnotic zolpidem, memory & attention, healthy 20–49 yr olds, 23553
bereitschaftspotential changes after learning & reperformance of perceptual motor task, 9–12 yr olds, implications as measure of procedural memory, 7385
biased memory for contaminated vs clean objects, adults with obsessive compulsive disorder vs anxiety, 24340
bidirectional associative memory neural network system explanation of posttraumatic stress disorder, 34232
bilateral electrolytic basal forebrain lesions, object recognition & discrimination, male rats, 7066
bizarre imagery, recall, high school students, 23724
brain regions contributing to short & long-delay intracranial ERP repetition effects during continuous recognition memory, 12–42 yr olds with chronic medication-resistant epilepsy, 31237
caffeine or SCH58261 or DPCPX dosages administered immediately or 180 min after passive avoidance task training, memory retention, male mice, 36576
caffeine, arousal & feelings of pleasantness & learning & memory, undergraduates (mean age 21.47), 30010
cell-assembly coding hypothesis of memory processes, 513
central vs peripheral beta blockade, memory of emotive material, healthy young adults (mean age 21.3), 17079
chronic pain, processing & recall of self- vs other-referenced pain-related information, 10.5–16 yr olds with vs without juvenile arthritis, 31059
chronic propranolol, inhibitory avoidance retention, male mice, 17077
classic fear conditioning, corticotropin-releasing factor receptors in learning & memory, male mice, 23274
clenbuteral or 8-bromoadenosine 3':5'-cyclic monophosphate with vs without prazosin in basolateral nucleus of amygdala, memory storage, male rats, 23505
clozapine & risperidone & olanzapine, cognitive deficits in schizophrenia, 25196
cluster subtypes in California Verbal Learning Test—Children's Version, assessment of memory ability, 5–16 yr olds, 35881
cognition enhancer NS-105, learning & memory deficits elicited by scopolamine vs cerebral ischemia vs nucleus basalis magnocellularis lesion vs baclofen vs ECS, male rats, implications for role of cholinergic & GABAergic systems, 36598
cognitive effort in encoding, recollective vs perceived known experience in recognition memory, college students, 10186
cognitive interview technique, information recall, 19–59 yr olds with learning disabilities, 30987
cognitive interview techniques & eyewitness memory recall, commentary, 32517
cognitive processing & memory accessibility of knowledge associated with social norms, college students & 10–11 yr old students, 26977
cognitive vs other interview techniques in investigation of eyewitness memory, 32518
cognitive vs standard interview, facts remembered, witnesses, 2 wk followup, 32515
colostrinin, spatial learning & incidental memory, male 13 vs 3 mo old rats, 36605
commercially prepared exogenous equine serum butyrylcholinesterase, operant behavior & recognition learning, monkeys, 10616
complexity of source passage encoding & amount of information about analogy in target passage & number of source passages, memory & inference for target passage, 19–77 yr olds, 10085
computational analysis of plasticity at mossy fiber synapses in cerebellar nucleus, learning & memory storage in conditioning of eyelid responses, 32499
computer simulation of & individual & overall p values for forced-choice recognition tests to evaluate suspicious memory loss, adults, 3587
concordant vs discordant accounts in recall of recent events that evoked emotional experience in children, children vs parents, 20503
concurrent performance of primary & secondary item vs source memory tasks, divided attention & frontal lobe functioning, college students, 32930
concurrent performance on random time interval generation task & memory task, adults, 6874
confabulation with preserved memory verification & impaired memory search abilities, 40 yr old female patient with brain damage, 24796
conjoint-recognition model with identity–similarity distinction & process-dissociation model with recollection–familiarity distinction & related dual-process conceptions of memory, 10177
conscious awareness & learning & memory, animals & patients with hippocampal damage, 34623
consciously controlled & automatic memory processing, memory impairment, adults with multiple sclerosis, 37906
consciously controlled vs automatic memory use, schizophrenia patients, 8144
consistency & accuracy of eyewitness testimony, 18–53 yr old college students, 29623
consistency of context, accuracy of description & weapon focus effect, undergraduates, 29250
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students, commentary reply , 10190
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students, commentary , 10220
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students , 10191
construction of designer generalized Brain-State-in-a-Box neural networks representing associative memories with interconnecting weights & self-feedback in all neurons, 6454
context & study status & focused vs divided attention, priming for novel associations in word stem completion, undergraduates, 26397
context effects in recognition memory, undergraduates, 29630
context shift & protein synthesis inhibition, disruption of long-term habituation-memory after spaced or massed training, adult male crabs, 10590
context-dependent memory for meaningful material, 17–56 yr olds, implications for students & test taking, 6906
contributions to paired-associate learning & effect of sleep & dreams on memory, B. R. Ekstrand, 12562
coping strategies & responses to intrusive memories & PTSD & other psychiatric symptoms, ambulance service workers, 37397
cortical & subcortical dementia, explicit & implicit memory task performance, patients with Alzheimer Disease (mean age 70.6 yrs) vs Parkinson Disease with dementia or without (mean age 65.9 yrs), 37867
cortical gamma oscillations & threshold modulation as support for associative memory processes in 2-compartment neural model, 29870
cortical memory representations for Finnish phonemes using mismatch negativity ERPs, 18–35 yr old naive Hungarian vs fluent Finnish speakers, 29923
corticotropin-releasing factor receptor subtype 1 & anxiety-like & memory processes, male mice, 33196
court admission & omission of hypnotically refreshed witness testimony, Constitutional rights, defendants, 19512
credibility of source of information, unconscious plagiarism, college students, 19841
cross-modal imagery & age, reality monitoring in auditory & visual modalities, 6 yr olds vs 9 & 10 yr olds, 10784
culture & implicit memory, marijuana or alcohol use, 18–50 yr old drug offenders, 8332
D- or L-glucose or/& morphine or other drug administration, enhancement & impairment & other behavioral effects of learning & memory in task performance, male rats & mice, 10287
D-cycloserine &/vs alpha-1 agonist ST 587, retention in delayed non-matching to sample radial arm maze task, male rats , 23568
decision criteria, recognition memory, 58–77 yr olds with amnesia, 21598
declarative & procedural memory impairments, males with bipolar disorder with or without alcohol abuse , 30690
deep processing functions & blocking at encoding, enhancement of recollection of true vs false memories, college students, 10217
deficits in reflective cognitive abilities, male drug abusers (mean age 31.1 yrs), 30886
deficits in visual information processing, visual repetition priming & encoding in implicit memory, adult patients with unilateral brain damage, 34625
degree of learning or familiarity, retrospective vs predictive estimates of task duration, undergraduates, 221
degree of past & current memory for childhood sexual abuse, 17–56 yr old female survivors in therapy, 14668
demand characteristics of item vs list method of directed forgetting & impact on memory performance, college students, 16648
denial of memory deficit & dementia severity, patients with Alzheimer's disease (mean age 76 yrs), longitudinal study (mean interval 1 yr 3 mo), 18418
density of benzodiazepine receptors in amygdala &/vs hippocampus & anxiety during memory & habituation tasks, anxious vs nonanxious vs normal male rats, 33245
depressed mood, capacity-demanding memory & attentional functioning, patients (mean age 50.2 yrs) with multiple sclerosis, 24775
depression & medical illness & memory as predictors of recovery of functional self-care abilities, older medical rehabilitation inpatients who had lived alone prior to admission , 2672
development of memory & socioemotional behavior after hippocampal damage incurred in infancy or in adulthood, monkeys, implications for origin of psychosis, 29765
development of new naturalistic task to investigate remembering intentions, Georgian & English speakers, 6732
developmental change in duration of auditory sensory memory for tonal frequency, 6–7 vs 8–10 vs 11–12 yr olds vs adults, 7398
developmental changes in recognition & memory specificity & priming latency & development of multiple memory systems & maintaining memories with reminders & infantile amnesia, infants, 26995
developmental perspective on suggestibility of memory in childhood, 13932
dexamethasone, REM vs non-REM sleep-related recall & procedural memory, 21–34 yr old males, 10639
diagnostic memory & dementia evaluation in multidisciplinary memory clinic in neurological setting, 19–97 yr olds, 31246
diazepam, dual task performance & attentional resource depletion to explain memory impairment, 18–26 yr old college students, 4157
diazepam, proactive interference & list discrimination in temporal context encoding impairment, healthy adults, 4156
differences in decision criteria based on source monitoring situation, reality monitoring judgments, college students, 16631
differences in strength- vs frequency-based mirror effects in recognition memory accuracy, adults, 294
differential housing exposure after weaning, learning & memory processes & hippocampal nerve growth factor, handled rats, 33075
difficulty of initial training & acquisition & transfer of strategic processing skills & memory for processed stimuli during visual discrimination tasks, 18–25 yr olds , 32769
direct & indirect memory measures for assessment of advertising information processing, adults, conceptual framework for performance pattern interpretation , 6681
direct memory-relevant output monitoring, confidence rating on general knowledge test, college students, erratum, 3595
disclosure of biological parent alcoholism & antisocial personality & adoptee symptom counts & problem behaviors, bias in health knowledge recall by adoptive parents, adoption data, 19827
discovery constraints on use of imagery in mental synthesis tasks, college students , 32899
dissociation vs memory vs divine sensory perceptions in response to trauma, war veterans, 37259
distinction between remembering & knowing & effects of exact & category repetition in recognition memory, college students, 32956

distractor-stimulus memorability or salience, metacognition & memory for nonoccurrence, college students, 10137
disturbance of signal interaction between entorhinal cortex & dentate gyrus relation to memory as hypothesis for pathogenesis of schizophrenia, 30695
divided attention & time course, automatic & consciously controlled components of memory, young (mean age 20 yrs) vs old (mean age 73 yrs) adults, 19864
divided attention, perceptual & conceptual memory, college students, 19863
drawing, verbal report of unique past experience, 5–6 yr olds, 1 day & 6 & 12 mo followups, implications for clinical & legal contexts, 30165
dysphoria, response bias in forced recall of mood congruent vs incongruent words, college students, 11370
early declarative location memory & recall for hidden objects, older vs younger 7 mo olds, 33623
EEG oscillations in alpha & theta band & cognitive memory & performance in tonic & phasic or event-related changes, 20179
effect of chronic restraint stress on non-spatial memory during object recognition task & modulating role of food deprivation & role of monoamines & amino acids, male rats, 29947
effect of test room odors on performance & of odor-related visual cues on subsequent implicit memory for odors in rating odor–environment fit & odor identification & naming, adults, 26307
effects of programme context of news vs comedy show on memory of humorous vs non-humorous television commercials, 16–18 yr olds, 6905
effects of risperidone compared with typical neuroleptic haloperidol on affective & cognitive functions, rats, 365 l7
efficacy of self-taught &/or group memory training, memory performance improvement, community dwelling 60 yr olds & older, 1016
egocentric vs allocentric spatial learning & reference memory, male transgenic mice with impaired glucocorticoid receptor function, implications for hippocampal involvement, 13592
emotion suppression, incidental memory & sympathetic activation, 16–23 yr old female undergraduates, 27394
empirical course of memory retention functions, college students, 29648
encoding of threat-related vs neutral words by naming color of word vs naming color & word vs reading words, implicit memory performance, high- vs low-trait anxious volunteers, 13357
endothelial isoform of nitric oxide synthase, memory formation for passive avoidance learning, 1–2 day old chicks, 36314
environmental context changes between study & test, recognition memory for unfamiliar faces & unfamiliar vs familiar words, college students & staff members, 10212
ERP correlates & behavioral measures of directed forgetting effects on direct (recognition) & indirect (categorization) memory tests, 19–35 yr olds , 23150
ERP correlates of memory for new associations in associative recognition & recall, 17–31 yr olds, 20173
ERP differences associated with intentional vs incidental memory retrieval, undergraduates, implications for dual-process theories of recognition memory, 23378
ERPs & neuropsychological assessments of memory & attention, 18–29 yr olds with mild head injury , 34670
errors in delayed matching to sample & radial mazes & food-cache recovery memory paradigms, pigeons & rats & Clarke's nutcrackers, 13427
estradiol treatment, verbal & spatial memory & mood, postmenopausal women, 31712
etiology of alcohol drinking & role of memory in alcohol expectancy process & expectancy challenge as alcohol abuse prevention & intervention strategy, 23133
evaluation of several person-fit indices to detect item memorization in computerized adaptive testing environment, examinees, 19666
executive & mnemonic functions, 53-73 yr old males with mild frontal variant frontemporal dementia, 34671
exogenous corticosteroid exposure & recollection of traumatic events & role in depression etiology, 12+ yr olds, 21103
expectancy information as moderator of effects of hypnosis on memory, college students with high vs low susceptibility, 33014
experience-dependent hippocampal activation, excitatory synaptic transmission after induction of long term potentiation, rats, 3944
experienced vs never experienced medical procedure, memory & forgetting & suggestibility & emotions, 3–13 yr olds, 13951
exposure to museum odors as state-dependent cues for memories recalled from museum visit several years earlier, college students mean ages 20.0–27.5 yrs, 10172
exposure to written information about influence of age on memory, attribution of memory failures of old vs young targets, 17–24 vs 60–89 yr olds, implications for modification of age stereotypes, 33582
eyewitness memory for repeated vs nonrepeated event with changing vs unchanging details, 6–7 yr olds, implications for child abuse investigations, 36751
eyewitness memory vs general knowledge, stability of confidence–accuracy relationship, college students, 10174
factor analysis of combined Wechsler Adult Intelligence Scale—Revised & Wechsler Memory Scale—Revised, analysis of memory function, healthy 18–34 yr olds, 29621
factors influencing content of shopping lists & effectiveness of list as external memory aid, 25–75 yr old grocery shoppers, 39019
false recall & recognition of nonpresented words, college students, replication, commentary reply, 19861
false recall & recognition of nonpresented words, college students, replication, commentary, 19857
false suggestions, recollective quality of memory for item source using self-generated or self-referenced information vs word lists, college students, 10202
familiarity & differentiation effect, recognition memory, 284
familiarity & recollection in item & associative recognition over wide range of retention intervals, college students , 32960
favorable & unfavorable target expectancies, social information processing, college students, 34005
features of remote memory for public events & personal semantic memory & specific personal episodes, 54 yr old man with amnesic syndrome, 5216
fluency & complex attention & receptive language & memory, 7.9–21.2 yr old males with Duchenne muscular dystrophy, 5326
food restriction, excitotoxic & metabolic hippocampal & striatal neuron damage & learning & memory & motor function, male rats, comment, 10400
food restriction, excitotoxic & metabolic hippocampal & striatal neuron damage & learning & memory & motor function, male rats, 10396
forebrain ischemia with vs without acidic fibroblast growth factor, learning & memory, male Mongolian gerbils, 23537
forgetting functions for conscious vs automatic components of memory, college students, 16651
frequency & duration of stimuli presentation, bias & discriminability matching behavior, pigeons, 23210
frequency of mood & anxiety disorders & memory & executive functions during the course of acute episode, patients with episodic cluster headache vs tension headache, 31057
full & divided attention, explicit & implicit memory, individuals (mean age 28.66 yrs) with severe traumatic brain injury, 24857
function of different classes & subtypes of class I metabotropic glutamate receptors involved in learning & memory formation, rats, 23299
functional characteristics of memory impairment, adults who have suffered transient global ischaemia, 2059
functional imaging of hippocampal system functioning & fit with neuropsychological data on declarative memory, 20080
functional magnetic resonance imaging of medial temporal lobe activity in memorization & subsequent cued-recall, 21–29 yr olds, 20097
functional mechanisms underlying impairment of autonoetic awareness associated with recognition memory, patients with schizophrenia, 27663
functional mechanisms underlying impairment of autonoetic awareness associated with recognition memory, patients with schizophrenia, commentary, 27670
functional mechanisms underlying impairment of autonoetic awareness associated with recognition memory, patients with schizophrenia, commentary, 27712
functional MRI-assessed hippocampal formation & dysfunction, patients aged more than 65 yrs with normal vs declining memory vs probable Alzheimer's disease, 21605
functional role of hippocampus & adjacent medial temporal lob structure, memory & learning, amnesia patients (aged 41–55 yrs) with brain damage, 34615
generality of part-set cueing effect to professional problem diagnosis, auditors, 29587
generation effect for item & source memory during simulated social conversation task, college students, 32964
generation effect, free recall & forced choice task performance, undergraduates, 26435
genetic background, procedural & declarative memory functions, 50 yr olds & older with age-associated memory impairment, 36875
glucose dose-response curve, recall primacy & other memory processes, 17–48 yr old females, 717
glucose, memory for passive avoidance conditioning, preweanling male rats, 26773
glucose, memory, patients with schizophrenia, 25201
glycine vs glutamate site vs uncompetitive NMDA antagonists with vs without D-serine, learning & memory in acquisition task, pigeons, 20271
GM1, memory impairment induced by scopolamine, male rats & mice, 10662
habituation & sensitization & inhibition & swimming probability in response to chemical stimulation, Tritonia diomedea, 341
hand displacement & rod angle in coordination dynamics, dynamics of functional stabilization & long memory processes, 16566
handwriting & psychomotor system translation of stable motor memory into invariant spatial output in biomechanical & environmental context, 19–41 yr olds, 32771
heredity vs environment, memory performance & cognitive ability & lifestyle, 27–60 yr old vs 60–94 yr old twins, 7323
high vs low frontal-lobe vs medial-temporal-lobe functioning, event-based prospective memory, 66–85 yr olds, 7075
high-fat diets &/vs enriched vs impoverished environmental influences, learning & memory, rats, 23477
hippocampus & learning & memory & association of discontiguous events in terms of temporal &/or spatial positioning & computational framework, animals, 3939
histaminergic antagonists chlorpheniramine vs ranitidine to nucleus basalis magnocellularis, learning & memory on avoidance task, male rats, 20358
hue memory & discrimination, 3–6 vs 9–11 vs 22–30 yr olds, implications for young children's difficulty in color naming, 881
human memory & cerebral hemispheres & limbic system, 10448
hyperspace analogue to language model of memory for transduction of episodic associations into semantic & grammatical knowledge, errata, 3584
hypnosis, memory of crime scene details, witnesses of vehicular homicides, 33016
imagery vividness & interrogative vs hypnotic suggestibility & dissociativity, inflation of likelihood of judging imagined childhood events as real, college students, 29635
imaginal discovery & visual & verbal working memory & intelligence, college students, 23126
immediate memory abilities, 6–13 yr olds with ADHD or undifferentiated attention deficit disorder with vs without learning disability in reading, 17261
impact of perceptual similarity & cognitive distraction & retrieval context on source monitoring, cryptomnesia, college students, 37113
impaired learning & memory, male rats without cholecystokinin receptor, 26627
implicit & explicit memory for familiar objects presented to vision & touch & cross-modal priming, college students , 16662
implicit & explicit memory for music, younger (mean age 22.8 yrs) vs older (mean age 70.4 yrs) adults, 26439
implicit & explicit memory for threat & anxiety words, high- vs low-anxiety-sensitive undergraduates in high vs low arousal condition, 16652
in utero & lactational exposure to TCDD, learning & memory, rats, 23582
increase in delay between study & test, shift in memory from recency to primacy, college students, 10197
increased list length, memory of serial order, 6 mo olds, 17255
individual differences in memory & executive function abilities, normally aging 55–70 vs 71–85 yr olds, 1011
individual differences in working memory span & recognition ability, event-based prospective memory, young vs older adults of high vs low educational attainment & occupational status & verbal ability, 13348
infectious diseases, memory ability, 18–26 yr old males with flu-like syndrome with vs without fever, 19451
inhibition in processing of garden-path sentences, college students &/vs 60–75 yr olds, 19822
inhibition of protein synthesis or PKA or MAP kinase activity, memory consolidation in fear conditioning, male rats, 20140
instance-based theory vs associative perspective, role of memory in cognitive skills & predictions of information & process, college students, 29655
insufficient activation or increased inhibition & common or separate lexicons, tip-of-the-tongue phenomenon, 20–35 yr old bilingual Farsi & English speakers, 16629
integration cost component & memory cost in sentence processing mechanism & available computational resources in Syntactic Prediction Locality Theory , 3542
integration of memories, retrieval-induced forgetting, college students, 16626

integrin-associated protein, memory processing & retention & hippocampal long-term potentiation, integrin-associated protein-deficient mice, 36308
intelligence & memory capacity & educational achievement vs personality variables, 18–27 yr old college students who access special needs for learning disabilities, 14850
intention superiority paradigm on ecological manipulations of prospective memory in activation of unrelated & canceled intentions, college students, 16650
intentional vs incidental learning, recall of surname-words vs surname-nonwords, undergraduates, 281
inter- & intraindividual differences in memory performance & academic achievement, 4–12 yr olds, 8 yr study, implications for theoretical models of cognitive development, 6220
interacting in related event, recall & accounts of events, 4 vs 6 vs 9 yr olds, 885
interdisciplinary collaboration among neuroscience & cognitive psychology & psychoanalysis regarding memory & unconscious processes, 3531
interleukin-beta & interferon fragment RITLY, process of learning & memory & defensive behavior, male rats, 13603
interrelation of memory & subjective interaction & empathy in psychoanalytic process, male & 36 yr old female analysand & analyst, 28381
interscorer reliabilities for Memory & Localization scores of Tactual Performance Test, patients with brain damage or Korsakoff's syndrome or undiagnosed or normal patients, 3337
interviews conducted with vs without cues & distractors, recall 1 or 2 yrs after an event, 6 vs 9 yr olds, 20517
intracarotid amobarbital test, hemispheric asymmetries in arousal & memory performance, patients undergoing anterior temporal lobectomy , 22050
intrahippocampal infusion of metabotropic glutamate receptor antagonist MCPG, memory of context vs tone specific conditioned fear, rats, 10577
intrahippocampal KN-62, memory or habituation in water-finding task, rats, 13836
intrusive memories, patients with major depression &/or PTSD (mean age 41.7 yrs), 14498
involvement of amygdala in modulation of working vs short-term vs long-term memory, rats, 16897
IQ, individual differences in memory ability & test performance, 15–16 yr olds, implications for teaching methods, 32242
ironic effects of heard vs read word repetition, age-related memory performance, undergraduates vs 60–94 yr olds, 6909
issues in lesion studies to establish brain systems involved in memory processes, 478
item vs source memory, patients with major depression , 27589
ketamine-induced NMDA receptor hypofunction, verbal & nonverbal declarative memory, adult males (mean age 21.7 yrs), implications for memory impairments in schizophrenia, 7232
knowledge & judgements about & retention of events occurring prior to birth, reanalysis of data, 288
knowledge of target psychological & personality traits, memory & recall of trait consistent vs inconsistent behavior, undergraduates, test of summary-plus-exception model of social memory, 1243
language & memory, deaf children & adults, 2116
language-inherent classification & mental representations of classifiers in cognition & memory & evaluations, English vs Chinese speaking adults, 6878
lapses of intention measured by intrusion errors in Stroop task, older vs younger adults, 17418
large stationary landmark, memory for the location of a smaller moving target, undergraduates, 32962
lesioned dopaminergic projection to nucleus accumbens & nucleus septi lateralis, angiotensin II & fragment 3–7 expression & passive avoidance memory, male rats, 13835
lesions in lateral internal medullary lamina or intralaminar nuclei or midline nuclei, retention of object pair discriminations & acquisition to novel stimuli, male rats, 7088
lesions of cingular bundle & fimbria–fornix & co-grafts with cholinergic & serotonergic neurons, spatial reference & working memory, female rats, 33185
lesions of intermediate medial hyperstriatum ventrale, acquisition & retention of sickness-conditioned learning, male day-old chicks, 33187
lexical priming performance in free recall & recognition memory & verbal fluency assessments, 8–18 yr olds with heavy prenatal alcohol exposure vs Down syndrome, 27932
lidocaine in histaminergic neurons of tuberomammillary nucleus, memory & learning during inhibitory avoidance paradigm, male rats, 33398
lidocaine vs oxotremorine in basolateral amygdala complex of nuclei, memory for classical fear conditioning, male rats, 26860
Linopirdine, implicit & explicit & primary memory, elderly adults with age-associated memory impairments, 34963
long term potentiation & saturation of synaptic weights in hippocampus, learning & memory, 29832
long vs short delays & blocking of trials, RT of retrieval from secondary memory in memory scanning task, college students, 13362
long-term cocaine abuse, mood & performance on procedural & episodic memory tasks, abstinent patients with cocaine dependency (mean age 39.2 yrs), 11644
long-term effects of alprazolam, memory, patients with agoraphobia/panic, 3.5 yr follow-up, 12194
long-term prevalence & severity of emotional disability & suffering from recurrent & intrusive recollections of cardiac arrest, 24–90 yr old cardiac arrest survivors, followup study, 24767
lorazepam or oxazepam, explicit & implicit memory & time dependent & priming effects, adults, 4110
lorazepam vs flumazenil vs scopolamine, implicit vs explicit memory & conceptual priming, healthy 18–49 yr olds, 7166
mathematical memory processes model of likelihood judgment & decision making, 10095
medial temporal lobe activation during procedural vs declarative memory, 468
memorization conditions, haptic processing of vertical vs horizontal vs oblique orientations, blindfolded sighted college students, 32779
memory & anxiety symptoms, 7–11 yr old urban-dwelling males at risk for disruptive psychopathology, 30836
memory & comprehension & cognition in older adults, 23717
memory & concentration & school performance & physical condition & negative emotions, 10–13 yr olds with severe asthma, 34562
memory & learning, 9–12 yr olds with dysphonic dyslexia vs dyseidectic dyslexia, 14848
memory & linguistic representations of social events, undergraduates, 20868
memory & metamemory functioning, adult patients with major depression with physiological or behavioral or cognitive symptoms, 24202
memory & motor performance deterioration & dementia in onset & course of Alzheimers disease, 17–29 vs 30–39 vs 40–49 vs 50–58-yr-olds with Downs syndrome, 3 yr study, 31000
memory &suggestive questioning & recall of final occurrence of repeated events with fixed vs variable items, 3–8 yr olds, 36759
memory aids & encoding limitations & retrieval failure in recall & recognition of child's vaccination, parents, 10 wk followup, 10199
memory bias for panic-related sentences & words, 19–51 yr olds with panic disorder, 37410
memory conjunction errors, ERP & behavioral performance & neuropsychological data as evidence for faulty encoding vs retrieval, 21–39 vs 66–88 yr olds, 23151
memory deficits & intelligence & learning, patients with schizophrenia vs Korsakoff's syndrome vs Alzheimers disease vs traumatic brain injury, 37267
memory for color &/vs pattern contrast in patterned food containers, male chicks, 16735
memory for emotional trait adjectives, 10–17 yr olds with depression, 1536
memory for intentions in purchasing products, adults, 26448
memory for pain & willingness to accept pain for money, 19–57 yr olds, 13305
memory for pain, children, literature review, 30131
memory for schema-typical & atypical episodes & repeated events, 4 vs 7 yr old children, implications for memory development , 26981
memory for telephone support calls from home care facility during Gulf War, anxiety, elderly, 25466
memory for trauma, recently raped 18–51 yr olds, 3 mo study, 8278
memory function, adolescents with schizophrenia vs ADHD, 37232
memory impairment & decrements in CSF 5-HIAA, 20–44 yr old MDMA (Ecstasy) users, 8336
memory impairments associated with hippocampal vs parahippocampal-gyrus atrophy, patients with Alzheimer's disease, erratum, 8639
memory in word-associate production vs category-exemplar priming tasks, patients (mean age 76.7 yrs) with Alzheimer's disease, 34684
memory loading task difficulty & EEG, 18–25 yr old males, 29922
memory maintenance mechanisms & sleep adaptations & pathologies & dreaming, dynamic stabilization of neural circuitry & etiologies of delirium & fatal familial insomnia & epilepsy, 29814
memory of naturalistic event following neutral vs inaccurate information, 6 vs 9 yr olds, 13955
memory on naturalistic vs laboratory task ability, 18–28 vs 60–69 vs 80–92 yr olds, 32928
memory performance & SES, literature review, commentary reply, 6907
memory performance & SES, literature review, commentary, 6921
memory psychophysics & fundamental measurement applied to similarity/dissimilarity comparisons with remembered & perceived visual magnitudes, graduate students, 287
memory representation of alphabetic position & interletter distance estimations & comparative judgments of alphabetic order, college students, 16643
memory requirements, visible vs invisible displacement task performance, rhesus monkeys vs orangutans, 10265
memory scanning cues, capacity for motoric response preparation in parallel with initiation & maintenance of lateralized contingent negative variation, 18–45 yr olds, 13614
memory scanning performance & cognitive & affective effects of worry, 19–56 yr olds with anxiety, 1660
memory self-efficacy & locus of control, event- vs time-based prospective vs retrospective memory performance on laboratory tasks & memory capacity & stability & anxiety, 51–83 yr old Ss, 16653
memory training programs, objective & subjective memory performance, 50–87 yr olds with subjectively experienced vs objectively defined memory decline, 6902
memory-enhancing vs memory-impairing placebos, delayed free recall, 18–36 yr olds, 26442
mere-exposure effect & implicit vs explicit memory in face recognition, Alzheimer's disease patients, 8683
message repetition & listener age, memory for automated appointment messages, older (mean age 71.2 yrs) vs younger (mean age 19.2 yrs) Ss, 26991
metamemory ability & false beliefs, autistic vs mentally retarded children, 14820
metaphor, processing style in persuasion tasks & listeners' motivation & cognitive responses & recall & enjoyment of sports, college students, 33994
methodological issues in ad libitum mixing, taste memory, 18–50 yr olds, 3406
midazolam, modality-match effect in implicit memory, adults, 17046
misconception & alternative statistical procedures in language & memory studies, 36065
misleading information with vs without inoculation procedure about misleading postevent information in written vs videotape vs written & videotape form, memory of videotaped events, 18–50 yr olds, 13361
misleading narrative stimulus & written vs pictorial stimulus modality in testing procedure, suggestibility & misinformation effects in memory retrieval & object recognition, 17–58 yr olds, 32953
mismatch negativity in deficit of auditory sensory memory, school-age children with cleft palate or CATCH syndrome, 4840
mnemonic role of TV & other media in collective memory & promotion of ceremonies commemorating assassinated Prime Minister Y. Rabin, Israel, 33576
model for perceptual identification of words, adults, implications for implicit memory, commentary, 26433
model- & scale-independent performance of hippocampal CA3 network architecture & neuromodulatory analogs of memory function, neuropathological implications, 32500
models of & decision rules for recognition memory confidence judgments, 248
modifications of short- vs long-sample choice & successive matching tasks, retention of event duration, pigeons , 23202
mood & regional brain electrical activity & startle eyeblink response & memory recall & attention performance, 18–38 yr olds self-administering 160 mg prednisone , 17096
mood, prospective &/vs retrospective memory, college students, 10192
mood-congruent memory bias in perceptual implicit memory tasks for threat-related information, low vs high trait anxiety Ss, 26447
motor learning & memory & motor cortex neuronal density, 22–31 vs 62–71 day old male rats, 13568
motoric vs semantic/control cues, motoric encoding of objects viewed in pictures & memory for pictures, Alzheimer's disease patients, 31240
multiple free recall vs mnemonic recall strategies in cognitive interview, correct information recalled, 19–21 yr olds, 29625
multiple important intentions, prospective & retrospective memory for other less important intentions, adults, 13354
multiple levels of applicability, transference in terms of activation & use of significant-other representations in social perception, college students, 37104
multiple vs single retrieval cues, reminiscence vs interest forgetting in hypermnesia, college students, 36271

multitrial training-to-criterion procedure & diazepam, maze learning & memory & inhibitory avoidance, male rats, 20052
muscimol & AP5 in regions of cingulate cortex, consolidation of memory for inhibitory avoidance task, male rats, 33449
mutation producing spina bifida, neurologic assessment of activity level & reactivity & memory, ct/ct vs CBA mice, animal model of behavioral anomalies in spina bifida, 435
naloxone, memory impairments following ECT, 28–78 yr olds treated with ECT for major depression, 28482
nasal delivered lysine vasopressin, memory & learning deficits, severely head injured 18–55 yr olds, 31783
natural or environmental sounds & retention intervals & interference manipulations, auditory list memory & interference processes, male rhesus monkeys, 23218
naturalistic vs artificial studies in comparative cognition & behavioral genetics & effects of mutation & hippocampal function on memory & use of hypothesis driven studies, reply, 26478
naxolone, chlordiazepoxide effects on anxiety vs emotional vs spatial memory, male mice, 7165
neuroanatomy & neurochemistry of pathways in telencephalon & mesencephalon & basal ganglia & tegmentum & role in learning & memory & pecking avoidance, 1- to 2-day old chicks, 13532
neurobiological basis of memory, invertebrates & lab rodents & other vertebrates, 7045
neurobiology & neuropsychology of memory & amnesia & issues in recovered memory, 6926
neurobiology of memory & its implications for psychotherapy, 15145
neuroimaging analysis of separating learning related changes from nonspecific time effects, 22–29 yr olds, 20131
neurology & electrophysiology of imprinting & recognition memory, 13494
neurophysiological contributions to & clinical implications for memory impairment & encoding failures & reversible amnesia & dissociative detachment, 14436
neurophysiological substrates of context conditioning & learning & memory, Hermissenda, 33256
neuropsychological & memory performance & diagnosis of age associated memory impairment & progression to dementia, females with subjective memory impairment, 8625
new applications for classical eyeblink conditioning paradigm in study of learning & memory , 10219
nicotine & its antagonist mecamylamine, contextual fear conditioning, mice, 23510
nicotine, directed forgetting & ERPs, briefly abstinent male oral snuff users (mean age 27.4 yrs), 10608
nicotine, learning & memory, young vs old rats, 33362
nicotinic agonist ABT-418, total recall in verbal learning & spatial learning & memory, Alzheimers disease patients (mean age 72.7 yrs), 18835
non-verbal memory deficit as substrate for doubt-related symptoms,23–70yr olds with obsessive-compulsive disorder with checking as principal symptom, 8206
nonlinear dendritic processing & object knowledge encoding & storage & retrieval in multimodular associative memory networks , 32493
nonverbal memory span & spatial working-memory ability & planning & set-shifting & recognition memory, 7–9 yr old preterm neonatal intensive-care survivors, 36747
noradrenergic effects of yohimbine vs metoprolol, memory for emotional material, healthy young adults, 36270
number of hrs after exposure to stimulus for administration of glutamate in right vs left hemisphere, imprinting memory, chicks, 4175
object & source memory for visually perceived or performed vs imagined events, college students, 29627
odor avoidance after electric shock, Drosophila mutants, implications for memory & learning deficits, 350
odor memory & identification & consistency of verbal label use & olfactory detection thresholds, 4–11 vs 18–30 vs 31–57 vs 64–90 yr olds, 26988
office noise with or without speech & duration & meaning of noise, memory for prose & mental arithmetic, adults, 3529
olanzapine vs haloperidol vs placebo, attention & memory & psychomotor function, healthy 62–81 yr olds, 23489
olfactory stimuli, context-dependent effects in infant memory, 3 mo olds, 7430
oral inositol, spatial learning & memory & home cage behavior, rhesus monkeys, implications for interspecies differences, 4144
order effects & accuracy of & confidence in memory for evidence in individual vs group decision making, auditors, 13261
order of sequence of sentences in narrative text, metamemory judgments & object-level recall, 18–40 yr olds , 19843
organizational learning to enhance memory & distribution of organization intelligence in organization decision support system process, 6427
organizational strategies, nonverbal memory impairment, Ss with obsessive-compulsive disorder (mean age 32.7 yrs), 17946
overt rehearsal as explanation of enhanced memory associated with emotion, college students, 16640
paradigms of sensory memory & trace discriminability theories of tactile recency, college students, 16649
passive avoidance training model in determination of cellular correlates of stages of memory formation, 1-day-old chicks, 13584
pathways of memory consolidation during operant conditioning & model of multiple pharmacologically distinct memory phases, drosophila, 3671
perceived vs actual changes in attention & memory abilities during pregnancy, pregnant women, 16575
perception of complex ungrammatical sentences as grammatical, memory & recall, young adults, 26904
perceptual interference, item-specific encoding, college students, 6915
perceptual vs semantic encoding attributes & speaking rate & fundamental frequency & voice, explicit word recognition, older vs younger adults, 29650
performance on Rivermead Behavioural Memory Test, assessment of memory problems & cognitive deficits, 11–17 yr olds with PTSD, 13071
performance on tests of auditory verbal learning & memory & motor skills & general intellectual functioning & visuospatial functioning, 25–68 yr old binge vs regular alcohol drinkers, 30892
performance on time-based prospective memory task assessing ability to carry out future intention at specified time, depressed vs nondepressed adults, 21105
peripheral steroid sulfate, dehydroepiandrosterone & pregnenolone sulfate & memory retention, 8–10 wk old male mice , 36310
persistence & exacerbation of significant-other-based inferences & confidence in representation-consistent memory of fictional person, undergraduates, 2–3 wk follow-up, 17604
personal relevance & temporal context, positron emission tomography brain activation during memory retrieval, 28–41 yr old males, 20117
phenelzine, learning & memory in shock avoidance & spatial water maze tasks, male rats, 17085
phenomenology & cognitive mechanisms of recovered memories of trauma, 6898
phlorizin with or without insulin, facilitation of memory storage & retrieval & retention in inhibitory avoidance task, male Swiss mice, 10544
phonological & letter & memory task performance, prediction of reading disabilities, kindergartners, 1 yr study, 17275
pictorial mnemonic numeric system, factual memory, 5th–6th graders & college students, 23701
plasma cortisol vs dehydroepiandrosterone, memory, estrogen using vs nonusing adults with vs without Alzheimer's disease, 24788
positive affect & intention memory, removal of Stroop interference & volitional facilitation, college students (mean age 24.7 yrs), application of personality systems theory, 29575
positive mood, learning brand names, adults, 32967
positive symptoms of schizophrenia, neurocognitive functioning for language and memory, hospitalized patients (mean age 36 yrs) with schizophrenia, 34165
positron emission tomography research on human memory in hippocampus, learning vs retrieval & novelty detection & depth of processing, 23311
post-training glucose injections, scopolamine-induced memory deficits on bar-pressing task, Balb/cAnNCrIBR vs Balb/cbyJ mouse strains, 716
postexperience advertising, consumer memory of taste experience, college students, 16199
potential relevance of advances in neurobiology of learning & memory to medical education, 25623
potential uses of transcranial magnetic stimulation in study of learning & memory, 10414
pragmatic role of hand gestures in language comprehension & memory, college students, 23627
pre- vs postsynaptic histamine 2 & 3 receptor agonists vs antagonists, posttraining memory modulation & avoidance conditioning, male mice, 7192
predictive validity of feeling-of-knowing judgments for subsequent recognition memory performance, 18–81 yr old eyewitnesses to crime scenario, 29646
prenatal exposure to gamma radiation, locomotor & exploratory activity & learning & memory & brain weight & brain:body weight ratio, mice, 20281
prenatal hypoxia-ischemia, nitric oxide synthase expression & activity & learning & memory, rats, 33057
presence vs absence of apolipoprotein E-4 allele, memory self-appraisal, cognitively intact 50–82 yr olds with mild memory complaints, implications for development of Alzheimer's disease, 28204
presentation & teaching of computer simulations of global memory models in cognitive psychology, undergraduate & graduate psychology students, 15887
presentation rate, serial memory, 4–6 yr olds with specific language impairment, 8469
prevalence & predictive inferences & their persistence in memory during reading, college students, 23141
priming & pleasantness ratings of threatening vs nonthreatening words & implicit & explicit memory & mood state, 18–50 yr old females, implications for perceptual representation system, 3536
priming & recollection & intentional retrieval, humans, 289
priming effects in arithmetic reasoning & implicit memory, 38 yr old male with severe amnesia, 28142
prion disease homogenate targeted to hippocampus, passive avoidance learning & memory & locomotor activity, C57BL/6J mice , 16896
prism adaptation, aftereffect displacement & persistence of memory, adults, 13194
proactive interference, memory span performance, 18–21 vs 60–75 yr olds, 36267
production of imagery & other strategies, assessment of deficits in associative memory, older (mean age 70 yrs) vs younger adults (mean age 19.8 yrs), 7596
progress in research on role of synaptic plasticity in learning & memory, 452
prolonged occupational exposure to large pressure amplitude low frequency sound, deterioration in attention & memory, 35–56 yr old male aircraft technicians, 16156
properties of cortical areas for memory storage & processing for neural network model, 35802
propranolol, emotional vs conditioned response memories after memory reactivation, male rats, 26835
protein-rich vs -poor meals after acute exercise, mood & memory performance, males (mean age 23.4 yrs), 4080
psychiatric perspective of flashbulb memories & other repetitive images, 14467
psychoanalytic reconstructions of past events & possibility of dynamics in analytic present displaced to historical past, 18640
psychoanalytic study of implicit perception & memory, 13167
psychological & cognitive neuroscientific perspectives on transience & absentmindedness & blocking & misattribution & suggestibility & bias & persistence in memory, 10213
psychophysical description of early visual processing mechanisms in perceptual memory system, 32772
psychosocial & biomedical predictors of attention & memory, 16–65 yr old patients with end-stage renal disease, 8522
pyrithiamine-induced thiamine deficiency vs lesions of lateral internal medullary laminae, allocentric spatial working memory & retrograde memory in delayed matching to place water maze task, rats, 10438
quanitification of dilute connectivity & storage function in neural network model of hippocampal associative memory, 32496
question format & other situational factors, memory & suggestibility, 4–7 yr olds, 10769
reactivation of dormant representations of auditory stimulus with differing frequencies vs intensities, young adults, 195
real vs implanted vs fabricated memories for stressful childhood events, parents of college students, implications for recovered memory debate, 32971
real-time tracking of memory formation in rhinal cortex vs hippocampus , patients with temporal lobe epilepsy, commentary, 34675
real-time tracking of memory formation in rhinal cortex vs hippocampus, patients with temporal lobe epilepsy, 34626
recall & content of early vs later (after age 7) memories & questionnaire prompt in 2nd session, male vs female (mean age 24 yrs) college students, implications for theories on infantile amnesia , 19870
recall accuracy & uncertainty in location memory, college students, implications for use of methodology in design of & optimization of information retrieval in pictorial databases, 26443
recall of emotional reactions & circumstances after disaster as evidence of flashbulb memory quantity & consistency, Swedish citizens, 26436
recall of object-specific actions & multi-step event sequences over 5 wks, 9 mo olds, 10762
recall of positive vs negative public vs private self-referent vs other-referent words in anticipation of speech & rating of anxiety during speech, high vs low socially anxious college students , 20864
recall of smoking habits during pregnancy 0.5–3 yrs after delivery, females, 18060

recent exposure to information, memory of general knowledge estimation & recall, college students:, 10218
receptive field plasticity as representation of acquired stimulus importance or physiological memory in primary auditory cortex, 532
recoding accounts of cross-modal priming & explicit memory, 56–69 yr olds with verbal production deficits , 18211
recognition memory & isolation of retrieval time course for familiarity & source information, college students, 16654
recollection & familiarity & dual-process signal-detection model, recognition & source-memory judgments, college students, 36278
recommendatons for use of exposure based therapy for reduction of emotional responding to traumatic memories, 8810
reconstructive memory & hindsight bias & knowledge of story endings, reaction to victims & perpetrators in various scenarios, undergraduates, 27317
recurrent vs 1st episode depression, memory deficits on word-list learning task, 21–65 yr old depressed inpatients, 34091
relation between misremembering & source judgments in misleading information & false memory paradigms, college students, application of Composite Holographic Associative Recall Model, 23130
relationship between amygdalar volume & memory of real-life emotional events, 54–87 yr olds with Alzheimer's disease who experienced an earthquake, 11920
relationship between confabulation & source memory & executive functions, patients (mean age 74.7 yrs) with Alzheimer's disease, 24797
relationship of interrupted memories of child abuse & secrecy of abuse, adults (mean age 43.4 yrs) with history of childhood abuse, 34265
release of hepatic glucose, effects of epinephrine on memory, female rats, errata, 10579
reliability & validity of the Short Orientation-Memory-Concentration Test, 17–63 yr old rehabilitation patients with various neurological diseases, 21615
repeated cue-event frequency, prospective remembering, 18–32 yr old college students, implications for experimental design, 10187
representation in memory of strong vs weak attitudes about government policies, college students, 7708
representation vs production-execution deficits in apraxia, 60–76 yr olds with corticobasal degeneration, 28166
requirements for memory search & phonological vs spatial resources, processing temporal information in interval production with concurrent nontemporal task, 20–30 yr olds, 29597
resemblances in the organization of memory vs. the visual system, 36122
response to & recognition of situations in dynamic system control task, 18–35 yr olds, implications for models of implicit learning & memory, 3586
response-locked changes in auto- & cross-covariations in parietal cortex during memory saccade task, monkeys, 29841
retrieval in analogical transfer of problem solutions within & between languages, Spanish–English bilingual adults, 16636
retroactive interference & hypermnesia, items gains & losses, undergraduates, 23127
retroactive interference for paired word associations, metamemory ratings of feeling of knowing & judgments of learning, undergraduates, 23145
retrograde amnesia & remote & autobiographical memory ability, patients with diencephalic vs temporal vs frontal lobe lesions, 28171
reversible functional inactivation technique & role of subcortical & cortical structures in memory processes, 10201
reversible inactivation of dorsal hippocampus, context retrieval of fear memory, rats, 36421
robot predators in virtual ecologies & the importance of memory in mimicry studies, replication & extension of R. E. Owen & A. R. G. Owen's effect, 10360
role & context of corticosteroids & mineralocorticoid & glucocorticoid receptors, ability to cope with stress & cognition & memory performance, humans, 36408
role of amnesiac gene in olfactory learning & memory formation, adult fruit flies, 36390
role of commitment & misleading information in eyewitness memory, university students, 291
role of dopaminergic & cholinergic systems in memory storage, mice treated with D1 vs D2 dopamine receptor agonist or antagonists, 6961
role of item strength in output interference in recall, university students, 272
role of memorization strategies & imagery ability in recall of gymnastics routine, skilled vs less skilled 8–13 yr old female gymnasts, 30169
role of neural cell adhesion molecule gene expression in memory formation in passive avoidance, 1-day-old chicks, 20122
role of neural cell adhesion molecules in memory consolidation, 503
role of pleasantness & arousal, mood-dependent memory, college students, 6896
role of social experience in odor discrimination & memory, hamster biological siblings vs foster brothers, 36364
roles of cue accessibility & cue sensitivity in contributing to momentary lapses of intention, young vs old adults, test of age-related decline in prospective memory, 19837
ryanodine receptor modulation of calcium, classical conditioning & associative memory storage, molluscs, 23293
salience of political bomb explosion & collective memories & mental health, Protestants vs Catholics in Northern Ireland, 10182
selective cholecystokinin subset B agonist, 2-trial recognition memory task performance, male rats, 23536
selective review of photographs, memory of unrelated complex activities, 16–26 vs 61–74 yr olds, 19852
selegiline, memory modalities in prefrontal cortex, 60+ yr olds with mild to moderate Alzheimer's disease, 22046
self evaluation & esteem & need to self-enhance, misanthropic memory, college students, 11170
self-awareness deficit in memory functioning & effects of practice & feedback on self-reporting–recall differences, 21 yr old male brain injury survivor 5 yrs post-injury, 31316
self-reported encoding strategy & facial recognition & general memory skills in eyewitness identifications, college students, 10127
sensory acuity & processing speed & presentation in print vs audio vs TV format, content memory & source recognition of new stories, 20–40 vs 60–80 yr olds, implications for aging & memory impairment, 13351
serious vs light rock music videos, rating & recognition memory, college students, 32955
shape identification & memory for objects with differing vs similar dimensions, 71 yr old male with category-specific visual agnosia, 28144
short interfood intervals, temporal control, pigeons, 16773
similarity & distinctness of age-associated memory impairment & ageing-associated cognitive decline as research diagnostic criteria, adults without dementia with evidence of cognitive decline, 30265
single vs multiple administration of zolpidem, memory & hypnotic effects of ethanol, chronically ethanol-treated rats, 30033
slides of nude vs clothed men & women, choice reaction time & incidental learning task performance, heterosexual men vs women vs gay men vs lesbian women, 23935
social cognition in psychopathogenic effect of childhood experience on psychic development & psychoanalytic understanding of how experience becomes constructed & reconstructed in form of memory, 17190
social constructionist & Durkheimian perspectives on American's views & collective memories of Ku Klux Klan commemoration, 11087
source credibility & time delay, memory suggestibility, undergraduates, 295
source-memory salience of 1st- vs 3rd-person vs non-narrator character agents vs text features in literary short story reading comprehension & recall, college students, 26390
spaced retrieval method, recall & memory, 73-88 yr olds with probable Alzheimer's disease, 28745
spatial mental model of measurement, assessment of acquisition & utilization of working memory, 18–31 vs 60–79 yr olds, 32958
speed of access to declarative memory & application & acquisition of procedural memory, 18–47 yr olds with closed head injuries, 15045
stereotype consistency & comparative & normative fit, social categorization in memory & social category attribution, 19–50 yr olds, 27315
steroid hormone levels & cognition & memory & mood during vs after pregnancy, females (mean age 33 yrs), erratum, 23450
steroid hormone levels & cognition & memory & mood during vs after pregnancy, females (mean age 33 yrs), 10508
steroid hormones & verbal & visual & semantic memory & concentration & attention & language fluency & mood, males vs females (average age 72.1 yrs), 4516
stimulus familiarity, target & distractor word recognition, college students, 29633
stimulus similarity, frequency judgments of presented vs nonpresented words, undergraduates, 29653
storytelling about relationship conflict, blame for vignette-based vs real-life relationship conflicts & subsequent memory & impressions of relationship events, college students, 11126
strategic memory, children & adolescents with ADHD, 11685
strength of original vs misleading information, memory for an event, 3–5 yr olds, 17270
stress levels, memory of natural disasters, 3–4 yr olds & their mothers, 7376
stress-level cortisol, decreased memory performance, 18–30 yr olds, 23559
subjective & objective indices of health, memory performance, 55–85 yr olds, 30257
subjective complaints of memory disturbance vs objective memory performance, 19–66 yr old Lyme borreliosis patients with vs without depression, 11871
sulpiride, involvement of posteroventral caudate-putamen in memory consolidation in Morris water maze, male rats, 17097
suramin, hippocampal apyrase activity & inhibitory avoidance learning, rats, 20263
surface orienting vs conceptual encoding, memory for subject performed vs standard verbal learning tasks, 36249
synaptic strength among neurons, genetic enhancement of learning & memory, mice, 33080
system memory in patterns of reoccurrence of violence, bars , 24384
task difficulty & task rule familiarity, classification performance & strategy & retrieval from memory, college students, 26384
television violence, memory for commercial messages, college students, 9690
temporal & associative memory, verbal information processing, Chinese vs English-speaking adults, 33633
temporal primacy effect in trace conditioning of nictitating membrane response, albino rabbits, 16763
terminology & design & analysis problems & recommendations for understanding cognitive research on integration of language & memory in bilinguals, 10098
test of memory vs safe key choice as function of metamemory in delayed matching to sample, pigeons, 23135
testing independence assumption in process-dissociation procedure of estimating influence of explicit & implicit memory, 278
tetrahydroaminoacridine vs clonidine, executive functions vs recall vs visuoconstructive functions vs verbal function ability, adults with Alzheimer's disease, 15332
text-provided elaboration & prior knowledge, text comprehension & memory, adults, 280
theory of mind & imitation & memory, language acquisition & development, infants & toddlers, 30182
thioperamide & scopolamine or diphenhydramine or methysergide, memory, male albino mice, 26822
time between 1st & 2nd intracarotid amobarbital procedure injections, memory, patients (mean age 28.8 yrs) undergoing epilepsy surgery , 22053
time delay & interference, encoding & recall of backgammon positions, 19–31 vs 58–65 yr old experienced backgammon players, 20528
time perception & temporal memory for empty intramodal intervals, pigeons, 23214
time, nonmonotonic changes in context shift effect, male albino Hilltop rats, 3722
tracking of neuromental processes via assessment of behavioral measures & ERPs prior to & during & after identification of previously vs not previously viewed fragmented objects, 19–30 yr olds, 3987
transactional aspects of human memory in mediating interpersonal relations, implications for legal testimony, 39060
transitions between memory phases with sharp standard timings & interactions between left & right cerebral hemispheres during memory formation, chicks, 13513
traumatic memory & inhibitory power of eye movements & effects in specific phobias & panic disorder of eye movement desensitization & reprocessing, 18569
true memory for presented list words vs false memory for nonpresented but related items, college students, 29643
tryptophan depletion, memory & learning & perceptual & psychomotor & other cognitive functions, 18–61 yr olds with vs without positive family history for depression, 10647
use of external memory aid, development of problem-solving routine, undergraduates, 23128
use of perceptual fluency & memory in creation of 2-way illusions with words & voices in presence of noise, college students, 16452
use of sense selection & creation for interpretation of eponymous verb phrases & ordinary lexical ambiguities during memory retrieval processes, college students, 32973
use of Tower of Hanoi in assessment of cognitive procedural memory, 47 yr old male with Korsakoffs syndrome, 5070
validity & reliability of habituation of nose-poking response, measurement of memory, male mice, 33055
validity of memory complaints for detecting cognitive impairment, 75 yr olds & older, 33710
value of performance from memory, musicians, implications for music performance & pedagogy, 20398

verbal learning & memory as measured by California Verbal Learning Test, adults (mean age 35.9 yrs) with schizotypal personality disorder vs other personality disorders, 8236
viewing famous vs nonfamous pictures of faces, eye-movement based memory effect, undergraduates, 23123
visual vs functional domain-specific semantic knowledge, long-term conceptual priming, college students, 6923
visuo-spatial & linguistic & memory ability, 10 yr old male with Williams syndrome, 31005
warning on ability to detect malingering on memory & motor tasks, simulated memory & motor deficit performance, college students, commentary, 28215
Wide Range Assessment of Memory & Learning, assessment of memory functioning, 6–17 yr olds with mild-moderate or severe traumatic brain injury, 16360
words & pictorial stimuli & analogous encoding & retrieval conditions over repeated trials, recognition vs recall hypermnesia, college students, test of alternative retrieval pathways hypothesis, 32965
yes/no recognition vs source monitoring test format, source-memory performance & eyewitness suggestibility, Ss ages 63–82 yrs, 16655
zolpidem, explicit & implicit & semantic memory, 20–48 yr olds, 17069

Memory [See Also Autobiographical Memory, Early Memories, Eidetic Imagery, Episodic Memory, Explicit Memory, False Memory, Long Term Memory, Memory Decay, Memory Trace, Reminiscence, Repressed Memory, Short Term Memory, Spatial Memory, Spontaneous Recovery (Learning), Verbal Memory, Visual Memory]—Books

Conceptual coordination: How the mind orders experience in time, 32933
Context is everything: The nature of memory, 26451
Dynamic memory revisited, 36280
Essentials of human memory, 23156
Externalism and self-knowledge, 4323
Fleeting memories: Cognition of brief visual stimuli, 26415
Memory and forgetting, 32983
Memory, 19872
Memory: From mind and molecules, 10222
Neural networks, 16257
On human memory: Evolution, progress, and reflections on the 30th anniversary of the Atkinson-Shiffrin model, 16670
The psychotherapist's guide to human memory, 25026
Recollection, testimony, and lying in early childhood, 20450

Memory [See Also Autobiographical Memory, Early Memories, Eidetic Imagery, Episodic Memory, Explicit Memory, False Memory, Long Term Memory, Memory Decay, Memory Trace, Reminiscence, Repressed Memory, Short Term Memory, Spatial Memory, Spontaneous Recovery (Learning), Verbal Memory, Visual Memory]—Chapters

Acquired aphasia in bilingual speakers, 5434
Age and memory: Perceptions of forgetful young and older adults, 32987
Amnesia and neglect: Beyond the Delay-Brion system and the Hebb synapse, 29882
Animal models of global amnesia: What can they tell us about memory?, 36477
The architecture of human memory, 32989
Attentional network streams of synchronized 40-Hz activity in a cortical architecture of coupled oscillatory associative memories, 39054
Automation of movements: Challenges to the notions of the orienting reaction and memory, 3526
Beliefs about memory and aging, 32991
The body keeps the score: Memory and the evolving psychobiology of posttraumatic stress, 21213
Bringing ritual to mind, 16680
Building a picture of the brain, 26659
Combining disruption and activation techniques to map conceptual and perceptual memory processes in the human brain, 33310
Components of processing, 32993
Comprehension and memory for texts: Three generations of reading research, 32950
Conversational remembering and family relationships: How children learn to remember, 7466
Coordinated control of posture and movement: Respective role of motor memory and external constraints, 3527
Creating false autobiographical memories: Why people believe their memory errors, 16677
Creativity and the commonplace, 4347
The development of procedural metamemory in childhood and adolescence, 4458
Distinguishing between textbase and situation model in the processing of inconsistent information: Elaboration versus tagging, 6890
Down syndrome in cognitive neuroscience perspective, 30970
An Embedded-Processes Model of working memory, 19876
The emergence of language from serial order and procedural memory, 13975
Evaluating eyewitness testimony in adults and children, 9728
Evolutionary memory, 11186

30 years of memory, 16684

Memory Decay—Serials

alcohol-related memory impairment & thiamin deficiency & Korsakoff's syndrome & memory impairments following nonalcoholic Wernicke's encephalopathy, 34361
association between memory complaints & incident Alzheimer's disease, 65–84 yr olds with normal vs impaired baseline cognition, 3.2 yr follow up, 18375
conventional vs new paradigm with trains of stimuli at very short interstimulus intervals, duration of auditory sensory memory indexed by mismatch negativity waveforms, 19–24 vs 40–57 yr olds, 3393
correlation between Mini-Mental State Examination & Logical Memory subtest of Wechsler Memory Scale, healthy 70+ yr olds with vs without subjective memory impairment, 7597
development & reliability & validity of Hebrew version of Buschke Selective Reminding Memory Test, measurement of verbal memory function & memory deficits, 14–77 yr olds, 26440
memory decay process in gap timing in neural network Spectral Timing Model & Scalar Expectancy Theory, animals, 16760
memory for medical emergencies including actual injury & hospital treatment , 2–13 yr olds, 2 yrs after injury, 36757
memory training programs, objective & subjective memory performance, 50–87 yr olds with subjectively experienced vs objectively defined memory decline, 6902
memory training with vs without 2.4 vs 4.8 g piracetam, forgetfulness, 55+ yr olds with age associated memory impairment, 3 mo study, 8995
neuropsychological & memory performance & diagnosis of age associated memory impairment & progression to dementia, females with subjective memory impairment, 8625
precision vs decay of short-term auditory sensory memory measured by backward masking, adult schizophrenic inpatients, 11427

Memory Decay—Chapters

Age and memory: Perceptions of forgetful young and older adults, 32987
Normal memory aging, 4529
The significant of memory complaints in later life: Methodological and theoretical considerations, 1026

Memory Disorders [See Also Amnesia]—Serials

accuracy of criteria used in diagnosing Alzheimer's Disease & subsequent autopsy results, 60+ yr old community-based patients with memory complaints, 21576
bilateral hippocampal damage, retrograde vs anterograde memory loss, adult male 36 & 53 yr olds, implications for hippocampus memory role model, 37859
cognitive memory training program, memory deficits, stroke patients, 4 wk followup, 2667
Consortium to Establish Registry for Alzheimer's Disease measure, utility in differential diagnosis of memory disorders, adults aged 65 yrs & older, Jamaica, 16365
contribution of memory impairment & executive dysfunction to pathogenesis of false facial recognition, 51 & 67 yr old male patients with focal frontal lobe damage, 24841
detection of exaggeration of memory impairment, claimants & litigants without head injury, 28138
effectiveness of training program for work with memory impaired residents, nursing home & assisted living staff, 25620
encoding & false recognition memory impairment, 54 yr old male patient with left frontal lobe damage, 24837
errorless learning approach to memory retraining, retention, memory-impaired schizophrenic patients, 11432
errorless learning, acquisition of word processing skills, 33-yr-old male with memory impairment , 2671
factors & outcomes of using the Neuropage, 23 yr old male with memory & executive problems following head injury, 28748
false childhood memories & time-split errors & biased memory for attitudes & previous mental states & forget-it-all along effect, 8631
genetic background, procedural & declarative memory functions, 50 yr olds & older with age-associated memory impairment, 36875
histochemical distribution of endogenous glucagon-like peptide-1 amide in hippocampus, memory impairment, rats with beta-amyloid protein (1-40) infused into lateral cerebroventricle, 36599
huperzine A, scopolamine induced or naturally occurring spatial working memory deficits, young adult vs aged rhesus monkeys, animal model of drug therapy for Alzheimer's disease, 16958
impaired stored visual memories specific to objects, 72 yr old female with agnosia without prosopagnosia or alexia, 5357
Linopirdine, implicit & explicit & primary memory, elderly adults with age-associated memory impairments, 34963
memory & attention & communication deficits, patients with schizophrenia & their relatives, 11409
neurophysiological contributions to & clinical implications for memory impairment & encoding failures & reversible amnesia & dissociative detachment, 14436
neuropsychological functioning & cerebral glucose metabolism, 62–70 yr old patients with memory impairment vs Alzheimer's disease, 3 yr study, 11873
nonverbal memory span & spatial working-memory ability & planning & set-shifting & recognition memory, 7–9 yr old preterm neonatal intensive-care survivors, 36747
outcomes of patients in a memory clinic & contributions of research to clinical practice, 38509
patterns of frontal cognitive & memory impairment, melancholic &/vs nonmelancholic depressed patients, 11350
performance on Rivermead Behavioural Memory Test, assessment of memory problems & cognitive deficits, 11–17 yr olds with PTSD, 13071
postinjury attention & memory dysfunction & cholinergic mechanisms & sensory gating & EEG auditory evoked responses as physiologic marker, 34–45 yr olds with traumatic brain injury, 14994
prevalence & incidence of clinically diagnosed memory impairments with or without dementia, 42–92 yr olds, 24773

proper name anomia following left temporal lobectomy, male 47 yr old with intractable seizures, 18374
psychiatric perspective of flashbulb memories & other repetitive images, 14467
remote memory loss for famous people & events with intact autobiographical memory, female 71 yr old with progressive right temporal lobe deterioration, 34652
verbal memory dysfunction, 18–50 yr old outpatients with major depressive disorder &/vs borderline personality disorder, 27533
verbal memory impairments & work performance, patients with schizophrenia, 1572
Memory Disorders [See Also Amnesia]—Chapters
Behavioral and pharmacological analyses of memory: New behavioral options for remediation, 36321
A cognitive neuropsychological approach to spatial memory deficits in brain-damaged patients, 5438
Meaning but not words: Neuropsychological evidence for very short-term conceptual memory, 28222
Normal memory aging, 4529
Traumatic disruption of bodily experience and memory, 24114
Memory Enhancing Drugs [See Nootropic Drugs]
Memory Trace—Serials
conventional vs new paradigm with trains of stimuli at very short interstimulus intervals, duration of auditory sensory memory indexed by mismatch negativity waveforms, 19–24 vs 40–57 yr olds, 3393
EEG firing patterns during experience, reactivation of hippocampal cell assemblies during quiet wakefulness vs slow wave vs REM sleep & memory trace, male rats, 20114
Effect of disruption of memory traces, working memory performance, male alcoholics (19–55 yrs old), 37544
memory trace & suppression & ability to distinguish relevant from previously encountered but irrelevant information, brain damaged spontaneous confabulating vs nonconfabulating amnesic Ss, 34677
memory trace & suppression & ability to distinguish relevant from previously encountered but irrelevant information, brain damaged spontaneous confabulating vs nonconfabulating amnesic Ss, commentary, 34678
model of memory trace mechanism for view-invariant object recognition in recurrent neural networks, 6467
tone duration & interstimulus interval & attention modulation, auditory evoked magnetic fields & memory trace in left & right auditory cortex, healthy adult males, 3974
Memory Training—Serials
aerobic exercise & memory training techniques of rehabilitation, cognitive functioning & perceived changes in quality of life, 60–76 yr olds, 12494
cognitive ability profiles as predictors of response to mnemonic training, serial word & proper name recall, community-dwelling 55–88 yr olds, 2 wk study, 36268
cognitive memory training program, memory deficits, stroke patients, 4 wk followup, 2667
effectiveness of interactive computer-based memory training program, 72–90 yr olds with Alzheimer's disease or dementia , 19046
efficacy of self-taught &/or group memory training, memory performance improvement, community dwelling 60 yr olds & older, 1016
errorless learning approach to memory retraining, retention, memory-impaired schizophrenic patients, 11432
general education vs memory training program designed to increase meaningfulness, improvement of memory for names, 43–87 yr olds, 3 mo study, 20666
memory aids & encoding limitations & retrieval failure in recall & recognition of child's vaccination, parents, 10 wk followup, 10199
memory training programs, objective & subjective memory performance, 50–87 yr olds with subjectively experienced vs objectively defined memory decline, 6902
memory training use of vector navigation for visitation of familiar food sources & return to nest, desert ants, longitudinal study, 36331
memory training with vs without 2.4 vs 4.8 g piracetam, forgetfulness, 55+ yr olds with age associated memory impairment, 3 mo study, 8995
participation in memory improvement course vs college psychology course, subjective awareness & objective measures of verbal & visual memory, healthy elderly persons, 36260
pictorial mnemonic numeric system, factual memory, 5th–6th graders & college students, 23701
relationship between effects of practice & forgetting, college students, 4 day study, test of strength accumulation equation, 29620
spaced retrieval method, recall & memory, 73-88 yr olds with probable Alzheimer's disease, 28745
training in route learning using computer-generated 3D virtual environment, 53 yr old female patient with anterograde amnesia, 12491
Memory Training—Chapters
Memory training for older adult medical patients in a primary health care setting, 32024
Normal memory aging, 4529
Men [See Human Males]
Menarche—Serials
hormone concentrations for pre- vs postmenarcheal stages of pubertal development & variability & reliability in self-reports of menstrual histories & age at menarche, 9–14 yr old females, 1 yr study, 26933
menarche or spermarche age, childhood family life & relations & adolescent & sexual development, 16–23 yr olds, 30127
personality characteristics & affect & psychopathology, female patients with premenarcheal vs postmenarcheal onset anorexia nervosa, 34494
pubertal timing & subjective age, 12–19 yr old sexually abused vs non-abused females, 30852
relationship between season & menarche, female middle & high school students, 33588
secular trend & socioeconomic & environmental determinants of age at menarche, 15+ yr old females living in rural province of China, 23652
Menieres Disease—Serials
audiometric configurations, 20–96 yr olds with unilateral Meniere's disease vs acoustic tumor vs general clinical population of audiology clinic, 31368
cognitive stress on Stroop Test vs rest condition & emotional factors of depression vs anxiety vs phobic avoidance, balance, 25–69 yr olds with vs without Meniere's disease vs dizziness, 21626
coping strategies, perceived handicap from dizziness & anxiety, 30–84 yr olds with Meniere's disease, 11793
premonitory sensations of vertigo attacks, 21–70 yr olds with Meniere's disease, 8700
unilateral vestibular neurotomy, ability to perform navigational tasks, patients (mean age 45.6 yrs) with Meniere's disease, 21631
Meninges—Serials
effects of selective 5-HT1D receptor agonist PNU-109 291 on electrically induced dural plasma extravasation & capsaicin-evoked c-fos immunoreactivity within trigeminal nucleus caudalis, guinea pigs, 29986
Meningitis—Serials
episodic elevated intracranial pressure & radicular pain, 22 & 45 yr old females with leptomeningeal metastatic disease, 18380
Meningomyelocele [See Spina Bifida]
Menopause—Serials
adaptive significance & incidence of menopause & relation to body condition, free-ranging female rhesus macaques, 3627
affective disorders during menopause & the menstrual cycle & standards for research, 1523
age & cognitive abilities & health beliefs & other factors, judgments about Estrogen Replacement Therapy as menopause treatment, 20–79 yr old females, 22076
application of enzyme immunoassay for urinary FSH to describe gonadotropin escape following ovarian senescence & impact of acute stressor on pituitary-gonadal axis during menstrual cycle, macaques, 20252
augmentation of antidepressants by estrogen, women with peri- & postmenopause, 2398
biological & psychological & social & cultural dimensions of perimenopausal transition, 35–56 yr old Filipino American females, 13886
childbearing & menstrual cycle & menopause & bipolar mood disorder in females & comorbidity of bipolar mood disorder with thyroid disorder or migraine headaches in males vs females, 1508
cognitive & general mental health assessment & estrogen & progestins, postmenopausal women, 90
cognitive function & never vs past vs current postmenopausal use of estrogen, women aged 65 yrs & older, commentary, 38420
cognitive function & never vs past vs current postmenopausal use of estrogen, women aged 65 yrs & older, 38431
cognitive function & timing of menopause, females in 1946 birth cohort, 26407
depressive symptomatology & plasma cortisol release in response to strenuous physical exercise, post-menopausal females, implications for role of hypothalamic-pituitary-adrenal axis, 13682
desired sexual qualities in self & husband, changes in experienced sexual response, female 38–56 yr old participants in midlife health survey, 4660
development of measure of health salience, health concerns & health motivation & relation to other health beliefs & behavior, 35–45 yr old premenopausal & menopausal women, 3348
endocrine status & climacteric symptoms, 41–60 yr old peri- or postmenopausal females with hypergonadotropinemia with estradiol secretion, 10504
estradiol treatment, verbal & spatial memory & mood, postmenopausal women, 31712
estrogen replacement therapy, Alzheimer's disease, postmenopausal females, 18439
estrogen replacement therapy, improved cognitive functioning, postmenopausal females reporting cognitive impairment, 1 yr followup, 28415
estrogen therapy with vs without progesterone, mood & physical symptoms, postmenopausal females, 28427
expectations & health beliefs & information sources & communication about menopause & common health complaints, 35–56 yr old Filipinas, 14890
experiences with & attitudes toward early menopause, 23–46 yr old females, 18283
factors contributing to & process of decision making about hormone replacement therapy, menopausal 46–58 yr old females, 28601
feminist approach to impact of leisure on experiences of menopause & midlife, female 47–52 yr olds, 36710
feminist perspective on perceptions & experiences of menopause, 43–60 yr old females, 20667
hormone replacement therapy with vs without psychological support, symptoms, menopausal 45–55 yr olds, 5455
hormone replacement therapy, physical & psychosocial functioning, 50 yr old & older chronically stressed postmentopausal dementia caregivers, 15428
integrated biomedical & cultural & psychosocial approach to counseling menopausal women , 31443
iron status & depression, premenopausal 20–45 yr old females, 24200
menopausal symptoms & depression, 35–70+ yr old women likely to become acutely estrogen deficient during breast cancer treatment due to chemotherapy or tamoxifen, 2 yr study, 27466
oral phentolamine, 48.0–62.7 yr old postmenopausal females with sexual arousal disorder, 18836
perceived control over & strategies for coping with hot flushes, menoopausal women, 29965
physical activity & perimenopause symptoms, 40–55 yr old females, 18872
physiology & sleep & well-being & stress, 35–54 yr old perimenopausal women, 6 yr study, 17412
psychosocial variables & habit & facilitating conditions & clinical & demographic factors, intentions & use of hormones with menopause, 45–61 yr old pre & peri & postmenopausal females, 35094
relationship between perimenopause & depression & evaluation of depression in perimenopause, 1543
short-term health education intervention, knowledge & beliefs & health behaviors, pre-menopausal 45 yr olds, 5798
sleep disturbance, menopausal females, 5231
symptom experience during menopausal transition, low income Korean immigrant females (mean age 47.2 yrs), 30126
understanding menopause through biological & cultural & social aspects emerging in clinical treatment, 37976
use of hormonal measures for diagnostic & research purposes in perimenopausal depression & premenstrual syndrome, 1541
women's knowledge of physical & emotional changes associated with menopause, 45–54 yr old women in community vs active information-seekers, 30122
Menopause—Books
The healing journey through menopause: Your journal for reflection and renewal, 36715
Menopause—Chapters
Women's health at midlife, 7344
Women's health through the reproductive cycle: Premenstrual syndrome, postpartum disorders, and menopause, 11824
Menstrual Cycle [See Also Menstruation, Ovulation, Premenstrual Tension]—Serials
affective disorders during menopause & the menstrual cycle & standards for research, 1523
alpha-2 adrenergic receptor function, patients with premenstrual dysphoric disorder in follicular vs late luteal phase, 1520
alprazolam administered pre- & postmenstrually, food preferences & intake, restrained vs unrestrained 22–39 yr olds with PMS, 31048
ambulatory BP & heart rate on work vs nonwork days during luteal vs follicular phase of menstrual cycle, 25–50 yr old female registered nurses, 22307
awareness & perceptions & subjective experience of menstrual synchrony, 16–49 yr old females, 33311
behavioral adaptability & emotional states & reproductive hormone levels & biological irregularities of menstrual cycle, females, 4790
childbearing & menstrual cycle & menopause & bipolar mood disorder in females & comorbidity of bipolar mood disorder with thyroid disorder or migraine headaches in males vs females, 1508
citalopram administered during luteal phase vs entire menstrual cycle, premenstrual dysphoria, adult females, 2407

cortisol secretion across menstrual cycle, 21–46 yr old females with vs without premenstrual depression, 8508
cyclic dysfunction & workplace problems & PMS, perimenstrual vs postmenstrual vs non-menstruating female employees, commentary, 9602
depression as risk factor for early cessation of menstrual periods & changes in ovarian function, cohort of 36–44 yr old females, 21082
EEG during midfollicular vs late luteal menstrual cycle phases & after early vs late partial sleep deprivation, 29–43 yr olds with premenstrual dysphoric disorder, 17881
estrous cycling & gregariousness, adult female chimpanzees, 16840
follicular & luteal menstrual cycle phases & taste solution palatability & gustatory thresholds measured at chorda tympani & glossopharyngeal nerves, 21–40 yr old females, 20057
high vs low conception risk phase of menstrual cycle, male face preference, Japanese & British females , 29961
high vs low social interaction & dominance status & body weight & environmental conditions, ovarian function measured by postovulatory luteal progesterone secretion, red deer hinds, 13634
job stress, menstrual patterns, nurses, Italy & US, 25908
menstrual cycle & mood changes, females with rapid cycling bipolar disorder, 30674
menstrual cycle phase & task effect, BP recovery from acute stress, normotensive Black vs White females (mean age 33 yrs), 20244
menstrual cycle phase, performance on sex-sensitive cognitive & motor-skill tasks, college females vs males, 7147
menstrual cycle phase, psychometric sum scores on Locus of Control of Behavior Scale & Internal-External Locus of Control Scale, healthy women, implications for integrity of locus of control construct, 22850
menstrual cycle phases, manual handling performance & heart rate & perceived exertion, 18–32 yr old females, 36500
menstrual cycle, sex-related blood ethanol concentration & metabolism–elimination rates, cynomolgus monkeys, 20201
menstrual cycle, sexual functioning, 23–45 yr old females, 37015
menstrual synchrony outside the household, 17–40 yr old women sharing an office, 17017
mood states & urinary stress hormone output in psychosocial stress, menstrual cycle adequacy, human females (mean age 31.6 yrs), 33329
mutual contact & interaction & menstrual synchrony in families & among close friends, mothers & daughters & close friends in urban households, 29946
ovulatory cycle, pain & other symptoms, 28–51 yr olds with fibromyalgia syndrome with vs without premenstrual dysphoric disorder, 37736
ovulatory phase of menstrual cycle, EEG activity during cortical information processing & mental relaxation, 21–33 yr old women, 32915
P300 component of visual evoked related potentials & brain stem auditory evoked potentials in menstrual cycle, 19–40 yr old females, 20154
pain perception across the menstrual cycle, human females, 29941
pain sensitivity throughout menstrual cycle phases, normally menstruating vs oral contraceptive using females, 5214
pharmacokinetics of iv cocaine, males vs females assessed during follicular vs luteal phase of menstrual cycle with history of cocaine abuse, 26818
progesterone & dysphoria & tension in perimenstruum & chocolate & sweets cravings & other perimenstrual symptoms, 18–45 yr olds with severe premenstrual syndrome, 34556
psychometrics & item analysis of Menstrual Joy Questionnaire, college students, 16371
relationship between sexual arousal & alcohol intake during menstrual cycle, 18–35 yr old females, 10609
saccadic eye movements & plasma GABAergic activity in midfollicular & late luteal phase, 25–45 yr old females with vs without PMS, 1961
sensitivity to panicogenic effects of cholecystokinin-4 administered during follicular vs luteal phase of menstrual cycle, females with vs without premenstrual dysphoric disorder, 8107
sex & menstrual cycle differences & subjective effects, 20–45 yr old crack cocaine users, 27881
sex differences & menstrual cycle effects, encoding of positions occupied by & assignment of relative locations to objects & integration of both in spatial memory task, 18–57 yr olds , 10523
single dose triazolam administered during follicular & periovulatory & luteal phases of menstrual cycle, mood & cognitive & psychomotor performance & hormone levels, 18–35 yr old females, 36613
social stress, ACTH & cortisol levels & other measures of pituitary & adrenal responses, 18–32 yr old females in luteal vs follicular phase of menstrual cycle vs users of oral contraception vs males, 13671
stages of menstrual cycle, melatonin suppression to dim white light, 18–35 yr old females, 10500
switch from risperidone to olanzapine, return of regular menstrual cycle, 34-yr-old female with schizoaffective disorder , 8896
time allocated to various activities during sexual cycle, female wild chimpanzees, 602

Menstrual Disorders [See Also Amenorrhea, Dysmenorrhea]—Serials
efficacy of fluoxetine in the treatment of premenstrual dysphoric disorder, 25215
lupron, mania, 28 yr old female with endometriosis & history of irritability & depression, 15329
modulation of serotonergic function by estrogen & effect on mood & premenstrual syndrome & perimenopausal depression, 1410
ovulatory cycle, pain & other symptoms, 28–51 yr olds with fibromyalgia syndrome with vs without premenstrual dysphoric disorder, 37736
sexual abuse histories & perimenstrual symptoms, 12–21 yr olds, 37435

Menstruation [See Also Menarche]—Chapters
Menstruation among adolescent school girls in Uganda: Experiences, socio-cultural aspects and the role of psychotherapy, 33334

Mental Confusion—Serials
chlorpromazine & chlormethiazole, recurrent acute confusion, 46 yr old female with cycloid psychosis, commentary on case report, 2349
chlorpromazine & chlormethiazole, recurrent acute confusion, 46 yr old female with cycloid psychosis, reply to commentary on case report, 2281
hypercortisolemia, post-ECT recovery from confusion, depressed geriatric patients, 12121
neuropsychological evaluation used to diagnose & target treatment to encephalic focal lesion, 81 & 87 yr old females presenting with acute confusional state, 8615
presence of psychosis & confusional states, patients with epilepsy, 34654
prevalence of difficult behaviors & reasons for referral to facility, confused older persons attending day hospital vs day care center, 31872
risk factors for & prevalence of acute confusion in long term care, Minimum Data Set data from nursing home residents, implication for nursing practice, 15579
use of syntax-derived confusion technique in hypnotherapy, 35043

Mental Confusion—Books
Overcoming modern confusion: Consistency and choice, 26416

Mental Deficiency [See Mental Retardation]

Mental Disorders [See Also Adjustment Disorders, Alexithymia, Anxiety Disorders, Autism, Borderline States, Chronic Mental Illness, Dementia, Dissociative Patterns, Eating Disorders, Elective Mutism, Explosive Personality, Factitious Disorders, Gender Identity Disorder, Hysteria, Impulse Control Disorders, Koro, Neurosis, Personality Disorders, Psychosis, Sexual Deviations]—Serials
1 vs 2 vs 3 vs 4 factor model & confirmatory factor analysis & evaluation of dimensional accounts of comorbidity, 15–54 yr olds with common mental disorders, 37273
1 vs 2 vs 3 vs 4 factor model & confirmatory factor analysis & evaluation of dimensional accounts of comorbidity, 15–54 yr olds with common mental disorders, commentary, 37294
access to health insurance & primary provider & level of receipt of medical care services, adults reporting mental disorders, 8718
actuarial vs clinical methods of assessing risk factors for violence, patients with mental disorders, 16405
adequacy of health surveillance as method of community mental health follow-up, 15–87 yr old patients discharged from acute psychiatry unit, 31959
ADHD & gradepoint average & academic problems & psychological impairment, 11689
administration of clinical diagnostic SCAN survey to patients with neurotic & psychotic disorders, 45–55 yr old experienced lay survey interviewers , 22858
aggression & violent offending, patients with psychosis vs dual diagnosis of substance misuse & severe mental illness, commentary, 4854
alcohol & drug abuse & dependence & mental disorders, 18–68 yr old homeless males, Germany, 18042
allopregnanolone action at GABA-A receptors & antidysphoric & anxiolytic profiles of selective serotonin reuptake inhibitors, 2328
analysis of A. R. Damasio's book 'Descartes' Error' on mind-body problem & mental illness, commentary, 7280
analysis of A. R. Damasio's book 'Descartes' Error' on mind-body problem & mental illness, commentary reply, 7282
analysis of A. R. Damasio's book 'Descartes' Error' on mind-body problem & mental illness, 7281
application of & benefits & pitfalls in genetic association study of psychiatric phenotypes, 14458
application of broker model of case management for severely mentally ill in rural areas, personal characteristics & perception of availability & adequacy of community support services, case mangers , 5875
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, commentary, 3224
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, commentary, 3229
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, commentary, 3225
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, commentary, 3228
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, 3234
argument for dispositional analysis of preferences in issue of advance directives for mentally ill patients, commentary reply, 3235
art therapy in a community outpatient treatment program for patients with severe mental illness & chemical dependencies, 18766
assertive community rehabilitation program, client satisfaction, 19–74 yr old clients with serious mental illness, 19035
assertive community treatment & compulsory components of Mental Health Act & incidence of homicides & serious violence, mentally ill persons , 27823
assessment & management of violence risk, mentally disordered adolescents, 21051
assessment & treatment, deaf 10–18 yr olds with psychiatric disorders, 15496
association between creativity and madness, implications for creative process in gifted education, 1472
association between psychiatric & physical disorders, 65–94 yr olds with intellectual disability, 11714
associations of somatic complaints with depression & anxiety & conduct & oppositional defiant disorders & ADHD, 9–16 yr old males vs females, 27467
assumption of analyst's identity & function of self-deception, male client in his early 40s, 30612
attachment states of mind, effectiveness of therapeutic relationships & client functioning, 25–62 yr old clients with serious psychiatric disorders & 25–58 yr old case managers, 35195
attention vs conduct problems as predictors of adjustment problems & mental disorders, male vs female 4–16 yr olds, 6 yr study, 37231
attitudes & knowledge & experience of electroconvulsive shock therapy, 15–18 yr old patients with psychiatric disorders, 21989
attitudes toward group participation by persons with mental illness, AA contact persons, 32019
axis I & axis II psychiatric comorbidity, adult male heroin using prisoners vs psychiatric hospital patients, 30873
background factors associated with & risk for suicide, 15–79 yr old male offenders with personality &/or psychiatric disorders, 8399
barriers & motive for quitting smoking & health risk knowledge & readiness to change, long term care psychiatric patients with vs withoug substance abuse disorder, 20981
barriers to adequate treatment & care, elderly adults with psychiatric disorders, 18918
basic concepts & terminology in study of diseases with complex genetics & psychiatric illnesses, 14894
behavior problem patterns & diagnostic & demographic characteristics, 17–91 yr olds with dual diagnosis of intellectual disability & mental illness, 18161
behavioral neuroanatomy seminar & braincuttings as curriculum for psychiatric residents emphasizing neuroanatomical feature of brain regions with behavioral affiliations relevant to mental disorders, 32102
behavioral rehabilitation programming based on G. Paul's social learning approach, rates of aggressive & self-injurious behaviors, 21–59 yr old cognitively impaired chronic psychiatric inpatients , 12490
benefits of exercise therapy, patients with depression or anxiety disorders or developmental disabilities or body image disorders or schizophrenia or somatoform disorders or substance abuse disorders, 28543
best threshold variation of the General Health Questionnaire, WHO study data collected from 18+ yr old patients in 15 different cities, 3311

biological & psychological theories about self-medication with alcohol & drugs, persons with serious mental illness, implications for nursing, 31887
Bournewood court case of informal hospital admission, persons with mental disorders unable to consent to treatment or voluntary hospital admission, United Kingdom, 29259
brain imaging data on neuroanatomical circuitry related to aggression symptom prevalence in psychiatric disorders, 24145
Ca ++ antagonists in treatment of subarachnoid hemorrhages & stroke & migraine & dementia & psychiatric & substance abuse disorders & Meniere's disease & amyotrophic lateral sclerosis, 5478
caregiver role perceptions & burden & commitment & affirmation, 36–70 yr old male caregivers of severely mentally ill relatives, 31978
case management & cognitive therapy in comprehensive housing program to prevent homelessness, formerly homeless & at risk mentally ill adults, 35160
case-control psychological autopsy & mental disorders as risk factors, suicide/undetermined death cases & living controls, 37447
categories of social support messages exchanged in computer-based support group, persons with physical &/or psychological disabilities, 20407
causal inference from epidemiological data on mental illness, 4890
challenge to Board of Medical Practice to refrain from asking physicians to disclosure their own history of mental illness as way of reducing stigma of mental illness, comment & comment reply, 12564
changes in object relations in relation to external events & behaviors & social relationships & treatment outcomes, mentally ill patients tested at admission to psychiatric day-care unit & 1-yr later, 28660
changes in public perceptions that people with mental illness are violent, survey respondents (mean age 44.9 & 44.3), 1950 & 1996, US, 8076

occurrence of psychiatric symptomatology & relationship to aspects of disability, family functioning, 6–18 yr olds with spina bifida, 8487
onset & predictors of common mental disorders, 16–65 yr old primary-care attenders without mental disorders at recruitment, Zimbabwe, 12-mo study, 11340
onset of new erotic fantasy & high risk self-destructive sexual behavior, 40 yr old gay male with multiple psychiatric disorders , 7751
outcomes of employment discrimination charges filed under the Americans with Disabilities Act, individuals with psychiatric disabilities vs persons with other disabilities, 32528
outcomes of inpatient treatment on specialist psychiatric unit, 15–52 yr olds with intellectual disability & psychiatric disorders, 19023
overview of hoarding, 8072

parent with vs without depression in methadone maintenance, prevalence of psychiatric disorders & or impairment, 6–17 yrs, 1473
parental diagnoses of alcoholism &/or antisocial personality disorder & SES & dysfunctional parenting style, psychopathology & psychiatric diagnoses, children aged less than 18 yrs, 24146
paroxetine vs fluoxetine vs sertraline reuptake inhibitors, rate of medication switches & effectiveness, 18–67 yr old patients with chronic psychiatric conditions , 38290
patient characteristics & symptoms & perceptions of general practitioner role in managing emotional problems & likelihood of detection of psychiatric comorbidity, 18–65 yr old primary care patients, 12273
patterns & predictors of treatment contact after 1st onset of disorder, 15–54 yr olds with panic or generalized anxiety or phobic or addictive or major depressive or dysthymic disorder, 22133
patterns & predictors of treatment contact after 1st onset of disorder, 15–54 yr olds with panic or generalized anxiety or phobic or addictive or major depressive or dysthymic disorder, 22113
patterns of family caregiving & support provided in long-term care, 45–91 yr old psychiatric patients in intermediate care facility, 35257
patterns of health care utilization, 21–65 yr olds with vs without severe and persistent mental illness, 18899
patterns of help-seeking, poor 18–64 yr old Puerto Ricans with mental health problems, 5844
peer support groups, persons with severe mental illness, 25432
per diem & per annum & per patient costs & number of hospital days & disorder type, privately insured 19–65+ yr old psychiatric patients, 1993 vs 1995, 25494
perceived benefits of self help groups, family members of patients with mental illness, 12271
perceived curative factors in & outcomes of inpatient cognitive therapy based treatment program, 17–38 yr old patients with schizophrenia & other long-term mental illnesses, 9209
perceptions of child mental illness & knowledge of community mental health services, Vietnamese parents, 37282
perceptions of neighborhood environment, 28–59 yr olds with serious mental disabilities living in community supported housing, 35217
personality disorders in adolescence, Axis I disorders & suicidality in early adulthood, 9–19 yr olds, 1983–1993, 34240
personality traits & disorders in disposition ratings of aeronautical nonadaptability, US Navy officers & enlisted personnel, 3148
personality traits at age 18, mental disorders, 21 yr old birth cohort, 11330
personality, males vs females with alcoholism &/vs drug use disorder vs no substance use disorder, 27867
physical abuse as risk factor for adolescent psychopathology, officially documented physically abused 12–18 yr olds, commentary reply, 34280
physical abuse as risk factor for adolescent psychopathology, officially documented physically abused 12–18 yr olds, commentary, 34279
placement in individual apartments vs staffed group homes, subsequent homelessness, formerly homeless patients with severe mental illness, 18-mo study, 21029
plasma levels of cytokines & soluble cytokine receptors, 18–83 yr old inpatients with major depression or schizophrenia or other psychiatric disorders, implications for immune system pathogenesis, 37266
policies & development of Supplemental Security Income program, raies of participation, children under 18 yrs old with mental illness vs mental retardation, 31894
policy changes in mental health services & societal obligation during past 20 yrs, indigent patients & those with severe & persistent mental disorders, 22126
policy reform dilemmas & recommendations for promoting employment of persons with severe mental illnesses, commentary reply, 2722
policy reform dilemmas & recommendations for promoting employment of persons with severe mental illnesses, commentary, 2720
polymorphisms of MAO-A gene & enzyme activity & amino-acid change, bipolar vs unipolar vs schizophrenic patients, 1478
popular culture of aliens & alien abduction, symptom expression, 8–15 yr olds with psychiatric disorders, implications for treatment & development of therapeutic alliance, 24133
population demographics & history of representative payee program for persons with mental disabilities, 35223
population density, rehospitalization rate, patients with serious & persistent mental illness, 15593
practice patterns, consumer vs non-consumer staffed Assertive Community Treatment teams , 25452
predictive validation of Multnomah Community Ability Scale, functioning level, clinically mentally ill consumers (mean age 43 yrs), 1 yr study , 22884
predictors of receiving aftercare after psychiatric emergency room visit, individuals (mean age 35.7 yrs) with severe mental illness, 1 & 3 & 18 mo followups , 12484
predictors of self-rated adjustment & psychiatric morbidity, 15+ yr old recent Chinese migrants, New Zealand, 13989
preferences & problems in housing with 24-hr onsite support vs supported housing with onsite visits vs housing with no onsite services, adults with severe mental illness & family members, 17818
premorbid & postsurgical psychiatric disorders & psychotropic medication & neurologic events & management & mortality, 16–73 yr old Novacor or Abiomed cardiac ventricular support patients, 28109
premorbid history of psychiatric disorders, 1-yr survival after lung transplantation, patients (mean age 44.4 yrs) with vs without major depression &/or anxiety &/or substance use disorder , 27494
presentation of information on association between violent behavior & schizophrenia, impressions of dangerousness of persons with schizophrenia & mental illness in general, college students, 30744
prevalence & associations with developing world medical & social conditions of psychiatric disorders, 8–12 yr olds, India, 27471
prevalence & causes & effects of diagnostic comorbidity among child & adolescent psychiatric disorders, implications for understanding developmental psychopathology & nosology, 11313
prevalence & impact of parent-reported disabling mental health conditions, 0-17 yr olds, commentary, 21025
prevalence & impact of parent-reported disabling mental health conditions, parents of 0-17 yr olds with mental disabilities, 21030
prevalence & nature of psychiatric morbidity, males with hypertension (aged 20–65 yrs), 24763
prevalence & symptoms of & treatments for mental disorders in work environment, implications for personnel management recognition of & policy for improving work life of mentally disordered personnel, 27552
prevalence of axis I disorders, low-income housed vs homeless 15–58 yr old mothers, 1444
prevalence of detected cases & psychiatric comorbidity, male vs female hospitalized military veterans with eating disorders, 18192
prevalence of DSM-IV axis I and II psychiatric disorder comorbidity, male pedophilic sex offenders (mean age 37 yrs), implications for recidivism, 21374
prevalence of low literacy, 19-67 yr old indigent psychiatric patients, 12390
prevalence of major mental disorders & substance dependence & associated sociodemographic characteristics, rural residents aged 15 yrs & over, Ethiopia, 34027
prevalence of mental disorders & patient expectations of & satisfaction with ambulatory internal medicine care, adult military vs civilian patients, 12915
prevalence of motherhood & demographic characteristics & perceived need, hospitalized 29–66 yr olds with severe mental illness, 37271
prevalence of night terrors & sleepwalking & confusional arousals & association with mental disorders & drug usage & stress & other psychosocial factors, 15–100 yr olds, 18272
prevalence of psychiatric comorbidity, methadone maintained patients, 9244
prevalence of psychiatric disorders & contribution of demographics & substance use & social strain & social support in predicting psychiatric risk, HIV positive vs negative African Americans, 28074
prevalence of psychiatric disorders & full disclosure by physician of diagnosis, Japanese cancer patients, 28816
prevalence of psychiatric disorders among Japanese children, 17835
prevalence of psychiatric disorders, mentally retarded Ss working in a vocational program, 9272
prevalence of psychiatric morbidity rates & use of specialist services, 16–64 yr olds living in communal establishment residents, 4867
prevalence of psychiatric problems, 8–17 yr olds with asthma vs individuals with diabetes, 34573
prevalence of specific psychiatric disorders, 13–17 yr old males who have sexually molested other children, 14665
prevalence rates & clinical & sociodemographic characteristics, 16–65 yr old Arab patients with somatized mental disorder vs psychologized mental disorder, 28015
prevalence rates & epidemiology of psychiatric disorders, male vs female sentenced inmates vs male remanded inmates, New Zealand, 27905
prior involvement in juvenile delinquency & mental disorders, 11–17 yr olds entering emergency care facility, 38569
probability & frequency of hospital admissions & length of hospital stay, patients with physical disorders with vs without comorbid psychiatric disorders, 19024
procedures used & services for rural telepsychiatry clinic, severely disturbed children & adolescents, 12398
professional- vs family-led support groups, coping, families of persons with mental illness, 2223
Project H.O.M.E homelessness prevention intervention program, 18–60+ yr olds with mental disorders &/or substance abuse who are at risk for homelessness, 35224
psychiatric & clinical & demographic characteristics, outcome & rediagnosis, 18–74 yr olds with motor conversion disorder, 2–5 yr follow up, 8489
psychiatric & sociodemographic profiles, 21–42 yr old males who killed 1 or more of their children, 11671
psychiatric comorbidity & psychosocial functioning, 12–17 yr old substance-abusing juvenile offenders, 16-mo followup, 34412
psychiatric comorbidity with substance misuse in children & adolescents & implications for early identification & treatment, UK, 27894
psychiatric comorbidity, hospitalized male veterans with anorexia nervosa or bulimia or eating disorders not otherwise specified, 18191
psychiatric comorbidity, patients with migraines with vs without history of chronic substance use, 34561
psychiatric diagnosis & issue of impulsivity, 12–19 yr olds with previous but no recent vs first vs second or subsequent vs no suicide attempt, 1991–95, comment, 30567
psychiatric disorders in mental retardation, 14864
psychiatric epidemiology & methodological approaches to assessment & study of possible associations between mental disorders & violent behavior, 8048
psychiatric illness, length of stay & patterns of admission, AIDS patients hospitalized for medical illnesses, 5854
psychiatric morbidity & disability & life events & family support, 18–65 yr olds admitted to general hospital, 34072
psychiatric rehabilitation & comprehensive behavioral programing, success in home & employment placement & community, 31–42 yr olds with mental retardation & psychiatric disorders, 9214
psychiatric screening & assessment with vs without physicians' knowledge, cost benefit analysis & mental health & quality of life & subjective health status outcomes, medical patients, 6-mo followup, 2132
psychiatric severity & process of change & decisional balance & temptation & self efficacy according to transtheoretical model, dually diagnosed outpatients (mean age 32 yrs), 27490
psychiatric status & use of alcohol or drug or mental health services, 12–18 yr old American Indians in juvenile detention facility, 34045
psychiatric syndromes & neurological disease & evaluation & psychopharmacology, elderly patients, implications for neurologists, 4882
psychoanalytic model of integrative approach for serious mental disorders & biopsychosocial therapeutic techniques, 18654
psychological & behavioral functioning, 13–19 yr old psychiatric inpatients with vs without histories of childhood abuse, 17763
psychological dysfunction, former members of the International Church of Christ cult vs former Catholics vs Inter-Varsity Christian Fellowship graduates, 24151
psychological testing of patients in psychopathic clinics involved in traffic violation or collision, 27507
psychometric analysis of Client Cultural Competence Inventory, perceptions of behavioral managed care agency & therapist cultural competence, parents of 5–17 yr olds with severe emotional disturbance, 9139
psychometric properties & factor structure of Devereux Scales of Mental Disorders, assessment of behavioral & emotional problems, 5–12 & 13–18 yr olds, replication, 29367
psychometric properties of interview & self-report versions of BASIS-32, assessment of psychiatric symptoms & functional abilities, severely mentally ill adults, commentary & reply, 6611
psychopathological determinants of violent behavior in mentally disordered patients, 14466
psychopharmacological treatment of diagnostic entities & behavioral symptomatology & school-based mental health services, 35569
psychosocial factors & mental disorder history as risk factors, adults who committed suicide, 30817
psychosocial rehabilitation & promotion of enjoyment & self-esteem through work rehabilitation, clients with enduring mental health problems, 9268
psychosocial rehabilitation in community support systems & outcomes & policy recommendations, persons with severe & chronic mental illness, 19030

public belief & stigmatization & methodological barriers in precluding causal inference between mental illness & violence, 8037
public bioethics & research involving persons with mental disorders, 38729
purpose & properties of therapeutic garden in nursing homes or other long term facilities for patients with loss of autonomy or locomotor disabilities or behavioral or mental problems, 9699
qualitative & quantitative research methods on the sources of meaning in life of 18–42 yr old patients vs. 18–26 yr old non-patients, 37261
quantitative & molecular & genetics in child psychiatry & multifactorial disorders, 11335
range of prevalence rates resulting from application of different federal definitions of disorders, 9–18 yr olds with severe mental illness or serious emotional disturbances, 8009
rate of & extent to which homelessness is associated with clinical & criminal involvement factors, clients (mean age 34.62 yrs) of psychiatric probation & parole service, 11301
rates of identification & treatment of mental disorders, unconvicted male remand prisoners, 9281
recall of relative importance of ideas in stories, elderly patients with Alzheimer's disease vs neuropsychiatric disorders, 11912
reconsideration of E. Jones' allegation of S. Ferenczi's insanity & historical function of allegation in psychoanalytic community , 22811
reconstruction of positive identity & meaning in recovery process, patients with psychiatric disabilities, 19044
referral & diagnosis & treatment, Black vs White male jail detainees with mental disorders admitted to psychiatric forensic unit, 1 yr study, 25565
Regional Support Networks, profiles of & variations in need to met need for different types of mental health services, case managers working with severely mentally ill, 5849
relationship between mental illness & work & earnings loss across DSM categories , 4883
relationship between sociodemographic & illness-related & caregiver stress-related & psychological resources variables & burden of caregiver (mean age 52 yrs) for mentally ill relative, 35248
relationship between socioeconomic factors & deprivation & psychiatric admissions & morbidity at local level, 5 yr study, 38568
relative importance of caregiver & child & family & environmental characteristics & responses, caregiver stress, caregivers of emotionally disordered 4–12 yr olds, 11694
reliability & validity & acceptability to mental health clinicians of Health of the Nation Outcome Scales for Children and Adolescents, measurement of global outcome, patients with mental disorders, 25393
reliability & validity & clinical utility of brief medical necessity scale for mental disorders, 110
reliability & validity & factor structure of Social Adjustment Scale for the Severely Mentally Ill, 18–70 yr olds with psychotic or mood disorders with or without substance abuse disorder, 17785
reliability & validity & sensitivity of Behavior & Symptom Identification Scale, assessment of mental health outcomes, outpatients with severe illness, 30–90 day followup, 14445
reliability & validity of Assessment of Communication & Interaction Skills, 16–87 yr olds with mental & physical disorders & psychosocial disabilities, 14395
reliability & validity of Health of the Nation Outcome Scales for Elderly People, assessment of mental health outcomes, patients attending old age psychiatry service centers, 25384
reliability & validity of Systematic Treatment Selection Clinician Rating form & use in treatment planning, 22–76 yr olds with alcoholism or major depression or other mental disorders, 26138
reliability of French Diagnostic Interview Schedule for Children, large scale mental health epidemiology studies, parents of 6–14 yr olds & 12–14 yr olds, 68
repeated sexual victimization in childhood vs adulthood, risk for mental disorders, 18–48 yr old females, 21225
research methods & types & frequencies of immigrant vs indigenous adolescent problems & placement process in residential group care & treatment setting & parental involvement, Netherlands, reply, 4876
research methods & types & frequencies of immigrant vs indigenous adolescent problems & placement process in residential group care & treatment setting & parental involvement, Netherlands, commentary, 4889
research on culture-bound syndromes & relationship to psychiatric disorders & their classification, 34036
residential treatment course & risk factors for treatment completion, 15–44 yr old pregnant females with substance use with vs without comorbid mental disorders, 19053
resistance to change in severe & psychotic mental disorders, 18540
responses on Defense Mechanism Test categorized as anxiety vs defense, electrodermal activity, patients with anxiety or affective or schizophrenic disorder, 4866
responsiveness vs reactivity of children's service system in management of mental health problems, referred children, 38532
Revised Psychopathy Checklist diagnosed psychopathy vs DSM-III diagnosed antisocial personality disorder, 19–57 yr old alcoholic inpatients, 19634
risk factors for becoming a target of violence, family & other social network members of outpatients with major psychiatric disorders, 8049
risk for attempted suicide after hospitalization, formerly hospitalized 12–18 yr old psychiatric patients, 5 yr study, 25493
risk of psychiatric disorders & suicidal ideation & suicide attempt, 21 yr old gays & lesbians & bisexuals, longitudinal study, 37461
risks & benefits of psychotropic drugs, pregnant & lactating women with mental illness, 18751
risperidone vs clozapine, amphetamine induced striatal dopamine release, 23–50 yr olds with chronic schizophrenia or manic depression, 15281
risperidone, development of dyskinesia, 4–19 yr olds with mental or developmental disorders, 12161
risperidone, prolactin levels, 23–49 yr old premenopausal women with mental disorders, 18666
risperidone, treatment outcomes, hospitalized patients with psychiatric disorders, 2 yr study, 25150
role in caring for patients with coexisting developmental disability & psychiatric disorder, nurses, 5824
role of case of Regina v. Swain in modern modification of Canadian insanity laws, 26055
role of emotions in psychopathologies, 34069
role of mental disorder & psychosis in violent behaviors, patients from pre-trial prison & high security & psychiatric hospitals, 8021
role of mental health clinicians in & influences on general practitioners' referral decisions for patients with psychological problems, 15498
role of old-age forensic psychiatry in violent crime among elderly & relation to mental disorders, 14808
role of old-age forensic psychiatry in violent crime among elderly & relation to mental disorders, comment, 30920
role of purposeful activity in work rehabilitation, people with enduring mental problems, UK, 2721
role of serotonin 1A & 1B receptors in modulation of aggressive behavior & depression & anxiety & their opposite effects on mood control & underlying neural circuits, mice, 26867
role of values in nature–nurture debate on etiology of psychiatric disorders, 4887
safety & efficacy of psychoactive medication prescribing practices vs research knowledge, physicians treating children under age 18 yrs with mental disorders , 21907
satisfaction with treatment & care, keyworkers vs 18–72 yr old patients with severe mental illness, 5469
school class level & marks as predictor of later hospital-treated psychiatric illness, Northern Finland 1966 birth cohort, 28-yr study, 4873
selective serotonin reuptake inhibitors, sexual side effects, patients with mental disorders, 12229
self reported current & lifetime psychiatric symptoms, adult female outpatients with somatization disorder vs other psychiatric disorders, 28035
self reported physical health, Gulf War veterans with PTSD or dysthymia or major depression, 30580
self-induced water intoxication & severity of psychotic & other psychiatric symptoms, community-dwelling patients with severe mental illness, 8071
self-reported satisfaction at discharge from inpatient mental health services, quality of life & symptomatology & level of functioning, severely mentally ill clients, commentary & reply, 8078
serotonin in psychiatric disorders & neurotransmitters & synthesis & metabolism & syndrome & serotonergic receptors & metabolism & nursing issues in management & identification of adverse effects, 31908
severity of impairment & frequency & quality of social contacts with family & friends, risk of violent behavior, adults with psychotic or other severe mental disorders in community-based treatment, 8081
sex & age & diagnostic characteristics & prevalence of previous & new cases of psychiatric hospitalization, 0–17 yr olds, Finland , 19025
sex, occurence of mental disorder & psychopharmacological treatment, 8053
sexual coercion & health risks & recommendations for prevention, females with severe mental illness, 24176
sexual offending in context of mental illness, 1836
short- & long-term effects of ECT, suicidality, patients with major depression & other psychiatric disorders, 12264
sick leave use, 24–65 yr old females with vs without alcohol dependence/abuse with vs without comorbid psychiatric disorder, 8378
signs & symptoms & ill-defined conditions & evidence of new illness related to wartime exposures & impact of extent of evaluation on findings, Persian Gulf War veterans, commentary, 9665
signs & symptoms & ill-defined conditions & evidence of new illness related to wartime exposures & impact of extent of evaluation on findings, Persian Gulf War veterans, 9670
single psychotropic injection or course treatment with neuroleptic or antidepressant drugs, hemispheric interaction during test of visual field perception, depressed & manic & schizophrenic patients, 28420
social & familial & psychiatric characteristics, 10–17 yr olds who battered their parents, 9 yr retrospective study, 27795
social & interpersonal & clinical & mental disorder characteristics & life events, 13–34 yr olds who committed suicide, 30802
social causation & selection processes in association between offspring psychiatric disorders & parental SES, 9-27 yr old offspring, 27527
social psychology ingroup–outgroup perspective on reduction & discreditation of stigma, patients with severe mental illness, 30607
societal concerns & mental illness & madness of A. Hitchock's vs G. van Sant's "Psycho', 36637
sociodemographic & clinical & service utilization characteristics, length of stay of 1st episode psychiatric hospitalization, 15–94 yr old inpatients with psychosis or other mental disorder, 35280
sociodemographic & clinical risk factors for death from suicide & undetermined injury, 14–89 yr olds, England, 1991–95, 11508
sociodemographic characteristics & illness & violence history & clinical status & medication adherence & substance abuse as predictors of violence, inpatients with severe mental illness, 8020
sociodemographic characteristics, 18–65 yr old self-referrals vs referrals with mental health problems made by psychology service to stress workshops open to general public, 30605
sociodemographic factors in inequalities of rates of psychiatric morbidity within general vs high risk populations, implications for government policy changes to reduce inequity, 4843
special characteristics of neuropsychiatric disorders & evolution of neuropsychiatric epistemology, 31207
spouse similarity for lifetime psychiatric history, general population spouse pairs, 4871
stability of diagnoses at hospital admission & characteristics of frequently readmitted patients, psychiatric inpatients, 5-yr study, 2650
stability of psychiatric disorders with onset in preschool yrs, 2–5 yr olds with emotional &/or disruptive &/or other disorders, 42–48 mo study, 8004
state policy & funding of services, families of adults with serious & persistent mental illness, 18909
state policy & funding of services, families of adults with serious & persistent mental illness, erratum, 25388
Structured Inventory of Malingered Symptomatology for identifying malingered psychiatric disorders, honest vs exaggerating Ss (mean age 23.14 yrs), 35933
studied probability lexicon structure & hemispheric interaction in patients with depression or mania or schizophrenia, 34061
subtypes, homeless mentally ill substance abusers, implications for therapeutic community treatment, 32030
suicide attempts due to underlying psychiatric disorders, 25 & 26 yr old Down's syndrome patients, 8454
superior vermal Purkinje cell placement, postmortem brains of patients with mental illness, 24136
supported education intervention for engagement in post secondary education, goal-setting & attainment, 17–75 yr olds with psychiatric disabilities , 28746
supported education program for psychosocial rehabilitation, 17–75 yr olds with psychiatric disability, 9216
Supreme Court interpretation & opinion regarding due process & involuntary commitment for mental illness in O'Connor v. Donaldson case, 19521
syndromes & physical symptom presentation of psychiatric disorders, Asians, US, 21032
systematic comparison of artist R. Dadd's painting before & after hospitalization for serious mental disorder, students, 8080
Task Force recommendations on epidemiologic strategies for reducing world mental health problems in underserved populations, 30638
test-retest reliability of Munich-Composite International Diagnostic Interview, assessment of DSM-IV symptoms, 14–28 yr olds, 95
theoretical approach to concept of mental illness based on Aristotle's human function argument, 1470

theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1484
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1455

The labeling theory of mental disorder (II): The consequences of labeling, 17795
Mental Load [See Human Channel Capacity]
Mental Retardation [See Also Crying Cat Syndrome, Downs Syndrome]—Serials
4-step strategy for gross motor skill learning in sports, training & generalization & maintenance of closed skills, 16–18 yr olds with mild retardation, 32308
age & sex & other sociodemographic characteristics & degree of mental retardation & domicile, 6–18 yr old students enrolled in institute for mentally handicapped, 16010
application of findings on genetics & general cognitive ability to genetic research on mild mental retardation, 14868
auditory- & event-related potentials, adolescents with mental retardation of Down's syndrome vs organic vs cultural–familial etiology, 8452
behavioral skills training training & generalization of sexual abuse prevention skills, 33–57 yr old females with mental retardation, 1 mo follow-up, 38091
characteristics of organizational culture & staff attitudes & outcomes, staff members working in services for people with intellectual disabilities, 25439
chronological & mental age & gazing behavior & performance on theory of mind tasks, 10–40 yr olds Ss with autism vs Down's syndrome vs mental retardation vs normal 5–11 yr olds, 34448
clozapine &/vs citalopram/paroxetine, psychiatric patients with mental retardation/autism, 28505
cognitive & language & social-cognitive measures, variability in use of common ground in selecting referents & seeking confirmation & signaling noncomprehension, 9–19 yr olds with mental retardation , 8448
communication disorders, children with mental retardation, 8451
continuous reinforcement &/vs punishment for alternative behavior, self-injury, 28–44 yr olds with mental retardation at day-treatment center, 38102
demographic & support & other characteristics, adjustment & adaptation, parents of children with intellectual or developmental disability, 11691
development & reliability of Social Circles Questionnaire, caregiver ratings of social support provided by family & workers & friends & romantic partners, 18–74 yrs olds with mental retardation, 27963
development of alcohol awareness course, alcohol knowledge & attitudes toward sensible drinking, adults with learning disabilities or mental retardation in medium security unit, 19121
development of community-based rehabilitation for children with mental retardation, Pakistan, 8455
discriminative assumptions of utilitarian bioethics regarding persons with intellectual disabilities, 11723
dual diagnosis of minor psychiatric disorders & mental retardation, 15–39.5 yr old mentally retarded Ss, 20993
effectiveness of antipsychotic medication, 18+ yr olds with intellectual disability & challenging behavior, 38218
effects of classwide peer tutoring, 8–10 yr olds with mild mental retardation & typical peers in inclusive classroom setting, 28941
expectations of caregiving burden, adult caregivers of sibling with mental illness or mental retardation, 35250
extinction by parent-delivered omission vs noncontingent delivery of reinforcement, aggression maintained by attention as positive reinforcement, 10-yr-old male with mild mental retardation, 38093
family member's perceptions & family functioning, families with children with retardation, 37706
fast mapping, facilitation of multiple word learning, 5.1–22.0 yr olds with moderate–severe mental retardation, 5158
functional analysis of & sensory stimulation that maintained hair pulling, 19 yr old female with moderate mental retardation & cerebral palsy, 38095
functional evaluation of self-injurious behavior & aggression & stereotypies & pica & rumination, 16–83 yr olds with mental retardation, implications for development of treatment plans, 24630
genetic etiology-related cognitive-linguistic profiles & personality & maladaptive behavior, children with Williams or fragile X or Prader-Willi or Down's syndrome, implications for special education, 37696
graphic sleep monitoring system for recording data regarding & improving sleep related problems, mentally retarded residents of institution for persons with developmental disabilities, 1 yr study, 27961
group interactive psychoeducation, parental attitudes toward & knowledge about intellectual disabilities & disorder management, parents of intellectually disabled children, India, 15217
historical overview of psychiatric diagnosis & problem of diagnosing mental retardation & psychiatric disorders & issues in collecting information, persons with developmental disabilities, 8019
history & current & future roles of International Association for the Scientific Study of Intellectual Disabilities, 24597
history & etiology of Williams-Beuren syndrome, implications for treatment by primary physician, 21403
history of mental retardation & emphasis on institutional vs home or community settings, 8450
idiosyncratic effects of noncontingent reinforcement schedules, reduction of problematic speech & identification of behavior change mechanisms, 32 yr old male with moderate mental retardation, 15189
impact of mediation on outcome of transition from school to employment, 18–24 yr olds with mild mental retardation , 29019
individual & group psychotherapy approaches & adaptations of standard psychotherapeutic techniques, individuals with mental retardation & developmental disabilities, 8757
integrated communication & health care exercise program, communication & social interaction skills, 20–40 yr olds with learning disabilities or mental retardation & challenging behaviors, 18959
intellectual impairment & exceptional skill in savant syndrome, 8435
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary, 37697
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary reply, 37694
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary, 37693
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, 37695
isokinetic knee strength, non disabled vs mentally retarded 10–16 yr olds, 34476
job stress & work satisfaction, intellectual disability services staff, 32138
Joubert syndrome diagnosis & hyperpnea & apnea & abnormal eye movements & mental retardation & agenesis of the cellebellar vermis, sibling children, 37857
Joubert syndrome with borderline intellectual function & cerebral dysfunction & breathing & oculomotor disturbances & agenesis of the cerebellar vermis, 31-yr-old male, 30-yr follow-up, 37809
life experiences & prevalence & life expectancy & early aging & changes in social policy & needs & expectations, individuals aging with intellectual disabilities, Canada, 1886
low intelligence & hearing & vision impairment, boys with disproportionate head circumference vs children with mental retardation vs healthy children & their mothers, 37235
melatonin treatment, fragmented sleep, 3-13 yr olds with mental handicaps, commentary, 28426
methylphenidate, behavior problems & quality of life, 26 yr old male with intellectual disability & ADHD, 12247
midline-crossing inhibition, reaction & movement time, 14–20 yr olds with vs without mental retardation, implications for assessing developmental & neurological anomalies, 37702

modern psychoanalytic treatment, 38-yr-old woman with symptoms of dissociative identity disorder & moderate to severe mental retardation, 31607
moral philosophical issues concerning euthanasia or withholding life-saving treatment, newborn infants with intellectual disabilities, 34477
nature & process & consequences of & adaptation to genetic counseling, professionals & family members of children with learning disabilities or mental retardation, 18101
neurodevelopmental abnormalities in mental retardation, 14869
olanzepine induced neuroleptic malignant syndrome, mild to moderately mentally retarded 21 yr old male, 28460
onset & response to prophylaxis & treatment of rapid cycling bipolar affective disorder, people with intellectual disability, 37705
operant extinction treatment, side effect prevalence of bursting & aggression, 5–54 yr olds with moderate to profound mental retardation treated for self-injurious behavior, 15196
parental report of pain & coping, children with borderline to profound cognitive impairment, 31001
pathophysiology & neurologic consequences of fatty aldehyde dehydrogenase deficiency, 4–42 yr olds with Sjogren-Larsson syndrome, 18288
policies & development of Supplemental Security Income program, rates of participation, children under 18 yrs old with mental illness vs mental retardation, 31894
prenatal & perinatal characteristics & family history of epilepsy & other risk factors, 2–15 yr olds with cerebral palsy with vs without mental retardation & epilepsy & their mothers, 17751
presession levels of attention, aberrant behavior under attention analog conditions, 20 yr old male with severe mental retardation, 38092
prevalence & types of pica & trace metal levels & age & sex & mental retardation level & psychiatric disorders, 24–77 yr olds with developmental disabilities, 30951
prevalence of intellectual disability & residential vs home care, 4 yr olds & under–75 yr olds & older, 37698
prompted vs nonprompted differential observing responses in matching to sample task, stimulus overselectivity, individuals with mental retardation, 14859
proposed definition of mental retardation, 14862
psychiatric disorders in mental retardation, 14864
psychiatric rehabilitation & comprehensive behavioral programing, success in home & employment placement & community, 31–42 yr olds with mental retardation & psychiatric disorders, 9214
psychoanalytic psychotherapy, 25 yr old male with mental retardation, 31592
psychometric properties of Verbal Behavior Assessment Scale assessing communicative functions, 3–40 yr olds with severe or profound mental retardation & developmental disabilities assessed by carers, 35856
quadruple instructional arrangement using constant time delay, acquisition & generalization of gift wrapping skills, 8–11 yr olds with moderate mental retardation, 27967
quality of life, 4–89 yr old mentally retarded patients living in community group homes vs residential facilities, 12408
reliability & validity of Stanford-Binet Intelligence Scale 4th Edition, young adults (mean age 20.8 yrs) with mild to moderate intellectual disability, 22861
reliability of self-report vs proxy to Quality of Life Questionnaire Empowerment scores, community living 18–61 yr olds with intellectual disabilities, 22880
scope & nature & quality of residential service provision following deinstitutionalization, people with learning disabilities or mental retardation, United Kingdom, 19003
simplified habit reversal procedure, fingernail biting & related oral-digital habits, 24–34 yr olds with mild to moderate mental retardation, 38088
simultaneous prompting procedure for teaching receptive manual sign identification in small groups & effect on learning of non-targeted signs, 29 & 44 & 49 yr old adults with mild mental retardation, 27966
social & physical environments & mental retardation, 14856
staff training in active support, assistance received & engagement in domestic activities, 30–67 yr olds with severe intellectual disability residing in community homes, 25609
stimulus preference assessments & reinforcement during treatment of cigarette pica, 40–49 yr olds with mental retardation, 38084
suicidal ideation & gestures & threats & attempts, children & adolescents with oppositional defiant & depressive & PTSD & developmental disabilities & mental retardation, 27521
systems theory of intelligence & mental retardation, 14858
teaching money skills, individuals with mental retardation, implications for research & practice, 35540
theory of mind abilities, individuals with autism or mental retardation, 1863
training & education & habilitation & rehabilitation & psychotherapy, persons with mental retardation & family members, 14855
use of brief vs extended functional analyses for identifying maintaining contingencies for aggressive & self-injurious behaviors, 2 male & 1 female adults with autism & profound mental retardation, 37646
use of ecobehavioral model in treating challenging behaviors, adults with psychiatric disorders and developmental disabilities, 8811
use of self-operated auditory prompts to decrease off-task behavior, 12 yr old male with autism & mental retardation, 37645
vocabulary learning & story comprehension, K–2nd grade students taught in small groups with vs without inclusion of 5–8 yr old student with intellectual disabilities, 29032
zuclopenthixol, 19–64 yr old chronic neuroleptic-resistant aggressive schizophrenic vs psychotic oligophrenic patients, 2326

Mental Retardation [See Also Crying Cat Syndrome, Downs Syndrome]—Books
Dementia, aging, and intellectual disabilities: A handbook, 11725
Personality development in individuals with mental retardation, 34479
Psychiatric and behavioural disorders in developmental disabilities and mental retardation, 30954

Psychotropic medications, 12256
The state of care management in services for people with mental retardation in the UK, 31919
Supports in small group home settings, 12478
Teaching the mentally retarded parenting skills: International perspectives, 24641
Utilizing technology for the inclusion of individuals with mental retardation, 24642

Mental Retardation (Attit Toward)—Serials
family member's perceptions & family functioning, families with children with retardation, 37706
narratives around the experience of having a young child with disability, Latino mothers of children with mental retardation or developmental delay, 27939

Mental Rotation—Serials
discrimination of cube & pyramid objects with rotational & featural transformations in static vs dynamic go/no-go procedure, male pigeons, 10244
EEG activity in frontal & temporal & parietal & occipital lobes of right & left cerebral hemispheres during mental rotation task, right-handed male college students, 7119
ERP effects in handedness recognition task requiring mental rotation, 19–28 yr olds, 20166
heterozygotic genotypes in right-shift theory of language lateralizational handedness, mental rotation & verbal & visuospatial abilities, right-handed college students, 10086
mental rotation & representational momentum & mental imagery, college students, 36229
mental rotation task with letters vs digits presented normally vs mirror-reversed, response preparation assessed by errors & RT & ERPs & lateralized readiness potential, adults, 3544
motor processes in mental rotation, 21–29 yr olds, 3564
practice, performance on difficult spatial task, male vs female 17–45 yr olds, 3559
recalibration of rotational locomotion, college students , 32892
remembering seen & heard items vs generating autobiographical images vs visualizing & mentally rotating stimuli, transcranial-Doppler-assessed regional cerebral blood flow velocities, college students, 3857
rotation & orientation of drawings & interstimulus intervals, matching & recognition performance, 17–40 yr olds, 36230
rotation of Rey complex figure during copy & recall, 8.10 & 10.8 yr old males with normal perceptual & cognitive development, 26990
RT of mental rotation or memory scanning in single-task situations, college students, test of bottleneck theory of human information processing, 23096
sex, EEG during a mental rotation task, male vs female students, 36453
spatial reference frames relevant to imagined object & viewer rotations, 36247
spectral EEG frequency ranges during perception & mental rotation of 2- vs 3-dimensional objects, humans, 7123

Mentally Ill Homeless [See Homeless Mentally Ill]

Mentally Ill Offenders—Serials
accuracy of patient-related risk assessment predictions, forensic hospital multidisciplinary clinical teams, 38564
anger & antisocial personality style & current violent offense & ethnicity & impulsivity, prediction of institutional physical & verbal aggression risk, male mentally ill offenders, 35377
application of psychosocial rehabilitation programs in correctional systems by considering them as communities, mentally ill offenders, 35366
availability & use of family therapy in medium secure forensic psychiatric hospitals, patients with schizophrenia & families, England & Wales, 37961
characteristics of re-offending patients from forensic psychiatric unit, 38641
client & cost–benefit assessment & strategy choices, attorneys defending socially & economically deprived mentally ill offenders in court, 6486
clinical status & neuropsychological function & relationship to victim, 20–52 yr olds convicted of murder vs acquitted by reason of insanity & committed to forensic hospital, commentary reply, 17993
coherence in narratives, male psychopathic vs nonpsychopathic prison inmates, 21219
community-based case management, recidivism, recently released mentally ill offenders, 3 yr study, 2726
correctional system & model program for treatment of mentally ill offenders in community, 38647
court diversion plan for community psychiatric & mental health care, mentally ill offenders, 6-mo followup, 39086
criminal justice & community-based forensic psychiatry for mentally ill outpatient offenders published in MEDLINE & Psychological Abstracts & Index to Legal Periodicals & Books, 1978–1999, 29267
demographic & legal & clinical factors affecting length of stay on maximum security in forensic psychiatric hospital, male & female mentally ill patients adjucated as not criminally responsible, 35372
description of patient characteristics & diagnostic categories & treatment & special needs before & during admission to psychiatric Special Hospital, 22–88 yr old detained females, 22290
development & reliability & validity of Prison Behavior Rating Scale to measure mental disturbance, prisoners , 6608
development of Antisocial Personality Questionnaire, assessment of personality deviation, mentally disordered male offenders (mean age 31.84 yrs), 19611
development of Massachusetts forensic transition program for mentally ill offenders re-entering the community, 27–45 yr olds, 3 mo followup, 35291

evoked related potential neural correlates of cognitive processes, 18–55 yr old male psychopathic prison inmates, 21037
factors that affect the construction of explanations for offending & effects on treatment planning & remorse & risk in psychiatric explanations & just world vision of interpersonal behavior , 3218
forensic & clinical characteristics & custody & case outcomes, unfit to plead defendants, Ireland, 1850–1995, 32535
group-based intervention, development of skill to prevent future psychotic relapses & coping strategies, male 24–48 yr old mentally ill criminal offenders, 9280
high-security hospital functioning & violence & personality disorder & psychopathy checklist scores, male offender patients legally classified with psychopathic disorder, 38574
history & development of & political influences on forensic services & risk assessment for violence & dangerousness & recidivism, offenders in long-term high-security hospitals, England & Wales , 19123
incidence of & risk factors related to absconding, Special Hospital absconders, 1985–1996, 22291
interpersonal functioning assessment & Chart of Interpersonal Reactions in Closed Living Environments, patients detained under Mental Health Act psychopathic disorder vs mental illness classification, 22296
jail diversion program concept & effectiveness, mentally ill criminals, 9282
jail diversion program, number of days incarcerated in following year, seriously mentally ill detainees (mean age 33 yrs), 1 yr study, 38642
mad vs bad distinction & policy & law changes in mental health system, violent criminals vs mentally ill individuals, 32546
membership in clubhouse psychosocial program, criminal justice system involvement, 27–67 yr old offenders with serious mental illness, 35292
multidisciplinary assessment of mental health service needs, mentally disordered offender patients in North London medium & maximum secure hospitals, 38573
multimethod approach to assess risk factors for lifetime history of high vs low violent behavior, 19–65 yr old male incarcerated psychiatric inpatients, 35869
needs perceptions & psychological dilemmas & conflicts & attachment theory, 20–38 yr old severely disturbed & difficult-to-place women offenders with personality disorders in prison psychiatric wing, 22295
offender characteristics & psychopathy, attribution of evil to actions in vignettes of deviant or criminal behavior, high- security forensic hospital psychiatric nurses, 38721
police-citizen contact type & police officer attitudes, use of discretion in dealing with mentally ill individuals, 16287
predictive validity of HCR-20, assessment of recidivism risk, discharged forensic psychiatric patients, 11677
prevalence of mental disorders & personality disorders & neuropsychological dysfunction, male prisoners (mean age 29.4 yrs), 15692
prevalence rates & epidemiology of personality disorders & assessment methods, male vs female sentenced inmates vs male remanded inmates, New Zealand, 27904
prevalence rates & epidemiology of psychiatric disorders, male vs female sentenced inmates vs male remanded inmates, New Zealand, 27905
problem of unemployment among mentally disordered offenders, UK, 37595
procedures of Queensland mental health tribunal for determination of criminal responsibility & treatment determination, mentally ill offenders, Australia, 39085
Psychiatric Security Review Board for monitoring & managing insanity acquittees & other high risk individuals, 28743
psychopathology symptoms & diagnostic categories in competence to stand trial, pretrial criminal defendants, 9751
psychopathy & type of crime committed, 19–71 yr old male Portuguese criminals, 34401
rates of identification & treatment of mental disorders, unconvicted male remand prisoners, 9281
reconviction rates, criminal offenders with personality disorders discharged directly to community vs less secure psychiatric hospitals, 5–9 yr follow-up, 34237
relationship between mental disorder & crime/violence & clinical management & risk assessment in forensic psychiatry, 39067
understanding of & satisfaction with mental health tribunal process, legally detained psychiatric hospital patients with psychopathic disorder &/or mental impairment, England, 38562

Mentally Ill Offenders—Books

Mental health services in criminal justice system settings: A selectively annotated bibliography, 1970–1997, 19124

Psychopathic traits and intoxicated states: Affective concomitants and conceptual links, 24117
Psychotherapy with criminal offenders, 9291
Public inquires in mental health (with particular reference to the Blackwood case at Broadmoor and the patient-complaints of Ashworth Hospital, 38579
Recreating mayhem? Developing understanding for social work with mentally disordered people, 37620
Thinking horses, not zebras, 37619

Mentally Retarded [See Also Educable Mentally Retarded, Idiot Savants, Institutionalized Mentally Retarded, Profoundly Mentally Retarded, Severely Mentally Retarded, Trainable Mentally Retarded]—Serials

acquisition & observational learning of incidental information during constant time-delay instruction, 16–21 yr olds with moderate intellectual disabilities, 12725
adaptive & challenging behaviors & family contact & medication & service use & consumer satisfaction, mental retarded adults moved to community living arrangements vs retaining in nursing homes, 9137
age correlates of behavior disorders, 20–72 yr olds with intellectual disabilities referred for crisis intervention, 11715
age, incidence of fractures, male vs female children and adults with intellectual disability with vs without epilepsy, 1880
alternatives to hypothesis of gender-linked effects on communication patterns, individuals with mental retardation, 27968
American Indian Gestural Code vs ASL, sign comprehension & imitation & retrieval learning, mentally retarded male 30–57 yr olds with Down's Syndrome, 38897
antipsychotic medication effectiveness, people with a dual diagnosis of intellectual disability & schizophrenia, literature review, 18676
approaches taken to interviewing persons with mental retardation & implications for well-being & quality of life scores, 22856
assessment practices for mentally retarded children in preschool–grade 12 & use of alternative vs norm-referenced assessment approaches, school psychologists, 6667
association between psychiatric & physical disorders, 65–94 yr olds with intellectual disability, 11714
background experience & coping responses & perceptions of self & others in situations of stress &/or conflict, aggressive vs nonaggressive male vs female 17–65 yr olds with intellectual disability, 1879
behavior problem patterns & diagnostic & demographic characteristics, 17–91 yr olds with dual diagnosis of intellectual disability & mental illness, 18161
characteristics of staff communications, staff members working with 17–61 yr olds with intellectual disabilities in community residences & day centers, 25670
client-centered method of treatment for mentally handicapped people with contact disturbances, 38094
cognitive abilities, 9–10 yr olds with Williams vs Down syndrome, 37699
construct validity, AAMR Adaptive Behavior Scale-School: 2, school age children with mental retardation, 16380
critical social interaction behaviors, 14–20 yr old high school students with vs without mental retardation, 3 mo study, 8453
demographic & medical & psychosocial characteristics, 15–52 yr olds with intellectual disability & psychiatric disorders admitted for psychiatric inpatient treatment, 17773
demographic & personal & work factors associated with burnout, workers in residential facilities for clients with intellectual disabilities, 9364
depressive symptoms, 12–25 yr olds with intellectual disability vs normal IQ & with vs without comorbid dysthymic disorder, 18164
development & validity & reliability of Choice Questionnaire for self-report vs 3rd party rating of choice behavior in relation to quality of life, 18–61-yr olds with intellectual disability, 29394
difficulties in delivery of disability services, application of case data from 28–52 yr olds with intellectual disability & alcohol problems, 18905
divalproex sodium, aggression & self-injurious behavior, 20–63 yr olds with intellectual disabilities, 18732
duration of assessment sessions, functional analysis outcomes, adults with mental retardation referred for assessment & treatment of self-injurious or aggressive behavior, 22960
duration of contact with stimuli & ambiguous multiple stimulus array assessments for preference, reinforcement effects, 32–52 yr olds with mental retardation, 14857
effect of setting a goal on standing broad jump performance & relation of verbal behavior regulation, 12–18 yr olds with intellectual disability, 11717
effectiveness of constant time delay procedure in teaching leisure skills, 19.9–21.8 yr old male rural public school students with severe or profound developmental disabilities, 38912
efficacy of Mental Impairment Evaluation & Treatment Service model of inpatient treatment, people with intellectual disability & challenging behavior, 19028
efficacy of self-instructional audiovisual child-care manuals, child care & safety skills, parents with intellectual disabilities, 6.5 mo study, 14860
enriched environment based on paired-choice preference assessment, self injurious behavior & negative affect, 23 yr old mentally retarded female with mood disorder, 15197
environmental characteristics of nursing homes vs community-based residential settings, adaptive behavior & health & community integration, 31–88 yr olds with intellectual disability, 3-yr followup, 2639
environmental enrichment program, adaptive responding & passivity, 6–9 yr olds with visual & hearing impairments & profound intellectual disabilities, 1400
environmental or behavioral antecedents of conduct disorder &/vs emotional disturbance, 20–69 yr olds with intellectual disability, 30953
excess of non-right-handedness, 14–17 yr olds with intellectual disability, 31002
factors affecting efficacy of behavioral interventions, carers of people with intellectual disability & challenging behavior, 31540
factors predicting prescription of neuroleptic or anxiolytic or hypnotic or antidepressant medication, child & adult patients with intellectual disabilities, 18717
functional analysis & treatment of self-injurious behavior in classroom, 10-yr-old with severe/profound mental disability, implications for training teachers, 29039
functional analysis of effectiveness of variable-momentary differential-reinforcement-of-other-behavior schedules, self-injurious behavior, 28–50 yr old females with mental retardation, 24637
group treatment responses & recidivism to 1- vs 2-yr probationary sentences, adult male sex offenders with intellectual disability, 2166
group vs individual cognitive therapy, 25 & 26 yr old male stalkers with intellectual disabilities, 9285
identification of complex mental state expressions, adults with mental retardation & Williams syndrome vs with Prader-Willi syndrome, 1860
importance of specific aspects of service provision, adults with mild or moderate learning disabilities or mental retardation, implications for health care quality & quality of life, 18922
indications for ECT & frequency of use by consultant psychiatrists & outcome & consent issues, people with intellectual disability, 1990–1995, England , 38338
isokinetic muscle torque in knee, mentally retarded men with vs without Down's syndrome (mean age 19 yrs) vs sedentary men (mean age 23.9 yrs), 30997
knowledge & risk of contracting AIDS, 18–59 yr olds with mild or moderate intellectual disability, 37700
knowledge of & opinions about use of psychotropic medications in non-institutional settings for people with intellectual disability, direct service staff, 18669
legal aspects & concerns & procedures for handling mentally retarded clients in criminal justice system, 6485
level of self-concern assessed by & effect of associated psychological pathology on Rorschach Egocentricity Index, 18–38 yr olds with intellectual disability, 1874
membership in support group, perceived future needs of children with developmental disabilities, 41–60 yr old parents of children with mental retardation, 27965
metamemory ability & false beliefs, autistic vs mentally retarded children, 14820
model for & overview of supported employment for individuals with intellectual disability & challenging behavior, 12551
modified social attention condition, functional analysis detection of destructive behavior patterns, 6 yr old males with mental retardation, 11720
mortality & morbidity characteristics, deceased 40+ yr olds with intellectual disabilities, implications for health care policy & services & geriatrics, 24636

mother & father & child characteristics & risk for child abuse & neglect, 16–40 yr old mothers with intellectual disability referred to court for child protection concerns, 14861
normalization & issue of deinstitutionalization, prisoners with an intellectual disability in mainstream prisons vs specialist secure facilities, 35368
outcomes of inpatient treatment on specialist psychiatric unit, 15–52 yr olds with intellectual disability & psychiatric disorders, 19023
parenthood course & child outcomes, parents with intellectual disability, 2 yr follow-up, 14867
patient progress following Thomas S. lawsuit, patients with intellectual disability inappropriately placed in state psychiatric hospitals, 32522
peer support vs adult involvement, active engagement & social interaction frequency & duration, 13–15 yr olds without disabilities paired with 12–15 yr olds with moderate to severe disabilities , 9558
perceptions of burdens & gratifications & conflict & intimacy involved in caregiving of adult children with mental retardation, African American vs Caucasian mothers, implications for social work, 9182
perceptions of hearing difficulties & comprehension of verbal language & identification of nonverbal communication, day & residential treatment staff for intellectually disabled adults, 12419
physical rocking intervention, spontaneous head & mouth & body movements & heart rate, mentally & physically handicapped 15.4–26.8 yr olds, 5911
positive & negative life events & perceived stress during transition to supported community accommodation, 21–38 yr olds with intellectual disability, 5 mo study, 8449
prevalence of & behavioral & pharmacological treatment for habit disorders, individuals with mental retardation, 5156
prevalence of psychiatric disorders, mentally retarded Ss working in a vocational program, 9272
principles & application of strengths-based approach, social work practice with mentally retarded clients & their families, 15544
provision of health care, adults with mental retardation, 14863
quantity & quality & planning for day service support, 22–49 yr olds with intellectual disabilities & challenging behavior in day care services, 19009
racial disparity in judges' & psychologists' determinations of competency to stand trial, Black vs White mentally retarded defendants, 31003
rationale & development of model for integration of services & supports, parents with intellectual disabilities, 15549
relationship between problem behaviors & DSM-III-R behavioral criteria for major depression, 18–51 yr olds with intellectual disability, 30660
reliability & cutoff scores of Adelaide Behavior Disorder Scale subtests for determining presence of behavior &/or conduct disorder, 16–87 yr olds with intellectual disabilities, 29357
residential circumstances & social & professional support & attitudes about parenthood, parents with intellectual disabilities, Germany, 8456
residential transition from nursing home to community-based setting, health & community functioning, 32–88 yr olds with cerebral palsy & severe to profound mental retardation, 3 yr followup, 25440
retention & transfer of theory of mind training, 28–68 yr old intellectually disabled adults in day care, 18157
risk of developmental delay during 1st 2 yrs of life, children born to low-income mothers, 14865
risk of osteoporosis, immobile–bedridden 29–76 yr olds with intellectual disability, 1887
safety & efficacy of quetiapine, 6.2–15.3 yr old males with autistic disorder & mental retardation, 31675
selection percentages in response to tangible stimuli vs pictorial representations of stimuli in stimulus preference assessment, 23 & 31 yr old males with mental retardation, 11716
sexual education & health promotion program, sexual knowledge, adolescent & adult females with mental retardation , 18969
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta-carboline norharman, 23–60 yr olds with mental retardation & stereotyped behavior &/or self-injurious behavior, 11724
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta-carboline norharman, 23–60 yr olds with mental retardation & stereotyped &/or self-injurious behavior, commentary, 34474
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta–carboline norharman, 23–60 yr olds with mental retardation & stereotyped &/or self-injurious behavior, commentary reply, 34478
support networks, 24–43 yr old mothers with intellectual disability in different living arrangements, 14866
supported employment outcomes, 26–33 yr old males with intellectual disabilities & behavior problems, 38629
teacher identification of & risk markers for & changes in potential self-injurious behavior, children aged less than 11 yrs with severe intellectual disabilities &/or autism, 24593
tongue auto-amputation after flupenthixol injection for psychotic symptoms, 21 yr old mentally retarded male, 18722
type of teacher & instructional behavior & grouping structures, academic responding, elementary students with severe disabilities, 9557
use & effectiveness of & satisfaction with Biala communication strategy in Guardianship Board hearings, Board members & clients with intellectual & communication disabilities , 9741
use & effectiveness of interventions in occupational therapy practice for people with intellectual disabilities, occupational therapists, 19105
usefulness of ICD-10 Guide for Mental Retardation in clinical diagnosis of mental disorders, 8–22 yr olds with intellectual disability, 37692
utility of modified DCR-10 criteria for diagnosis of depression, 19–65 yr old inpatients with intellectual disability who received antidepressant medication over 12 mo period, 37689
validity & reliability of experimental functional analyses for challenging behavior, 22–61 yr olds with severe or profound intellectual disability, 16-mo study, 16409
validity of Diagnostic Assessment for Severely Handicapped–II subscale, diagnosis of depression, adults with severe & profound mental retardation, 27964
validity of Questions About Behavioral Function, assessment of antecedents of maladaptive behaviors, adults with mental retardation exhibiting self-injurious behavior or aggression or stereotypies, 16345
visuo-spatial & linguistic & memory ability, 10 yr old male with Williams syndrome, 31005
water mist punishment, self-injury & aggressive behavior toward staff, 50 yr old female with severe mental retardation, 31541
within-session changes in responding & establishing operations during course of functional analysis, 5–21 yr olds with moderate to severe mental retardation presenting with problem behaviors, 11721
wrong item format for teaching socially appropriate forms of communicative rejecting, severely intellectually disabled 6 yr old males, 25558

Mentally Retarded [See Also Educable Mentally Retarded, Idiot Savants, Institutionalized Mentally Retarded, Profoundly Mentally Retarded, Severely Mentally Retarded, Trainable Mentally Retarded]—Chapters

Adult day services, 12463
Coping with losses, death, and grieving, 11732
Dementia and public policy considerations, 12432
Dementia assistance resources, 12464
Functional psychoses in people with mental retardation, 31007
Professional training in the psychiatry of mental retardation in the UK, 32121
Staff stress, 32152
Treatment methods for destructive and aggressive behaviour in people with severe mental retardation/developmental disabilities, 30972

Mentor—Serials

Adolescent Parenting Program based on mentorship & nursing home visitation, infant mortality & low birthweight & maltreatment, high risk pregnant & parenting 14–18 yr olds, 28695
ambivalent or avoidant attachment style, social support network orientation effect on help-seeking from teacher or mentor, academically at risk college students, 19331
community & school based mentoring program, 7–11 yr olds, 12457
definition & presence of mentor & mentorship relationship characteristics, urban Latino high school sophomores, 17373
ethical concerns & recommendations for mentoring psychology graduate students, 28843
experiences & views on importance of mentoring, graduate students, 2952
faculty–student mentoring for ethnic minority counseling psychology doctoral students to prepare for careers in academia, WICHE Doctoral Scholars Program, 38681
formal mentoring program, job satisfaction, mechanical & electrical engineers, 1 yr study, 22621
gender composition of formal vs informal mentorship, mentoring functions & career outcome, proteges & mentors in 3 professions, 32350
individualized mentoring interventions with students with academic or behavior problems, teachers in training, 16011
mentor characteristics & perceptions & characteristics of the relationship related to mentors' seeking information from their proteges, mentors & their proteges in organizations, 16035
mentoring & race, salary & promotion & job satisfaction, White women vs Black women, 35629
mentoring program, peer relationships, 10–15 yr olds in foster care, 22187
mentoring, beliefs & attitudes & practices with regard to academically diverse students, preservice teachers, 25816
mentors, appearance & content of student posters, 32223
P. Lang's theory of emotion in relation to his mentors & other theories & bio-informational perspective, 306
participation in mentoring program, self efficacy & aspirations & possible selves, economically disadvantaged elementary & secondary school students, 12750
pedagogical practice & role attitudes & relationship, student teachers & their mentors, 6120
perceived costs & benefits of being a mentor & mentoring experience & intentions to mentor, high-ranking executives, 29102
perceptions of power in relationship with mentor teacher, 21-yr-old male secondary English student teacher, 32187
personal account of development into role of psychology professor & suggestions for professor/mentor relationship, 12566
protege-initiated mentoring, personality & situational characteristics & mentoring received, graduate employees, 38946
qualities of ideal mentor & ways mentors & proteges can make mentoring relationships most effective, 26–62 yr old mentors, 35625
sex, career progress & development of mentoring relationships & salary attainment, African-American graduates of historically Black university, 9574
short-term career-related & psychosocial mentoring in academic setting by experienced peers & multiple aspects of socialization & stress, MBA students, 22561
social-exchange & communitarian theories applied to formal mentoring program development & evaluation, companies, 35654
techniques by which management by objectives & mentoring are applied to & resisted by professionals, Big Six public accounting firms, 6321
volunteer mentorship programs to support literacy development, quality of child–mentor relationships & academic support provided to children, teachers & mentors & 1st–4th graders, 6145

Mentor—Books

Mentoring dilemmas: Developmental relationships within multicultural organizations, 15832

Mentor—Chapters

Asian Americans and developmental relationships, 15991
At the crossroads of race and gender: Lessons from the mentoring experiences of professional Black women, 16055
Beyond the simple demography–power hypothesis: How Blacks in power influence White-mentor–Black-protégé developmental relationships, 16063
Critical thinking in a distributed environment: A pedagogical base for the design of conferencing systems, 805
Developmental relationships of Black Americans in the academy, 15833
Do race and sex affect employees' access to and help from mentors? Insights from the study of a large corporation, 16060
Gender issues in developmental relationships, 16061
Mentoring at the margin, 15856
Mentoring with class: Connections between social class and developmental relationships in the academy, 15834
Testing theory by practice, 16059
Where do we go from here, and how do we get there? Methodological issues in conducting research on diversity and mentoring relationships, 16062
Women's and men's role models: The importance of exemplars, 16131

Mephenesin [See Muscle Relaxing Drugs]

Mercury (Metal)—Serials

geographic location &lead & mercury level, intelligence & visual contrast & neurobehavioral measures of cognitive & sensorimotor functions, 5–7 yr olds, Germany, 2101
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study , 5188
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study, commentary, 37735
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study , 5187

Mercury Poisoning—Serials

delayed auditory & visual evoked potentials & neuropsychological performance, prenatal exposure to seafood pollutant methylmercury, 6.4-7.4 yr olds, 34529

prenatal exposure to methylmercury & selenium deficiency, neurobehavioral functions, mice neonates, 13833
Mercy Killing [See Euthanasia]
Mescaline—Serials
mescaline, psychological & neuropsychological & neurometabolic effects, 27–47 yr old males, implications for acute psychotic symptomatology, 4168
Mesencephalon [See Also Inferior Colliculus, Optic Lobe, Substantia Nigra, Superior Colliculus, Tegmentum]—Serials
[F]DOPA & presynaptic dopaminergic accumulation in high midbrain, 10–17 yr olds with ADHD, 30815
chronic low dose diisopropylfluorophosphate, neurochemical changes in the pontomesencephalic tegmentum, rats, implications for role of cholinergic neurotransmission in behavioral state control, 36410
cocaine withdrawal, midbrain dopamine neurons in substantial nigra pars compacts & ventral tegmental area, rats, 23533
electrical stimulation & metergoline & 8-OH-DPAT or 5-HT1A antagonist WAY 100635, dorsal & median raphe nuclei regulation of serotonin release in circadian clock in suprachiasmatic nucleus, hamsters, 20093
fiber-sparing lesions to pretectum or superior colliculus, REM sleep triggering & responses to light, male rats, 29827
frequency & duration of amnesia & size of ventricles, patients following perimesencephalic hemorrhage, 2035
mesencephalic neuron kappa opioid tolerance & dependence, rats, implications for treatment of cocaine addiction, 26758
mu-opioid & nicotinic cholinergic mechanisms in pedunculopontine tegmental nucleus, male rats, 33381
neuroanatomy & neurochemistry of pathways in telencephalon & mesencephalon & basal ganglia & tegmentum & role in learning & memory & pecking avoidance, 1- to 2-day old chicks, 13532
normal & drug induced locomotor behavior & release capacity of dopamine neurons in nigrostriatal & mesolimbic systems, 4–6 vs 10–12 vs 18–20 vs 24–26 mo old male rats, 4041
optic flow input to hippocampal formation from accessory optic system in path integration, pigeons, 26654
red nucleus microstimulation vs motor cortex stimulation, locomotor pattern & timing, cats, 20186
SB 242 084 & RO 60-0175, nigro-striatal & mesolimbic dopaminergic function, male rats, implications for treatment of schizophrenia & neuropsychiatric disorders, 33387
transient early inhibitory input, processing of interaural intensity difference in auditory midbrain neurons, bats, 10443
variability in rewarding efficacy of self-stimulation & lateral hypothalamus lesions & forebrain–midbrain connectivity in ventral tegmental area, rats, 516
Messages—Serials
age & organization & presentation of automated telephone messages, memory for appointment information, 18–90 yr olds, 6914
cardiovascular disease prevention TV & print media campaign, health information seeking & interpersonal communication & effects on health knowledge & orientation, community residents, 3 yr study, 26927
content analysis of individual messages & transmission patterns in computer-mediated rumor chain, 7773
effect of helpful messages written in back of customer checks on increase in restaurant tipping, waiters & waitresses, 12928
importance & urgency of & presence of prod in message left on answering machine, number of return calls as test of prosocial behavior, participants, 1246
influence of multiple features of goals on linguistic structure of messages generated in response to problematic events in close relationships, 17–52 yr old students, 20415
integration of speech & camera control in message transfer TV conferencing, college students, 9695
level of health-related fear arousal & message order & persuasion, adherent vs unconverted students, implications for mass media health communications, 20420
message framing in highlighting potential gains vs loss in promotion of sunscreen use as cancer prevention behaviors, 18 yrs & older beach goers, 12355
message repetition & listener age, memory for automated appointment messages, older (mean age 71.2 yrs) vs younger (mean age 19.2 yrs) Ss, 26991
mindfulness & mindlessness in interpersonal communicative behavior & message selection, implications for communication research & pedagogy, 1226
mood influence on verbal communication of request formulations, students, 20858
moral advocacy campaign, beliefs in influence process vs noxiousness of the message, college students application of appraisal theory to a mediated context, 33929
opinions regarding messages of video songs from Sesame Street for preschool children, 5th graders vs adults, 20501
perceived likelihood of exposure & social distance of comparison group, tendency to see others vs oneself as more affected by media messages in violent rap lyrics & movies, college students, 27324
reward vs threat related persuasive message regarding need to vote, perceptions of message's argument quality, high vs low authoritarian voting eligible students, 11213
state communication anxiety & cognitive interference, message production skill acquisition, undergraduate students, 274
television violence, memory for commercial messages, college students, 9690
type of music vs continuing messages played to callers, actual vs estimated on-hold waiting time & ratings of on-hold stimuli, callers to telephone survey line, 10008
Messages—Chapters
Contemporary nonverbal theories of message exchange, 10692
Misunderstandings in voice communication: Effects of fluency in a second language, 824
Meta Analysis—Serials
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, commentary reply, 22874
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, commentary reply, 22863
challenge to assumption of bidirectional relations in personality–job performance meta-analysis, erratum, 16076
challenge to assumption of bidirectional relations in personality–job performance meta-analysis, 9592
comparison & reevaluation of results of meta analysis vs trial of effects of calcium on prevention of preeclampsia, women, 35082
comparison of 3 meta-analytical approaches, comment, 9976
confidence intervals & hypothesis tests using fixed- & random-effects procedures & models in meta-analysis, 6697
development of meta-analytic matrix for examination of cognitive ability measures & interviews & personality & biodata & relation to job performance, job performance, 35600
diagnostic problems & epidemiological incidence & new antidepressants in treatment of anxiety &/or depressive disorders, 34962
dissemination of meta-analysis as research tool in audiology & speech-language pathology, 8011
dose-response relationship of phototherapy for seasonal affective disorder, meta analysis, 31735
gender differences in learning orientations, meta-analysis, 9491
issues in use of & approaches to meta analysis for quantitative studies & systematic differentiation, 19565
levels-of-analysis framework on best estimates of population correlations & use of meta-analytic results in organizational behavior, 22668
lifetime risk of suicide for affective disorder & alcoholism & schizophrenia, meta analysis, commentary, 5014
meta analysis & critiques against significance testing in psychology, 36056
meta-analysis of couple communication program studies, 25101
meta-analysis of efficacy of relapse prevention for alcohol & substance use disorders & smoking, 28771
meta-analysis of fakability estimates & Big Five Personality dimensions & within- vs between-subject designs & effects of faking instructions on mean response levels of social desirability scales, 14335
meta-analysis of military cohesion research, 17578
meta-analysis of Minnesota Multiphasic Personality Inventory & MMPI–2, assessment of psychopathology & ethnicity, African Americans vs Latino Americans vs European American males vs females, 19596
meta-analysis of relation between heavy body weight & self-esteem, 14316
meta-analysis of similarities vs differences in parents' child rearing, 11037
meta-analysis on relationship between salary & grade, workers, 9591
meta-analytic approach to psychometric 3-step procedure for testing variable hypotheses, 13031
metacontent analysis of sexuality during pregnancy & after childbirth, couples, 1950–96, 30325
methodology & reliability of meta-analytic review , 3291
report adequacy of methodological & statistical aspects of randomized controlled trials in evaluation of antidepressants & use of results in subsequent meta-analyses, 6563
St. John's Wort treatment vs standard antidepressants, meta-analysis, adults, 34988
study design & report of effect sizes & suitability for meta analyses & systematic literature reviews, studies of interventions to reduce alcohol-related car crashes & injuries, 16254
survey response rate differences, students & educators vs general population, meta analysis , 3394
team building, job performance, meta analysis, 22670
use of meta-analysis in study of group & intergroup behavior, 6736
Meta Analysis—Books
Interventions for students with learning disabilities: A meta-analysis of treatment outcomes, 22559
Meta Analysis—Chapters
Focus chapter: **Meta-analytic research methods, 9982**
Personality disorders after age 50: A meta-analytic review of the literature, 27752
Metabolic Rates—Serials
metabolic costs of heat solicitation calls in relation to thermal need, embryos of American white pelicans exposed to decreasing or increasing body temperatures, 16730
metabolic profiles of & human cytochromes involved in newer antidepressants, 36561
metabolic rates in anterior cingulate & prefrontal cortex, prediction of therapeutic response to sleep deprivation, patients with unipolar depression, erratum, 38342
metabolic rates in anterior cingulate & prefrontal cortex, prediction of therapeutic response to sleep deprivation, patients with unipolar depression, 31742
seasonal variation in field metabolic rate, White-crowned Sparrows, 33331
social isolation, sucrose solution consumption & metabolism & passage through blood brain barrier of morphine & place preference conditioning, male mice, 26754
Metabolism [See Also Biosynthesis, Lipid Metabolism, Metabolites, Protein Metabolism]—Serials
A. A. Markosyan's concept of biological reliability & relation to ontogeny & aged related dynamics of muscular motor activity & manifestations in metabolic regulation, 16987
age & anthropometric & metabolic parameters & disorders & depression & malnourishment, 65–106 yr olds, 8024
alcohol induced depersonalization disorder, 23-yr-old male, 21336
alterations in brain metabolism, patients (mean age 19 yrs) with anorexia & bulimia nervosa, 27982
blood & tissue concentrations of L-lactate & glucose & glycogen as indicators of metabolic debt, fighting time, male shore crabs in hypoxic vs normoxic water conditions, 13473
Citrus aurantium extract & caffeine & St. John's Wort, body weight & fat loss & metabolic variables & plasma lipid levels & mood states, overweight healthy adults , 18814
cytochrome P450 enzymes & metabolism & interactions of atypical antipsychotics in schizophrenia treatment, 28481
differential effects of SSRIs on inhibition of cytochrome P450 enzymes, implications for drug interactions, 733
diminution of aerobic gut flora by ciprofloxacin treatment, ethanol elimination rate, alcohol-fed rats, 10634
effects of ambient temperature vs norepinephrine vs chronic food restriction on oxygen consumption/metabolism, awake vs anesthetized naked mole-rats, 29929
effects of haloperidol on antioxidant defense system enzymes, 25–49 yr old males with schizophrenia, 8963
electrolytic lesions of lateral pallidum, motor coordination & spatial learning & cytochrome oxidase activity, rats, 23315
food deprivation duration & utilization of metabolic fuels 2-deoxy-D-glucose & isophane insulin, food hoarding & intake, female jirds, 33317
gepirone & metabolite 1-(2-pyrimidinyl)-piperazine, human cytochrome mediation of transformation & metabolism & cytochrome inhibition, human liver cells, 7264
human CYP2D6 & metabolism of m-chlorophenylpiperazine, implications for prescribing psychiatric drugs, 8941
MDMA, thermogenesis & activity levels, female CYP2DA replete vs deficient rats, animal model of poor metabolizer, 36583
menstrual cycle, sex-related blood ethanol concentration & metabolism–elimination rates, cynomolgus monkeys, 20201
metabolic costs of heat solicitation calls in relation to thermal need, embryos of American white pelicans exposed to decreasing or increasing body temperatures, 16730
metabolic inhibitors mercaptoacetate vs 2-deoxy-D-glucose, macronutrient self-selection, male rats, 4008
metabolic interactions & CNS medications & selective 5-HT reuptake inhibitors, 30038
metabolic mapping of suppression scotomas in striate cortex, monkeys with experimental strabismus, 29810
metabolism of glutamic acid & neurophysiology of monosodium glutamate & Umami taste & impact on nutrition & ingestive behavior, 13515
metabolism of multi-receptor clozapine analogue atypical antipsychotic drugs & serotonin-dopamine antagonist atypical antipsychotic drugs, 35021

methylation cycle & transmethylations & DNA synthesis & neurodegeneration, patients with Alzheimer's disease & dementia of Alzheimer's type, 8667
myo-Inositol ingestion, brain myo-Inositol levels & brain metabolism & mood change, adults (mean age 24.1 yrs) , 20342
nefazodone, clozapine plasma concentrations, 21–34 yr olds with depression, 31701
neuroleptic treatment metabolism of phospholipids & high energy phosphates in left & right frontal lobes, patients with schizophrenia, 21971
plasma fluoxetine & norfluoxetine & therapeutic response, patients with major depression, commentary reply, 2272
plasma fluoxetine & norfluoxetine & therapeutic response, patients with major depression, commentary, 2363
plasma homocysteine & methylenetetrahydrofolate reductase C677T gene variant in schizophrenia, 19–76 yr old schizophrenic inpatients, 30757
plasma neuropeptide-Y levels & monoamine metabolism & electrolyte excretion & drinking behavior, 6.5–14.3 yr olds with ADHD, 5145
possible inhibition of desipramine metabolism by ibuprofen, 15-yr-old male with comorbid attention deficit disorder & major depression & dysthymia, 2317
prefrontal & subcortical glucose metabolism, predatory vs affective murderers, 5135
reduction or elimination of methylphenidate by carbamazepine & liver metabolism, 7-yr-old male with severe mental retardation & attention deficit disorder & grand mal epilepsy, 2278
repeated ingestion of grapefruit juice, plasma concentrations of haloperidol & reduced haloperidol & clinical status, 37–71 yr old females with schizophrenia receiving haloperidol, 18753
review of developmental aspects & clinical consequences of cytochrome P450 from fetus through life span, 7331
role of cytochromes P450 2D6 & 3A in risperidone metabolism, 18–55 yr old psychiatric patients genotyped for CYP2D6, implications for treatment, 31620
seasonal variations in mineral metabolism, 32–78 yr old males with moderate vs heavy self-reported alcohol intake, 11633
short-term vs long-term effects of oral choline, metabolite concentrations in human brain, 24–34 yr olds, 29988
sulphation capacity available indicated by urine paracetamol-sulfate/paracetamol-glucuronide ratio, low functioning autistic children (mean age 8 yrs), 30937
tryptophan metabolism & other amino acid concentrations in relation to alcohol-withdrawal syndrome, alcohol-dependent males undergoing elective upper digestive tract tumor resection, 8334

Metabolism [See Also Biosynthesis, Lipid Metabolism, Metabolites, Protein Metabolism]—Chapters

Pharmacology of cocaine, 781
Pharmacology of opiates, 775

Metabolism Disorders [See Also Cushings Syndrome, Cystic Fibrosis, Diabetes, Hyperglycemia, Hypoglycemia, Hyponatremia, Lipid Metabolism Disorders, Phenylketonuria, Porphyria]—Serials

cognitive functioning, 14 yr 9 mo–23 yr olds with Lesch-Nyhan syndrome, 4-yr study, 24710
development of dementia, African American brothers with hyperphosphatemic tumoral calcinosis, 35 yr study, 5192
EEG power within alpha & theta & delta & beta bands & metabolic disturbances, 53–78 yr olds with vascular dementia, 24850
hypercalcemia & cardiac arrhythmia, 44–76 yr old male patients with bipolar disorder receiving maintenance lithium therapy, 2411
metabolic syndrome levels, caregivers with vs without coronary heart disease who cared for spouses with Alzheimers disease, 15–18-mo follow-up, 1999
molecular basis & diagnosis & treatment & psychosocial aspects of familial hypercholesterolemia, adults & children, 24715

Metabolites [See Also Dopamine Metabolites, Norepinephrine Metabolites, Serotonin Metabolites]—Serials

alprazolam, monoaminergic neurotransmitter metabolites & clinical response, 35–60 yr old females with primary late onset dysthymia, 5668
analyzation of ethyl linoleate in meconium as biomarker for prenatal ethanol exposure, mothers & their infants, 14725
antidepressant properties of lofepramine & its desmethylated metabolites in forced swim & olfactory bulbectomized rat models of depression, male rats, 13761
blood folate & vitamin B12, CSF monoamine metabolites & depression & hopelessness & personality, 18–71 yr old suicide attempters, 27773
cerebral phosphorus metabolite abnormalities & treatment duration, opiate-dependent polydrug abusers in short- vs long-term methadone maintenance therapy, 32039
characterization of metabolite profile in right prefrontal cortex using proton magnetic-resonance spectroscopy, 17–47 yr old patients with Graves' disease, 5193
clozapine, production of reactive oxygen metabolites by blood monocytes & clinical outcome, 24–41 yr olds with neuroleptic resistant schizophrenia, erratum, 28444
CNS excitatory behavior & antianalgesic pharmacology of nomorphine-3-glucuronide, adult male rats, 4271
cocaethylene administered with cocaine vs alcohol, schedule-controlled responding behavior, rats, 33486
cocaine dosage, pharmacokinetic & metabolite profiles & response rate in contingency-controlled timing behavior, food-limited rats, 17056
compulsive weight lifting & anabolic substance abuse, 21–40 yr old females who were raped, 27778
CSF concentrations of monoamine metabolites, 0.4–23 yr olds with Prader-Willi syndrome, 8039
detection of novel metabolite ethylphenidate in blood & liver samples, human female suicide victims who overdosed on methylphenidate & coingested alcohol, 27800
enzyme linked immunosorbent assay for detecting ethanol metabolite acetaldehyde adducts with keratin as biological marker of ethanol consumption, ethanol-fed &/or cocaine-injected female mice, 589
fluoxetine & desipramine & separation, biogenic amine activity, mother- vs peer-reared rhesus monkeys, 26751
highly active antiretroviral therapy, cerebral metabolite abnormalities, HIV-cognitive motor complex patients with dementia, 38372
human CYP2D6 & metabolism of m-chlorophenylpiperazine, implications for prescribing psychiatric drugs, 8941
HVA & MHPG & 5-HIAA plasma monoamine metabolites & parameters of aggression, 8–12 yr olds with conduct disorders, 14709
mechanism-based model for characterizing pharmacodynamic interaction between midazolam & its active metabolite alpha-OH-midazolam, male rats, 20376
morphine & morphine-6 beta-glucuronide & dose, analgesic potency elicited from periaqueductal gray or locus coeruleus or rostral ventromedial medulla, male rats, 4189
novel antipsychotic aripiprazole & its metabolites, dopamine & serotonin receptor subtypes, rat cells , 20320
oral clozapine, distribution of clozapine & desmethylclozapine between blood & brain, male rats, 17120
prediction of neurodevelopmental outcome using cerebral proton magnetic resonance spectroscopy & structured neonatal neurological assessment, infants with presumed hypoxic-ischaemic brain injury, 1 yr followup, 34604
reduced availability of metabolic substrates, lateral hypothalamic self-stimulation sensitivity, food restricted male rats, 3835
reduced haloperidol, psychopathology improvement & extrapyramidal adverse effects, 19–59 yr old patients with acute schizophrenia, 35029
role of morphine metabolites in pain control among cancer patients, 18830
role of progesterone metabolites in anxiety-related behaviors accompanying lactation, female rats, 33323
S-adenosyl-L-methionine, serotonin & dopamine levels & mood, patients with depressive disorders, 8955
side effect as qualitative indicator of plasma concentrations of chlorpromazine &/or its metabolites, 19–50 yr old schizophrenic patients, 15288
subcortical N-acetylaspartate & choline metabolites, HIV-positive patients with vs without cognitive impairment & clinical symptoms, 18311
sulphation capacity available indicated by urine paracetamol-sulfate/paracetamol-glucuronide ratio, low functioning autistic children (mean age 8 yrs), 30937
synthetic norethisterone vs levonorgestrel & their metabolites vs allopregnanolone, anxiety & ambulatory behavior, ovariectomized female rats, 4241
systemic quinolinic acid vs 3-hydroxyanthranilic acid, inhibition of DOI-induced head shakes, male mice, implications for role of metabolites in kynurenine pathway, 36569
tail flick vs hotplate latency tests of spinal or supraspinal structure mediated antinociception following ip vs iv vs icv morphine vs morphine-6-glucuronide, rats, 4273
venlafaxine, pharmacokinetics of terfenadine & its active acid metabolite fexofenadine, 20–44 yr old healthy Ss, 619

Metacognition—Serials

age & familiarity & level of exposure, prediction accuracy of text material, 18–22 yr olds vs 35–48 yr olds, 29637
appraisal of personal beliefs through experimentation, 9–14 yr olds, 26982
attributional biases & metacognition, schizophrenic 25–65 yr olds with vs without auditory hallucinations, 1565
cognitive development & knowledge about mind & relation to theory of mind development, infants & children, 13937
cognitive functioning & depression & health, metamemory, 67–96 yr old nursing home residents, 33699
cognitive mediation & instructional design & metacognitive & instructional knowledge, college students, 19243
cognitive model of generalized anxiety disorder & metaworry, pathological worrying, college students (mean age 29.79 yrs), 21198
compositional model of reflective agency in meta-reasoning processes & information states, 22760
concept of metacognition & its application to the development of children's reading & comprehension, Mr Homunculus the Reading Detective reading program, 15861
consciously controlled & automatic memory processing, memory impairment, adults with multiple sclerosis, 37906
critical analysis of construct validity & utility of metacognition in psychological studies, 19801
declarative metacognitive knowledge of higher order thinking skills, junior high & high school science teachers, 25718
direct memory-relevant output monitoring, confidence rating on general knowledge test, college students, erratum, 3595
distractor-stimulus memorability or salience, metacognition & memory for nonoccurrence, college students, 10137
effects of cognitive regulatory activities on verbal & numerical & diagrammatic intelligence in prediction of academic performance, college freshman, 12689
learning goals that allow 10–11 yr old students to engage in conceptual change learning, female teacher, 1 yr study, 9420
lorazepam, confidence level & feeling of knowing judgments for episodic & semantic metamemory, adults , 4097
making performance prediction immediately after reading text vs after delay with test given immediately after vs after delay, accuracy of performance prediction, undergraduates, 283
memory & metamemory functioning, adult patients with major depression with physiological or behavioral or cognitive symptoms, 24202
memory self-efficacy & locus of control, event- vs time-based prospective vs retrospective memory performance on laboratory tasks & memory capacity & stability & anxiety, 51–83 yr old Ss, 16653
memory training programs, objective & subjective memory performance, 50–87 yr olds with subjectively experienced vs objectively defined memory decline, 6902
mentalizing ability & self-reported schizotypal traits, 18–49 yr olds, 24271
meta-awareness of rhymes vs phonemes in reading development, 1st yr primary school students (mean age 5.8 yrs), 30190
metacognition & motivation & locus of control & self efficacy & academic achievement, 12th graders, 6207
metacognition & vocational indecision, 18–43 yr olds, 35598
metacognitive & affective processes & achievement in mathematics, 5th grade pupils, 2919
metacognitive awareness & reading, English vs Irish primary students with above vs average vs below average reading ability, 22510
metacognitive effects & consequences of craving, treatment-seeking substance abusers (mean age 39.5 yrs), 22270
metacognitive effects of substance use & metacognitive consequences of refraining from substance use, adult treatment-seeking substance abusers, 21351
metacognitive training, mathematical problem solving, 7th graders, 19256
metamemory ability & false beliefs, autistic vs mentally retarded children, 14820
nature & importance & teaching strategies to facilitate metacognitive development, children , 7396
number of different neighboring concepts linked to test cue in long-term memory, feeling-of-knowing judgments, undergraduates, test of partial-retrieval vs competition hypotheses, 290
order of sequence of sentences in narrative text, metamemory judgments & object-level recall, 18–40 yr olds , 19843
phenomenographic study of process of metacognitive awareness & constructivist models of learning & recontextualization of student conceptions, 1st yr university students, 28961
predictive validity of feeling-of-knowing judgments for subsequent recognition memory performance, 18–81 yr old eyewitnesses to crime scenario, 29646
prejudice & stereotypic perceptions of own vs lower status group, college students , 1266
retroactive interference for paired word associations, metamemory ratings of feeling of knowing & judgments of learning, undergraduates, 23145

self-awareness of metarepresentation & relation between delayed video representation & current reality & mirror reflection, 3–4 yr olds, 13958
studying high- vs low-frequency words, memorability judgments for high- vs low-frequency words made at list presentation vs during recognition test, undergraduates, 276
test of memory vs safe key choice as function of metamemory in delayed matching to sample, pigeons, 23135
training session activities, metacognitive awareness, 5th graders in homogenous vs mixed intellectual ability classes, 32315
understanding of visual perception, adolescent (8–9 yr old) chimpanzees, continuation of study begun at age 5–6 yrs, 16943
use of multiple descriptive models to teach abstract & situation-dependent knowledge through intelligent computer-aided learning , 9714
Metacognition—Books
Externalism and self-knowledge, 4323
Metacognition and cognitive neuropsychology: Monitoring and control processes, 3569
Metacognition—Chapters
Anti-individualism and privileged access, 4348
The Brown–McKinsey charge of inconsistency, 4349
Building a cognitive creature from a set of primitives: Evolutionary and developmental insights, 892
Content and self-knowledge, 4328
Control processes explored by the study of closed-head-injury patients, 3346
The development of procedural metamemory in childhood and adolescence, 4458
Effect of acute alcohol intoxication on recall and on judgments of learning during the acquisition of new information, 4313
The impact of metacognitive reflection on cognitive control, 3574
The incompatibility of anti-individualism and privileged access, 4329
Individualism and self-knowledge, 4336
Insight and metacognition, 3579
Memory and self-knowledge, 4335
Metacognition in writing, 19365
Metacognitive monitoring of text cohesion in children, 7467
Metacognitive strategies: Instructional and curricular bases and implications, 6180
Metacognitive strategies: research bases, 6266
Our entitlement to self-knowledge, 4333
Our entitlement to self-knowledge: Entitlement, self-knowledge and conceptual redeployment, 4352
Privileged access, 4344
Privileged self-knowledge and externalism are compatible, 4354
Processes underlying metacognitive judgments: Information-based and experience-based monitoring of one's own knowledge, 16621
The role of metacognitive processes in the regulation of memory performance, 3606
Self-knowledge and closure, 4326
The sense of control and cognitive aging: Toward a model of mediational processes, 33638
The validity of metacognitive predictions of widespread learning and long-term retention, 3604
What an anti-individualist knows *a priori*, **4331**
Metalinguistics—Serials
development of metalinguistic awareness & phonemic judgments of meaning & structure related words, 4–12 yr olds, 23690
early language development & phonological awareness, reading problems, Danish 3–11 yr olds, 36754
Japanese predicate da & linguistic expressivity, 33556
pragmatics & metacommunication theory of misunderstanding, 23621
training in linguistic & phonological awareness & components of training effects, reading performance, 1st graders (mean age 7.2) with low phonological awareness, 37681
Metalinguistics—Chapters
Learning to read Chinese: The development of metalinguistic awareness., 15958
Metallic Elements [See Also Aluminum, Calcium, Iron, Lead (Metal), Lithium, Mercury (Metal), Potassium, Sodium, Zinc]—Serials
cadmium chloride exposure, discrimination of cocaine vs d-amphetamine vs apomorphine vs dopamine agonist SKF 38393 vs SKF 82958 vs quinpirole vs antagonist GBR 12909 vs procaine vs morphine, male rats, 17075
high vs low aluminum in purified diet, body weight & food intake & motor activity & toxicity, female mice, erratum, 23508
prevalence & types of pica & trace metal levels & age & sex & mental retardation level & psychiatric disorders, 24–77 yr olds with developmental disabilities, 30951
progression of parkinsonism & other symptoms of manganese poisoning, 80 yr old male, 14 yr followup, 11770
Metals [See Also Metallic Elements]—Serials
addition of chromium picolinate or chromium polynicotinate to antidepressant drug therapy, 24–50 yr old patients with antidepressant-refractory dysthymic disorder, 18716
chronic cadmium, cocaine vs apomorphine vs lithium chloride effects on conditioned place preference vs aversion, male rats, 36590
development of quantitative assay of avoidance behavior for neurons exposed to toxic concentrations of cadmium vs copper vs nickel ions, wild-type vs mutant worms, 23347
Metamemory [See Metacognition]
Metaphor—Serials
ability to complete analogies on causal mapping task as evidence for relational shift hypothesis, 3–6 yr olds, 7424
analogy instruction, analogy solution & use of parallel explanations & metaphor paraphrasing, gifted 5.6–6.6 yr olds, 2988
analysis of selection & defense & use of energy metaphors in E. Berne's theory of personality, 24055
collaborative visual & metaphorical thought in organizational vision building, 9382
comparative strength of metaphors vs similes & argument against categorization theory, 30101
comprehension & use of metaphor, hearing impaired 10–15 yr olds who performed within normal age limits, 2119
context & novel/unlexicalized metaphorical vs literal vs dead/unlexicalized word use, semantic decision & retrieval time, college students, 29555
conventional meaning of words in language & metaphor, 33553
cued-recall memory for simple sentential metaphors & similes, English vs Spanish vs bilinguals, 29634
experientialism & metaphors, conceptual formation & development of interactive systems, 32433
filter vs spotlight vs spotlight-in-the-brain metaphors in cognitive psychological approach to attention & experimental design & identification of phenomenon & interpretation of data, 16687
function of metaphor & implicational & psycho-semiotic transmission of information in metaphoric processing, 19809
image schemas & metaphoric processes & translation as a concept, 33549
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16660
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16633
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16634
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16628
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, 16661
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16665
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16657
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16638
jazz as metaphor for description of organizational structure concepts, 25920
judgement & interpretation, arbitrary & iconic & metaphorical signs in American Sign Language, undergraduate students, 33560
linguistic vs nonverbal (visual) metaphoric development, 8–12 yr olds with language disorders, 11763
meaning & metaphor in psychoanalytic education, 6016
mental imagery, interpreting poetic metaphor & image metaphor, undergraduates, 29556
metaphor, processing style in persuasion tasks & listeners' motivation & cognitive responses & recall & enjoyment of sports, college students, 33994
metaphoric understandings of illness, 19–23 yr old females with bulimia, 5163
metaphors in print advertisements, metaphor interpretation & comprehension & recall & perception of ad content, male vs female 2nd vs 4th vs 6th graders, 4442
metaphors in talk of depressed women in psychotherapy, 21096
navigation process & shopping experience in cyber shopping malls based on spatial vs non-spatial metaphors, college students, 22694
operational & structural theories of metaphor in computing systems & active learning, 35783
phenomenological-constructivist & feminist interpretation of perceptions of violent events & their development through use of metaphors, 20–49 yr old battered females, 34264
reassessment of propositional aspects of target-concept structure in contemporary theory of metaphor, 30096
structure-mapping, attributive predicates vs relational predicates vs double comparisons & the simile-metaphor preference, adults, 30089
symbols & metaphors as language of unconscious in psychoanalysis, 31595
use of conceptual metaphor for counselors, 38041
use of metaphor in individual psychology, therapists, 25012
use of metaphor in perception of organization & impact on organization conflict & change, 9627
use of metaphors to introduce concept of hypertext as cognitive tools, degree of knowledge about semantic relations & structures, 7th graders, 32204
Metaphor—Chapters
The archetype of the parentified child: A psychosomatic presence, 21496
Bringing a symbol: An experiential exercise for systematic change, 38145
Getting a grip on reality, 16620
Imagination and metaphor in the development of the trainee psychotherapist, 22347
Input and language acquisition, 10830
Metaphor and learning activity, 10689
Metaphors and organizational action: Postmodernity, language and self-regulating systems—a Mexican case study, 25940
Revelations of family perceptions of diagnosis and disorder through metaphor, 17796
Metaphysics—Serials
differences in language & ontological knowledge, physical & spatial & temporal distinctions, English & Spanish speaking adults & children, 36676
metaphysical account of radical emergence vs dualistic vs physicalistic accounts of consciousness & cognition, 319
Metaphysics—Chapters
Being scientific about our selves, 19905
Consciousness as self-function, 19908
Consciousness it/self, 19904
A developmental–ecological perspective on Strawson's ''the self'', 19898
The dialogue of the soul with itself, 19896
''Gnothi Seayton'' (know thyself), 19916
''I'' = awareness, 19899
An interpretation of the ''self'' from the dynamical systems perspective: A constructivist approach, 19915
Mental and bodily awareness in infancy: Consciousness of self-existence, 20639
Pathologically divided minds, synchronic unity and models of self, 21062
The periconscious substrates of consciousness: Affective states and the evolutionary origins of the self, 19907
Phenomenal consciousness and self awareness: A phenomenological critique of representational theory, 19917
Phenomenology and agency: Methodological and theoretical issues in Strawson's ''the self'', 19912
A rDzogs-chen Buddhist interpretation of the sense of self, 19903
Reduction and the self, 19895
Schizophrenia, self-consciousness, and the modern mind, 21168
The self and the SESMET, 19914
The self in contextualized action, 19902
The self is a semiotic process, 19909
Subject and object, 19900
''The self'', 19913
Three laws of qualia: What neurology tells us about the biological functions of consciousness, qualia and the self, 19910
Unified consciousness and the self, 19897
What does mysticism have to teach us about consciousness?, 19901
Metapsychology—Serials
comparison of perpetrator of the unconscious in H. Davanloo's new metapsychology with classic psychoanalytic concepts, 37186
D. Meltzer's concept of The Psycho-analytic Process & its development to include additional metapsychological areas, 4816
dynamic principle in psychoanalysis & reformulation of metapsychological perspective of drive motivation to one of intentionality & purpose & appetitive desire, 17729
dynamic principle in psychoanalysis & reformulation of metapsychological perspective of drive motivation to one of intentionality & purpose & appetitive desire & causality vs motivation distinction, 17728
metapsychological perspective on development of capacity to be alone, 24061

the unconscious in H. Davanloo's new metapsychology & development of technique of intensive short-term dynamic psychotherapy, 37991
the unconscious in H. Davanloo's new metapsychology & review of classic psychoanalytic concepts, 37187
US psychoanalyst A. A. Brill & politics of exclusion & current metatheories, 17731
Methadone—Serials
additional methadone increases, drug craving & mood & cognitive & psychomotor functioning, chronic opiate patients in methadone substitution treatment, 25154
choreoathetoid movement & euphoria induced by rapid adjustment to methadone, 26 yr old male who abused heroine & cocaine, 5922
d-methadone, morphine tolerance & NMDA-induced hyperalgesia, rats & mice, 20279
effect of ascending & descending doses of pretreatment naloxone on oral methadone as self administered reinforcer, male rhesus monkeys, 23599
levo-alpha-acetylmethadol dose, adults with opioid dependence, 1799
methadone, pharmacodynamic & pharmacokinetic effects, abstinent rats, 7195
methadone-induced psychotic disorder with hallucinations, 5.5 yr old Hispanic female, 17912
oral methadone formulations, opiate withdrawal symptoms, 30–55 yr old patients, 38606
personal social networks & HIV status, 24–60 yr old female drug users on methadone, 8348
potency of & reversal effects of naloxone on levo-alpha-Acetylmethadol vs methadone, 27–43 yr old opioid dependent males, 22257
prenatal exposure to methadone, attachment behavior & separation reactions, 1 yr olds of 18–35 yr old African American mothers on methadone maintenance during & 12 mo after pregnancy, 14007
prescribed methadone & near-fatal toxicity, 27 yr old opioid-naive male with renal colic, case report, letter, Australia, commentary, 2479
presence of psychiatric illness & family situation, methadone or oxycodone efficacy & side effects & patient quality of life, 23–59 yr old severe refractory chronic daily headache patients, 28612
reasons for obtaining & expectations of methadone & other substitute drugs, persons who misuse illicit drugs, 15319
reinforcing effects of self-administration of ethanol &/vs methadone, male rhesus monkeys, 747
symptomatic methadone toxicity associated with addition of fluvoxamine treatment, 28 yr old female with severe asthma, 15400
Methadone Maintenance—Serials
6 mo methadone maintenance response & outcome, African American & Hispanic adults, 19072
access to & expansion of methadone maintenance treatment for opioid addiction, 22265
accidental ingestion of naltrexone, ultra-rapid opiate detoxification, 30-yr-old male methadone maintenance patient, 32045
additional methadone increases, drug craving & mood & cognitive & psychomotor functioning, chronic opiate patients in methadone substitution treatment, 25154
additional treatment with community reinforcement & relapse prevention, retention & outcome, methadone maintenance transfer vs off-street patients with no methadone, 6-mo followup, 38592
analysis of treatment costs of 180 day methadone detoxification with vs without contingency contracting, 23–60 yr olds with opioid addiction, 22262
cerebral phosphorus metabolite abnormalities & treatment duration, opiate-dependent polydrug abusers in short- vs long-term methadone maintenance therapy, 32039
clinical & pharmacokinetic features of oral vs iv administration of methadone, heroin dependent Ss in methadone maintenance treatment programs, 25520
clonidine use & illicit abuse, 24–59 yr old methadone program patients & applicants, 9229
contingent reinforcement approach to reduce cannabis use, male methadone maintenance clients (mean age 48.3 yrs), 12504
counseling attendance & opiate abstinence at Week 2 of methadone maintenance treatment, prediction of treatment retention & ongoing drug use at 6 & 9 mo, 24–66 yr old drug abusers, 25532
DSM-IV diagnosis of ADHD & response to methadone maintenance treatment, patients with comorbid diagnosis, 30942
effectiveness of low-threshold methadone maintenance programs, reduction of overdose mortality, injecting drug users (mean age 32.8 yrs), 28786
effectiveness of methadone maintenance for heroin addiction, treatment implications, 5935
excessive use of alcohol, methadone patients, 15633
frequency of urine testing, detection of opioid & cocaine use, patients in methadone maintenance treatment, 32055
hepatitis B vaccination, anti-HIV-1 seropositive former iv heroin addicts in methadone maintenance treatment, 32029
heroin & cocaine usage patterns, methadone patients, 1792
HIV risk behaviors & likelihood of testing for HIV status & repeated testing, Ss before & after entering methadone maintenance treatment, 1979
identification of specific treatment needs & characterization & opiate use, 35–65 yr old male nonresponsive vs responsive patients in methadone maintenance treatment, 9227
integration of methadone treatment into managed-care systems, delivery & access & financing of treatment, New York state methadone programs, 38625
intensive outpatient methadone & psychosocial treatment program, retention & abstinence & health/social outcomes, heroin addicts hospitalized for other illnesses, 38593
maintenance on slow-release morphine vs methadone, neonatal abstinence syndrome, 17–40 yr old pregnant female opiate or polysubstance abusers, 19060
methadone dosage, treatment outcomes, opioid dependent patients, 19052
methadone maintenance & dose vs naltrexone vs drug-free program, retention in treatment, heroin users , 2684
methadone maintenance treatment, HIV risk behaviors, individuals (mean age 38.5 yrs) with cocaine dependence and abuse, 9242
methadone take-home contingencies, cocaine & opiate use, persistent opiate & cocaine abusers, 15613
moderate vs high daily dose methadone, patients with opioid dependence, 15640
mortality rate & cost-effectiveness of methadone maintenance as method of substance abuse treatment, 25 yr old injecting heroin addicts, 32026
prenatal exposure to methadone, attachment behavior & separation reactions, 1 yr olds of 18–35 yr old African American mothers on methadone maintenance during & 12 mo after pregnancy, 14007
prescribing & dispensing of methadone & other drugs to drug misusers, community pharmacists in Scotland, 35323
prevalence & course of benzodiazepine abuse, heroin abusers in methadone maintenance treatment, prospective 1 yr study, 25522
prevalence & incidence rate of HIV & hepatitis B & C, drug users on methadone maintenance treatment, 1919
prevalence of psychiatric comorbidity, methadone maintained patients, 9244
program quality factors, conference presentation & treatment effectiveness evaluation patient outcomes & treatment response, substance use patients attending methadone maintenance programs, 27862
quality of life, heroin dependent patients, before vs 1 yr after start of methadone maintenance treatment, 2685
reasons for obtaining & expectations of methadone & other substitute drugs, persons who misuse illicit drugs, 15319
relationship between methadone treatment & reduction of criminal activity, male opiate-dependent 21–55 yr olds, 1987–1993, 2-yr followup, 25510
relationship betweensubstance abuse & patient characteristics associated with autonomy to mood disorders, 24–56 yr old cocaine using methadone patients, 17776
risk factors & early deviant & self-reported behaviors, 12–17 yr old offsprings of adult narcotic addicts participating in methadone maintenance programs, 18072
sex, psychiatric comorbidity, cocaine using opiate addicts in methadone maintenance program, 9241
social anxiety & low-intensity enhanced methadone maintenance intervention vs high-intensity day treatment program, methadone maintained opioid dependent patients (mean age = 36.7 yrs), 9224
staff perceptions on integrating methadone maintenance clients into residential drug treatment, residential staff, 38626
sublingual buprenorphine tablets vs methadone maintenance therapy, 18–39 yr olds in treatment for opiate addiction, 38603
test–retest reliability of the Psychopathology Checklist-Revised, male & female methadone maintenance patients, 2-yr follow up, 35959
treatment outcomes & completion of high vs low intensity cognitive-behavioral therapy, cocaine dependent methadone patients, 15 mo followup, 25539
urinalysis based contingency management program, prevention of relapse following brief residential detoxification, methadone maintenance patients, 19056
Methadone Maintenance—Chapters
Contingent access to clinic privileges reduces drug abuse in methadone maintenance patients, 18579
Efficacy and versatility of voucher-based reinforcement in drug abuse treatment, 18588
Methadone maintenance, 15664
Reducing cigarette smoking in methadone maintenance patients, 18587
Treatment of cocaine abuse in methadone maintenance patients, 5969
Methamphetamine—Serials
acute vs chronic methamphetamine, levels of activity regulated cytoskeleton associated protein in brain regions, male rats, 4184
auditory ERPs & psychotic symptoms, methamphetamine dependent patients, 8354
brain perfusion deficits, crystal methamphetamine abusers with psychotic symptoms, 18031
dopamine-releaser phentermine vs 5-HT releaser fenfluramine, methamphetamine discrimination & self-administration, male rats, 10629
dopaminergic neurotoxin methylphenyltetrahydropyridine, cocaine & methamphetamine-induced locomotor activity, mice, 20305
drug injection & other HIV-risk taking behaviors, heroin & methamphetamine users, 18090
escalating dose-binge stimulant exposure of amphetamine or methamphetamine, emergent behavioral profile & differential caudate-putamen & nucleus accumbens dopamine responses, male rats, 13814
glial cell line-derived neurotrophic factor, extracellular levels of dopamine in striatum 24 hrs postadministration & protection against neurotoxic effects of methamphetamine, male rats, 29775
hallucinogen psilocybin vs 3,4-methylenedioxyethylamphetamine vs d-amphetamine, cerebral glucose metabolism & neurometabolic effects & cognitive activation, healthy 27–47 yr olds, 20292
increased sensitivity to stress associated with noradrenergic hyperactivity & vulnerability to spontaneous recurrences of methamphetamine psychosis, female inmates, 34197
isradipine, positive subjective effects & abuse liability of d-methamphetamine, 19–48 yr olds, 26789
low vs high dose methamphetamine, extracellular caudate nucleus & nucleus accumbens dopamine levels & locomotion & stereotypic responses, male rats, 36632
methamphetamine dosage, water intake & ambulatory activity during light vs dark cycle, male rats, implications for involvement of depletion of central dopamine &/or serotonin, 689
methamphetamine use, sexual & injection HIV risk behaviors, out of treatment iv drug users (aged 17–72 yrs), 30899
methamphetamine vs morphine vs phencyclidine vs pentobarbital, VI VI schedule performance, male pigeons, 7228
pharmacological effects of methamphetamine-HCl & methcathinone-HCl & cocaine & ephedrine via inhalation exposure on locomotor activity, male mice, 10621
positron emission tomographical study on reduced dopamine transporter density, 18–65 yr old abstinent methamphetamine vs methcathinone users vs patients with Parkinson's disease, 1404
protocol for quantitative analysis of effects of lithium on reverse tolerance & c-Fos expression induced by methamphetamine, male mice, 17073
psychopathological & neuroendocrine & autonomic effects of recreational doses of entactogen MDE vs psilocybin vs methamphetamine, 27–47 yr olds, 13739
repeated high-dose methamphetamine, local cerebral glucose utilization, male rats, neurotoxic model of human methamphetamine psychosis, 30012
risperidone, obsessive-compulsive symptoms, 24 yr old male with history of methamphetamine psychosis, 21906
seroprevalence of HIV & hepatitis C virus & intravenous drug usage & unsafe sexual behaviors & self-mutilation & tattoos, methamphetamine- vs solvent- vs alcohol-dependent patients, Japan, 27888
stimulant drug treatment as an HIV prevention tool, cocaine & methamphetamine abusers, 9251
stress sensitivity associated with noradrenergic hyperactivity & dopaminergic change, spontaneous recurrence of methamphetamine-induced paranoid-hallucinatory states, female inmates , 21357
subchronic methamphetamine vs restraint stress, stereotypy sensitization & cliff avoidance reaction, Fischer 344/N vs Lewis/N male rats, 4303
treatment with NBQX an AMPA receptor antagonist, behavioral sensitization induced by methamphetamine or cocaine doses, male rats, 618
Methanol—Serials
exposure of cerebral vascular smooth muscle cells to methanol concentrations of 10–400mM, changes in concentration of intracellular free calcium ions, male canines, implications for CNS toxicity, 30024
Methedrine [See Methamphetamine]
Methionine—Serials
beneficial effects of S-adenosyl-L-methionine, aminolevulinic acid dehydratase & glutathione & lipid peroxidation, mice following ethanol &/or lead administration, 29998
methionine, ethanol induced loss of righting reflex, mice, 36591

Methodists [See Protestants]
Methodology [See Also Causal Analysis, Cohort Analysis, Content Analysis, Data Collection, Empirical Methods, Meta Analysis, Self Report]—Serials
3-phase methodology for development of computer-generated tailored health education interventions, 18857
action research model of K. Lewin & application to organizations & action research team project in high technology company, 29133
active avoidance & behavioral control, emotional reactivity & startle potentiation, 18–24 yr olds, application of startle-probe methodology, 29958
age normative precision in identifying disabilities, preschool test for children, 38905
agreement regarding tobacco control & tobacco farming policy & use of Delphi method to produce shift toward consensus, Kentucky state legislators, 15448
analysis of errors in performance of 29 yr old male with color agnosia, implications for application of methodology to cross-case comparisons of color recognition disorders, 18445
application of concepts of risk to alcohol use & methods used in & findings from studies of alcohol & sexual risk taking & risky driving & violence & crime in young adults, prevention implications, 17539
application of Q methodology to counselor education for giving meaning to transitive thought & deepening of self understanding & understanding feelings in thought, 28829
applications of H. Blumer's group position theory to study of contemporary race prejudice, 33744
artificial enhancement of bars with temporary antiseptic dye to show preference for more vertical bars on males, female Xiphophorus fish, 23240
ascribing meaning to survey items in method of factorial invariance in cross cultural management research , 13149
assessment of changes in parents' levels of differentiation approaches to childrearing, parents with dysfunctional parenting skills & children at risk, 1136
behavior therapy benefits from use of single-case research practices, 32754
between-Ss vs within-Ss experimental design, rated acceptability of curriculum-based vs norm-referenced academic skills assessment instruments, elementary education teachers, 16373
breath alcohol concentration clamp & battery of dependent brain functions to family history of & responses to alcohol use, 21–29 yr olds, 34373
business-to-business attitudes toward and response rates to market survey research, 22574
causes of overestimation of price effects & non-significant price effects & positive price elasticities in survey-based price experiments, Ss, 19691
challenges faced in primary-care-based recruitment strategies & interventions, physical activity, sedentary 35–75 yr olds , 38457
client characteristics & interview mode, bias in survey measurements of drug use, 18–45 yr olds, 3403
collaboration of interviewers & interviewees in interpretation of research data & construal of researcher role in ethnographic research, commentary, 3398
collaboration of interviewers & interviewees in interpretation of research data & construal of researcher role in ethnographic research, 3395
community-based research project to teach undergraduate research methods, student learning, 22426
comparison of methods for evaluating clinical outcomes for individual patient data, 22961
comparison of problematic concept formation & other "measurement trap" methods with experiential & other methods designed to better reflect perspectives & experiences of battered females, commentary, 14661
comparison of problematic concept formation & other "measurement trap" methods with experiential & other methods designed to better reflect perspectives & experiences of battered females, 14706
concept mapping methodology in analysis of opinions about improving legal & social & medical/mental health community service response to rape, women working as rape victim advocates, commentary, 15543
concept mapping methodology in analysis of opinions about improving legal & social & medical/mental health community service response to rape, women working as rape victim advocates, 15520
concept of & methods for & psychological significance of investigating subjective experiences, 37165
conceptual & methodological aspects of construct validation in clinical psychology, 22929
conceptual & methodological issues in measurement of quality of life & comparison between HIV/AIDS & other chronic diseases, adults, 1969
conceptual & methodological issues in use of quality of life measures in mental health & psychological treatment outcome evaluation, 26139
conceptual design & research framework & components & analytic strategies for evaluation of American Stop Smoking Intervention Study, 32052
constant illumination associated with video taping during experimentation, behavior, nursery pigs, 19924
contradictions & clinical & methodological caveats in literature on retrograde amnesia, 8633
contradictions & confounds in methods & outcomes in coverage of obesity & weight loss in clinical psychology journals & textbooks & media, recommendations for paradigm shift in review process , 35384
correspondence between assessment outcomes of brief vs extended functional analysis, 20–68 yr olds referred for assessment & treatment of self-injurious behavior or aggression, 22946
criticism of previous research & family-risk & stress–coping based conceptual model for studying alcohol & drug use, Asian American adolescents, 8379
critique of methodological aspects & results of research on culture of mathematics classroom, teachers & students, Comment, 28907
cultural framework of ritual of initial conversation for gaining cooperation to conduct ethnographic research, persons who sell drugs & their families, 8347
deficit in quality & amount of clinically relevant research in field of hypnosis & challenge to researchers & clinicians to do sophisticated outcome research, 5698
definitions & uses of case study in political psychology & guide for conducting research & stereotypes of case study & steps for addressing criticisms , 27215
delayed matching to sample procedures in studies of short term memory & mnemonic processes & cognitive disorders & processes & models of drug effects, humans & animals, 349
democratization of Q methodology & incorporation within action research framework, group participation & decision making in organizational setting, action researchers, 32753
description of immunoassay for salivary testosterone levels, 8–12 yr olds & adults, implications for research on testosterone–behavior relationship, 14008
design & development & reliability & accuracy of ergonomic methodology in evaluation of legality of bowling actions in cricket, cricketer with investigated unorthodox bowling action , 36079
development & validation of functional MRI-based method of determining language dominance, 16–70 yr old patients with brain lesions & epilepsy, 13516
development of new naturalistic task to investigate remembering intentions, Georgian & English speakers, 6732
developmental action inquiry research approach, personal & organizational & social scientific developmental paths, 29142
distinction of work vs enabling actions in human computer interaction & methodological importance of application to complex systems such as geographic information systems, 6421
duration of assessment sessions, functional analysis outcomes, adults with mental retardation referred for assessment & treatment of self-injurious or aggressive behavior, 22960
effect of visual biofeedback on heart rate control in multielement design, 25 yr old female, 4083
efficacy of randomized clinical trials of treatments for depression & drug development process, 15346
energy constrained signal subspace method for speech enhancement & automatic speech recognition under additive noise condition, 7300
enhancing effectiveness of research teams operating within ethnic-cultural communities, 6731
equivalence of meaning vs cultural bias in methodology of mental health research, 19690
error components methodology for segmentation & modelling brand choice dynamics in consumer behavior & marketing research, 6384
ethical considerations for research design & follow up studies, sexually abused 10–15 yr olds, 38741
evaluation of self report method in assessing high risk attitudes & behaviors vs parental & police & school records, 11–17 yr olds, 16418
factors in successful recruitment of older adults in randomized controlled trial of exercise advice in general practice setting, adults 60 yrs old & older, 16423
feasibility & validity of time-series design in assessment of teaching effectiveness & students' learning progress, beginning vs experienced chemistry teachers & their grade 8 low- vs high-achievers, 25796
feeding behavior patterns as measured by weekly food diary, French students, 1 yr study, implications for cross-cultural comparisons, 14290
feminist epistemology, qualitative reinterpretation & theoretical analysis & data regarding experiences of lower income pregnant adolescent African Americans, middle class researcher, 14199
feminist epistemology, qualitative reinterpretation & theoretical analysis & data regarding experiences of lower income pregnant adolescent African Americans, middle class researcher, commentary, 14201
filter passband & integrator time constant, eyeblink EMG response peak & area, college students, comparison of various human startle quantification methods , 537
forms of knowledge & characteristics & role of participatory or peoples' action research in addressing community problems & social change, 27123
functional analysis methodology, reinforcement- vs punishment-based treatment choice for self-injurious & aggressive behavior, researchers, 22952
global vs specific items & assessment of conversations over adolescent life span vs 1-yr & forced-choice vs continuous responses, parent–teen disagreement about sexual discussions, mothers vs teens, 26944
guidelines for researcher safety in field research, 16428
heat pain thresholds as function of assessment method & rate of rise, adult males vs females, 16457
heat-lamp-induced sleep latencies & q-tip & odor-bottle olfactory stimuli in method for testing odor detection & discrimination, food-deprived 1 day old chicks, 33035
heterogeneity vs homogeneity & deficit syndrome psychopathology & paradigm shift in schizophrenia research, 30702
heuristic personality model used to compare research approaches to study of impulsive aggression, 4762
hierarchical linear models in multilevel data, implications for organizational research, 16137
history & methodological advances & findings of Department of Defense sexual harassment surveys, active-duty military personnel, 34285
history of study of psychoneuroimmunology & issues related to methodology of psychoneuroimmunological studies, 13680
Holter system & medical algorithms in monitoring of electrocardiography in study of cardiac rhythm, healthy school children & children with organic heart pathology, 18333
identification & coping with horrors of indexicality & inconcludability & reflexivity in qualitative scientific research, 13153
importance of teaching & activities to teach psychology students to be good consumers of research problems & questions, 32238
informed consent & other ethical issues & elements of conducting successful research in American Indian communities, 6728
innovative methods for research in feminist psychology, 27230
integration of action & reflection in cooperative inquiry research & enquiry group learning process, 26287
interaction patterns in problem-solving discussion, prediction of martial satisfaction, newlywed couples, 1 yr study, application of cumulative point graph methodology, 14152
internal & external validity of methodology in phonological awareness intervention research, 16437
interpretative bracketing & existential-phenomenological methodology, self concept & etiology & experiences of violence & power & dominance & context associations, 28–51 yr old male batterers, 14697
interpretative bracketing & existential-phenomenological methodology, self concept & etiology & experiences of violence & power & dominance & context, 28–51 yr old male batterers, commentary, 14666
issues in sampling & response rates & pretesting & interviewing & questionnaire design & response bias in survey research, 13155
journey analysis as a framework for integration of consultation & evaluation for collaborative problem solving in complex change initiatives, 26076
K. R. Popper's propensity interpretation of probability & its potential methodological value in social sciences , 27269
levels of analysis important to & methods used to analyze multilevel data in & use of efficacy as example of multilevel model for group research, 6712
major depression & PTSD as examples of intercultural conceptual ambiguity & cross-cultural validity of assessment methodology & instruments & diagnostic criteria in research with ethnic minorities, 22828
measurement of temporal response of binaural auditory system using binaural analog of gap detection, listeners, 19766
measures of actual vs straight-line distance of individuals vs groups & their ratios in 30 min, large vs small groups of vervet monkeys vs group of patas monkeys, 19993
mental health services interventions & clinical trials in mental health services research, 38479
meta-analytic approach to psychometric 3-step procedure for testing variable hypotheses, 13031
method based on mathematical model of paired comparisons for assignment of dominance ranks, red deer stags, 19994

method for detecting long & short promoter alleles of serotonin transporter gene HTT, implications for investigations of HTT & personality traits or psychiatric illness, 436
method for estimating population prevalence of serious emotional disturbance, children & adolescents, 6690
method for estimating signal-to-noise ratio in continuous speech, adults with disordered voices, 18464
method for measuring interrater agreement on checklists & statistical simulations, 22935
method for MRI-based in vivo measurement of amygdala volume allowing for separation from hippocampal formation, 32–52 yr old males, implications for study of psychiatric disorders , 23300
method for reducing scanner noise in auditory function MRIs, 19–46 yr olds, 13611
method for structural analysis of group arguments, 6737
method of studying covert vs overt attentional shifts in the relation between eye movements & allocation of attention across visual field during reading, 18–41 yr olds, 32757
methodologic issues in research on geriatric suicide, 22951
methodological & metatheoretical analyses of Tibetan polyandry, 1039
methodological & philosophical issues in cross cultural collaborative management research, 12821
methodological advances & difficulties in study of group dynamics, 6730
methodological approaches to study of & design of computerized survey questionnaire assessing sexual behavior & attitudes & contraception & condom use, 16–20 yr olds, 26284
methodological characteristics of research literature on group psychotherapy with female incest survivors, 31558
methodological conditions for extended naturalistic observations in dream study, 16431
methodological considerations in research on testosterone & aggression & personality & sexual orientation & criminal behavior, 24425
methodological factors affecting screening for suicidal ideation, children & adolescents of depressed vs well mothers, 5025
methodological flaws affecting randomized controlled trials on efficacy of new antipsychotics, 18659
methodological issues & sex & perpetration & vicitmization & attitudes & social learning & feminist theories in dating violence research, 24431
methodological issues in ad libitum mixing, taste memory, 18–50 yr olds, 3406
methodological issues in clinical trials of cocaine pharmacotherapy, 21919
methodological issues in evaluation of paternal involvement demonstration project, poor inner city noncustodial fathers & their children, 5871
methodological issues in evaluation of speech & language therapy, preschool age children, 15686
methodological issues in interpersonal relatedness variables & validity & diagnostic efficiency of Rorschach Test, errata, 35913
methodological issues in interpersonal relatedness variables & validity & diagnostic efficiency of Rorschach Test, commentary, 24050
methodological issues in measurement of quality of life, dying patients & their families, 18776
methodological issues in psychiatric genetics & pharmacogenetics, patients with mental disorders, 21039
methodological issues in study of & review of findings on associations between sexual abuse & alcohol problems, 8282
methodological issues in study of emotion & relation of emotion to cognition & operation of affect system & evaluative processing, 13365
methodological issues in use of women in construction of life narratives in feminist research, 27224
methodological issues in use of women in construction of life narratives in feminist research, commentary, 27246
methodological problems in adaptation of Health Behavior in School aged Children study, elementary & junior high & high school students, Indonesia, 17189
methodological problems in diagnostic profiles, committed psychiatric patients with schizophrenia, literature review, 34186
methodological problems in studies of effectiveness of workplace interventions to prevent low-back disorders, 10000
methodological problems with using residual difference scores to measure met expectations, 16110
methodological trends in ''Journal of Personality'' articles, 1970–1995 , 1281
methodological variables in research on age differences in self-rated health, 17415
methodological variations & cognitive processing operations purported to underlie performance on Corsi block-tapping task, 6650
methodologies in & review of depression articles published in Journal of Social & Clinical Psychology, 1988–1998, 27641
methodology & application of conversation analysis to aphasia research, 21620
methodology & reliability of meta-analytic review , 3291
methodology for evaluating certain aspects of quality of life dealing with subjective & interpersonal meaning of symptoms in psychotherapeutic diagnosis, 19685
methodology of volumetric MRI, schizophrenia vs high risk patients, 32689
methods & data quality & reliability & validity of acoustic speech analysis of phonation & articulation & resonance, patients with dysarthric speech or other speech disorders, 24673
methods for classifying song notes into types & describing harmonic structure of song notes & determining order of notes in song motifs, discrimination of zebra finches' notes, human Os, 20035
methods for ensuring & improving use of applied psychological research in applied setting through example of sequential line-ups for eyewitness identification of suspects, 29269
methods for handling attrition rate & missing data & application in assessment of effectiveness of substance use treatment program for teens, 29453
methods for identification & correction for stimulus-correlated motion in generic brain activation studies, 25–45 yr old schizophrenics, 14538
methods for investigating incremental validity of Rorschach variable ego impairment, implications for application to evaluation of other Rorschach variables, 30609
methods of measurement & definitions used, reported prevalence of chronic benign pain, 18–75 yr olds, 1965
mixture model mapping of brain activation in functional magnetic resonance imaging data, 13538
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19110
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19112
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19111
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19106
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, 19108
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary reply, 19107
model for surrogate nipple technique, ethanol self-administration, female vs male neonatal rats 4–5 hrs old, 33157
multilevel daily process study designs for consulting & clinical psychology, 32751
need for strategies for effective research on teaching & learning of writing, 15867
objectives & methodology & findings of epidemiological investigations of associations between major mental disorders & criminality, post-World-War II birth cohorts, 7999
operationalization & measurement of self-efficacy in relation to HIV-risk reduction research, 1978
participatory research & use of children in researching governmental child care and street children, 10743
phenomenological methodology evaluation of hospice day care service, 50–86 yr olds with cancer, 25469
phenomenological methodology to study of hysterical personality disorder, 8240
post-modern self investigation of egalitarianism & group dynamics & intimacy & empathy & power & subjectivity during feminist research, adult survivors of childhood sexual abuse, commentary, 14202
post-modern self investigation of egalitarianism & group dynamics & intimacy & empathy & power & subjectivity during feminist research, adult female survivors of child sexual abuse, 14671
practice of statistical significance tests & atavism & is/ought fallacies & confusion or desperation among researchers' denial resistance to improved practice, 13028
precision & comparability & suitability of active drug & placebo-subtracted adverse event rates for newer antidepressants, 38326
precision & external validity & sensitivity to developmental & gender & diurnal differences of radioimmunoassay method for assessing dehydroepiandrosterone in saliva, 8–11 vs 12–17 vs 30–45 yr olds, 22942
prediction from current Munsell spacing assessments of principal hue components alpha perceived in each color j, adults, 13202
predictive & convergent validity of analytic hierarchy process vs conjoint analysis methods of attribute variation, college students, 6713
prevalence estimation methods of domestic violence, females of Japanese descent (mean age 37.2 yrs), 34313
problems with null hypothesis vs other methods used in statistical inference, 29441
procedure for prediction of perceived color difference in current Munsell solid & contrast to multidimensional scaling, 13203
Prodin prospective dialectic interpersonal method for investigation of strategic decision processes & their implementation for organizational change, bank CEOs, 32355
protocol for measurement of voluntary ethanol drinking, socially-housed squirrel monkeys, 4206
protocol for quantitative analysis of effects of lithium on reverse tolerance & c-Fos expression induced by methamphetamine, male mice, 17073
psychiatric epidemiology & methodological approaches to assessment & study of possible associations between mental disorders & violent behavior, 8048
qualitative & quantitative research methods on the sources of meaning in life of 18–42 yr old patients vs. 18–26 yr old non-patients, 37261
qualitative interviews & video-recording as methodology to study GPs' decision-making during consultations, 25333
qualitative research in vocational & organizational psychology between 1979–99, 35596
qualitative research methodology as mode of inquiry in conversation development & education, 7-yr-old deaf female, 5442
quantitative & qualitative methods in product development & evaluation of functional clothing in climatic chamber tests vs field tests, fishermen, 3188
question of causality & meaning in psychoanalytic method & adaptation of attachment theory, 38191
question of causality & meaning in psychoanalytic method & adaptation of attachment theory, commentary, 38199
question of causality & meaning in psychoanalytic method & adaptation of attachment theory, commentary, 38198
question of causality & meaning in psychoanalytic method & adaptation of attachment theory, commentary, 38197
question of causality & meaning in psychoanalytic method & adaptation of attachment theory, commentary reply, 38192
race & income & employment & education & age variables created from National Health Interview Survey data for targeting underserved for breast & cervical cancer screening, 18–64 yr old females, 2545
randomization & treatment dropouts & untreated controls & within-treatment designs & other aspects of methodological issues in evaluation of outcomes of treatment for sexual offenders, 32073
rationale behind & evaluation of measurement techniques of stress-related immune dysfunction in psychoneuroimmunology, 29972
recommendation for new criminological research agenda for next millennium, 24560
reliability & validity of analog functional assessment methodology, developmentally disabled 8–10 yr olds with excess behaviors, application of generalizability theory & Behavioral Assessment Grid, 15187
report adequacy of methodological & statistical aspects of randomized controlled trials in evaluation of antidepressants & use of results in subsequent meta-analyses, 6563
reporting & methodology of alcohol administration studies, 1994–1995, 26074
research approaches & findings & methodological problems in multidisciplinary field of neuropsychological toxicology, 36448
research criteria & methodology for identification of recurrent abdominal pain & stomachaches & psychological & physical & environmental factors & stress & coping skills, children's health, 37737
research methods & applications in clinical practice, quality of psychiatric care, 5707
research methods & types & frequencies of immigrant vs indigenous adolescent problems & placement process in residential group care & treatment setting & parental involvement, Netherlands, reply, 4876
research methods & types & frequencies of immigrant vs indigenous adolescent problems & placement process in residential group care & treatment setting & parental involvement, Netherlands, commentary, 4889
review of & statement of goals in the furthering of feminist psychological research alternative methodologies , 14194

role of Individual Psychology as companion theory in properly conducting social science research, 22949
role of logic models in conceptualization & delivery & management & evaluation of programs, 32755
similarities of Buddhism & psychoanalysis in methods & approaches toward individuals & relation to insights into nature of being & self, 14368
societal construction of meanings, critical discourse analysis as methodology for critical nursing inquiry on notions about humans & health & illness, 15380
SPAN (social participatory allocation network) & RCON (rational consensus) influence allocation methods in group decision support systems, selection of correct option, adults, 4714
statistical methodological advances in & models for handling clinical trial drop-outs & usage in intent-to-treat analysis, 60–90 yr olds in 12-mo trial of nortiptyline treatment for major depression, 18714
step by step method for setting curricular priorities for visually impaired students during Individualized Education Plan process, 29027
Strategic Management Simulation technique, difficulties in real-world challenges & complex decision making, 48-yr-old female with right orbitofrontal damage after traumatic brain injury, 32686
strategies for reducing selection bias in focus groups, Mexican-American gang members, 6739
strategy for research on family violence, 24447
strengths & weaknesses of mean extremity & percentage agreement & dispersion & correlation & spatial clustering as methods for measurement of consensual beliefs in groups , 6689
structuring effective research teams for conducting drug prevention research with minority populations, 9223
subject selection & repeated measures & adequate control group issues in human experimental research with hallucinogens , 4159
survey vs focus group assessment of HIV attitudes & knowledge, adolescents (mean age 15.9 yrs), 32760
survival analysis vs traditional methodology for studying demographic & work-related predictors of turnover behavior, professional employees, 16125
teaching & methodology in futures research, Hungary, 2868
testing method for study of knowledge-based systems behavior & results, 6434
theoretical & methodological issues for feminists in psychology, 27222
theoretical & methodological issues for feminists in psychology, commentary, 27228
theoretical & methodological research issues in childrens' perspectives & expectations from their parents on their education, 11–12 yr olds , 3399
theoretical & methodological tensions in working with innovative methods in feminist research, graduate students & faculty member, 27232
theoretical perspectives & assumptions of group performance & outcome measures pertaining to groupware computer technologies, implications for industrial & organizational psychology, 29054
traditional ranking vs likert type rating in measurement of health & lifestyle values, 18–29 yr olds, 37141
type of advance letter vs no letter for personal interview survey, response rates, 3371
use of abstracts from conference proceedings as method for conducting systematic review of mental health care topics, 16421
use of focus groups for feminist critique of traditional methods in psychology & for feminist research, commentary, 27242
use of focus groups for feminist critique of traditional methods in psychology & for feminist research, 27245
use of gene chips & expression array technology in methodology for study of genes & mRNAs under various physiological & pathological states, implications for biology & neuroscience & psychiatry , 13165
use of imagework in qualitative research in health & social sciences, 16422
use of multiple case study for experiences of reentry in psychology doctoral programs, 32–48 yr old females, 2.5 yr study, commentary, 28851
use of multiple case study for experiences of reentry in psychology doctoral programs, 32–48 yr old females, 2.5 yr study, 28859
use of multitemporal satellite images & spectral mixture analysis in study of human incentives & actions & reactions to environmental change, 12960
use of narratives to examine interactions between society & community & person, public housing residents vs nonresidents, implications for community psychology, 1062
use of phenomenographic approach to research on patients' understandings of their experiences & other aspects of health care, 16417
use of qualitative methodology, traumatic injury patients, 21478
use of risk-ratio & odds-ratio & population attributable fraction epidemiology measures as means of influencing public policy, 36068
use of theories of social exchange & cognitive dissonance & self perception & commitment/involvement in designing consumer surveys, survey participation, 18–65+ yr olds, 19682
usefulness of feminist relationality methodology using collective drama/education as preventive strategy of violence against women, 7th–13th grade students, 14807
usefulness of feminist relationality methodology using collective drama/education as preventive strategy of violence against women, 7th–13th grade students, commentary, 14802
usefulness of Grounded Theory to highlight cultural relevance in attitudes about health screening & pain perception, American Indian women, implications for health behavior change interventions, 36091
utility & ethics of using student-led interviews of females & contribution of research with vs on students to feminist social psychology, commentary, 14225
utility & ethics of using student-led interviews of females & contribution of research with vs on students to feminist social psychology, 14227
utility & theories of social psychology research methodologies & psychodiagnostic typologies for mild vs severe clinical & subclinical depression, 27597
utility of focus groups as research methods for small group dynamics, 18–43 yr old males, 6738
validity & generalizability of health-related data from studied Ss to Ss not studied, 19566
validity & reliability of experimental functional analyses for challenging behavior, 22–61 yr olds with severe or profound intellectual disability, 16-mo study, 16409
validity of ganzfeld extrasensory experiments for support of existence of psi & communication anomalies, 23172
validity of representativeness assumption and generalizability in twin studies of risk for eating disorders, 11329
values & theories & methods for development of framework for social work education internationally, social workers, 28865
verbal vs enactment interview condition & child behavioral style & language skills, 1 & 6 wk recall of pediatric examination, 3 vs 5 yr olds, 17254
wrong item format for teaching socially appropriate forms of communicative rejecting, severely intellectually disabled 6 yr old males, 25558

Focus chapter: **Research methods in the study of sexual behavior, 11076**
Focus chapter: **Research methods with adolescents, 10753**
Focus chapter: **Research methods with children, 12002**
Focus chapter: **Research methods with older adults, 10938**
Friends' influence on children's adjustment to school, 15990
From case studies to robust generalizations: An approach to the study of creativity, 6547
Fundamental measurement for psychology, 9808
Generalizability theory: Picking up where the Rasch IRT model leaves off?, 9806
Human behavioral pharmacology: An overview of laboratory methods, 3416
Human development in the age of the Internet: Conceptual and methodological horizons, 13925
"I wasn't raped, but/p./p./p./p.': Revisiting definitional problems in sexual victimization, 37534
In acknowledgment: A review and critique of qualitative research texts., 22985
The measurement of attachment security in infancy and childhood, 19585
Measurement of the physical environment as stressor, 16236
Measuring the peer environment of American adolescents, 14060
Methodological challenges in cross-national research: Countries, participants, and general procedures, 10005
Methodological concerns in the study of private speech, 7464

Methodological issues in adult health psychology, 12306
Methodological problems in studying family psychopathology., 3278
Methodological strategies in research to validate measures of belief in a just world, 64
Methodology in the study of language acquisition: A modular approach, 10812
Negative reinforcement and punishment, 3413
New directions in developmental research: Models and methods, 4410
Of genes and genomes, 26562
The Ohio State model, 6305
Organizational psychology in a cross-cultural perspective, 3027
Part II: Methods of clinical neurobiological research, 27565
Part III: Methodologies of cognitive science, 3580
Planning, conducting and writing up research, 25647
Psychophysics: Methods and analyses of signal detection, 3417
Psychophysiological measures in the study of attachment, 20255
The relative efficacy of drugs and psychotherapy: Methodological considerations, 24941
Research method: Development and field testing of the content model, 12781
Research methods in adult psychopathology, 11307
Researching failure to thrive: Progress, problems, and recommendations, 14936
The role of prior knowledge in mediating foreign vocabulary acquisition and retention: A process-analytic approach, 299
Self-experimentation, 3420
Social behavior, 3422
Sociocultural research in the copyright age, 6512
Statistical methods in clinical research, 9983
Stimulus equivalence, 3414
Stress and burnout in the teaching profession: European studies, issues, and research perspectives, 22642
Tacit knowledge in sales, 16048
Theories and methods in developmental psychology, 13921
Through the eyes of children: An ethnographic perspective on neighborhoods and child development, 13911
Treatment process research methods, 12074

Methohexital—Serials

melatonin agonist agomelatine, diazepam discrimination & methohexital self administration, monkeys & rats, implications for abuse liability, 7268
reinforcing & discriminative stimulus effects of pregnanolone vs Co 8-7071, rhesus monkeys trained to self-administer methohexital vs pentobarbital, 33476

Methoxyhydroxyphenylglycol (3,4)—Serials

clozapine, homovanillic acid & 5-HIAA & MPHG & cortisol & prolactin in plasma &/or urine & psychopathology scores, males with schizophrenia (mean age 33.3 yrs), 2332
haloperidol withdrawal, HVA & MHPG levels & use as biological markers for psychosis, 20–63 yr old male patients with schizophrenia or schizoaffective disorder, 21912
HVA & 5-HIAA & MHPG CSF metabolite values & relation to life history & behavior, 40–140 mo old male vs female anubis & hybrid baboons, 20202
relationship of cerebrospinal HVA concentrations & HVA/5-HIAA ratios & HVA/MHPG ratios, 19–72 yr old suicide attempters, 37460
saliva level of free MHPG, 20–61 yr old outpatients with anxiety before & after alprazolam treatment, 2413
tyrosine, cognitive task performance & mood & BP & MHPG, 18–27 yr old cadets in demanding military combat training course , 17031

Methyl Alcohol [See Methanol]
Methylatropine [See Atropine]
Methyldiphenylhydramine [See Orphenadrine]

Methylenedioxymethamphetamine—Serials

3,4-MDMA, behavior, male knockout mice lacking the 5-HT Type 1B receptor, 10655
abnormalities in cerebral serotonin vs dopamine transporter binding, male users of ecstasy vs other drugs, 26847
acute 3,4-methylenedioxymethamphetamine, locomotor activity & skilled motor function & cognition, male rats, 23545
anxiogenic vs anxiolytic effects of amphetamine vs MDMA, male mice, 10607
chronic SSRI use, MDMA subjective effects, 19 & 21 yr old females presenting with trichotillomania, 31697
ecstasy (methylenedioxymethamphetamine) dependence, case reports of 19 & 25 & 30 yr old addicted males, 11622
ecstasy, glucose metabolic uptake in amygdala & hippocampus & Brodmann's area II & other brain regions, 19–29 yr olds, 30902
MDMA dose & frequency, acute hyperthermic response & long term neurodegeneration of 5-HT neurones as seen in serotonergic markers of 3H paroxetine & 5-HIAA binding, rats, 4238
MDMA, 5-HT deficits & factors that influence recovery of injured 5-HT axons, squirrel monkeys, 7 yr study, 23513
MDMA, mood & cognition before vs during vs after a Saturday night dance, 19–30 yr old regular vs novice MDMA users vs controls who had never taken MDMA, 729
MDMA, thermogenesis & activity levels, female CYP2DA replete vs deficient rats, animal model of poor metabolizer, 36583
memory impairment & decrements in CSF 5-HIAA, 20–44 yr old MDMA (Ecstasy) users, 8336
parkinsonism as result of taking ecstasy, 29 yr old male, 21582
patterns of use of & treatment for MDMA/ecstasy & associated physical & psychosocial side effects & iv & polydrug use, 15–46 yr old ecstasy users, 24543
prevalence & frequency & intensity & intentions for repeated use & functions of & peer involvement in alcohol & cannabis & amphetamine & ecstasy usage, 16–21 yr olds , 27031
psychological & cardiovascular effects & short-term sequelae of recreational dose of MDMA/"Ecstasy", healthy 23–47 yr olds, implications for ethics in pharmacologic challenge studies in psychiatry, 33438
psychological & cardiovascular effects & short-term sequelae of recreational dose of MDMA/"Ecstasy", healthy 23–47 yr olds, commentary, 33402
psychological & cardiovascular effects & short-term sequelae of recreational dose of MDMA/"Ecstasy", healthy 23–47 yr olds, commentary reply, 33507
psychopathological & neuroendocrine & autonomic effects of recreational doses of entactogen MDE vs psilocybin vs methamphetamine, 27–47 yr olds, 13739
recreational use of 3,4-methylenedioxymethamphetamine, immediate & delayed recall, polydrug & other drug users, 11631

Methylenedioxymethamphetamine—Chapters

Ecstasy, 787

Methylmorphine [See Codeine]

Methylphenidate—Serials

carbamazepine, worsening of methylphenidate-treated symptoms, 13 yr old female with ADHD, 12233
clinical practice of combining clonidine & methylphenidate, children with ADHD, commentary, 21959
clinical practice of combining clonidine & methylphenidate, children with ADHD, commentary , 21975
clinical practice of combining methylphenidate & clonidine, children with ADHD, 21978
cocaine & methylphenidate & amphetamine & propylnorapomorphine, locomotor activity & stereotyped sniffing, preweanling rats pretreated with U-50, 488 agonist, 17065
cocaine vs methylphenidate, dose-striatal dopamine transporter receptor occupancy & dose- locomotor activity effect relationships, male mice , 36559
common classroom contingencies and/vs methylphenidate, disruptive & off-task behaviors, male 7–8 yr olds with ADHD, 15321
detection of novel metabolite ethylphenidate in blood & liver samples, human female suicide victims who overdosed on methylphenidate & coingested alcohol, 27800
discontinuation of methylphenidate treatment, defiant behavior & neuropsychologic test scores, 9–13.5 yr olds with ADHD, 25236
effectiveness & side effects of methylphenidate, symptoms of ADHD, 5–12 yr old Native Americans with or with partial fetal alcohol syndrome, 8927
effectiveness of once daily Adderall vs twice daily methylphenidate, 5–17 yr olds with ADHD, 28459
efficacy & safety of doses of amphetamine Adderall vs methylphenidate, 7–14 yr olds with ADHD, commentary, 21882
in vivo potency of methylphenidate vs cocaine in striatum vs cerebellum dopamine transporters for abuse liability, 30–40 yr old normal vs cocaine abusers , 30065
increased usage of methylphenidate & prevalence of Tourette syndrome & ADHD, mainstream school populations, commentary, 24831
intranasal abuse of prescribed methylphenidate & side effects, 15 yr old male with ADHD, comment, 8349
ketamine vs benztropine vs apomorphine vs methylphenidatehydrochloride vs haloperidol, sensorimotor gating of acoustic startle & gating of auditory input into telencephalon, pigeons, 33482
limits of Ritalin & importance of parent–child relationship & cross-generational dynamics in psychotherapeutic work, children with ADD/ADHD & their parents, 5479
methylphenidate & sertraline, patients with depression (aged 24–66 yrs), 15327
methylphenidate adjunct to carbamazepine or other antiepileptic drugs, behavior & EEG & antiepileptic drug levels, children with dual diagnosis of epilepsy & ADHD, 25169
methylphenidate dose, ERPs during attention task performance, children with ADHD, 28501
methylphenidate hydrochloride, male 55 yr old with ADHD, 22061
methylphenidate induced craving, glucose metabolism in brain, male cocaine abusers (mean age 36 yrs), 8294
methylphenidate treatment & childhood inattention-overactivity & aggression, prediction of outcome at age 21–23, 4–12 yr old males with hyperkinetic reaction of childhood/minimal brain dysfunction, 38292
methylphenidate treatment, adolescent with ADHD, 38291
methylphenidate vs clonidine, response inhibition & state regulation, 6–12 yr olds with ADHD, 15351
methylphenidate vs dextro-amphetamine, discriminative & self-rated effects, 8–12 yr olds with ADHD, 1853
methylphenidate vs dextroamphetamine, 6.2–12.7 yr old females with ADHD, comparison with previously studied male sample, 12235
methylphenidate, behavior & frequency & severity of motor or vocal tics, 6–11 yr olds with ADHD & chronic motor tic or Tourette disorder, 2 yr study, commentary, 18477
methylphenidate, behavior & frequency & severity of motor or vocal tics, 6–11 yr olds with ADHD & chronic motor tic or Tourette disorder, 2 yr study, 18484
methylphenidate, behavior problems & quality of life, 26 yr old male with intellectual disability & ADHD, 12247
methylphenidate, binge eating & purging, 2 females (ages 20 & 38 yrs old) with bulimia & cluster B personality disorder, 12238
methylphenidate, complex visual-memory search, male 13–17 yr olds with ADHD, 11683
methylphenidate, EEG changes, 8–13 yr olds with ADHD, 25189
methylphenidate, major depression, 80 yr old female hospitalized with pneumonia & severe pulmonary disease, 21947
methylphenidate, occurrence & severity of side effects, 4–6 yr olds with ADHD, 8892
methylphenidate, oral word production & 1st episode symptoms & treatment, patients with schizophrenia, 10 yr study, 14584
methylphenidate, sleep & memory & restlessness, 78 yr old male with Alzheimer's disease, 28449
nicotinic acetylcholine receptor agonist ABT-418 vs methylphenidate, sustained attention performance, brain-lesioned male rats, 30030
opposition to clinical use of combined methylphenidate & clonidine, children with ADHD, commentary, 21960
perceptual & response interference & effects of methylphenidate, 7–13 yr olds with ADHD, 27928
prediction of reinforcing responses to psychostimulant using brain dopamine D2 receptor levels, males (mean age 34 yrs) who liked vs disliked iv methylphenidate, 33506
prediction of response to methylphenidate, 3–16 yr old outpatients with ADHD, 8954
prescribing methylphenidate & prevalence of ADHD, 9–12 yr olds, 1990–1995, 21945
reduction or elimination of methylphenidate by carbamazepine & liver metabolism, 7-yr-old male with severe mental retardation & attention deficit disorder & grand mal epilepsy, 2278
response to methylphenidate, 6–12 yr olds with ADHD with vs without comorbid anxiety, 18817
ritalin, academic achievement & cognitive ability, 9–11 yr olds with attention deficit hyperactivity disorder, 27919
safety & efficacy of methylphenidate treatment, 4–5 yr olds with developmental disabilities & ADHD, 28435
sensitization of locomotor activity & stereotyped sniffing following repeated methylphenidate treatment, rats, 26814
single vs repeated doses of methylphenidate, regional brain metabolism, 24–39 yr old males, 4287
sleepiness, reinforcing & subjective effects of methylphenidate, 21–30 yr olds, 17090
sustained-release vs immediate-release methylphenidate, acute performance & self-rated behavioral & physiological effects, healthy 20–46 yr olds, 695
theoretical merit & empirical validity of models designed to predict response to methylphenidate, 6–11 yr olds with ADHD, 18816
therapeutic effects of behavior modification & combined methylphenidate, 6–12 yr old males with ADHD & comorbid oppositional defiant or conduct disorder , 21657
therapeutic efficacy & safety of methylphenidate & dextroamphetamine & pemoline & adderall, children with ADHD & comorbid conditions, 21900
treatment with methylphenidate, 45 & 30 yr old with obsessive-compulsive disorder & ADHD, 17837
typical clinical doses of methylphenidate, development of tics or exacerbation of preexisting mild to moderate tics, K–6th graders with ADHD, 1 yr study, 31667

Methylphenyltetrahydropyridine—Serials

dopaminergic neurotoxin methylphenyltetrahydropyridine, cocaine & methamphetamine-induced locomotor activity, mice, 20305

methylphenyltetrahydropyridine, Parkinson symptoms & brain levels of dopamine & DOPAC & HVA, minipigs, animal model of drug induced parkinsonism syndromes, 20339
residual lesions of operant behavior following recovery from MPTP-induced Parkinson-like syndrome, monkeys injected with amiridine and K-34, 4192
SIB-1508Y & levodopa & chronic low-dose of 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, performance on visual memory task, monkeys, implications for Parkinson's disease, 33483
Methysergide [See Serotonin Antagonists]
Metrazole [See Pentylenetetrazol]
Metronomes—Serials
perceptual structure & detection of deviations from metronomic timing in music, adults, 19783
Mexican Americans—Serials
acculturation, illicit drug use, male vs female Mexican-origin 18–59 yr olds living in urban vs rural California, 8384
acculturative stress & depression & suicidal ideation, immigrant Mexican-American adolescents, implications for development of suicide prevention programs in schools, 4844
approaches to reduce negative stereotypes & build community at multiethnic 4 yr college, Native American & Mexican American & Euro-American college students, 12710
attitudes toward mathematics & mathematics teaching, Mexican-American high school students, 22543
attitudes toward modern vs traditional value orientations & ethnic relations, Anglo- vs Mexican Americans , 27141
attitudes toward role of female in workplace & child care, male vs female 20–53 yr old Mexican Americans, 4652
career choice & aspirations, Mexican American females, mean age 16.5 yrs, 30237
cultural values & support group processes, Chicana college students, 38919
demographic & social support & acculturation & acculturation stress risk factors, prevalence of depressive symptomatology, 18–59 yr old Mexican migrant farm workers, 27572
depressive symptomatology, Mexicans vs Latino immigrants vs Puerto Ricans, 21098
development & validity of Adolescent Leisure Time Activity Scale (ATLAS), assessment of relationship between leisure activity type & delinquent behavior, low SES Mexican-American adolescents, 19582
effectiveness of drug abuse prevention videotape based on theory of information-based programing vs social skills approach vs assertiveness training, male vs femaleMexican-American 7th–9th graders, 22267
extracurricular activities & ethnic identification & perception of school, school retention rates, Mexican American vs White non-Hispanic students in good standing vs who dropped out of school, 12704
family experiences with chronic childhood illness & religious faith & families' spiritual & secular responses to illness, 21–51 yr old Mexican-American parents of children with chronic illness, 17774
general framework for assessment & counseling of Cuban & Mexican American & Puerto Rican clients, 2152
health locus of control across culture of origin & mainstream culture & bicultural acculturation domains, 14–18 yr old Mexican Americans, 1101
impediment perceptions, adoption, Mexican-American 20–50 yr olds, implications for increasing adoptive parent recruitment, 36973
influence of culture in dynamics of infanticide, 30-yr-old Mexican American female, 17469
level of acculturation & rural vs urban residence, caregiver stress, 18–85 yr old Mexican American vs European American , 31981
maternal generation from Mexico, receptive & expressive communication, 22 mo olds from Mexican-American families who graduated from NICU, 10787
parental factors, career development, 19–21 yr old African & Mexican Americans, implications for career development counselors, 32322
perceptions of & factors that influence child development, low income Mexican American parents of preschool children, 7502
reasons for dropping out of school & role of school counselor as multicultural advocate, 16–24 yr old Chicano & Latino dropouts, 38863
regional fat patterns, 33–64 yr old Mexican American women, 15451
relationship between streets & schools in gang socialization, Chicano gang youth, implications for educators' strategies in countering street gang socialization , 37611
self care education, illness behavior & health locus of control, Mexican American females, 22097
social construction of ethnic identity, 15–57 yr old low-acculturated 1st & 2nd generation Mexicans & Mexican-Americans, 10988
strategies for reducing selection bias in focus groups, Mexican-American gang members, 6739
stressors & social support & academic performance, urban & low-income Mexican-American high school sophomores, 25768
symptom profile & factorial structure of DSM-IV alcohol dependence, Mexican vs Mexican-American males in treatment for alcohol problems, Mexico vs US, 30871
telemedicine, 56 yr old Mexican-American female with somatic complaints, 38337
utilization of services for mental health problems, urban vs rural Mexican Americans vs Mexican immigrants ages 18–59 yrs with vs without mental disorders, 25418
Mexican Americans—Chapters
The effects of bilingualism on preschoolers' private speech, 9459
One of the family, or just the Mexican maid's daughter?: Belonging, identity, and social mobility, 33759
Trauma issues and social modalities concerning mental health concepts and practices among Mexicans of the Southwest United States with reference to other Latino groups, 27171
Mexico—Serials
alcohol intake & severity of injuries sustained from highway traffic accidents, adults, 1778
comprehension regarding immunization promotion activities & use of immunization services, aware vs partially aware vs unaware mothers with at least 1 child under 5 yrs, Mexico, 31836
demographic characteristics, attitudes toward money, 18–67 yr old residents of Mexico, implications for refinement of the Money Attitudes Scale, 22708
dynamics that led to successful international rehabilitation research effort, indigenous people with disabilities & vocational rehabilitation professionals, Mexico, 5910
environmental belief systems, US vs Mexican vs Brazilian undergraduates, 12958
generational & migration-related changes in gender & marriage, 15–50 yr old females & their sisters or sisters-in-law from Mexican transnational community, Mexico & US, 20699
habitat use & group & home range size & travel patterns, feral vs domestic cows in Chihuahuan Desert, Mexico, 19989
job characteristics & satisfaction, mostly-female maquiladoras, Mexico, 22618
logit model analysis of Mexico-to-US & US-to-Mexico migration, Mexican immigrants, 17 yr study, 20706
mental health status, Hispanic females aged 13–21 yrs, US vs Mexico, 22023
Mundo Maya government project to promote international tourism in Maya zone, impact on cultural landscape & survival, Yucatec Maya, Mexico, 36934
official school structure of solidarity & equality & student subculture of equality & subjectivity, secondary school students, Mexico, 6238
parental involvement with schools, teachers, Mexico, 28943
patterns & behaviors predictive of drug use, high school students, Mexico, 1808
village formation in frontier area & village political unit & role of economic & political factors in intrarural migration & outsider acceptance, migrating farmers, Mexico, 20688
Mexico—Chapters
Intercultural education: The case of Mexico, 2892
MHPG [See Methoxyhydroxyphenylglycol (3,4)]
Mianserin—Serials
(−) vs (+) isomers of cocaine vs cocaine methiodide with vs without mianserin pretreatment with vs without morphine, antinociception, rhesus monkeys, 13736
mianserin, neuroleptic-induced akathisia, patients with schizophrenia, 15328
Mice—Serials
antidepressant effect of amitriptyline & sorbent, mice, 2380
clozapine, ethanol's motivational properties, male mice 7 wks old, 33082
confounding influence of laboratory environment on mouse behavior, identical inbred strains & null mutant mice, implications for genetic difference as idiosyncratic to laboratory environment, 26280
delta-FosB expression, responsiveness to effects of cocaine, transgenic mice, 36571
effect of chronic diazepam treatment on isoflurane sensitivity & effect of repeated isoflurane exposure on diazepam sensitivity, mice, 13732
effects of external cues on & motivation underlying bar-related behavior, male ICR(CD-1) mice, 36354
feed & environmental enrichment, development of stereotypic wire-gnawing, mice, 338
form of targeted attacks & associated defense during social play, mice, 16850
haloperidol, communicative & aggressive behavior, male mice inexperienced vs unexperienced in aggression, 26799
naltrexone, ethanol reward vs discrimination, male mice, 13785
neuron loss in amyloid-beta precursor protein, transgenic 14–18 mo old mice, implications for Alzheimer's disease in humans, 456
olfactory stimulation with synthetic farnesenes & male preputial gland homogenates from intact or castrated males, estrus induction, grouped female mice, 26809
peri adolescent exposure to nicotine, subjective cocaine effects, adult male mice , 36570
peripheral steroid sulfate, dehydroepiandrosterone & pregnenolone sulfate & memory retention, 8–10 wk old male mice , 36310
role of dopaminergic & cholinergic systems in memory storage, mice treated with D1 vs D2 dopamine receptor agonist or antagonists, 6961
spatial frequency of high-contrast stimulus gratings, visual acuity in forced-choice behavioral procedure, wild type vs bc 12 mice with higher retinal ganglion cell density, 13498
visual acuity & contrast threshold & temporal function & response latency & motion sensitivity of visual evoked potentials from primary binocular visual cortex to characterize visual physiology, wild type mice, 33297
Microcomputers—Serials
imagery & visualization technology on multimedia & virtual reality & World Wide Web & microcomputer graphical displays in social science research, 29237
Microcomputers—Chapters
Electronic portfolios: Applications in student assessment, 25751
Microorganisms—Serials
articular nociception of endothelin-1 or sarafotoxin or carrageenan or E. coli lipopolysaccharide, naive vs previously inflamed knee-joints, rats, 651
bacterial infection, immune response & elevated plus-maze anxiety, male mice, cytokine–neural anxiogenesis implications, 4001
growth of salivary lactobacilli, 55 yr olds with depressive symptoms, 30649
mycoplasma fermentans, tumor necrosis factor alpha & interleukin-1 expression & mediation of microorganism-induced neurobehavioral & neuroendocrine alterations, rats, implications for AIDS patients, 23365
Micturition [See Urination]
Midazolam—Serials
discriminative-stimulus effects of midazolam & triazolam, rhesus monkeys, 13773
FG 7142 vs acute restraint stress, ethanol- vs midazolam-induced ataxia measured by rotorod motor coordination, male rats, 10532
mechanism-based model for characterizing pharmacodynamic interaction between midazolam & its active metabolite alpha-OH-midazolam, male rats, 20376
microinjections of midazolam or muscimol or glutamate or GDEE or AP7 into inferior colliculus, vigilance & freezing & escape, male rats, 17083
midazolam in conditioning vs test phases, conditioned avoidance response to predatory cat odor, male rats, 13718
midazolam vs naltrexone vs methysergide vs ketanserin into inferior colliculus, responses to aversive stimulation & stress-induced analgesia, male rats, 10550
midazolam, acquisition vs expression of Pavlovian-conditioned fear, male rats, 10271
midazolam, modality-match effect in implicit memory, adults, 17046
midazolam, priming & explicit memory & skill learning on mirror-reading task, patients (mean age 27.4 yrs) who underwent minor ear surgery, 33494
partial benzodiazepine agonists vs full agonist midazolam, punished vs unpunished responding in conflict procedure, pigeons, 26793
Midbrain [See Mesencephalon]
Middle Aged—Serials
acknowledgement of regret about life choices, decision to make changes in life course, women in midlife, followup study, 11237
beliefs about older age as advantage &/or disadvantage in living with HIV, middle age & older adults, 1988
issues in women's well-being at midlife, 1173
methylphenidate hydrochloride, male 55 yr old with ADHD, 22061
midlife females perceptions of their changing bodies within Western cultural context & relation to health care, 40–53 yr old females, 23916
Middle Aged—Books
Life in the middle: Psychological and social development in middle age, 7342
Mid-life spirituality and Jungian archetypes, 37175
Middle Aged—Chapters
Cardiovascular health: A challenge for midlife, 8596
The developing self in midlife, 7586
Gender roles and gender identity in midlife, 7569
Health and disease in midlife, 8033

Intellectual functioning in midlife, 7489
A life-span framework for assessing the impact of work on white-collar workers, 7562
The midlife crisis revisited, 7580
Midlife development in a life course context, 7574
The "older worker" in the organization, 3025
Psychological well-being in midlife, 7570
The sense of control in midlife, 7565
Women's health at midlife, 7344
Middle Class—Serials
emotional content & other properties of storytelling & co-narration of past events, working- vs middle-class 2.5 yr olds & their families, 6 mo followup, 17237
role of marriage, upper middle class Muslims, Egypt, 30323
Middle Class—Chapters
Conduct unbecoming: Female inversion and social disorder, 37206
A professional life in family context, 6006
Middle Class Attitudes—Serials
attitudes toward imagined future romantic & marital & parenthood-related domestic lives, 17–18 yr old middle-class males, 3-mo study, 27227
Middle Ear—Serials
middle ear disease & developmental diagnosis, school-age children, 8 yr study, 18461
Middle East—Serials
authoritarianism & peace supportiveness in relation to Arab–Israeli conflict, Jewish university students in Israel, 33808
biological markers of major depression, males vs females with major depression, United Arab Emirates, 1500
education of children with vision impairment, Oman, 9549
exposure to political violence, antisocial behavior & depression & academic performance & values & parents' childrearing style, adolescents in Intifada from age 7, West Bank & Gaza Strip, 17183
paradox in Israeli political discourse of Israel as powerful & independent & vulnerable & dependent & consequences for Israeli perceptions of US policy in Middle East, 27212
US vs Soviet arms transfers in Middle East & amount of armaments & stabilizing effect & likelihood of military intervention, 10950
Middle East—Chapters
Between trauma and recovery: Some perspectives on Palestinian's vulernability and adaptation, 27158
When East meets West: Leadership "best practices" in the United States and the Middle East, 32371
Youth experience in the Palestinian Intifada: A case study in intensity, complexity, paradox, and competence, 7563
Middle Level Managers—Serials
evaluation of competence & social skills & hireability of male vs female agentic vs communal applicants for masculine vs feminine middle management job, undergraduates, implications for discrimination, 38982
individual characteristics of coping resources & organizational factors during recovery, managerial responses, mid-level managers (mean age 44 yrs), 39005
perceived psychological empowerment & innovative & upward influencing & inspirational change-oriented leadership & monitoring behavior, Fortune 500 company mid-level supervisors & their subordinates, 29103
Middle School Education—Serials
development & evaluation of the interdisciplinary middle school teaching materials using examples from geriatrics & gerontology, 38804
drug education practices, middle school teachers, 19248
hodgepodge grading practices, middle & high school students & teachers, 12683
Middle School Education—Chapters
Cultural differences in child development: Navajo adolescents in middle schools, 22547
Middle School Students—Serials
confirmatory factor analysis of multidimensional Students' Life Satisfaction Scale, 3rd–8th graders, commentary, 36041
confirmatory factor analysis of the multidimensional Students' Life Satisfaction Scale, 3rd–8th graders, commentary reply, 36040
crystallizing experience, 10–14 yr old musically precocious male middle school students, 25824
demographic & behavioral & psychosocial correlates of bullying behavior, male vs female middle school students, implications for targeting youth at risk for bullying, 32279
factor structure & applicability of Parenting Scale, assessment of discipline practices, parents of middle school children , 6554
grade & sex, student–school bonding & behavior problems, 6th–8th graders, 19339
middle-school based substance abuse prevention program with social pressures resistance skills curriculum, alcohol & tobacco & marijuana & cocaine use at 12th grade followup, 6th–7th graders, 2873
paid work experiences, 13–14 yr old male vs female White & African American students, 32173
patterns of academic functioning & mental health from 2nd grade to middle school & transition to high school, 8th graders, 10 yr study, 19309
peer support group, self-esteem & depression & problem behavior & self-beliefs on coping abilities, parentally-bereaved 10–12.8 yr old middle school students, 25267
reading preferences & attitudes & achievement & access to reading materials & gender & SES, 6th graders, 19273
student–teacher relationships & tensions & perceived racism & effect of tracking & teacher turnover, Latino immigrant middle school students & their teachers, 32289
Midwifery—Serials
perceptions of constraints & responsibilities for health promotion & of clients' responses to health education, 25–40 yr old primary health care nurses & midwives, Jordan, 2782
phenomenon of comfort in childbirth, implications for nurses & midwives & awareness of body & emotions & experience, 18930
trained vs untrained traditional birth attendants' advice on & mothers' practice of infant care, birth attendants & mothers, Bangladesh, 20757
Migraine Headache—Serials
nefopam, migraine headache prevention, 18–65 yr old migraine sufferers, 35084
abortive treatment with divalproex sodium, 46 yr old females with severe migraine attack, 35071
affective & cognitive & problem-focused coping strategies, 6–12 yr olds with migraine headache, implications for practice & research & education, 28022
age & gender, incidence of medically recognized migraine headache, 0–99 yr olds, 1979–81 vs 1989–90, 37777
application of chilled metal tubes to maxillary posterior molar apical areas, pain & nausea, 16–59 yr old patients with severe migraine or tension type headache, 28595
appraisal & coping responses to pain & stress, female migraine headache sufferers, 34551
Botulinum Toxin Type A, tension type & migraine headaches, 32–49 yr old patients with chronic daily headache with migraine features, 28603
butorphanol nasal spray vs fiorinol with codeine, patients with migraine headache, 5745
characteristics of successful management, patients with mild-to-moderate migraine, 21487
chocolate as a migraine headache trigger, adults, 34563
clinical characteristics of migraine & tension & cluster headaches, adults with HIV infection, 14971
clinical differences in headache characteristics, 36.3–68.7 yr old monozygotic twin pairs concordant for migraine with vs without aura vs mixed pairs, 37761
clinical features of weekend migraine headaches without aura & episodic tension headaches, adults, 14922
clinical profile & safety & tolerability of rizatriptan for relief of migraine, 35081
cognitive & neuropsychological functioning, patients with migraine headache vs nonheadache chronic pain vs mild traumatic brain injury, 18242
comorbidity of familial hemiplegic migraine with cerebellar ataxia & acute paranoid psychosis & linkage to chromosome 19, 12 & 42 & 46 & 84 yr old family members, 21003
comparison of pharmacotherapies as treatments for migraine headaches, 35098
comprehensive multidisciplinary treatment at headache center, outcome & work impairment & cost-effectiveness, 14–75 yr old patients with migraine or intractable headache, 6 mo followup, 25315
cortical hyperexcitability or loss of habituation & use in diagnosis of visually evoked ERP, 6–17 yr olds with migraine with vs without aura or episodic tension headache or ergotamine-induced headache, 5205
cyproheptadine as treatment for migraine, recurrence of depression during fluoxetine treatment, 17 yr old female with major depression, 12148
development of patient preference questionnaire, assessment of preferred aspects of therapeutic intervention, migraine sufferers, 5731
early clinical experience with acute treatment of sc naratriptan, 18–55 yr old migraine patients, 2298
epidemiology & natural history of migraine, implications for primary care, 21451
ergotamine-induced headache & ergotamine withdrawal, information processing as assessed by ERPs, migraine patients, 15292
genetic & environmental factors in migraine, monozygotic vs dizygotic twins with migraine with aura, 18287
guidelines for nonpharmacological & drug treatment of migraine in children, 5709
impact of migraine on family life, migraine sufferers & their family members, 5242
interhemispheric EEG coherence analysis, neurophysiological dysfunction in migraine with vs without visual aura, female 11–53 yr olds, 24707
intranasal sumatriptan, pain & symptoms, 6.4–9.8 yr olds with migraine, 18285
m-chlorophenylpiperazine & anxiety, prolactin & cortisol values over time, patients with migraine without aura, 5368
parent-mediated behavior management strategies as adjunct to biofeedback treatment, headache frequency & adaptive behavior, 7–18 yr olds with migraines & their parents, 5541
patient education & involvement in management of migraine, 21655
pharmacological profile & clinical efficacy of rizatriptan for relief of migraine headache, 35097
postural & myofascial & mechanical abnormalities, adults with migraine &/or tension headaches, 14909
presence of transient migraine-like symptoms, 41–50 yr olds with internal carotid artery dissection, 5404
prevalence & age of onset & cessation of migraine with vs without aura, mono- & dizygotic twins from the general population in Denmark, 18286
prevalence of auditory hallucinations, 5.5–16 yr old nonpsychotic outpatients with migraines & affective/anxiety disorders, commentary reply, 27553
prevalence of auditory hallucinations, 5.5–16 yr old nonpsychotic outpatients with migraines & affective/anxiety disorders, 4886
prevalence of auditory hallucinations, 5.5–16 yr old nonpsychotic outpatients with migraines & affective/anxiety disorders, commentary, 27540
prevalence of migraine & effect oa quality of life & productivity, nurses, 6091
prevalence of migraine using International Headache Society diagnostic criteria, 5241
psychiatric comorbidity, patients with migraines with vs without history of chronic substance use, 34561
psychological aspects of medication use & pain & moods & thoughts & functioning during most recent attack, patients with migraine, 5232
receptor binding in platelet membrane & role of 5-HT 2A receptor plasticity, patients with analgesic-induced transformed migraine, 5244
sertraline, migraine frequency & severity, adults, 15415
sodium valproate as long term prophylactic agent for migraine headache, headache continuation & side effects, 16–65 yr olds, 60 mo followup, 28598
test retest reliability & internal consistency of Migraine Disability Assessment, 18–55 yr olds, 35965
use of cluster analysis to validate International Headache Society criteria for migraine & tension-type headache, headache sufferers (mean age 42 yrs), 16359
visual evoked potentials during processing of pattern spatial frequency, adult migraine patients, 31295
visual stimulation, spreading suppression of cortical neuronal activation & onset of visual change & headache, migraine patients with visual symptoms vs without aura, 24787
Migraine Headache—Chapters
The teacher's headache, 17739
Migrant Farm Workers—Serials
demographic & social support & acculturation & acculturation stress risk factors, prevalence of depressive symptomatology, 18–59 yr old Mexican migrant farm workers, 27572
drug use & HIV risk behaviors, drug using migrant farm workers (mean age 35 yrs) on DelMarVa Peninsula, 18058
health & service needs, 16–62 yr old Latino migrant farm workers, 9130
perception of AIDS susceptibility & sociodemographic characteristics & engaging in high risk behaviors, drug using migrant farm workers & their sex partners, implication for AIDS prevention models, 18069
Migrant Farm Workers—Chapters
Migrant health, 1439
Migration (Human) [See Human Migration]
Migratory Behavior (Animal)—Serials
acoustic detections of singing & migratory routes, humpback whales, North Pacific, 26517
dominance rank & residency stability, reproductive activity, male rhesus monkeys, 4 yr study, 13433
food & predator information processing & migration, waterfleas, 3776
group size, decision to leave natal nests, eusocial hover wasps, 19982
habitat use & group & home range size & travel patterns, feral vs domestic cows in Chihuahuan Desert, Mexico, 19989
hippocampal formation role in loft fidelity & landmark navigation, hippocampal lesioned homing pigeons, 5 yr study, 7090
hippocampus & allothetic vs idothetic cues as navigation strategies, female rats with fimbria-fornix ablations, 20158

incorporation of path-integrator capability into combined Taxon-Affordances Model & World Graph model of hippocampus-based spatial navigation, rats, 32491
involvement of hippocampus in path integration in novel environment, rats with lesions to hippocampus with vs without overlying cortex, 29800
mathematical model of migration vs actual migration data, night-migrating passerines, 393
memory training use of vector navigation for visitation of familiar food sources & return to nest, desert ants, longitudinal study, 36331
migration & dominance rank & troop participation, male Japanese macaques from Yakushima vs Kinkazan Islands, Japan, 3764
neural model of foraging-insect landmark navigation, bees, 32501
optic flow input to hippocampal formation from accessory optic system in path integration, pigeons, 26654
optimality models of stopover decisions & fuel deposition & fuel loads, migrating bluethroats & rufous hummingbirds & whitethroats, 36369
prospecting behavior, 1st time breeding success, great cormorant, 16861
relative importance of visual & magnetic information at dusk for orientation, juvenile pied flycatchers in active autumn migration, 16775
sedentary lifestyle, song imitation, Neotropical sedge wrens, 16831
sex-biased dispersal, male vs female freshwater crocodiles, 7006
slope cues in shoreward orientation based on ambient directional information, red-spotted newts, implications for breeding migration, 3746
social rank, timing & distance of dispersal behavior, juvenile western screech owls , 16799
song development & singing behavior & population movements in laboratory &/vs natural environment, male North American Sedge Wrens, 20002
testosterone, energetic & endocrine mediation of natal dispersal behavior, male vs female Belding's ground squirrels, 20014
use of geomagnetic cues in shoreward orientation, nudibranch molluscs, 29746
use of optic flow mechanism in compensation for wind drift, bumble bees, 26471

Migratory Behavior (Animal)—Chapters

Dissociation of exteroceptive and idiothetic orientation cues: Effect on hippocampal place cells and place navigation, 29879
Long-distance travels and homing: Dispersal, migrations, excursions, 3791
Robotic and neuronal simulation of the hippocampus and rat navigation, 29880

Mildly Mentally Retarded [See Educable Mentally Retarded]

Milieu Therapy—Serials

comparability of male violent substance abusers, dual problem males in substance abuse vs violence treatment milieus, 37957
evaluating efficacy of milieu therapy, emotionally disturbed youth in residential facility, 15581
status of milieu therapy in mental health nursing practice, US vs UK, 35183

Milieu Therapy—Chapters

Group and milieu therapy for veterans with complex posttraumatic stress disorder, 8229
Milieu-based neurorehabilitation at the adult day hospital for neurological rehabilitation, 35309
Models and programs of the Center for Neuropsychological Rehabilitation: Fifteen years experience, 35317
Postacute neuropsychological rehabilitation: A holistic perspective, 35301
Therapeutic milieu day program, 35305

Militancy—Serials

values & militarism & nonviolent predispositions, college & high school students, 14315

Military Enlistment—Serials

recruiting effectiveness of Department of Defense's Armed Services Vocational Aptitude Battery (ASVAB) Career Exploration Program, US Military databases, ASVAB student participants & recruiters, 9667

Military Medical Personnel—Serials

cohesion over time in development phases of United Nations peacekeeping operation in former Yugoslavia, US Army medical task force personnel, 6 mo study, 17560
survey of US Air Force flight surgeons on training for & uses of clinical preventive services using coronary heart disease as an indicator, 38366

Military Officers [See Commissioned Officers]

Military Personnel [See Also Air Force Personnel, Army Personnel, Commissioned Officers, Enlisted Military Personnel, Marine Personnel, Military Medical Personnel, Military Psychologists, Navy Personnel, ROTC Students, Volunteer Military Personnel]—Serials

anxiety sensitivity & reassurance seeking & perceived vulnerability as cognitive risk factors, prediction of stress-related anxiety & mood symptoms, military cadets (mean age 18 yrs) in basic training, 34070
attitudes & experiences of sexual harassment, active-duty male vs female military personnel, 34273
changing face of terrorism & role of military psychiatry in assessment & diagnosis in aftermath of terrorist acts, 32415
development & psychometrics & scoring of Sexual Experiences Questionnaire—Department of Defense, measurement of nature & prevalence & severity of sexual harassment, military personnel, 32635
effects of organizational activities on & perceptions & incidence & impact of sexual harassment, military personnel, 34310
event based training & distributed team training, performance measurement, Marine Corps & Air Force & Army personnel, 25977
forensic psychiatric perspective on rape trauma syndrome & reactions to rape victimization, military personnel, 5048
gender, military single parent work & family adaptation & stress & social & economic support, 25979
guidelines to identification & diagnosis & management of spouse abuse in uniformed services, military physicians, 16176
history & methodological advances & findings of Department of Defense sexual harassment surveys, active-duty military personnel, 34285
human resource management & downsizing in military, analysis of deployment of PATRIOT missile units in Korea, 25984
level of training, personality traits & anxiety, 20 yr old & older civil & military pilots, 33961
mental health status & number of outpatient mental health visits, male & female active duty military & family member health beneficiaries, 6368
model for health psychology service in military medicine environment & examples of health psychology programs & interventions, 25978
naps &/vs modafinil, psychomotor performance in simulated military operations, sleep-deprived 28–47 yr old male military personnel, France, 17025
narrow vs wide field of view 3-D helmet vs stationary wide screen display, acquisition of spatial knowledge, 22–30 yr old soldiers, 23138
occupational medicine analysis of psychiatric illness in workplace & relationship to occupational stress & military work environment, military personnel, 25983
organizational tolerance for sexual harassment & workgroup gender context, frequency of harassment & impact on job attitudes & well-being & health satisfaction, military personnel, 34266
overseas peacekeeping duties, mental health & health & stress before & after deployment, Defence Force personnel, New Zealand, 6372
perceived stress from work & family & personal life & alcohol & drug use & smoking, active duty military male vs females, 20798
prevalence of back pain, military helicopter pilots, commentary, 18244
psychological support intervention & debriefing & stress-inoculation training, stress reactions & trauma, Canadian military personnel deployed on humanitarian peacekeeping operations in Rwanda, 6373
recruiting effectiveness of Department of Defense's Armed Services Vocational Aptitude Battery (ASVAB) Career Exploration Program, US Military databases, ASVAB student participants & recruiters, 9667
role of positive illusions & self deception in battle incompetence, military, 16181
smoking relapse prevention program, females who recently graduated from Naval recruit training, 38601
spousal aggression prevalence rates, US Army vs civilian samples, 14673
testosterone level, health risk behavior & indicators of disease & overall health, males in the military who served vs did not serve in Vietnam, 1965–71, 14385
theoretical model of active & passive smoking, at risk military women with children, 33851
traitedness, self schemata, military recruits (mean age 19.36 yrs), 3151

Military Personnel [See Also Air Force Personnel, Army Personnel, Commissioned Officers, Enlisted Military Personnel, Marine Personnel, Military Medical Personnel, Military Psychologists, Navy Personnel, ROTC Students, Volunteer Military Personnel]—Chapters

Beyond the call of duty: The service of Israeli youth in military and civic contexts, 7582
Black Americans in military psychiatry, 16182
Cyber-soldiering: Race, class, gender, and new media use in the U.S. Army, 6381
Decision-making requirements for future organizational leaders: A creative action-based approach, 16189
Humanitarian intervention, psychosocial assistance, and peacekeeping, 2595
Incident response and recovery management, 29176
Personnel selection, preparation, and training for U. N. peacekeeping missions, 3160
Prevention in the military, 15648
The social capital of twenty-first-century leaders, 16091
Trauma prevention in the line of duty, 29298

Military Psychologists—Serials

role of positive illusions & self deception in battle incompetence, military, 16181

Military Psychology—Serials

meta-analysis of military cohesion research, 17578
stress & health, military service members deployed on medical humanitarian assistance mission to Kazakstan, 25974
US vs Soviet arms transfers in Middle East & amount of armaments & stabilizing effect & likelihood of military intervention, 10950

Military Psychology—Chapters

Military learnings: A practitioner's perspective, 16190

Military Recruitment—Serials

predictors of military discharge, young adults entering US Air Force Basic Military Training, 25986

Military Recruitment—Chapters

Personnel selection, preparation, and training for U. N. peacekeeping missions, 3160

Military Training—Serials

breakdown of discipline in 2 Canadian peace operations & problem of military reinforcement of cohesion & loyalty, Canadian army personnel, Somalia & Yugoslavia, 6380
crew resource management training, teamwork skills & behaviors, naval aviators, 29175
efficacy of state form of Multiple Affect Adjective Check List-Revised, prediction of success in Air Force basic training, US Air Force recruits, 12917
peer ratings vs peer nominations during training as predictors of performance criteria, 18 & 19 yr old female soldiers, 32353
prediction of training outcome, 17–34 yr old Air Force basic trainees referred for psychological evaluation & returned to duty, 25975
predictors of military discharge, young adults entering US Air Force Basic Military Training, 25986
resource management behaviors & human factors evaluation of Aerial Gunner Scanner Simulator & integrated networked simulation in combat mission training research, aircrews & instructors & students, 6376
tactical team resource management processes & performance-related behaviors, simulated combat mission training performance, Special Operations Forces MC-130P aircrews, 6377
training stress vs final examination stress, reactivation of herpesviruses, cadets 18 yrs old & older, 35720
use of Engagement Skills Trainer to predict live-fire rifle marksmanship performance, US Army soldiers, 9666
validity of aptitude battery for predicting training success, enlisted Air Force personnel, 32728
work domain analysis for identification of fighter aircraft training system definition & objectives & acquisition, pilots, 38958

Military Training—Books

Making decisions under stress: Implications for individual and team training, 3152

Military Training—Chapters

Advanced technology in scenario-based training, 3155
Cognitive task analysis and modeling of decision making in complex environments, 3169
A conceptual architecture for embedded team training management, 22738
Conceptual capacity as competitive advantage: Developing leaders for the new army, 16187
Critical thinking skills in tactical decision making: A model and a training strategy, 3157
Cross-training and team performance, 3153
Decision making under stress: Creating a research methodology, 3159
Feedback augmentation and part-task practice in training dynamic decision-making skills, 3161
Implications of decision-making research for decision support and displays, 3163

Improving decision-making skills through on-the-job training: A roadmap for training shipboard trainers, 3164
Individual and team decision making under stress: Theoretical underpinnings, 3156
Leadership competencies required for the new army and approaches for developing them, 16191
Leadership in the peacekeeping army of the future, 16184
Measuring team-related expertise in complex environments, 3166
Personnel selection, preparation, and training for U. N. peacekeeping missions, 3160
Team coordination training, 3165
Team dimensional training: A strategy for guided team self-correction, 3167
Training and developing adaptive teams: Theory, principles, and research, 3162
Training team leaders to facilitate team learning and performance, 3168
U. S. Army leadership in the twenty-first century: Challenges and implications for training, 16183

Military Veterans—Serials

1st night of adaptation to novel environment, REM sleep phasic activity, combat veterans with PTSD (mean age 42.3 yrs), 17945
bupropion, symptom remission, 46–71 yr old male combat veterans with PTSD, 2290
combat exposure & PTSD symptoms & health behaviors as predictors of self-reported physical health, 50–85 yr old male military veterans, 24102
combat-related PTSD, platelet-poor plasma norepinephrine & serotonin & urinary excretion of norepinephrine & dopamine & HVA, 23.7–40.5 yr olds, 17952
consistency between physician & self ratings of health status & somatization & symptom severity, Vietnam veterans with vs without PTSD, 1633
d-fenfluramine, serotonin-mediated prolactin release, males with combat-induced PTSD (mean age 48 yrs), 17932
decision-making preference & opportunity & satisfaction with medical care, 21–84 yr old male veterans using VA ambulatory health care services, 12329
depressive symptoms & health costs, Veterans Administration medical or surgical inpatients over 60 yrs old, 15469
exposure therapy with vs without behavioral family therapy, male veterans (mean age 46.6 yrs) with combat-related PTSD, 15191
exposure to traumatic pictures & sounds, cerebral blood flow, Vietnam veterans with vs without PTSD, 17930
exposure to white noise vs trauma-related combat sounds, limbic regional cerebral blood flow, Vietnam veterans with vs without PTSD , 17937
eye movement desensitization & reprocessing with or without eye movements, Vietnam veterans with PTSD symptomatology, 6 mo follow-up, 5543
inpatient treatment outcomes, Vietnam combat veterans with PTSD in treatment setting with vs without general psychiatric patients, 4- & 8- & 12-mo followup, 12483
integrative function of recognition in Korean War Veterans Memorial, artists & Korean War veterans, 12919
interaction of PTSD & depression, combat war veterans (mean age 68.1 yrs), 37268
leukocyte & lymphocyte status, male Vietnam veterans with vs without PTSD &/or depression, 20 yrs post military service, 22683
level of satisfaction of inpatient care delivered at VA hospitals, patients with psychiatric vs nonpsychiatric diagnoses, implications for assessing quality of care, 22686
medial prefrontal cortex involvement in response to trauma-related stimuli, male 46–52 yr old Vietnam combat veterans with PTSD, 17957
military service, electoral & nonelectoral political participation, Latino vs Anglo veterans who were drafted vs who volunteered for military, 27216
Minnesota Multiphasic Personality Inventory-2 assessment of posttraumatic stress symptoms, Vietnam combat veterans (mean age 45 yrs), 29174
neurobehavioral deficits, Persian Gulf war veterans, 18340
neuropsychological evaluation & MMPI patterns & potential effects of psychological distress on physical symptoms, 21–56 yr old Persian Gulf War Veterans, 25985
noncombat vs combat exposure with vs without subsequent PTSD, anger measures, Vietnam veterans, 21181
occurrence of anniversary reactions & correlation with traumatic events & PTSD symptoms, Gulf War veterans assessed 6 yrs post-war, 4 yr followup, 27730
preferences in research topics on homeless veterans, consumers vs providers, 25976
prospective analysis of course & predictors of PTSD, Gulf War veterans, 2 yr followup, 27735
psychophysiological responding, PTSD diagnosis, male Vietnam veterans, 8185
PTSD & other predictors of health care consumption, Australian veterans of Vietnam War, 9123
quality of care administrative data indicators & clinical outcomes of symptoms & substance abuse & social functions, veterans treated for PTSD, 15497
relationship between social support & physical & mental health & moderating effect of social support on adverse consequences of traumatic stress exposure, 22–91 yr old male veterans, 28570
reorganization & managed patient–centered primary care, veterans health administration hospitals, implications for psychologist, 32015
risk-adjustment length of stay in VA vs private sector facilities, hospitalized veterans, 9211
risperidone therapy vs conventional antipsychotic therapy, hospital length of stay & subsequent outpatient visits, 23–80 yr old veterans, 2-yr study, 21950
self-rated & objective cognitive ability & subjective cognitive complaints & affective distress, Gulf War veterans (mean age 32.7 yrs), 27509
self-reported symptoms of social phobia, outpatient male combat veterans with PTSD, 8171
serum lipid screening, Vietnam veterans with chronic PTSD, 12916
serum thyroid levels & clinical symptoms, World War II veterans with vs without PTSD vs previous findings from PTSD Vietnam combat veterans, 14630
serum thyroid levels & clinical symptoms, World War II veterans with vs without PTSD vs previous findings from PTSD Vietnam combat veterans, commentary, 14619
severity of psychotic symptoms as reflection of PTSD severity, combat veterans (aged 47–68 yrs) with chronic PTSD & well-defined psychotic features , 17934
signs & symptoms & ill-defined conditions & evidence of new illness related to wartime exposures & impact of extent of evaluation on findings, Persian Gulf War veterans, 9670
signs & symptoms & ill-defined conditions & evidence of new illness related to wartime exposures & impact of extent of evaluation on findings, Persian Gulf War veterans, commentary, 9665
single session of exposure therapy vs eye movement desensitization & reprocessing, combat-related PTSD, 47–53 yr old Vietnam veterans, 18570
social functioning, military veterans with combat-related PTSD, 8208
substance use & PTSD & sexual assault history, 21–54 yr old female veterans, 16177
use of narratives of future goals in vocational rehabilitation & relationship of overall goodness ratings to vocational outcomes, 26–62 yr old veterans with mental &/or physical disorders & counselors, 15676
use of VA health & mental health care services, male vs female veterans, 6370
use of VA medical & surgical & psychiatric & addiction services, veterans with vs without private health insurance, 6371
veterans' narratives vs cultural narratives of Vietnam, 38–47 yr old Vietnam veterans with PTSD, 8183
Vietnam Veteran's Memorial Wall & AIDS Quilt as artwork representing cultural yearnings of memory & forgetting, implications for art therapists, 30076
well being & physical & mental health status & employment & perpetration of violence & quality of life outcomes, male Vietnam veterans with vs without PTSD, 21195
zolpidem, PTSD-related insomnia & nightmares, 50–63 yr old male veterans with PTSD, 15290

Military Veterans—Chapters

Group and milieu therapy for veterans with complex posttraumatic stress disorder, 8229
Group psychotherapy for war-related PTSD with military veterans, 34908
Psychiatric emergency services in the Veterans Health Administration: A review, 31930
Stress and immune dysfunction in Gulf War veterans, 27500

Millon Clinical Multiaxial Inventory—Serials

assessment of personalities of Bill Clinton vs Bob Dole from the conceptual perspective of T. Millon, 1155
concurrent validity of Millon Adolescent Clinical Inventory in assessment of depression, 12–17 yr old inpatients, 29368
congruence of MCMI-II & MCMI-III, urban poor cocaine abusers (mean age 35 yrs), 3320
development & validation & changes & strengths & limitations & current status of the MCMI , 26134
MCMI-II psychopathology & the SCORS affective & cognitive dimensions of object representations, 19–57 yr old psychotherapy outpatients, 3329
MCMI-III, extent & nature of psychopathology, male batterers (mean age 32 yrs), 13064
MCMI-III, extent & nature of psychopathology, male batterers (mean age 32 yrs), erratum, 35939
use of MCMI-III in child custody litigation, divorcing couples , 35900
validity of MCMI & its revisions for Axis II disorders & ability to meet requirements for admissibility of scientific evidence established by Daubert v. Merrell Dow Pharmaceuticals Inc, meta analysis, 26118

Millon Clinical Multiaxial Inventory—Books

Essentials of Millon inventories assessment, 19637
Interpreting personality tests: A clinical manual for the MMPI-2, MCMI-III, CPI-R, and 16PF, 26165

Millon Clinical Multiaxial Inventory—Chapters

Treatment planning and outcome in adults: The Millon Clinical Multiaxial Inventory-III, 26171

Mind—Serials

attainability of reduction of mental phenomena to neurophysiological processes, 20138
autism & recent research focus on neural correlates & development & deficits of theory of mind, 37636
child's understanding of mind & parental emotional expression & disciplinary style, male vs female preschoolers (mean age 43 mo), 26983
childhood development of theory of mind & model of mental state attributions, cognitive & empathy & intimacy deficits in sex offenders, 37613
chronological & mental age & gazing behavior & performance on theory of mind tasks, 10–40 yr olds Ss with autism vs Down's syndrome vs mental retardation vs normal 5–11 yr olds, 34448
cognitive deficits & theory of mind, 6–10 yr olds with pervasive developmental disorders not otherwise specified, 27938
cognitive development & knowledge about mind & relation to theory of mind development, infants & children, 13937
cognitive pragmatics & cognitive science & mind/brain architecture, 29603
computer metaphor of mind in cognitivist psychology, 6747
contentive vs indicative conceptions of representation in child theory of mind literature, 26997
developing a cultural theory of mind in children through the CIAO approach, 23706
informational & procedural psychosemantics & qualia & procedural representationalism for sensory experience of space, 13860
interpretation of delusional disorders as theory of mind delusions, 24129
intra-individual differences & relationship specificity of mentalising behavior about self & others in early adolescence, 12–14 yr olds, 27068
issues in W. R. Bion's concept of primordial mind & work of negative, 4807
K. R. Popper & J. C. Eccles' 3 worlds & insight into attitudes of explanatory gap, 20403
linking mind & brain during responses to group analytic therapy, 18602
M. Minsky's theories of mind & artificiai intelligence, implications for education, 9711
model of dynamic organization & development of mind & implications for learning & instruction, 4425
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, commentary reply, 14130
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, commentary, 14127
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, 14131
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, commentary, 14132
pantomime & gestural representation as form of pretense in theory of mind development, 3–4 yr olds, 10741
peer social interaction skills & theory of mind, 3.8–6.9 yr olds, 10889
pressure toward enactment in terms of threats by pre-thinking states of mind on attempts to know & understand in analytic work & hatred of psychic reality, psychoanalysts , 28362
pretend play & theory of mind development, 3–5 yr olds, 33630
psychoanalytic perspective on autonomy & mute part of mind & self-regulating function of psyche, 24062
radical behaviorism & cognitive psychology & cognitive processes in intentional stance vs contextual stance framework, 13859
reliability & validity of Theory of Mind test, 5–13 yr olds with vs without pervasive developmental disorders, 14831
retention & transfer of theory of mind training, 28–68 yr old intellectually disabled adults in day care, 18157
System & Connectionist argument applied to experiment by J. R. Searle of computer program processing Chinese language, 20401
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, 3548

systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3530
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3561
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary reply, 3549
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3556
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3539
theory of mind & imitation & memory, language acquisition & development, infants & toddlers, 30182
theory of mind &/or emotion recognition abilities, autistic vs unspecified pervasive developmental disorders vs psychiatric 8–18 yr olds, 14814
theory of mind abilities, individuals with autism or mental retardation, 1863
theory of mind ability, 7.11–14.8 yr olds with autism, 14811
theory of mind in preadolescence & social understanding & competence, male vs female 10.8–13.2 yr olds, 27029
theory of mind skills, schizophrenic vs psychotic vs depressed Ss during acute episode vs post-recovery, implications for C. D. Frith's neuropsychological theory of schizophrenic metarepresentation, 1581

Mind—Books

Critique of impure reason: An essay on neurons, somatic markers, and consciousness, 13375
The descent of mind: Psychological perspectives on hominid evolution, 32563
The evolution of mind, 890
Evolution of the psyche, 10749
Mind and cognition: An anthology (2nd ed.), 13318
Mind myths: Exploring popular assumptions about the mind and brain, 33267
Mind regained, 4325
The mysterious flame: Conscious minds in a material world, 17146
Persons and their minds: A philosophical investigation, 30083

Mind—Chapters

The body–mind: Psychopathology of its ownership, 2263
Children as folk psychologists: The developing understanding of the mind, 13918
The clinicai body and the reflexive mind, 2257
Cognitive ethology: The minds of children and animals, 894
Consciousness and mind as philsophical problems and psychological issues, 145
Constructivism, communication, and cooperation: Implications of Michael Chapman's "epistemic triangle", 10157
Development of intention: The relation of executive function to theory of mind, 17206
Do's and don'ts for Darwinizing psychology, 266
Ecological intelligence: An adaptation for frequencies, 263
The embodiment of desire: Relinking the bodymind within the analytic dyad, 2270
The evolution of a theory of mind, 33043
The evolution of deep social mind in humans, 33160
Evolutionary memory, 11186
Executive functions and theory of mind: Cognitive complexity or functional dependence?, 17305
Historicity and the evolution of the individual psyche, 9772
How the mind works, 26552
Imitation and the reading of other minds: Perspectives from the study of autism, normal children and non-human primates, 16745
Individualism and the mental, 4334
Infants' distinction between animate and inanimate objects: The origins of naive psychology, 17306
Knowing one's own mind, 4340
Making sense of the social world: Mindreading, emotion, and relationships, 17203
Playing with play: What can we learn about cognition, negotiation, and evolution?, 423
Presence of mind, 36656
Privileged access, 4344
The rise of the metamind, 33050
Situated agency and the descent of desire, 36657
Social norms and other minds: The evolutionary roots of higher cognition, 262
Thoughts and things: James Mark Baldwin and the biosocial origins of mind, 3270
The vertical mind—The case for multiple intelligences, 30540
Warren: From passive and sensuous compliance to a more lively independence: Limited therapeutic objectives with a verbal adolescent, 37660
What is theoretical about the child's theory of mind? A Vygotskian view of its development, 7343

Mind Body [See Dualism]

Mini Mental State Examination—Serials

age & education & Mini Mental State Examination scores, 100–108 yr olds, 7591
age & gender & education level norms for Mini Mental State Examination, 20–79 yr olds, 27520
background music during examination, scores on Mini Mental State Examination, 63–86 yr old patients with Alzheimers disease, 35962
clock drawing task scoring systems vs measures of executive control function vs Mini-Mental State Exam, outpatients (mean age 73.1 yrs) with probable Alzheimer's disease, 35996
correlation between Mini-Mental State Examination & Logical Memory subtest of Wechsler Memory Scale, healthy 70+ yr olds with vs without subjective memory impairment, 7597
correlation between the Folstein Mini-Mental State Examination & clock drawing scoring, assessment of cognitive functioning, Albertan adults (mean age 76 yrs), implications for primary care services, 32679
development of staging systems for Alzheimer's disease based on Global Deterioration Scale & Mini Mental State Examination, 2047
performance on Mini-Mental State Examination items & Mattis Dementia Rating Scale subscales, elderly Spanish-speaking Hispanic vs English-speaking White Alzheimer's disease patients, 19639
relationship between intelligence & performance on Mini-Mental State Examination, 54–89 yr olds in early stages of Alzheimer's disease, 28218
type of sentence used in repetition task of Hebrew translated Mini-Mental State Examination, performance, aged adults with dementia, 36001
use of Mini Mental State Examination & CAMCOG rating scale & development of Epidemiological Dementia Index, screening for Alzheimer's & other dementias, 70 yr olds & older with low education level, 73
validity of Mini Mental State Examination assessment of cognitive functioning & impairments, 60+ yr old Hispanics vs Whites living in rural areas, 32594
validity supplementation of 3-item recall portion of Mini-Mental State Examination with cued recall procedure, elderly Ss with Alzheimer's disease vs subcortical vascular ischemic dementia, erratum, 9926
variability of scores on Mini-Mental State Examination, measurement error & ability to track individual cognitive changes, patients with probable Alzheimer's disease, 1–6 yr followup, 31199

Minimally Brain Damaged—Serials

neuropsychological assessment, persons with varying mild to traumatic head injuries with or without persisting clinical problems, 15038

Ministers (Religion)—Serials

perception of barriers to adequate nutrition for elders in rural environments, health & social & nutrition service experts & ministers, 4514
role of sociodemographic characteristics & type & severity of personal problems in help-seeking from African American ministers & use of other professional help sources, adult African Americans, 8730

Minn Multiphasic Personality Inven—Serials

Adolescent-School Problems (A-Sch) vs WISC-III subtests & Immaturity (IMM) scale of MMPI-A vs WISC-III subtests & A-Sch vs IMM, prediction of cognitive & academic performance of males vs females, 16376
assessment of similarity algorithms using 'well-defined' vs 'nonrestrictive' codetype profiles of MMPI & MMPI-2, 13–79 yr old psychiatric patients & outpatients referred for psychiatric evaluation , 3332
association of Minnesota Multiphasic Personality Inventory-2 profiles & Beck Depression Inventory scores, assessment of denying depression, 14–21 yr old mothers, 16352
association of MMPI-2 profiles & defensiveness scales with return to work outcomes after workhardening vocational rehabilitation, 18–63 yr olds with occupational injuries & chronic pain, 26113
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, commentary reply, 22874
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, commentary reply, 22863
Barron's Ego Strength & G. S. Welsh's Anxiety & Repression scales, MMPI vs MMPI-2 test version, 18–43 yr old college students, 3288
base rates for suicide items of MMPI-2, adults, 35961
characteristic patterns & configurations of Minnesota Multiphasic Personality Inventory-2, 17–63 yr old male vs 18–60 yr old female offenders, 19625
correlates & validity of MMPI-2 Psychopathic deviate Harris-Lingoes subscales & relation to psychopathy & antisocial behavior, college students, 9895
criteria for defining role of complex character-response styles in convergent validity of MMPI and Rorschach scales, 17–72 yr psychiatric & medical patients, 16346
criterion-related validity evidence for Rorschach test & MMPI, 30568
cross cultural applicability of MMPI & MMPI-2 to Chinese, 26116
cross validation & extension of MMPI-Adolescent Immaturity scale, measurement of ego development, college students, 13053
detection of drug & alcohol abuse by MMPI—2 screening scales, drug abusing vs nonabusing psychotherapy clients (mean age 37.7 yrs) in community mental health centers, 9901
detection of faking on Adolescent version of MMPI, adolescents from correctional facilities instructed to fake good & correctional & noncorrectional adolescents who received standard instructions, 30932
development of the Masculine–Feminine Pathology Scale for the MMPI–2, measurement of gender orientation & symptomology, male vs female psychiatric inpatients (mean age 36.7 yrs), 3322
efficacy of validity scales in detecting random responding & overreporting on MMPI-A, nonclinical 14–17 yr olds & those with moderate to severe emotional & behavioral problems, 24077
intercorrelations between & criterion validity of MMPI-2 subtle-obvious subscales & association with crime history, male prison inmates, 16348
interscorer reliability of hand-scoring MMPI-2 protocols True Response Inconsistency Scale & Variable Response Inconsistency Scale, assessment of malingering, male prison inmates, 11209
item & scale level analyses of factor structure of MMPI-A content scales, male &/vs female 13–18 yr olds in normative sample & subsample receiving psychiatric services, 3321
linking of T. Millon's personality styles between Personality Adjective Check List & MMPI—2, psychiatric patients (aged 19–75 & normal adults (aged 17–50 yrs) , 26122
meta-analysis of Minnesota Multiphasic Personality Inventory & MMPI–2, assessment of psychopathology & ethnicity, African Americans vs Latino Americans vs European American males vs females, 19596
Minnesota Multiphasic Personality Inventory-2 assessment of posttraumatic stress symptoms, Vietnam combat veterans (mean age 45 yrs), 29174
MMPI & California Psychological Inventory profiles, adult children of alcoholics or problem drinkers followed from 11 yrs of age, 18057
MMPI profiles during remitted vs psychotic states, 19–31 yr old recent-onset schizophrenia patients, 17921
MMPI responses, adult patients with nonapneic primary snoring vs obstructive sleep apnea, 24679
MMPI-2 clinical & content scales, differential diagnosis of combat-related PTSD vs schizophrenia vs depression, male veteran psychiatric inpatients, 9887
MMPI-2 profiles, patients found Not Guilty by Reason of Insanity vs civilly-committed psychiatric inpatients, 21041
MMPI-2 validity scales, mothers in child custody evaluations who do vs do not exhibit parental alienation syndrome behaviors, 1480
MMPI-A assessed personality type, male 13–17 yr old sex vs nonsex offenders, 5041
MMPI-A profiles & effect of scoring with standard vs Archer MMPI-A norms, 13 vs 14 yr old psychiatric inpatients, 6589
MMPI-A vs Marks-Briggs vs MMPI-2 norms, 14–17 yr old hospitalized juvenile delinquents with history of conduct problems, 27910
neuropsychological evaluation & MMPI patterns & potential effects of psychological distress on physical symptoms, 21–56 yr old Persian Gulf War Veterans, 25985
oral administration of MMPI-168(L), assessment of personality & psychopathology & changes in mental health status, 17–45 yr olds diagnosed with mild to moderate mental retardation, 13070
preliminary validation of MMPI-A with 13–18 yr old male delinquents, clinical correlates with symptoms/diagnoses derived from Schedule of Affective Disorders & Schizophrenia for School-Age Children, 3309
premorbid MMPI scale cluster profiles, prediction of paranoid & nonparanoid schizophrenia diagnosis at 25 yrs, adolescents at high genetic risk, 27657
principles of item response theory & use in evaluating psychometric properties of MMPI-2 Personality Psychopathology-five scales, heterosexuals living together, 24038
profile validity standards for MMPI & MMPI-2 F scales, 17690
psychometric equivalency & score equating of booklet vs computer-based MMPI & MMPI—2, 9834
relationship between specific MMPI Adolescent profile patterns & endorsement of items related to suicidal ideation, adolescents with depression or conduct disorder or other psychiatric disorders, 13056

relationship of 6 Rorschach aggression variables to DSM-IV Cluster B personality disorders & anger & aggression & antisocial behavior measures from MMPI-2, outpatients with personality disorders, 16333
sensitivity of MMPI & MMPI-2 scales to somatic malingering, personal injury litigants, 3318
standard instructions vs instructions to create impression of excellent psychological adjustment on MMPI-A, utility of underreporting scales, 14–17 yr olds with emotional & behavioral problems, 3306
typology of impression management & self-deceptive positivity as assessed by MMPI–2, child custody litigants, 29338
use of MMPI & clinical staff ratings to identify psychological contributions to somatic complaints, rehabilitation outpatients with chronic pain (mean age 39.5 yrs), 3323
utility of K-correction to adjust for defensive response set on MMPI, defensive vs nondefensive patients with end-stage lung disease undergoing psychological evaluation for transplantation, 13104
utility of MMPI-2 clinical & content scales related to emotional distress, prediction of multimodal treatment outcome, patients with chronic back pain, 31079
utility of psychodiagnostic interview in MMPI–2 screening scales in prediction of drug abuse, mental health outpatients (mean age 33.22 yrs) without primary diagnosis of drug abuse, 9906
utility of the Deceptive–Subtle scale of the MMPI–2, measurement of malingering, psychiatric outpatients vs participants asked to fake-bad responses, 3307
validity & accurate prediction of therapist ratings in MMPI—2 content scale constructs & structure, male vs female outpatients (mean age 33.16 yrs), 9870
validity & reliability & impact of loss of information of MMPI-2 computerized adaptive administration, 27–72 yr old veterans in treatment for addictive disorders, 32034
validity of MMPI-2 & Beck Depression Inventory, psychosocial assessment for decisions of organ allocation, high vs low risk candidates for renal transplantation, 18831
validity of MMPI–2 in predicting defensive underreporting during psychological evaluation during child custody litigation, parents (mean age 37.42 yrs), 9868
validity of MMPI–Adolescent as inpatient assessment tool to distinguish eating disorder subtypes, 14–18 yr old females with anorexia or bulimia or eating disorder not otherwise specified, 29364
Minn Multiphasic Personality Inven—Books
A beginner's guide to the MMPI-2, 9913
Interpreting personality tests: A clinical manual for the MMPI-2, MCMI-III, CPI-R, and 16PF, 26165
The MMPI, MMPI-2 & MMPI-A in court: A practical guide for expert witnesses and attorneys (2nd ed.), 32547
Minn Multiphasic Personality Inven—Chapters
Minnesota Multiphasic Personality Inventory-2 (MMPI-2), 26175
The MMPI-2 in counseling practice, 35914
Overview of the Minnesota Multiphasic Personality Inventory–Adolescent (MMPI-A), 26167
Personality assessment in personal injury litigation, 9743
Prediction of MMPI-2 clinical scores from the Draw-A-Person Questionnaire, 29347
Searching for structure in the MMPI, 9919
Use of the MMPI with mild closed head injury, 22900
Minnesota Teacher Attitude Inventory [See Attitude Measures]
Minority Group Discrimination [See Race and Ethnic Discrimination]
Minority Groups—Serials
Afrocentric world view & adjustment to college, 18–28 yr old African American students attending predominantly White university, 2947
age & health status & access to care & breast & cervical cancer screening, 18–74 yr old Hispanic & Black females, 18874
AIDS attitudes & vulnerability, ethic minorities, India, implications for prevention, 15461
community based intervention, disruptive behavior & academic success & engagement, disadvantaged minority children, 35215
concurrent validity of revised 1994 Strong Interest Inventory, adults in African- & Asian- & Caucasian- Hispanic- & Native-American racial–ethnic groups, 13116
convergent vs divergent cognitive processing, attitude change in relation to minority vs majority approval, undergraduates, 14264
current knowledge about HIV/AIDS, aging minority populations, 1971
development of theoretical models & methodological & training issues in conducting drug abuse research with minority populations, 8344
discrimination & student & self segregation on campus, college students, 1988 & 1992 vs 1996, 2953
discrimination in everyday interaction, ethnic minority group members, 11123
dispositional optimism & unsafe sexual behavior, 15–18 yr old sexually active adolescents, 9039
effectiveness of telephone mammography program, lower income & minority females (aged 50 yrs & older), 6 mo & 2 yr followups, 2495
effects of differently weighting interview scores, acceptance vs rejection of admission, minority medical student applicants, 15722
enhancing effectiveness of research teams operating within ethnic-cultural communities, 6731
ethnocultural resistance & emotional reactions to diversity courses in mental health training programs, students of color, 12592
experience of giving birth & maternity care, Vietnamese & Turkish & Filipino immigrant females aged 14–41 yrs, 22024
factors that affect decisions to enter science and engineering fields, adult minority female engineers, 35591
faculty–student mentoring for ethnic minority counseling psychology doctoral students to prepare for careers in academia, WICHE Doctoral Scholars Program, 38681
feminist perspective on culturally sensitive therapy, women of color, 8774
gender & enthnocultural issues in clinical research & diagnosis & treatment, females & minority group members with PTSD, 8165
health & health care access problems in rural areas, Blacks & Hispanics, 22144
health sciences academic enrichment program, health profession career choice, gifted minority students, 19378
historical overview of ethnic minority issues within American Psychological Association & future challenges, 12574
importance of cultural sensitivity & therapist self-awareness, therapists working with minority clients mandated to family therapy, 18591
individual differences approach to research on minority aged & ethnic diversity in aging population, 20669
influence & differentiation of effects of culture & language & SES in neuropsychological evaluation, Latino & other non-European patients, 32683
ingroup identification & relative deprivation in comparison to ingroup members & other minorities & Whites, Latino & African American respondents, 27303
issues in research into mental health needs & views of Irish immigrants as ethnic minority, Great Britain, commentary, 27136
issues in research into mental health needs & views of Irish immigrants as ethnic minority, Great Britain, commentary & reply, 11988
job performance & well being, majority vs minority police officers & nurses, 6310
managed care in mental health & impact on practice patterns & utilization among ethnic minority populations, 5851
minority influences & use of best solution in problem solving, college students, test of C. Nemeth's convergent–divergent theory of majority & minority influence, 27296
Minority Medical Education Program participation, probability of acceptance to medical school, minority college students & recent graduates, 6014
minority stress theory applied to direct & indirect experiences of workplace heterosexism, gay & lesbian & bisexual adults, 16127
misdiagnosis of mental disorders of ethnic minorities, African-Caribbeans in UK, 30624
multiple family group intervention, disruptive behavior, low income minority children (mean age 9 yrs) & families, 34889
percentages of employees in gender & minority & disabilities diversity categories, work group effectiveness, adult military & civilian personnel, 39006
perspectives on same-race & transracial adoption & foster care, children of color, commentary, 12452
perspectives on same-race & transracial adoption & foster care, children of color, commentary, 12460
perspectives on same-race & transracial adoption & foster care, children of color, commentary reply, 12445
possible antecedents & consequences of perceiving personal & group discrimination discrepancies, 18–55 yr old female college students, 33884
prejudice/racism, ratings of liking for stereotypically- described minority scholarship applicants, college students, 20853
professional silence & need for increased sensitivity to sexual-minority issues & strategies for enhancing lives of gay & lesbian & bisexual individuals, social scientists, 23933
race relation issues in social science interventions with minority communities, 15091
readiness for drug use prevention, rural minority communities, 19075
recommendations & responsibilities & ethical criteria for culturally sensitive & competent psychological research with ethnic minority populations, 9989
sociocultural norms & differences & demands on therapists & modification of technique in ethnically heterogeneous therapy groups, ethnic minority patients, 38122
solo member attributions & task assignments, Black & White college students in 5- & 10-member groups, 1217
sources of family & caregivers' support, 50+ yr old minority caregivers of HIV infected persons, 2638
stress & coping strategies & self esteem & health outcomes of depression & drug use & sexual risk behaviors, impoverished 18–65 yr old male vs female African Americans or Latinos, 8016
structuring effective research teams for conducting drug prevention research with minority populations, 9223
theoretical framework & formulations in schema of organizational behavior, Blacks in predominantly White organizations, 9640
use of palliative care service, ethnic minorities, Derby, 18914
using constrained nonlinear programming to combine job performance predictors, adverse impact & minority hiring & quality of selected workforce, 38948
Minority Groups—Books
Diversity in college settings: Directives for helping professionals, 22564
Minority Groups—Chapters
Acquisition of literacy in multilingual contexts in Danish schools, 6188
Assessing the counselling needs of the ethnic minorities in Britain, 21717
Attaining functional biliteracy in the Netherlands, 6192
Being a minority: Hungarian adolescents in Transylvania, Romania, 10902
The challenge of intercultural education in Spain, 2895
The cultural assessment framework, 9074
Culturally responsive counseling and psychotherapy with children and adolescents, 2196
Equity and access to computer technology for grades K–12, 6190
Ethnic minorities on the labour market, 3061
Ethnicity, gender, and cross-cultural issues in clinical research, 12013
Exploring multicultural issues using qualitative methods, 22988
How useful are focus groups for obtaining the views of minority groups?, 22969
In search of effective counselling across cultures, 21741
Literacy and bilingualism in a Cambodian community, 4381
Literacy training for linguistic minorities in Norway, 6187
Mentoring at the margin, 15856
Minority L1 literacy in Sweden and Karelia: Challenges and strategies, 4385
Minority women teachers of ESL: Negotiating White English, 15854
National Institute of Mental Health: An update on women and minorities in research, 28826
Psychiatric inpatient care and ethnic minority populations, 28742
Race and mental health: Emerging patterns and promising approaches, 17804
Substance abuse in minority populations, 5113
The Tell-Me-A-Story Test: A multicultural offspring of the Thematic Apperception Test, 32620
Mirror Image—Serials
binocular disparity & discrimination of 2-D mirror symmetry overlaid in depth by 3-D noise plane, Os, 6792
degree of mirror image facial asymmetry, strength & direction of left vs right visual hemispace bias in perception of composite faces, undergraduates, 26321
discrimination of perfect vs imperfect mirror asymmetry at fovea & eccentricities in nasal visual field, adults, 36136
front- vs side-view mirror to reduce fear response, cattle, 16736
global pattern display symmetry & individual pattern properties, discrimination of same-different symmetrical dot stimuli, adults, 36141
mirror image of companion fish on left vs right side showing cooperation vs defection, predator inspection, mosquitofishes, 19966
mirror self-recognition, adult lowland gorillas, 19954
practice of mirror writing, transfer to nonpracticed hand & nonpracticed phrases, college students, implications for internal inverse models, 23073
Mirroring—Chapters
Self-reflection and the mirror, 21852
Misanthropy—Serials
self evaluation & esteem & need to self-enhance, misanthropic memory, college students, 11170
Misarticulation [See Articulation Disorders]
Misbehavior [See Behavior Problems]
Miscarriage [See Spontaneous Abortion]
Miscegenous Marriage [See Interracial Marriage]
Misconduct [See Behavior Problems]
Misdemeanors [See Crime]

Misdiagnosis—Serials
Asperger's disorder misdiagnosed as borderline personality disorder, 12 & 10 yr olds with hyperactivity, 1669
frequency of & clinical & demographic characteristics associated with misdiagnosis of abusive head injury, abused children younger than 3 yrs reporting to children's hospital with head injuries, 11531
misdiagnosis of amnesia as malingering, 52 yr old male with mild developmental disabilities, 27940
misdiagnosis of anorexia nervosa, 40 yr old female with achalasia & megaesophagus, 8499
misdiagnosis of dementia due to communication problems, fully competent 93-yr-old male with profound deafness, 21628
misdiagnosis of mental disorders of ethnic minorities, African-Caribbeans in UK, 30624
mistreatment resulting from misdiagnosis of comorbid Graves disease, 11.5 yr old male with Tourette's disorder & ADHD, 28266
prevalence of unrecognized depression in specialized mental health settings, patients referred for cognitive behavior therapy, 31890
Misdiagnosis—Books
Creating hysteria: Women and multiple personality disorder, 34082
Misdiagnosis—Chapters
Dementia and depression, 11726
Psychiatric diagnosis of African Americans, 27566
Misogyny [See Misanthropy]
Missionaries—Serials
comprehensive approach to intervention for critical incidents & possible aftereffects, missionaries, 28665
experiences & development of missionary children & their families, 27131
formation & maintenance of regional interagency member-care affiliations & community psychology, missionaries & member care personnel, 27130
past & present & future of mental health professionals involvement in missions, 28664
prefield evaluation of missionary candidates, 27132
rating of stressors, 20–61+ yr old missionaries, 8 yr study, implications for missionary care, 27359
Mistakes [See Errors]
MMPI [See Minn Multiphasic Personality Inven]
Mnemonic Learning—Serials
adaptation of standardized picture set into Portuguese, study of mnemonic processes in naming objects in pictures, 15–39 yr olds, 3293
cognitive ability profiles as predictors of response to mnemonic training, serial word & proper name recall, community-dwelling 55–88 yr olds, 2 wk study, 36268
cognitive interview reinstate context vs mental & physical context reinstatement vs multiple reinstatement of context, recall, 19–46 yr olds, 1-wk & 3-mo followups, 29628
delayed matching to sample procedures in studies of short term memory & mnemonic processes & cognitive disorders & processes & models of drug effects, humans & animals, 349
event related potentials as indicator of semantic match/mismatch mnemonic impairment, sober alcohol dependent adults, 14738
generation & utilization of verbal & visuospatial mnemonic strategies, IQ-preserved schizophrenic Ss, 1593
keyword mnemonic, learning speed & immediate recall & long-term learning & retention of 2nd language vocabulary words, college students, reply, 26450
keyword mnemonic, learning speed & immediate recall & longterm learning & retention of 2nd language vocabulary words, college students, commentary, 275
line drawing portraits vs interactive illustrations of mnemonic keywords, recall of music history, 6th graders, 6140
matrix structures &/vs mnemonic representations, text learning, 5th graders & college students , 28928
mnemonic & traditional instruction, recall of difficult to memorize multiplication facts, elementary & middle school students with learning disabilities, 35546
multiple free recall vs mnemonic recall strategies in cognitive interview, correct information recalled, 19–21 yr olds, 29625
pictorial mnemonic numeric system, factual memory, 5th–6th graders & college students, 23701
variability of textual descriptions, visuospatial working memory & selective interference in verbal & visual & spatial-sequential & spatial-simultaneous tasks, college students, 10207
Mnemonic Learning—Books
Imagery, 26420
Mobility (Geographical) [See Geographical Mobility]
Mobility (Occupational) [See Occupational Mobility]
Mobility (Social) [See Social Mobility]
Mobility Aids—Serials
chronic disability associated with use of wheelchair but with no organic disorder to account for disability & illness beliefs, 36–55 yr old wheelchair patients & their carers, 31046
development & psychometric evaluation of Cane Use Cognitive Mediator Instrument, measurement of attitudes toward cane use in fall prevention, community-dwelling 65–93 yr olds, 32695
pragmatic cognitive-behavioral treatment, 16 & 25 yr old female wheelchair-bound chronic fatigue syndrome patients, 31532
problems in using private passenger vehicles & assistive technology & selection of vehicles to reduce problems, frail 60 yr olds & older with disabilities, 29235
role of orientation & mobility training & evaluations of potential dog guide users applying to dog schools, orientation & mobility specialists, 25551
use of neural network as means of controlling movements of motorized wheelchair, 35796
use of powered wheelchairs & hoists & communication aids & environmental control systems & computers, 6–81 yr olds with physical disabilities, 15673
users & instructors & types of alternative mobility devices used, visually impaired students, 35296
Mobility Aids—Books
Rolling along with Goldilocks and the three bears, 31087
Mobility Aids—Chapters
Detection and discrimination of tactile warning signals in field conditions, 34727
Moclobemide—Serials
efficacy & safety of moclobemide vs clomipramine treatment, 18–65 yr olds with panic disorder with & without agoraphobia, 21914
efficacy of moclobemide & brofaromine for treatment of depression, patients, 12206
fluoxetine vs ECT vs moclobemide, 5-HT release in hypothalamus or cingulate cortex or orbitofrontal cortex, male guinea pigs, animal model of obsessive-compulsive disorder, 13489
moclobemide & antipsychotic drug treatment, negative symptoms, adults with schizophrenia, 31691
moclobemide &/vs cognitive behavioral therapy, patients with panic disorder & agoraphobia, 6 mo followup, 15087
moclobemide, obsessive–compulsive symptoms, 36 yr old female patient with severe obsessive–compulsive disorder, implications for lower side effect profile than SSRIs, 21857
safety profile & adverse events in response to moclobemide treatment, depressed patients with multiple sclerosis, 3-mo study 34–60 yr old, 21865
tolerability & efficacy of moclobemide vs fluoxetine, patients with panic disorder, 1-yr treatment study, 21966
Modeling [See Simulation]
Modeling Behavior [See Imitation (Learning)]
Models [See Also Animal Models, Medical Model]—Serials
1 vs 2 vs 3 vs 4 factor model & confirmatory factor analysis & evaluation of dimensional accounts of comorbidity, 15–54 yr olds with common mental disorders, commentary, 37294
1 vs 2 vs 3 vs 4 factor model & confirmatory factor analysis & evaluation of dimensional accounts of comorbidity, 15–54 yr olds with common mental disorders, 37273
2 types of bimodal direction tuning in middle temporal area, monkeys, validation of visual motion detection model, 33168
2-stage crime prevention model for conceptualizing precipitating & regulating situational forces acting on behavior, 1841
3-way 3-mode hierarchical classes model for analysis of individual differences in binary object & attribute arrays, 13137
5 factor model of patterns of sensory integration dysfunction, 4–8.9 yr olds, 8705
6-step models of behavior & pervasive victim self-image, individuals with antisocial personality disorders, 24370
accountability model for issues in development & operation of on-campus practicum laboratories, counseling education programs, 28830
action research model of K. Lewin & application to organizations & action research team project in high technology company, 29133
adaptation & cross-adaptation in odor coding in model olfactory organ of maxillary palp of Drosophila, 20086
adaptation & proposed model, methods in communication disorders & aphasia clinical outcome research, 3402
Adaptive Resonance Theory models & learning & consciousness & attention, 16582
additive vs Bayesian models of base-rate use in judgments, adults, 13301
adjustment, patients with multiple sclerosis, 1 yr study, application of stress & coping model, 24835
affect & postmodernism in new models of brief treatment, 15128
affect system with parallel & integrative processing systems, 17707
agentic psychology model based on the paradigmatic repositioning of the theory of planned behavior, 37142
aging & etiology & sustenance of & model for explanation of homelessness, 50 yr olds & older, 14082
algorithm involving psychomotor disturbance & endogeneity symptoms & tiered model of psychotic vs melancholic vs nonmelancholic subtypes & comparison with DSM-IV criteria sets, depressed patients, 37327
analysis of facet version of Structural Analysis of Social Behavior model, normal adults vs 18–66 yr old psychiatric patients, erratum, 27537
analysis of facet version of Structural Analysis of Social Behavior model, normal adults vs 18–66 yr old psychiatric patients, 11331
analysis of integrate-and-fire model of neurons, 26022
analysis of simple metric probability model for analysis of random graphs, 6684
anchoring theory of lightness perception as alternative to intrinsic image models, 36148
Anti-Oedipus & American relational models of Oedipus complex, 30543
applicability of psycholinguistic models of semantic paralexias to Spanish speaking patients, 2003
application & use of Person-Environment-Occupation Model in occupational performance interventions, 32061
application of attribution theory to process model of gender & tolerance for ambiguity as moderators of paranormal beliefs & fears & experiences, 20–56 yr old students with poltergeist-like experience, 14311
application of cognitive ergonomics framework to control room design of advanced technologies, 16221
application of High Risk Model of Threat Perception, differentiation of patients who do vs do not somatize psychological distress into physical symptoms, primary care adult patients, 24711
application of model of body aesthetics & attitudes toward gender roles & self-esteem & body image, African-American vs Caucasian-American vs Korean vs Singaporean college women, 27235
application of model of transactional developmental regulation to evaluate effectiveness of early intervention program, 12–69 mo olds with motor impairments, 12726
application of modified situational leadership model to residential group care settings, 10–14 yr olds, 9191
application of modified situational leadership model to residential group care settings, 10–14 yr olds, commentary reply, 9190
application of modified situational leadership model to residential group care settings, 10–14 yr olds, commentary, 9197
application of targeted systems analysis to establish behavior definition of competence, 26069
application of transtheoretical model of behavior change to smoking cessation & stress management, 5547
applications of psychoacoustically motivated model of auditory perception to automatic speech recognition, 39050
artificial intelligence & corporate systems model of effects of managerial cognition & group decision making processes on policy formation in complex organizations, 32359
artificial neural network model, analysis of urban intersection collisions, 35772
assessment model of culturally relevant death education & grief counseling, 7888
Bay Area Young Positives model of peer service to youth with HIV/AIDS, 5818
benefits & goals & practices of open adoption, families adopting special needs children, 36986
biobehavioral model of visceral hypersensitivity in irritable bowel syndrome, 8507
biopsychosocial counseling model, cancer patients, 5722
biopsychosocial model of drug dependency treatment, 17 yr old male & 24 yr old female patients with drug dependency, 19070
C. R. Cloninger's 7-factor personality model & specific depression factor & specific anxiety factor, 18–28 yr olds, psychopathological implications, errata, 27401
C. R. Cloninger's 7-factor personality model & specific depression factor & specific anxiety factor, 18–28 yr olds, psychopathological implications, 7941
cancellation & focus choice model, preferences for political candidates, college students, 7849
capability of present models in developing skilled performance & role of learning intervention that integrates learning with working, 38960
career commitment & growth opportunity & goal attainment, retirement decision making, adults aged 45+ yrs, extension of T. A. Beehr's model, 35590

caregiving & adaptive context & home care outcomes, 18–75 yr olds requiring total parenteral nutrition & their 40–76 yr old family caregivers, replication of Caregiving Effectiveness Model, 22223
cascade-correlation generative connectionist network model for development of children's seriation, 32497
catastrophe model for exposure to blood & bodily fluids & other occupational accidents, health care workers, 35379
Center for AIDS Prevention Studies model of consortium-based community collaborative research on HIV prevention, 15545
changing social condition in subcultural model of school deviance , 24401
characteristics of & need & advocation for development of global-community psychology, 6506
child & family & peer antecedents of & progression toward patterned alcohol & tobacco & marijuana use, childhood risk structure model,11–16 yr old males 1st studied at 9–10 yrs, 18038
clinical issues in identification & treatment & partnership model & development & outcomes of inclusion classroom, kindergarten students with developmental apraxia of speech, 22550
clinical usefulness of Creativity & Optimism & Planning & Expert Information Model in communication structure & solving pain-related problems, 50–77 yr old patients with cancer pain & their caregivers, 25291
co-construction model for supervision, psychotherapy supervisors & supervisees, 35411
cognitive discrepancy models of self perceptions of body image vs ideal standards, 7th through 10th grade students, 17675
cognitive modeling scheme for task analysis, estimated vs actual task time & mental workload on computer editing task, 22–26 yr olds, 13286
cognitive neuropsychological & model based assessment & treatment of acquired dysgraphia, semantic & graphemic processing, 45 yr old brain damaged female, 34614
cognitive structure & parametric properties & applications & theoretical issues related to multinomial processing tree models, 16568
cognitive-constructivist art therapy model for treatment of sexually abused early adolescent females, 8986
complementarity of conflict & deficit in relational & classical structural models of psychopathology & psychoanalysis, commentary, 11262
completely & other additive conjoint isotonic probabilistic models, 36067
complex sampling design, estimation of mixture models, 6545
compositional model of reflective agency in meta-reasoning processes & information states, 22760
computer metaphor of mind in cognitivist psychology, 6747
computer model of acquisition & use of episodic indexing as model of memory for attention events, computer programmer, 32458
computer model on degraded representations or defective competitive processes in parkinsonian semantic deficits, 37924
computer simulation of speech perception neural network, model of synaptic elimination & neuronal cell death & mechanism for development of hallucinations in schizophrenia, reply, 21139
computer simulation of speech perception neural network, model of synaptic elimination & neuronal cell death & mechanism for development of hallucinations in schizophrenia, commentary , 21134
concept & model of caring in community health nursing, 22165
concept of cascade model to describe changing patterns of symptoms in PTSD, psychiatric patients, 27721
conceptual & empirical comparison of ratings- vs choice-based conjoint approaches, 6396
conceptual framework of work–family interaction & psychological well-being in home-based telework, 35643
conceptual model of direct vs indirect influence of values on product ownership, adult heads of households, 16197
conceptual model of hope in context of health & illness, 18–84 yr old healthy adults vs nurses vs adults with chronic & life threatening illnesses, 18271
conceptual model of schizophrenia based on age-at-onset & neuropsychological & brain imaging clinical data, commentary reply, 1596
conceptual model of schizophrenia based on age-at-onset & neuropsychological & brain imaging clinical data, commentary, 1562
conceptual model of self regulating service delivery for children & youth at risk, governments & planners & policymakers, 15481
confidence intervals & hypothesis tests using fixed- & random-effects procedures & models in meta-analysis, 6697
confirmatory factor analysis of relational models & dimensions of social relationships, 19–83 yr olds , 23974
conjoint-recognition model with identity–similarity distinction & process-dissociation model with recollection–familiarity distinction & related dual-process conceptions of memory, 10177
connectionist computational simulation model of role of dopamine & prefrontal function in cognitive control, patients with schizophrenia, 30698
connectionist model of phonology & reading acquisition & dyslexia, 27956
connectionist models of speech perception & word recognition, 23062
connectionist vs diffusion model accounts of correct & error responses & RT in signal detection tasks, college students, 19825
consensual vs dissentient decision-making groups through mock juries, university student volunteers, test of 3 social interaction models, 11134
construct validity of physiological hyperarousal in tripartite model of depression & anxiety, psychotherapy outpatients & air force cadets & undergraduates, 21036
consumption system theoretical model of conceptualization for satisfaction, attribute-level performance & satisfaction & behavioral intentions over time, automobile owners, implications for marketing, 22695
contribution of source-monitoring processes at test on false memory recall in Deese-Roediger-McDermott paradigm, college students, 29636
control systems simulated model of kinesthetically & visually controlled arm movement, 29207
costs of historical approach vs needs based vs diagnosis based hypothetical investigatory/treatment models of disease management, patients with dementia, 9127
crisis intervention model for teachers, 9390
critical thinking model application to experimental & clinical psychology & educational administration , 19807
criticism of previous research & family-risk & stress–coping based conceptual model for studying alcohol & drug use, Asian American adolescents, 8379
critique of resistance to change model of organizational change dynamics, 12867
critique of resistance to change model of organizational change dynamics, commentary, 12874
cue utilization in nonmetric multiple-cue probability learning & abilities of Rapid Attention Shifts 'N' Learning model , 29639
Cultural Context Model treatment approach, Asian Indian immigrant batterers & victims & family members, 24893
cumulative assessment model of contestant decision to persist or flee based on adversary action in antagonistic encounters, cyprinodont, applications to ritual fights & displays, 3748
decision model for cost effectiveness in treatment of acute episode of schizophrenia & subsequent maintenance, 5821
decision theoretic model of stress arousal & coping propensity in stress expectancies, college students, 26713
defining & extending & analyzing behavioral representations & state in human–computer interaction using time-tree model, 39030
definition of nature of scholarship psychology, 9383
definition of nature of scholarship psychology, commentary , 19217
definition of nature of scholarship psychology, commentary , 19218
definition of nature of scholarship psychology, commentary, 19212
definition of nature of scholarship psychology, commentary, 19213
delayed matching to sample procedure, remembering time, pigeons, test of model of remembering in context of conditional discrimination, 10290
description & documentation of GPT.EXE a computer program for designing & implementing general processing tree models, 22931
descriptive model of psychological & behavioral & environmental factors that contribute to relapse process, male disqualified drivers, 34417
development & implementation of resource allocation computer-based model of workload in enhancing productivity, academic physicians, 2728
development of clinical understanding & model for working with families with parental physical illness using alternative discourses, family members & therapists, 31553
development of the Wisconsin Quality of Life Index as a multidimensional model for measuring quality of life, 13100
development of theoretical models & methodological & training issues in conducting drug abuse research with minority populations, 8344
developmental stages in & multilevel phase related intervention model during divorce & dissolution of families with children, 32525
developmental vs social personality models of adult attachment & mental ill health, 37225
diagrammatic connection between structural & functional model of ego states, implications for clinical applications in transactional analysis, 17723
dialogue constraints in home banking application, overall transaction time, models, 12947
diathesis-stress models & depression in pediatric chronic illness, 11356
dieting status & dietary restraint & autonomy & self-efficacy & family functioning & peer & parental influence in sociopsychological model of initiation of dieting, 11–16 females, 12285
Difference & Developmental & Ecological & Discursive Models in study of special education needs, 19350
diffusion scatter model & selective spectral absorption of human eye, prediction of residual vision in blind field, hemidecorticated patients, 11954
dimensions of lexical access & cross-language evidence from morphemic & morphological categories in support of dual-listing model of lexical representation, 29608
disease & treatment factors in cognitive impairment & developmental model & assessment strategies, children with cancer, 28093
drinking norms vs alcohol purchasing practices vs problem behavior syndrome vs exposure to drinking driver models, non- vs infrequent vs frequent drinking drivers & types of passengers, 11643
dual process model of adaptive coping with bereavement in relation to loss- vs restoration-oriented stressors, 17691
dual-process model of defense against conscious & unconscious death-related thoughts, extension of terror management theory, 37185
dynamic model of & state variables & environmental parameters related to dispersal in land-based economy, human males, 30529
dynamic model of political attitude change among party activists, 14175
dynamic model of resource variability & interruptions to foraging in stochastic & varying environments, animals, 10264
dynamic properties aligned with temporal interactions of stress & coping & related variables, 20928
dynamic systems theory as paradigm for the study of change in psychotherapy, 18–62 yr old depressed outpatients, 8756
dynamic-maturational model of attachment & mental & behavioral strategies for coping with danger, infants & young children, 36791
early paternal experience & attitudes toward women & impulsive behaviors & peer characteristics as mediational factors in model of aggression, sexually aggressive vs nonviolent males, 5133
effectiveness of interdependence–conflict model & task & person conflict in positive goal interdependence & decision-making, 24–58 yr olds in management teams, 22604
effectiveness of service support models, parents of children with disabilities, 15500
elements of process based catalyst model of crisis & crisis intervention, 15529
emergenic-epigenetic model of talent development, implications for investigating development of exceptional performance, 26946
emergent-focus model of mediation as transformative process & stage model inconsistencies, 22801
empirical findings & taxonomy of models & generalizations about how advertising works, 12936
empirical model of costs of employer accommodation to workers with disabilities, 19523
error components methodology for segmentation & modelling brand choice dynamics in consumer behavior & marketing research, 6384
evaluation of criteria in 2 theoretical job-search success structural relations models, 1993 & 1994 college graduates, 16096
evaluation of Holland's hexagonal model of vocational interests, male &/vs female Chicano/Latino college students, 22562
evaluation of model for teaching leaders of hypnosis practice groups, hypnotherapists, 5700
evidence from neuroscience for situatedness as part of constructive cognition model, 9718
evolution of T. Millon's personality prototypes, 27419
evolutionary stable strategy model of reproductive skew & indiscriminate infanticide, 10325
examination in organizational & personal & job & environment influences, Perceptions of Organizational Politics Model, government agency & utility cooperative employees , 16113
exemplar based model using Voronoi diagram framework for explanation of caricature advantage in face perception, 10045
expected utility & rank-dependent utility & cumulative prospect theories as models of risky choice behavior in determining weighting functions & predictability of individual traits of decision makers, 29562

experiences of Western management educators & trainers & Eastern European alternative models as analyzed through language & viability of Kolb Cycle & Action Learning models, 38977
experiential group model for supervision in group & individual psychotherapy, 15709
experimental models of pain, referred & temporal pain & summation pain & muscle hyperalgesia, 36124
explanatory models for high rate of behavior problems among adopted children, parents & their adopted children, 14412
explanatory power & therapeutic applicability of neurotransmitter & biochemical & anatomic models of antidepressant action in treatment of major depression, 28397
explanatory syndrome model & forensic psychotherapy guidelines, serial murder, 37591
extensional reasoning in mental-model theory of naive probability, 10106
extent to which ABCX model of family crisis can accommodate family functioning after rehabilitation from stroke, stroke survivors, 25508
factor structure & models & measurement of positive & negative affect & relation to anxiety & depression symptoms, male vs female 9–11 vs 12–17 yr olds, 27536
family-centered interdisciplinary community-based assessment & consultation model, children with special health needs, implications for role & training of speech pathologists & audiologists, 22186
FeatureGate model of visual selection & attentional gating, 32996
feed-forward neural networks, learning color-appearance models, 39052
framework for modeling memory colors & categorization & representation, memory prototype for object color & similarity judgments of apparent colors, 20–30 yr olds , 36187
framework of self-need-driven model & prospective application to ego & personality of artificial intelligence system, 29240
FRIENDS psychosocial rehabilitation program as peer support group model, people recovering from psychiatric disabilities, 19049
frustration & negative cue model of unfavorable police treatment of other race persons, 35835
general framework for assessment & counseling of Cuban & Mexican American & Puerto Rican clients, 2152
Generalized Event Count model, health services utilization, inner city Chinese-American adults seeking ambulatory care, 9099
generalized rational behavior signal detection model to predict variation in base rate use while making probabilistic judgments, 13299
Goal-Oriented Monitoring & Assessment of Efficacy of Treatment model, measurement of efficacy of long-term treatment & attainment of treatment goals, day clinic patients with panic disorder, 9170
goodness-of-fit of null vs 1-dimension vs multidimensional models of thought disorder, 16–79 yr old patients with acute schizophrenia , 21130
Groningen Active Living Model & behavioral change strategies, stimulating physical activity, sedentary 55–65 yr olds, 38464
group zig zag model for facilitating convergence in problem solving by incorporating Extraversion-Introversion attitude preference into Myers's zig zag & implementation in curriculum design, students , 19242
group-analytic model of understanding organizational dysfunction & functional & dysfunctional mirroring in context of organizational matrix & organizational pathology & anti-group, 3112
happiness vs sadness & dimensional vs hierarchical bipolar models of positive vs negative affect, college students, commentary reply, 30527
happiness vs sadness & dimensional vs hierarchical bipolar models of positive vs negative affect, college students, commentary reply, 30499
happiness vs sadness & dimensional vs hierarchical bipolar models of positive vs negative affect, college students, 30526
harmonic cancellation in preprocessing & pitch perception, pitch shifts of mistuned partials of harmonic complex, listeners, application of time domain model, 32869
health care needs, review of primary health care models, people with learning disabilities, 35182
heat/capsaicin sensitization model of hyperalgesia in response to nociceptor stimulation, 23–32 yr olds, 23012
hierarchical linear models in multilevel data, implications for organizational research, 16137
hierarchical model & multidisciplinary approach to assessment & management of interdependent areas of functioning, children with multiple disabilities, 21452
high co-occurrence of reading disabilities & behavior problems & delinquency & simple causal models & possibility of language difficulties as factor underlying both other problems, 27469
hippocampus & learning & memory & association of discontiguous events in terms of temporal &/or spatial positioning & computational framework, animals, 3939
homologues & phylogeny modeled as succession of epigenetic landscapes, 444
hyperspace analogue to language model of memory for transduction of episodic associations into semantic & grammatical knowledge, errata, 3584
hypochondriacal concerns & self-esteem & anxiety & symptoms indicating catastrophic & minor illness, 17–35 yr olds more vs less hypochondriacal, test of cognitive-behavioral model of hypochondriasis, 31067
identity theory model for perceived expectations & parental modeling & personal norms & past behavior & role identity, predictors of intentions to donate blood vs money vs time, blood donors , 37112
imagery use in sport for skill & strategy learning & performance & cognitive modification & arousal & anxiety regulation & conceptual model of sport situation, athletes, 35706
impaired visual short-term memory & image generation problems, 55 yr old female sculptress with systemic lupus erythematosus, implications for working memory model, 18444
implementation of outcomes management model of treatment using Functional Analysis of Care Environments Recording & Measurement Systems at Menninger Clinic, 31880
impression-management goals, contents of group stereotypes, college students, implications for social-evolutionary model, 23994
incorporation of stimulus-driven & brain-driven conventional behavioral models & inclusion of characteristics of organism's surroundings in perceptual control theory-based model, 29202
incremental validity of Vroom–Jago vs Vroom–Yetton models of participation in decision making, managers, 9595
individual-based model of territorial behavior in variable environments, animals in hierarchy of competitive ability, 26528
instance-based model of age of acquisition in face categorization RT, female college students, commentary, 36752
instance-based model of age of acquisition in face categorization RT, female college students, commentary reply, 36746
instance-based model of age of acquisition in face categorization RT, female college students, 23705
instructional components & direct vs strategy vs combined strategy & direct vs nondirect & nonstrategy instructional models, prediction of effect sizes of treatment outcome, learning disabled students, 35553
integer-valued first-order autoregressive Poisson process adapted to represent time-dependent correlations among longitudinal count data , 13125
integrated self-concordance model of conative process related to goal-striving & need satisfaction & well-being, college students, 11234
integration of positivism & hermeneutics in non-linear phenomenological model of causality in psychotherapy, 5524
integrative causal model of individual & developmental & environmental variables in development & propensity for antisocial behavior, children & adolescents, 27794
integrative conceptual framework for assessment & treatment of suicidal behavior, adolescents, 5051
integrative framework for researching drug use & linking immigrant & native born adolescents & parents to social environments, Hispanic adolescents, 8383
integrative model of formal & informal caregiving, aged patients with dementia, implications for future research, commentary, 18988
integrative model of formal & informal caregiving, aged patients with dementia, implications for future research, 18989
integrative model of formal & informal caregiving, aged patients with dementia, implications for future research, commentary, 18985
integrative psychoeducational counseling model designed to facilitate sport psychology consulting process, 19 yr old male basketball athlete, 6360
interaction of pain likelihood & responses to comfort measures & consolability in model for assessment of infant pain, pediatric nurses, 9932
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition, commentary reply, 12996
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition , 12998
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition, commentary, 12997
interactive activation model for picture naming in treatment of semantic level deficit, 47–59 yr olds with aphasia & severe picture naming problems, 32063
interactive model of figure-ground organization & object recognition that accounts for object familiarity & hierarchical visual processes, commentary, 6780
interdisciplinary model to determine impact of organizational ergonomics on work effectiveness in concurrent engineering, employees of electronic component manufacturing companies, 16032
interhemispheric conduction delay, hemispheric specialization of time critical neuronal computational tasks, 16891
internalization vs participation models of sociocultural influences & psychosocial development, commentary, 7551
internalization vs participation models of sociocultural influences & psychosocial development, 7526
internalization vs participation models of sociocultural influences & psychosocial development, commentary, 7497
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary reply, 37694
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary, 37697
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary, 37693
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, 37695
issues in algebraic learning & neural network models for transitive & nontransitive responding, 3598
issues in dynamical systems theory models & role for representations in mental models, 3206
issues in multidimensional unfolding analyses of ranking data for groups, 3382
issues in need for new paradigm for clinical trials of antidepressant drugs, 129
J. L. Holland's hexagonal model & historical development of interest inventories, 32337
J. L. Holland's RIASEC model & occupational information systems, 32342
Japanese large-vocabulary continuous-speech recognition acoustic language models using newspaper vs broadcast news vocabularies, 23629
kinematic vs dynamic models of physical imagery & beliefs about spatial outcome & rate & dynamic perception, physical imagery references, adults, 19865
lack of models in evolutionary psychology that account for adaptive value of homosexual & homoerotic behavior, 33837
learning paradigm for networks of integrate-and-fire spiking neurons based on information-theoretic criterion, 26025
levels of analysis important to & methods used to analyze multilevel data in & use of efficacy as example of multilevel model for group research, 6712
light source model for shape recovery, 10062
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, 26712
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, commentary, 26709
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, commentary, 26725
linear vs nonlinear combinations of simultaneous vs nonsimultaneous masking in variable-duration notched-noise, normal adults, model of perception of short-duration speech, 190
loss- & restoration-orientation coping in Dual Process Model of Coping with Bereavement & interaction with interpersonal regulation & social construction of loss & impact on interpersonal relations, 24044
meaning & components of & perspective & model on recovery process, 26–59 yr old patients with psychiatric disabilities, 18496
mechanism-based model for characterizing pharmacodynamic interaction between midazolam & its active metabolite alpha-OH-midazolam, male rats, 20376
mediational model of subjective & self-related concepts of quality of life, 29–81 yr old psychiatric inpatients with severe mental health problems, 2658
medical & holistic/World Health Organization & wellness & environmental models of health, 25280

medical readiness model & factors affecting developmental & psychological & sociocultural & spiritual elements of health & well being, Air Combat Command medical personnel, 25982
medical vs counseling models & client-centered counseling model of confidentiality & liability issues, 28893
memory decay process in gap timing in neural network Spectral Timing Model & Scalar Expectancy Theory, animals, 16760
mental models approach to construction of alternative representation of problems for syllogistic reasoning theories, college students, 16598
mental models concepts for system dynamics research, commentary, 32917
mental models theory applied to content effects in conditional reasoning, 3rd vs 6th vs 9th graders vs adults, 4418
methodological framework for cost-benefit & cost-effectiveness analysis of drug abuse treatment services & economic model of addict choice & drug markets, 2682
methodology & characteristics of empirical studies & models of co-occurrence of spouse & physical child abuse & theories of family violence, 8244
methodology for analysis of set of partitions of the same set of objects, 6694
model & pattern of sexual politics including feminism & homosexuality & pedophilia, 20681
model & typology of & sociocultural influences on bisexuality, bisexual males, 4681
model continuum of ambulatory behavioral health services for comparison of practice patterns, mental health service providers, implications for cost containment in program development, 22134
model for & characteristics of semiannual multidisciplinary peer review & supervision, behavioral health clinicians, 32101
model for & overview of supported employment for individuals with intellectual disability & challenging behavior, 12551
model for analyzing & theoretically interpreting suicide prevention, psychologists (aged 29–46), 37517
model for collaborative therapies & developing therapeutic relationship & understanding client's competencies & world-view & problem solving & helping clients change, young children & their families, 34882
model for comprehensive & species-typical structure of human motives & emotions in literary works from evolutionary psychology perspective , 30074
model for defining developmental stages in drawing of geometrical objects, 2–43 yr olds, 36772
model for establishing guidelines & benchmarks for resource allocation in community mental health programs, psychiatrists, 22167
model for estimation of annual treatment outcomes & costs, patients with schizophrenia, 37964
model for gathering & analyzing data in child custody evaluations, 22784
model for health psychology service in military medicine environment & examples of health psychology programs & interventions, 25978
model for lexical access to pronoun production in German, 17–38 yr old native German speakers, 13308
model for management of referrals & process of negotiating outcome goals with referred student, school counselors, 25845
model for neuroleptic malignant syndrome & role of sympathetic nervous system hyperactivity, 11789
model for patient education, 38364
model for perceptual identification of words, adults, implications for implicit memory, commentary, 26433
model for premarital counseling within church, couples, 38347
model for preventing injuries, children, 22025
model for psychotherapy supervision using integrative metalearning, trainees, 6011
model for role of distance scaling in stereoscopic slant perception, Os, 19713
model for understanding mechanisms & moderators of transmission of risk for psychopathology & abnormal development, children of depressed mothers, 27519
model for using family sculpting in premarital counseling, 18608
model of & principles & guidelines for threat assessment approach to evaluation of risk of targeted violence, 34253
Model of Active Acceptance, fearful reactions to death & personal growth in responding to clients' loss of loved ones & grieving process, therapists, 9354
model of classically conditioned regulation of baroreflex, rats, 36309
model of color contrast & color preference & double opponent cells, 33220
model of community development for occupational therapists working with children & adolescents & their families, 32059
model of computer-mediated group supervision & psychotherapy training, 15733
model of consensual structure of affect between classic simple structure & true circumplex & negative & positive activation as subjective components of biobehavioral systems of approach & withdrawal, 17016
model of contribution of room & loudspeaker attributes to speech intelligibility scores, 25-yr-old students with no auditory problems, 23055
model of correlation-based ocular dominance & orientation maps in lateral geniculate nucleus, 7039
model of family therapy for people with schizophrenia & their families, 28353
model of female talent development based on experiences of gifted women, 35561
model of health care used by Boston HIV Adolescent Provider & Peer Education Network for Services Program, homeless & at-risk & HIV-positive 12–24 yr olds, 5857
model of integrated intrinsic & extrinsic motivation in sport, 19450
model of intelligence as developing expertise, 36243
model of keyboard configuration requirements, individuals with motor disability, 18434
model of love as confluence of attachment & caregiving & sexual systems, implications for preventing teenage pregnancy, 17364
model of marketing channel member satisfaction distinguishing between economic & noneconomic satisfaction, 22713
model of memory trace mechanism for view-invariant object recognition in recurrent neural networks, 6467
model of neural components of basal forebrain cortical cholinergic system underlying anxiety & autonomic control & cardiovascular reactivity, 4022
model of parallel neural networks, learning sequential procedures, monkeys & humans , 36420
model of peer experiences & self-system processes in predicting change in academic achievement, elementary school students, 12686
model of perceptual image difference for a given pair of images & its application to color gamut mapping for generating a reproduction with minimum perceptual image difference, 32829
model of physical violence as stimulation seeking behavior & stimulation as behavioral inhibition & treatment, 37486
model of physiological mechanisms used for recognition/coding of slow temporal patterns, 33208
model of pure-tone loudness perception, adults with cochlear hearing loss, 34708
model of recovery from child sexual abuse trauma as spiral journey process, female creative arts therapy group participants, 38356
model of role of leaders in creating & communicating & interaction with employee involvement with & primary & secondary reinforcers of organizational vision & cultural change, business organizations, 22657
model of signalling in aggressive interactions, animals, 3699
model of social support & work–family role conflict & time demands & involvement & satisfaction, adults who were married or had children at home, 35634
model of staffing needs based on workload, VA outpatient mental health clinics, commentary reply, 9128
model of staffing needs based on workload, VA outpatient mental health clinics, commentary, 9106
model of staffing needs based on workload, VA outpatient mental health clinics, commentary, 9090
model of stochastic dynamic programming of daily singing routines, male European robins, 13477
model of temporal accumulator as internal timer & involvement of cerebral structures & neurotransmitters in timing brief durations, 488
model of the contribution of oculomotor & optical factors to emmetropization & myopia, 16484
model of time-to-contact between 2 objects for a spectator & its time derivative, 6752
model of women's physical & emotional health responses to battering, 18–52 yr olds, 11778
model of word recognition & minimization of word ambiguity as explanation of optimal viewing position of initial eye fixation during reading, 16450
model of working memory, 13355
model-based approach for understanding & improving national health intervention policy in relation to epidemics, Mexico, 35148
modeling of paradoxical brain-lesion effects & rules of inference for brain structure & function, 29873
modelling collective foraging by means of individual behavior rules, honey-bees, 6985
models & measurement of individual change in multiwave study, 6734
models & measurements of depression in chronic pain patients, 37236
models & philosophy & practice of & case management in & ethical dilemmas concerning community psychiatry, 31962
models & role of social support in work stress, 19423
models & theories of cognitive processing of drawing abilities & cognitive neuropsychological perspective of constructional apraxia, 26393
models for role of neurocognitive deficits in schizophrenia & effects on pharmacological & cognitive/behavioral intervention outcomes, 24257
models for teacher effectiveness research, 12633
models of & strategies for prevention in mental health & clinical psychology, 22017
models of care & specialist palliative care, quality of life, inpatients & outpatients, 18993
models of category learning, college students, 293
models of level of trust in relationships & social network structures, 4746
models of the child & ideologies of childhood in separation & divorce & the role of the law & voices of children, 20736
models of visual pattern recognition from cognitive psychology & psychophysics & connectionism to predict psychophysical classifications, adults, 3487
models with service quality &/vs life satisfaction, prediction of service satisfaction, nursing home residents, 5892
morpheme-based & full-form lexical access routes in morphological processing models in recognition of written Finnish nouns, undergraduate students, 10198
multicomponent model of delinquency for interrelationships of psychosocial variables & delinquent behavior & alienation, 12.6–19.4 yr olds, 18113
multidimensional model for providing comprehensive mental health consultation to Head Start programs, marriage & family therapists, 19131
multidimensional model of African American racial identity, 14325
multidisciplinary assessment ANSER model, 6–13 yr olds with deficits in attention & motor activity & perception & their parents & teachers & team members, 2 yr followup, 38893
multinomial processing tree models & psychological assessment, 6536
multistage process model of effect of price history on current perceived expensiveness & resulting product demand, college students, 22709
muscle pain during exercise, rectangular vs triangular tests on cycloergometer, 36383
N. Luhmann's theory of social system as theoretical framework for family systems therapy , 21779
natural goals & operators & methods & selection rules Language for Assembly model, prediction of assembly time, 18–32 yr old males who assembled pseudo-printed circuit boards, 13252
need for individual &/vs neighborhood risk factors in predictive mental health needs assessment models, 18–65+ yr olds, 5460
network-analytic model, normative vs social constructivist processes in allocation of researchers' citations in science, 9293
neural mechanisms & LATER model, RT to sensory stimuli as procrastination & randomness of RT & neural correlates in frontal eye fields prior to visually driven saccades, 13525
neural model of saccadic eye movement control to explain task-specific adaptation & saccadic coordinate changes, 33206
neural network approach to unspecific long-term potentiation in correlation-based learning & in formation of visual cortical functional organization, humans & mammals, 3920
neural network model of perceptual interaction of terminators & occlusion cues & motion integration & segmentation, 35799
neural network model of timing in Pavlovian conditioning & occasion setting , 16749
neural network modeling of developmental effects in discriminiation shifts, 9721
neuronal model of attention of convergence of parallel pathways in vision, implications for neural mechanisms involved in reading disabilities in dyslexia, 33261
neuropsychological models of childhood onset obsessive compulsive disorder, 34228
noisy template model of area summation in visual contrast discrimination in signal detection, humans, 13210
notions about task success & failure during balance task within Representational Redescription model, 4–9 yr olds, 20516
numerical computerized model for evaluation of layout of graphical user interface screens, search time & screen preferences, computer users, 9697
obstetric complications & other prenatal & perinatal risk factors in & vulnerability stress models of schizophrenia, 4945

ocular vergence & preferred gaze angle & postural adjustment, 20–35 yr olds, extension of Heuer model, 10047
operant conditioning theoretical model based on short-term & long-term memory in single-choice & multiresponse learning, 10267
optimal acceptance threshold model, context dependent nestmate discrimination, paper wasps, 3765
organizing framework for relating cohesion to stress & strain & disintegration & performance, implications for military psychology, 17570
origins & key elements of Minnesota Model of addiction treatment, 22251
origins of organizational behavior management & ecological model of staff behavior & recommendations for managers & researchers, implications for services to persons with developmental disabilities, 9635
oscillatory short term memory buffer model to account for Sternberg human memory search data & serial position effects, 6910
outreach & peer support & health services in integrated care model used by Children's Hospital Los Angeles program, youth with & at high risk for HIV, 5847
overlapping waves model of strategy choice & change in learning to spell, 1st graders, 1 yr follow up, 17280
parameter & hypothesis testing with 1- & 2-way ANOVAs with overparameterized models, 26259
PARS model for processing group activity & relationships & self, beginning group counselors, 19152
pathways of memory consolidation during operant conditioning & model of multiple pharmacologically distinct memory phases, drosophila, 3671
patient & staff & ward variables in model of aggressive behavior in psychiatric hospitals, 25497
perceptions on & model of transfer for Total Quality training & relation with change & climate & customer orientation, municipal employees, implications for organizational development, 22649
performance-power-succession model & antecedents of management succession in strategic business units, open ended mutual fund portfolio managers, 29097
personal account of undertaking research involving people with learning difficulties in context of emerging emancipatory paradigm, 30990
personal attributes & patterns of daily life & context in interactive friendship processes, relocated 65–97 yr olds, 1223
personal development model of sport psychology for athletes with disabilities, 35690
personality correlates of religious constructs assessed by hermeneutic application of five-factor model, middle school students (mean age 14.63 yrs), 20694
pharmacokinetic-pharmacodynamic modeling of concentration–effect relationship of risperidone on EEG, 19–25 yr old healthy males, 26802
phases model of alcohol problem prevention research, 9990
phenomenological model of frequency-dependent synaptic transmission & function in information processing & learning & memory, 491
portfolio theory in model of decision making, manic individuals, 34119
positive & negative syndrome dichotomy vs tripartite syndrome models of psychopathology in schizophrenia & quantified EEG findings & symptomatology, 16–65 yr olds with schizophrenia, 37366
predictions of energy detector & multiple look models of signal detection, 13175
predictive accuracy with human intuition & mechanical decision models, accounting students, 6876
predictive validity of commitment model, 9–17 yr male cricketers, England, 4398
predictive validity of computer model of operator mental workload & situational awareness in simulated air-to-ground combat, 20–32 yr olds, 29
prescriptive model of managerial dispute intervention strategy selection, senior managers, 19411
prevailing paradigms & challenges in contemporary cultural & communication research, commentary, 7777
prevalence vs quantity vs harm reduction strategies & integrative model for dealing with harmful consequences of drug use & other risky behaviors, commentary reply, 35136
prevalence vs quantity vs harm reduction strategies & integrative model for dealing with harmful consequences of drug use & other risky behaviors, commentary, 35119
prevention of sexually transmitted diseases & model for overcoming barriers between managed care & public health, health care representatives, 12359
prevention of sexually transmitted diseases & model for overcoming barriers between managed care & public health, health care representatives, commentary, 12352
principles of & flaws in American Law Institute's proposed model statute on child custody & visitation & special sections addressing domestic violence during & after divorce, 32529
prior usage & payment equity satisfaction, subsequent usage, entertainment & communication service subscribers, 22698
probability-model & information-processing approaches to human reliability vs social-psychological perspective, ship accidents, re- analysis of 1987 data, 12976
procedural justice models & perceptions of fairness of pay procedures, government personnel, 25909
progression through transtheoretical model stages of condom use, 18–77 yr old females, 1 yr longitudinal study, 2498
proposal of transformed developmental guidance counseling service delivery model for mental health needs of at-risk youth, 3003
propulsion model of 7 types of creative contributions, 20878
protective process model of parent-child affection quality & sense of mastery, oppositional behaviors, families with 6th or 7th grader, replication, 10880
psychiatric severity & process of change & decisional balance & temptation & self efficacy according to transtheoretical model, dually diagnosed outpatients (mean age 32 yrs), 27490
psychoanalytic & biotechnology principles in proposed paradigm for research on social representations, 27314
psycholinguistic processing model of picture naming & dynamics of cortical activation during picture naming, 21–30 yr olds, 554
psychological & psychoanalytic & psychopathological models of personality disorders, 17–63 yr olds with major depression or bulimia nervosa, 34044
psychosocial model in prediction of & correlates in subjective health, sexagenarians & octogenarians & centenarians, 10922
psychotherapeutic model involving family & social systems for treating severely traumatized infants & children, 4 yr old Black female with PTSD, 34811
PTSD symptoms following hurricane Hugo, 9–19 yr olds, comparison of 10 models of PTSD dimensionality, 21169
public private health matrix approach to health risk analysis & reduction, 35128
public/private partnerships between public behavioral health authorities & for-profit managed care organizations, 5830
pure tone & noise representation in model of cochlear nucleus stellate cells , 36416
qualitative analysis & extension & validation of A. Bruggemann's dynamic model of work satisfaction, 24–50 yr old nurses, 35632
quantitative examinations of internal representations for arm trajectory planning & minimum commanded torque change model, 22–26 yr olds, 19790
quantitative model of concurrent 3-term contingencies based on notion that animal behavior is controlled to differing events by stimulus–behavior & behavior–reinforcer relations, 19919
random neural network model with multiple classes of signals, 26026
rape trauma sequelae & psychological adjustment issues & culturally inclusive ecological model of sexual assault recovery, 11672
rat model of mammalian play fighting & implications for neurobehavioral mechanisms, 7000
reconsideration of L. L. Thurstone's scale modeling of relationship between attitudes & behaviors, 11–16 yr olds, 7878
reexamination of evidence for sociocognitive model of dissociative identity disorder, commentary reply, 30621
relationship of affective organizational & continuance organizational & career commitment & job involvement & work ethic endorsement as model & forms of work commitment, nursing staff, 22652
relevance & premise order, mental model of spatial reasoning & problem solving, 15–17 yr old French students, 10149
research about structure of values & value profiles & patterns & value change & integrative model of general values & work values & work activities on country & group & individual levels, 12850
response to & recognition of situations in dynamic system control task, 18–35 yr olds, implications for models of implicit learning & memory, 3586
response to stressful changes in work life, health, hostile vs non-hostile employees, 5-yr prospective study, test of psychosocial vulnerability model, 4783
retina-like spatial filtering in 2-D model of brightness perception, 13209
review & comparison of models of functional organization of working memory, humans & animals, 36306
review & critique of current training models of hypnosis & programs in US & Australia & Netherlands & Americanized version of training & adoption of nationally coordinated training program, 5696
review & critique of models of disability & universalism & International Classification of Impairments & Disabilities & Handicaps, 20980
risk factors for & clinical model of suicidal behavior, 14–72 yr old psychiatric patients, 11332
role of anger inhibition vs expression & slow cardiovascular recovery & low parasympathetic activity in model of link between hostility & cardiovascular disease, female & White vs Black male college , 24762
role of implicitly inferred information (mental models) from explicit stimulus information in explanation of conjunction effects & probability judgments, college students, 11146
role of sexual self-schema in healthy male & female sexual behavior & responsiveness & diathesis–stress model of sexual dysfunction, 27248
root mean square residual index vs Rao's Distance for direct comparison of competing models in covariance structure analysis, 13135
rule-plus exception model for classifying objects in continuous-dimension spaces, undergraduate Os, 238
school & individual factors, contextual model of adolescent alcohol use, 6–12th graders from rural & urban Kentucky counties, 17544
school & work & idle activities & classic vs segmented assimilation model, Mexican vs non-Latino White adolescents (aged 16–17 yrs), 7651
scientist–practitioner model of violence risk assessment & prediction , 37455
secondary tasks, serial short-term memory, college students, test of working-memory model vs changing-state hypothesis, 29645
segmentation model & analysis of consumer behavior loyalty , 9689
self-regulation model of relapse process, sexual offenders, 8404
self-regulatory model of motivation & processes of groupthink in historical reanalysis of CIA-sponsored invasion of Cuba, foreign policy committee members, 17566
semantics of psychological ascription in terms of sentential modeling, 3543
sense of time in temporo-septal engram shift computer model of hippocampal memory, 33226
sequential process model for intergenerational transmission of offspring's marital conflict & parental divorce, newlyweds (mean age 25 yrs), 3 yr study, 36970
shaping of learning organization & development of mental models for understanding organizational events, 3098
shortcomings of drug models in study of pathophysiology of schizophrenia & relation to NMDA antagonist model for schizophrenia with focus on ketamine, 4089
similarities & differences in mental models used for human vs automated scoring of Architect Registration Examination, experienced human graders, 26089
simultaneous processing of multiple words & morphological properties of compound word mental representation & assumptions contained in interactive activation model of word recognition, 29532
single channel wavelet packet analysis of auditory evoked potentials, cats, 13621
situation-specific model directed conceptualization & formalization & instantiation , 6428
smoothing hidden Markov models using an adaptive signal limiter for noisy speech recognition, 29516
social context & life phase & constructive stage & personality style in counseling professional identity model, 32083
social development constructs in the family, prediction of antisocial behavior during elementary school period, 1st & 2nd graders, 2 yr study, test of social development model, 24392
social evaluation facet of trait anxiety & state anxiety arousal in stressful situations, 12–23 yr old female competitive equestrian riders, test of interaction model of anxiety, 30246
sociocultural factors, efficacy of health behavior models of breast cancer screening, African American females, 25320
Solution-Focused model for facilitating group parent training courses, parents of children with difficult or disruptive behaviors, 34922
solvable vs unsolvable discrimination tasks, experience of uncertainty, high school students, test of information-processing model of helplessness prediction , 26986
sources of lead & effects on children & prevention strategies at child & family & community levels for occupational therapists & open system model, commentary, 9273
specialist models of palliative care, client satisfaction & preference, 31909
stage distribution of 10 health risk behaviors & their interrelationships, under 50–75+ yr old HMO members, application of Transtheoretical Model of behavior change , 35145

stage of change model approach to alcohol & drug addiction in medical settings, 5937
state & trait test anxiety in model of approach & avoidance achievement motivation, undergraduates, 15936
statistical model of survey contact & response bias, US, 19679
story/dialogue method for health promotion knowledge development & program evaluation, 18869
stress mediated vs cognitive affective models of burnout, 22–65 yr old male high school athletic directors, 38779
structured tuition in Karmiloff-Smith model of representational redescription & beam balancing, cognitive development, 5–7 yr olds, 20514
student centered & narratively based reflecting team model for case teaching in business education, 38975
superordinate & basic-level categorization & identification of specific instances of familiar categories in approach to study of visual representation, comments & reply included, 3461
sustained high serum postnatal concentrations of leucine, behavior, adult rats, test of chemically induced model of hyperleucinemia, 33385
syllogistic reasoning & test of mental model theory of deduction, college students, 36242
synthesis & extension of the achievement-motivation attribution model of B. Weiner & the cube behavior attribution model of H. H. Kelley, 7854
system model of perception & action hierarchical modules & their connections in computational architecture of primate neocortex, 32481
T. Millon's model & personality disorder types & stages of personality development & clinical diagnostic instruments & synergistic treatment methods, 27421
target saliency model for visual search of motion, 32846
task models & keystroke-level time-on-task estimates of programmer cognitive preparation & behavior & for comparing usability of text- vs visually-based programming languages, graduate students, 29613
team performance model based on team competencies & identity & planning & decision making & self-management, 20840
technology acceptance model in attitudes to computing technologies, college students, 35738
temporal information processing model of animal timing & role of neurotransmitter systems & cerebral activations in humans & dynamic dimension of models, 511
test & development of model of factors perpetuating fatigue, 19–56 yr olds with chronic fatigue syndrome vs multiple sclerosis with fatigue, 8518
test of cognitive-affective stress propensity model, graduate students working in organizations (mean age 30.5 yrs) and their colleagues (mean age 34.3 yrs), 35868
test of computational model accounting for category specific deficits in naming of items in Alzheimer's disease, 26033
test of models of brain–behavior relationship & validity of statistical analyses, simulated & real stroke patients, 5347
test of six-system model of anxiety & arousal, college students, 36518
test of theoretical model of social control with reciprocal relationships to drug use & delinquency, 13–20 yr old high school students, implications for social work, 10726
test of theoretical model or relations between depression & self focused attention & structure of self standards, female 21–65 yr olds, 1525
tests of models of motivation to volunteer, adults aged 50 yrs or older, 7615
theoretical framework of how people explain behavior, 13017
theoretical merit & empirical validity of models designed to predict response to methylphenidate, 6–11 yr olds with ADHD, 18816
theoretical model & adult lifespan perspective on suicide, 37480
theoretical model of active & passive smoking, at risk military women with children, 33851
theoretical model of identity development & role perception during transition to motherhood, adult females, 33998
theoretical model of issues & tasks in & stages of caregiving, caregivers (aged 28–83 yrs) of patients with potentially fatal cancer or AIDS, 4 mo study, 18984
theoretical model of self-control & coping motives as mediators of C. R. Cloninger's constructs & substance use level & problems, adolescents (mean age 15.5 yrs), 18086
theoretical models used to guide National Institute on Drug Abuse's Cooperative Agreement research & HIV drug & sexual risks intervention efforts, 2539
theory of planned behavior model of breastfeeding variability, mothers, 7694
therapeutic document model using language as active change agent in group counseling, 2214
three mode principal components analysis, joint orthomax rotation of core and component matrices, 6701
transaction cost economics theory & institutional theory model of organizational theorizing, organizations, 16140
transtheoretical model for treatment of substance abuse, schizophrenic patients, 9228
transtheoretical model of change & client characteristics, prediction of client termination & continuation status, psychotherapy client–therapist pairs, 34771
treatment ideology & organizational elements of systemic model of intensive family therapy,Sweden, 34896
unfolding model of cognitive & behavioral change over time, smokers being treated with hypnosis for smoking cessation, 26268
unimodel reconceptualization of dual process routes to persuasion, college students, commentary, 33905
unimodel reconceptualization of dual process routes to persuasion, college students, commentary, 33906
unimodel reconceptualization of dual process routes to persuasion, college students, commentary, 33874
unimodel reconceptualization of dual-process routes to persuasion, college students , 33893
unimodel reconceptualization of dual-process routes to persuasion, college students, 33889
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33907
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33882
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33891
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33910
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33871
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33896
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33898
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33899
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33894
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33902
unimodel reconceptualization of dual-process routes to persuasion, college students, commentary, 33877
unimodel reconceptualization of dual-process routes to persuasion, college students, reply to 15 commentaries, 33892
university–school classroom partnership & continuous progress inclusion model & team collaboration for educational restructuring, students with language-learning disabilities, errata, 29036
university–school classroom partnership & continuous progress inclusion model & team collaboration for educational restructuring, students with language-learning disabilities, 22557
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary, 14599
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary reply, 14605
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary, 14624
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, 14614
use of certification reports in development of Clubhouse Fidelity Instrument to measure mental health program fidelity to clubhouse model of psychosocial rehabilitation, staff & consumers, 16306
use of Excel in solving best fitting parameters for multinomial models, 3379
use of Family Adaptation Model in early intervention, families of children with disabilities, 25402
use of Manley model of positive sexuality in treatment of chronic sexual dysfunction, couples recovering from sex addiction, 25087
use of medical &/or sociocultural model to diagnose females presenting with PMS, 24–82 yr old medical vs non-medical clinicians, 38714
use of Model of Human Occupation in occupational therapy assessment & intervention, Sweden, 22282
use of multiple descriptive models to teach abstract & situation-dependent knowledge through intelligent computer-aided learning , 9714
use of P. Freire's empowerment model to develop sex education curriculum for Native Americans, 7648
use of R. L. Payne's occupational stress model to identify predictors of job satisfaction & burnout, direct care staff of community learning disability service, 9351
use of support theory to model nonextensionality of subjective probability & introduction of decompositional model, college students & basketball fans, 13267
utility of health belief model for predicting intent to use carrier screening for cystic fibrosis, 18–45 yr old males & females, 25354
validation of biopsychological & behavioral correlates of multilevel sensation seeking construct, 18–39 yr old college & graduate students, 17651
validity of Hemispheric Encoding/Retrieval Asymmetry model in short- & long-term memory, normal 18–30 yr olds, 26578
validity of random search model in visual search task, college students, 3456
validity of W. E. Cross's model of stages & sequences of racial identity development, Blacks, South Africa, 17345
verbal representations & spatial manipulation in working memory model during mental synthesis , 32968
violations of 2-parameter logistic & nominal response models using Lagrange multiplier test or equivalent efficient score test, 36057
virtual robot to model use of regenerated legs, web-building spiders, 10250
virtual-environment presentation of graphically-modeled brain morphological data, 29774
visual formalism & design & evaluation of human–computer interfaces in context-customized systems, 6430
visual jitter after-effect & fixational eye movements & motion-based stabilization of vision in visual illusion model, 170
vulnerability & protection of & ethical framework for participants involved in Substance Abuse & Mental Health Services Administration programs, 9124
weak fusion & modified weak fusion & strong model as models of visual cue combination for object depth & object shape perception, 35798
winner-take-all computer simulation model, spatial attention & latency & targeting of saccadic eye movements, 13126
Wits trauma intervention model for integration of cognitive-behavioral & psychodynamic psychotherapies in treatment of PTSD, application to South African trauma context, 5498
working model for process psychology paradigm for the heroic rescue fantasy, 1340
worry as coping strategy in cognitive model of generalized anxiety disorder, 37415

Models [See Also Animal Models, Medical Model]—Books

Comprehensive clinical psychology: Vol. 4: Assessment, 97
Connectionist psychology: A text with readings, 23119
The construction of mental representations during reading, 6881
The courageous follower: Standing up to and for our leaders, 4741
Interpreting interpretation: The limits of hermeneutic psychoanalysis, 21836
Introduction to addictive behaviors (2nd ed.), 27896
Memory, 19872
Models of family therapy: The essential guide, 21803
Models of working memory: Mechanisms of active maintenance and executive control, 19873
On human memory: Evolution, progress, and reflections on the 30th anniversary of the Atkinson-Shiffrin model, 16670
Resolving social dilemmas: Dynamic, structural, and intergroup aspects, 30426
Strategic job modeling: Working at the core of integrated human resources, 19405
Therapeutic approaches to abnormal behaviour, 21671
Values, achievement, and justice: Studies in the psychology of deservingness, 29614

Models [See Also Animal Models, Medical Model]—Chapters

The accidental entrepreneur: Campbellian antinomies and organizational foundings, 25930
Adulthood and aging: Transitions in health and health cognition, 12302
Assessing models of information literacy, 23739
Associative and rule-based processing: A connectionist interpretation of dual-process models, 17559
Behavior therapy, 31551
Behavioral counseling and medical adherence, 12300
Behavioural and cognitive behavioural interventions in the treatment of PTSD, 21210
A biologically based computational model of working memory, 22772
The CEO's psychological characteristics and ethical culture, 29109
The *Challenger* **disaster: Group survivorship on a national landscape, 12965**
Challenges and complexities of introducing Western models of service delivery for people with disabilities in Eastern and Central Europe, 24619

Character and word recognition in Chinese, 13333
A clinical model for selecting psychotherapy or pharmacology, 24946
Co-evolution of language size and the critical period, 10720
Cocaine legalization: Designing the experiments, 6487
Cognitive theory and research, 24552
A cognitive-experiential model for working with dreams in psychotherapy, 15174
Commitment and trust in close relationships: An interdependence analysis, 37097
Communication processes in marital commitment: An integrative approach, 36966
Community-based intervention for families, 15230
Competition, attention, and young children's lexical processing, 13979
Complex decision-making in organizations, 3077
Computer models of creativity, 7958
Conceptual frameworks for viewing health and illness, 12307
The conceptual habitat: In what kind of system can concepts develop?, 22758
Conflict and conflict management, 3038
Congenital hydrocephalus as a model of neurodevelopmental disorder, 31094
Content integration and source separation in learning from multiple texts, 32986
Context models in discourse processing, 6894
Contingency model, 6297
The continuum model: Ten years later, 17624
The contribution of models and techniques to therapeutic efficacy: Contradictions between professional trends and clinical research, 12067
Coping effectiveness and occupational stress in police officers, 29297
The cost-effectiveness of psychotherapy: Dose-response and phase models, 31490
Craft and art education in Mashiko pottery workshops, 4607
Creating the individualized corporation: The path to self-renewal at General Electric, 3122
Crisis intervention in office practice, 12299
Critical conceptual and measurement issues in the study of resilience, 36873
Critical perspectives on the transtheoretical model and stages of change, 21674
The death and rebirth of a hero: Mickey Mantle's legacy, 11249
Death of a leader: The social construction of bereavement, 11057
Describing, evaluating, and creating vocational interest structures, 19399
Designing constructivist learning environments, 22479
Developing an individual counselling programme: A multimodal perspective, 21740
Development of a client-centered inpatient service for African Americans, 28737
Development, decision making, and the New (quantum) Careering, 29070
Didactic models and the problem of intertextuality and polyphony, 12699
Distinguishing between textbase and situation model in the processing of inconsistent information: Elaboration versus tagging, 6890
Drama therapy in action, 22004
Drugs, alcohol, and homicide: Issues in theory and research, 8426
A dual-process model of overconfident attributional inferences, 17632
Dualities and continua: Implications for understanding perceptions of persons and groups, 17557
Duty toward whom? Reconsidering attractions and barriers as determinants of commitment in a relationship, 37093
The dynamics of interpersonal commitment and the issue of salience, 37085
The elaboration likelihood model: Current status and controversies, 17596
An Embedded-Processes Model of working memory, 19876
The emergence of grammaticality in connectionist networks, 16259
An empirical test of a process model for letter series completion problems, 32750
Environments in developmental perspective: Theoretical and operational models, 13910
Evaluating models and measures of environmental performance, 35753
Evaluating the structure of personality, 24378
Evaluation of college reading and study strategy programs, 38823
Everyday competence in old and very old age: Theoretical considerations and empirical findings, 10932
An expanded model of organizational identification, 29126
Experience-weighted attraction learning in games: Estimates from weak-link games, 6927
Family psychology in Sweden: Historical overview and the Swedish model of family therapy, 21811
Feelings as the proximate cause of behavior, 36376
Five dimensions of narrative comprehension: The event-indexing model, 32952
German Didaktik: Models of re-presentation, of intercourse, and of experience, 38769
Global leadership competencies for the twenty-first century: More of the same or a new paradigm for what leaders really do?, 32365
Goals as generators of activation in narrative understanding, 32938
Group therapy for people with mental retardation: The interactive–behavioral therapy model, 21824
The history of dual-process notions, and the future of preconscious control, 16622
How do people come to use mental health services? Current knowledge and changing perspectives, 18945
Image-based object recognition in man, monkey and machine, 16536
Individualism and the mental, 4334
Individualized Leadership, 6299
Infertility: Clinical, treatment, and practice development issues, 14947
Insights into working memory from the perspective of the EPIC architecture for modeling skilled perceptual-motor and cognitive human performance, 19878
Integrated Thematic Instruction: From brain research to application, 22482
Intergenerational solidarity and the grandparent role, 4541
The internal family systems model, 20887
Internal working models in attachment relationships: A construct revisited, 20458
Is there phonologically mediated access to lexical semantics in reading Chinese?, 13344
The Landscape model of reading: Inferences and the online construction of memory representation, 6892
Leadership: Theories and models, 3076
Life experiences and performance prediction: Toward a theory of biodata, 29085
Limitations of social learning models in explaining intimate aggression, 34324
Listening to children through play, 21991
Long-term working memory as an alternative to capacity models of working memory in everyday skilled performance, 19877
The magic punchbowl: A nonrational model of ethical management, 6304
Maintaining communication, 12434
The medicalization of discourse within an AIDS research setting, 8570
Mental health and mental illness: Definitions and perspectives, 17797
The MODE model of attitude-behavior processes, 17556
A model for office-based cardiovascular risk reduction and behavioral change, 11864
A model of bilingual representation and its implications for second language acquisition, 827
Modeling working memory in a unified architecture: An ACT-R perspective, 19879
Models of counselling and psychotherapy for a multiethnic society, 21708
Models of decision making in social dilemmas, 30437
Models of human memory: A 30-year retrospective, 16673
Models of pain, 8545
Models of service delivery, 25866
Motivation and satisfaction, 3097
Multimodel assessment of Asian families, 8838
A multiple stakeholder model of privacy in organizations, 6345
Multiple-linkage leadership, 6301
The nature of stressors, 17702
Neural nets, temporal composites, and tonality, 203
Neuropsychological assessment of preschool children, 6657
The New (quantum) Careering model, 29069
The nomological network of teacher burnout: A literature review and empirically validated model, 22629
Object relations theory and activity theory: A proposed link by way of the procedural sequence model, 11279
Occupational descriptor covariates: Potential sources of variance in O*NET ratings, 12772
The ontogeny of human infant face recognition: Orogustatory, visual, and social influences, 17299
Parallel processing of stereotypes and behaviors, 17627
Parietal cortex and hippocampus: From visual affordances to the world graph, 29877
Part-list cuing revisited: Testing the sampling-bias hypothesis, 16683
Participative leadership, 6307
Perceptual framing and cortical synchronization, 39058
Personal, moral, and structural commitment to relationships: Experiences of choice and constraint, 37091
Personnel selection: Principles, models and techniques, 3063
The philosophy of treatment of people with alcohol or drug problems and the place of psychotherapies in their care, 18092
Post-intervention strategies to reduce police trauma: A paradigm shift, 29290
Problem-solving counseling: Integrating Adler's and Glasser's theories, 21739
Promoting access to care in early psychosis, 31414
Providing step level public goods under uncertainty: The case of probable external supply, 30444
Psychoanalytic education in the age of managed care: Staying alive in shark-infested waters, 15771
Psychological approaches to mental illness, 17800
Psychosocial aspects of primary care: Theoretical models of practice, 12304
Psychosocial correlates of mental retardation, 27969
Psychosocial factors in the development of personality disorders, 24373
Recall of order information: Evidence requiring a dual-storage memory model, 16674
Recalling to recognize and recognizing recall, 16672
A relational diathesis model of hostile-helpless states of mind: Expressions in mother–infant interaction, 36859
Releasing the soul: Psychotherapy as a spiritual practice, 38172
Research on pharmaceutical labeling: An information processing approach, 20481
Revealing inference processes during text comprehension, 32943
The role of cognitive control: Early selection versus late correction, 16619
The role of situational continuity in narrative understanding, 6887
A self-accountability model of dissonance reduction: Multiple modes on a continuum of elaboration, 14349
Sentence processing in aphasia, 5424
Separate or equal? Bimodal notions of persuasion and a single-process "unimodel", 17595
Separating hippocampal maps, 29888
The significant of memory complaints in later life: Methodological and theoretical considerations, 1026
SISTERS: A social learning model of intervention, 2710
Situational models and concepts in story comprehension, 32942
The Soar cognitive architecture and human working memory, 19881
Social relationships across contexts: Family–peer linkages, 14072
Social support and mental health following trauma, 21207
A social-cognitive model of interpersonal processes in depression, 11398
Socialization and cognitive functioning, 36728
The state of flow, 3503
Stepped care for alcohol problems: An efficient method for planning and delivering clinical services, 22279
Streams of thought about the self and significant others: Transference as the construction of interpersonal meaning, 13327
Structured design for attitudinal instruction, 22480
Sufficient and necessary conditions in dual-mode models: The case of mood and information processing, 16616
Supervision and working with disability, 25650
Supervision of school counsellors in Israel: Setting up a network of supervision, 25633
A survey on experimental beauty contest games: Bounded rationality and learning, 6888
A systems approach to developing staff training, 6040
Teacher burnout: A research agenda, 22639
Technology and college reading, 38825
Text comprehension: A view from the bottom up, 32944
A theoretical framework for visual motion, 3504
Theory and research in the study of childhood exceptionalities, 27950
Therapy outcome research methods, 12007
Toward an understanding of resilience: A critical review of definitions and models, 36854
Towards a biological science of language development, 23743
Transdisciplinary play-based assessment, 6645
Trauma prevention in the line of duty, 29298
Universal grammar: The strong continuity hypothesis in first language acquisition, 10821
Variable age of gene expression: Implications for developmental genetic models, 13509
Working memory in a multilevel hybrid connectionist control architecture (CAP2), 19880
Working memory: The multiple-component model, 19874
Working with different models: Adapting to the context, 21728
Moderately Mentally Retarded [See Trainable Mentally Retarded]
Mollusca [See Also Octopus]—Serials
GABAergic excitatory synapses & electrical coupling in prolonged discharges in prey capture neural network, Clione limacina, 13618

mate choice, gastropod Littorina saxatilis (Olivi), 26522
neural changes after operant conditioning of aerial respiratory behavior, Lymnaea stagnalis, 13649
use of geomagnetic cues in shoreward orientation, nudibranch molluscs, 29746
Mollusca [See Also Octopus]—Chapters
Structural changes underlying long-term memory, 36474
Monetary Incentives—Serials
cigarette monetary price fluctuations & abstinence effects, demand for cigarettes, 27–47 yr old cigarette smokers, 30375
efficacy of monetary reinforcers in drug rehabilitation, cocaine dependent patients (aged 20–55 yrs), 38619
factors in perceptions of procedural & distributive justice & fairness of work group incentive pay plans, production employees , 9606
financial incentives influencing integration of mental health care & primary care, 31878
integration of theory of the firm & theory of individual behavior in incentive reward system design, 29134
mechanisms of vote buying, 1153
monetary incentives & trait depression & personality factors, abstinence after immediate- vs delayed-quitting assignment, male smokers, 17536
monetary vs nonmonetary incentives & educational intervention vs usual encouragement, return for tuberculosis skin test reading & disease prevalence, 18–67 yr old drug injecting or crack cocaine users, 14742
Monetary Incentives—Chapters
Experimental demand, clear incentives, both, or neither?, 6745
Monetary Rewards—Serials
amount of monetary reward, discounting of delayed vs probabilistic outcomes, college students, 10101
damages awards suggested by plaintiff's &/vs defendant's expert economist & decision making regarding lost wages & benefits & pain & suffering in employment discrimination case, mock jurors , 19526
economic vs social rewards, domestic & work disability & inactivity & medical visits, patients with chronic nonmalignant back pain, 31042
integration of theory of the firm & theory of individual behavior in incentive reward system design, 29134
plaintiff's requested award value & geographical location & defendant's location, civil juror judgment of punitive damage award, jury-eligible 18–73 yr olds, 29256
squatting vs standing & urban vs rural locations & eye contact & rapport, tipping, male vs female restaurant waitstaff, 4717
temporal discounting of monetary rewards, children vs young vs older adults, 23653
Monetary Rewards—Chapters
Determinants of trust, 7836
Money—Serials
antecedents & strengths & consequences in attitudes toward European Monetary Union, 16–79 yr olds, Greece, 7713
demographic characteristics, attitudes toward money, 18–67 yr old residents of Mexico, implications for refinement of the Money Attitudes Scale, 22708
differences in attitude toward euro currency in context of national identity & pride & European patriotism, adults, 15 European countries, 7717
differences in psychological constructs & attitudes toward euro currency & monetary system, adults, 15 European countries, 9683
educational training program, financial knowledge & decisions regarding affordability of retirement from regular employment, 55–65 yr olds, 4520
effect of helpful messages written in back of customer checks on increase in restaurant tipping, waiters & waitresses, 12928
endowment & ownership effects, estimated monetary value of one's own working time vs that of others, 18–57 yr olds, 33921
financial giving to organized place of worship & acute psychological stress response, adults, 17455
general money attitudes & demographic factors & individual difference beliefs & monetary pathology, 18–73 yr olds, 37398
human-caused vs naturally occurring threats or damage, willingness to accept compensation vs willingness to pay, city residents & college students, 29609
IQ & money-reinforced operant behaviors, 6 yr olds, implications for neurotoxic studies, 23661
materialism–status concern & money attitudes & life-task dimensions & Big Five personality correlates & career decision making, 16–36 yr old college students, 38943
memory for pain & willingness to accept pain for money, 19–57 yr olds, 13305
national identity & macro- & microeconomic expectations, attitudes toward euro currency, 15–93 yr old respondents, Netherlands, 7723
perceptions of financial difficulty & family strain & personal stress in short vs long-term disability & preferences for home vs institutionalized care, 65–99 yr olds, 31991
population demographics & history of representative payee program for persons with mental disabilities, 35223
psychodynamic & object relations & self psychological perspectives on money taboo as it affects everyday life & psychotherapy, 38200
public opinion on anti-euro sentiments & benefits for currency & cultural & instrumental attachment to national identity, 18–70 yr old respondents, UK, 7721
purchase & nonpurchase motivations, government-sponsored lottery players in Georgia, 9664
questionnaire development in measurement of & cross-national differences in attitudes toward euro currency, 15 members of European Monetary Union, 6682
role of money & public funding in psychotherapy & metaphorical relationship to pre-pecuniary stage of development, 5506
social representations & economic expectations & psychological aspects in change of national currency to euro currency, respondents, Austria, 7715
socialization of children's consumer experiences of ownership & money & price, 32419
teaching money skills, individuals with mental retardation, implications for research & practice, 35540
use of financial information system & expert vs novice performance on system subsets & potential for system design, financial dealers, 6426
Money—Books
The social meanings of money and property: In search of a talisman, 33867
Money—Chapters
Domesticating diamonds and dollars: Identity, expenditure and sharing in Southwestern Zaire (1984–1997), 14116
On the ethical goodness of ''ethical'' or ''socially responsible'' investing, 32396
Mongolism [See Downs Syndrome]
Monitoring [See Also Self Monitoring, Vigilance]—Serials
accuracy of memory monitoring skills, mock jurors, 26446
activation of right & parietal cortices during sustained attention & selective vs nonselective monitoring for targets, healthy 28–48 yr olds, 7033
age & emotional self-focus, stereotype reliance in source monitoring & identification & neuropsychological test correlates, 62–85 yr olds vs college students, 23148
attitudes toward & issues & problems regarding use of electronic monitoring, criminal offenders, England & Wales, 13011
automated telephone system for monitoring functional status, 61–98 yr old home care clients, 22215
cardiovascular monitoring & cardiovascular effects of psychotropic drug medications, children & adolescents, 31651
comparison of methods for measuring & monitoring medication regimen adherence in clinical trials & practice, 31786
Computerized Lab Alert System for case management & patient monitoring & decision support, 28670
contribution of source-monitoring processes at test on false memory recall in Deese-Roediger-McDermott paradigm, college students, 29636
controllability & predictability & information-seeking style, interest in seeking predictive-genetic testing, 23–60 yr old professionals working in educational system, 35149
correlation between sleep recorded using EEG & wrist activity monitoring techniques during simulated 12-hr shift rotation, 18–30 yr olds vs 35–56 yr olds, 23429
data-based clinical decision-making in the parent training & contingency management intervention, 15 yr old male with severe conduct disorder, 24995
feasibility of electronic tracking device for prevention of wandering & injury, carers of elderly with dementia, 5379
graphic sleep monitoring system for recording data regarding & improving sleep related problems, mentally retarded residents of institution for persons with developmental disabilities, 1 yr study, 27961
Holter system & medical algorithms in monitoring of electrocardiography in study of cardiac rhythm, healthy school children & children with organic heart pathology, 18333
monitoring &/vs blunting coping styles, repressor vs low-anxious vs high-anxious vs defensive high-anxious college students, 37162
perceived psychological empowerment & innovative & upward influencing & inspirational change-oriented leadership & monitoring behavior, Fortune 500 company mid-level supervisors & their subordinates, 29103
performance monitoring, relations between conscientiousness measures & task performance, college students, implications for work-related behaviors, 12849
phallometric assessment of sex offenders for prediction of re-offending & monitoring of therapeutic interventions, 37601
positive peer reporting applied to social rejection through use of Level 2 research, 15 yr old boy with multiple behavior & social problems living in group home, 25100
power bases, compliance & identification & internalization & liking & need for surveillance, 18–21 yr olds, 30404
Psychiatric Security Review Board for monitoring & managing insanity acquittees & other high risk individuals, 28743
response monitoring & priming task performance & event-related brain potentials, patients with schizophrenia (mean age 31.4 yrs), 21143
review of external adverse events to human Ss in drug research & response to expanding workload of IND safety reports, university medical center institutional review board, 32156
slow brain potentials during visual monitoring, males aged 21–30 yrs, 36484
stress reaction & personality traits & coping behavior & utility of microcomputer monitoring system for diagnosing silent ischemia, 41–70 yr olds with vs without angina pectoris, 18332
therapeutic drug blood serum monitoring of mood stabilizers, Medicaid patients with bipolar disorders, 27611
use of HIV risk behavioral surveillance surveys for detecting trends in HIV & sexually-transmitted disease related behaviors & impact of prevention efforts, at risk populations, Asia & Africa, 2518
use of red light cameras to enforce against noncompliance with traffic signals, driver compliance & public opinion about program, drivers & community residents, 16247
Monitoring [See Also Self Monitoring, Vigilance]—Chapters
The Adult Personality Inventory, 26126
Beck Anxiety Inventory, 26194
Brief Psychiatric Rating Scale, 26174
Butcher Treatment Planning Inventory (BTPI): An objective guide to treatment planning, 26190
The Child Health Questionnaire (CHQ): A potential new tool to assess the outcome of psychosocial treatment and care, 26182
Electronic performance monitoring: A consideration of rights, 6352
The Outcome Questionnaire, 26180
Overview of the Minnesota Multiphasic Personality Inventory–Adolescent (MMPI-A), 26167
Primary Care Evaluation of Mental Disorders (PRIME-MD), 26176
Processes underlying metacognitive judgments: Information-based and experience-based monitoring of one's own knowledge, 16621
Youth Outcome Questionnaire (Y-OQ), 26193
Monkeys—Serials
adaptive significance & incidence of menopause & relation to body condition, free-ranging female rhesus macaques, 3627
auditory stimulus intensity & distance, trimodal sensory neuron auditory localization & auditory threshold in ventral premotor cortex, macaque monkeys, 10415
collective performance at foraging task, single individuals vs groups of Tonkean macaques, 13446
effect of NA, ethanol-reinforced responding when ethanol concentration is varied with water, male adult monkeys, 36634
ethanol self-administration & preferences, drinking behavior & neurochemical correlates, monkeys, 33041
facial parts in recognition of smiling vs sad human faces, Japanese monkeys vs humans, 6948
feature-based attention, motion processing gain in visual cortex, macaque monkeys, 23359
feeding patterns, Procolobus versus vs Procolobus badius vs Colobus polykomos monkeys, 29715
female mating strategies & mating during ovulation & mate choice criteria & inbreeding avoidance, captive Japanese macaques, 20030
food quantity & difficulty of using foraging device as environmental enrichment, food competition & transfer & aggression, captive group of adult golden lion tamarins, 406
intertroop transfer & male dominance ranks, wild Japanese macaques, 3767
motor cortical encoding of serial order in context recall task, monkeys, 16904
personality ratings of sociability & confidence & excitability & equability, prediction of behavior in different situations & times, adult male rhesus monkeys, 19972
pregnancy & estrogen treatment, maternal responsiveness, group-living female pigtail & rhesus macaques, 6994
reconciliation patterns following conflict, adult & juvenile stumptailed macaques, 26495
response to males' alarm call based on acoustic features or mental concept of predator, female diana monkeys, 10373
retention interval changes in visual list memory, male capuchin monkeys, 10292

right vs left hand & mouth vs hand use preferences, Callithrix vs Saguinus vs Leontopithecus genera of Callitrichinae, 13384
social behavior in newly formed captive group, spider monkeys reared as pets, 3679
social learning ability to imitate artificial fruit processing in foraging analog, capuchin monkeys, 10307
successful tool selection & modification & use, free-ranging captive populations of tufted capuchins, 29729
variation in call structure in response to dog, 2 populations of Barbary macaques in different locations , 3701
Monkeys—Chapters
Attachment in rhesus monkeys, 20048
Monoamine Oxidase Inhibitors [See Also Moclobemide, Phenelzine, Tranylcypromine]—Serials
(–)deprenyl, hippocampal neuronal survival after kainic acid insult & locomotor activity, male rats, animal model of neuronal death, implications for treatment of neurodegenerative diseases, 13737
biochemical & behavioral effects of pirlindole vs its enantiomers, male rats, 7170
chronic MAO inhibitor clorgyline, 8-OH-DPAT effects on circadian phase advances in wheel-running, hamsters, 10562
deprenyl vs alpha-tocopherol, mortality rate & neuroprotection as seen in progression of disease, patients with Parkinson's disease, 10 yr study, 5772
dose-response effects of oral vs transdermal selegiline, antidepressant like activity, male rats, 33405
efficacy of moclobemide & brofaromine for treatment of depression, patients, 12206
kava-kava extract & pure kava pyrones vs imipramine vs amitriptyline vs brofaromine, inhibition of MAO-B activity in blood platelets, adults, 4282
lipid peroxidation products & antioxidant enzyme levels in brain & role of MAO inhibitors in reducing oxidant stress, young vs aging male albino rats, implications for free radical theory of aging, 16984
MAO inhibitor, [3H]quinpirole binding in striatum, male rats, implications for behavioral sensitization to psychostimulants, 4196
MAO inhibitors or selective serotonin reuptake inhibitors or high-potency benzodiazepines or beta-blockers, control of social anxiety disorder, 2299
monoamine oxidase inhibitor usefulness in treatment of & prescribing practices for psychiatric patients with mental illness, 30–80 yr old psychiatrists, 28396
neuroprotection with selegiline or vitamin E & neurorestoration as alternatives to levodopa treatment of Parkinson's disease, 5752
selegiline augmentation to antipsychotic treatment, negative symptoms & overall functioning, 40 & 41 & 61 yr old patients with schizophrenia in continuing day treatment program, 15299
selegiline, cocaine-induced changes in medial temporal lobe metabolism & euphoria, cocaine-dependent adults, 21296
selegiline, long term changes in dopamine efflux & stress immobility following opiate withdrawal, male Wistar rats, 4160
selegiline, memory modalities in prefrontal cortex, 60+ yr olds with mild to moderate Alzheimer's disease, 22046
tribulin activity of urine & hemodynamic condition & psychological features of personality, adults, 4082
tyramine content of pizzas & various soy products & dietary recommendations for use with MAO inhibitors, 17100
Monoamine Oxidase Inhibitors [See Also Moclobemide, Phenelzine, Tranylcypromine]—Chapters
Current status of monoamine oxidase inhibitors in psychiatric practice, 25243
Monoamine Oxidases—Serials
acute vs chronic phenelzine administration, defensive behaviors when faced with natural threat & 5-HT & norepinephrine & dopamine levels & MAO A & B activity, mice, 4161
cerebrospinal fluid & family psychiatric history & monoamine metabolites & temperament, infants, implications of risk for psychiatric disorders, 14439
cerebrospinal fluid of monoamine metabolites & beta endorphin levels & craving response, early vs late onset alcoholism (mean age 44.3 yrs), 34371
immunization against monoamine oxidase, retention of conditioned active escape reflex, rats, 636
ketanserin & tetrabenazine & MDL 100907, aggression, MAO A deficient male mice, animal model of aggression, 33485
MAO A & B genes & involvement in behavior & stress-related disorders & research using knock-out mice, 20066
monoamine hypothesis of depression & supportiveness of clinical symptom data on antidepressant effectiveness , 38264
monoamine oxidase activity, 1.6–27 yr olds with Prader-Willi syndrome, 5136
monoamine oxidase B deficiency, visuospatial learning & age-related cognitive decline, male rats, 36501
platelet I_2-imidazoline receptors & MAO-B enzyme activity, 56–96 yr olds with Alzheimer's type dementia, 18424
platelet levels of monoamine oxidase B, male Hispanic smokers vs non-smokers with schizophrenia, 14581
polymorphisms of MAO-A gene & enzyme activity & amino-acid change, bipolar vs unipolar vs schizophrenic patients, 1478
sex & inheritance of variance of catechol-o-methyltransferace & monoamine oxidase-A, susceptibility to obsessive compulsive disorder, families of individuals with obsessive compulsive disorder, 21178
Monoamines (Brain) [See Catecholamines]
Monocular Vision—Serials
afferent pathway neural lesions, visual acuity & thresholds & monocular vs binocular vision, pigeons, 13544
binocular & monocular mechanisms in disconjugate adaptation of saccades, 33–40 yr olds, 13182
contrast thresholds for binocular vs monocular detection of sine-wave Gabor patches in two-dimensional noise, 18–34 yr olds, 19744
critical period for susceptibility to monocular deprivation in primary visual cortex, ferret, 29812
dichoptically cancelled textures & monocular input, motion-from-texture perception, Os, 26349
ecological validity of effect of monocular texture on stereopsis, adults, 36152
group sleeping orientation, non-REM sleep in 1 hemisphere & wakefulness of opposite hemisphere & predator vigilance via monocular vision, Mallard ducks, 10348
integration of monocular vs binocular spatial & temporal information used for visual-motor control in 1-handed ball catching task, 24–47 yr old right handed males, 6825
lateralization of eye closure & monocular vs binocular sleep during 1st 2 wks of life, female chicks reared with imprinting object or in visual social isolation, 16929
monocular deprivation after dark-rearing, amplitudes of visual pattern sweep visual EPs, normally- vs dark-reared rats, 13490
monocular vs binocular viewing & computer aliasing, size-arrival effects, college students, 32800
NMDA antagonist MK-801 & monocular deprivation, ocular dominance shifts & activity of single cells in visual cortex, kittens, 13713
regional variation in ocular dominance structure & mapping of visual space across visual cortex, ferrets, 29871
stereopsis & relative visual direction & cyclopean rules & binocular alignment, commentary, 26336
Monogamy—Serials
commitment as predictor of physical &/vs emotional dating infidelity, college students, test of investment model, 30357
forced copulation, extrapair fertilizations, Ross's & lesser snow geese, 19979
male- vs female-initiated sex events & copulation patterns, polyandrous groups vs monogamous pairs of jacanas, 29712
paternal behavior & aggression & arginine vasopressin distribution, monogamous California vs polygamous white-footed mice, 29924
Monolingualism—Serials
short-term memory performance & language-specific vocabulary knowledge, bilingual vs non-bilingual preschool & school age children, 20529
Monotony—Serials
time-worked vs performance-contingent pay systems & work monotony, emotional distress, blue-collar workers, 35611
Monozygotic Twins—Serials
age & cohort differences in cognitive ability, 41–84 yr old monozygotic &/vs dizygotic twins reared apart vs together, 10 yr study, 866
age & cohort differences in cognitive ability, 41–84 yr old monozygotic &/vs dizygotic twins reared apart vs together, 10 yr study, commentary, 889
brain & head size & IQ, 24–43 yr old monozygotic twins, commentary & reply, 26569
brainwave patterns & EEG characteristics, 17–44 yr old monozygotic twins discordant & concordant for schizophrenia, 11444
clinical differences in headache characteristics, 36.3–68.7 yr old monozygotic twin pairs concordant for migraine with vs without aura vs mixed pairs, 37761
concordance rates of motor syndromes & other symptoms, 34–90 yr old monozygotic & 12 57–87 yr old dizygotic twin pairs with Parkinson's disease, 8-yr follow-up, 31334
concordance rates of schizophrenia diagnostic classifications, 22–65 yr old monozygotic & dizygotic twins , 17918
drug-related priapism in 37-yr-old identical twin brothers, 35001
epidemiology & genetics of suicidality, 27–89 yr old monozygotic vs dizygotic twin pairs, 5055
eyeblink classical conditioning, 16 yr old female identical twins with ataxia-telangiectasia, 37888
facial symmetry & perceptions of facial attractiveness of adolescent & young adult monozygotic co-twins, college students, implications for symmetrical differences based on development not genes, 11159
genetic & environmental contributions to verbal memory, monozygotic vs dizygotic male twin pairs, 36276
genetic & environmental factors in development of major depression, 28–89 yr old male vs female dizygotic & monozygotic twins, 10 yr followup, 24194
genetic & environmental factors in migraine, monozygotic vs dizygotic twins with migraine with aura, 18287
genetic & environmental influences on diet, monozygotic & dizygotic twins reared apart & spouses, 3811
genetic & environmental influences, coping styles, pairs of monozygotic & dizygotic twins, 30487
genetic factors in adult & childhood sleeptalking & psychopathology, 33–60 yr old monozygotic & dizygotic twin pairs, 4872
genetic influence on P300 auditory ERPs, monozygotic twins discordant vs concordant for schizophrenia or schizoaffective psychosis, 34195
genetic vs environmental risk factors for the characteristic concerns about weight & shape of bulimia nervosa, 30–45 yr old mono- & dizygotic female twins, 5169
genetics, between-person variation of perceptual asymmetry scores on face processing task, 6–53 yr old monozygotic vs dizygotic twin pairs, 33260
hand & foot & eye & ear preference, 10–25 yr old monozygotic vs dizygotic twins, 33244
individual genetic & environmental influences, episodic memory, same-sex fraternal & identical twins aged 80+ yrs & older, 23814
interchangeability of big five personality traits from behavior genetics viewpoint vs indicator used, monozygotic vs dizygotic twins, 7918
left-handedness in twins vs singletons & incidence of & concordance for left-handedness in monozygotic vs dizygotic twins, 33252
neuropsychological assessment of visuospatial & verbal memory & other cognitive performances, monozygotic twins discordant for bipolar disorder, 14485
number of X-linked androgen receptor gene CAG repeats & psychological femininity & reproduction-related traits, female monozygotic twins, 29758
outcome of bilateral periventricular nodular heterotopia, monozygotic twins with megalencephaly, 34648
twin concordance for schizophrenia, cerebral ventricle brain ratio, monozygotic twins, 4953
within-pair differences in midlife cardiovascular risk factors & health history & behaviors & brain morphology, 42–56 yr old monozygotic male veteran twins, 25 yr study, 18327
Mood Disorders [See Affective Disturbances]
Moodiness—Serials
relationship between coping efforts & stress-related mood changes, men & women (mean age 42 yrs) with high levels of work or marital stress, 33984
salivary reactivity vs self-report measures of urge to drink & negative mood, 19–63 yr old male alcoholics, 27839
trait anxiety & anxiety-provoking mood manipulation, breadth of attention, 18–45 yr olds, 27376
Moods [See Emotional States]
Moral Development—Serials
collectivist vs individualistic educational experience, moral reasoning, male vs female Finnish vs Estonian 14 vs 17 yr olds, 20578
consolidation & transition in moral judgment development & moral concepts in decision making, junior high- & high school- & college & graduate students, 10799
development & validity & reliability of Moral Interpretation of Interpersonal Violence Scale, 5–12 yr olds watching more fantasy vs realistic tv violence, 35883
doll play evaluation & techniques, moral development & attachment beyond infancy & behavior problems, preschool children, 36832
ethnicity & complexity of sociocognitive environment & school type, development of moral judgment, 14–19 yr olds, 33648
familial & peer & school environment & nationality & cultural & other social & contextual influences on prosocial & moral development, young adolescents, 20552
family climate & mother vs father parenting style & relations & dialogue & responsiveness to child's voice, moral socialization & moral reasoning, 12–16 yr olds, 2 yr study, 20598
generalizability of W. Perry's theory of intellectual & ethical development & cross-cultural reliability & validity of Zhang Cognitive Development Inventory, college students, US vs China, 26111
generative concern & moral reasoning stage level as predictors of value-socialization in storytelling, 18–26 vs 28–50 vs 60–75 yr olds, 30132

intensity of punishment decisions & violation acceptability of & distinction among moral vs safety-related vs social–conventional transgressions, 4–5- vs 7–8- vs 10–11-yr-olds, 20611
issues in domain account of early moral judgment & Piaget's theory, 4401
issues in domain account of early moral judgment & Piaget's theory, commentary, 4408
judgments of flag as social convention & understandings of moral & psychological consequences of public vs private flag-burning with symbolic vs accidental vs instrumental intent, 6 vs 8 vs 10 yr olds, 14010
judgments of hypothetical & actual moral transgressions, maltreated vs nonmaltreated 3–5 yr olds, 7543
medical education, moral reasoning & development, 1st–4th yr medical students, 2767
moral authority in classrooms, social interactions & gendered power in girls' education, teachers, 25720
moral development & parenting attitudes, 27–76 yr old treatment foster parents, implications for training & supervision, 9166
moral development & psychopathological interference with conscience functioning & PTSD symptoms & posteartquake adversity, 13 vs 16 yr olds with different degrees of earthquake related trauma, 17933
moral intensity & concern for others, moral judgments, 12–18 yr old males vs females, 20608
peer acceptance & friendship adjustment & social behavior, moral reasoning, 10–13 yr old males vs females, 20606
psychosocial & moral development, 14–18 yr olds, US vs Japan, 17360
reading & moral comprehension, development of ability to extract moral themes from narratives, 8 vs 11 yr olds, 30183
role of individual processes & age & sex differences in prosocial & moral development, adolescents, 14004
status vs epistemic authority representations & moral reasoning alone & in dyads, children (mean age 9.5 yrs), 27060
teacher–student interactions regarding personal & moral & social-conventional issues & development of personal concepts, 3–5 yr olds, 17350
understanding of intention in judgments of moral obligation, 3 vs 4 yr olds, England vs Colombia, 4487
university environment, moral judgment development, 1st vs 2nd vs 3rd vs 4th yr students at state vs Christian vs Bible universities, 6096
views on role of university in student moral development, faculty & staff, 2836

Moral Development—Books

Assessing schools of hope: Methods, norms, and case studies, 32177
Morale, culture, and character: Assessing schools of hope, 32178
Postconventional moral thinking: A neo-Kohlbergian approach, 20628

Moral Development—Chapters

Ethical instinct, 14382
Moral development and mental distress: A feminist proposal, 36915
Moral development in maturity: Life-span perspectives on the processes of successful aging, 33948
Socialization and cognitive-moral influences on justice rule preferences: The case of Indian culture, 36723

Morale—Serials

diagnosis of demoralization resulting from treatment & illness, 67 yr old female & 46 yr old male surgical patients, 28051
grounded theory analysis of becoming demoralized & feeling betrayed, previously depressed women (aged late teens to mid-50s), 21084
psychological distress & depression & demoralization, 28–64 yr old Russian-Jewish immigrants in primary care, 14449
senior center environment & involvement & interpersonal social networks & health & other background characteristics, morale, 70–90 yr olds, 28699
transition to nursing home, cognitive status & morale & depression & satisfaction with care, newly admitted patients (mean age 84.7 yrs), 6 mo study, 25486

Morale—Books

Assessing schools of hope: Methods, norms, and case studies, 32177
Morale, culture, and character: Assessing schools of hope, 32178

Morality—Serials

antecedents & consequences & mediating effects of perceived moral intensity & personal moral philosophies in ethical decision making, marketing professionals, 9692
care-based moral reasoning, male vs female 10–13 yr olds, Canada vs Norway, 20609
collectivist vs individualistic educational experience, moral reasoning, male vs female Finnish vs Estonian 14 vs 17 yr olds, 20578
comprehension of moral lessons in television situation comedies & prosocial development & behavior, 1st & 3rd & 5th graders, 30240
conditions & causes & consequences & cure of alcoholism, morality-therapy dichotomy & sickness vs wrongdoings, 27865
consolidation & transition in moral judgment development & moral concepts in decision making, junior high- & high school- & college & graduate students, 10799
constructivist & dialogical perspective of authoring & narration of moral selfhood & moral identity in autobiographies, 14360
consumer attitudes toward expression of negative moral opinion, 17–48 yr old consumers, 25988
effects of dual intervention program to enhance moral reasoning & perceived efficacy, 5th & 6th graders, 15966
ethical & moral guidance as component of genetic counseling, case of young married couple with family history of Huntington's disease., 25284
ethical & moral responsibility & autonomy of whistleblowers, organizations, 35647
impact on patients & therapists & moral relevance of knowing in psychotherapy, 38730
Integrative Social Contracts Theory as framework & moral foundation for ethics in marketing within & across communities, 29191
issues in morality & euthanasia for self vs parent vs partner vs stranger, 32–64 yr old adult children with elderly ill parent, Israel, 23992
judgments of hypothetical & actual moral transgressions, maltreated vs nonmaltreated 3–5 yr olds, 7543
Kant's moral philosophy distinction between perfect & imperfect duties, hierarchically- & partially-restrictive personality trait dimensions & social perception, college students, 20953
mapping between moral emotions of contempt & anger & disgust & moral codes of community & autonomy & divinity in moral judgment of others, Japanese vs American adults, 14274
moral & ethical decision making & violations of public trust by public officials, 13298
moral & ethical dilemmas & obligations & characteristics of residents & other physicians, 6081
moral & ethical issues of feminism psychotherapy in a women's prison, 38732
moral & religious & identity development in Christian liberal arts environment, 3 1/2 yr study, 17450
moral advocacy campaign, beliefs in influence process vs noxiousness of the message, college students application of appraisal theory to a mediated context, 33929
moral autonomy in nursing practice, 9135
moral conflict & decision making, battered females (aged 25–51 yrs), 24385
moral cosmology & political attitudes, 18–75 yr old religious modernists vs orthodox, Italy, 36921
moral dimensions of housework in families, commentary, 33773
moral disengagement & inhumane behavior, 37042
moral intensity & concern for others, moral judgments, 12–18 yr old males vs females, 20608
moral judgment & cultural ideology in moral thinking, adults, 11220
moral language about popular music, 8–12 yr olds, 7504
moral orientation & sex, psychosocial development, 17–24 yr old college students, 19330
moral perspectives & ethics & belief in universal moral principles & moral discourse in couples therapy, 34884
moral philosophical issues concerning euthanasia or withholding life-saving treatment, newborn infants with intellectual disabilities, 34477
moral reasoning, professionals vs college students, 30531
moral status ascribed to self & discursive strategies to protect this status when admitting to needle sharing practices, 16–21 yr old iv drug users, 8375
moral values, 7th graders with vs without siblings, China, 10879
moral views on ethics of relationality, marital & family therapists, 22369
morality & multiplicity in feminist-informed conjoint framework for treating domestic violence, 28349
morality of therapy in working within the child welfare system, 38740
motivated reasoning & biased characterization of an action, unethical behavior, male vs female undergraduates & graduates <30 yrs old, 7842
perceptions of media's influence & immoral consequences on self vs others, support for restrictions on media messages, adults, 36687
perceptions of political & moral & cognitive attributes of target's decision making & reasoning in moral dilemma, 20856
personal vs property offenses, excuse acceptance & approval, male offenders with low vs high offending involvement, implications for graduated desensitization hypothesis, 8400
prevalence of moral- vs competence-related categories in impression formation, adults, 7866
process of moralization at individual & cultural levels , 24039
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary, 24138
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary reply, 24164
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary, 24140
psychoanalytic study of evil, citizens vs prison inmates, 17720
reactions to portrayal of psychohistorical & sociocultural aspects of moral masochism in Russian & Soviet national character, adult Russians, 30302
reading & moral comprehension, development of ability to extract moral themes from narratives, 8 vs 11 yr olds, 30183
relationship between social competence & sociomoral reasoning & self-reported delinquency, 13–17 yr old convicted male offenders, 11673
role & manner of address of caregiver, self-evaluation of goodness or badness in interactions with caregiver vs nursery school teacher, Israeli 5 yr olds from town vs kibbutz, 13992
role of value & morality in world of psychology, 32562
S. Kierkegaard's view of moral sense & moral courage & relevance for psychology, 4321
self-care as a moral imperative for women psychotherapists, 38734
self-deception strategies in moral hypocrisy, college students, 30451
social & cultural & moral values in decision making about tax breaks to company with policy offering health care benefits to unmarried partners of employees, conservative Texas community, 27210
social expectations & morality of sexuality & appearance for lesbian women, 37022
support of client's moral belief system & personal responsibility in feminist therapy, 38748
target behavior revealing morality vs intelligence traits, S recall & social cognition & impression formation & expectations of & actual cooperation in mixed-motive situation, undergraduates, 14263
teacher education & moral dimensions embedded in teaching practices, implications for teacher educators, 6118
the values & morality & legalities & ethics that arise in parental responsibility & child custody & the resulting therapy, 38739
theory of planned behavior & perceived moral obligation & perceived water right as predictors of intention to conserve water, government employees, 32445
understanding of intention in judgments of moral obligation, 3 vs 4 yr olds, England vs Colombia, 4487
values & associated moral meaning, cigarette smoking, college students & their parents & grandparents, US, 23942
world system & moral & political conclusions about its future, 1066

Morality—Books

Adolescent psychological developmental: Rationality, morality, and identity, 20448
The banality of good and evil: Moral lessons from the shoah and Jewish tradition, 17462
Communicating emotion: Social, moral, and cultural processes, 30427
Controversies in psychology, 33727
Creativity and moral vision in psychology: Narratives on identity and commitment in a postmodern age , 6000
Ethical know-how: Action, wisdom, and cognition, 23617
Managerial ethics: Moral management of people and processes, 6334
Re-envisioning psychology: Moral dimensions of theory and practice, 19563

Morality—Chapters

Americanization of psychology before William James, 3267
The Catholic condemnation of rational suicide, 11576
Character education: The cultivation of virtue, 22486
Choice of transportation mode: Factors influencing drivers' willingness to reduce personal car use and support car regulations, 32453
Epistemic and moral visibility in the postmodern age, 6004
Fairness as moral virtue, 6338
The fate of the responsible self in a genetic age, 26563
Knowledge, creativity, and moral identity, 6005
Models of decision making in social dilemmas, 30437
Moral and ethical considerations in geropsychology, 6090
Moral character, 1289

The moral component of effective leadership: The Chinese case, 32369
The moral imperative to suicide, 11595
Morality and spirituality in therapy, 38055
Personal, moral, and structural commitment to relationships: Experiences of choice and constraint, 37091
The professional psychologist as a moral agent, 6062
Real-life sexual harassment, 27116
Role morality and individual moral responsibility in accounting, 29057
Send in the angel, 6010
Teachers' moral purposes: Stress, vulnerability, and strength, 22641
Toward a positive conception of peace, 26967
Morals [See Morality]
Mores [See Values]
Morita Therapy—Serials
definition & etiology & history of taijin kyofusho & understanding this disorder through its treatment of Morita therapy, 27729
Morocco—Chapters
Putting second language first: Language and literacy learning in Morocco, 6193
Morphemes—Serials
component morphemes, eye fixation during reading compound words in Finnish, college students, 6852
development of feedback morphemes & feedback giving through other-repetition, language development, 15 mo olds, 2 yr study, 33565
dimensions of lexical access & cross-language evidence from morphemic & morphological categories in support of dual-listing model of lexical representation, 29608
Emergence of interjections in speech, 19 mo old, 17 mo study, 33559
grammatical morphology & role of weak syllables, 4–7 yr old Italian-speaking children with specific language impairment , 8473
grammaticality & morphology & semantic interpretability, morphemic pseudoword lexical decision & acceptability & word naming RT, humans, 29539
lexical access & decision modes during polymorphemic word recognition & identification of verb forms in Polish, 32–45 yr olds, 26910
longitudinal course of tense acquisition, children with specific language impairment, 4 yr study, 8477
mathematical meta-model of visual & auditory recognition & morphological processing of morphemes & full words, 29535
morphemic activation & morphologically-based parsing & representational processing of ambiguous & novel English compound words, college students, 29578
processing of low-phonetic vs higher-phonetic substance inflections, 8 yr olds with specific language impairments , 8476
sensitivity to morphosyntactic dependencies in English, 15 vs 18 mo olds, 7431
singular morpheme vs precompiled words as unit of lexical access in Chinese speech comprehension & production, 29586
vocabulary learning & dissociation between cognitive rule learning of training target & bound-morpheme generalization performance, 4.0–5.9 yr olds with vs without specific language impairment, 24674
word morphological & mono- vs multimorphemic complexity, lexical access & decision & word recognition RT, native Turkish-speaking 18–36 yr olds, 29560
Morphemes—Chapters
How is access representation organized? The relation of polymorphemic words and their morphemes in Chinese, 13337
Morphemic processing in reading Chinese, 13340
Morphine—Serials
(–) vs (+) isomers of cocaine vs cocaine methiodide with vs without mianserin pretreatment with vs without morphine, antinociception, rhesus monkeys, 13736
ability of orphanin FQ/nociceptin to block development of morphine-induced conditioned place preference, male rats, 30036
ABT-594 vs morphine, tactile allodynia & mechanical hyperalgesia in Chung & diabetic neuropathy models, male rats, 4101
altered dietary levels of protein or vitamins & minerals, morphine induced antinociceptive responses, male rats, 13758
behavioral effects of various agonists of glutamate receptors & nitric oxide donor, morphine dependent rats, 26760
bias in reinforcement frequency sensitivity, morphine discrimination, male vs female rats , 4126
calcium++ influx & mobilization from intracellular pools, expression of morphine tolerance, male mice, 13817
changes of orphanin FQ immunoreactivity in cerebroventricular perfusate & periaqueductal gray & amygdala, female rats made tolerant to morphine, 20393
chimeric, morphine-induced antinociception & tolerance & antinociception, male mice, 33413
cholecystokinin agents & morphine, hypothermia, male albino mice, 17088
cholecystokinin receptor agonists, naloxone-induced jumping behavior, morphine-dependent male mice, 13700
chronic exposure to morphine, physiologically active corticosterone, male vs female rats, implications for the link between stress & drug abuse, 4232
chronic inflammation, development of morphine tolerance, male arthritic rats, 13774
chronic morphine administration, GABAergic synaptic transmission in periaqueductal gray area, rats, implications for mechanism of opioid dependence, 7212
chronic morphine, microdialysis assessed acetylcholine release in nucleus accumbens core & shell, rats, 13731
chronic morphine, NMDA receptor-mediated synaptic transmission in nucleus accumbens, male rats, 36586
CNS excitatory behavior & antianalgesic pharmacology of nomorphine-3-glucuronide, adult male rats, 4271
cocaine vs morphine pre-exposure & conditioned place preference induced by dose range of cocaine & sensitization to the rewarding effects of the specific dopamine uptake inhibitor GBR12783, rats , 4240
context specific morphine tolerance in paw pressure withdrawal & tail shock vocalization, male rats, 33376
cotreatment with fenfluramine & development of tolerance to morphine analgesia, rats, 4093
d-methadone, morphine tolerance & NMDA-induced hyperalgesia, rats & mice, 20279
development of cross-tolerance between morphine & nicotine & antinociceptive responses, male albino mice, 17123
diazepam, morphine tolerance & dependence & spinal mu opioid receptors, male rats, 4279
discriminative-stimulus & antinociceptive effects of hydrocodone & hydromorphone with vs without cytochrome enzyme inhibitors budipine or quinidine, female rhesus monkeys, 23534
dopamine D1 &/vs D2 receptor specific antagonists, naloxone induced morphine withdrawal-induced aggression, male mice, 36609
fluoxetine, expression & development of sensitization to morphine-induced oral stereotypy, male rats, 6 wk study, 36633
galanin in nucleus accumbens & locus coeruleus, morphine reinforcement in place preference conditioning, female mice, 30070
glucose, morphine & tripelennamine effect on hyperactivity, male mice, 17095
gonadal hormones, development & expression of stimulant effects of morphine on locomotor activity, intact vs castrated male vs intact vs ovariectomized female rats, 23276
heat stressor preexposure, conditioned hypoalgesia, male morphine-naive vs morphine-tolerant rats, 10575
high-frequency ultrasonic vocalizations as index to conditioned pharmacological reward of amphetamine or morphine, rats, 23528
ifenprodil, morphine-induced place preference, male mice, 13819
in utero exposure to morphine & dose & gestational period, play & social grooming behavior of juvenile offspring, male rats, 33461
in vitro profile at cloned human opioid receptors & efficacy of loperamide vs morphine, hyperalgesia produced by in vivo models of inflammatory pain, male rats & mice, 20280
inescapable shock, potentiation of analgesia induced by morphine injections to dorsal raphe nucleus vs nucleus raphe magnus vs spinal cord, male rats, 30007
injected morphine, postoperative pain relief, adults, literature review, 15418
juvenile isolation & morphine treatment, general & social activity & endogenous opioid release during social interaction test, male rats, 30064
lithium dose, acquisition & extinction of morphine aversion, rats, 26788
lithium vs sucrose vs morphine vs cocaine UCS, caloric intake of sucrose CS, food-deprived male rats, test of reward vs aversion hypotheses of appetite suppression by drugs of abuse, 33404
long term patterns of morphine use & dosage & pain intensity, 36–80 yr old palliative care unit patients with chronic cancer pain, 28615
long-term access to chronic sucrose vs polycose intake, alteration of development of tolerance to morphine-induced antinociception, rats, 20277
maintenance on slow-release morphine vs methadone, neonatal abstinence syndrome, 17–40 yr old pregnant female opiate or polysubstance abusers, 19060
maternal exposure to delta-9-THC, morphine self-administration & neurobiology, male vs female adult rats, 33360
maternal exposure to doses of tetrahydrocannabinol, sensitivity to morphine reinforcement in conditioned place preference, male vs female rat offspring, 738
methamphetamine vs morphine vs phencyclidine vs pentobarbital, VI VI schedule performance, male pigeons, 7228
MK-801 & morphine & immobilization stress & naltrexone-reversibility, retention of passive avoidance behavior, C57BL/6 vs DBA/2 inbred mice, 36536
morhine, thermal nociception & mechanoreception & hind limb flexion, male chronic spinal rats, 26729
morphine & morphine-6 beta-glucuronide & dose, analgesic potency elicited from periaqueductal gray or locus coeruleus or rostral ventromedial medulla, male rats, 4189
morphine analgesia, state-dependent recall of FR-10-conditioned lever-pressing, male rats, 17102
morphine analgesic potency, male vs female mice of 11 inbred strains, 23524
morphine in rostral ventromedial medulla, pain perception & locomotor behavior, male vs female rats, 4108
morphine injections to intra-lateral &/vs intra-dorsal periaqueductal gray, tolerance development, male rats, 30058
morphine modification by food deprivation, FI & clocked FI performance, male pigeons maintained at high & low body weights, 20356
morphine or naltrexone, preference or aversion for drug following place conditioning, male mice, 10539
morphine self-administration into medial or lateral septal area, spatial discrimination, male BALB/c mice, 7173
morphine sensitivity & tolerance & withdrawal, spontaneously hypertensive vs Wistar-Kyoto & Sprague-Dawley male rats, 441
morphine sulphate vs fentanyl citrate vs buprenorphine hydrochloride, articular pain-related behaviors, domestic fowl, 26777
morphine training dosage, nalorphine substitution for morphine, female rats, 33407
morphine vs kainic acid in periaqueductal gray, antinociception & immobility & wild running, male rats, 4225
morphine vs mu opioid agonist DAMGO, prefrontal cortical cell responses to acetylcholine vs glutamate & afferent evoked excitatory activity, male rats, 667
morphine vs NMDA receptor antagonist MK-801 vs tachykinin NK1 receptor agonist RP67580, inflammation induced progressive tactile hypersensitivity, rats, 4204
morphine vs tramadol, antinociception & tolerance & physical dependence, male mice, 719
morphine with competitive or noncompetitive NMDA antagonist, development of tolerance to discriminative stimulus effects of morphine & behavioral dependence, male rats, 26739
morphine, acetylcholine release in rostral ventrolateral medulla & nociception, male rats, 23588
morphine, metabolism of dopamine & serotonin, alcohol-preferring vs alcohol-avoiding rats, 23517
morphine, pain threshold & analgesia, sibling vs nonsibling male mice dyads, 4129
morphine, responding under variable interval schedules, rats, implications for R. J. Herrnstein's hyperbolic matching equation & rate related principles, 26801
morphine-induced locomotor activity, phase shifts to light pulses, male mice free running in constant dark, 23554
naloxone & beta funaltrexamine, morphine-d-glucuronide induced behavioral excitation in hippocampal &/vs other brain regions, male rats, 26781
naloxone dosages, heroin self-administration response rates, morphine dependent male rats, 29983
naloxone pretreatment & morphine, cholecystokinin induced plasma oxytocin concentration & electrical activity of oxytocin cells in supraoptic nucleus, female rats, 4116
naloxone, morphine withdrawal & induced place aversion, male rats, 728
naltrexone & beta-funaltrexamine antagonism of antinociceptive & response rate-decreasing effects of morphine vs dezocine vs d- propoxphene, male rats, 23598
naltrexone & morphine pretreatments, discrimination & plasma levels of ethanol, rats, 13768
neuropeptide agonist 1DMe, antinociceptive activity during tail-flick vs hot-plate tests, morphine naive vs tolerant male mice, 665
neuropeptide Y, morphine induced discrimination & antinociception, male rats, 36604
neuropsychological & pharmacokinetic assessment of cognitive functioning, 29–76 yr old hospice patient receiving morphine for cancer pain, 3341
NMDA receptor antagonist LY235959, morphine tolerance progression modulation, morphine tolerant rats, 13689
NMDA receptor antagonists, discriminative stimulus properties of naloxone, morphine dependent rats, 4215

opiate system activation by restraint stress vs morphine with vs without naloxone pretreatment, forced-swim immobility & sucrose-preference anhedonia, male rats, 13842
opioid receptor antagonist naloxonazine, acceleration of morphine & etonitazene induced dopamine transmission & metabolites in dorsal striatum & nucleus accumbens, male rats, 26832
opioids, glutamate-mediated transmission in ventral tegmental area during morphine withdrawal, rats, 26812
oral methylnaltrexone, subjective effects following iv morphine, healthy 21–34 yr olds, 770
oral vs subcutaneous administration of different doses of naloxone & naltrexone, drug discrimination, morphine-treated rhesus monkeys, 30001
perinatal exposure to delta-9-tetrahydrocannabinol, morphine self-administration & regional binding to central mu opioid receptors, adult offspring female rats, 762
peripheral administration of cholecystokinin receptor-specific antagonists, effect of morphine on maternal behavior, female postpartum rats, 36592
pharmacological mechanism of morphine action, mutant mice lacking opioid mu-receptors, implications for analgesia, 4283
postconditioning isolation & centrally vs peripherally acting opioid receptor antagonism vs morphine, contextual vs auditory-cue fear conditioning, rats, 17092
prenatal morphine exposure, heterotypical sexual behavior, gonadectomized male rats injected with estradiol & progesterone & female ovariohysterectomized rats injected with testosterone, 23593
pretreatment with morphine vs amphetamine, short- vs long-term cross-sensitization & behavioral sensitization of their locomotor effects, rats, 33501
progressive ratio 25 schedule of food delivery & development of morphine tolerance, pigeons, 13751
quantification of synergism of FR combinations of morphine sulfate & clonidine hydrochloride, antinociception, mice, 20373
quinine & 4-aminopyridine, conditioned place preference & morphine-induced changes in motor activity, male rats, 23551
role of morphine metabolites in pain control among cancer patients, 18830
ryanodine vs thapsigargin & pretreatment & calcium in modifications of naloxone-precipitated withdrawal jumping & noradrenaline turnover frontal cortex, morphine-dependent mice with vs without diabetes, 13795
scopolamine-produced learning & memory impairment, morphine tolerance & dependence, rats, 30072
selective mGlu2/3 receptor agonist, naltrexone-precipitated morphine-withdrawal-induced activation of locus coeruleus & withdrawal behavior, male rats, 17116
serotonergic vs dopaminergic mediation of effects of morphine on formalin induced nociception, streptozotocin induced vs noninsulin dependent genetically diabetic db/db mice, 4277
sex, discriminative stimulus effects of morphine, rats who were gonadectomized or sham-gonadectomized, 10555
social isolation, sucrose solution consumption & metabolism & passage through blood brain barrier of morphine & place preference conditioning, male mice, 26754
social stress & morphine dosages in periaqueductal gray matter, affective vocal & reflexive pain & defensive & submissive responses, socially inexperienced & defeated male rats, 36631
stress & spinal cholecystokinin processes, morphine's antinociceptive potency, rats, 23514
stressors & morphine, locomotor effects, rats, 33489
subjective & psychomotor & physiological effects of pentazocine vs morphine, 21–39 yr olds, 4304
tail flick vs hotplate latency tests of spinal or supraspinal structure mediated antinociception following ip vs iv vs icv morphine vs morphine-6-glucuronide, rats, 4273
varying interval between successive morphine pretreatments, naloxone precipitation of withdrawal symptoms & suppression of operant responding, male rats, 20369
water deprivation, morphine- vs lithium-induced suppression of sucrose intake, male rats, 33411
withdrawal precipitation with naloxone vs CTOP vs naltrindole vs nor-binaltorphimine, involvement of spinal opioid receptors in morphine vs butorphanol dependence, male rats, 4300

Morphine—Chapters

Behavioral effects of RS-45041-190, a selective I_2 imidazoline ligand, in rats, 26870

Morphology—Serials

abnormal mushroom body structural plasticity in mutant genes, adult female Drosophila, implications for olfactory learning & memory, 3853
abnormalities in corpus callosum morphology, 7.6–14.6 yr old females with Tourette disorder with vs without attention deficit hyperactivity disorder, 37889
abnormality of fornix & mamillary bodies, 17–42 yr olds with mesial temporal lobe epilepsy, 31266
brain atrophy & morphology, reality distortion & psychomotor functioning, hospitalized males vs females with schizophrenia, 14563
brain morphology & language & thought disorders, patients (mean age 25.6 yrs) with schizophrenia, 4940
cerebellum morphology, cognitive dysfunction, 18–42 yr old males with schizophrenia, 34179
clinical features & brain morphology & etiology, 65–85 yr olds with psychotic vs nonpsychotic major depression, 14504
convergence of specialized behavior & eye movements & visual optics, sandlance vs chameleon , 19925
cortical sulcal enlargement, brain morphology, 18–65 yr old patients with catatonic vs hebephrenic vs paranoid schizophrenia, 34180
feasibility of 3-dimensional MRI morphometrics for examining ventricular morphology, 16–45 yr olds with schizophrenia, 11403
fluctuating symmetry & tibial dyschondroplasia & tonic immobility, chickens raised under different light regimes, 10519
histological study of presence of vomeronasal organ & morphological changes during sexually active vs quiescent seasons, adult male ferrets, 23185
hyperalgesia after intradermal injection of capsaicin as function of morphological changes in epidermal nerve fibers, 24–69 yr olds, 517
intrahypothalamic hyperinsulinism, morphological alterations of ventromedial vs lateral vs dorsomedial hypothalamic nuclei, postnatal rats, implications for role in weight regulation, 17087
landmark-based morphometric analysis & image averaging on brain sites & structural changes in 1st-episode schizophrenia, patients with schizophrenia, 24251
morphological correlate for & disturbances of cerebral corticogensis as evidence for maldevelopmental hypothesis of schizophrenic psychoses, 30724
morphological vs semantic priming, visual word recognition, college students, 6870
morphology & neuronal phenotypes of hippocampal formation in schizophrenia, 14592
morphology of temporal lobe structures, 21–45 yr old male vs female patients with schizophrenia, 17900
nematode infection, morphology & social behavior & rank & mate choice, female red junglefowl, 3789
neonatal seizures, morphology & spatial learning & activity level & seizure susceptibility, rats, 7056
neuroanatomy & morphology of hippocampal formation & spatial memory role & comparison to mammal hippocampus, songbirds, 13595
nortriptyline, brain morphology & depressive symptoms, adults (mean age 75.2 yrs) with geriatric depression, 18756
numbers of & rostro-caudal & ventro-dorsal distribution of neuromelanin containing neurones in locus ceruleus, postmortem brainstems of 39–67 yr olds with bipolar disorder vs major depression, 27577
offshore to inshore habitat change, visual morphological & mechanosensory development, Atlantic croaker vs Red drum vs spotted seatrout , 6950
optical design & eye movements & predatory behavior of sandlance & convergence with visual system of chameleons , 19923
presence of crayfish predator, shell size & shape & antipredator behavioral responses, freshwater snails, 33107
race differences in brain morphology & neuropsychological function in schizophrenia, review of psychiatric journals, 1994–96, 14562
raised vexillum of bat-pollinated Mucuna holtonii flowers, echolocation, bats , 20040
schizophrenia & substance abuse & brain morphology, schizophrenia patients, 11435
sexual dimorphism in morphology of hippocampal formation & role of androgens in development of sex differences in granule cell layer, A/J vs testicular feminization mutant vs wildtype C57/BL6J mice, 29862
structural brain abnormalities & schizophrenia outcomes, 24290
structural brain neuroimaging of abnormalities in schizophrenia, 34184
syntactic & conceptual & morphophonological information in sentence structure, 45 & 73 yr old males with aphasia , 37921
trait asymmetry & outcome of fights, male shore crabs, 33150
virtual-environment presentation of graphically-modeled brain morphological data, 29774
volume of neocortical subdivisions & subcortical structures & midsagittal areas, twins with reading disabilities vs normals, 37688
wing morphology & sex allocation & local mate competition, Old World non-pollinating fig wasps, 29718
within-pair differences in midlife cardiovascular risk factors & health history & behaviors & brain morphology, 42–56 yr old monozygotic male veteran twins, 25 yr study, 18327

Morphology—Chapters

Different morphemes, same spelling problems: Cross-linguistic developmental studies, 27006
Prenatal development of the brain, 24313

Morphology (Language)—Serials

0 vs 50 vs 100% proportion of foil word probes, RT & morphological decomposition in speech recognition, native French-speaking adults, 29515
ambiguity & high vs low lexeme frequency in semantic vs syntactic priming, time course of lemma retrieval in lexical decision, native speakers of American English, 29537
association between word frequency & phonological vs nonphonological & morphosyntactic difficulties, 36–74 yr old English or Spanish speakers with aphasia, 31294
base morpheme position & prime characteristics & morphological vs semantic vs orthographic similarity, morphological processing & lexical decision latency, 29551
characteristics of noun-phrase vs verb-phrase elaboration, 19–31 mo olds with expressive language impairments with vs without receptive language impairments, 9 mo study, 8471
dimensions of lexical access & cross-language evidence from morphemic & morphological categories in support of dual-listing model of lexical representation, 29608
distributional analysis of Oxford English Dictionary to investigate mental lexicon structure & suffix morphology in relation to lexical access, 29533
errors in grammatical number assignment for singular & collective nouns operating at morphological level of message formulation & releveance to models of speech production, 30099
frequency & types of errors between pronouns with vs without suppletive nominative, 1–3 yr olds, test of hypothesis of role of pronoun morphology in case errors, commentary reply, 30187
frequency & types of errors betwen pronouns with vs without suppletive nominative, 1–3 yr olds, test of hypothesis of role of pronoun morphology in case errors, commentary, 30189
frequency effects & representations for inflectional morphology in lexical access & access of whole words & competition between access modes, undergraduate students, 10695
grammatical morphology & role of weak syllables, 4–7 yr old Italian-speaking children with specific language impairment , 8473
grammaticality & morphology & semantic interpretability, morphemic pseudoword lexical decision & acceptability & word naming RT, humans, 29539
high vs low surface frequency of suffixed words, morphological processing & cross-modal priming & lexical decision, native French-speaking Ss, 29582
inflection & 2 morphological levels of word affix attachment, lexica access & word recognition, college students, 29605
linguistic abilities & verb production performance, French speaking 9–46 yr olds with familial language impairment, 21442
linking schwa -e written in orthographic form -en in Dutch nominal compounds, activation of plural semantics, college students, 820
longitudinal course of tense acquisition, children with specific language impairment, 4 yr study, 8477
mathematical meta-model of visual & auditory recognition & morphological processing of morphemes & full words, 29535
morpheme-based & full-form lexical access routes in morphological processing models in recognition of written Finnish nouns, undergraduate students, 10198
morphemic activation & morphologically-based parsing & representational processing of ambiguous & novel English compound words, college students, 29578
morphological & categorical word properties & left-to-right processing, word recognition RT, native Finnish-speaking college students, 29569
morphological aspects of syllable onset in Optimality Theory of sequential development of syllabic types, 1–1.9 yr olds learning Dutch, 13 mo study, 30177
morphological competence in plural & compound formation, native Greek 5.8–17.7 yr olds with specific language impairment, 21436
morphological complexity with derivational vs inflectional affixes, word repetition & phonological output disorders, fluent vs nonfluent aphasic adults, 28170
morphological processing of visually presented Finnish words, college students, 17149
morphological regularity, orthographic-semantic (spelling-meaning) mapping & training & behavior of connectionist neural networks, 32504

morphology & inflection of prime word, RT & activation & processing & lexical access of compound words, 20–40 yr old native Polish- vs Greek speakers, 29572
novel kanji compound words in isolation &/or in context, meaning interpretation, English-speaking students learning Japanese, 17157
operation of rendaku to non-frequent & novel compounds, Japanese 8.9–12.1 yr olds with specific language-impairment, 21437
phonology & derivational morphology, novel word acceptability & associative processes & verbal memory cluster structure, college students, 29531
phonology & morphological errors in speech perception during casual conversation in English, 29512
phonology & morphology of language, spoken word processing, college students, 26914
priming of morphologically regular vs irregular word stems, ERPs, 18–28 yr olds, 10479
priming, morphological decomposition of German past participle & noun plural formation, college students, 36240
processing of low-phonetic vs higher-phonetic substance inflections, 8 yr olds with specific language impairments , 8476
production of English past tense words, 6–12 yr olds with specific language impairment, 11766
relationship between lexical/vocabulary diversity & grammatical morphology in use of verbs vs nouns, 2.2–6.9 yr olds with vs without Specific Language Impairment, 24675
representation & processing of grammatical gender & number & inflectional morphology in Spanish, college students, 30095
role of surface & cumulative word frequency, processing & representation of morphologically complex suffixed words & auditory word recognition, college students & graduates, 36671
simultaneous processing of multiple words & morphological properties of compound word mental representation & assumptions contained in interactive activation model of word recognition, 29532
stem homographic vs allomorphic word priming & level of lexical processing, inhibition of target recognition & confusion of inflectional stems & representation & processing, native Spanish speakers, 23051
structure of Turkish language personality-related variables & effects of target evaluative homogeneity vs heterogeneity, 10704
suffix productivity, derivational suffix use, 10–12.6 yr olds with vs without language learning disabilities, 11767
word frequency thresholds & effects of inflected whole word vs stem-cluster morphological components in representation & storage, college students, 29559
word morphological & mono- vs multimorphemic complexity, lexical access & decision & word recognition RT, native Turkish-speaking 18–36 yr olds, 29560

Morphology (Language)—Chapters

How is access representation organized? The relation of polymorphemic words and their morphemes in Chinese, 13337
Morphemic processing in reading Chinese, 13340

Mortality [See Death and Dying]

Mortality Rate—Serials

access to guns, suicide or homicide or accidental death, children aged 0–15 yrs, 37481
adoption by males & survival of adopted vs own in semi-captive population, chicks, 16833
age & edentulousness & time since withdrawal of & polypharmacy with antipsychotics & absence of anticholinergic treatment as predictors of mortality, male vs female 25–89 yr olds with schizophrenia, 2404
age & year of birth, time trends in suicide mortality rates, males & females over age 10, Lithuania, 1970–1995, 27786
alcohol use & abuse, physical & mental health & mortality, elderly public housing residents, 28 mo study, 5092
application of chronic disease risk index, assessment of lifestyle & development of chronic diseases & mortality & cancer incidence, 18+ yr olds, 19 yr follow up , 38458
cognitive functioning & style & rates of decline, surviving vs deceased older adults, 14-yr longitudinal study, 20654
cognitive impairment & functional status & comorbid conditions & 1-yr survival, 65 yr old & older nursing home patients, 2048
cognitive reserve & cognition & functional ability & depression & mortality rates, 65–84 yr old dementia patients, 37837
creativity & versatility, premature mortality, artists & scientists, 1302
death rates, foster care & former care vs general population children in California, 5866
demographic characteristics & dementia severity & comorbid psychiatric & behavioral symptoms & physical disability & general health, mortality, elderly males vs females with Alzheimer's disease, 31230
depression & cognitive decline & comorbidity & prediction of mortality, 65 & 75 & 80 & 85 yr old birth cohorts, 5 yr prospective study, 8023
depression & mortality, elderly adults, 12 mo followup, 34112
depression mortality risk analyses, 1966–96, 11384
depressive symptoms & religious coping & psychiatric history & physical functioning, after-discharge survival, 20–39 vs 65 yr old & older male veterans , 17873
different rates of surgical treatment, overall survival rate, Blacks vs Whites with early-stage lung cancer, 38391
different rates of surgical treatment, overall survival rate, Blacks vs Whites with early-stage lung cancer, comment, 38412
early rearing conditions, feather pecking & cannibalism, 0–45 wk old chicks, 328
educational level & mortality, 15–74 yr olds, 5 yr study, 25282
estimation of annual deaths from tobacco & cocaine use & homicide, college students, 18046
evidence for & against association between light drinking & reduced mortality & confounding effects of diet & social class & social isolation & health status, implications for health behavior, 7763
habitual coffee vs tea consumption, coronary heart disease & death, aged 40–59 yrs, 35156
health care systems & drug user policies & mortality & morbidity, injection drug users, Netherlands vs US, 18084
intellectual abilities & personality & subjective well-being & social relations as predictors of mortality, 70–103 yr olds, 1990–93, 17409
level of intellectual dysfunction & mortality, community residing 65+ yr olds, commentary reply, 7613
level of intellectual dysfunction & mortality, community residing 65+ yr olds, commentary, 7617
long term outcome & mortality, medicated vs unmedicated bipolar & depressed patients, 32 yr study, 5599
male-biased mortality from longline fishery for Patagonian toothfish, seabirds, 33036
marriage & divorce & birth & death & suicide rates, death rate from liver cirrhosis, US vs Hungary, 5223
morbidity & mortality from cardiovascular disease & risk factors, shift workers, 24761
mortality & cause of death & mention of dementia on death certificate, 65+ yr olds with vs without dementia or other cognitive impairment, Canada, 5-yr study , 31297
mortality & health services utilization & health behavior, cohort of 65+ yr olds, 40 mo prospective study, 12364
mortality & morbidity characteristics, deceased 40+ yr olds with intellectual disabilities, implications for health care policy & services & geriatrics, 24636
mortality associated with illicit opiate use, 18056
mortality rate & causes of death, patients with eating disorders, 1970–93, Denmark, 18174
mortality rates, patients with eating disorders seen in emergency room by psychiatry service, 5–10 yr computer record linkage study, 21405
mortality risk & sociodemographic factors & mental disorders & subjective health status & need for care, community sample of 85 yr olds & older, 34041
mortality risks in alcoholism & effects of abstinence & addiction treatment, 27870
myocardial infarction, 1-yr cardiac mortality risk, male vs female adult patients with vs without depression , 11285
paraquat-induced suicide incidence in agricultural region, age & ethnicity cohort data, Trinidad & Tobago, 27780
performance on test of copying ability & prediction of survival rate, male vs female patients with Alzheimer's disease, 18358
positive vs negative initials of personal name, male vs female life expectancy, 37222
predictors of mortality in relation to severity of cognitive impairment, 65–85+ yr old nursing home residents with Alzheimers disease, .1–4.8 yr followup, 31229
premorbid & postsurgical psychiatric disorders & psychotropic medication & neurologic events & management & mortality, 16–73 yr old Novacor or Abiomed cardiac ventricular support patients, 28109
premorbid history of psychiatric disorders, 1-yr survival after lung transplantation, patients (mean age 44.4 yrs) with vs without major depression &/or anxiety &/or substance use disorder , 27494
presence of Alzheimer's disease or vascular dementia vs physical or psychiatric disorders, prediction of 7–yr survival rate, 85 yr olds, 5299
presurgical physical vs mental components of health-related quality of life as predictors of 6-mo mortality, patients who underwent coronary artery bypass graft surgery , 18837
psychological processes & knowledge of factors related to self- assessments of health & subsequent mortality, 54–98 yr olds, 5-yr followup, 25322
race & ethnicity & nativity, mortality risk, US adults, 17466
relationship between sales of dextropropoxyphene & paracetamol & codeine & their combinations & underprivileged area score & mortality & suicide rates, 20–64 yr olds, Sweden, 24439
relationship of infant & child mortality & birth interval & order & maternal age & breast feeding, 15–49 yr old Malawi mothers, 13896
relationship of religious service attendance & mortality & role of demographics & health status & physical & social functioning & health habits & social support, adults aged 55 yrs & older, 5 yr study, 1013
relationships among substance abuse & suicidal ideation & suicide & other drug related deaths & requests for treatment, 24446
reporting of conditions suggesting dementia on death certificates, older adults, 28152
reproductive behavior & husbandry factors, breeding success & infant mortality, captive Asian elephants in Western zoos vs Eastern elephant centers, 7005
risk & prevalence of Mycobacterium tuberculosis & tuberculosis incidence & mortality, & relation to HIV 212 countries, 1997, 34543
risk factors & major age-associated neurologic & non-neurologic diseases, mortality, 65–84 yr olds, Italy, 2-yr followup, 14888
self-rated health & risk factors & mortality rates, male vs female Black vs White Alameda County residents aged 55 yrs or younger vs over 55 yrs, 28-yr study, 25373
short-term benefits & long-term mortality rate & predisposing factors to compulsory hospital treatment, patients with anorexia nervosa, mean 5.7 yr followup, 32012
signs & symptoms & mortality in selective serotonin reuptake inhibitor antidepressant overdose, 2277
social & political & economic transitions, health & mortality, adults, Estonia vs Sweden, 2442
social environment & phenotypic body mass, conflict & early queen mortality, queen of equality or random body mass in single vs multi queen fire ant colonies, 13434
sociodemographic & clinical risk factors for death from suicide & undetermined injury, 14–89 yr olds, England, 1991–95, 11508
suicide certification reliability & sensitivity, World Health Organization mortality data for 15–75 yr olds & older, 20 higher-income countries, cross-national research implications, 27812
suicide rates for 1981–90, male vs female psychologist APA members, US, 18009
survival rate & health-related quality of life, males vs females with congestive heart failure, 1 yr study, 5285
validity of hospital mortality rates as measure of quality of care, 9212
validity of hospital mortality rates as measure of quality of care, erratum, 15601
variations in levels & causes of excess mortality & temporal mortality change, Black vs White 15–64 yr olds from poor urban vs rural communities, 1980 vs 1990, 24083
visual vs hearing vs sensory impairment & subsequent functional dependence & mortality, community-dwelling 55–74 yr olds, 31367
volunteerism & demographics & health habits & status & physical functioning & social support & religious involvement & emotional states, mortality from all causes, California residents ages 55–85+ yrs, 28568
world-wide suicide rates & male–female ratios, males & females, 18014
zoo housing facilities, behavior & breeding success & mortality, black rhinoceros, 19931

Mortality Rate—Chapters

The course of treated and untreated substance use disorders: Remission and resolution, relapse and mortality, 34389
The health of American adolescents: Current issues and service gaps, 30594
Population growth and international migration at the end of the 20th century, 27126
Shock treatment IV: Resistance in the 1990s, 31744
Violence and injury among immigrants: An epidemiological review, 1442

Mosaicism [See Chromosome Disorders]

Moslems [See Muslims]

Mother Absence—Serials

early maternal loss, grief & attachment style with companion animals, females, 37160
gender, nonresident parent–child interaction patterns & involvement, 23912
mother's presence in home & family size, risk of internalization & depression & PTSD resulting from witnessing of or victimization in community violence, 10–15 yr old inner-city African Americans, 21045

Mother Child Communication—Serials

9–20 mo olds' prelinguistic vocalizations & visual cues, consistency of response behavior, mothers, 10775
accuracy of memories of conversations with preschool children, mothers, 10180

adjustment to birth of second child & use of verbal & nonverbal behaviors toward children, 22–35 yr old mothers, 17487
child directed speech, associative learning, mothers with depression & their 4-mo-olds, 24203
Duchenne vs non-Duchenne smiles & association with emotional processes, 1–6 mo olds in face-to-face interactions with their mothers, 20589
emotional expressivity & self-regulation, 6-mo old males vs females & their mothers , 7555
infant communication education, quality of postnatal interaction, 18–40-yr-old first time mothers & their neonates , 11039
interpersonal trust & reasons for disclosure vs nondisclosure of sexual orientation to mothers, 18–47 yr old gay & bisexual males, 33833
language & proportion of nouns & verbs in early vocabulary, toddlers (mean age 20 mos) & their mothers, China vs US, 23723
laughter in infant-directed speech, mother–infant pairs, 30344
maternal responsiveness & directive behaviors & development of child with visual impairments, mothers & their 20–36 mo olds, 28230
maternal sexual behavior & attitudes & communication with child, sexual risk taking, male vs female Black or Hispanic adolescents in mother-headed households , 11011
mediated learning experience strategies in mother–child interactions & child's cognitive modifiability & SES & mother's intelligence & child's personality & situational variables, 23728
mothers' child directed speech & child's language development, 18–29 mo old first- vs later-born children from high- vs mid-SES families, 7403
mother–child interaction & communication, 2–10 yr old children with severe physical disabilities & motor speech disorders, 37728
narratives around the experience of having a young child with disability, Latino mothers of children with mental retardation or developmental delay, 27939
patterns of mother–child interaction & private speech use & behavioral self-regulation, 3 & 4 yr olds with behavior problems, 34311
play interactions & verbal communication, low vs middle SES African American mothers (aged 20+ yrs) & their 12–18 mo old infants, 36978
psychoanalytic perspective on creativity & transitional art objects & early preverbal communication & dialog, 14377
psychological view of delayed speech & expressive language disorder & mother–child communication & relations, 1912
sensory & endocrine & neural mechanisms & importance of learning & plasticity, mother–infant relationship, mechanism for intergenerational transmission of parenting styles & responsiveness, 29926
sex & race & socioeconomic status, emotional references in conversations about school experiences, mother–child dyads , 4633
timing of mother–adolescent discussions about condoms, condom use during first & subsequent sexual encounters, 14–17 yr olds, 946
visual-fixation-assessed preference for infant-directed vs adult-directed singing, 2 day olds with normal hearing & their English vs Japanese deaf mothers, 23709

Mother Child Communication—Chapters

The role of modality and input in the earliest stage of language acquisition: Studies of Japanese sign language, 34723

Mother Child Relations—Serials

ability to meet health & developmental & sick day needs of children, employed mothers previously on welfare, 4 yr study, 25442
adjustment to birth of second child & use of verbal & nonverbal behaviors toward children, 22–35 yr old mothers, 17487
adverse mother–child & father–child interaction & maternal expressed emotion during middle childhood & adult depression, 25–31 yr old women, 37322
affective components of maternal role attainment, adolescent mothers who reported depression during pregnancy & postpartum, 11040
alexithymia & maternal closeness & sympathetic activity, college students, 27516
animals models & mechanisms & mediators in physiological responses to nurturing touch & maternal separation, humans & mammals, 3999
attachment theory & fertility & mortality rates, cross cultural variation in mother–infant attachment as socioecological adaptation, 27208
attachment theory as basis for family therapy, mothers with life-threatening illness & their babies or young children, implications for role of child mental health professionals, 31559
atypical maternal behavior & disorganized infant attachment, mothers & their infants, 36812
cause & nature of atypical EEG patterns & infant temperament & levels of affection toward mother, 13–15 mo olds of depressed mothers , 34099
child cortisol reactions to parent–child conflict, vulnerability for internalizing behavior problems, 5–11 yr olds & their 23–32 yr old mothers, 7324
child intellectual/adaptive functioning & maternal sensitivity & attachment security, 14–30 mo olds with Down's syndrome & their mothers, 2 yr study, 37687
child sex & mother's depression/anxiety & negative control for regulating child behavior, development of disruptive behavior problems, 3.5 yr old children of adolescent mothers, 2.5 yr study, 18018
childhood reconstruction of depressed mother–daughter relationship & transference attempts in enlivening therapist in therapeutic setting, 31-yr-old single female, 12041
compliance & noncompliance strategies & correlates of compliance during free play vs mother–child play vs toy pick up, 5 yr olds, Japan vs US, 13990
conceptions of autonomy–relatedness relationship constructs with mother vs father vs best friend, 9–14 yr olds, 20571
continuity & stability & models of concurrent & predictive correspondence in vocabulary & verbal responsiveness across play & mealtime contexts, infants at 13 & 20 mo old & their mothers, 7 mo study, 23681
coping strategies, 31–52 yr old mothers of children with ADHD, 27914
corporal punishment & impulsiveness & nurturance of mother & non-corporal interventions & child age & sex & family SES, child antisocial behavior & impulsiveness, mothers & their 2–14 yr old children, 4639
cultural differences in patterning & situational variability in mother–infant interactions, middle-class Anglo vs Puerto Rican mothers & their 12–15 mo olds, 27202
decision making processes in child & family abandonment, women & mothers, Bangladesh, 33793
defensive approach to mothering experiences, 18–44 yr old mothers with HIV, 18307
demographics & diagnosis & psychiatric history & current information & mother–infant behaviors, women admitted to specialist program in a psychiatric mother–baby unit, 2652
dependency & self-criticism, affect & responses to perceived competence & autonomy of sons, mothers of 12–15 yr old adolescent boys, 27206
depression & child abuse histories & current attributions, mothers of 11–15 yr old males who were victimized perpetrators of sexual abuse or nonvictimized perpetrators or victims only, 11551
development of creativity & ego–unconscious dialogue from bodily experience of infant during infant–mother interaction & effects of post-natal depression, 1376
development of reaction, pain of inoculation, male vs female under 7 yrs old & their mothers, 33625
developmental changes in biologically based child variables vagal tone & difficulties & maternal sensitivity & behavior during pain, pain behavior during immunization, 21.9–40.7 yr old mothers & their 6 or 18 mo old infants, 21491
direct vs indirect influences of divorce through maternal strain & family SES & quality of family's interpersonal relationships & mother–child interaction, psychosocial adjustment, 3–5 yr olds, 20596
early intervention, quality of mother–infant interaction, mothers & their newborns, 1 mo followup, 23913
early mother–infant interaction during breast vs bottle feeding, neonates, 3 mo study, 7522
early parent–child relationships & intellectual functioning, mothers & their 3 yr olds, 13935
educational & occupational level, child-rearing attitude & style, mothers, Egypt, 33786
emotional availability & attachment representations, infant–mother dyads in communal vs home-based kibbutz, 20545
emotional closeness, mothers & their male vs female 4–5 yr olds, 4630
examiner vs mother rating of infant behavior at birth & 1 mo, 16–37 yr old depressed vs nondepressed mothers, 24199
experiences of motherhood & postpartum depression, mothers, 21094
exploratory & symbolic & social play interaction, mothers & their 20 mo olds, US vs Argentina, 17321
failure to thrive, risk for clinical disturbance of attachment in infant–caregiver relationship, mothers & infants, 14656
family & child characteristics, child care decisions & attachment security, 2–30 mo olds & their mothers, 6 mo study, 17502
family conflict stress interactions, systolic & diastolic blood pressure & heart rate & concordance of physiologic response, African American hypertensive vs normotensive mother-daughter dyads, 10517
family religious life, quality of relationship, mothers & children, 23 yr study, 7638
family structure & parenting challenges, 19–62 yr old African vs European American vs Latina mothers infected with HIV, 28084
feeding & attachment interaction, infants with vs without orofacial clefts, 9 mo followup, 8495
frightening maternal behavior & infant disorganized attachment, mothers with resolved vs unresolved loss & their infants, 10876
gender & birth order, perceived childrearing & rejection & emotional warmth & overprotection & favoritism by mother vs father, Ss with mean age of 21.2 yrs, Japan, 36987
generational interactions & gender roles, 15–30 yr old females & their mothers, 20723
health & development & temperament & body satisfaction & nutritional status & mealtime interaction, 1–4 yr old offspring of women with anorexia nervosa &/or bulimia, 11757
hearing status of mother–child dyad, expressive & receptive language & symbolic play abilities, 2 yr olds, 28227
home visiting intervention & quality of partner's support, infant's reaction to brief separation & expectation of being cared for & mother's responsiveness to needs of infant, at risk mothers, 2605
hypothetical transgressions involving short- vs long-term socialization issues in different relationship contexts, parental socialization strategies & other interactions, 31–52 yr old mothers, 33782
identity & relationship perceptions & interactions around identity beliefs & adolescent identity development, 11–16 yr old adjudicated females & their mothers, 10860
incest, parenting perceptions & behaviors, incest survivor mothers, 8271
inclusion & treatment of effects of day care & maternal employment on children, introductory psychology textbooks, implications for psychology education, 32210
individual & ecological factors & stability & change of secure & disorganized attachment, socioeconomically disadvantaged mother–infant dyads, 36829
infant age & neurological status & maternal education & ethnicity & observation location, mother–infant interactions, medically fragile infants followed to 6 mo corrected age & their mothers , 24703
infant communication education, quality of postnatal interaction, 18–40-yr-old first time mothers & their neonates , 11039
infant irritability, maternal responsiveness, mother & 12 mo old infant dyads, 6 mo followup, 7536
interaction quality in feeding & teaching situations, 17–36 yr old drug-addicted mothers & their infants, 9 mo study, 24513
interactions with mother vs familiar nondepressed adult, frontal electrical brain activity, 13–15 mo olds of depressed mothers , 36702
intergenerational development of academic competence & aggressive behaviors, young mothers & their children, 17 yr study, 832
intraindividual variability in crying & fretting/fussing & smiling & physical contact with mother, newborns at 5 vs 10 vs 15 mo, 23649
left side cradling preference, 24 yr old mother with dextrocardia, 8517
linking facts & fiction & expression of need for parenting experience during brief parent work in psychoanalytic sessions, 32 & 29 yr old mothers who lost their mothers as children, 15251
lived experience & meanings of caregiving for children with end stage renal failure, 19–57 yr old mothers & their 1–18 yr old children, 24713
malnutrition, mother–child interaction, children & their parents, Haiti, 21412
manipulative play interactions, infants acquisition of cultural meanings, mothers & their 10–30 mos old children, 33668
marital aggression, problem-solving behavior with children & use of these variables as predictors of emotional & behavioral problems, 31–51 yr old mothers & 8–12 yr olds, 1127
maternal adjustments in scaffolding in school-like vs home-like learning tasks, low-income Latino mother–child dyads, 20752
maternal age at birth & child's educational & psychosocial outcomes, 18 yr olds, 18 yr study, 14006
maternal anger & child behavior problems, divorced custodial mothers (mean age 41.87 yrs) & children (mean age 14.92 yrs), 27191

maternal attachment behavior, childhood psychopathology & etiology & maintenance of problematic parent–child interaction, 2–7 yr olds with vs without psychiatric problems & their mothers , 37274
maternal attentiveness & overprotection & mothers as housewives, social skills & popularity & sociability & brattiness, 12 yr old only children vs children with siblings, South Korea, 17329
maternal coldness & dissatisfaction & insecure attachment in model of development of self-criticism in adolescent females, 12–15 yr old females & their mothers, 23787
maternal control & support & eating cues delivered during mealtime, child's eating rate & caloric intake, mothers & their 3.5 yr olds, implications for obesity development, 17500
maternal depressive symptoms, maternal HIV status & child depressive symptoms, mothers with vs without HIV & their 6–11 yr olds, 4838
maternal education & teaching behavior & beliefs & context, child's test performance on memory task, African American mothers & their 4-yr-olds, 36979
maternal employment status, perceived child resilience, Korean mothers of 4–6 & 9–11 yr olds, US, 7672
maternal generation from Mexico, receptive & expressive communication, 22 mo olds from Mexican-American families who graduated from NICU, 10787
maternal gestures & prosody during play & different stages of sensorimotor development, development of conversational competence, 4–14 mo olds, 10-mo study, 17242
maternal history & parenting behavior & concurrent stressors & child behavior & adjustment outcome & socially desirable response, mothers with low levels of self-reported depressive symptoms, 21093
maternal interactive style & child behavioral & emotional & physiological regulation, mothers & 24 mo olds, 1139
maternal nutritional knowledge & feeding practices, childhood anemia, low income mothers (aged 12–21 yrs) & their children, 34550
maternal response latency & verbal/vocal vs nonverbal vs intermodal responses to infant signals, mothers & their 3-mo-olds, 17349
maternal responsiveness & directive behaviors & development of child with visual impairments, mothers & their 20–36 mo olds, 28230
maternal responsiveness during infancy, development of behavior problems, high risk 8.8–11.7 yr olds, 10886
maternal responsivity & involvement & control style, preschool competency, preschoolers born at medical risk & their mothers, 7700
maternal sensitivity during infancy & subsequent life events & relation to attachment representation at early adulthood, prematurely born children followed prospectively from birth to age 18 yrs, 20547
maternal sexual overstimulation in childhood as cause of unstable gender identity, 22 yr old male undergoing psychoanalysis, 5005
maternal smoking & socialization & parenting support & control practices, intergenerational transmission of adolescent smoking, mothers & their children, 835
maternal social competence & psychological symptoms, prediction of child social skills & peer acceptance, 26–48 yr old mothers & their 5–6 yr old sons vs daughters, 20599
maternal soothing & everyday distress, cortisol & behavioral stress responses, infants, 13895
mediated learning experience strategies in mother–child interactions & child's cognitive modifiability & SES & mother's intelligence & child's personality & situational variables, 23728
mediating role of parenting & quantity of nonmaternal care & problem behavior & adjustment, 3–5 yr old firstborn male children, 17319
methodological factors affecting screening for suicidal ideation, children & adolescents of depressed vs well mothers, 5025
model for understanding mechanisms & moderators of transmission of risk for psychopathology & abnormal development, children of depressed mothers, 27519
model of stress & coping dynamics applied to parenting adjustment & infant development, primiparous mothers at 1 vs 6 vs 12 mo postpartum, 1145
mother & child psychosocial adjustments with HIV-infected vs. non-infected mothers, 37789
mother's caregiving practices & child's language abilities, low-income teenage mothers of 30 mo olds, 23707
mother's harsh discipline practices, relation between mother's hostile attribution tendencies regarding children's behavior problems, 4–6 yr olds, 4 yr study, 27205
mothers' patterns of talk with preschool children about physical disabilities & Down syndrome, children's ideas about & interactions with classmates with disabilities, 4.7 yr olds & their mothers, 27472
mothers' representations of attachment to their children & observed mothering behavior, mothers (mean age 28.4 yrs) & their 10 mo olds, 11 mo study, 20762
mothers' singing to infant vs preschool children & acoustic features, version identification & tone of voice & articulation ratings, 19–66 yr old listeners, 23052
mothers' vs fathers' interactions with infants, couples with history of infertility vs adoptive couples, 30342
mother–child attachment & maternal support & caregiving characteristics, mother–child dyads, Indonesia, 14168
mother–child interaction & communication, 2–10 yr old children with severe physical disabilities & motor speech disorders, 37728
mother–child interactions & beliefs about familiar vs unfamiliar peers, prediction of social acceptance & aggression, 7–9 yr old males & their mothers, 2 yr study, 20583
mother–child relations & peer victimization, 9.4–14.3 yr olds , 918
mother–daughter relations, low income Hispanics 14–16 yr old mothers & their mothers, 1129
mother–infant affect synchrony as antecedent of children's self-control at 2 yrs, infants & their mothers, 7505
mother–infant bed-sharing, body temperature, 11–15 wk old infants habituated to bed-sharing vs solitary sleeping, 26945
mother–infant interaction following recovery from severe post partum mental disorder, females with schizophrenia, 34187
Multidimensional Perfectionism Scale, gender & family patterns of self- & other-oriented & social prescribed perfectionism, 17–38 yr old undergraduates & their 36–70 yr old mothers & fathers, 16329
narrative themes of the meaning & experiences of caregiving relationship, daughters (aged 48–60 yrs) & their aging mothers (aged 71–92 yrs), 30322
negative maternal attributions & parent-to-child projective identification & intergenerational transmission of violent relational patterns, mother & daughter in psychotherapy, commentary reply , 18017
negative maternal attributions & parent-to-child projective identification & intergenerational transmission of violent relational patterns, mother & daughter in psychotherapy, 18016
neonatal individual differences & behavior & initial maternal interactional style, infant developmental outcome, preterm infants & their mothers, 6–8 mo study, 33583
nonmaternal child care & maternal sensitivity &child positive engagement during mother–child interaction, mothers & their infants, 3-yr study, 36818
novel & familiar situations, physical contact & visual references & exploration level, northern German (mean age 12.37 mo) vs US (mean age 12.18 mo) infants & their mothers , 20624
observational context & duration & frequency & infant age, maternal behavior & attachment, mothers & their infants, 1 yr study , 4635
parent-child interaction therapy with a family at high risk for physical abuse, case study, 38105
parent-training program, parenting practices & child adjustment, 21.4–49.6 yr old divorcing mothers with 1st–3rd grade sons, 33784
parental vs filial childhood context & somatic development & puberty onset, mother–child & father–child dyads, 834
parenting stress & coping behaviors & child abuse or neglect, mothers of children under age 4 prenatally exposed to cocaine, 5081
participation in administration of infant assessment, mother–infant interaction & infant development, depressed 15–30 yr old mothers & neonates, 1 mo study, 8100
patterns of & changes in maternal support & conflict, prenatal vs postnatal stress & self esteem & health & knowledge of infant development, pregnant 12–20 yr olds, 902
patterns of mother–child interaction & private speech use & behavioral self-regulation, 3 & 4 yr olds with behavior problems, 34311
peceptions of mother–daughter closeness & reliability & collectivism, 25–35 yr old European- vs Asian Indian- vs Mexican-American daughters, 27180
perceptions of 16–38 mo olds in their care in kibbutz setting, mothers & nonmaternal caregivers, 23901
perceptions of socialization practices & quality of attachment, mothers' & their preschoolers & students entering primary school, 10847
play interactions & verbal communication, low vs middle SES African American mothers (aged 20+ yrs) & their 12–18 mo old infants, 36978
play-based family therapy, internal & external influences & child adjustment & mother–child relationship, preschoolers who have witnessed female abuse & their mothers, 34897
proximal & distal maternal characteristics & maternal control style, mothers & their 4-yr-old children, commentary, 20751
proximal & distal maternal characteristics & maternal control style, mothers & their 4-yr-old children, 20765
proximal & distal maternal characteristics & maternal control style, mothers & their 4-yr-old children, commentary reply, 20764
psychoanalytic aspects of & nurse–therapist collaboration in intensive inpatient treatment & therapeutic community, mothers & their infants & children in severe child abuse cases , 5898
psychological distress & parenting stress, mothers of high vs low risk very low birth weight infants, 1 & 8 mo & 1 & 2 & 3 yr followups, 11046
psychological view of delayed speech & expressive language disorder & mother–child communication & relations, 1912
quality of & strengths in mother–child relationships, adult children of divorced mothers, implications for adolescent development & boundary notions, 20733
quality of mother–child interaction at age 12 mo, self & mother feature knowledge, 20 mo olds, 23767
reflectivity of childhood experiences in family of origin, parenting sensitivity & responsibility, adolescent mother—infant dyads (mean age 17.2 yrs), 5–6 mo followup, 13996
relationship positivity & conflict & self-reported & observed parent–child interactions & child depressive symptoms, parent & child relationship attributions, 10–12 yr olds & mothers & fathers, 7670
reliability & stability of Q-sort attachment security, 2 yr olds, 2–4 yr followup, 7547
repetition of mother–infant dyad & process of dying, 43 yr old HIV-positive male in psychoanalysis , 31120
representational attachment & separation models in infancy & childhood, 6 yr olds & their mothers, 5 yr study, 10893
risk & protective factors, child self-regulation & self-worth, single-mother headed rural Black families with 6–9 yr olds, 23907
risk of attachment disturbances, 25–40 yr old mothers & their 12 mo olds born 12–19 mo subsequent to perinatal loss, 23768
role & manner of address of caregiver, self-evaluation of goodness or badness in interactions with caregiver vs nursery school teacher, Israeli 5 yr olds from town vs kibbutz, 13992
security of infant–mother attachment relationship at 1 yr & mother's attachment history, child's understanding of mixed emotions, 6 yr olds & their mothers, 27078
sensory & endocrine & neural mechanisms & importance of learning & plasticity, mother–infant relationship, mechanism for intergenerational transmission of parenting styles & responsiveness, 29926
sequential model of regulation of negative emotions & mother–child interactive processes, 2 yr old females & their mothers, Germany vs Japan, 36798
sequential relationship between child's aversive behavior vs compliance episodes & mothering reactions via predictability hypothesis, abusive vs nonabusive mothers & their 4–13 yr olds, 17981
single parenthood, school readiness & achievement, 6–7 yr old children of White vs Black vs Hispanic 21–31 yr old mothers, 32264
stability & change in intrusive & withdrawn behavior of mother–child interaction & mother–boyfriend interaction, 16–23 yr old mothers of 3–5 mo olds, 14486
stability in maternal responsiveness, infant expressivity & matching maternal responses, infants at 11 & 12 mo & 9 & 13 mo & their mothers, 23776
stability of joy–pleasure/coherence & anger & guilt–separation/distress in maternal representations of relationship with toddler, 15 mo old 1st born sons & their mothers, 13 mo study, 23646
support group, 9–13 yr olds whose mothers are living with HIV, 15399
synergy of verbal psychoanalytic individual therapy & nonverbal dance therapy group in treatment of relationship, mothers & infants , 37959
temperament & maternal interaction & disengagement vs engagement behavior, infants & their mothers, 10835
ultrasound examination, anxiety & stress & maternal–fetal attachment & health behavior & attitudes towards & pregnancy & fetus, 31759
unwanted children, mother-child health & family life & mother-child interaction, mothers & their unwanted adult children, 33762
videotape intervention for supportive behavior development, maternal attitudes toward molestation & child perception of support, 4–12 yr old sexual abuse victims & their mothers, 18965
views of children & caregiving responses to violence, battered mothers, 24465

Mother Child Relations—Books

Lev Vygotsky: Critical assessments: The zone of proximal development, Vol. III, 7453
Too long a child: The mother–daughter dyad, 11023

Adjustment of adult–child instruction according to child's age and task, 7482

Attachment in rhesus monkeys, 20048
Attachment quality in young children of mentally ill mothers: Contribution of maternal caregiving abilities and foster care context, 37296
Balancing for weaknesses and challenging developmental potential: A longitudinal study of mother–infant dyads in apprenticeship interactions, 7473
Beyond the "blues": Hypotheses about postpartum reactivity, 14520
Chantal Akerman: Splitting, 26883
Contributions of experimental and clinical perturbations of mother–infant communication to the understanding of infant intersubjectivity, 17891
Deprivation and children in care: The contribution of child and adolescent psychotherapy, 34941
Development of children's self-regulations in idealized and mother–child interactions, 7478
Disorganized attachment and developmental risk at school age, 36862
The effects on attachment of overnight visitation in divorced and separated families: A longitudinal follow-up, 36868
The emotional dynamics of disruptions in attachment relationships: Implications for theory, research, and clinical intervention, 20470
Environments and stress reduction, 20471
Explaining disorganized attachment: Clues from research on mild-to-moderately undernourished children in Chile, 36872
Indices of attachment disorganization among toddlers with neurological and non-neurological problems, 37785
Leah's analysis, 21839
"Mama, why don't your feet touch the ground?": Staying with the body and the healing moment in psychoanalysis, 2267
Mixed metaphors—dependency or defence: Art therapy as an intervention within a mother–daughter relationship, 19097
Mothers and fathers teaching 3-year-olds: Authoritative parenting and adult scaffolding of young children's learning, 7481
The nature of the child's ties, 20459
Parenting, etiology, and personality-motivational functioning in children with mental retardation, 34487
A personal argument in favor of rational suicide, 11592
A relational diathesis model of hostile-helpless states of mind: Expressions in mother–infant interaction, 36859
Resilience in postdivorce mother–child relationships, 30334
Resiliency in families with a member facing AIDS, 31150
Security of attachment and maternal tutoring strategies: Interaction within the zone of proximal development, 7573
The shifting focus of maternal tutoring across different difficulty levels on a problem-solving task, 7476
The social organization of early number development, 7484
The transfer of alcohol to human milk: Sensory implications and effects on mother–infant interaction, 13848
Unresolved loss and infant disorganization: Links to frightening maternal behavior, 36866
Women's relationship with their bodies, 34009

Mothers [See Also Adolescent Mothers, Single Mothers, Unwed Mothers]—Serials

accuracy of memories of conversations with preschool children, mothers, 10180
adjustment to birth of second child & use of verbal & nonverbal behaviors toward children, 22–35 yr old mothers, 17487
adult to child ratio in home, psychosocial adjustment, African American 6–11 yr olds with HIV-infected mothers , 11832
agency in maneuvering own fertility careers in context of social & economic & kinship constraints, rural women, India, 27179
association between interpersonal factors & depressive symptoms, 1st-time mothers, 2 yr study, 1332
beliefs & intuitions about maternal intentions & control of physically heritable vs nonheritable traits vs beliefs in parent–offspring resemblance, preschoolers vs college students, 26953
cause & nature of atypical EEG patterns & infant temperament & levels of affection toward mother, 13–15 mo olds of depressed mothers , 34099
change in role perception & role conflict & psychological health, 26–45 yr old employed mothers, 17516
characteristics & maternal beliefs of aggressive & withdrawal behavior, mothers & their toddlers, 2 yr followup, 23906
child characteristics & family income & cohesion & support, child-related &/vs parenting stress at child's 3rd & 5th birthdays, mothers of developmentally disabled children, 11703
child directed speech, associative learning, mothers with depression & their 4-mo-olds, 24203
child's clinical characteristics & parental emotional reactions, childrearing practices, 0–12 yr old males with hemophilia & their mothers, 21449
childhood temperament & sex-differentiated maternal childrearing attitudes, development of temperament dimensions of activity & sociability & negative emotionality, 6 yr olds, 9 yr study, 7516
classification & cluster analysis of parenting practices & their relation to demographic characteristics & reported child behavior problems, mothers of young children, 30338
cognitive-behavioral therapy in teaching problem solving for illness & related aspects, mothers of newly diagnosed patients with pediatric cancer, 25299
community mobilization resulting from commitment to identity of mother & cultural identity, Brazilian females, 1174
comorbidity of anxiety & depression & prevalence of subclinical PTSD & utility of PTSD Checklist-Civilian Version as PTSD screening instrument, 22–54 yr old mothers of childhood cancer survivors, 8189
conceptual dimensions of worry in relation to women's childbearing adaptation, implications for health promotion strategies, 23900
conceptualizations of roles in families with intrafamilial sexual abuse & impact on professionals' perceptions, mothers, 21232
conditions & factors & methods that empower women & mothers for social action & health promotion movements, meta-analysis of 40 cases from industrial & less-industrialized nations, 37000
conditions of proximity & separation & potential loss, postpartum behavior & thoughts & maternal bonding, mothers, 33964
coping of & psychotherapeutic approach for child witness of mother's murder by father, 11 yr old male, 2165
coping strategies, 31–52 yr old mothers of children with ADHD, 27914
coping strategies, noncustodial mothers , 7740
cultural differences in child rearing attitudes, immigrant Chinese vs Anglo-American mothers, 7704
custody arrangement & marriage length & divorce hostility & spousal support & conflict & coparenting relationship, post-divorce attachment to former spouse, custodial mothers (mean age 36 yrs), 27194
defensive approach to mothering experiences, 18–44 yr old mothers with HIV, 18307
demographics & diagnosis & psychiatric history & current information & mother–infant behaviors, women admitted to specialist program in a psychiatric mother–baby unit, 2652
development & evaluation of minimal-intervention exercise promotion program, 23–42 yr old mothers of preschool children, 22086
Down syndrome & life events, behavior problems, mothers vs teachers of 6–15 yr olds with Down syndrome, 24632
economic variables & stress, married 19–60 yr old employed women with children, 17646
electroconvulsive therapy, women with puerperal psychosis, 31684
employment status & length of maternity leave & role quality as predictors of mental health, female homemakers vs part-time vs full-time employees, 1 yr post-delivery, 4656
evolutionary perspective, postnatal depression & distress as adaptive response currently seen as dysfunctional in isolated society & culture, mothers, 27200
experiences & perspectives of economic & psychological benefits of employment, employed mothers with at least 1 disabled child, 30569
experiences of motherhood & postpartum depression, mothers, 21094
factors influencing potential for abusive parenting, 18–39 rural mothers of low-birth-weight children, 18012
factors predicting distress & adjustment & personal growth, 16–40 yr old mothers of infants with life threatening illness requiring hospitalization & technology for survival, 16 mo study, 21476
factors that predict anticipation of future caregiving, grandmothers (aged 57–92 yrs) & mothers (aged 39–71 yrs) & granddaughters (aged 18–44 yrs), 7677
family adjustment & partner support & infant's impact on family & levels of depression during hospitalization & homecoming & 6 wks after homecoming, mothers of low vs very low birth weight infants, 30679
family structure & parenting challenges, 19–62 yr old African vs European American vs Latina mothers infected with HIV, 28084
features of social support networks, Chinese working mothers, Peoples Republic of China, 27155
feeding patterns & attitudes toward eating, eating-disordered mothers & their female offspring, 18169
food rules imposed on children, lower vs higher class mothers in Netherlands vs Belgium vs Germany, 1143
frequency of use of corporal punishment in everyday situations, rural low-income 1st-time young mothers of toddlers, 27201
health-enhancing behaviors & attitudes & breastfeeding, 17–45 yr old mothers with children 3 yrs or younger, 25359
hierarchical levels of identity & human agency as revealed in expressions of parental identity, 30–42 yr old mothers, 27407
identity semi-deterministic notions of intergenerational, transmission of abuse, mothers, 37453
IFEEL method using infant facial photographs, interpretation & understanding of newborn infant emotional states, Finnish vs Croatian vs American mothers, 33656
incest, parenting perceptions & behaviors, incest survivor mothers, 8271
information processing, 8–12 yr old children of mothers with vs without depression, 21112
judgments & working definitions of neglect, African American mothers vs child welfare workers, 30841
knowledge of physician prescriptions & adherence to treatment, 6–10 yr olds with cystic fibrosis and their mothers, 38409
latent trait–state model of depressed mood, mothers & their adolescent offspring, 18 mo study, 7559
lives & daily occupations & subjective well being, 27–42 yr old Mexican-origin mothers parenting 5–11 yr olds with disabilities & living at or near poverty level conditions, 1401
living in transition housing vs emergency shelters vs doubled-up arrangements, social support, low-income housed vs homeless mothers with a child in Head Start, 1123
maternal & child characteristics & social support from own network & public health nurses, 17–42 yr old 1st-time mothers of 3 mo olds, 25414
maternal age at birth & child's educational & psychosocial outcomes, 18 yr olds, 18 yr study, 14006
maternal attendance at religious services & child's behavioral & social functioning, 11–13 yr olds with vs without risk of having psychiatric disorders & their mothers, 24174
maternal characteristics & attitudes toward & sources & quality & other characteristics of social support, low-income maltreating mothers of preschool children, 17977
maternal depression, infant temperament, mothers (aged 17–42 yrs) & children, 18 mo study, 27638
maternal depressive symptoms, maternal HIV status & child depressive symptoms, mothers with vs without HIV & their 6–11 yr olds, 4838
maternal employment status, perceived child resilience, Korean mothers of 4–6 & 9–11 yr olds, US, 7672
maternal history & parenting behavior & concurrent stressors & child behavior & adjustment outcome & socially desirable response, mothers with low levels of self-reported depressive symptoms, 21093
maternal involvement & support networks & dependent offspring's participation in day treatment or ambulatory care, well-being & psychological distress, mothers of adults with psychiatric disabilities, 18952
maternal personality & social skills, communication patterns during pediatric well child exams, mothers of children under 2 yrs & pediatricians, 15471
maternal role satisfaction & hostile child-rearing attitudes & child's temperament & development of depressive tendencies, mothers & their 6 yr olds, 9 yr study, 24204
maternal sensitivity, child's attachment security, Colombian mother-child dyads, 36984
medical & feminist theories in relational approach to postnatal depression, 20–39 yr old mothers , 4916
methodological problems & ethical considerations in assessment & reporting of maltreatment, children of battered mothers, 21247
MMPI-2 validity scales, mothers in child custody evaluations who do vs do not exhibit parental alienation syndrome behaviors, 1480
mother & father & child characteristics & risk for child abuse & neglect, 16–40 yr old mothers with intellectual disability referred to court for child protection concerns, 14861
mother's harsh discipline practices, relation between mother's hostile attribution tendencies regarding children's behavior problems, 4–6 yr olds, 4 yr study, 27205
nonmaternal child care & maternal sensitivity &child positive engagement during mother–child interaction, mothers & their infants, 3-yr study, 36818
paradox of loss & happiness in postpartum depression over transition to motherhood, 21–41 yr old females, longitudinal study, 21101
parental stress & maternal social support, mothers of 7-yr-olds born at very low birthweight, 4632
parenting stress & coping behaviors & child abuse or neglect, mothers of children under age 4 prenatally exposed to cocaine, 5081

past vs current vs other drug problems & punitiveness toward their children, female adults, 34366
perceived impediments to prenatal care among low-income women, 14–44 yr old African American mothers, 22142
perceived impediments to prenatal care among low-income women, 14–44 yr old African American mothers, commentary reply, 22143
perceived impediments to prenatal care among low-income women, 14–44 yr old African American mothers, commentary, 22119
perceived role restriction & depressive symptoms, mothers of 5–8 yr olds with chronic health conditions & functional limitations, 37758
perceived stigma & self-esteem & moderating effects of coping skills & disclosure of mother's sexual orientation, 11–18 yr olds with lesbian mothers, 23765
perceived stress & prenatal care utilization & major life events & adequacy of prenatal care, mothers, implications for social work practice, 22149
perception of own mothering practices, 20–41 yr old drug-abusing mothers, 21294
perceptions of denial in drug recovery process, 18–31 yr old & older pregnant & parenting chemically dependent females in treatment, 19058
perceptions of effects of homelessness & shelter life on family relationships, formerly homeless 19–52 yr old mothers of 6 mo to 16 yr old children, 4636
perceptions of socialization practices & quality of attachment, mothers' & their preschoolers & students entering primary school, 10847
pericentric inversion of chromosome 9, mother & son with schizophrenia, 4947
personal values & perceived spouse preference & family income, maternal employment intent & choice following childbirth, expectant parents, 9577
phenomenological analysis of descriptions of guilt & its meaning, 30–45 yr old working mothers, 17659
postponed motherhood & related counseling issues, 42 yr old female with 5 yr old son, 18530
power bouts vs single acts of noncompliance in discipline episodes, maternal behavior & cognitions, 26–43 yr old mothers & their 3.1–3.8 yr olds , 11043
premature birth & social support, maternal ratings & perceptions of temperament, 34 weeks gestation preterm vs normal term infants at 4 months old, 7520
prevalence of axis I disorders, low-income housed vs homeless 15–58 yr old mothers, 1444
prevalence of maternal social phobia, shy 4-yr-olds, 24325
prevalence of motherhood & demographic characteristics & perceived need, hospitalized 29–66 yr olds with severe mental illness, 37271
prevalence of thoughts of harming & fear of being with & inability to care for one's infant, mothers with clinical depression, 27526
psychoeducational support group, role conflict & behavioral changes to reduce stress & cognitive restructuring & experiential outcomes, working 38–48 yr old mothers with 5–15 yr old children, 5566
psychosocial class processes & inequalities, female subjectivity & mothers' attitudes toward children's education, working vs middle class mothers of primary school students, 18 mo study, 14123
psychosocial variables & mood, breastfeeding, healthy mothers of infants, Barbados, 6-mo study, 17501
PTSD & major depression, mothers of children with severe burn injuries, 4870
rationale & implementation of social work group & establishment of community & surrogate family ties & exploration of family & parenting & health issues, HIV positive mothers, 15395
readiness for weight management & relation to body weight & weight-related distress & lactation status, new mothers, 25374
reasons for becoming child care provider & perceived differences between family day care & natural mothering, adult females, 25458
recall & understanding of information given at time of preterm vaginal vs caesarean delivery & symptoms of depression, 17–40 yr old mothers of at risk preterm babies requiring neonatal intensive care, 35077
responses to care given by male student nurses during & after birth, 20–40 yr old mothers, 18924
risk of children being sexually abused & parenting abilities, mothers who were sexually abused, 1716
scores on Maternal Separation Anxiety Scale, adolescent vs adult mothers, 23902
sociodemographic factors & mother's health behavior & pregnancy outcomes, epidemiology of behavioral problems, 16–42 yr old nulliparous mothers of children assessed at age 3 yrs, Finland, 30139
socioeconomic & demographic factors & somatic health problems & negative life events & chronic strain & social support, symptoms of anxiety & depression, 19–46 yr old mothers of toddlers, 17676
stepmothers & stress, 17497
strategies employed by lesbian birth mothers & comothers to gain acceptance for their marginal–mainstream identities in family networks, 30358
structural components of decision making about use of alternative child care arrangements, mothers of 4–12 yr olds from working class neighborhood, Hong Kong, 33790
support networks, 24–43 yr old mothers with intellectual disability in different living arrangements, 14866
theoretical model of identity development & role perception during transition to motherhood, adult females, 33998
transition to motherhood & impact on relationship with spouse, 25–32 yr old employed vs unemployed Korean women, 27177
understanding & helping mothers of special needs children using personal construct psychology in a group setting, mothers of 3–12 yr olds, 38115
use of psychological strategies & assessment instruments for identifying mothers from care-managed families at risk for & psychosocial factors in major depression, social workers, 30656
utility of maternal recall for obtaining history of obstetric complications, mothers of schizophrenic patients, 1573
working mothers' child care choice behaviors in the US, 11042

Mothers [See Also Adolescent Mothers, Single Mothers, Unwed Mothers]—Books

Disordered mother or disordered diagnosis?: Munchausen by Proxy Syndrome, 4892
My mother's breast: Daughters face their mother's cancer, 21514
Too long a child: The mother–daughter dyad, 11023

Mothers [See Also Adolescent Mothers, Single Mothers, Unwed Mothers]—Chapters

The adult–child dyad as a problem-solving system, 7707
Empowering mothers of sexually abused children: A positive framework, 5066
The families of neglected children, 8304
Influences on maternal attribution of infant intentionality, 17222
Resilience in postdivorce mother–child relationships, 30334

Moths—Serials

effects of 5–hydroxytryptamine, responses of macroglomerular complex projection neurons to female sex pheromones, male sphinx moths, 36428

Motion Parallax—Serials

induced motion & motion capture & motion transparency, college students, 19742
presentation of different visual depth cues, effects of binocular disparity &/vs motion parallax on task performance, Os, implications for the design of telepresence systems, 35744
selective adaptation approach to perceptual depth synthesis processing from stereopsis & motion parallax & texture, college students, 10054
speed & optic flow patterns, judgments of depth of large targets briefly presented in upper periphery, Os with normal visual acuity & stereopsis, 3490
utility of simple & multiple motion parallax & separation ratio for perception & control of heading in computer-simulated self-motion task, graduate students , 10028

Motion Perception [See Also Apparent Movement, Motion Parallax]—Serials

2 types of bimodal direction tuning in middle temporal area, monkeys, validation of visual motion detection model, 33168
2-dimensional motion stimuli with high vs low spatial frequency, responses of nonlinear neurons in area 18 of visual cortex, adult cats, 23394
ability of visual system to integrate biological motion over space & time & comparison with simple translational motion, 173
acoustic cue weights, auditory motion discrimination, listeners , 32874
action-centered model of selective attention in virtual environments during visual movement displays, Os, 26454
adaptation to high vs low velocity moving visual stimuli, differential coding & perceptual aftereffect in opposite direction, humans, 32855
age & local motion & sensitivity to global motion & speed, 18-wk study, 6- vs 12- vs 18-wk old infants, 33607
analysis of eye movements for understanding of visual motion processing & visual flow field & representation of visual surrounding in 3 dimensional environments, primates, 332
attention switching & discrimination between 2 surfaces defined by transparent motion, adults, 26386
attention to heading vs 3-D object at focus of expansion in straight-line movement through stationary environment, perceived heading & object motion, Os, 10057
attention, processing of visual motion in middle temporal & medial superior temporal visual cortical areas using identical sensory stimulation, monkeys, 33258
attention, visual evoked potentials triggered by motion-onset, 18–43 yr olds, 36181
attentional demands, accurate monitoring of bodily orientation changes, 21–38 yr olds, 36123
attributed intentionality of moving groups vs objects, college students, 23984
audio vs visual vs audiovisual presentation of stimuli, accuracy of judgments of traffic speed, 18–52 yr olds, implications for assessing witness capabilities, 36125
axis-of-motion of stimuli, visual direction & speed discrimination, Os, 19737
binaural timing of acoustic stimuli patterns, motion perception & MRI detection of right auditory cortical activation, humans, 33189
chromatic properties of moving objects with vs without adequate luminance, motion perception in middle temporal area neurons, macaques, 26645
chromatic system & perception of global motion cues, Os, 10021
chronometry of real vs imagined movements, 9–10.9 yr olds with developmental coordination disorder, 37766
coherence detection & form from motion & biological motion at high vs low light levels, adults, 36151
coherent motion detection & letter positioning performance in lexical decision & RT task, adults with good vs poor detection ability, 3428
color &/vs luminance-based motion signals, perceived speed & direction of 1- vs 2-dimensional motion, Os, 23025
complex motion pattern in random dot stimuli & stimulus presentation order, perceived dot speed & magnitude of speed illusion, human Ss, 3464
computation performed by lobula giant motion detector & descending contralateral motion detector in response to objects approaching on collision course, locusts, 10412
computational model of selective deficits in first & second order motion processing, neurological patients, 11880
configural information of human form, perception of point-light displays of human locomotion, human Ss , 36171
continuous motion viewing & immediate vs stored motion aftereffect, functional MRI activation in cortical motion complex, healthy human Ss, 13533
contrast vs spatial frequency vs flicker modulation classes of novel second-order reversed-phi stimuli, perceived motion direction, observers, 32825
contrast, motion of luminance vs chromatic stimuli & threshold amplitudes for relative & static Gabor patches, 32821
cortical cell tuning for binocular disparity, perception of transparent motion, Os, 19728
course of learning & transfer of performance changes in direction discrimination of primary- vs temporal frequency- vs motion-defined stimulus, 13–56 yr olds, 16528
data collection for visual motion extrapolation task using Java-based time-critical graphical animation on World-Wide Web, adult Web users vs laboratory Os, 36082
deformation in optic flow & perceived surface slant & angular velocity in orthographic projections of rotating random-dot planes, adult Os, 10027
depth & retinal motion distribution, steering accuracy in perceptual control of heading from flow field, Os, 19750
dichoptically cancelled textures & monocular input, motion-from-texture perception, Os, 26349
direction changes in orientation vs velocity of plaid stimuli, visual discrimination of angular motion, Os , 16526
direction discrimination at detection threshold for slow & fast chromatic motion, 6776
direction of motion for red/green modulated vs isoluminant gratings & motion detection thresholds as seen in quadrature motion paradigm, 3 mo vs 19–59 yr olds, 17267
direction of rotation & contribution of knee & hip & ankle joints, perception threshold for support surface rotation, human Ss (mean ages 33 & 32 & 30 yrs), 23013
direction selectivity of motion-based filtering & role of target direction cues in visual search for conjunctions of motion & form, 17–42 yr olds, 29509
directional recruitment & perception of streaming in visual targets moving directly toward then past each other in ambiguous display, Os, 32848
discrimination of cube & pyramid objects with rotational & featural transformations in static vs dynamic go/no-go procedure, male pigeons, 10244
disparity of signal & noise elements in stereoscopic depth cues, motion perception thresholds, stereo-normal vs stereo-blind Os, 19753
earth-stationary perceived visual scene during roll vs yaw motions, 23–31 yr old males in flight simulator, Netherlands, 6788
experience-dependent integration of texture & motion cues to depth, Os, 36156
extent of oblique vs meridional orientation effect in color-defined motion throughout visual field, adults, 16468
eye movements & perception of heading direction, 23037

eye movements, perceived speed of visual motion, adult Os, 13221
feasibility of computer graphics based method, assessment of stereomotion thresholds, adults, 3484
field size vs velocity vs visual fixation, perception of self-body rotation & tilt, 18–51 yr olds, 23000
frequency oscillation, visual perception of 0 vs 180 degree relative phasing of interlimb movements, adults, 13187
frequency-of-seeing analysis, characterization of differences in motion thresholds, eyes of glaucoma vs suspected glaucoma patients vs normal Ss, 13029
functional consequences of visual focal attention & metacontrast masking for moving objects, 30–63 yr olds, 36157
high- vs low-level attentive/nonattentive mechanism in mediation of perception of apparent motion of contours defined by texture, adults (mean age 28 yrs), 23021
image segmentation cues based on color & polarity & uniqueness of signal & noise identities, motion coherence & attendance to location in space, Os, 16515
induced motion & motion capture & motion transparency, college students, 19742
influence of 3-D structure-recovery stage on motion correspondence in 2-D velocity-measurement process, Os, 23040
influence of motion signals on perceived position of spatial pattern , 16563
influence of movement & outcome on attributions of intention for targets, 3.0–4.2 vs 4.11–6.0 yr olds, 20511
interaural time delay & interaural intensity difference, lateralization of moving auditory image, 23–42 yr olds, 6794
interrelations among movement amplitude & movement time & peak velocity in reaching for stationary & moving objects, 20–31 yr olds , 6831
large stationary landmark, memory for the location of a smaller moving target, undergraduates, 32962
learning of spatio-temporal interpolation in depth & relation to spatio-temporal interpolation in 2 dimensions, observers, 16478
left vs right brain hemisphere dominance, visual motion processing, deaf adults, 24875
lesions of extrastriate cortex, transient & permanent deficits in motion & direction perception & spatial orientation, monkeys, 16945
local features or global objects in detection of moving targets in visual search task, college students, test of movement filter hypothesis , 10025
location-based frames of reference & object-based inhibition of return in static vs moving displays, 18–35 yr old undergraduates, 167
long-range interactions in motion integration of barber-pole configuration, adults, 32794
lorazepam, motion integration & segmentation, Os , 17041
low micropattern densities & positive interstimulus intervals, motion perception, observers, 32786
magnocellular-pathway deficits, vernier & orientation acuity & motion & shape perception, 18–36 yr old dyslexics, 21395
mechanisms of processing of direction discrimination of stochastic motion stimuli, Os, 3452
mechanisms underlying velocity perception in 2-dimensional motion discrimination contours, adults, 32843
motion adaptation & temporal delay filter, motion detection, drone-flies, 23423
motion capture of static vertical lines produced in apparent motion, 19–46 yr olds, 23043
motion discrimination of contrast-modulation waveforms, adults, 16479
motion onset of random dot patterns & adaptation–recovery sequences, visual EPs & psychophysical measurement of duration of perceptual motion aftereffect, human Os, 13612
motion perception influences on perception of stationary shapes & acoustic interactions with vision, psychophysical evidence of lack of modularity of visual function, 26327
motion perception, mid-line cerebellar stroke patients, 9–25 mo follow up, 5384
motion signal & noise stimuli segmented in different colors, activity of middle temporal area neurons of extrastriate visual cortex, monkeys, implications for motion processing, 20083
moving objects, spatial field bias effects in visual tracking & reaching, 16–20 wk olds, 17264
moving plaid stimuli viewed through elongated aperture, perceived direction of motion & direction of smooth eye movement response, adults, 3453
moving vs still versions of emotion-eliciting stimuli, image valence & skin conductance & emotional responses & heart rate, college students, 29968
narrowly focused vs broadly spread attention, self organization of unidirectional vs oscillatory motion patterns for visual elements, college students, 165
neural basis of motion aftereffect , 13567
neural model of 1st- & 2nd-order motion perception & magnocellular dynamics, monkeys with lesions of parvocellular layers, 22764
neural network model of contour detection & motion lines behind moving stimuli & motion perception, adults, 6769
neural network model of perceptual interaction of terminators & occlusion cues & motion integration & segmentation, 35799
neuron activity in medial superior temporal area of extrastriate cortex in response to optic flow &/vs translational self-movement stimuli, rhesus monkeys, 462
neuron responses in primary auditory cortex during sound stimulation of 2 ears designed to simulate sound motion in horizontal plane, rats, 20089
neuronal correlate of motion opponency in visual cortex, humans vs monkeys, 29808
noise, detectability of brief vs extended motion trajectories, Os, 10063
nonverbal courtship communication & motion energy detection, young adults, Germany vs Japan, 30403
novel changes in pursuit target, anticipatory eye movements during identification of moving acuity targets, 24–51 yr olds, 23050
object recognition, motion perception, naive subjects, 176
object-based motion information, heading judgments, adult Os, 13192
occlusion, tracking multiple items & visual objecthood, college students, 16512
on- vs off-center distinction of ganglion cells during integration stage of motion processing, adults, 16992
operational method for determination of classification of motion of stimuli within defective vs nondefective visual field area, 40-yr-old male with left occipital lobe lesion, 31289
origin of unidirectional motion aftereffect responsible for integration of motion signals, adults, 16993
oscillations of gratings & pattern phase reversals, 1st harmonic components of visual EP responses to oscillatory motion, 14–21 yr olds with infant esotropia & normal 19–39 yr olds, 18465
parsing of bimodal local-motion distributions into overlapping/transparent vs spatially segregated global-motion surfaces, adult Os, 13220
path perception & movement of stationary objects, Os , 23027
perceived blur of drifting waveforms as function of speed & blur & spatial frequency & quantitative model for distortion of waveforms in motion, adults, 3465
perceived direction of component- vs plaid-induced motion after-effect after adaptation to visual stimuli, adults, 3477
perceived direction of motion in using CRTs, 26326
perception of ambiguous motion direction of 1- vs 2-dimensional moving gratings & plaids by motion mechanisms vs surface segmentation, adults, 16521
perception of barber pole illusion with moving cyclopean boundaries, adults, 3479
perception of coherent motion, humans vs pigeons, 32788
perception of first- & second-order motion, 41 & 66 yr old neurological patients with stroke induced focal unilateral lesions, 15047
perceptions of momentum in college & high school basketball games, 28 yr old female with basketball playing & coaching experience, 35694
perceptual mechanisms in tracking & catching fly ball, male ball catchers, 10052
performance on 1 vs 2 dimensional eye-arm random pursuit tracking task, 20–40 vs 55–75 yr old males vs females, 6829
peripheral & central visual information for directional control of manual aiming movements, Os, 26297
phase information & eye pursuit, moving object detection in noise, Os, coronary artery x-ray fluoroscopy imaging implications, 10066
postural sway responses during moving scenes at varying amplitudes & frequencies, healthy 22–30 vs 62–79 yr olds, 36733
presence vs absence of actual rotation during acceleration of visual scene, illusory self-tilt & self-motion, 24–60 yr olds, 23007
priming depth rotation & visual integration of 3D object views & object recognition across changes in viewpoint, college students , 36158
probability density function for linear optic flow produced by ego-motion in simulated planar environment, 26030
properties & behavioral responses as characteristics of & new velocity based models for movement-detecting processes, insects, 23184
quantal timing & conditions for disappearance of long-range apparent movement & critical interstimulus intervals of downward simultaneity threshold, stimuli presented in continuous alternation, adults, 23029
radial & rotational & spiral optic flow random dot kinematograms, speed discrimination, Os, 19718
reaction times to motion onset, old Ss (mean age 70 yrs) vs young Ss (mean age 29 yrs), 16507
reciprocal inhibitory visual–vestibular interaction during visual motion perception, 26–49 yr olds, 3820
reference velocity uncertainty, velocity discrimination thresholds for drifting gratings, human Os, 3458
reflexive visual orienting of attention, target detection in moving objects, undergraduates, 29500
relationship between binocular stereopsis & motion parallax in depth perception task, college students with vs without amblyopia, 18468
relationship between reported awareness & confidence ratings in motion perception & discrimination, 41-yr-old male with damaged primary visual cortex, 2082
relationship between visual & haptic imagery of movement & influence of sex & type of image on vividness of movement imagery, college students, 3427
representation of dynamics of target motion in visual area MT & model of image velocity & acceleration extracted from population neurons in area MT, macaques, 16923
residual chromatic visual capacity of moving stimuli, 41 yr old male with unilateral lesion to striate cortex, 5350
role of disparity in perception of global motion in binocularly viewed random dot kinematograms, adults, 16487
role of motion in categorization of animal & non-animal kinds, 4 & 7 yr olds vs adults, 23708
saccades & illusory stimulus motion during visual tracking, accuracy of saccades to remembered location of target, 26–49 yr olds, 3491
segmentation based on linear vs local rotational motion, motion grouping in visual search for target, college students, 6791
segregation of luminance- & texture-defined neural pathway responses during global motion integration, adults, 7074
segregation of object in noise by color &/vs luminance polarity, detection from structure-in-motion, adults, 6772
sensitivity of structure-from-motion &/or motion transparency mechanisms in local feature content of object surface, adults, 16499
sensitivity to oscillating illusory contour created by aligned line terminators vs luminance-defined contour, 8–10 vs 12–14 vs 20–22 wk olds, 33611
signal binding processes in motion perception, 26335
simulated approaching textured object, errors in estimation of absolute time to collision, viewers, 13198
simulated movement through minimal but moderately naturalistic environments, constraining & accuracy of heading judgments, Os, 10010
spatial frequency & orientation tuning of stereoscopic motion aftereffect, adults, 36176
spatial frequency tuning functions for direction discrimination of optic flow patterns, adults, 32820
spatial orientation signals for motion direction in human visual system, psychophysical observers, 26594
spatio-temporal contrast sensitivity & coherent motion thresholds & visible persistence, 8.9–14.3 yr old males with developmental dyslexia , 14851
speed & direction of global 2nd-order motion discrimination in random-dot-kinematograms, adults, 36161
speed of movement of cone vs rod-perceived stimuli, green cone lacking deuteranopes, 18455
stereoscopic depth, completion of partially occluded figures with unambiguous parsing from motion cues, adult Os, 10060
stereoscopic discrimination of apparent motion direction of sequentially presented depth patterns produced by random-dot stereograms, 23035
stimulus duration & other parameters, misperceptions in perceived single motion, adults, 32841
stimulus movement & attention, peripheral stimulus localization, 8–26 wk old infants, 7402
symmetrical vs elongated object shape, bias in perception of object motion direction, college students, 10048
target direction change, 2-dimensional tracking of motion by saccadic & smooth pursuit systems, human Ss , 19722
target location shift, correction of hand position during midreach, 7 mo infants, 7379
target saliency model for visual search of motion, 32846
temporal symmetry vs asymmetry, perception of motion & stationarity, college students, 32804
test of hypothesis of impaired displacement thresholds based on random loss of motion sensitive units due to loss of cone photoreceptors, patients with retinitis pigmentosa, 21622
thresholds for visual detection of unidirectional vs bidirectional global motion signals, Os, 19721
top-down vs location-based visuospatial information inhibition in visual marking & cognitive mapping of & selective attention & reaction time to moving vs static stimuli, 18–33 yr olds, 32834
trajectory of moving objects, perception of position, Os, 23039

transcranial magnetic stimulation over temporo-parieto-occipital junction vs occipital cortex, motion discrimination & spatial acuity, 18–49 yr olds, 10418
traveling activity waves & connected neural elements in excitable membrane model of coherent motion detection & characterization, 32489
two-flash apparent motion/depth approach to carrier- vs envelope-dependent performance for luminance-dependent vs contrast-dependent processes in stereopsis & motion, Ss, 19727
unidirectional motion pattern displays with vs without static dots vs transparent motion & kinetic boundaries, perceived speed & speed matching, human Os, 32799
use of projective geometry by & preferred motion transformations of visual system during track of moving objects, humans, 13193
utility of simple & multiple motion parallax & separation ratio for perception & control of heading in computer-simulated self-motion task, graduate students , 10028
variation in retinal eccentricity, discrimination of heading from optic flow & importance of acuity, Os (mean age 22.7 yrs) , 19710
various presentations of grating patterns, speed perception, adults, 23016
view- vs motion-specificity theories of visual object recognition, view-bias & recognition of 3D rotating objects, college students, 36180
visible persistence & form correspondence in Ternus apparent-motion displays, undergraduates, 29496
visual & motion perception, patients with schizophrenia, 11407
visual attention focused on display located at different positions in car, detection of decelerating car ahead, 19–27 yr old drivers, 22748
visual discrimination of moving cyclopean targets with luminance-defined gratings, adults, 16495
visual displays of textures with orientation vs motion contrast, striate neuron responses, adult cats, 23388
visual jitter after-effect & fixational eye movements & motion-based stabilization of vision in visual illusion model, 170
visual noise & estimates of target speed in random-dot kinematograms, 23–40 yr old Os, 26355
visual perception of motion & luminance & color, 49 yr old with hemianopia, 31290
visual perceptual interference in processing of superimposed motions, naive observers, 19709
visual processing of stereoscopic motion in Z-axis & in X/Y plane & cyclopean motion, humans & animals, 32836
visual stimulus orientation, motion aftereffect, Os, 19714
visual system integration of multiple views of human motion perceived as continuous event, college students, 23038

Motion Perception [See Also Apparent Movement, Motion Parallax]—Books

High-level motion processing: Computational, neurobiological, and psychophysical perspectives, 3803
The motion aftereffect: A modern perspective, 3492

Motion Perception [See Also Apparent Movement, Motion Parallax]—Chapters

A century of human information-processing theory: Vision, attention, and memory, 156
Computing observer motion from optical flow, 3494
The contributions of vestibular signals to the representations of space in the posterior parietal cortex, 23367
D_{max}: Relations to low- and high-level motion processes, 3497
Higher-order effects, 3493
How do measures of the motion aftereffect measure up?, 3496
How is a moving target continiously tracked behind occluding cover?, 6480
The influence of chromatic information on visual motion processing in the primate visual system, 3952
Introduction and historical overview, 3502
Perception of motion discontinuities in patients with selective motion deficits, 3954
The physiologic substrate of motion aftereffects, 4014
Replication of passive whole-body linear displacements from inertial cues: Facts and mechanisms, 24737
Representation of visual motion in the extrastriate visual, 3953
The retinal image, ocularity, and cyclopean vision, 3495
The role of parsing in high-level motion processing, 3501
Roles of attention and form in visual motion processing: Psychophysical and brain-imaging studies, 3955
The state of flow, 3503
A systems analysis of visual motion perception, 3498
Theoretical and biological limitations on the visual perception of three-dimensional structure from motion, 3500
A theoretical framework for visual motion, 3504
Theoretical models of the motion aftereffect, 3806
Tuning of the motion aftereffect, 3499

Motion Pictures [See Also Motion Pictures (Entertainment)]—Serials

educational use of cinema footage vs didactic presentation of concepts of sexual addiction & compulsivity, hospital staff, 25604
films with higher vs lesser "beauty-and-goodness" stereotype biases, elicitation of social stereotyping based on physical attractiveness, adults , 13883
movie smoking scenes with vs without antismoking advertisements, emotional reactions & smoking-related thoughts & beliefs & intent, non-smoking 9th-graders, 27070
physiological reaction to suicide film, suicide attempters vs suicide ideators vs nonsuicidal psychiatric inpatients, 1685
psychoanalytic interpretation of connection between body & text in P. Greenaway's film "The Pillow Book", 4319
psychoanalytic interpretation of main character in film "Shine", 4318
psychoanalytic perspectives on psychosis in male twins in film "Dead Ringers", 27439
Terminator movie, self mutilation with stainless-steel needles inserted into the body, 53 yr old male patient with schizophrenia, 27655

Youth experience in the Palestinian Intifada: A case study in intensity, complexity, paradox, and competence, 7563
Youth, solidarity, and civic commitment in Italy: An analysis of the personal and social characteristics of volunteers and their organizations, 7571
Motivation Training—Serials
integration of coping skills training & motivational interviewing strategies, substance abuse & dependence treatment & relapse prevention, 38594
Motivation Training—Chapters
Covering all bases: Engaging and treating individuals with alcohol problems, 15666
Enhancing motivation for treatment and change, 35353
Motor Coordination—Serials
3-dimensional eye-head coordination during gaze saccades, monkeys, 20195
actigraphic motor asymmetries in wrist &/vs ankle during sleep & waking, 19–28 yr old males, 4081
age, balance assessment on voluntary vs involuntary step tasks, 16–25 vs 62–74 yr old women, 16562
age, change in prediction ability in ball catching, male vs female 5–12 yr olds with vs without developmental coordination disorder, 1855
aging, decline in motor hand movements, 18–58 vs 61–94 yr olds, 36903
asymmetries in saccidic eye & hand movements in single & reciprocal aiming movements, right handed Ss, 216
bimanual coordination model of brain & behavioral dynamics, 3212
bimanual coordination, 62 yr old female & 39 yr old male with lesions of the cingulate gyrus or corpus callosum & supplementary motor area, 18426
chronometry of real vs imagined movements, 9–10.9 yr olds with developmental coordination disorder, 37766
constrained minimum jerk model of trajectory formation & intrinsic regularity & smoothness maximization & prediction of speed profiles of complex arm movements, humans, 3521
coordination of multiple body segments & control of standing posture during a suprapostural task, 21–28 yr olds, implications for emergence of postural coordination modes, 32885
dextromethorphan vs L-dopa/carbidopa vs SK 77434, motor coordination, Lurcher mutant mice with genetically determined cerebellar ataxia, 26856
difficulty in maintaining upright balance under absent visual & other sensory conditions, 53–86 yr olds with Alzheimer's vs 36–65 yr olds with Parkinson's disease, 18356
elbow & shoulder dynamic torque in natural reaching movements & learned control of reaching movements, infants followed from 3 wks to 52 wks of age, 30142
electrolytic lesions of lateral pallidum, motor coordination & spatial learning & cytochrome oxidase activity, rats, 23315
FG 7142 vs acute restraint stress, ethanol- vs midazolam-induced ataxia measured by rotorod motor coordination, male rats, 10532
frontally mediated executive dysfunction & response disinhibition & motor dyscoordination & IQ & Brief Psychiatric Rating Scale & psychosocial adaptation, schizophrenic adult outpatients, 17771
haptic & visual information, coordination of spoon feeding & unimanual vs intermanual prehension, 18–31 yr olds, implications for distribution over 2 effectors, 23069
intentional switching between preferred coordination modes & isofrequency & multifrequency conditions across different effector combinations, college students, 32894
interarticulator co-ordination & motor control deficits, 43–79 yr old Deaf signers with Parkinson's disease , 37952
intra- vs inter-hemispheric conditions, performance on target location & matching task, 7 yr olds diagnosed with hand-eye coordination problems, 24724
leg muscle activity in balance control, 53–83 yr olds with Alzheimer's disease vs 50–67 yr olds nondemented Parkinson patients on medication, 18357
level of force output, interlimb index finger coordination in an isometric force task, 21–35 yr olds, 6824
midazolam & zolpidem & propofol & etomidate & ethanol & Ro15-4513 & pentobarbital & enflurane & halothane, pharmacological & behavioral & motor & responses, inbred C57BL/6J vs Strain 129/SvJ mice, 20302
motor coordination, intrinsic motivational orientation in sport, male vs female 8–12 yr olds , 845
movement amplitude vs target width, divided attention during concurrent bimanual motor responses, college students (mean age 25.3 yrs) , 23071
movement times for & neuromuscular characteristics of unilateral vs symmetrical vs asymmetrical bilateral aiming movements, 6–7 vs 9–10 yr olds with developmental coordination disorders, 5139
NMDA receptor antagonist MK-801 &/vs levodopa, air stepping & gait coordination, developing 5–20 day old rats, 26815
organization & execution of motor sequences of varying complexity, 7–8 yr olds with pure hyperactivity &/vs conduct disorder, 1710
patterns of purkinje cell complex spike activity, awake rats, implications for motor coordination, 20180
relation of bimanual coordination to activation in sensorimotor cortex & supplementary motor area, right & left handed 22–42 yr olds, 16565
response type, coordinated finger & vocal responses during arm movement, Ss ages 20–45 yrs, 23068
role of cerebellum in movement coordination learning, 524
time structure of goal directed bimanual coordination, 18–62 yr olds, 32891
timing & force control in initiation & execution of sequential finger tapping task, 8–11 yr olds with vs without motor coordination deficits, implications for peripheral processes in clumsiness, 21595
timing of finger opening in overarm throwing & ball high-low overarm throw inaccuracy, patients with cerebellar damage, 31329
use of ski poles for physical guidance, immediate & delayed retention performance & efficiency of learned coordinated movement pattern on ski-simulator, adults, 6830
visual information & postural coordination, adults (aged 25–45 yrs), 19787
Motor Coordination—Chapters
Generalized motor programs and units of action in bimanual coordination, 3528
Spatial frames of reference for motor control, 3524
Speech–action coordination in young children, 7454
Motor Cortex—Serials
'mouth-feeding' behavior, monkeys assessed after sequential pre- & post-central gyrus lesions, 3936
2-amino-5-phosphopentanoic acid, neuron activity in motor cortex during paw placement conditioned reflex, cats , 555
acetylcholine applied to neurons in motor cortex, neural responses during conditioned paw positioning reflex, cats, 29777
auditory stimulus intensity & distance, trimodal sensory neuron auditory localization & auditory threshold in ventral premotor cortex, macaque monkeys, 10415
bimanual coordination, 62 yr old female & 39 yr old male with lesions of the cingulate gyrus or corpus callosum & supplementary motor area, 18426
changes in cortico-spinal excitability related to time & event preparation during transcranial magnetic stimulation of motor cortex during foreperiod of movement-precuing task, 23–47 yr olds, 23383
cortical somatosensory vs motor area activation in illusion of limb movements, healthy 23–33 yr old males, 26310
EMG assessment of cortical output reorganization in stump muscles, 41–72 yr olds 21–65 yrs after arm amputation, 26639
functional & anatomical representations of movement in human motor system, Ss (mean age 32 yrs), 33246
hand preference & transcranial magnetic stimulation asymmetry of cortical motor representation, 25–51 yr olds, 33259
injection of muscimol into ventral vs dorsal premotor cortex, recalibration of prism displaced visual field during visually guided reaching task, monkeys, 20319
interstimulus interval of motor cortex electrical excitability after transcranial magnetic stimulation, 14–50 yr olds with idiopathic generalized epilepsy, 38394
ipsilateral vs contralateral finger tapping, site of motor cortex activation, dominant-hemisphere stroke patients, 15002

learning & self use of motor cortex neuronal electrical signals to cognitively coordinate a robotic arm, rats, implications for movement aid in patients with paralysis, 33194
local-field EPs in premotor & motor cortex during visually guided hand & arm movements, monkeys, 29793
magnetic stimulation & topography of corticomotor projection to hand & functional reorganization of motor centers & motor recovery, 17–72 yr olds with subcortical infarcts & motor deficit, 24786
motor cortical encoding of serial order in context recall task, monkeys, 16904
motor cortical neural population vector analysis of finger & wrist movements, monkeys, 29796
motor learning & memory & motor cortex neuronal density, 22–31 vs 62–71 day old male rats, 13568
motor preparation, chaotic neural dynamics generated by simultaneously recorded spike trains in primary motor cortex during performance of delayed pointing task, monkeys, 571
movement predictability in response to visual stimuli, cortical motor activation, 19–34 yr olds, 3834
painful heat stimulation of hand skin, motor cortex excitability, adults, 33307
partial inactivation of primary motor cortex hand area by muscimol injection, single finger & wrist flexion & extension movements, monkeys, 514
preschool models of language & self help & social & motor & adaptive development & basic skills mastery, inner city 4-yr- olds, 10864
recruitment of ipsilateral motor cortex & left hemispheric control during nondominant hand motor movements, healthy adults, 3519
red nucleus microstimulation vs motor cortex stimulation, locomotor pattern & timing, cats, 20186
relation of bimanual coordination to activation in sensorimotor cortex & supplementary motor area, right & left handed 22–42 yr olds, 16565
relation of neural activity in rostral & caudal motor cortex to self-paced reach-to-grasp movements, rats, 4044
repetitive transcranial magnetic stimulation to motor cortex, accuracy & timing errors in performance of piano finger sequences of varying complexity, healthy 21–64 yr olds & 44–53 yr old patients, 5345
restoration of locomotion following heterotopic transplantation into neocortical lesions in anterior & posterior limb & vibrissae areas, mongrel white male rats, 7093
role of pre-supplementary motor area in cognitive motor control, 21–53 yr olds with epilepsy, 31250
sequential vs fixed & slow vs fast movement, frontomesial cortical areas in self-initiated vs visually triggered movements, 26–52 yr olds, 29779

Motor Cortex—Chapters

Response synchrony, APG Theory, and motor control, 36481
Role of intrinsic circuitry in motor cortex plasticity, 36476

Motor Development [See Also Perceptual Motor Development, Psychomotor Development]—Serials

baby walker & visual motor experience, motor & mental development, 6–15 mo olds, 36766
childhood training in fine detailed finger movements as seen in proper vs nonproper chopstick holding, adult like motor movements, undergraduates, 29524
cognition & motor skill acquisition & language development, 30157
cognitive & language & daily living & motor skill developmental patterns, preterm vs fullterm infants with vs without acute vs chronic respiratory diseases of varying severity, 24 mo study , 28052
context manipulations of traditional treadmill protocol during transitional stepping period, alternating steps & other step types & overall number of steps, 9.5–18.5 mo olds with Downs syndrome, 5157
development of approach to nipple, rat pups in first 2 postnatal weeks, 16755
development of spinal cord 5-HT system & swimming movements, newborn rats with prenatal lowered CNS serotonin, 3889
developmental vs traditional handling, motor development & behavioral organization, very low birth weight infants (aged 28–36 wks), 37955
elbow & shoulder dynamic torque in natural reaching movements & learned control of reaching movements, infants followed from 3 wks to 52 wks of age, 30142
geographic region, seasonality of early motor development, 7 mo olds, 7377
medical & proximal & distal & child factors, motor function outcomes, 4 yr old premature children at various degrees of medical risk, 14912
motor development, 10–16 yr olds with Down syndrome, 10 yr study, 1881
motor learning & memory & motor cortex neuronal density, 22–31 vs 62–71 day old male rats, 13568
movement times for & neuromuscular characteristics of unilateral vs symmetrical vs asymmetrical bilateral aiming movements, 6–7 vs 9–10 yr olds with developmental coordination disorders, 5139
multidisciplinary assessment ANSER model, 6–13 yr olds with deficits in attention & motor activity & perception & their parents & teachers & team members, 2 yr followup, 38893
neural network model for early sensorimotor development, implications for treatment of motor disorders, 22770
object–hand size ratio, grasping & transition from 1-handed to 2-handed grasping, 5 vs 7 vs 9 yr olds, 7444
posnatal development of lateralized postural & motor preference, African Grey parrot, animal model of handedness, 26533
predictive validity of Alberta Infant Motor Scale vs Peabody Developmental Gross Motor Scale vs Movement Assessment of Infants, measurement of gross motor development, infants, 18 mo study, 4399
smoking during pregnancy, child's cognitive & motor development, children at age 1 & 5 yrs, 27000
timing & duration of prenatal cocaine exposure, motor development, 4 mo olds, 37582

Motor Development [See Also Perceptual Motor Development, Psychomotor Development]—Books

The meaning of movement: Developmental and clinical perspectives of the Kestenberg Movement Profile, 22840

Motor Development [See Also Perceptual Motor Development, Psychomotor Development]—Chapters

Bernstein's legacy for motor development: How infants learn to reach, 4460
Neuromotor and socioemotional behavior in the young monkey is presaged by prenatal conditions, 20046
Role of the corpus callosum in the cognitive development of children with congenital brain malformations, 37936

Motor Disorders [See Nervous System Disorders]

Motor Evoked Potentials [See Somatosensory Evoked Potentials]

Motor Neurons—Serials

5-HT-induced rhythmic locomotor activity in ventral roots, rat fetuses, 3860
acute & chronic administration of olanzapine vs clozapine & haloperidol, firing rate of substantia nigra reticulata neurons, male rat brains , 26857
brain-derived & glial cell line-derived neurotrophic factors, neurotoxic effects of ethanol on embryonic spinal cord motoneurons, chicks, 10545
cellular mechanisms underlying induction & expression of homosynaptic depression at glutamatergic synapse between sensory & motor neurons, Aplysia, 451
conditioning-induced changes in cellular responses in mechanosensory conditioned stimulus pathway & motoneuron plasticity, Lymnaea stagnalis, 10457
extension of segregation of behavior-specific premotor pathways to level of synaptic targets in pacemaker nucleus gymnotiform electric fish, 480
fatigability of motor units estimated by changes in work performed in successive tetani during fatigue test, adult rats, 20168
firing activity of identified & accessory abducens & orbicularis oculi motoneurons, during reflex & conditioned blinks, alert cats, 20192
glutamate-induced long term potentiation, motor neuron activity, crayfish, 10431
high frequency EEG components & features of background gamma oscillations recorded in activity of interacting neurons from right & left hemisphere motor areas, rats, 7124
modulation of motoneuron excitability in reflex responses of masticatory muscles during sleep, male rabbits, implications for bruxism, 29903
modulation of phrenic motoneuron excitability during inspiratory vs expiratory phases of respiration, neonatal rats, 16937
motor cortical neural population vector analysis of finger & wrist movements, monkeys, 29796
role of superoxide dismutase enzyme in motor neuron dysfunction & abnormal motor behaviors, normal vs sclerotic-prone vs transgenic mice, 36382
RT vs self paced abduction movements with vs without EMG offset, time course of corticospinal excitability, 17–65 yr olds, implications for motor cortex activity, 3964
serotonergic & mesocerebral cell stimulation, synaptic input of premotor neurons in response to aversive withdrawal conditioning, terrestrial snails, 20118
up-regulation of glial-derived neurotrophic factor signals in dorsal root ganglion & motoneurons, aged vs young adult rats, 23332

Motor Pathways [See Efferent Pathways]

Motor Performance [See Also Finger Tapping, Jumping, Running, Walking]—Serials

ability of string typing speed vs grammatical judgment of strings to access same implicit learning mechanisms in artificial grammar learning task, college students & community residents, 3597
acute 3,4-methylenedioxymethamphetamine, locomotor activity & skilled motor function & cognition, male rats, 23545
aging, decline in motor hand movements, 18–58 vs 61–94 yr olds, 36903
blueberry vs spinach vs strawberry dietary supplements, age-related declines in neuronal signal transduction & cognitive & motor behavioral deficits, male rats, 33165
brain activity during dominant vs nondominant hand performance of practiced vs unpracticed design tracing tasks, 19–35 yr olds, 527
carbidopa, L-dopa plasma levels & time course & frontal components of somatosensory evoked potentials & motor performance, patients with Parkinson's disease, 38325
central arginine vasopressin, motility & passive avoidance response, pinealectomized rats, 26732
cerebellectomy, motor performance, Weaver mutant mice, 7052
cessation of step training & no practice period & retraining, retention of hindlimb stepping & hindlimb muscle EMG activity & kinematic characteristics, spinal cats, 13534
circumferential wrist pressure, reproduction accuracy of wrist placement, young adults (mean age 22.9 yrs) vs elderly adults (mean age 68.2 yrs), 17401
construction & validity of measurement, assessment & prediction of psychomotor abilities via computers, 18–30 yr olds, 36198
control of expressive & metronomic timing, pianists, 23074
cooperative vs competitive vs individualistic efforts, motor skills performance, 1940–90, test of social interdependence theory, 6828
direct instruction & environmental testing condition, performance & process characteristics of standing long jump, kindergartners vs 2nd graders, 10797
direct vs indirect serotonergic agonists, motor function, rats with transected vs transplanted spinal cords, 26791
EEG frequency during & regulation of voluntary movements in writing, 6–10 yr olds, 4419
effect of response execution on P3 latency & reaction time & movement time, 18–30 yr old females, 20174
effect of setting a goal on standing broad jump performance & relation of verbal behavior regulation, 12–18 yr olds with intellectual disability, 11717
effects of frontal lobe lesions, control of movements during motor learning, patients with frontal vs temporal excisions (mean age 41 yrs), 37902
efficacy of external & internal visual imagery perspectives for enhancement of performance on kinesthetic tasks in which form is important, karateists & sport science students & rock climbers , 25964
factor analysis of dominance in hand proficiency & preference, 7–10 yr olds, 4438
fatigue during motor performance, patients with Parkinson's disease , 8686
fatigue during motor performance, patients with Parkinson's disease, commentary , 28151
fatigue during motor performance, patients with Parkinson's disease, commentary reply , 28217
functionality assessment of natural & prosthetic hands, 15678
gender, single step recovery from forward fall, 21–29 yr old vs 67–81 yr old females, 10924
ideomotor apraxia, performance of intransitive & transitive limb movements, adult patients with Alzheimer's disease vs left hemispheric stoke damage , 31222
instructions of movement patterns, learning of bimanual visual–motor coordination task, college students in specific vs general vs no-instruction vs secondary task learning groups, 32770
interactions of intertap interval & muscle force control of finger tapping sequences, 21–25 yr old males, 3515
mathematical model of final musical ritardandi derived from locomotion stopping, adults , 13232
menstrual cycle phases, manual handling performance & heart rate & perceived exertion, 18–32 yr old females, 36500
motor & cognitive impairments & physical activities of daily living after stroke, 56–90 yr old stroke patients, 34598
motor asymmetries between dominant vs non-dominant hands, real vs imagined motor task performance, 9–59 yr olds, 13257
motor deficits & schizophrenia, neuroleptic-naive patients & at risk populations with eye movement abnormalities, 37393
mouse experience in computer performance, right & left-handers with right-handed mouse experience vs left-handers with left-handed mouse experience, handedness theory implications, 13258

muscle performance of arms & legs, 20–50 yr old detoxified alcoholic men, 21355
natural goals & operators & methods & selection rules Language for Assembly model, prediction of assembly time, 18–32 yr old males who assembled pseudo-printed circuit boards, 13252
occurrence of gap effect for aimed hand movements & saccadic eye movements & functioning of superior colliculus, 29527
organization & execution of motor sequences of varying complexity, 7–8 yr olds with pure hyperactivity &/vs conduct disorder, 1710
perceptual motor noise, motor responses, 19–56 yr olds, 19794
performance on 1 vs 2 dimensional eye-arm random pursuit tracking task, 20–40 vs 55–75 yr old males vs females, 6829
performance on pulling support to retrieve distant object as measure of development of means–end behavior, 6 mo olds, 2 mo study, 20532
prenatal depression & catecholamine & cortisol levels, neonatal neuromotor performance & catecholamine & cortisol levels, pregnant mothers with depression (mean age 19.4 yrs) & their neonates, 24211
preparatory brain slow potentials & postural body sway during sharpshooting performance, elite (mean age 31.8 yrs) vs nonelite (mean age 30.2 yrs) male sharpshooters, 13615
progressive behavioral response to repeated d-amphetamine challenge, 18–45 yr olds, 7260
psychological workload & neuroendocrine responses associated with psychomotor test performance, 18–22 yr old males participating in Air Force pilot selection, 20243
rate of forgetting for motor &/vs cognitive tasks, male pilots performing typical tasks in flight simulator, 13169
reboxetine vs imipramine, CNS & EEG parameters & psychomotor performance & mood & side effects, 18–40 yr old healthy males, 4169
repetitive transcranial magnetic stimulation to motor cortex, accuracy & timing errors in performance of piano finger sequences of varying complexity, healthy 21–64 yr olds & 44–53 yr old patients, 5345
rubber glove thickness & glove material on slippery & nonslippery surfaces, performance time & grip force, 18–25 yr olds, 39036
sequential vs fixed & slow vs fast movement, frontomesial cortical areas in self-initiated vs visually triggered movements, 26–52 yr olds, 29779
simple drawing tasks, assessment of psychomotor retardation, depressed 18–65 yr olds receiving antidepressants, 34129
social isolation, sequential organization & spatial patterns of movements, post- vs pre-pubertal Lister vs Sprague–Dawley rats, 3747
stages of learning in acquisition of beam pressing response in operant conditioning paradigm & submovement expression of feedforward mode of force control, rats, 340
strategies used to combine seriated cups, chimpanzees & bonobos vs capuchins, 19941
striatal dopamine deficiency & RT & movement times, 31–74 yr old patients with untreated Parkinson's disease, 37891
test–retest reliability of performance based measures of functional limitation, frail elderly (aged 64–95 yrs), 10971
timing of finger opening in overarm throwing & ball high-low overarm throw inaccuracy, patients with cerebellar damage, 31329
timing processes & correlations for timing consistency during continuous tapping & drawing tasks, 18–25 yr olds, 32893
tire pressure & vertical load, coefficient of rolling resistance during cycling locomotion & simulated cycling performance, 32-yr-old male cyclist, 39033
unilateral transection of pyramidal tract, hindlimb motor function, rats, 498
unimanual vs bimanual vs dual task conditions, attentional processing capacity in performance on 2 motor tasks, 27–55 yr olds with schizophrenia, 30708
use of constant bearing angle strategy for interceptions in horizontal plane in locomotor interception task, college students, 13255
use of ski poles for physical guidance, immediate & delayed retention performance & efficiency of learned coordinated movement pattern on ski-simulator, adults, 6830
use of the modified Kral procedure & facilitory & oppositional paratonia as predictors of performance on motor & nonmotor tests of frontal lobe function & cognition, 54–84 yr old patients , 2009
use of the modified Kral procedure & facilitory & oppositional paratonia as predictors of performance on motor & nonmotor tests of frontal lobe function & cognition, comment & reply , 28115
verbal feedback & repeated doses of alcohol, individual differences in performance on easy vs difficult psychomotor task, 19–28 yr old males, 33861
verbal instructional sets, gait variables, elderly patients with Parkinson's disease, 2008
visual & attentional & perceptual & cognitive & psychomotor abilities & structured road test performance, 62 yr old & older drivers with vs without unsafe driving incidents, 29232
visual input, reaching & grasping for illuminated vs darkened object, 5 vs 7 vs 9 mo olds vs adults, 20510
warning on ability to detect malingering on memory & motor tasks, simulated memory & motor deficit performance, college students, commentary, 28215

Motor Performance [See Also Finger Tapping, Jumping, Running, Walking]—Chapters

Abnormal muscle synergies in hemiparetic stroke: Origins and implications for movement control, 5298
Prevention of physical impairment in persons with advanced Alzheimer's disease, 31355

Motor Processes [See Also Activity Level, Animal Locomotion, Exercise, Grasping, Jumping, Licking, Motor Coordination, Motor Performance, Motor Skills, Physical Agility, Physical Mobility, Rotational Behavior, Sucking, Swallowing, Swimming, Tonic Immobility, Tool Use, Wandering Behavior]—Serials

7-OH-DPAT dose, d-amphetamine induced stereotypy & conditioned place preference & dose-response curves, male rats, 688
A. A. Markosyan's concept of biological reliability & relation to ontogeny & aged related dynamics of muscular motor activity & manifestations in metabolic regulation, 16987
ability to initiate vs suppress automated & complex responses in traffic light task, patients with tic disorder, 28040
accelerometer readings from wrist vs EMG recordings for movement of upper & lower arm, 22–49 yr old males, 26711
accuracy of automated microcomputer applications/expert systems for quantifying facial features & expressions & emotional content & motor processes, 19–61 yr olds, 16255
acquisition of rapid calibration of reaching with & rate of adaptation to displacement prisms & movement times & peak velocities & path lengths of reaches, 18–28 yr olds, 32886
activation of somatosensory cortex in proprioception & propioceptive feedback in finger movement tasks, 20–27 yr olds, 3899
adjustment of grip force as anticipation of load force & torque during lifting, adults, 6756
affording objects with different levels of support, reaching performance, 39–84 yr olds recovering from cerebrovascular accident, commentary, 8594
age differences in gross & fine motor functions & prediction of hemidecortication surgery outcomes & role functional magnetic resonance imaging in surgery timing, 1.7–20.3 yr olds with epilepsy, 24806
analysis of F. Galton's 1894 data on variability of grip strength, visual & auditory thresholds & RT & comparison with modern data, male vs female < 30–70+ yr olds, 10736
association between abnormal movements & impaired glucose metabolism, schizophrenic patients receiving neuroleptic medication, implications for development of tardive dyskinesia, 17920
attention for subsequent action during cued movements into left or right hemisphere, 18–41 yr olds with schizophrenia, 1580
attentional processes & performance asymmetries in goal directed aiming, 18–32 yr olds with Downs syndrome, 18163
awareness of police officer & suspect movements & suspect credibility during interview, college students & police officers, 13015
bilateral intraaccumbens quinpirole, parameters of circling behavior & 1st stage of head turning, rats, implications for role of D2 dopamine receptors on movement initiation, 4128
bimanual behavior in neuronal activity of neostriatum, monkeys, 13574
bimanual pointing movement in common target, 24–27 yr olds, 32887
biomechanics & physiology of rising from sitting position & strategies for improvement, elderly, 15677
brightness of red vs blue stimuli, grip strength, male volunteers, 3429
cerebellar purkinje cell simple spike discharge, movement direction & speed during arm movement & tracking task, monkeys, 13633
cerebral activation & temporal nature of hemodynamic responses of cortical motor areas using functional MRI, adults during performance of movement activation tasks, 7087
characteristics & patterns of motoric & social behavioral development & mother–infant relationships, free-ranging & semi-provisioned bottlenose newborn dolphins, 29732
characteristics of foot preference in unilateral context of mobility, right- vs left-footed college students, 3514
chronic corticosterone &/vs acute melatonin, sexual behavior & 5-HT2A-mediated wet-dog shakes, male rat, 33406
circadian rhythms & plasma melatonin & cortisol & clinical symptoms & temperature & motor activity, 26–43 yr olds with obsessive–compulsive disorder, 1644
common gait patterns in backward vs forward walking, 21–36 yr olds, 580
comparative perspective on motor learning & efficacy of avian vocal learning as motor learning model, 335
compensation for external loads caused by orientation of head relative to gravity, jaw movements in speech, Ss, 36205
compensation in skilled reaching success with associated impairments in limb synergies after dorsal column lesion, female rats, 13563
concordance rates of motor syndromes & other symptoms, 34–90 yr old monozygotic & 12 57–87 yr old dizygotic twin pairs with Parkinson's disease, 8-yr follow-up, 31334
conditioning of & contextual sensitization to apomorphine-induced climbing, male mice, test of habituation hypothesis of conditioned drug effects, 17109
contingent instructional-pacing, stereotypic motor behavior, 15 yr old male with acquired brain injury , 34877
contingent negative variation for hand & neck movements, 32–63 yr olds with writer's cramp, 24700
control systems simulated model of kinesthetically & visually controlled arm movement, 29207
coordination of premotor activities in both hemispheres during song production, zebra finches, 529
corticomotoneuronal cell production of postspike effects in muscles of proximal vs distal forelimb joints during reach & prehension task, rhesus monkeys, 585
corticosterone, clasping responses & reticulospinal & medullary neuronal activity, male newts, 7250
decoding of emotions through body movements & gestures, 18–22 vs 65–89 yr olds, 33988
description of life & work of cognitive psychologist J. Requin, model of motor preparation & neuron classification & cortical organization, 2731
differential interaction of benzodiazepines &/vs neuroactive steroids &/vs ethanol, motor function, male mice & Sprague Dawley rats, 10674
doses of neurotensin injected into rostral ventromedial medulla, biphasic modulation of visceral nociception as seen in visceromotor responses to colorectal distension, male rats, 26647
dual-task interference as indicator of on-line programming during production of simple movement sequences in probe reaction time paradigm, college students, 32888
early development of climbing skills, harvest mice, 26506
early stage Alzheimer's disease & motor impairment, adults with very mild or mild dementia without extrapyramidal symptoms, 37841
effectiveness of left vs right limb movements in left space as rehabilitation technique, 68–78 yr olds with left-sided neglect, 19031
effects of transcranial micropolarization of the frontal cortex on motor & cognitive functions, children with cerebral palsy, 5692
efficacy of amantadine on RT & movement time, patients with olivopontocerebellar atrophy (mean age 43 yrs), 3.75 yr followup, 31779
electrical stimulation of hypothalamus, locomotor initiation latency & number & extent & direction of head scanning movements, male rats, 13624
electromyographic data in ergonomic modifications & in upper extremity muscle groups during work processing tasks, 19–47 yr old personnel in meat packing plant, 19463
emotion-specific body movements & postures, adults, 6937
etiology with congenital vs infantile onset, persistent motor control & strength & balance & gait & posture & fine motor skills, 5–15 yr olds with hydrocephalus, 11897
evaluation of program for teaching compensatory strategies to improve activities of daily living & motor functions, 33–91 yr old stroke patients with apraxia, 12 wk followup, 5916
external & internal environmental evocation of motor responses & illusion of voluntary movement, I. Pavlov , 15
factors influencing & accuracy of perceived vs actual postural limits during standing & bent reaching, 21–57 yr olds, 6827
fluoxetine, motoric outbursts & aggressiveness, 9.5 yr old male with Asperger's syndrome & comorbid attention deficit hyperactivity & obsessive compulsive & anxiety disorders, 3 yr study, 12242

food restriction, excitotoxic & metabolic hippocampal & striatal neuron damage & learning & memory & motor function, male rats, comment, 10400
food restriction, excitotoxic & metabolic hippocampal & striatal neuron damage & learning & memory & motor function, male rats, 10396
force level & rhythmic pattern, variability in peak force in production of bimanual thumb squeezes & role of central process, 19–47 yr olds, 218
functional dynamics of neuron B51, selective enhancement of motor pattern I in buccal ganglia, Aplysia, 16934
functional imaging of regional cerebral blood flow in basal ganglia vs cerebellum during control of movements, healthy volunteers, 3864
functional impact of neuronal migration defects & spatial learning & motor behavior, LIS1 heterozygous mutant vs normal mice , 36393
functional MRI vs magnetoencephalography of cortex during finger movement vs tactile vs auditory stimulation, 26–37 yr old males, 3922
haloperidol, ethanol & mazindole-induced motor activation, male mice, 33401
hand preference & familial sinistrality, cerebral organization of motor programming & verbal processing, college students, 26608
high vs low aluminum in purified diet, body weight & food intake & motor activity & toxicity, female mice, erratum, 23508
high vs low doses of muscarinic agonist cevimeline & cholinesterase inhibitor tacrine, reduction of spontaneous random movement, macaques, implications for agitation reduction in dementia, 10573
hypnotherapy, anxiety & depression & muscle pain control, middle-aged male with generalized dystonia of childhood onset, 35067
icv melatonin vs pinealectomy vs constant light, dopamine & motor impairment in experimental models of Parkinson's disease, male rats, 26653
initiation & execution of actual vs imagined force response after 1st of 2 reaction signals, RT & functional equivalence for response programing of imagined & real movements, 19–36 yr olds, 29525
intentional switching between preferred coordination modes & isofrequency & multifrequency conditions across different effector combinations, college students, 32894
interactions of intertap interval & muscle force control of finger tapping sequences, 21–25 yr old males, 3515
interrelations among movement amplitude & movement time & peak velocity in reaching for stationary & moving objects, 20–31 yr olds , 6831
isokinetic muscle torque in knee, mentally retarded men with vs without Down's syndrome (mean age 19 yrs) vs sedentary men (mean age 23.9 yrs), 30997
kainic acid challenge response & motor function & cognitive processes in water maze task, 4 background inbred mouse strains, 10450
kinesthetic acuity for jaw movements & stuttering severity, 19–50 yr olds who stutter, 14882
lateral flunctuation in spontaneous & nonreaching & freely performed movements, infants, 1 yr study, 20432
left vs right performing hand & fullness of visual information, spatiotemporal structure of graphic movements, adults, 3874
lifetime vs daily alcohol consumption vs consumption in the 6 mo before admission for withdrawal therapy, postural control, abstinent alcohol-dependent patients, 15642
limb activation & unilateral neglect, neurological patients, 19045
locomotor stimulation & morphine & cocaine-induced behavioral sensitization, alcohol-preferring vs -avoiding vs Wistar rats, 17047
locus of time of anticipatory awareness of voluntary movement, 20–32 yr olds, 23070
long term verbal recall of play script 20 days vs 5 mo after original learning & influence of motoric cues, actors, 19859
lorazepam, catatonia & motor processes, 27 yr old male & 31 yr old female, 35003
mechanosensory information in movement control & role in speech-orofacial motor performance, 7285
medial prefrontal lesions, appetitive Pavlovian conditioned jaw movements & heart rate, rabbits, 16768
memory scanning cues, capacity for motoric response preparation in parallel with initiation & maintenance of lateralized contingent negative variation, 18–45 yr olds, 13614
mental stimulation of flexion & extension movements of right vs left distal & proximal hand & arm joints with vs without magnetic stimulation of motor cortex, motor ERPs, right handed 23–35 yr olds, 10473
methods for identification & correction for stimulus-correlated motion in generic brain activation studies, 25–45 yr old schizophrenics, 14538
methylergonovine, blocking of synaptic connections from esophageal nerve reinforcement pathways & contingent-dependent enhancement of reinforced motor activity, isolated buccal ganglia of Aplysia, 20124
midline crossing inhibition, 6–8 yr olds with learning disabilities, 18136
midline-crossing inhibition, reaction & movement time, 14–20 yr olds with vs without mental retardation, implications for assessing developmental & neurological anomalies, 37702
modulation of palmar grasp behavior according to texture property, 3 day olds, 7416
motor & cognitive abilities, 43 yr old female with myotonic dystrophy, 11 yr study, 18289
motor & perceptual factors, congruency of hand movements in pseudoneglect, right-handed 20–25 yr olds , 22996
motor congruence effects of arm flexion vs extension on attitudes toward people, college students, 3510
motor cortical neural population vector analysis of finger & wrist movements, monkeys, 29796
motor effects of cannabinoids & role & distribution of CB1 cannabinoid receptors in basal ganglia, implications for rat model of Parkinson's disease, 33480
motor imagery & hemispheric differences & handedness, recognition memory for orientation of heads, college students & staff (mean age 23 yrs), 29642
motor inhibition response & equilibrium & motor coordination, Lurcher mutant mice with degradations of Purkinge cells & cerebellar granule & inferior olive cells, 3663
motor learning through motor imagery & possible involvement of basal ganglia, Parkinson's vs Huntington's disease patients, 24860
motor preparation, chaotic neural dynamics generated by simultaneously recorded spike trains in primary motor cortex during performance of delayed pointing task, monkeys, 571
motor response inhibition, finger movement vs saccadic eye movement, 22–51 yr olds, 29523
motor response pattern of audiogenic startle reflex, 11–53 yr old males with Tourette's syndrome, commentary, 2094
motor response pattern of audiogenic startle reflex, 11–53 yr old males with Tourette's syndrome, commentary reply, 2081
motoric vs semantic/control cues, motoric encoding of objects viewed in pictures & memory for pictures, Alzheimer's disease patients, 31240
movement frequency & amplitude effects on motion sickness, male vs female musk shrews, 36508
movement predictability in response to visual stimuli, cortical motor activation, 19–34 yr olds, 3834
movement-related cerebellar activation without sensory input, 54–66 yr olds with severe pansensory neuropathies & normal muscle strength, 31337
multimodal input system based on 2 gestural input channels, individuals with cerebral palsy or muscular dystrophy or head injury of Friedrich's ataxia, 18264
nauseogenicity of methods of exploring virtual environments while keeping head still or moving, 18–42 yr olds wearing immersive head-mounted display, 10080
neural aspects of anticipatory behavior & relations to motor preparation, 23296
neural events in visually guided reaching, 26375
neural network analysis of potential & actual proprioceptive load of cutaneous mechanoreceptors during facial movements in speech, 7287
neuroanatomical basis for similarity of function in selectivity of attention & motor preparation & role of thalamus' reticular nucleus & prefrontal cortex in anticipatory behavior, 455
neuronal mechanisms associated with genesis of different motor patterns of buccal ganglia & their modifications by contingent reinforcement, Aplysia , 16935
neurophysiological coordination between afferent & efferent components of nervous system in speech & motor functions & methods for assessment, 7292
neuroprotective & restorative properties of glial cell line derived neurotrophic factor for nigrostriatal dopamine system & motor function in animal models of Parkinson's disease, 3845
no simultaneous movements vs associated movement of left hand in left space vs movement of both hands in left space, reading digits & letters, 56–76 yr olds with left neglect, 19032
nonlinear dynamic changes of EEG activity accompanying slow goal-directed voluntary movement, 20–30 yr olds, 23398
oral & pharyngeal motor problems, respiratory tract infections due to gastroesophageal reflux &/vs direct aspiration, 7 mo–16 yr olds with severe neurodisability, 24833
oral asymmetries & lip separation bias during word repetition, 19–42 yr old males vs females, 6821
partial inactivation of primary motor cortex hand area by muscimol injection, single finger & wrist flexion & extension movements, monkeys, 514
phosphoinositide-linked dopamine D1 receptor & repetitive jaw movements, male rats, 7252
physical measures & perceived physical ability & body acceptance, 18–61 yr olds with severe depression or substance abuse, 17783
physical rocking intervention, spontaneous head & mouth & body movements & heart rate, mentally & physically handicapped 15.4–26.8 yr olds, 5911
physiological changes in adult auditory system & auditory learning & deprivation & recovery & hearing impairment & relation to motor system plasticity & pathology, commentary, 6817
posnatal development of lateralized postural & motor preference, African Grey parrot, animal model of handedness, 26533
postural stability measurement before & after immersion in virtual reality/virtual environment, college students, implications for safety activities in driving or operating machinery, 12943
pre & postnatal trimethylolpropane phosphate exposure & housing conditions & sex, motor behavior & social interaction & emotional responsivity, rats, 33364
precue to prepare to execute vs imagine motor action, event related Laplacians in RT task & contingent negative variation over supplementary motor area, adults, 538
preference & default frame of reference for maps of movement in visual world, primates, 26574
prefrontal brain activity rated to temporal delay & relation to temporal bridging & timing movement, 7086
preservation of axial movements, stroke patients with apraxia & aphasia, 8584
pulse train microstimulation of the hook bundle of Russel in the midline of cerebellar white matter, coordinated quadrupedal locomotion, decerebrate cats, 29831
quadrupedal locomotion before vs after spaceflight vs flight simulation at 1G, rhesus monkeys, 20211
quality of general movements in postnatal period, neurological functioning & behavioral development, high vs low risk children reexamined at 4–9 yrs, 31053
reaching enabled by compensatory linkage of systems coding spatio-motor actions of eye & hand, 26 & 45 yr old males with non-foveal optic ataxia , 5316
recalibration of rotational locomotion, college students , 32892
recruitment of ipsilateral motor cortex & left hemispheric control during nondominant hand motor movements, healthy adults, 3519
relation of bimanual coordination to activation in sensorimotor cortex & supplementary motor area, right & left handed 22–42 yr olds, 16565
residual lesions of operant behavior following recovery from MPTP-induced Parkinson-like syndrome, monkeys injected with amiridine and K-34, 4192
response type, coordinated finger & vocal responses during arm movement, Ss ages 20–45 yrs, 23068
role of cerebellum in motor learning & nonmotor functions, 141
role of head movements & pattern of gaze control in head-free reading, college students, 36502
role of potassium channels during locomotor-like activity, in vitro neonatal rat spinal cord preparation, 29893
role of pre-supplementary motor area in cognitive motor control, 21–53 yr olds with epilepsy, 31250
role of task difficulty & motor output in regional blood flow in anterior cingulate cortex via PET, humans, 3895
RT vs self paced abduction movements with vs without EMG offset, time course of corticospinal excitability, 17–65 yr olds, implications for motor cortex activity, 3964
salience of maternal breast odor & role in motor activity & arousal & nipple location & sucking, newborns, 13950
serotonin 5-HT Type 2 receptor & motor function in cranial nerve reflex, rabbits, 10588
simulated action, inferences of physical events, adults, 6867
simulation & electromyographic correlates of learning an internal model of reaching movements, 36206
single pulse transcranial magnetic stimulation of sensorimotor & posterior premotor & anterior premotor cortex, effects on signal & set & movement related activity, Ss, 10452
somatosensory evoked potentials following electrical stimulation of median nerve during writing with dominant vs non-dominant hand, right- vs left-handed 18–36 yr olds, 29901
somatosensory vs auditory vs visual EPs & generalizability of sensory gating during unilateral passive movement of leg, 22–36 yr olds, 3446
spatial influences, motor & language function, Ss with parietal lesions, 24794
speech & oral motor learning, 35–68 yr olds with cerebellar cortical atrophy, 37907

speed of reaching & arm kinematics during reaching movements, Ss, 19791
spontaneous general movements before & after birth, infants examined between 38 & 40 wks gestation vs 2 & 4 wks postnatal age, 26937
spontaneous movements & risk for schizophrenia, adolescents with schizotypal personality disorder (mean age 15.1 yrs) , 34193
subjective sleep quality & level of nocturnal motor activity, adults with less vs more severe depression, 17875
Swedish norms for motor actions in dimensions of familiarity & emotionality & motor activity & memorability, 18–57 yr olds, 6823
symbols used to prompt correct lifting posture, human Ss, implications for occupational safety, 22673
targeted verbally cued movement, evoked spike activity of globus pallidus neurons vs pallidothalamic nuclei, patients with Parkinson's disease , 564
tau-coupling & sensory tau in theory of movement synchronization & kinematic regulation, 7135
test-retest reliability of Assessment of Motor & Process Skills, assessment of activities of daily activities, 55–92 yr olds with & without cognitive impairment, 1–10 day followup, 26096
theoretical reference frames for planning speech movements, 215
theory of geometric constraints on neural activity for natural 3-D arm movements, 16960
timing processes & correlations for timing consistency during continuous tapping & drawing tasks, 18–25 yr olds, 32893
trigeminal deafferentation, head- & jaw-movement kinematics during conditioned pecking, pigeons, 13517
unperceived events, response activation during visual perception task, adults, 6762
use of low cost 3 dimensional mouse in measurement of movement of point on human body, 6422
use of motor tasks & virtual surfaces to investigate human perception of surface curvature, Ss, 32860
validity & reliability of accelerometry for detection of posture & motion, male college students, 26097
variable time retention interval & imagined vs actual movement, response programing & reaction time, college students , 23136
vestibular system contribution & canal plugging, coordinated eye–head movements & gaze shifts, rhesus monkeys, 20207
vestibular system role in lateral bias in head turning & Moro response, 37–40 week olds delivered vaginally vs by Caesarean section, 7429
visual lateralization & agonistic & righting behavior, toads, 512
visual or auditory stimulus intensity, lateralized readiness potential & motor processes during choice reaction time tasks, 19–48 yr olds, 32890
visuomotor processing efficiency of reaches & interference from distractors to target location during visual search & target-directed action tasks, college students, 32889
visuospatial encoding of movement patterns, college students, 32959
willed actions & advance information for movement preparation, performance on RT tasks, schizophrenic patients, 21136
yawning & stretching during transcranial therapeutic application of pulsed electromagnetic fields & role of ACTH, female multiple sclerosis patients with mild motor disabilities, 9031

Motor Processes [See Also Activity Level, Animal Locomotion, Exercise, Grasping, Jumping, Licking, Motor Coordination, Motor Performance, Motor Skills, Physical Agility, Physical Mobility, Rotational Behavior, Sucking, Swallowing, Swimming, Tonic Immobility, Tool Use, Wandering Behavior]—Books

The meaning of movement: Developmental and clinical perspectives of the Kestenberg Movement Profile, 22840
The primacy of movement, 26383
Progress in motor control, Vol. 1: Bernstein's traditions in movement studies, 3522
Studies in perception and action V, 26382

Motor Processes [See Also Activity Level, Animal Locomotion, Exercise, Grasping, Jumping, Licking, Motor Coordination, Motor Performance, Motor Skills, Physical Agility, Physical Mobility, Rotational Behavior, Sucking, Swallowing, Swimming, Tonic Immobility, Tool Use, Wandering Behavior]—Chapters

Abnormal muscle synergies in hemiparetic stroke: Origins and implications for movement control, 5298
Application of Doignon and Falmagne's theory of knowledge structures to the assessment of motor learning processes, 32767
Automation of movements: Challenges to the notions of the orienting reaction and memory, 3526
Bernstein's legacy for motor development: How infants learn to reach, 4460
Coordinated control of posture and movement: Respective role of motor memory and external constraints, 3527
Functional-anatomical implications of the nucleus accumbens core and shell subterritories, 26672
Haptics in manipulation, 16463
Hippocampal and parietal contribution to topokinetic and topographic memory, 29878
Optical flow fields and Bernstein's "modeling of the future", 3525
Parietal cortex contructs action-oriented spatial representations, 29881
Structural and functional asymmetries of the human frontal lobes, 7104
"To feel my own knowing in motion": Harmonizing the mind, body, and emotions, 3139
Verbal regulation of motor behavior: Soviet research and non-Soviet replications, 7368

Motor Skill Learning [See Perceptual Motor Learning]

Motor Skills—Serials

acquisition procedures differing in type of training & number & size & sequence of training steps, response variability in keypressing task, college students, 13360
apraxia & impaired motor learning, individuals (mean age 73.6 yrs) with Alzheimer's disease, 24817
behavioral & brain mechanisms underlying everyday action skills, 25–76 yr olds recovering from right hemisphere stroke with vs without neglect, 8591
blocked vs serial feedback, complex motor skill learning of slalom-type movements on ski simulator, college students, 13259
control of expressive & metronomic timing, pianists, 23074
cooperative vs competitive vs individualistic efforts, motor skills performance, 1940–90, test of social interdependence theory, 6828
etiology with congenital vs infantile onset, persistent motor control & strength & balance & gait & posture & fine motor skills, 5–15 yr olds with hydrocephalus, 11897
factor analysis of dominance in hand proficiency & preference, 7–10 yr olds, 4438
haloperidol vs benzodiazepine midazolam vs scopolamine, timing processes & cortical arousal & semantic memory & cognitive & motor skill acquisition, 20–35 yr old male students, 30045
hand preference during manual skill testing, female monkeys, 3629
hand preference in adaptive manual skills & fine manipulation, female pig-tailed macaques, 7085
menstrual cycle phase, performance on sex-sensitive cognitive & motor-skill tasks, college females vs males, 7147
neuropsychological & motor functioning, 48–87 yr olds who underwent anatomically guided posterior ventral pallidotomy for Parkinsons disease , 5730
number of occupational therapy sessions, fine motor & related functional outcomes, 3.5–6 yr olds, academic year follow up, 9264
number of occupational therapy sessions, fine motor & related functional outcomes, 3.5–6 yr olds, academic year followup, commentary, 9270
performance on tests of auditory verbal learning & memory & motor skills & general intellectual functioning & visuospatial functioning, 25–68 yr old binge vs regular alcohol drinkers, 30892
physiotherapy vs non-physical activities, mobility skills, 66–98 yr old patients with dementia receiving respite care, 32021
playground design, play behaviors & peer relationships, 2nd graders with high vs low physical competence, 20546
practice, learning of & changes in motor skills, 33–57 yr olds with profound mental retardation, 18160
scores on cognitive & perceptual & motor & psychological measures, 14–15 & 20–22 yr old basketball players, 6355
sex & skill level, visuoperceptual speed, karate practitioners, 3517
skill level, coordination patterns in ball bouncing, 4–22 yr olds, 24388
test-retest reliability of Assessment of Motor & Process Skills, assessment of activities of daily activities, 55–92 yr olds with & without cognitive impairment, 1–10 day followup, 26096
time course & extent of attentional shifts associated with compensatory balancing reactions, 21–27 yr olds, 36204
use of constant bearing angle strategy for interceptions in horizontal plane in locomotor interception task, college students, 13255
visual/CNS vs cognitive domain-specific skills, skilled perception & performance in sport, expert vs intermediate male soccer players, 12910

Motor Skills—Chapters

The development of physical skills: Instruction in the psychomotor domain, 22496
Functional consequences of congenital cerebellar dysmorphologies and acquired cerebellar lesions of childhood, 37934
Learning and motor skills disorders, 17793
Role of intrinsic circuitry in motor cortex plasticity, 36476

Motor Traffic Accidents—Serials

acquisition pathways & severity of driving-related fears & anxiety response patterns & stability of fear reactions to motor vehicle accidents, adults, 1-yr follow-up, 32456
acute & chronic PTSD, victims of serious motor vehicle accidents, 12 mo study, 17954
age, view of what road users are responsible for in relation to road safety, 5–15 yr olds, 30194
agreement between self-reports & state records regarding factors involved in vehicle crashes & prevalence of visual & cognitive impairments, 55–85 yr old & older drivers, 3200
alcohol intake & severity of injuries sustained from highway traffic accidents, adults, 1778
annual mileage & driving violations & accident involvement, disaggregated driver population data, Netherlands , 29231
artificial neural network model, analysis of urban intersection collisions, 35772
auditory icon emergency warnings, vehicle collision avoidance & reaction time, under 35 to 35+ yr old Ss, 35768
benzodiazepine hypnotics, residual effects on driving & factors associated with increased traffic accident risk, erratum, 13828
blood-alcohol concentration, motor vehicle crash risk, patients with leisure & home injuries vs traffic injuries, Greece, 1801
characteristics of & complicated bereavement & PTSD & death notification recommendations following fatal car crashes, 20945
characteristics of traffic crashes, 15–34 vs 35–54 vs 55+ yr old drivers, 16243
clinical & neuropsychological & forensic considerations of motor vehicle accident induced postconcussion syndrome & whiplash & PTSD, 4850
cognitive-behavioral & exposure therapy for 25–63 yr old post traumatic stress disordered volunteers following a motor vehicle accident, 31525
course & prediction by acute stress reactions, posttraumatic symptom formation, traffic accident victims, prospective 1 yr followup study, 14612
delayed licensure, motor vehicle crash involvement, teenage drivers, Louisiana vs Mississippi vs Florida, 16252
driving behavior & sociodemographic characteristics & motor vehicle accidents, cohort data for 18–23 vs 45–50 yr old female drivers, Australia, 29228
driving habits & crash risk, 55–85 yr olds with cataracts, 19480
driving while fatigued & motor vehicle fatalities 1981-present at a large private university, college students, 12980
effect of cycle helmet wearing on hospitalized head injuries, 5–12 vs 13–18 vs 19 yr olds & older involved in motor vs nonmotor vehicle crashes, New Zealand, 35773
effects of driver education courses or legislation, individual & community motor vehicle crash rates & violations & licensure, high school age drivers, 15901
evaluation of effectiveness of graduated driver licensing programs & nighttime restrictions, motor vehicle crashes & fatalities & injuries, young drivers, 16240
evaluation of effectiveness of low blood alcohol concentration laws, alcohol-related motor vehicle crashes & injuries & fatalities, younger drivers, 14764
evaluation of random alcohol screening & breath testing & sobriety checkpoints, motor vehicle crashes & fatalities & injuries, 14750
evaluations of the impact of primary and secondary enforced motor vehicle occupant restraint laws, seat belt use & crash-related mortality & injuries, 16249
extraversion–boredom vs disinhibition–honesty personality clusters & self-rated drowsiness susceptibility & eye blinks as predictors of accidents in night-driving simulator, 22–55 yr olds, 37173
health status & socio-demographic measures as risk factors, traffic accident &/vs chronic disease risk perception, 15 yr olds & older, 20909
hypnosis, memory of crime scene details, witnesses of vehicular homicides, 33016
licensing process & vehicle ownership & risky driving behavior & accident rates, teenage drivers & parents, 4 yr study, 16237
lifestyle factors, any vs injury vs non-injury crash vs non-motor-vehicle-related serious injury, 21 yr olds, 19 yr study, 12968
mental health costs of motor vehicle accidents & post-accident mental health treatment, 18481
observer speed & obstacle size & edge-rate information, simulated roadway collision event judgments, Os, 6746
performance on driving simulator as predictor of future automobile accidents, aged adults, 14083
places where seated in passenger vehicles when fatal crashes occurred, dead or surviving children, US, 16241

posttrauma incidence of acute stress disorder & PTSD symptoms, 16–65 yr olds with vs without traumatic brain injury following motor vehicle accidents, 14999
predictors of safety belt use among crash-involved drivers & front seat passengers, adjustment for over-reporting of belt use rate & comparison with police-reported crash data, 35771
prevalence & characteristics of red light running crashes, US, 35775
processes & countermeasures in overtaking road accidents, drivers, 22747
psychological testing of patients in psychopathic clinics involved in traffic violation or collision, 27507
PTSD & psychopathology & coping behavior & personality factors in Sense of Coherence Rating Scale, adult traffic accident victims, 6 mo followup, 18255
relationship between alcohol consumption patterns & car & work & sports & home accidents, 15–24 vs 25–34 vs 35–44 vs 45–54 vs 55–64 yr olds, 34380
relationship between lifestyle & road traffic accident risk, 18–24 yr old drivers, Greece, 35767
relationship between substance use & behaviors that increase risk for motor vehicle crashes & crash-related injuries, college students, 34355
reliability & validity & diagnostic screening efficiency of Accident Fear Questionnaire, assessment of PTSD & phobic avoidance, 19–74 yr olds receiving rehabilitation after motor vehicle accident, 35920
sleep or drowsiness or fatigue as contributing factors to road accidents, accident-involved drivers, 35776
social deviance & driving violations & errors & speed preference, accident involvement, 15–21 yr old male offenders, 5132
test-retest scores in neuropsychological assessments, patients with head injuries from mechanical impact (mean age 33 yrs), 1 & 2 yr follow up, 3340
utility of neuropsychological & cognitive tests vs Useful Field of View measure in predicting at-fault car crashes, elderly adults (mean age 70.36 yrs), 6652
visual functions of drivers involved in traffic accidents, 20–87 yr olds, 12981

Motor Traffic Accidents—Chapters

Psychological treatment of motor vehicle accident survivors with PTSD: Current knowledge and application to group treatment, 34910

Motor Vehicles [See Also Automobiles]—Serials

demographic factors & conditions of use & risk-taking driving behavior & prior driving history & attitudes toward motor vehicle laws, pickup truck vs automobile drivers, 12966
driver characteristics & trends in use patterns & driver behaviors, adolescent & adult drivers of all terrain vehicles, implications for vehicle related accidents, 26012
effectiveness of clinical & community health promotion programs to increase motor vehicle occupant seat belt or car seat use by children under age 5, 16242
evaluations of legislation & educational campaigns & interventions promoting rear seat use, proportions of children using rear seats in motor vehicles, 16250
knowledge of & attitudes toward vehicle airbags & mandatory airbag law, 16–65+ yr olds, 26011
licensing process & vehicle ownership & risky driving behavior & accident rates, teenage drivers & parents, 4 yr study, 16237
places where seated in passenger vehicles when fatal crashes occurred, dead or surviving children, US, 16241
prevalence of alcohol influenced motor boat driving, adults, 24527
problems in using private passenger vehicles & assistive technology & selection of vehicles to reduce problems, frail 60 yr olds & older with disabilities, 29235
risky pedestrian behaviors & resulting vehicle swerving & extent & effect of sidewalk encroachments, pedestrians in Pakistan city, implications for pedestrian traffic accidents, 26009

Motorcycles [See Motor Vehicles]
Mourning [See Grief]

Mouth (Anatomy)—Serials

'mouth-feeding' behavior, monkeys assessed after sequential pre- & post-central gyrus lesions, 3936
age-related oral & pharyngeal diseases, taste & smell, elderly persons, health-status & quality-of-life implications, 21489
lesions of spinal trigeminal subnucleus vs rostral subnucleus caudalis, behavioral responses to formalin injection into lip vs electrical stimulation of tooth pulp, male rats, 3880
nestling mouth color as signal of need & relation to chick detection, 31 species of birds, 3718
pregastric food stimulation & gastrin-releasing peptide 1-27 injection, feeding rates, male Sprague-Dawley rats, 36522
prevention of crib-biting stereotypy, food intake & heart rate & plasma cortisol & beta-endorphin as stress measures, horses, 4057
right vs left hand & mouth vs hand use preferences, Callithrix vs Saguinus vs Leontopithecus genera of Callitrichinae, 13384
sublingual tablet containing nicotine, mouth lesions at site of application & other local symptoms, 25–62 yr old smoking cessation program participants, 12 mo prospective study, 19089
sweetness of intraoral sucrose, calming & mouthing & hand-mouth contact, crying newborns, 30118

Mouth (Anatomy)—Chapters

Oral-motor skills and swallowing, 14935
The role of the dental profession in tobacco cessation, 12548

Movement Disorders [See Also Apraxia, Ataxia, Catalepsy, Cataplexy, Chorea, Dyskinesia, Myasthenia Gravis, Myoclonia, Paralysis, Spasms, Tics, Torticollis, Tremor]—Serials

application of model of transactional developmental regulation to evaluate effectiveness of early intervention program, 12–69 mo olds with motor impairments, 12726
associated movement disorders & antiviral therapy & prognosis, children with herpes simplex virus encephalitis, 1934
atypical antipsychotic, case of risperidone-induced rabbit syndrome movement disorder, 27 yr old male with paranoid schizophrenia, 15311
bupropion, symptoms & sleep patterns, 14-yr-old female with ADHD and periodic limb movement disorder, 25191
chronometry of real vs imagined movements, 9–10.9 yr olds with developmental coordination disorder, 37766
clinical features of moderate to severe Periodic Limb Movements in Sleep, children & adolescents, 24717
dopamine receptor agonist pergolide, 43–80 yr old patients with restless legs syndrome, 8886
fluvoxamine, involuntary movements, 14 yr old male patient with tics & associated dystonic extrapyramidal symptoms, 31668
occupational therapy treatment & assessment guidelines, ideational & ideomotor dyspraxia, adults, 35357
occurrence of symptoms of restless leg syndrome & periodic leg movements during sleep during treatment with olanzapine, 41-yr-old male with residual-type schizophrenia, 38267
prevalence & comorbidity & outcome of developmental coordination disorder, 7 yr olds, 3 yr study, 27929
prevalence & severity of & risk factors for abnormal involuntary movements, community dwelling neuroleptic naive 3–17 yr olds at risk for cognitive & behavior problems, 21579
problems encountered in intervention, occupational therapists & children younger than 6 yrs of age with severe developmental dyspraxia, 15684
reliability of Motor Observations with regards to Sensory Integration, assessment of 5–12 yr olds with developmental coordination disorder, 14833
risperidone, abnormal involuntary movements & psychiatric symptoms, patients with Huntington's chorea, 12159
sporadic hyperekplexia related to brainstem vascular anomaly, 35 yr old male, 24799
testing of cerebellar dysfunction, dyslexic children with mean ages of 9 vs 11 vs 13 vs 15 yrs, implications for screening, 14847
timing & force control in initiation & execution of sequential finger tapping task, 8–11 yr olds with vs without motor coordination deficits, implications for peripheral processes in clumsiness, 21595
visual-proprioceptive mapping & use of vision in mapping tasks, 5–7 yr olds with developmental coordination disorder, 24591
visuomotor control during aiming movements, 7 & 9 yr old males with developmental coordination disorder, 27935

Movement Disorders [See Also Apraxia, Ataxia, Catalepsy, Cataplexy, Chorea, Dyskinesia, Myasthenia Gravis, Myoclonia, Paralysis, Spasms, Tics, Torticollis, Tremor]—Chapters

Replication of passive whole-body linear displacements from inertial cues: Facts and mechanisms, 24737

Movement Perception [See Motion Perception]

Movement Therapy—Serials

Alexander Technique instruction, functional reach, 65–88 yr old females, 10916
autobiographical account of relationship with dance/movement therapy & personal life/group experiences, C. Schmais, 31755
body including therapy, body ego disorders, schizophrenic patients, 31754
cultural self-construal & worldview & emotionally expressive behavior & verbalization during dance/movement therapy workshops, European vs Taiwanese dance & mental health professionals, 38353
dance/movement therapy, symptoms of test anxiety, 19–44 yr old graduate & undergraduate students, 31751
Japanese psycho-rehabilitation method of dohsa-hou, consciousness & feeling about body & postural appearance & body movement, adult male sportsmen with cerebral palsy, 5704
programmed group exercise training, affective state, elderly patients affected by anxiety-depression syndrome, 8987
Psychomotor Activation Programme, individual & group behavior & cognitive functioning, 64–96 yr old group care home residents with dementia, 35047

Movement Therapy—Books

The meaning of movement: Developmental and clinical perspectives of the Kestenberg Movement Profile, 22840
Working it out: Using exercise in psychotherapy, 31848

Movement Therapy—Chapters

Core energetics: A therapy of bodily energy and consciousness, 21992
Introducing new psychosocial elements into already functioning systems: The case of art psychotherapy, dance movement therapy and psychodrama at the Centro Italiano di Solidarieta, 19099
A psychoanalytically informed application of dance/movement therapy, 22003

Movies [See Motion Pictures (Entertainment)]
MPTP [See Methylphenyltetrahydropyridine]
MRI [See Magnetic Resonance Imaging]

Mueller Lyer Illusion—Serials

Müller-Lyer illusion, saccadic bias & endpoint variability as function of target size & configuration & movement amplitude, male Ss (mean age 26.5 yrs), 16469
Mueller-Lyer illusion, distance judgments & decision making in map reading, college students, 32808
perception of pictorial stimuli vs Mueller-Lyer illusory representation, formation of cognitive set & effect of set on selective attention & cortical electrical activity, adults (mean age 21.5 yrs), 16496

Multi Infarct Dementia—Serials

affective disorders & ischemia related cortical atrophy & supratentorial ventricular dilatation, 65–92 yr olds with cerebrovascular insufficiency, 8649
degree of cognitive impairment & severity of cerebral ischemic changes, 65–92 yr olds with cerebrovascular insufficiency/multi infarct dementia, 8648
EEG coherence, 54–80 yr olds with Alzheimers disease vs multi infarct dementia, 8618
measurement of pattern of change in early-onset dementia, patients with Alzheimer's type vs alcohol-related vs multi-infarct vs mixed or other dementia etiology, 1 yr followup , 31342
neuropsychiatric symptoms, elderly African American vs African Caribbean vs White outpatients with Alzheimer's disease or multi-infarct dementia, 8617
prevalence & nature of personality changes & relationship to patient & dementia characteristics & neurological signs, elderly Ss with dementia of the Alzheimer's type or multi infarct dementia, 37807
spiral maze performance, 37–92 yr olds with probable Alzheimer's vs multi-infarct dementia, 5411

Multicultural Education—Serials

awareness of new racism & British culture & identity, 8–11-yr-olds, implications for policies on race & ethnicity & antiracist education & multiculturalism in elementary & secondary education, reply, 6161
awareness of new racism & British culture & identity, 8–11-yr-olds, implications for policies on race & ethnicity & antiracist education & multiculturalism in elementary & secondary education, reply, 6143
culturally relevant reading material, reading comprehension & recall, African American 1st–4th graders, 2902
effectiveness of cross-cultural teacher preparation program, Indian & non-Indian student teachers & teacher mentors, 32197
ethnocultural resistance & emotional reactions to diversity courses in mental health training programs, students of color, 12592
framework for educational success & student interaction in transitional newcomer school vs traditional bilingual class, administrators & home school teachers & non-English-speaking Latino 4th graders, 9430
ideological & pedagogical resistance & sociotransformative constructivism for multicultural education & counterresistance, Anglo-European preservice science teachers, 6126
issues in designing & implementing multicultural education curriculum, kindergarten–Grade 8, 15886
issues related to multicultural adaptation & 2nd language development & assessment, Canadian immigrant & refugee children & their families, implications for education & mental health services, 2938
media in experiential learning of multicultural & diversity issues based on cognitive–experiential self-theory for training of counseling students, 32117
multicultural education & diversity appreciation training, prejudice, mental health counselor trainees, 35398

multicultural education & ethnicity & minority vs majority group size, social identity & relationship between self concept & ingroup bias, Dutch vs Turkish 10–13 yr olds, 14016
multicultural education & service learning & professional competencies in health education, college students in community based learning, 38840
multicultural issues in counseling internship programs, internship directors, 12587
multicultural training & graduate school application decisions, White vs ethnic minority clinical psychology doctoral students, 12584
overview of design of University of North Florida's 1970s race relations course & suggestions for inclusion of similar course in current college or high school curricula , 9434
problems encountered in development & content of & psychology college student reactions to multicultural newsletter , 22436
state support for cultural identity school in a liberal democratic state, 6101
strategies & resources for & importance of incorporating & attempts to infuse diversity in classrooms, members of American Psychological Association's Division 2, 22463
use of children's books in bibliotherapy for understanding physical disability, 15094

Multicultural Education—Books

Electronic literacies: Language, culture, and power in online education, 9455
Language policy in schools: A resource for teachers and administrators, 9453
Pathways to success in school: Culturally responsive teaching, 19275
Proceedings of the National Association for Multicultural Education, 28915
Reducing prejudice and stereotyping in schools, 38881

Multicultural Education—Chapters

Achieving cultural integrity in education in Aotearoa/New Zealand, 1109
Becoming a reflective practitioner, 19280
Breaking out of a separatist paradigm: Intercultural education in South Africa, 2898
Building cultural diversity into the literature curriculum, 19277
Celebrating our differences through multicultural activities: The collaboration and integration of music across the disciplines., 19284
The challenge of intercultural education in Spain, 2895
Culturally mediated instruction in mathematics: Strengths and barriers., 19289
Culturally responsive teaching for American Indian students, 19344
Diversity in higher education, 9462
Ethnic identity development and multicultural education, 22548
Ghana: Education in a multicultural context, 2887
Intercultural education in Australia, 2890
Intercultural education in Britain, 1111
Intercultural education in Canada: Glimpses from the past, hopes for the future, 2888
Intercultural education: Approaches in the Netherlands, 2891
Intercultural education: The case of Mexico, 2892
Intercultural pedagogy as an alternative to a monoculturally oriented education: The case of Romania, 2894
Interculturalism in education: A Malaysian perspective, 2889
Multicultural education in the United States, 2897
Multiculturalism in the context of Africa: The case of Nigeria, 2893
Recognizing and valuing difference: Process considerations, 19343
Relating competence in an urban classroom to ethnic identity development, 22500
Sophistry, Aristotle, contrastive rhetoric, and the student of color, 19321
Teaching English as a second language (ESL) students, 38836

Multiculturalism—Serials

adequacy of & problems with managed mental health care for multicultural populations, 5827
approach to resolving counselor–client value conflicts in multicultural counseling, 12036
attitudes toward food & nutrition services for multicultural families, Head Start staff, 25459
beliefs about role of schools in cultural diversity & multiculturalism curriculum, preservice teachers, 25722
bicultural model of health care delivery & implications for nursing care, New Zealand, 38476
contribution of psychological research & theories to issue of intercultural relations in plural societies, 10968
culturally sensitive school psychology practice, students of diverse backgrounds, 35576
culturally sensitive smoking cessation intervention, African American smokers, 2 yr study, 2695
culturally-biased attitudes & basic trust & typology of self-disclosure problems in multiracial & multicultural therapy groups, 5557
culture in multicultural groups during collaboration in business, Americans & Russians, conference presentation, 22573
developmental challenges & characteristics of cultural homelessness, cross cultural tensions in ethnically mixed families & their culturally different environment , multicultural individuals , 10885
diversity initiatives in the workplace, diversity experts, 3118
educational benefits of racial diversity in higher education, undergraduates, 28959
focus group method & multicultural issues in qualitative research, implications for marketing, 26285
framework for group psychotherapy with culturally diverse populations, 5568
guidelines for integrating court-ordered & multicultural counseling, court-referred clients, 38648
international relations & negotiation & development of cross-cultural personnel management training & education, public sector management personnel in organizations planning globalization, 29053
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, 53
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary, 55
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary, 37
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary reply, 52
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary, 39
K. F. Reigel's contributions to diversity & multiculturalism in biological & psychological & cultural-historical developmental progressions, 25735
multicultural perspective on assessment & treatment strategies, adolescent sex offenders, 25568
multiculturalism & artistic expression & political correctness & censorship in art therapy, commentary, 38358
multiculturalism & artistic expression & political correctness & censorship in art therapy, 38354
museums as focus for multicultural divisions & tensions & as institutions to serve ends of public education & cultural enrichment, 10957
participation in human diversity course, change in attitudes regarding diversity, undergraduate social work students, 9344
policy for providing drug prevention programs in multicultural communities, 15453
programs in multiculturalism & training programs for medical students for work in culturally diverse societies, 38690
reference & reframing in school consultation in multicultural settings, 9405
relevance of triarchic theory of human intelligence for understanding & assessment of intelligence, multicultural student populations, 25701
role of diversity/multiculturalism in teaching about racism in counselor education programs, 12594
role of Multicultural Counseling Competencies in addressing oppression & racism in counseling, 12561
teaching & expertise in futures studies & causal layered analysis & multicultural futures & knowing & ways of knowing, 1033
unjustified vs marketing- vs creativity-justification of company diversity programs, attitudes & ratings of hiring decision & diversity programs, African-American business students, 35642
use of diversity management vs affirmative action in provision of perception for enhancement of female & racial minority employee hiring, college students, 22586
use of ethnic identity development typology as framework in discussions of young adult multi-ethnic literature, graduate students, 6154

Multiculturalism—Books

Against relativism: Cultural diversity and the search for ethical universals in medicine, 17476
Counselling in a multicultural society, 21704
International perspectives on intercultural education, 2825
An introduction to multicultural counseling, 31474
Legal and ethical dimensions for mental health professionals, 22386
Mentoring dilemmas: Developmental relationships within multicultural organizations, 15832
Multicultural psychotherapy: An approach to individual and cultural differences (2nd ed.), 8789
Promoting health in multicultural populations: A handbook for practitioners, 9062
Time to listen to children: Personal and professional communication, 20627

Multiculturalism—Chapters

The challenges of counseling in a multicultural society, 21743
Client centred or culture centred counselling?, 21729
Counseling non-Hispanic White boys, 34854
Cross-cultural–multicultural use of the Thematic Apperception Test, 32669
Cultural diversity and employee assistance programs, 25877
Cultural diversity and multicultural politics: Is ethnic balkanization psychologically inevitable?, 27168
Culture and development in our postcultural age, 13919
Diversity watch for the new millennium: Reversing the tide of exclusion, 38066
Exploring multicultural issues using qualitative methods, 22988
Health promotion in the context of culture, 9079
Intercultural education in Britain, 1111
Intercultural education in Canada: Glimpses from the past, hopes for the future, 2888
Literacy in developing societies: Native language versus national language literacy, 4378
Models of American ethnic relations: A historical perspective, 27161
Models of counselling and psychotherapy for a multiethnic society, 21708
Models, theories, and principles of health promotion with multicultural populations, 9069
Negotiation in multicultural teams: New world, old theories?, 35682
Shame and counter-transferential experiences in an African multicultural clinical setting, 34845
The Tell-Me-A-Story Test: A multicultural offspring of the Thematic Apperception Test, 32620
Where do we go from here, and how do we get there? Methodological issues in conducting research on diversity and mentoring relationships, 16062
Who am I? Gay identity and a democratic politics of the self., 4686

Multidimensional Scaling—Serials

confirmatory multidimensional 2-parameter item response theory models, generation & evaluation components of synonym task performance, 16–18 yr olds, 32737
factor analysis & dimensionality of Beck Depression Inventory, college students, implications for assessment of depression, 35894
issues in multidimensional unfolding analyses of ranking data for groups, 3382
marketing applications of Maximum Likelihood Multidimensional Scaling methods for perceptual mapping, 19657
methodology & results & validity & reliability of Pictorial Scale of Perceived Competence & Social Acceptance, measurement of self-concept, 3.1–5.6 yr old Lebanese kindergartners & teachers, 32596
metric vs nonmetric multidimensional unfolding model & estimation procedure, joint space representation of rank-order preferences, college students, 32738
multidimensional scaling & cluster analysis methodology use for information processing theory modeling & taxonomy & treatment development for schizophrenia , 30703
multidimensional scaling analysis of paranoid & other psychiatric symptoms in depressive & psychotic disorders, community residents & depressed & psychotic patients, 14471
objects & variable group weighting in distance-based nonlinear multivariate analysis, 22927
perspective of major dimensions affecting acceptability of loneliness counseling interventions, college students, comparison with dimensions posited by theoretical models of treatment acceptability, 2169
procedure for prediction of perceived color difference in current Munsell solid & contrast to multidimensional scaling, 13203
test–retest reliability of Multidimensional Anxiety Scale for Children, children & adolescents aged 8–18 yrs, 32646
use of Mokken Scaling model to test consistency of psychometrics of Health Related Quality of Life scales across 7 populations, 16–92 yr olds with cancer, 36027

Multidimensional Scaling—Chapters

Concert halls: From magic to number theory, 212

Multidisciplinary Research [See Interdisciplinary Research]

Multidisciplinary Treatment Approach [See Interdisciplinary Treatment Approach]

Multidrug Abuse [See Polydrug Abuse]

Multilingualism [See Also Bilingualism]—Serials

evaluation of problem based technique, 1st yr multilingual medical students, 38672

Multimodal Treatment Approach—Serials
assessment & categorization & conceptualization of stress & anxiety disorders & need for eclectic treatment approach, 27731
augmentation with risperidone, 36–75 yr old outpatients with major depressive disorder resistant to treatment with selective serotonin reuptake inhibitors, 1 wk study, 18721
behavior therapy & fluvoxamine vs placebo, adults (mean age 35.5 yrs) with obsessive compulsive disorder, 5464
bupropion & behavior modification, 31 yr old male with smokeless tobacco addiction, 15611
clinical procedures & outcomes & policy implications of multisystemic therapy for children & adolescents with antisocial behavior, 35173
cognitive behavior therapy &/vs medication, obsessional beliefs, patients with obsessive compulsive disorders, 11977
combination pharmacological therapy for Alzheimer's disease, 2302
effectiveness of psychiatric pain clinic, patients, 22032
frequency of use & effectiveness & impact on sexual functioning of drugs used to augment selective serotonin reuptake inhibitors in treatment of major depression, survey of psychiatrists, 15788
multicomponent treatment with relaxation training & systematic desensitization & cognitive–behavioral interventions & self-reported data collection, test anxiety, 19 yr old college student, 24914
multimodal intervention program, facilitative interpretations of precompetition cognitive & somatic anxiety, male elite swimmers debilitated by anxiety, 5 mo follow-up, 16168
multimodal therapy model in executive coaching, psychologists, 16069
multiple group psychotherapy approach, adolescents with psychiatric & substance abuse comorbidity, 38119
patient characteristics & clinical outcomes in integrated medical & psychiatric inpatient program, patients with comorbid medical & psychiatric illness, 28730
prevention of further sibling incest through time limited group therapy & multimodal interventions with families & therapeutic processes, 9–15 yr old males, 2 mo follow up, 5553
prognostic demographic & socioeconomic data & physical & psychological measures & treatment-related changes, return to work, chronic back pain patients 6 mo after multimodal treatment program, 28262
rehabilitation model for behavioral shaping & supportive & family & milieu therapies & medications, case series of adolescents with severe somatoform disorders, 34744
role of combined psychosocial & pharmacologic treatment, comprehensive management, persons with schizophrenia, 8769
safety & efficacy of use of atypical antipsychotic agents as adjunctive therapy for bipolar & schizoaffective disorders, 28425
strategic-systemic behavior therapy & selective serotonin reuptake inhibitors, persons with obsessive-compulsive disorder, 5462
theoretical orientation & reported practice of eclectic & integrative therapy, counselors, 31441
therapeutic advantages & disadvantages for integrating family therapy & solution-focused therapy techniques, 24963

Multimodal Treatment Approach—Books
No-talk therapy for children and adolescents, 15170
Psychoanalytic participation: Action, interaction, and integration, 34932
Psychological theories of drinking and alcoholism (2nd ed.), 24545

Multimodal Treatment Approach—Chapters
A biopsychosocial approach to counselling in primary care, 35204
A comprehensive psychological approach to preventing relapse, 12546
Developing an individual counselling programme: A multimodal perspective, 21740
Doctors, counsellors and their patients: Intrapsychic and interpersonal issues, 35205
Integrating psychotherapy and pharmacotherapy in the treatment of anxiety, 14636
A multi-modal approach to trauma recovery: A case history, 2187
A multimodal framework for clinical hypnosis, 8979
Psychosocial treatments for individuals with schizophrenia and related disorders, 31487

Multiple Births [See Also Triplets, Twins]—Serials
genetic research on monozygotic triplets & other multiple births with schizophrenia in medical literature, comment, 14587

Multiple Births [See Also Triplets, Twins]—Books
Twin and triplet psychology: A professional guide to working with multiples, 33593

Multiple Births [See Also Triplets, Twins]—Chapters
Antenatal and postnatal influences on family relationships, 33778
Meeting the educational needs of pre-school and primary aged twins and higher multiples, 35557

Multiple Choice (Testing Method)—Serials
calibration & scoring of educational tests with multiple choice & constructed-response item types, students in Grades 3 & 5 & 8, 3361
Data Augmented Gibbs Sampler in Bayesian random effects model for testlets, 22926
gender differences by item difficulty in multiple choice mathematics tests, eighth & ninth graders, 2904
gender differences, performance on National Educational Longitudinal Study of 1988 multiple-choice vs constructed response science test formats & item content, high school students, 2913
instruction/scoring condition, sex effect size in multiple-choice test scores, male vs female 16–21 yr olds, 32574
instructions & scoring that discourages vs encourages random guessing on multiple choice tests, omissions & reliability estimates & numbers of right vs wrong answers & scores, high school students, 26084
locus of control, test anxiety across multiple-choice & essay format exams, college students, 6665
multiple choice vs Piagetian tasks, perceptual part–whole integration, 2–5 yr olds, implications for lower age bounds of comprehension, 20483
reliability of 3 vs 4-option test items in high stakes school-leaving mathematics examination, influence of testwiseness on performance, 12th grade students, 13111
sex, performance on multiple-choice & constructed response mathematics items in context of high school graduation test, 11th graders, 12684

Multiple Choice (Testing Method)—Books
Developing and validating multiple-choice test items (2nd ed.), 19576

Multiple Personality [See Dissociative Identity Disorder]

Multiple Regression—Serials
confidence interval for ordinal multiple regression weights, Type I error & coverage & power, 29439
formula-based vs traditional empirical vs equal weights procedures, accuracy of population validity & cross-validity estimation, 19669
spatio-temporal cooperative cortical dynamics measured by multivariate autoregressive modeling of local-field ERPs, macaques, 29772

Multiple Sclerosis—Serials
AC pulsed electromagnetic fields applied transcranially over temples, depth perception & ambulatory capability, 51 yr old female with secondary progressive multiple sclerosis, 31804
acute ambulatory- & hospital-billed charges & health care utilization, patients with multiple sclerosis, 5 yr study, 38501
adjustment, patients with multiple sclerosis, 1 yr study, application of stress & coping model, 24835
APOE gene & -491 A/T polymorphisms, cognitive impairment in multiple sclerosis patients, implications for increased risk of Alzheimers disease, 37772
Class II studies of relationship between physical trauma & psychological stress & onset or exacerbation of multiple sclerosis , 24802
client attitudes toward treatment utilization & quality of care in managed care vs fee for service, 22–80 yr olds with multiple sclerosis treated by physician specialists vs neurologists, 38436
clinical evaluation of motor abilities & cognitive performance & mood & fatigue & quality of life & handicap, multidimensional assessment, multiple sclerosis patients aged 21–72 yrs old, 32576
clinical scales & health related quality of life in multiple sclerosis, 2036
cognitive function, adult males with multiple sclerosis vs Huntington's disease vs cortical dementia, 1389
consciously controlled & automatic memory processing, memory impairment, adults with multiple sclerosis, 37906
construction of health-related quality of life questionnaire, multiple sclerosis patients aged 33.7–55.3 yrs old, 2 yr study, 32702
conversion disorder presenting as multiple sclerosis, 40-yr-old male army member, 1950
coping congruency & level of couple coping, psychological distress & dyadic & individual adjustment to chronic illness, care receivers with multiple sclerosis & their caregivers, 12 mo study, 5883
coping skills vs telephone peer support intervention, quality of life, patients (mean age 43 yrs) with multiple sclerosis, 18282
course of illness,somatostatin level variance, patients with multiple sclerosis (mean age 42 yrs), 2 yr study, 31312
depressed mood, capacity-demanding memory & attentional functioning, patients (mean age 50.2 yrs) with multiple sclerosis, 24775
exposure to electromagnetic fields & incidence of multiple sclerosis, employees of utility companies, 18263
false recognition of unfamiliar people as familiar, 53 yr old male patient with multiple sclerosis, 24856
fluoxetine or sertraline or paroxetine in treatment of emotional incontinence with pathological laughing or crying, adult & elderly males with traumatic brain injury or multiple sclerosis or posstroke, 2064
glatiramer therapy, neuropsychologic functioning, 18–45 yr olds with relapsing-remitting multiple sclerosis, 2 yr study, 15436
health quality of life & response shifts, 24–64 yr old peer telephone supporters vs supported adults with multiple sclerosis, 28203
impatient multidisciplinary neurological rehabilitation program, health-related quality of life, patients with Parkinson's disease vs multiple sclerosis, 2446
inpatient physical rehabilitation program, disability & quality of life, 18–65 yr old multiple sclerosis patients, 12497
interferon beta-1b treatment, emotional state change, relapsing–remitting 18–53 yr olds with multiple sclerosis, 21537
lamotrigine, pain, 38 yr old female with multiple sclerosis, 5757
magnetoencephalography measured spontaneous abnormal brain activity, 18–49 yr olds with multiple sclerosis, 21467
multidisciplinary inpatient rehabilitation, neurologic status & disability & quality of life & emotional well-being, 25–66 yr olds with progressive multiple sclerosis, 1 yr study, 12496
neuropsychiatric symptoms, 16–60 yr old patients with multiple sclerosis, 11883
personal & societal & federal policy & program barriers to employment, 25–45 yr olds with multiple sclerosis, 15031
physical disability & pain experiences & internal vs external locus of control cognitions, prediction of adaptation & depression & anxiety, 16–69 yr olds with spinal cord injury vs multiple sclerosis, 8503
plaque number in olfactory structures &/vs olfactory dysfunction, patients with multiple sclerosis, 37827
psychological & neuropsychological predictors of coping patterns to disease-related stressors, patients with multiple sclerosis, 11906
quality of life, adults with multiple sclerosis, 37771
quality of life, patients with multiple sclerosis, England vs France vs Germany, 1946
rehabilitation & management of multiple sclerosis, 2674
relation of optimism to adaptation dimensions & outcome expectancies, patients with multiple sclerosis, 34547
reliability & validity of Symptoms Inventory & Performance Scales measurement of impairment & disability & quality of life, multiple sclerosis patients, 9924
reliability of Medical Outcome Study Short Form–36 & Disability & Impact Profile, assessment of health related quality of life, patients with multiple sclerosis, 3355
responsiveness in health related quality of life indices in multiple sclerosis patients, 36021
safety profile & adverse events in response to moclobemide treatment, depressed patients with multiple sclerosis, 3-mo study 34–60 yr old, 21865
semantic encoding & rate of forgetting, patients with multiple sclerosis (aged 22-70 yrs), 34656
subjective experiences of psychosocial consequences of multiple sclerosis, 25–67 yr old patients with multiple sclerosis, 24832
temporal resolution in extra-foveal visual field assessed with 16-point diagnostic strategy vs visual EP procedure, 31–73 yr olds with multiple-sclerosis-neuropathy, 28211
test & development of model of factors perpetuating fatigue, 19–56 yr olds with chronic fatigue syndrome vs multiple sclerosis with fatigue, 8518
test validity of Disability & Impact profile, assessment of quality of life, 26–76 yr olds with multiple sclerosis, 36005
theoretical expectations vs lived experience, children growing up with parent with multiple sclerosis, 34607
treatment of depression in patients with multiple sclerosis, 11975
trigeminal neuralgia triggered by auditory stimuli to right ear & pathophysiological mechanisms, 27 yr old male with multiple sclerosis, 31241
use of magnetic resonance spectroscopy to examine relation between executive function & frontal lobe pathology, 24–50 yr old patients with multiple sclerosis, 11889
use of magnetization transfer ratio histogram analysis & correlates to clinical & neuropsychological functioning, patients with multiple sclerosis, 34613
vaccinations & steroids, disease progression & moods, 25–57 yr olds with multiple sclerosis, 28033

validity of Italian multiple sclerosis quality of life- 54 questionnaire, assessment of neurological impairment on perceived quality of life, patients (mean age 42 yrs) with multiple sclerosis, 32687
working memory capacity in reading vs word tasks, depressed vs nondepressed patients with multiple sclerosis, 34532
yawning & stretching during transcranial therapeutic application of pulsed electromagnetic fields & role of ACTH, female multiple sclerosis patients with mild motor disabilities, 9031
Multiple Sclerosis—Books
The clinical neuropsychiatry of multiple sclerosis, 37926
Multiple Sclerosis—Chapters
Pain in multiple sclerosis and the muscular dystrophies, 8543
Multiple Therapy [See Cotherapy]
Multiply Disabled [See Also Deaf Blind]—Serials
automatic portable verbal prompt system at scheduled intervals, assembly task performance, 31 yr old female with total blindness & profound intellectual disability, 8808
development of preferred stimuli program that accompanied therapeutic exercise routines, indices of unhappiness, 27–66 yr old females with profound multiple disabilities, 24084
fractionation of neurodevelopmental processes in visual memory, 29 yr old male with congenital deafness & Gilles de Tourette syndrome & autism, 14816
hierarchical model & multidisciplinary approach to assessment & management of interdependent areas of functioning, children with multiple disabilities, 21452
identifying sources of happiness & unhappiness through behavioral observation, students with profound multiple disabilities (ages 19–42 yrs) , 14396
leisure options, frequency of spontaneous communication & communication development, 4 yr old male with neurofibromatosis & multiple other disabilities, 11779
outcomes of interdisciplinary vision assessment approach of the Special Populations Assessment & Rehabilitation Center, multiply impaired 6 mo to 74 yr olds, 24888
philosophy & structure & content & suggested strategies for design of instructional strategies for students with visual & multiple impairments, 2970
planned vs actual realization of therapies & activities in residential & nonresidential facilities, individuals with profound multiple disabilities, 1990–98, 32023
structured program of planned visual stimulation, visual behaviors, 9–21 yr olds with visual & additional impairments, 24885
Multiply Disabled [See Also Deaf Blind]—Chapters
The psychotherapeutic needs of the learning disabled and multiply disabled child, 34453
Multiply Handicapped [See Multiply Disabled]
Multivariate Analysis [See Also Factor Analysis, Multiple Regression, Path Analysis]—Serials
assessment of multidimensionality, item response theory true-score equating method, 35854
mixed generalized estimating pseudo-score equations approach & distribution free multiple imputation technique for estimation of multivariate probit model with missing values, 19672
model of stochastic interdependence & selective influence of experimental factors on random variables, 13130
multilevel analysis of correlates of quality of care in homes for aged, facility managers & residents, 25484
multivariate analysis of typology & correlates of child sexual abuse based on prevalence study data, reported cases of abuse of Swiss 14–16 yr olds, 34254
multivariate tests for correlated data in completely randomized designs, 26266
objects & variable group weighting in distance-based nonlinear multivariate analysis, 22927
orthogonal wavelet transforms in preprocessing multivariate data for subsequent analysis, 6714
parent–child multivariate conditional path model of heritability of verbal & spatial ability & visual memory & perceptual speed, adopted vs biological families, 3807
procedure for generation of correlated multivariate nonnormal distributions , 13134
procedure for generation of correlated multivariate nonnormal distributions, erratum , 22930
procedure for testing the significance of multivariate effect sizes, 26273
pseudo maximum likelihood & asymptotically distribution free analysis parameter estimation of dynamic factor model parameters from multivariate time series, 6711
selection of indicators for multivariate measurement & effect on construct representations & ability of exploratory vs confirmatory analyses to yield within- & between-construct information, 26262
statistical power & Type I error in MANOVA simultaneous test procedures, 6723
strike tactics, judgments & support of the 1994-95 Major League Baseball player's strike, 14–59 yr old baseball fans, multilevel analysis, 19456
Type I error rate for corrected degrees of freedom univariate vs multivariate vs mixed model vs other recent tests for analysis of repeated measures , 19664
use of component analysis of ipsative variables & partialling mean as alternative to ipsatization, application to data from Rosenberg Personality Questionnaire, 16295
Munchausen Syndrome—Serials
headache & facial pain as manifestation of Munchausen syndrome, 34 yr old male, 14468
hospital protocol & risk management & legal implications for the evaluation & reporting & treatment of Munchausen by Proxy in hospital settings, 34299
improving child protection & misdiagnosis of Munchausen's syndrome by proxy, 31074
microbiology laboratory provides clues to diagnosis of self-induced infection in Munchausen's syndrome, 30-yr-old female with recurrent septic arthritis of ankle , 8279
Munchausen Syndrome by Proxy—Serials
difficulties & challenges in diagnosis of factitious disorder by proxy in forensic settings, 11544
experiences & emotional & developmental impact of & phases of psychotherapy for Munchausen syndrome by proxy, hospitalized 6 yr old female , 5017
Munchausen-by-proxy syndrome & related cultural & family issues, 11 yr old male immigrant presenting with hyperactivity, commentary appended, 5549
Munchausen Syndrome by Proxy—Books
Disordered mother or disordered diagnosis?: Munchausen by Proxy Syndrome, 4892
Munchausen Syndrome by Proxy—Chapters
Factitious disorders and factitious disorders by proxy, 17849
Murder [See Homicide]
Muscarinic Drugs [See Cholinergic Drugs]
Muscimol—Serials
hippocampal EEG & behavior before vs after afterdischarge with vs without reversible inactivation of medial septum via muscimol, free moving male rats, 29911
injection of muscimol into ventral vs dorsal premotor cortex, recalibration of prism displaced visual field during visually guided reaching task, monkeys, 20319
intra-medial septal muscimol, memory in inhibitory avoidance & water maze tasks, male rats with lesions of basolateral nucleus of amygdala, 10456
microinjections of midazolam or muscimol or glutamate or GDEE or AP7 into inferior colliculus, vigilance & freezing & escape, male rats, 17083
muscimol & AP5 in regions of cingulate cortex, consolidation of memory for inhibitory avoidance task, male rats, 33449
muscimol stimulation of GABA-A receptors in medial vs ventral vs lateral nucleus accumbens shell, fat vs carbohydrate intake & saline vs sucrose vs saccharin taste preference, male rats, 16893
transient inactivation of subthalamic nucleus by muscimol & APV, RT, male hooded rats, 10538
Muscle Contraction Headache—Serials
application of chilled metal tubes to maxillary posterior molar apical areas, pain & nausea, 16–59 yr old patients with severe migraine or tension type headache, 28595
artificial neural network modeling, lifestyle interference attributed to headache by psychological correlates of depression & anger & coping strategies, Ss with chronic tension headache, 26023
Botulinum Toxin Type A, tension type & migraine headaches, 32–49 yr old patients with chronic daily headache with migraine features, 28603
changes in second suppressive period of exteroceptive suppression of temporalis muscle activity, 19–69 yr olds with chronic tension-type headache vs fibromyalgia syndrome, 1951
clinical characteristics of migraine & tension & cluster headaches, adults with HIV infection, 14971
clinical features of weekend migraine headaches without aura & episodic tension headaches, adults, 14922
cortical hyperexcitability or loss of habituation & use in diagnosis of visually evoked ERP, 6–17 yr olds with migraine with vs without aura or episodic tension headache or ergotamine-induced headache, 5205
fluoxetine vs desipramine, headache improvement & relation of pain control to changes in depression, 19–59 yr olds with chronic tension type headache, 5784
postural & myofascial & mechanical abnormalities, adults with migraine &/or tension headaches, 14909
prevalence & characteristics of frequent headache, 18–65 yr olds, commentary, 14913
single-dose efficacy & tolerability of 12.5 vs 25 mg ketoprofen vs acetaminophen vs placebo, tension headache, adults, 5758
use of cluster analysis to validate International Headache Society criteria for migraine & tension-type headache, headache sufferers (mean age 42 yrs), 16359
Muscle Contractions—Serials
activation level of biceps brachii muscle during contractions, 18–42 yr olds vs 67–79 yr olds, 20445
cortical vs peripheral silent period during leg muscle contraction, adults with primary restless leg syndrome, implications for etiological role of human biological rhythms, 37831
differences in leukocyte invasion, male vs female mice with injured murine skeletal muscles, 23431
fatigability of motor units estimated by changes in work performed in successive tetani during fatigue test, adult rats, 20168
interactions of intertap interval & muscle force control of finger tapping sequences, 21–25 yr old males, 3515
iv vs icv vs intrathecal administration of adrenoceptor agonists & antagonists, tonic electrical activity of anal sphincter, anesthetized cats, 4090
left vs right C-bend biases in fast & slow turns in response to external stimuli & related muscle mass, isolated and grouped fish of different species, 36339
motor congruence effects of arm flexion vs extension on attitudes toward people, college students, 3510
oleamide, back muscle contractions & wet dog shakes induced by serotonin receptor agonist, male rats, 23495
order of self referent semantic stimuli varying in congruence/truth, endurance of force in manual muscle testing of deltoid muscle group, 18–24 yr olds, 29526
partial inactivation of primary motor cortex hand area by muscimol injection, single finger & wrist flexion & extension movements, monkeys, 514
risperidone, extracellular striato-pallidal dopamine & serotonin & GABA neurotransmitters & limb rigidity, female rats, 4162
transcranial magnetic stimulation, spinal cord EPs & leg muscle responses, 31–62 yr olds, 13613
Muscle Contractions—Chapters
Mechanical, neural, and perceptual effects of tendon vibration, 3523
Muscle Cramps [See Muscular Disorders]
Muscle Relaxation—Serials
jaw relaxation with vs without music, postoperative pain after major abdominal surgery during ambulation & rest, 20–70 yr olds, 22051
motor congruence effects of arm flexion vs extension on attitudes toward people, college students, 3510
partial inactivation of primary motor cortex hand area by muscimol injection, single finger & wrist flexion & extension movements, monkeys, 514
progressive muscle relaxation, behavioral disturbance & cognitive performance, patients with Alzheimer's disease, 12083
voluntary relaxation of foot muscles, movement related cortical potentials, 22–39 yr old males, 23411
Muscle Relaxation Therapy [See Relaxation Therapy]
Muscle Relaxing Drugs [See Also Baclofen, Diazepam, Orphenadrine, Papaverine, Theophylline]—Serials
patient carisoprodol usage patterns & physician knowledge of abuse potential, patients & physicians, 22065
safety & efficacy of botulinum toxin type B, adults with type A-resistant cervical dystonia, 38217
safety & efficacy of botulinum toxin type B, patients with type-A responsive cervical dystonia, 38216
sedative effects of single & repeated doses of 50 vs 150 mg tolperisone hydrochloride, 19–27 yr olds , 4139
Muscle Spasms—Serials
gabapentin, blepharospasm & oral-mandibulo movements, 30–58 yr olds with affective disorders, 31652
hypnotherapy, anxiety & depression & muscle pain control, middle-aged male with generalized dystonia of childhood onset, 35067
Muscle Tone—Serials
isokinetic muscle torque in knee, mentally retarded men with vs without Down's syndrome (mean age 19 yrs) vs sedentary men (mean age 23.9 yrs), 30997
raclopride & chlorpromazine, muscle tone & D2 receptor occupancy, rats, 23516
side of body with increased muscular tension, visual vertical judgment in standing posture & side of displaced judgments, hemiplegic 51–76 yr olds vs normal 53–87 yr olds, 31253
Muscles [See Also Diaphragm (Anatomy), Facial Muscles, Masticatory Muscles, Oculomotor Muscles]—Serials
A. A. Markosyan's concept of biological reliability & relation to ontogeny & aged related dynamics of muscular motor activity & manifestations in metabolic regulation, 16987
activation level of biceps brachii muscle during contractions, 18–42 yr olds vs 67–79 yr olds, 20445
application of GABA alone or with glutamate along or with bicuculline or phaclofen, magnitude of temporomandibular joint-evoked jaw muscle EMG activity, male rats, implications for nociception, 20270
changes in second suppressive period of exteroceptive suppression of temporalis muscle activity, 19–69 yr olds with chronic tension-type headache vs fibromyalgia syndrome, 1951

CNS network & lumbar epaxial muscle that produces lordosis reflex displayed during mating, rats, 20084
conditioning stimulation of upper limb, lower limb motor EPs to transcranial magnetic stimulation, healthy 65 & 70 yr olds with left thalamic infarcts, 24790
corticomotoneuronal cell production of postspike effects in muscles of proximal vs distal forelimb joints during reach & prehension task, rhesus monkeys, 585
corticospinal conduction to abductor digit minimi muscles, 17–90 yr olds with possible corticospinal dysfunction, 18394
denervation of hindlimb & extensor digitorum longus muscle, motor activity, 3 vs 18 day old rats, 29866
differences in leukocyte invasion, male vs female mice with injured murine skeletal muscles, 23431
experimental models of pain, referred & temporal pain & summation pain & muscle hyperalgesia, 36124
exposure of cerebral vascular smooth muscle cells to methanol concentrations of 10–400mM, changes in concentration of intracellular free calcium ions, male canines, implications for CNS toxicity, 30024
motor evoked potentials after exercise of thenar muscles, depressed vs recovering depressed patients, 30685
muscle performance of arms & legs, 20–50 yr old detoxified alcoholic men, 21355
neurologic basis of applied kinesiology or manual muscle testing for functional neurological assessment & types of tests & model for neurolymphatic reflex activity, 20143
neuromuscular performance & incidence of falls, elderly Japanese vs Caucasian females, 30253
overview of recent data on spinal mechanisms of muscle pain, animal experiments, 36299
painful stimulation of a pain-free muscle, referred pain patterns & central hyperexcitability, 29–62 yr old females with fibromyalgia, 37754
referred muscle pain & hyperalgesia in clinical setting & pathophysiological mechanisms, patients with painful visceral disorders, animal models of urinary colics from calculosis, 37753
role of digit cutaneous receptors in hand & arm muscle EMG responses during grasp task with object present vs absent & with vs without local anesthesia, 22–51 yr olds, 20169
stress & ovarian cycle & prolonged chewing & periodontal pain, pressure pain threshold variations in human jaw muscle, healthy Ss vs patients with myogenous pain, 37747
system of references used by CNS for maintenance of upright posture of body, spatial coordinates & body schema structure & receptive fields of muscles, healthy adults, 16914
voluntary relaxation of foot muscles, movement related cortical potentials, 22–39 yr old males, 23411

Muscles [See Also Diaphragm (Anatomy), Facial Muscles, Masticatory Muscles, Oculomotor Muscles]—Chapters

Abnormal muscle synergies in hemiparetic stroke: Origins and implications for movement control, 5298

Muscular Disorders [See Also Cataplexy, Muscular Dystrophy, Myasthenia Gravis, Myoclonia, Myofascial Pain, Myotonia, Torticollis]—Serials

acute dystonia following trazodone, 14-yr-old hospitalized male with major depressive disorder with psychotic features, 8953
association of fibromyalgia with vs without depressive symptoms & increased serum concentrations of interleukin-6 & relation to severity of fibromyalgia, patients, 17877
biofeedback/relaxation &/vs exercise training, self efficacy & tender point index scores & physical activity, patients with fibromyalgia syndrome, 3 mo & 1& 2 yr followups, 5719
brain involvement, 18–73 yr olds with myotonic dystrophy vs proximal myotonic myopathy, 37767
changes in second suppressive period of exteroceptive suppression of temporalis muscle activity, 19–69 yr olds with chronic tension-type headache vs fibromyalgia syndrome, 1951
childhood fibromyalgia & chronic fatigue syndrome, literature review, 31040
clozapine induced alternating Pisa syndrome, 45 yr old female with schizophrenia, 2285
cognitive behavioral interventions & rheumatic diseases, implications for treatment of fibromyalgia syndrome, 2458
concepts of unitary sympathoadrenal system & unitary stress response in chronically painful conditions such as fibromyalgia, 1932
contingent negative variation for hand & neck movements, 32–63 yr olds with writer's cramp, 24700
dystonic side effects of guanfacine & venlafaxine used for treatment of ADHD & major depression, 13 yr old male, 28409
dystonic side effects of guanfacine & venlafaxine used for treatment of ADHD & major depression, 13 yr old male, commentary, 28441
early exposure to painful stimuli & maternal deprivation & long-term changes in stress responses, neonatal rats, implications for development of fibromyalgia syndrome, 605
epidemiology & pathophysiology & clinical features & management of tardive dystonia, 15274
etiopathogenesis of fibromyalgia syndrome, 1917
fibromyalgia syndrome & perturbed function of stress response systems & other neuroendocrine axes, 1924
group therapy & self-help techniques & relaxation, pain & daily activities & symptoms & psychological functioning, patients with fibromyalgia (mean age 48 yrs), 4 mo follow up, 5465
hypothalamic-pituitary-adrenal axis & hypothalamic pituitary gonadal axis, implications for onset or progression of fibromyalgia syndrome, 1915
insidious or physically traumatic symptom onset, resting state regional cerebral blood flow, female patients with fibromyalgia vs non-patients with fibromyalgia vs healthy controls, 37740
learned helplessness & internal locus of control, depression & well being & psychosocial adjustment & overt pain coping behavior, disabled adults with fibromyalgia & chronic pain, 24712
lesion localization & time of disease manifestation, patients with poststroke hand dystonia, 5291
meaning of living, 35–50 yr old women living with fibromyalgia, 34566
medical & cognitive behavioral treatment, patients with fibromyalgia, 37966
outpatient interdisciplinary treatment program, pain severity & control of other symptoms, patients with fibromyalgia syndrome (mean age 48.4 yrs), 6 mo followup, 5715
pain mechanisms & physiology & fibromyalgia syndrome, 1920
painful stimulation of a pain-free muscle, referred pain patterns & central hyperexcitability, 29–62 yr old females with fibromyalgia, 37754
physical symptoms & anxiety & depression & stress, patients with regional soft tissue pain vs fibromyalgia syndrome, 37757
physiology & phenomenology of stress system & other endocrine & neurological pathways & immune system & fibromyalgia syndrome & disorders of hypoactivity of hypothalamic-pituitary-adrenal axis, 1922
problems & problem-focused coping & satisfaction with activities of daily living, persons with muscular vs myotonic dystrophy vs symptoms related to post-polio syndrome (mean age 52 yrs), 31071
psychological distress assessed using Symptom Checklist-90 Revised, 24–70 yr old complex regional pain syndrome patients with dystonia, 24729
risperidone addition to diazepam & trihexyphenidyl, tardive dyskinetic & dystonic movements, 47-yr-old male with psychosis, 21875
safety & efficacy of botulinum toxin type B, adults with type A-resistant cervical dystonia, 38217
safety & efficacy of botulinum toxin type B, patients with type-A responsive cervical dystonia, 38216
sertraline, depressive symptom severity & pressure hyperalgesia & serum prolyl endopeptidase activity, patients (mean age 50.1 yrs) with fibromyalgia, 5226
social inhibition & delayed type hypersensitivity responses during intense social engagement & altered cellular immunity & elevated disease risk, adults with functional bowel disease &/or fibromyalgia, 24690
social stress & personality traits, stress reactions & chronic pain coping behavior, 42–75 yr old females with osteoarthritis vs 50–78 yr old females reporting fibromyalgia syndrome, 24732
somesthetic temporal discrimination thresholds, 21–58 yr olds with idiopathic dystonia, 24728
stereotactic posteroventral pallidotomy, 36 yr old female patient with severe & refractory generalized dystonia, 5755
subchronic sertraline, depression & pain & fatigue & number of & affinity for [3H]rauwolscine binding sites, adults with fibromyalgia, 38275
substance P & fibromyalgia syndrome, 1949

Muscular Disorders [See Also Cataplexy, Muscular Dystrophy, Myasthenia Gravis, Myoclonia, Myofascial Pain, Myotonia, Torticollis]—Chapters

Hormonal perturbations in fibromyalgia syndrome, 28060
Pain in patients with rheumatic disease, 8525

Muscular Dystrophy—Serials

cognitive impairment & CNS involvement in myotonic dystrophy, patients with myotonic dystrophy & (CTG)n expansion vs nonaffected relatives vs patients with spinal muscle atrophy, 31073
dichotic listening for left & dichaptic task for right hemisphere, regional cerebral blood flow & hemispheric specialization, 8–13.5 yr olds with dysphasia vs Duchenne muscular dystrophy, 37820
fluency & complex attention & receptive language & memory, 7.9–21.2 yr old males with Duchenne muscular dystrophy, 5326
functional MRI-assessed task-specific imaging, female 36 yr old with muscular dystrophy & intractable epilepsy & bilateral temporo-occipital lissencephaly, 21606
motor & cognitive abilities, 43 yr old female with myotonic dystrophy, 11 yr study, 18289

Muscular Dystrophy—Chapters

Pain in multiple sclerosis and the muscular dystrophies, 8543

Musculocutaneous Nerve [See Spinal Nerves]

Musculoskeletal Disorders [See Also Bone Disorders, Joint Disorders, Muscular Disorders]—Serials

correlation of clinical symptoms & MRI findings, 0.8–14 yr olds with Chiari I malformations with vs without syringomyelia, 37782
exploration of experiences of abuse in primary care & way it was described & hinted at, female 21–61 yr olds with biomedically undefined long-term musculoskeletal pain, 2 yr followup, 28599
ovulatory cycle, pain & other symptoms, 28–51 yr olds with fibromyalgia syndrome with vs without premenstrual dysphoric disorder, 37736
physical diagnostic overlap with psychopathology, 18–65 yr old patients with acute & chronic temporomandibular disorder, 11293
physical exposure & psychosocial factors & work-related musculoskeletal symptoms in parallelized-flow long-cycle-time assembly system, automobile workers, 32401
psychiatric comorbidity & psychological variables as predictors of functional impairment, patients with fibromyalgia syndrome, 11784
psychophysical assessment of vibrotactile responses & effect of NMDA receptor antagonist administration, 24 yr old patient with temporomandibular disorder, 1929
psychosocial variables & sick leave, patients with musculoskeletal pain, 21461
reproducibility of self-report questionnaire for upper extremity musculoskeletal disorder risk factors, tree nursery workers, 29417
response properties of nociceptive vs nonnociceptive neurons in medullary dorsal horn, rats, animal model of persistent orofacial inflammation, 36381
rhabdomyolysis & polyneuropathy in lithium intoxication & coma, 61 yr old female with manic depression with 11 yrs drug therapy, 21957
subjective sleep quality & pain threshold, patients (mean age 30.3 yrs) with fibromyalgia, 21445
validity of answers to questionnaire on musculoskeletal problems in relation to clinical diagnoses, perception of reported musculoskeletal pain, 20–45 yr old female unskilled workers, 19645
work load & working conditions, BP & heart rate & catecholamine levels & muscle tension & pain & psychological stress, 20–58 yr old female supermarket cashiers , 25945
work redesign, psychosocial work climate & upper extremity pain & musculoskeletal disorders, assembly workers in repetitive motion jobs, 32435

Musculoskeletal Disorders [See Also Bone Disorders, Joint Disorders, Muscular Disorders]—Chapters

Fibromyalgia: Search for mechanisms and effective treatments, 14953
Prevention with special reference to chronic musculoskeletal disorders, 14948
Psychological factors influencing treatment of temporomandibular disorders, 8538

Musculoskeletal System [See Also Arm (Anatomy), Bones, Feet (Anatomy), Fingers (Anatomy), Hand (Anatomy), Hips, Jaw, Joints (Anatomy), Leg (Anatomy), Muscles, Spinal Column, Thorax]—Serials

cognitive-behavioral perspective on role of fear & avoidance & information processing bias & anxiety sensitivity in chronicity, patients with musculoskeletal pain, 11774
computer mouse design, carpal tunnel pressure & wrist posture during dragging & pointing tasks, 22–45 yr olds, 39035
identification of jobs & tasks related to musculoskeletal & psychosocial problems, 14–40 yr old metal workers, Bangladesh, implications for ergonomic & occupational health & safety measures, 12940
meaning of illness experiences & symptom descriptions, female patients with biomedically undefined musculoskeletal pain, 28030
neural control system with backpropagation through time & feedback & feedforward systems, linear & nonlinear learning process in musculoskeletal model of human arm, 6475
postural & myofascial & mechanical abnormalities, adults with migraine &/or tension headaches, 14909

psychological & physical & genetic predictive factors for persistence of musculoskeletal pain, 3rd & 5th grade children, 1 yr followup, 5227
psychological mood & psychosocial aspects of work & muscoskeletal discomfort, video display unit workers, 35750
reliability & validity of questionnaire assessing physical work load, nursing home employees, 25943
Music [See Also Musical Instruments, Rock Music]—Serials
age & cultural general vs culture specific factors, discrimination of melodies, 9 mo vs 5 yr olds vs adults, 33629
alpha synchronization & desynchronization while listening to music, musically untrained 21–51 yr olds, 32873
artistic response to musical intervals, White vs Black 8–13 yr olds, South Africa vs US, 36769
awareness of recognition memory for English vs Polish folk songs heard 1 vs 3 times, English vs Polish nationals, 26438
background music during examination, scores on Mini Mental State Examination, 63–86 yr old patients with Alzheimers disease, 35962
British pop vs classical vs easy listening music types, cafeteria atmosphere & purchase intentions, college students, 9681
characteristics of folkmusic & use in music therapy, patients with dementia, Israel, 8988
classical vs rock music & volume level, response time & accuracy of visual perception of Arabic numbers, male & female humans, 19745
comprehension & memory of different types of rap music, 7–9 vs 10–12 yr olds, 4430
decreased blood flow in temporal lobes & musical obsessions, 29 & 59 yr old females with obsessive-compulsive disorder, 30793
detection of emotion in music, patient with brain damage vs normal Ss, 5389
early music training, cognitive & development & abilities & academic achievement, comment, 7437
effects of melodic pattern difficulty & performance experience on ability to play by ear, 7th & 10th grade winwood & brass students, implications for music education, 22389
ERP study of meaning & structure & time in language vs music processing, semantic & syntactic & prosodic & harmonic & melodic & rhythmic organization, 535
excitative vs sedative music & preference, subjective & physiological responses, 18–21 yr olds, 20396
experience & perceptions & feelings about & use of musical & verbal interventions in music therapy, music therapists, 31749
exposure to melodies & study-to-test time delays & timbre & study task changes, subsequent preference & recognition, adults, 239
expressive timing & dynamics & aesthetic impression of initial phrase of Chopin's Etude in E major, adults, 26368
expressive vs metronomic conditions & auditory feedback, expressive piano performance & listener detection of performances played with vs without feedback, trained pianists, 32882
German vs French in-store music, wine selections, supermarket customers, 22707
implicit & explicit memory for music, younger (mean age 22.8 yrs) vs older (mean age 70.4 yrs) adults, 26439
jaw relaxation with vs without music, postoperative pain after major abdominal surgery during ambulation & rest, 20–70 yr olds, 22051
jazz as metaphor for description of organizational structure concepts, 25920
listening to Mozart & Schubert vs narrative story, spatial-temporal task performance, college students, experimental replication & extension, 29462
methodology in documenting listener's conception of musical structure, experienced vs inexperienced adult music listeners, 6836
modulation & formal manipulation of piano or orchestral compositions, perception of tonic closure, music academics vs other musicians, 32875
moral language about popular music, 8–12 yr olds, 7504
Mozart's music, IQ & performance on cognitive tasks, adults & children, 33609
music & melancholy & spirituality & emotional relatedness of archetypal realms & planets archetypal music therapy of M. Ficino, 2242
music & music therapy & dementias, adults with Alzheimer's disease & related disorders, literature review, erratum, 21540
music training, cognitive abilities & academic achievement & brain development, children, commentary, 7425
music, cognitive development & abilities & academic achievement in music & other areas, comment, 7407
music, cognitive development & abilities & academic achievement, comment, 7400
music, physiological & psychological effects, 21–65 yr old female patients with depression, 21687
musical complexity, waiting time, college students, 9707
musical hallucinations & symptom changes, 28–39 yr old schizophrenics , 37350
neural correlates of music & effect of music therapy on activation of preserved neural pathways, people with brain damage, 28557
neural network of coupled oscillators that produces & perceives music & speech patterns of pulses that conform to particular meters, 32488
opinions regarding messages of video songs from Sesame Street for preschool children, 5th graders vs adults, 20501
perceptions of relationship between exposure to music & criminal behavior, 12–17 yr old male felony offenders, 37596
preference for heavy metal music & mood & reasons for living & suicidal risk & thoughts of suicide, male vs female 10th to 12th grade students, 34301
preference responses & written comments to selected music samples, music majors vs nonmajors from US vs Hong Kong vs China, 22453
preferred background music, engagement in therapeutic recreation tasks, 68–81 yr old nursing home residents, 38556
proposed scientific experiment to study correlation between spine-tingling chills in response to Western music performance & tempo, 33525
psychological functions of music in terms of cognitive & emotional & social domains & role of social context in music psychology, 20395
rap & details of manic episode, 24 yr old male with bipolar disorder, 34122
reasons for band participation & contribution to quality of life, 55–86 yr old members of volunteer wind band, 27089
resting arousal & sensation seeking & musical genre preference, male vs female college students , 30510
role of music in the Holocaust, implications for music therapy with survivors, 13855
seductive strategies in blues lyrics, 17156
sequence of pretest & verbal distractor & listening to 1st movement of Mozart piano sonata, Mozart effect as seen in performance on spatial reasoning task, college students, 29600
short-term exposure to music on cognitive development & abilities & academic achievement, comment, 7446
silence vs low- vs high-intensity music, low- vs high-demand driving-related tracking & vigilance tasks, 18–24 yr olds, 35766
spatial-reasoning performance immediately after exposure to Mozart piano sonata, experimental replication, 29463
text–melody relationship of songs in cultural contexts & cognitive processes involved in song-learning & recall, Cantonese-speaking & children in other cultural contexts, 20487
tomography of cerebral blood flow during dichotic presentation of consonant–vowel vs musical instrument stimuli, healthy 20–30 yr old males, 13552
type of music vs continuing messages played to callers, actual vs estimated on-hold waiting time & ratings of on-hold stimuli, callers to telephone survey line, 10008
type of music, discriminative stimulus properties, Java sparrows, 33084
use of hip-hop music in small group HIV/AIDS prevention counseling & education & health promotion, African-American adolescents & young adults , 2537
value of performance from memory, musicians, implications for music performance & pedagogy, 20398
Music [See Also Musical Instruments, Rock Music]—Books
Music, cognition, and computerized sound: An introduction to psychoacoustics, 16548
The psychology of music (2nd ed.), 202
Sound and music: For the pleasure of the brain, 30080
Music [See Also Musical Instruments, Rock Music]—Chapters
Absolute pitch, 214
Cognitive psychology and music, 16560
Exploration of timbre by analysis and synthesis, 211
Grouping mechanisms in music, 206
Introduction to timbre, 16555
Memory for musical attributes, 16679
The performance of music, 800
Pop music as a mirror of the Russian transformation, 30282
Sound waves and sine waves, 16558
Storage and reproduction of music, 16623
Tonal structure and scales, 16625
Music Education—Serials
early music instruction, music perception skills & non-verbal & spatial abilities, 3.7–6.7 yr olds in beginning music instruction, 4 mo followup, 22517
early music training, cognitive & development & abilities & academic achievement, comment, 7437
line drawing portraits vs interactive illustrations of mnemonic keywords, recall of music history, 6th graders, 6140
music vs science education in the National Curriculum in the UK, implications for curriculum development & student achievement, 19257
music, cognitive development & abilities & academic achievement in music & other areas, comment, 7407
philosophical beliefs & advocacy for school music programs, undergraduate preservice music education teachers, 22527
pre-internship fears, music therapy vs music education majors, 22333
preference responses & written comments to selected music samples, music majors vs nonmajors from US vs Hong Kong vs China, 22453
rehearsal & performance of a music piece, perceptions of musical tension, high school & college musicians, 22532
time factors in prediction of achievement & dropout, 6–16 yr olds learning violin or viola, 9429
visual &/or aural conditions, emotional response to perceived artistic tension in music & dance, musician vs nonmusician students, 22533
Music Education—Chapters
Celebrating our differences through multicultural activities: The collaboration and integration of music across the disciplines., 19284
Developing character in music teachers: A Suzuki approach, 6186
Music Perception—Serials
aural-diagnostic & prescriptive skills, evaluations for band performances of differing music-difficulty & performance-quality levels, preservice vs expert music teachers, 22402
control of expressive & metronomic timing, pianists, 23074
detection of emotion in music, patient with brain damage vs normal Ss, 5389
discrimination & recognition of unfamiliar melodies & recognition of familiar melodies & their emotional tone, music agnostic female who sustained bilateral cerebral damage, 11924
early music instruction, music perception skills & non-verbal & spatial abilities, 3.7–6.7 yr olds in beginning music instruction, 4 mo followup, 22517
effects of melodic pattern difficulty & performance experience on ability to play by ear, 7th & 10th grade winwood & brass students, implications for music education, 22389
expressive timing & dynamics & aesthetic impression of initial phrase of Chopin's Etude in E major, adults, 26368
global structure & temporal organization, knowledge-based musical expectancies & chord processing, college student listeners with vs without music training, 6795
identification of musical instruments from audio samples, humans & computer, 13229
implication of spectrotemporal parameters, discrimination of resynthesized musical instrument sounds, musicians vs nonmusicians, 13238
individual differences in detailed analyses of horizontal dynamic patterns in recordings of Chopin Etude, artists, 13241
long term memory for ratio of successive durations & rhythmic contour & phrasing & regular meter components of temporal structure, identification of well-known vs novel songs, adults, 36275
mathematical model of final musical ritardandi derived from locomotion stopping, adults , 13232
methodology in documenting listener's conception of musical structure, experienced vs inexperienced adult music listeners, 6836
modulation & formal manipulation of piano or orchestral compositions, perception of tonic closure, music academics vs other musicians, 32875
pairs of melodies & register & piano vs trumpet timbre, discrimination of simultaneous melodies, 1st vs 3rd vs 5th graders, 33616
perception of familiar vs unfamiliar scale structure during detection of mistuned tones in multitone sequences, college students vs 9 mo olds, 26372
perceptual structure & detection of deviations from metronomic timing in music, adults, 19783
rehearsal & performance of a music piece, perceptions of musical tension, high school & college musicians, 22532
relations among nonadjacent tones in pairs of diatonic melodies, perception of melodic pitch contour, undergraduates, 32880
similarities between musical hallucinations & palinacousis, case report of a 75 yr old woman, 21055
similarity judgements & style categorization of classic & romantic piano exemplars, novice listeners, 6871
syllabic compression & expansion of temporal envelope, speech intelligibility & speech & music sound quality, 17–75 yr olds with normal vs sensorineurally impaired hearing, 21635

type of music, discriminative stimulus properties, Java sparrows, 33084
unilateral temporal cortectomy, music processing ability, adults with intractable epilepsy, 2053
visual &/or aural conditions, emotional response to perceived artistic tension in music & dance, musician vs nonmusician students, 22533
Music Perception—Books
The psychology of music (2nd ed.), 202
Music Perception—Chapters
Cognitive psychology and music, 16560
Comparative music perception and cognition, 205
Concert halls: From magic to number theory, 212
The development of music perception and cognition, 891
Haptics, 16553
Hierarchical expectation and musical style, 208
Intervals, scales, and tuning, 204
Music and the auditory system, 610
The nature of musical sound, 209
Neural nets, temporal composites, and tonality, 203
Neurological aspects of music perception and performance, 534
The perception of musical tones, 210
The perception of singing, 213
The processing of pitch combinations, 207
Rhythm and timing in music, 799
Sound waves and sine waves, 16558
Stream segregation and ambiguity in audition, 16559
Music Therapy—Serials
art & music therapy, pain management & symptom control in hospice care, dying patients, 25477
characteristics of folkmusic & use in music therapy, patients with dementia, Israel, 8988
cognitive & psychosocial development & parent–child interactions & coping style, reactions & adjustments & role of music therapy, hospitalized preschool age children, 28559
combined use of traditional psychotherapy & music therapy & fluoxetine, 44 yr old female with somatization disorder & PTSD & depression, 28249
cultural & historical precedents for use of psychodramatic elements in art & modern uses for music & other creative arts in psychodrama, 21998
dialogue forms for creation of meaning in music therapy, 21999
Etude music magazine support for singing as a physically & psychologically therapeutic agent, 1883–1957, 31752
experience & perceptions & feelings about & use of musical & verbal interventions in music therapy, music therapists, 31749
experiences of pleasure in working with severely disabled children, music therapist, 22002
group music therapy improvisation as nonverbal communication & application to address & alleviate personal & interpersonal stress & enhance group relations, high functioning adults, South Africa, 28558
Guided Imagery & Music therapy, life changes, 16–83 yr olds, 21997
healing imagery in music therapy, 5 & 6 yr olds with pervasive developmental disorder, 8983
incorporation & implementation of predetermined treatment objectives, group music & relaxation therapy, music therapist & graduate students, 28560
music & melancholy & spirituality & emotional relatedness of archetypal realms & planets archetypal music therapy of M. Ficino, 2242
music & music therapy & dementias, adults with Alzheimer's disease & related disorders, literature review, erratum, 21540
music & pastoral therapy program, nursing home patients with dementia, 35039
music therapy, 53-yr-old female with depression & personal identity problems following husband's death, 38033
music therapy, active involvement & social & emotional & cognitive skills, Ss with dementia, 21996
neural correlates of music & effect of music therapy on activation of preserved neural pathways, people with brain damage, 28557
pre-internship fears, music therapy vs music education majors, 22333
pressure for measurable outcomes in medical model setting, music therapy practice in brain injury rehabilitation, 30 & 48 yr old male patients, 28556
role of application of music therapy in special education, Australia, 9544
short term music therapy intervention, social problem solving skills, 5 yr olds, 7 mo follow up, 22001
social science's philosophical paradigmatic frameworks applicable for research in music therapy, 21995
Music Therapy—Chapters
Listening: The first step toward communicating through music, 22008
Music as symbolic expression: Analytical music therapy, 22009
Music therapy with individuals with advanced dementia, 31403
Using music therapy in treating psychological problems of older adults, 31757
Musical Ability—Serials
aural-diagnostic & prescriptive skills, evaluations for band performances of differing music-difficulty & performance-quality levels, preservice vs expert music teachers, 22402
background characteristics & signs of early musical promise, musically gifted 8–18 yr olds, commentary, 20496
background characteristics & signs of early musical promise, musically gifted 8–18 yr olds, commentary reply, 20523
cerebral asymmetry & musical functions, patients with partial epilepsy, 8619
control of expressive & metronomic timing, pianists, 23074
crystallizing experience, 10–14 yr old musically precocious male middle school students, 25824
effects of melodic pattern difficulty & performance experience on ability to play by ear, 7th & 10th grade winwood & brass students, implications for music education, 22389
left- vs right-handedness, playing reversed vs normal piano keyboard, college students with vs without piano playing experience, 36434
music appreciation & achievement & learning & emotional benefits, 33529
preserved piano playing & transfer ability, female 79 yr old with Alzheimer's disease, 3 yr study , 37815
rehearsal & performance of a music piece, perceptions of musical tension, high school & college musicians, 22532
techniques for elicitation & exploration in constructs for adjudication of expert musical performance, 34–70 yr old trained musicians, 7945
time factors in prediction of achievement & dropout, 6–16 yr olds learning violin or viola, 9429
use of coding devices & expression of emotion in singing to cause happiness or sadness to listener, 4–12 yr olds, 7492
Musical Ability—Chapters
Artistry and aphasia, 5439
Creating computerized adaptive tests of music aptitude: Problems, solutions, and future directions, 16332
Developing character in music teachers: A Suzuki approach, 6186
Musical ability, 801
Musical Instruments—Serials
expressive vs metronomic conditions & auditory feedback, expressive piano performance & listener detection of performances played with vs without feedback, trained pianists, 32882
identification of musical instruments from audio samples, humans & computer, 13229
implication of spectrotemporal parameters, discrimination of resynthesized musical instrument sounds, musicians vs nonmusicians, 13238
left- vs right-handedness, playing reversed vs normal piano keyboard, college students with vs without piano playing experience, 36434
Musicians—Serials
John Lennon as example of political psychology & social theory of celebrity, 7710
modulation & formal manipulation of piano or orchestral compositions, perception of tonic closure, music academics vs other musicians, 32875
perceptions of female specialization as bass players in alternative rock bands, musicians, 17515
personality differences & stereotyped attitudes toward other musicians, folk fiddle players & Salvation Army brass band members, 11197
rehearsal & performance of a music piece, perceptions of musical tension, high school & college musicians, 22532
techniques for elicitation & exploration in constructs for adjudication of expert musical performance, 34–70 yr old trained musicians, 7945
theoretical analysis of creativity based on genetic endowment & assistances & misfortunes of youth & division of power, composers Mozart vs A. Salieri, 30077
Musicians—Chapters
This scherzo is [not] a joke, 20973
Muslims—Serials
cognitive-behavioral therapy, koro & phobia of AIDS, 30 yr old single Muslim-Jordanian male, 8791
education & counseling, Muslim students, 12741
Muslim attitudes toward the teaching of homosexuality as an acceptable alternative lifestyle, commentary reply, 19247
Muslim attitudes toward the teaching of homosexuality as an acceptable alternative lifestyle, commentary, 19240
role of marriage, upper middle class Muslims, Egypt, 30323
societal influences & beliefs about behaviors & appropriate gender characteristics, gender role identity, 13–18 yr old Muslim girls, US, 30211
Muslims—Chapters
Religion and mental health from the Muslim perspective, 1077
Spiraling connections: The practice of repair in Bektashi Muslim discourse, 17597
Mutations—Serials
abnormal mushroom body structural plasticity in mutant genes, adult female Drosophila, implications for olfactory learning & memory, 3853
amplitude of circadian phase shifts & plasticity of light- induced c-fos expression in SCN, tau mutant hamsters held in dark–dark cycles for 2 vs 49 days, 3800
association of enzyme N-acetyl-beta-glucosaminidase & mutation of cholecystokinin gene, patients with panic disorder, 4982
behavioral screening of essential loci, assessment of visual genetic disorders, zebrafish mutants, 36392
cholinergic parameters, mice carrying mutated presenilin-1 &/or amyloid precursor protein transgenes, implications for Alzheimer's disease, 20160
chromosome 17q21-22 linked mutations in tau gene in etiology of familial frontotemporal dementia & other mixed neurodegenerative disorders, 31339
circadian genes mutation, cocaine sensitization, Drosophila, 33361
conditioned olfactory associative learning, Caenorhabditis elegans lrn-1 & lrn-2 mutants, 16885
functional impact of neuronal migration defects & spatial learning & motor behavior, LIS1 heterozygous mutant vs normal mice , 36393
gene mutations in extension of life span & stress resistance, Drosophila melanogaster, 702
genetic background & sensitivity & tolerance to sedative-hypnotic & hypothermic effects of ethanol, gamma-protein kinase C, null mutant mice, 13701
genotype-phenotype relationship of mutations & psychiatric conditions, mothers & siblings with full mutation vs premutation of FMR-1 gene of fragile-X children or autistic children, 4869
glutamic-acid-to-glycine substitution at codon 318 as marker for Alzheimer's disease vs unrelated polymorphism, older adults with familial &/vs sporadic Alzheimer's disease vs healthy elderly, 8645
growth & anxiety & pain behaviors, puromycin-sensitive aminopeptidase-deficient mice with goku mutation, 26557
interpositus nucleus lesions, tone-induced responses in cochlear nucleus & sensitivity to heat-induced pain & ability to learn conditioned eyeblink, Purkinje cell-degeneration mutant vs wild type mice, 10399
learning & memory & synaptic plasticity & localization & NMDA-receptor function, mice with mutant postsynaptic density-95 protein, 7076
leptin receptor mutation, entrainment of food-anticipatory rhythms to daily feeding schedules, genetically obese vs lean female Zucker rats, 20063
light-dark cycle vs constant dark &/vs genotype, locomotor activity level, male hamsters with circadian tau mutation, 4007
light–dark cycle & restricted food access, circadian rhythms of spontaneous locomotor activity & plasma glucose metabolism, hereditary microphthalmic mutant rats of Donryu strain, 33330
midazolam & zolpidem & propofol & etomidate & ethanol & Ro15-4513 & pentobarbital & enflurane & halothane, pharmacological & behavioral & motor & responses, inbred C57BL/6J vs Strain 129/SvJ mice, 20302
mutation analysis of catachol O-methyltransferase gene, patients with schizophrenia (mean age 47 yrs), implications for genetic role , 30704
mutation in tau exon 10 splice site region, family members with frontotemporal dementia or progressive supranuclear palsy or corticobasal degeneration, 18400
mutation of paternally expressed Peg3 gene, maternal behavior & offspring growth, mice , 16884
mutation producing spina bifida, neurologic assessment of activity level & reactivity & memory, ct/ct vs CBA mice, animal model of behavioral anomalies in spina bifida, 435
mutations in dinucleotide repeats in messenger RNA & neuropathogenesis of Alzheimer's disease, Alzheimers disease patients & nondemented elderly & other primates & rats, 5413
mutations in exons & exon-intron junctions at cytochrome P-4502E1 gene, alcoholics & patients with alcoholic liver disease, 21315
nicotine & epibatidine, antinociception, mice with alpha4 vs beta2 nicotinic acetylcholine receptor mutations , 20329
nucleotide 7543 mutation in mitochondrial DNA transfer of RNAAsp gene, hereditary basis & genetic characteristics, 11 yr old girl with myoclonic epilepsy, 37778
odor avoidance after electric shock, Drosophila mutants, implications for memory & learning deficits, 350

offensive aggression & thermoregulatory nest-building & behavior in Light–Dark choice test, C57BL/6J inbred mice differing by spontaneous single-gene mutation, male mice, 7003
presence of heterozygous CYP2D6 with single allele mutation & neuroleptic metabolism, incidence of tardive dyskinesia, schizophrenic patients, 4946
regulation of courtship behavior by nuclear receptor of dissatisfaction gene mutation, Drosophila , 20064
role of mitochondrial mutations & oxidative pathology & protective nuclear responses & cell death in neurodegeneration & diseases, implications for treatment, 13526
selective gene mutations to photoreceptor neurons, locomotion responses to light, Drosophila melanogaster larva, implications for visual system functions, 16883
spatial learning & memory, Lurcher mutant mice with massive loss of neurons in cerebellar cortex & inferior olivary nucleus, 3852
stop-condon mutation in the BRI gene associated with familial British dementia, 31332
symptoms of sleep disturbance & restless legs syndrome in spinocerebellar ataxia type 3, patients with autosomal dominant cerebellar ataxia , 8515
tau gene mutation & clinical pathological characteristics, families with frontotemporal dementia, 21532
Mutations—Chapters
b2-subunit-containing nicotinic acetylcholine receptors in throle of 26874The
Mutilation (Self) [See Self Mutilation]
Mutism [See Also Elective Mutism]—Serials
episodically remitting akinetic mutism following subarachnoid hemorrhage, 52-yr-old male , 11856
lorazepam vs oxazepam treatment, psychomotor retardation & mutism, 21–77 yr old patients with psychiatric disorders, 31689
mutism subsequent to crack-cocaine abuse, 35 yr old female, 37570
phenelzine treatment, 4.5 & 7 yr old children with selective mutism, 31647
pre-natal auditory experience leading to difficulties with distorted or incomplete verbal communication & need for continuity of contact, 5 yr old mute female & young phobic woman in psychoanalysis, 21443
rethinking of DSM-IV classification of selective mutism & suggested reclassification as childhood anxiety disorder, 34516
right parietal infarction with concomitant mutism, 50 yr old male, 14983
Myasthenia Gravis—Serials
fluoxetine, weight reduction in steroid-induced obesity, 31–59 yr old myasthenia gravis patients, 15273
Myelin Sheath—Chapters
Infectious, inflammatory, and demyelinating disorders of the frontal lobes, 8034
Myelitis [See Also Encephalomyelitis, Poliomyelitis]—Serials
etiology & clinical symptoms & current management of acute transverse myelitis, case reports of children & adolescence, 2045
Myelomeningocele [See Spina Bifida]
Myers Briggs Type Indicator—Serials
best-fit & indicated types on Myers-Briggs Type Indicator, White vs Black female vs male college students, 16325
correlates of Myers-Briggs Type Indicator-Expanded Analysis Report subscale scores with independent observer ratings & behavioral descriptors, adults, 22847
effectiveness of Strong Interest Inventory &/vs Myers-Briggs Type Indicator in career counseling, 16–52 yr old community college students, 32718
group zig zag model for facilitating convergence in problem solving by incorporating Extraversion-Introversion attitude preference into Myers's zig zag & implementation in curriculum design, students , 19242
Herrmann Brain Dominance Instrument-assessed thinking styles & Myers-Briggs Type Indicator temperament types, 25–56 yr olds, 22852
Myers-Briggs Type Indicator preferences & communication apprehension & receiver apprehension & argumentativeness, 21–60 yr olds, 6592
psychological type & tolerance for religious uncertainty, adults, 17661
sex & thinking vs feeling preference on Myers-Briggs Type Indicator, mathematics achievement, 12th graders, 25767
synopsis of all studies in ''Psychological Type'', 1979–99, 37148
time sensitivity & purpose in life & contrasting theoretical perspectives of Myers-Briggs & Victor Frankl, 18–30 yr olds, 3297
validity of Myers-Briggs Type Indicator-Expanded Analysis Report subscale scores, adults, 22853
Myers Briggs Type Indicator—Chapters
The Myers-Briggs Type Indicator in counseling, 35916
Using Jungian type psychology to value complementary preferences in couples, 35975
Myocardial Infarctions—Serials
affect & outcome expectations & self efficacy & behavioral intentions, prediction of health related risk behavior, 35–75 yr olds following 1st myocardial infarction, 34595
cardiovascular reactivity & depression & anxiety & autonomic control 4 wk vs 18 mo after acute myocardial infarction, 45–74 yr olds, 34599
category-specificity in & gestures & actions related to object recognition, 58 yr old male with multimodal associative agnosia resulting from myocardial infarction & coma, 8587
disease severity & coping responses & support available, affect, husbands with myocardial infarction & their wives, 11855
drug treatment for depression, risk of cardiac morbidity & mortality, patients with acute myocardial infarction, 38220
familial predisposition & susceptibility to effect of risk factors for myocardial infarction, 20–93 yr olds, 21519
high fat diets & myocardial infarction & popular dogmas as inhibitors to advancement of knowledge, 36643
inpatient vs extended cardiac counseling & rehabilitation programs vs normal care, psychological & functional outcome, myocardial infarction patients & their partners, 1-yr followup, 15608
lipid & cardiovascular responses to acute stressor, 18–30 yr old men with vs without parental history of myocardial infarction, 28111
mood state & worry & coping style, attentional bias to cardiac-related words, Ss who recently experienced myocardial infarction, 21518
myocardial infarction, 1-yr cardiac mortality risk, male vs female adult patients with vs without depression , 11285
perceptions of risk of experiencing myocardial infarction &/or cancer, adults who smoke, 14887
psychosocial factors & poor adherence to placebo or amiodarone therapy, prediction of mortality, patients with myocardial infarction, 2 yr followup, 31793
seasonal distribution of acute myocardial infarction, patients with cardiovascular disease who have seasonal mood changes, 28110
venlafaxine, acute myocardial infarction, female 69 yr old with major depression & preexisting stable anginal syndrome, 25214
Myocardium—Serials
developmental mechanisms & role of heat shock protein system in autoinduced myocardium tolerance to ischemia & preconditioning as adaptive response to stress, 18336
Myoclonia—Serials
focal cortical myoclonus, 65 yr old male treated with lithium & doxepin for bipolar disorder, 12165
prenatal stress, ultrasonic vocalization & myoclonic twitching in response to separation, rat pups, 16843
Myofascial Pain—Serials
accuracy of remembered pain & perceptions of current pain & pain relief, 16–45 yr olds with chronic myalgia of jaw muscles, 5207
acupuncture & psychological & physiological factors, pain ratings & treatment outcome, patients with chronic myofacial neck pain (mean age 39.5 yrs), 3 mo follow up, 5728
anesthetic infiltration vs multidisciplinary treatment, patients (mean age 36.5 yrs) with myofascial syndrome with trigger points, 37765
clinical characteristics & diagnostic criteria & risk factors & development & progression & model of etiology & treatment of masticatory myofascial pain, 37751
techniques & concepts in treatment, myofascial pain, 37748
ultrasound & massage & exercise, patients with myofascial trigger points in neck & shoulder, 6 mo followup, 5708
Myopia—Serials
behavioral influences & evolutionary perspectives on expanding human neocortex & myopia & intelligence, 26644
colchicine, ocular growth & form-deprivation myopia & amacrine & ganglion cell effects, newly hatched male chicks, 16985
model of the contribution of oculomotor & optical factors to emmetropization & myopia, 16484
Myotonia—Serials
cognitive impairment & CNS involvement in myotonic dystrophy, patients with myotonic dystrophy & (CTG)n expansion vs nonaffected relatives vs patients with spinal muscle atrophy, 31073
motor & cognitive abilities, 43 yr old female with myotonic dystrophy, 11 yr study, 18289
Mysticism—Serials
gender orientation & mystical experience, 18–25 yr olds, 23854
political & social movements & theosophy & history of linguistics, 4364
Mysticism—Books
The enigma of the oceanic feeling: Revisioning the psychoanalytic theory of mysticism, 30559
Visions of the night: Dreams, religion, and psychology, 33017
Mysticism—Chapters
What does mysticism have to teach us about consciousness?, 19901
Myths—Serials
6 myths & hindrance of progress in neuropsychology, commentary, 3817
all male peer education rape prevention program, intent to rape & rape myth acceptance, college fraternity men, 9426
common myths about ethics & practice in helping field, 6074
Greek myth images of labyrinth & Minotaur as allegory for M. Klein's conception of Oedipus complex & D. Winnicott's notions of object usage & subjective object, commentary, 11273
Greek myth images of labyrinth & Minotaur as allegory for M. Klein's conception of Oedipus complex & D. Winnicott's notions of object usage & subjective object, commentary reply, 11265
incorporation of Norse mythology in psychotherapy, 34813
Jung's personal myth in development of Jungian archetypal psychology , 27442
myth of traditional top-down leadership & competencies that will determine success of new leadership, top management & employees, 29096
relationship within 4 families & sibling groups of Zeus & Medea & Antigone & Agamemnon & proposal of fictional Greek genogram of new gods relevant to group analysis, 2220
social desirability & gender-role ideology & acceptance of rape myths, male vs female 17–50 yr olds, 4664
westernized psychoanalytic theory applied to Korean myths & folktales, 14372
Myths—Books
Celebrating soul: Preparing for the new religion, 23616
Maps of meaning: The architecture of belief, 20685
Mind myths: Exploring popular assumptions about the mind and brain, 33267
Myths—Chapters
The archetype of the parentified child: A psychosomatic presence, 21496
Are we in our right minds?, 33271
Creative thinking: Myths and misconceptions, 32941
Designing the lesbian subject: Looking backwards, looking forwards, 37201
Energy and the brain: Facts and fantasies, 33275
Hypnosis, 33018
Lazarus' syndrome, 34694
The myth of the clonable human brain, 33181
Practical prevention issues, 31144
Repetita (non) iuvant, 32992
Serial murder: Myths and realities, 8414
When age is in, the wit is out?, 33603
Whence cometh the myth that we only use 10% of our brains?, 33270
Myxedema [See Hypothyroidism]
N-Methyl-D-Aspartate—Serials
192IgG-sap vs NMDA-induced lesions into basal forebrain, cholinergic activity & taste aversion memory formation, male rats, 29804
5-HT antagonists WAY100635 vs ondansetron vs ritanserin vs agonist buspirone vs muscarinic agonist arecoline, MK-801-induced cognitive performance on delayed nonmatching to sample radial maze, rats, 20262
acute & chronic ethanol & withdrawal, neural excitability associated with NMDA receptor function in hippocampus, rats, 756
adrenal medullar peptide analog Ser-super-1-histogranin, NMDA-induced spinal hypersensitivity & thermal & mechanical hyperalgesia & tactile allodynia, male rats, CNS pain management implications, 10585
adrenoceptor agonists & antagonists, NMDA-evoked neuronal activity in medullary dorsal horn, rats, 773
amphetamine alone vs with MK-801 vs with CGS 19755, behavioral sensitization to amphetamine, male rats, 10606
anticonvulsant & motor impairing neurotoxic effects & passive avoidance, male mice treated with CGP 40116 vs MK-801 vs L-701,324 vs D-cycloserine compounds belonging to NMDA receptor ligands, 4298
AP-5 induced NMDA receptor blockade in nucleus accumbens core vs shell vs medial vs posterior caudate, spatial learning & performance, male rats, 30056
atypical antipsychotic quetiapine vs haloperidol or clozapine, NMDA & AMPA glutamate receptor expression, male rats, 26855
bilateral NMDA lesions of the pedunculopontine tegmental nucleus, anxiety & learning in delayed nonmatching to position task, male rats, 486
blocking effect of dizocilpine on the development of tolerance to diazepam's sedative & anxiolytic effects, male rats, 13727

ceruletide, PCP & NMDA receptor antagonist dizocilpine induced changes in extracellular levels of dopamine & 5-HT in prefrontal cortex & striatum, male rats, 658
cholinergic immunotoxin ME20.4IgG-saporin vs glutamate blocker MK801 in diagonal band of Broca &/vs basal nucleus of Meynert, simple vs conditional visual discrimination learning, monkeys, 17089
chronic administration of N-methyl-D-aspartate receptor antagonists memantine & amantadine & (+)MK-801 on behavioral profile, rats, 13746
chronic morphine, NMDA receptor-mediated synaptic transmission in nucleus accumbens, male rats, 36586
clozapine vs haloperidol, PCP-induced hyperactivity of NMDA receptors in cortical neurons, male rats, 20257
cocaine & haloperidol & clozapine & vitamin E & MK-801, brain dopamine dynamics following discontinuation of cocaine, male rats, model of schizophrenia, 768
cocaine & MK-801, conditioned place preference, male rats, 10540
competitive NMDA receptor antagonists & brain access, prepulse inhibition & locomotor activity, male rats, 17024
competitive vs noncompetitive NMDA blockers vs prazosin in amygdala, NMDA receptor mediation of anxiety-like behavior induced by predator stress, male rats exposed to cat, animal model of PTSD, 13686
competitive vs noncompetitive NMDA vs cholinergic antagonists to rostral ventromedial medulla, beta-endorphin analgesia elicited from ventrolateral periaqueductal gray, male rats, 23583
D-cycloserine &/vs alpha-1 agonist ST 587, retention in delayed non-matching to sample radial arm maze task, male rats , 23568
D-cycloserine, MK-801 elicited mouse popping behavior, stressed vs unstressed mice, 13717
D-cycloserine, negative symptoms, schizophrenic outpatients being treated with clozapine, implications for role of glycine recognition site of NMDA receptor in action of clozapine, 13 wk study, 15294
d-methadone, morphine tolerance & NMDA-induced hyperalgesia, rats & mice, 20279
D-serine & treatments based on N-methyl-D-aspartate antagonist model of schizophrenia, 8919
delta-9-tetrahydrocannabinol vs scopolamine vs MK-801, performance on operant spatial signal detection task, male rats, 10640
delta-sleep-inducing peptides, NMDA-induced convulsions, rats, 7256
dextromethorphan vs L-dopa/carbidopa vs SK 77434, motor coordination, Lurcher mutant mice with genetically determined cerebellar ataxia, 26856
dextromethorphan, ethanol withdrawal symptoms & audiogenic seizures, male rats, 10564
dizocilpine, ethanol sensitization, DBA/2J mice, 26741
dose & time dependent effects of dizocilpine on flash-evoked potentials in visual cortex & superior colliculus & activity level & hypothermia, male rats, 10591
effects of NMDA receptor antagonists MRZ 2/579 & MRZ 2/576, reinforced & nonreinforced responding for ethanol self-administration, male rats, 29981
efficacy of glycine agonists with conventional drug therapy on symptoms of schizophrenia & role of NMDA hypofunction in pathophysiology of schizophrenia, 12166
excitation, NMDA receptor antagonists, entorhinal cortex & cultured entorhinal cortical neurons, rats, 23594
glutamate vs NMDA, corticotropin-releasing factor release from amygdala, rats, 13530
glycine vs glutamate site vs uncompetitive NMDA antagonists with vs without D-serine, learning & memory in acquisition task, pigeons, 20271
haloperidol, NMDA receptor mediated corticostriatal neurotransmission & vacuous chewing movements, male rats, animal model of tardive dyskinesia, 4165
ifenprodil, morphine-induced place preference, male mice, 13819
infusion of neurotoxic doses of NMDA or electrolytic lesions into lateral hypothalamus, gastric mucosal erosions & eating & motor behaviors & body temperature, male rats, 36580
injection environment conditioning & tolerance, asymmetric cross sensitization between phencyclidine & MK-801, female rats, 33513
intrathecal metabotropic glutamate receptor compound (S)-4CPG or NMDA antagonist MK-801, mechanical allodynia & cold hyperalgesia associated with chronic constriction injury, rats, 4150
involvement of glutamate receptors & nitric oxide in rostral ventromedial medulla in visceral hyperalgesia, male rats, 574
kappa agonist U62066 or ibogaine, cocaine induced locomotor stimulation & kappa opioid or NMDA modulated dopaminergic function, male vs female mice, 4267
KB-R7943, blocking of aspartate & glycine-elicited currents through NMDA channels in acutely isolated rat hippocampal neurons, 33487
ketamine-induced NMDA receptor hypofunction, verbal & nonverbal declarative memory, adult males (mean age 21.7 yrs), implications for memory impairments in schizophrenia, 7232
lesioning of noradrenergic system, MK-801 induced hyperlocomotor activity & ataxia & stereotypy, male rats, 13548
lesions of ventral pallidum projection to pedunculopontine tegmentum & MK-801 vs 7-chlorokynurenate vs apomorphine vs dopamine in nucleus accumbens, prepulse inhibition, male rats, 3872
lorazepam following CPP vs dizocilpine, open-field stereotypies & hyperactivity & pentylenetetrazol-induced tonic-clonic seizure, male mice, 10566
mediation of NMDA antagonist dizocilpine in disruption of prepulse inhibition & startle reactivity in multiple limbic region, rats, 622
memantine & (+)MK-801, restoration of long-term potentiation following Mg ion reduction, hippocampal slices from male rats, implications for learning & memory in neurodegenerative diseases, 36557
microinjection of NMDA into suprachiasmatic nucleus of hypothalamus, light-like phase shifts of circadian clock, male hamsters, 23552
MK-801 & morphine & immobilization stress & naltrexone-reversibility, retention of passive avoidance behavior, C57BL/6 vs DBA/2 inbred mice, 36536
MK-801 administered into nucleus accumbens vs dorsomedial striatum, learning vs performance, rats, 23301
MK-801 microinjected latorostroventromedial medulla, hypersensitivity to noxious & innocuous mechanical stimulation, male rats with segmental ligation of spinal nerves, 36470
MK-801 or brain derived neurotrophic factor, barrel growth in developing primary somatosensory cortex & expression pattern of GABA receptor subunits, newborn rats, 10445
MK-801 or buspirone with vs without cocaine, cocaine conditioned effects, rats, 23493
MK-801, retention of spatial bias in water maze task, 3–6 vs 22–24 mo old male rats, implications for altered neural plasticity in age-related memory deficits, 17078
monocular deprivation in early postnatal development, NMDA expression in lateral geniculate nucleus & visual cortex, kittens, 33161
morphine vs NMDA receptor antagonist MK-801 vs tachykinin NK1 receptor agonist RP67580, inflammation induced progressive tactile hypersensitivity, rats, 4204
morphine with competitive or noncompetitive NMDA antagonist, development of tolerance to discriminative stimulus effects of morphine & behavioral dependence, male rats, 26739
N-methyl-D-aspartate receptor blocker dizocilpine in potentiation of serotonergic function in behaviors & locomotor activity, rats, 13710
neural pathways mediating stomach ulceration, male rats with NMDA microinfusions in lateral hypothalamus, 23324
nicotine &/vs dizocilpine, working & reference memory performance on radial-arm maze, female rats, 700
NMDA agonists & antagonists, implications for pathophysiolgy & treatment of neuropsychiatric disorders, 34039
NMDA antagonist memantine, tolerance & functional improvement & care dependence & activities of daily living ability, patients with vascular dementia or dementia of Alzheimer type:, 15437
NMDA antagonists, cocaine-induced convulsions, male rats, 20390
NMDA evoked [3H]NE release produced by application of kynurenic acid to human neocortex slices & prevention by putative nootropics, biochemical assay of cognition enhancers, 26834
NMDA glutamate receptor blockade, experience-dependent synaptic plasticity of barrel cortex neurons, male rats, 7083
NMDA partial agonist D-cycloserine in addition to typical antipsychotics, 18–60 yr old chronic schizophrenic patients with negative symptoms, 28508
NMDA receptor agonist vs antagonist, extinction of appetitive instrumental response, male rats, 4247
NMDA receptor antagonist CPP, development & expression of conditioned hyperactivity & sensitization induced by cocaine, male rats, 23503
NMDA receptor antagonist LY235959, morphine tolerance progression modulation, morphine tolerant rats, 13689
NMDA receptor antagonist MK-801 &/vs levodopa, air stepping & gait coordination, developing 5–20 day old rats, 26815
NMDA receptor antagonist MK-801, spatial learning in water maze, male rats, 29976
NMDA receptor antagonists CPP vs dizocilpine vs (+)-HA-966 vs ifenprodil, working memory & behavior, male rats, 7184
NMDA receptor antagonists, apomorphine-induced climbing behavior, reserpine-treated vs intact male mice, 13762
NMDA receptor antagonists, discriminative stimulus properties of naloxone, morphine dependent rats, 4215
NMDA receptor antagonists, locomotor activity & receptor binding, Short-vs Long-Sleep mice, 763
NMDA receptor blockage in barrel cortex, classical conditioning-induced changes of cortical body map, adult mice, 23313
NMDA, state dependent learning of spatial memory, rats, 26798
NMDA-induced brain lesions, mediation of taste aversion learning & memory, male rats, 33210
NMDA-mediated excitatory gain in biological model of winner-take-all competitive neural network with inhibitory feedback in lateral geniculate nucleus & visual cortex, cats, 32511
opioid & NMDA non-opioid mediated nociception after analgesia induced by 5 vs 30 min exposure to biting fly attack, male vs female deer mice, 4178
phencyclidine & other NMDA receptor antagonists, aggression, isolated male mice, 36527
prepulse inhibition of startle reflex & effects of various compounds on various sites on N-methyl-D-aspartate receptor complex, rats, 13716
psychophysical assessment of vibrotactile responses & effect of NMDA receptor antagonist administration, 24 yr old patient with temporomandibular disorder, 1929
recovery from MK-801-induced spatial learning impairment & neuronal injury in posterior cingulate/retrosplenial cortex at 5 vs 12 hrs, male mice, 10548
regional distribution of NMDA receptor containing NR2B subunit protein & effect of selective NR2B antagonists vs non-selective NMDA antagonists & anticonvulsants on antinociception, male rats, 20265
risperidone vs 5-HT2A vs 5-HT2C receptor antagonists, dizocilpine induced prepulse inhibition, male Wistar vs Sprague-Dawley rats, 13829
ritanserin or MDL100907 or SB42084, hyperactivity induced by MK-801, female mice, 26828
role of alpha-amino-3-hydroxy-5-methyl-4-isoxazole propionate receptors & effects of antagonists at glycine site of NMDA receptor, amphetamine induced place preference, mice, 26619
role of amygdalar NMDA receptors in new fear learning, previously fear-conditioned rats, 345
role of brain opioids & dopamine in MK801 induced NMDA inactivation antinociception, male rats, 23308
role of NMDA glutamate receptors in priming of D2 dopamine-mediated rotational behavior & striatal Fos expression, 6-hyroxydopamine lesioned male rats, implications for Parkinsons disease, 29843
role of NMDA receptors & effects of ketamine on formation & retention & expression of conditioned taste aversion, rat neonates, 4218
serotonergic vs non- vs competitive-NMDA antagonists in rostral ventromedial medulla, continuous vs intermittent swim stress analgesia & hyperthermia, male rats, 4170
shortcomings of drug models in study of pathophysiology of schizophrenia & relation to NMDA antagonist model for schizophrenia with focus on ketamine, 4089
single pretreatment with NMDA antogonist MK-801 vs cocaine, locomotor response, rats, implications for physiology of addiction & neurodevelopmental hypothesis of psychoses, 30041
spatial memory encoding & retrieval, male rats given chronic icv vs acute intrahippocampal infusions of NMDA antagonist D-AP5 vs ibotenate hippocampus & dentate lesions, 20151
subchronic vs acute administration of haloperidol dosages, intact & dizocilpine-disrupted prepulse inhibition, male rats, 36554
synaptic maturation in glutamatergic input from motor nucleus HVc or NMDA receptors to robustus archstriatalis, song learning, zebra finches, 36464
synaptic plasticity of acetylcholine & glutamate in activation at nicotinic & NMDA receptors in sensory neocortex during early postnatal life, rats, 450
transient inactivation of subthalamic nucleus by muscimol & APV, RT, male hooded rats, 10538
unilateral vs bilateral blocking of NMDA receptors in amygdala with MK-801, predator-stress-induced anxiety-like behavior & unconditioned startle, male rats exposed to cat, animal model of PTSD, 13685

N-Methyl-D-Aspartate—Chapters

Expression mechanisms underlying NMDA receptor-dependent long-term potentiation, 26666

Nabilone [See Cannabinoids]

NAch [See Achievement Motivation]

Nail Biting—Serials

self-mutilative aspects of severe onychophagia & relation to tension management & comparison with self-cutting, college students, 11571

simplified habit reversal procedure, fingernail biting & related oral-digital habits, 24–34 yr olds with mild to moderate mental retardation, 38088

Nalorphine—Serials

morphine training dosage, nalorphine substitution for morphine, female rats, 33407

Naloxone—Serials

cholecystokinin receptor agonists, naloxone-induced jumping behavior, morphine-dependent male mice, 13700

chronic voluntary running & naloxone, nerve growth factor & orphan receptor mRNA levels, addiction-prone Lewis vs Fischer male rats, 26863

effect of ascending & descending doses of pretreatment naloxone on oral methadone as self administered reinforcer, male rhesus monkeys, 23599

effects of chronic lithium treatment on naloxone precipitated withdrawal-like syndrome & antinociception, mice, animal model of chronic cholestasis liver disease, 4134

extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance, commentary, 19057

extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance treatment, 19082

extent of witnessing overdose & acceptability & impact of naloxone distribution & training, injection drug users & opiate addicts in methadone maintenance treatment, commentary, 19066

extent of witnessing overdose & acceptability & impact of naloxone distribution & training as drug abuse prevention, injection drug users & opiate addicts in methadone maintenance, commentary reply, 19081

footshock stress &/vs naloxone, freezing behavior, male vs female rats , 690

naloxone & morphine 488H, mechanisms in ingestive behavior, male hooded Lister rats, 680

naloxone challenge, opiate-like withdrawal symptoms & nicotine craving & cortisol levels, nicotine-dependent smokers vs nonsmokers, 27858

naloxone dosages, heroin self-administration response rates, morphine dependent male rats, 29983

naloxone or naltrindole, activity level & nociceptive responses, male mice infected with intestinal nematode Nippostrongylus brasiliensis, 4249

naloxone pretreatment & morphine, cholecystokinin induced plasma oxytocin concentration & electrical activity of oxytocin cells in supraoptic nucleus, female rats, 4116

naloxone vs beta-endorphin, NE release in amygdala after footshock, male rats, 734

naloxone vs nalmefene, ACTH & cortisol responses as measures of hypothalamic-pituitary-adrenal axis activation, 22–72.5 yr olds, implications for treatment of alcoholism, 743

naloxone, adrenocorticotropin & cortisol release, outpatients with depression, 27584

naloxone, chlordiazepoxide induced anxiolysis in elevated plus maze task, male Swiss vs C57BL/6 vs BALB/c mice, 17022

naloxone, heroin-seeking & reinforcement, male rats, 711

naloxone, memory impairments following ECT, 28–78 yr olds treated with ECT for major depression, 28482

naloxone, morphine withdrawal & induced place aversion, male rats, 728

naloxone, motivation for grain vs sweet pellet reinforcer & free access consumption of food, obese male Zucker rats, 10582

naloxone, physiologic & neuroendocrine responses, 42–72 yr olds with Alzheimer's disease , 31327

naloxone, suppression of genetic predisposition toward high volume alcohol consumption, male rats, 26735

naxolone, chlordiazepoxide effects on anxiety vs emotional vs spatial memory, male mice, 7165

NMDA receptor antagonists, discriminative stimulus properties of naloxone, morphine dependent rats, 4215

oral vs subcutaneous administration of different doses of naloxone & naltrexone, drug discrimination, morphine-treated rhesus monkeys, 30001

orosensory stimulation & body weight gain & diet-induced naloxone sensitivity, male rats, 13815

peripheral vs intracerebral naloxone, acquisition & expression of appetitive & consummatory sexual behavior, castrated & testosterone-treated Japanese quail, implications for role of opioids, 26838

potency of & reversal effects of naloxone on levo-alpha-Acetylmethadol vs methadone, 27–43 yr old opioid dependent males, 22257

ritanserin or naloxone or SR 141716, reduction of motivation for beer solution, male rats, implications for treatment of alcohol craving, 17040

ryanodine vs thapsigargin & pretreatment & calcium in modifications of naloxone-precipitated withdrawal jumping & noradrenaline turnover frontal cortex, morphine-dependent mice with vs without diabetes, 13795

varying interval between successive morphine pretreatments, naloxone precipitation of withdrawal symptoms & suppression of operant responding, male rats, 20369

Naltrexone—Serials

accidental ingestion of naltrexone, ultra-rapid opiate detoxification, 30-yr-old male methadone maintenance patient, 32045

anandamide treatment alone vs pre-treatment with naltrexone, memory consolidation, male C57BL/6 vs DBA/2 mice, 33375

behavioral & developmental changes, naltrexone treated 5.2–8.3 yr olds with autism vs age- & IQ-matched medication-free autistic children, 6 mo study , 25231

buprenorphine vs naltrexone maintenance therapy, attenuation of opioid effects, opioid-experienced 35–49 yr olds, 35327

cessation of long term naltrexone therapy, self injurious behaviors, adult female with profound mental retardation, presentation of 2 & 4 yr followup data, 12158

combinations of naltrexone & buprenorphine taper over 8 days, withdrawal symptoms & medication use, 18–40 yr olds in opioid detoxification, 38622

effect of NA, ethanol-reinforced responding when ethanol concentration is varied with water, male adult monkeys, 36634

efficacy & safety of anxiolytics & adrenergic agents & naltrexone, children & adolescents with psychiatric disorders, 21944

experience with & attitudes toward naltrexone or disulfiram as pharmacotherapy for alcoholism, 24–67 yr old alcoholic patients in treatment, 9252

fluoxetine with naltrexone, bingeing & weight control, female 16 yr old with binge eating disorder, 21931

functional communication training & naltrexone treatment, self-injurious behavior, 12 yr old male with autism & severe communicative & cognitive deficits, 2145

high-dose long-term naltrexone, beta-endorphin in peripheral blood mononuclear cells & clinical symptom severity, 3–11 yr olds with autism, 9 mo study, 28408

interactive effects of alprazolam & naltrexone, anxiety & pain during phobic fear, 16–60 yr old spider phobic females, 2339

isradipine with naltrexone, cocaine enhancement of conditioned place preference & cocaine induced hyperactivity, rats, implications for treatment of cocaine use disorders, 4127

midazolam vs naltrexone vs methysergide vs ketanserin into inferior colliculus, responses to aversive stimulation & stress-induced analgesia, male rats, 10550

morphine or naltrexone, preference or aversion for drug following place conditioning, male mice, 10539

naltrexone & beta-funaltrexamine antagonism of antinociceptive & response rate-decreasing effects of morphine vs dezocine vs d- propoxphene, male rats, 23598

naltrexone & fluoxetine, alcohol self-administration & reinstatement of alcohol-seeking induced by priming injections & footshock stress, male rats, 30023

naltrexone & morphine pretreatments, discrimination & plasma levels of ethanol, rats, 13768

naltrexone & nicotine replacement, smoking cue reactivity, abstinent cigarette smokers, 15301

naltrexone & pharmacological aversion treatment, patients dependent on or abusing alcohol, 2 yr followup, 31665

naltrexone across 30 vs 60 days, limited-access ethanol consumption, male rats, 7261

naltrexone derivative nalmefene, ethanol-maintained lever pressing, ethanol-preferring & outbred Wistar rats, 7217

naltrexone implant, social interactions & cocaine-induced conditioned place preference, male rats, 10627

naltrexone in ventral tegmental vs dopaminergic area of mesocorticolimbic system, cocaine self-administration behavior, male rats, 13800

naltrexone suppression of ethanol self-administration, attenuation of ethanol-induced increase in dialysate dopamine levels in nucleus accumbens, male rats, 7197

naltrexone vs morphine in dorsal raphe nucleus vs periaqueductal gray, shock escape & fear conditioning, male rats, 13740

naltrexone, 17–47 yr old patients with borderline personality disorder & dissociative symptoms , 38212

naltrexone, acute performance impairing & physiological effects of ethanol or pentobarbital, 19–50 yrs, 26840

naltrexone, alcohol self-administration, 21–29 yr old heavy drinkers, 12505

naltrexone, communication skills, 3-8 yr olds with autism, 21890

naltrexone, cue-elicited craving & outcome expectancies, 21–45 yr old hazardous drinkers, 28474

naltrexone, cue-elicited urge to drink, abstinent Ss with alcoholism (mean age 38.7 yrs), 35325

naltrexone, ethanol consumption & preference & subjective drug experience & mood, 21–35 yr old social drinkers, 36547

naltrexone, ethanol consumption in forebrain region including mesolimbic system, male rats, 26755

naltrexone, ethanol reward vs discrimination, male mice, 13785

naltrexone, patients with alcohol & cocaine dependency, 15632

naltrexone, reinforced responding for solution via production of interoceptive stimulus, opioid antagonist-naive rhesus monkeys, 20387

naltrexone, self-injurious behavior, 29 & 42 yr old females with profound mental retardation, 12173

naltrexone, short- & long-term smoking cessation, adult smokers, 6 mo follow up, 22255

naltrexone, sweet & salty & sour & bitter taste detection & recognition thresholds & perception of & preference for sucrose, 28–56 yr old females, 17021

opioid receptor blockade with naltrexone, weight loss & sexual behavior, obese female rats, 33444

oral vs subcutaneous administration of different doses of naloxone & naltrexone, drug discrimination, morphine-treated rhesus monkeys, 30001

paroxetine vs naltrexone, self biting behavior, male rats, animal model of self injurious behavior, 33499

peripheral opioid receptor methylnaltrexone, aversive or depressant effects of EtOH on locomotor activity & conditioned place preference, male rats, 29979

pretreatment with & administration of naltrexone, reinforcing effects of oral ethanol & phencyclidine & saccharin & food, male rhesus monkeys, implications for role of opioid reinforcement mechanisms, 10650

pretreatment with naltrexone, response to yohimbine, healthy 23–34 yr olds, 23574

selective mGlu2/3 receptor agonist, naltrexone-precipitated morphine-withdrawal-induced activation of locus coeruleus & withdrawal behavior, male rats, 17116

variable dose naltrexone-induced hypothalamic-pituitary-adrenal stimulation vs placebo & physiological vs subjective responses, 20-60 yr old, 14734

Names [See Also Brand Names]—Serials

action upon unfamiliar objects by adults, learning novel part names, Japanese 2-yr-olds, 4436

age & education & gender, use & perceived quality of news media & preference for terms referring to senior citizens, independent living 55 yr olds & older, 4517

exposure in correct form vs anagram in repetition priming of the recognition of proper names, college students, 13353

general education vs memory training program designed to increase meaningfulness, improvement of memory for names, 43–87 yr olds, 3 mo study, 20666

HAL computational model for representations of famous vs ordinary proper names vs common nouns in common semantic space & relation to information storage & processing, 26385

intentional vs incidental learning, recall of surname-words vs surname-nonwords, undergraduates, 281

interference effect in N. Kapur's famous names/activity learning test, 23–78 yr old normal controls, 26432

knowledge about the letters in their own names, Australian first graders vs US preschoolers vs US kindergartners , 4449

name vs sound vs visual learning conditions, reading words, 4.1–6.4 yr old preschool vs kindergarten children, 30195

naming RTs to proper name frequencies in phone book listings vs database of Usenet text, college students, 22994

phonological properties of English male vs female names, gender predictability & human & inanimate object name usage, 3.3–5.6 yr old children & adults, implications of connectionist model, 29542

pictorial facial repetition priming, semantic & familiarity judgments about & recognition of personal names, undergraduate students, 3532

positive vs negative initials of personal name, male vs female life expectancy, 37222

use of errorless learning principles to teach face–name associations, 72 yr old male in early stages of Alzheimer's disease, 11879

Names [See Also Brand Names]—Chapters

Names of things and stuff: An Aristotelian perspective, 26429

Semantics and the acquisition of proper names, 27011

Sortals and kinds: An appreciation of John Macnamara, 27007

Naming—Serials

adaptation of standardized picture set into Portuguese, study of mnemonic processes in naming objects in pictures, 15–39 yr olds, 3293

age & sex & education, confrontation naming performance on Boston Naming Test, adults with vs without Alzheimer's disease vs temporal lobe epilepsy, 26155

age of acquisition, familiarity & accuracy & latency in naming of famous faces, adult Ss, 3554

animacy of sentential subject & size of syntactic priming effect, processing of gender agreement in Hebrew during naming task, college students , 30094
auditory responsive naming while blindfolded, regional cerebral blood flow, 21–35 yr olds, 3819
availability of syntactic information regarding words which could not be sound retrieved, college students in tip of tongue state & 31 yr old brain damaged male speaker in anomic state, 24854
base-word frequency, pseudohomophone naming latency, college students, 6838
body shape vs neutral words, color naming performance & associative strength, females with anorexia (mean age 21.86 yrs), 31017
category-specific naming impairment for tools, 27 yr old male with hemorrhage in left temporal lobe, 2013
category-specific preservation for processing of numerals at semantic level, 60 yr old male with severe head injury, 2096
central vs peripheral role of identification features, judgments of name & conceptual centrality, college students, 19833
cognate status, verbal confrontation naming performance, French and English bilingual individuals with aphasia (mean age 59 yrs), 11931
color & digit naming, 22-year-old female with digit synesthesia, 13178
color-naming latencies for words representing social & physical threats, adults with social phobia vs panic disorder, 27734
confrontation naming & speech during spontaneous production & sentence generation, 81 yr old male with aphasia, 31275
consistency of print–sound correspondence & word frequency & lexicality, speed & accuracy in naming 2-character Kanji words & nonwords, Japanese native speakers, 10099
content of General Social Survey discussion network name generator in a Chinese context, 4757
cross-modal naming, RT to & accessing & processing of & integration into implicit agent information in lexical representation of sentences with passive vs intransitive verbs, college students, 29580
damage to semantic component & sublexical phoneme–grapheme but not grapheme–phoneme conversion processes, naming tasks using spoken & written responses, brain damaged male 75 yr old, 34523
distractor words & picture naming of objects with homophonic names, semantic & phonological information flow in lexical access, adult speakers, 10092
dual-route approach to word presentation in naming case alternated task, college students, 16585
early word comprehension assessed by preferential looking task, 12 vs 18 vs 24 mo olds, 23712
effects of prior grammatical gender information during picture & word naming tasks, 19–30 yr olds, 30100
existence of organizational principles during naming-generation task & time-dependency for new words, elderly with Alzheimer's disease, 8684
facilitation & interference from formally similar word primes in naming task, college students, 10130
frequency & phonological ambiguity, naming of Serbo-Croatian words written in Cyrillic vs Roman alphabet, college students who are bi-alphabetic readers, 13871
fully recurrent network models of lexical knowledge, semantic priming of word naming, 19497
fully recurrent network models of lexical knowledge, semantic priming of word naming, commentary reply, 19498
fully recurrent network models of lexical knowledge, semantic priming of word naming, commentary, 19504
gender priming in picture naming, German college students, 36221
global processing speed & title & author recognition & naming time & reading ability when naming familiar stimuli, 7–13 yr olds, 30174
grammaticality & morphology & semantic interpretability, morphemic pseudoword lexical decision & acceptability & word naming RT, humans, 29539
high vs low frequency regular words & onset & rime duration in speeded word-naming, college students, 10108
identical priming & language frequency in picture naming, 29563
influence of polysemy on word naming, Os, 26400
inhibition in selection among instance & superordinate names of pictured objects, adults, 10105
interactive activation model for picture naming in treatment of semantic level deficit, 47–59 yr olds with aphasia & severe picture naming problems, 32063
language switching & selection & response latencies during naming task, 23–44 yr old bilingual speakers, 10122
learning of object-related words & sounds, 13 vs 20 mo olds, 13964
left anterior temporal lobectomy technique, visual confrontation naming ability, intractable epilepsy patients, 9018
letter-naming task with threatening & nonthreatening word conditions, blocked vs mixed presentation effects & order effects & hemispheric facilitation, right-handed 19–28 yr olds, 20157
level of bilingualness & cognateness, picture–name agreement, 19–39 yr old French/English bilingual college students, 26912
level of impairment in picture-naming vs perception & retrieval of input vs output phonological codes from semantics in short term memory, 30 yr old male with anomie/aphasia, 24827
lexical access in isolated word writing vs naming, college students, implications for verbal production assessment in brain-damaged patients, 222
multiphonemic cues, oral naming & reading performance, 50 yr old female with aphasia, 15037
naming of calendar months & days, development of calendar calculation, 8- & 10-yr-old children vs college students, China vs US , 26985
naming of pictures errors, 4.3–9.7 yr olds with specific language impairment, 11764
naming process in doctor–patient conversations, 8998
neural bases of naming errors, elderly patients with Alzheimer's disease or dementia, 18442
neural blood flow during picture naming & semantic judgment, 18–29 yr old males, 29834
neuropsychological evidence for dissociation in explicit categorization, male 60 yr old with naming difficulties, 24843
norms for 60-item version of Boston Naming Test, 55–91 yr old Dutch-speaking Flemish, Belgium, 6557
noun syllabic structure & sublexical properties & priming paradigm, phonological encoding & word & picture naming, humans, 29595
object naming & action naming, patients with Alzheimer's disease (mean age 73.6 yrs), 2103
object naming, adult Os vs patients with neuropsychological impairments, 34646
onset cluster complexity in high vs low frequency monosyllabic words, response latency in speeded naming, college students, test of rule-based scheme , 10107
performance on & norms for Spanish & English versions of Boston Naming Test, young Spanish-English bilingual adults (mean age 20.82 yrs) educated in US, 6555
phonics teaching method & acquisition of body-coda and onset-rime segmentation reading, speed of intact vs segmented pseudoword naming, 1st grade native-Dutch speakers with good vs poor reading skill, 32212
position-of-irregularity effect & regular-word or nonword target in word naming latency in reading aloud, college students, 10135
psychoeducational technique of naming the enemy to differentiate mood disorder symptoms from the self experiencing those symptoms, child & adolescents with mood disorders & their families, 28348
psycholinguistic processing model of picture naming & dynamics of cortical activation during picture naming, 21–30 yr olds, 554
race & gender & educational level, Boston Naming Test scores, African American vs Caucasian male vs female 18–59 yr olds, 25
rapid automatic naming & verbal ability & phonological awareness, prediction of phonological & orthographic skills, 1st graders, 1 yr study, test of computational model of word recognition in reading, 17269
rapid naming & reading & phonological awareness & recognition of letters during quick spell test, 2nd & 3rd graders, 10761
reduced available perceptual information, magnitude of priming effects in recognition memory, adults with amnesia, 18403
rehearsal & relearning & subsequent forgetting of semantic category exemplars, 63 yr old male patient with semantic dementia, 15 mo study, 24804
repetitive transcranial magnetic stimulation of dominant hemisphere of frontal lobe, disruption in visual naming, 29–54 yr old patients with temporal lobe epilepsy, 21616
response conflict vs priming in attending to words, response times on word naming task, college students, 29659
rhyme vs orthogonal vs diagonal training conditions to name pictorial stimuli, functionality of verbal behavior in equivalence class formation, 18–40 yr olds , 19860
role of software tools Runword in collection & digitization & storage & analysis of naming responses to visual & auditory stimuli, 6424
roles of phonological awareness deficits vs word-naming speed deficits vs both phonological awareness & word-naming speed deficits in subtypes of dyslexia, 30991
salience vs semantic explanations of differing production & comprehension of animal vs color terms, 3–5 yr olds, 17236
same- vs different language word pairs, picture naming in Catalan vs English, 18–25 yr old bilingual college students, 36665
semantic errors in writing to dictation & written naming without semantic errors in spoken naming, female 82 yr old with deep dysgraphia, 28161
semantic priming of single- vs 2-digit Arabic numerals during number naming & parity judgment tasks, college students, 36232
sensitivity of CAMCOG naming subscale & Boston Naming & other tests, measurement of anomia in detection of Alzheimer's disease, 54–89 yr olds with probable Alzheimer's disease, 31201
similarities in artifact categorization as object recognition vs naming, speakers of English vs Chinese vs Spanish, 10119
spared verb- but not noun-naming ability, female 79 yr old with Alzheimer's disease , 28199
subjective vs neuropsychologically assessed word finding & naming ability, adult Lyme borreliosis patients, 11943
subword validity & radical-neighbor consistency & processing parallelism, word naming latencies & error rates in reading high-frequency Kanji characters, adult native Japanese-speaking Ss, 29593
temporal lobe activity during category specific object identification by naming & word–picture matching, 23–52 yr olds, 29830
test of computational model accounting for category specific deficits in naming of items in Alzheimer's disease, 26033
traditional interpretation of color naming latencies in non-color word Stroop task & associative priming, college students, 19799
uncertainty, time difference in naming vs reading the name of Arabic numerals, college students, 10097
verb naming ability in normal aging, 30–39 vs 50–59 vs 60–69 vs 70–79 yr olds, 7 yr study , 23106
visual shape & semantic label similarities, exacerbation of deficits during category specific object identification task, 65–85 yr olds with dementia of the Alzheimer type, 21551
visual vs auditory distractor words, semantic & phonological effects in picture naming, college students, 10093
visual vs functional familiarity, naming living vs non-living things, 18–43 yr olds, 36224

Naming—Chapters

Recovery from acquired reading and naming deficits following focal cerebral lesions, 38438

Napping—Serials

naps &/vs modafinil, psychomotor performance in simulated military operations, sleep-deprived 28–47 yr old male military personnel, France, 17025
sleep duration, sleep onset detection during daytime nap opportunities, 19–36 yr olds, 23169

Narcissism—Serials

factor structure of Index of Sexual Narcissism & it's composite & subscale scores relation to other various sexual constructs, 18–22 yr old males, 35971
H. Rosenfeld & theory of narcissism & defenses with clinical example, 1374
manifestations of narcissism, codependent clients, 37263
narcissistic scenarios of parenthood in clinical practice & application of psychoanalysis to therapeutic interventions with parents & children, mother & 4-yr-old female, 24988
object relations & generative function & development & dissolution of & technique for narcissistic illusions characterized by idealization & grandiosity & merger, 18 yr old female in psychotherapy, 15138
pathological narcissism & sudden suicide-related collapse, 22–29 yr old males who survived suicide attempts, 1725
prevalence of adaptive &/vs maladaptive narcissism, university faculty vs clergy vs politicians vs librarians, 1323
psychoanalysis, obsessive neurosis & narcisstic object relations, adolescent female suffering from depression & obsessional symptoms, 21832
psychodynamic & structuralist perspective on narcissistic & competitive & regressive dynamics in 1996 Mount Everest climbing disaster, 20963
relation between pathological narcissism & serial homicide, male 30 yr old convicted murderer, 1837
self-esteem & narcissism & anger experience & expression, 17–34 yr olds, 1341

Narcissism—Books

Altruism, narcissism, comity: Research perspectives from *Current Psychology*, **27340**
The destructive narcissistic pattern, 1362
The narcissistic pursuit of perfection (2nd rev. ed.), 24372

Narcissism—Chapters

Dynamics and treatment of narcissism in later life, 31494

Narcissistic Personality—Serials

borderline vs narcissistic vs histrionic vs psychopathic antisocial personality syndromes, defense mechanisms, 23 yr olds, 21220
personality characteristics in parents & parenting styles, child's development of narcissistic disorder, 14643
relation between pathological narcissism & serial homicide, male 30 yr old convicted murderer, 1837

transference-countertransference constellations & enactments in psychoanalytic psychotherapy, middle aged male with destructive narcissism, 15250
Narcissistic Personality—Books
The narcissistic pursuit of perfection (2nd rev. ed.), 24075
The narcissistic pursuit of perfection (2nd rev. ed.), 24372
Narcissistic Personality—Chapters
Dynamics and treatment of narcissism in later life, 31494
Narcoanalytic Drugs [See Drugs]
Narcolepsy—Serials
dream cognition & self-reflectiveness & rapid eye movement sleep in narcolepsy syndrome, females, 24825
neurologic & neuropsychological & psychiatric assessment, 8 yr old male with narcolepsy, 5222
sleep latency on maintenance of wakefulness test, 17–68 yr old patients with narcolepsy, 5228
symptoms of narcolepsy, 44 yr old female patient with depressive illness, 37313
validation of the Sanford Center for Narcolepsy Sleep Inventory, measurement to screen for presence of definite cataplexy, patients diagnosed with narcolepsy, 13088
Narcosis—Serials
methionine, ethanol induced loss of righting reflex, mice, 36591
normobaric nitrous oxide vs hyperbaric narcosis under Nitrox mixture, FR lever pressing, male rats, animal model, 33498
Narcotic Agonists [See Also Pentazocine]—Serials
3Hethylketocyclazocine binding to brain opioid receptors, alcohol-avoiding vs alcohol-preferring rats, 23353
kappa opioid agonists, cocaine- & food-maintained responding, rhesus monkeys, implications for pharmacological treatment for cocaine dependence, 4216
analgesic & respiratory & heart rate effects of cannabinoid and opioid agonists, rhesus monkeys, 4286
analgesic effect of Diprotin A vs morphiceptin vs endomorphin 1, guinea pig ileum & mouse vas deferens, 10653
arachidonic acid cascade inhibitors, acute dependence induced by & opiate withdrawal mediated by selective mu & kappa & delta opioid receptor agonists, male guinea pig ileum & rabbit jejunum, 26746
buprenorphine dosing conditions, opioid withdrawal & intoxication effects, 21–44 yr old opioid-dependent outpatients , 38211
buprenorphine vs naltrexone maintenance therapy, attenuation of opioid effects, opioid-experienced 35–49 yr olds, 35327
capsaicin with vs without kappa opioid agonists vs antagonists, thermal allodynia, rhesus monkeys, experimental animal model of pain, 20313
cocaine & methylphenidate & amphetamine & propylnoradpomorphine, locomotor activity & stereotyped sniffing, preweanling rats pretreated with U-50, 488 agonist, 17065
cocaine vs cocaethylene, acute development of tolerance to neurochemical & behavioral effects of cocaine, male rats, 36534
combinations of naltrexone & buprenorphine taper over 8 days, withdrawal symptoms & medication use, 18–40 yr olds in opioid detoxification, 38622
contingent infusions of heroin vs RU 51599, sensitization of motor activity, rats, 707
delta selective opioid antagonist naltrindole, selective mu & kappa receptor-modulated antinociception & open-field behavior, neonatal rats, 10568
discrimination of kappa opioid agonist U69,592 from vehicle & diuretic effects during FR food reinforcement trials, male vs female rats, 646
dose ratios of buprenorphine & naloxone combination, agonist effects, withdrawal, morphine-stabilized opiate-dependent 27–45 yr olds, 12523
dose-related reinforcing effects of hydromorphone, abstinent vs nonabstinent heroin addicted 18–50 yr olds during outpatient buprenorphine maintenance, 38607
foot shock stress & mu &/vs delta opioid receptor agonists &/vs antagonists & development of ethanol induced place preference, male rats, 4211
in vitro profile at cloned human opioid receptors & efficacy of loperamide vs morphine, hyperalgesia produced by in vivo models of inflammatory pain, male rats & mice, 20280
kappa opioid agonist EMD 61753, pain & inflammation, humans after knee surgery & rats, 26810
kappa opioid receptor agonist U69593, maintenance of cocaine self administration & reinstatement of drug-seeking, male rats , 26843
kappa vs mu vs delta opioid receptor agonists, spinal outflow of calcitonin gene related peptide like material, male rats with induced polyarthritis, model of chronic inflammatory pain, 4100
morphine vs mu opioid agonist DAMGO, prefrontal cortical cell responses to acetylcholine vs glutamate & afferent evoked excitatory activity, male rats, 667
morphine vs NMDA receptor antagonist MK-801 vs tachykinin NK1 receptor agonist RP67580, inflammation induced progressive tactile hypersensitivity, rats, 4204
mu & delta opioid agonists & antagonists, affective vocal & reflexive pain responses during social stress, rats, 764
mu vs mu/kappa receptor opioids, delta opioid discrimination, female pigeons, 4243
naloxone & morphine 488H, mechanisms in ingestive behavior, male hooded Lister rats, 680
naloxone vs beta-endorphin, NE release in amygdala after footshock, male rats, 734
naltrexone & beta-funaltrexamine antagonism of antinociceptive & response rate-decreasing effects of morphine vs dezocine vs d- propoxphene, male rats, 23598
neuropeptide Y vs DAMGO, food palatability vs energy, male rats, 30002
opioid receptor agonists, analgesic effects of cocaine & more selective inhibitors of neuronal reuptake of dopamine & norepinephrine & serotonin, male rats, 13831
opioid receptor antagonist naloxonazine, acceleration of morphine & etonitazene induced dopamine transmission & metabolites in dorsal striatum & nucleus accumbens, male rats, 26832
SCH23390 vs sulpiride, ethanol induced place preference & its enhancement by mu vs delta opioid receptor agonists, male rats exposed to conditioned fear stress, 33447
subjective & psychomotor & physiological effects of cumulative doses of opioid mu agonists, healthy 21–32 yr olds, 23597
subjective responses dynorphin A(1–13), 24–48 yr olds with no history of substance abuse, 17049
sublingual buprenorphine tablets vs methadone maintenance therapy, 18–39 yr olds in treatment for opiate addiction, 38603
Narcotic Agonists [See Also Pentazocine]—Chapters
Involvement of the pallidal-thalamocortical circuit in adaptive behavior, 26872
Opioid modulation of ventral pallidal inputs, 26877
Narcotic Antagonists [See Also Nalorphine, Naloxone, Naltrexone]—Serials
analgesic effect of Diprotin A vs morphiceptin vs endomorphin 1, guinea pig ileum & mouse vas deferens, 10653
beta-funaltrexamine, dose–effect curves for heroin self-administration, male rats, comparison with alteration of [3H]DAMGO binding, 709
capsaicin with vs without kappa opioid agonists vs antagonists, thermal allodynia, rhesus monkeys, experimental animal model of pain, 20313
daily naltrindole during preweanling period, basal & post-stress corticosterone levels, young male vs female rats, 10569
delta opioid receptor blockade by naltrindole, alcohol aversion, female alcohol-preferring rats, 662
delta selective opioid antagonist naltrindole, selective mu & kappa receptor-modulated antinociception & open-field behavior, neonatal rats, 10568
effect of intracerebroventricular vs intracerebral injections of methylnaloxonium, ethanol self-administration, male rats, 36567
endogenous opioid antagonists, opioid withdrawal like behaviors/symptoms induced by electrical stimulation of paragigantocellularis, opioid naive male rats, 13776
endogenous opioid peptides, social transmission of spontaneous food preferences, female mice, 17070
flupenthixol &/vs quadazocine, self administration of cocaine & heroin speedballs, rhesus monkeys, implications for polydrug abuse treatment, 33450
foot shock stress & mu &/vs delta opioid receptor agonists &/vs antagonists & development of ethanol induced place preference, male rats, 4211
glycine site & NMDA receptor antagonists, naloxone & morphine-produced behaviors related to opioid abuse, male mice & rats, 4246
influence of cholecystokinin system on enkephalinergic system in exploratory behavior, male rats, 29987
intravenous naltrindole & naltrindole 5'-isothiocyanate on sufentanil-induced antinociception & respiratory depression, rats, 20379
morphine vs etorphine vs buprenorphine vs U50488 with vs without clocinnamox, antinociception, adult male squirrel monkeys, 4245
mu & delta opioid agonists & antagonists, affective vocal & reflexive pain responses during social stress, rats, 764
mu-selective opioid antagonist quadazocine, responding reinforced by ethanol vs sucrose vs phencyclidine, monkeys, 26864
naloxone & beta funaltrexamine, morphine-d-glucuronide induced behavioral excitation in hippocampal &/vs other brain regions, male rats, 26781
naloxone or naltrindole, activity level & nociceptive responses, male mice infected with intestinal nematode Nippostrongylus brasiliensis, 4249
naltrexone & beta-funaltrexamine antagonism of antinociceptive & response rate-decreasing effects of morphine vs dezocine vs d- propoxphene, male rats, 23598
naltrexone derivative nalmefene, ethanol-maintained lever pressing, ethanol-preferring & outbred Wistar rats, 7217
opioid receptor antagonist naloxonazine, acceleration of morphine & etonitazene induced dopamine transmission & metabolites in dorsal striatum & nucleus accumbens, male rats, 26832
opioid receptor blockade with naltrexone, weight loss & sexual behavior, obese female rats, 33444
oral methylnaltrexone, subjective effects following iv morphine, healthy 21–34 yr olds, 770
peripheral opioid receptor methylnaltrexone, aversive or depressant effects of EtOH on locomotor activity & conditioned place preference, male rats, 29979
postconditioning isolation & centrally vs peripherally acting opioid receptor antagonism vs morphine, contextual vs auditory-cue fear conditioning, rats, 17092
safety & efficacy of 20- vs 80-mg/d nalmefene treatment, alcohol-dependent outpatients, 31677
Narcotic Antagonists [See Also Nalorphine, Naloxone, Naltrexone]—Chapters
D_3 dopamine and kappa opioid receptor alterations in human brain of cocaine-overdose victims, 27901
Narcotic Drugs [See Also Apomorphine, Atropine, Methadone, Opiates]—Serials
demographic & family & peer & school factors, narcotics use, 7–12th graders, 11650
epidural vs narcotic vs non-narcotic pain management technique during labor, delivery method & length of labor & Apgar scores, primiparous females, 18843
parental divorce/separation prior to age 11 & deviant behavior among friends at ages 12–14 yrs, narcotic addicted men, 5089
Narcotics Anonymous [See Twelve Step Programs]
Narratives—Serials
age & distress & injury & hospital stress reactions, coherence of self constructed narratives, 2–12 yr olds visiting emergency rooms with trauma injuries, 7332
analysis of narrative discourse production, 18–45 yr olds with mild vs moderate traumatic brain injury, 5412
analysis of narratives of chronic pain in later life & conventions of storytelling, adults' stories of pain experiences, 14078
application of narrative therapy techniques to Adlerian play therapy, 10 yr old female with problems related to perfectionism & school attendance, 34777
assessment & process promotion & evaluation of self-investigation method of self-narrative meaning construction psychotherapy, 38012
assumptions & practices of narrative therapy, 2156
brief group treatment & narrative theory, individuals in crisis, 15085
central practices to M. White's narrative approach to therapy, 8750
cognitive vs interpersonal therapy, client narrative frequency & length & completeness & therapist interactions, clients with depression, 18519
coherence in narratives, male psychopathic vs nonpsychopathic prison inmates, 21219
constructivist & dialogical perspective of authoring & narration of moral selfhood & moral identity in autobiographies, 14360
constructivist approach to grief therapy & narrative strategies, clients in grief counseling, 12038
content & event analyses of cultural & social knowledge in stories & narratives, low-income urban African American preschoolers, implications for literacy bridges between home & school cultures, 22508
counterfactual or hypothetical events vs repeated or habitual events as resources for argumentation in conversational narratives, Salvadoran immigrants, 7286
cyclical patterns in media coverage of environmental issues & narrative factors, 12959
defense mechanisms & narrative strategies in life stories, 7922
dialogic approach to self & cognition & interactional structure in autobiographical narrative discourse, 14361
differential discourse deficits, 7–12 yr olds with psychiatric disorders &/or language impairments, 27489
discursive analysis of narrative account of experience & construction of self & living with obsessive-compulsive disorder, 32 yr old female, application of social constructionist theory, 17942
dissociation & projective identification as reconstitutive symbolic metaphors & mythopoetic expressions in narrative reconstruction of Self in magical pre-Oedipal & pre-individuation processes, 11271
doctors' clinical construction of chronic illness & its treatment as revealed in narratives & interactions, physicians & their patients with diabetes, 2477
emergence of narrative perspectives in counseling & psychotherapy, female college student, 3005
emotional content & other properties of storytelling & co-narration of past events, working- vs middle-class 2.5 yr olds & their families, 6 mo followup, 17237

emphasis on narrative interpretation mode in use of new coding systems to assess object relations & use of defense mechanisms using Thematic Apperception Test, application to psychiatric population, 16338
equity & gender discriminatory narratives & discursive resources used in construction of gender, 7–11 yr olds, 10844
evaluation of dialect in narrative discourse, teachers vs 15–16 yr olds, 33547
expansion & contraction of family therapy by revolutionary changes proposed by narrative therapy, 18611
expressive writing about disclosed vs undisclosed trauma vs social events, alexythimia as dispositional deficit & self-reported affect & psychological health correlates, college students, 30681
familial narratives & coherence & interaction & relationship beliefs, child adjustment & development & maternal depression effects on family functioning, premarital couples & adoptive & other families, 23877
familial narratives & coherence & interaction & relationship beliefs, child adjustment & development & maternal depression effects on family functioning, couples & adoptive & other families, comment, 23871
family therapy approach to dissolution of rape flashbacks by construction of new rape scenario, family relations, female rape victim, 2222
fate & chance & time & agency & destiny in therapeutic narrative, 5466
functions of psychotherapeutic narratives in schema & voices & cognitive science formulations of assimilation model for problematic experiences, 38036
importance of communication of & insightful listening to narratives about patients in Balint groups, doctors, 15699
interplay of science & stories in the study of humans, 16288
language & underlying experiences in repeated tellings of same experience by same person, 7295
language & underlying experiences in repeated tellings of same experience by same person, commentary, 7308
linguistic patterns in narratives of transgressions vs making someone happy, college students, 30106
literature logs &/vs instructional conversations, story comprehension, teachers & limited-English vs English-proficient 4th & 5th graders, 15892
loss of narrative innocence & development of narrative consciousness, literary analysis of stories written by 8–11 vs 15–18 yr olds, 7438
macrostructural vs microstructural narrative abilities during story retelling & story generation tasks, 6–12 yr old stuttering children, 34526
maltreatment, narrative representations of responses to relieve distress & parent–child role reversal, low socioeconomic status 3.8–5.8 yr olds, 11541
maternal narrative intervention, vocabulary & narrative skills, economically disadvantaged preschoolers (mean age 3.7 yrs), 1 yr followup, 17276
mental & physical health benefits of narrative psychotherapy for traumatic personal experiences , 38025
methodological issues in use of women in construction of life narratives in feminist research, commentary, 27246
methodological issues in use of women in construction of life narratives in feminist research, 27224
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7278
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7275
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of the self & personhood, 7274
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary reply, 7273
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7276
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7277
narrations & reflection of caring experiences & interpretation of the meaning for patients, nurses caring for 68–93 yr olds with severe dementia, 15476
narrative & solutions orientations to therapy, debilitating panic attacks, case study of a young mother, 28311
narrative approach to supervision & case formulation in psychotherapy practice, 34769
narrative descriptions of mental hospital vocational rehabilitation project, therapists, 2718
narrative discourse abilities, 17–48 yr old traumatically brain injured patients, 2.8 yr followup, 34679
narrative discourse markers & linguistic strategies, culturally specific framing of oral personal narratives, Japanese narrators, 7307
narrative elicitation task, discourse coherence & cohesion, adolescents with brain injury, 34655
narrative gerontology & the study of aging, 14090
narrative intelligence & biographical aging & the novelty of life, 14102
narrative literary theory perspective on interaction between managed care & psychotherapy & issues of time & money, 5472
narrative of dialogical engagement with voices, 59 yr old schizophrenic woman with secodnary-person auditory hallucinations, 24250
narrative of experience with long-term group psychotherapy, hospitalized paranoid schizophrenic writer, 1958–1984, 8749
Narrative Processes theory of therapy & coding system for psychotherapy, implications for future research & practice, 37989
narrative therapy & managed care, education & clinical practice, 15140
narrative therapy in conjoint couple format, 45 yr old woman with panic disorder, 34898
narratives around the experience of having a young child with disability, Latino mothers of children with mental retardation or developmental delay, 27939
narratives in identity construction & reconstruction since retirement, former professional footballers in the UK, 14085
narratives of aging & life as a story, 14080
narratives of personal change in community activism, 35–62 yr old females, implications for personal change in health education, 17518
negative vs positive feedback on team performance & self-interest vs accuracy motivation, content & structure of narratives about teamwork experience, college students , 20861
paradoxes in narratives of interpersonal dynamics, patients with borderline personality disorder, 34245
parallels between narrative tradition in novels & paradigmatic discourse in psychology, commentary, 9294
parallels between narrative tradition in novels & paradigmatic discourse in psychology, commentary, 9298
parallels between narrative tradition in novels & paradigmatic discourse in psychology, commentary, 9303
parallels between narrative tradition in novels & paradigmatic discourse in psychology, 7272
parallels between therapist-reader's relationship with literary fiction & therapist's psychotherapeutic relationship with patient, 5500
passage length & scriptedness & story completion & relation to attachment representations, 4.5 yr olds, 7337
pictography as notational system for preserving story content in narrative language intervention, children with language disorders, 2974
picture vs text writing tasks & strategies used in writing process & narratives, 12 yr olds, 13956
poetic construction of selfhood & relationship between narrative & self & cultural dimension of personal experience, 14356
positive & negative themes in narratives, prediction of complicated grief, 28–56 yr olds who had experienced recent spousal loss, 6 & 14 mo followups, 7674
preparation time, narrative length & mean length of communication unit, 3rd vs 8th graders vs college students, 4433
psychoanalytic perspective of symbolic processes in story making or narrative of geological rock formations , 14366
psychopathy & anxiety level, coherence & integration of narratives based on personal experience, male minimum security inmates, 14642
ratings of oral narratives by Euro-American vs African-American vs Latino 6.5–7 yr olds & child IQ & emotional/behavioral & learning/language problems & diagnoses, child clinicians, 7422
reading & moral comprehension, development of ability to extract moral themes from narratives, 8 vs 11 yr olds, 30183
relationship between power & cultural stories of illness & healing & survival, survivors of childhood sexual abuse of HIV/AIDS, 28563
relationship of hostility in story content & scores on hostile feelings & actions scales, 17–51 yr olds, 4766
relevance of disorganized/disoriented & avoidant categories of infant attachment organization to adult narratives told in psychotherapy, 15133
reliability & base rates of interpersonal contents of narratives in cognitive or psychodynamic or interpersonal therapy, opiate-dependent (aged 18–55 yrs) vs depressed patients (mean age 34.5 yrs), 37994
representation of reproductive technology in narratives of infertility, infertile 28–74 yr old females, 31058
research foundations for narrative processes in cognitive psychotherapy, implications for theory & practice, 38006
self reported narratives describing token resistance to sex, male vs female college students, 1187
solution-focused therapy as rumor & its link to philosophy of language & aspects of postmodernist social thought, 2168
spatial orientation by mental transformation in environments learned by reading narratives, college students, 23020
stories about their husband's death, 50+ yr old widows, 14104
story themes as standards for perception of & satisfaction in family relationships, college students, 23890
time since hearing vs not hearing ambiguous emotional narrative, number of details recalled vs generation of false story, college students, 3594
trends & ethics in narrative therapy & use of art & lists & therapeutic loving & opening space to safety & other viewpoints, children & families, 34772
use of narratives of future goals in vocational rehabilitation & relationship of overall goodness ratings to vocational outcomes, 26–62 yr old veterans with mental &/or physical disorders & counselors, 15676
use of narratives to examine interactions between society & community & person, public housing residents vs non-residents, implications for community psychology, 1062
use of temporal & referential devices to create autonomous pretend play narratives, Chinese Mandarin-speaking 4 vs 6 yr olds, 7383
value of language-oriented & social constructionist & constructivist approaches in becoming postscientific & emancipatory power of storytelling & narrative as performed conversation, 12039
veterans' narratives vs cultural narratives of Vietnam, 38–47 yr old Vietnam veterans with PTSD, 8183

Narratives—Books

Abnormal psychology in context: Voices and perspectives, 4894
Beyond anorexia: Narrative, spirituality and recovery, 1909
Making meaning of narratives, 22964
Narrative comprehension, causality, and coherence: Essays in honor of Tom Trabasso, 32934
Psychology, education, gods, and humanity, 6176
Stress and emotion: A new synthesis, 14343
Why Gods persist: A scientific approach to religion, 30293
Women's untold stories: Breaking silence, talking back, voicing complexity, 33825

Narratives—Chapters

"An unbelievable kind of thing": A mother's response to the disclosure of incest, 34328
Autobiography and the value structures of ordinary experience: Marianne Gullestad's *Everyday Life Philosophers*, **23868**
"Black holes" as sites for self-constructions, 23869
Children's understanding of complex stories: Issues of representation and assessment, 33636
Climbing out of the pit: From the Black middle class to homeless and (almost) back again, 33732
Comprehension of mathmatical proofs, 32940
The cure of stories: Self-deception, danger situations, and the clinical role of narratives in Roy Schafer's psychoanalytic theory, 4831
The Dandelion War, 33639
Dissolving a problem: Structuring externalization interviews with couples, 38141
The emergence of recovered memory as a social problem, 24499
Fictional absorption: Emotional responses to make-believe, 17208
Five dimensions of narrative comprehension: The event-indexing model, 32952
Gender, generation, anxiety, and the reproduction of culture, 23894
Goals as generators of activation in narrative understanding, 32938
"How would you write about that?": Identity, language, and knowledge in the narratives of two Navajo women, 33760
An interpretive poetics of languages of the unsayable, 23806
Love stories in sexual autobiographies, 23938
Millie's story: Motherhood, heroin, and methadone, 34384
Narrative and interpretation, 21851
Narrative solutions in brief couple therapy, 18623
Narrative, attachment and the therapeutic process, 21723
Narratives that Finnish families tell themselves about themselves, 21819
On the use of narrative as argument, 35831
One of the family, or just the Mexican maid's daughter?: Belonging, identity, and social mobility, 33759
Powerful stories: The role of stories in sustaining and transforming professional practice within a mental hospital, 25553
Psychoanalysis, the life story, and aging: Creating new meanings within narratives of lived experiences, 2260
The recruitment of women into the academic elite in Israel: Anna's narrative, 23845

Skirting the gender normal divide: A tomboy life story, 33827
The Thematic Apperception Test and the multivoiced nature of the self, 32673
Writing as performance: Young girls' diaries, 23802
Nasal Mucosa—Serials
running with vs without external nasal dilator strip, ratings of perceived exertion, adults, 3520
Nationalism—Serials
antecedents & strengths & consequences in attitudes toward European Monetary Union, 16–79 yr olds, Greece, 7713
attitudes toward Croatian as official language & Croatian centralist policies & Istria as regional identity & subsequent use of nonstandard languages in reaction to nationalism, Istrians, 26907
belief in rainbow nation ideal & national pride & subjective well-being & happiness, South Africans during transition to democracy, 27217
connection between democracy & nationalism as result of transformation of concepts of person & public sphere in 18th century, 7720
differences & development in in-group favoritism & nationality stereotypes, 15–18 yr olds, Russia vs Bulgaria vs Hungary vs Poland vs Belarus vs Czech Republic, 17366
differences in attitude toward euro currency in context of national identity & pride & European patriotism, adults, 15 European countries, 7717
ethnic & national identity, Basque people, 17507
functional differentiation & migration & risks of exclusion in nation-state segmentation of political system, evolution of citizenship, 7711
national attachment, blind vs constructive patriotism, undergraduates, 17511
national culture & word of mouth referral behavior, purchase of industrial services, managers of small & medium size companies, US & Japan, 3172
public opinion on anti-euro sentiments & benefits for currency & cultural & instrumental attachment to national identity, 18–70 yr old respondents, UK, 7721
Nationalism—Chapters
The habit of ex-nomination: Nation, woman, and the Indian immigrant bourgeoisie, 20710
Time and the global: Against the homogeneous, empty communities in contemporary social theory, 14117
Native Americans [See American Indians]
Natural Disasters—Serials
demographics & perceptions of service provision, indigenous relief workers following participation in disaster relief project, 9367
earthquake related psychological stress & lifestyle change, adult males, 34207
experiences & emotions & perceived control & support earthquake cognitions, preparedness behavior, earthquake survivors, 14322
frequency of reliance on TV vs cable TV vs radio vs newspaper in obtaining information & news during crisis period of Hurricane Danny, community residents, 7319
generalization of ideologically based attributions for need for public assistance & willingness to help victims of natural disaster, 18–92 yr olds, 24043
geographical place as ritual scapegoat for flooding problems & as symbolic African American as outsider, 4745
impact of flood, psychosocial factors & cognitive performance, elderly (mean age 71 yrs), 22743
individual differences & risk perception & social influence & access to resources as predictors of evacuation during natural disasters, nonevacuating survivors of Hurricanes Hugo & Andrew, 30462
moral development & psychopathological interference with conscience functioning & PTSD symptoms & postearthquake adversity, 13 vs 16 yr olds with different degrees of earthquake related trauma, 17933
nature of hurricaine exposure, changes in hazard preparedness & disaster related crime prevention & vehicular safety & health maintenance, residents of cities affected by Hurricane Hugo , 14226
personal experience with Northridge earthquake, optimistic bias concerning earthquakes vs other events, 18–49 yr old college students, 27326
PTSD symptoms following hurricane Hugo, 9–19 yr olds, comparison of 10 models of PTSD dimensionality, 21169
risk & protective processes for posttraumatic stress reactions & negative sequelae following Northridge earthquake, 8–18 yr olds with pre-earthquake psychopathology, 30770
stress levels, memory of natural disasters, 3–4 yr olds & their mothers, 7376
suicide rate following Kobe earthquake, males vs females, Japan, 14702
suicide rates following single natural disasters, 377 counties, US, 1982–1989, retraction, 11538
treatment of PTSD in children & families experiencing disaster stress or bereavement due to homicide or suicide, 12098
use of computer tool FRAMER to implement framing process of conceiving new situations that might change organization's behavior in case study of humanitarian disaster relief operation , 9716
Natural Disasters—Chapters
Assessing the long-term effects of disasters occurring during childhood and adolescence: Questions of perspective and methodology, 37419
Natural Family [See Biological Family]
Natural Selection—Serials
gregarious development & siblicide evolved through reduction in larval aggression, species of larvae of parasitoid wasps, 26513
Natural Selection—Books
The development of language: Acquisition, change, and evolution, 7450
Why we feel: The science of human emotions, 13371
Natural Selection—Chapters
Do's and don'ts for Darwinizing psychology, 266
Social influences on human assortative mating, 33914
Nature Nurture—Serials
animal model of interaction of genes & experience, anxiety, mice, 33174
emergenic-epigenetic model of talent development, implications for investigating development of exceptional performance, 26946
environmental vs genetic or familial influences on chronic fatigue, 5–17 yr old twin pairs, 18253
genetic & environmental determinants of prolonged fatigue & other psychological disorders, 50 yr old & older monozygotic & dizygotic twin pairs, 17821
genetic & environmental factors, psychological distress & fatigue & immune responsiveness, 31–84 yr old twin pairs, 17820
genetic & environmental influences on personality, monozygotic & dizygotic twin pairs (mean age 42.2 yrs), Russia , 24041
genetic & environmental risk factors & frequency of sibling contact, prevalence of lifetime major depression, male vs female monozygotic vs heterozygotic 18–60 yr old twins, 11364
genetic & environmental risk factors for & prediction of smoking initiation & nicotine dependence, female twins, 17537
genetic vs environmental risk factors for the characteristic concerns about weight & shape of bulimia nervosa, 30–45 yr old mono- & dizygotic female twins, 5169
genetics vs environment, relationships between parenting & adolescent adjustment, full vs half vs unrelated siblings in stepfamilies vs identical vs fraternal twins vs full siblings, 3 yr study, 20590
heredity vs environment, memory performance & cognitive ability & lifestyle, 27–60 yr old vs 60–94 yr old twins, 7323
innate attraction & environmentally induced preference for host plant, mature vs callow worker plant ants, 33129
lifetime major depression vs recalled post-natal depressive symptoms after 1st live birth & neuroticism, 18–88 yr old female twins, implications for influence of environment vs genetics, 24226
myths concerning heredity-environment debate & behavior, implications for education & psychology, 20067
parent & teacher ratings of externalizing behavior problems as etiological measure of heritability vs environmental influences, adoptive vs biological sibling pairs at 7–12 yrs old, 14000
parent vs O vs adolescent ratings of parenting & adolescent adjustment mediated by genetic &/vs environmental factors, 10–18 yr old same-sex sibling pairs, 948
parental education level, genetic &/vs environmental contributions to variation in verbal IQ, White vs African American adolescent sibling pairs, 36822
phenotypic & genetic & environmental correlations between personality factors & intelligence, monozygotic & dizygotic same-sex twin pairs, 17664
proximate–ultimate dichotomy in animal behavior research , 33108
restricted range of family environments, estimates of heritability & nonshared environment for child outcomes of IQ & antisocial behavior in behavior–genetic adoption studies, 23667
role of values in nature–nurture debate on etiology of psychiatric disorders, 4887
Nature Nurture—Books
Human differences, 19547
Nature and nurture in psychiatry: A predisposition—stress model of mental disorders, 14422
Stranger in the nest: Do parents really shape their child's personality, intelligence, or character?, 10746
What's going on in there?: How the brain and mind develop in the first five years of life, 30143
Nature Nurture—Chapters
Amazing grace: Sources of phenotype variation in genetic boosterism, 26567
The detection of genotype–environment interaction in longitudinal genetic models, 13510
The developmental genetics of intelligence, 30206
Developmental theory and research, 24555
Genetic and environmental structure of personality, 22854
The Iowa adoption studies: Methods and results, 14433
Nature, nurture, and development, 895
Research methods in adult psychopathology, 11307
Twins reared apart: Nature's double experiment, 13507
What twins can tell us about the development of intelligence—A case study, 30207
Nausea—Serials
application of chilled metal tubes to maxillary posterior molar apical areas, pain & nausea, 16–59 yr old patients with severe migraine or tension type headache, 28595
attitudes about etiology & treatment of nausea & vomiting during pregnancy, culturally & geographically diverse midwives, 15386
maternal nausea during pregnancy, child temperamental & behavioral outcomes, children assessed at 5–7 mo & 5 & 12 yrs, 33665
nauseogenicity of methods of exploring virtual environments while keeping head still or moving, 18–42 yr olds wearing immersive head-mounted display, 10080
ondansetron, prolactin & nausea responses to clomipramine challenge, healthy adults, 13772
overshadowing protocol, anticipatory & posttreatment nausea & heart rate, 20–60+ yr old cancer patients in chemotherapy, 5779
retention of adaptation to motion sickness eliciting stimulation, nausea ratings & electrogastrogram changes, 18–25 yr olds, 1 mo or 1 yr followup, 26706
Navigators (Aircraft) [See Aerospace Personnel]
Navy Personnel—Serials
childhood abuse history & parental substance abuse & mental illness & divorce, patients at Navy outpatient mental health clinic, 5496
personality traits & disorders in disposition ratings of aeronautical nonadaptability, US Navy officers & enlisted personnel, 3148
Navy Personnel—Books
Making decisions under stress: Implications for individual and team training, 3152
Navy Personnel—Chapters
Advanced technology in scenario-based training, 3155
A conceptual architecture for embedded team training management, 22738
Team coordination training, 3165
Team dimensional training: A strategy for guided team self-correction, 3167
Nazism [See Fascism]
Near Death Experiences—Serials
causation–power vs inspiration–love perspectives on theodicy of rabbi H. Kushner, God & tragedy & near death experience, 29672
guided meditation that recreates fragments of near-death experience & sense that one is not alone & God experience, people with near-death experiences, 30291
near death like experience during ECT & recovery from suicidal depression & precognitive vision, female patient, commentary, 15933
physiological correlates of acceleration-induced loss of consciousness, healthy adults, implications for near death experience & tunnel vision, commentary, 29948
Near Death Experiences—Chapters
Near-death experiences and ecstasy: A product of the organization of the human brain, 33274
Nearsightedness [See Myopia]
Neck (Anatomy)—Serials
contingent negative variation for hand & neck movements, 32–63 yr olds with writer's cramp, 24700
functional & psychological & physical quality of life, 33–63 yr olds with head & neck cancer, 3 mo study, 38361
Need Achievement [See Achievement Motivation]
Need for Affiliation [See Affiliation Motivation]
Need for Approval—Serials
promotional appeals based on group need vs promise of recognition, volunteerism, adults, 9672
relationship partner devaluation & rejection & reassurance-seeking & self-esteem, emotional distress, 16–29 yr olds, test of interpersonal theory of depression, 7800
Need for Cognition—Serials
cartoon vs written message regarding safe sex, knowledge about AIDS attitudes toward condom use & perceived supportive norms, adolescents high or low in need for cognition, 18846
direction-of-comparison effect & need-for-cognition & attribute- vs attitude-based processing in consumer preference, college students, 16207
lucid dreaming & internal locus of control & need for cognition & creative personality, college students, 36287
Need Satisfaction—Serials
dimensions of gratification sought from satellite TV channels, 18–57 yr old participants in training seminars & workshops, Saudi Arabia, 4391

integrated self-concordance model of conative process related to goal-striving & need satisfaction & well-being, college students, 11234
intimacy & self-disclosure, need fulfillment & well being, couples, 4729
needed & received support from partners or spouses & social support networks & distant support providers, well being, crime victims, 1 & 2 mo followups, 18104
patient vs staff rated severity of met & unmet need & patient quality of life, 15–80 yr olds with psychosis & their health care personnel, 34748
perception of met needs, parents of 2–12 yr olds in pediatric units of hospitals, 38560
perceptions of needs & need satisfaction, 14–19 yr olds, 14020

Needle Sharing—Serials

association of verbal persuasion &/or observation of peer behavior with unclean needle sharing & needle cleaning practices, high-risk for HIV infection injection drug users, 18050
collaborative multimethod evaluation of HIV prevention needle exchange program for young injection drug users, 15462
effectiveness of HIV/AIDS interventions on drug use & needle risk behaviors, 17+ yr old out-of-treatment injection drug users, 2492
factors influencing order of injecting with shared needle & syringe, 17–53 yr old iv drug users, 8341
geographic proximity, use of syringe exchange, injection drug users (mean age 36 yrs), implications for prevention of HIV infection, 31133
government sponsored needle exchange program & sources of sterile syringes & reasons for accessing sources, injection drug users, Puerto Rico, implications for health promotion, 28766
HIV needle risk behaviors & drug use in injection drug users, crack-smoking vs non-crack smoking adults, 37552
HIV risk behaviors, female sex workers who do vs do not attend syringe exchange programs, 28646
methadone maintenance treatment, HIV risk behaviors, individuals (mean age 38.5 yrs) with cocaine dependence and abuse, 9242
moral status ascribed to self & discursive strategies to protect this status when admitting to needle sharing practices, 16–21 yr old iv drug users, 8375
needle & drug solution & paraphernalia sharing, iv drug users, implications for HIV risk, 1796
relationship between depressive symptoms & drug network & needle sharing behavior, 19–61 yr old intravenous drug users, 18067
service utilization & nature of interaction in US needle exchange programs, anabolic steroid injectors, 38462
use of observational & key informant interview data in community identification process & use of data in decision making & planning & implementing needle exchange program, urban iv drug users, 28651

Needs [See Also Health Service Needs, Psychological Needs]—Serials

ability to meet health & developmental & sick day needs of children, employed mothers previously on welfare, 4 yr study, 25442
attributions for when support is needed but not received, 18–43 yr olds with high vs low perceived support, 23993
child welfare issues & managed care & mental health needs, children & adolescents in residential care , 9192
constructing nursing care to meet the needs of older patients, 38498
crime-related needs & forms of assistance offered by victim services programs, crime victims who had vs had not received help from victim programs , 27906
cultural experiences & needs, ethnic minority supervisees working with White supervisors, 9329
effectiveness of needs based family psychosocial intervention service, carers of outpatients with schizophrenia, 27653
family satisfaction & stress reduction & other service needs in outdoor camp program, 17–41 yr old homeless mothers , 25444
focus on personal development vs traditional academic subjects for career readiness in present 'communication age' based on Fortune 500 job-skill needs, 9581
Healthy Lifestyle Worksheet, assessment of whole lifestyle in terms of meeting basic emotional & social & intellectual needs, mental health clients, 32704
high vs low need for cognitive closure, audience design in interpersonal communication, college students, 33928
home visit program, teaching special needs of children with chronic disease or disability, 5th yr medical students, 38680
human needs theory in peacebuilding program, female leaders in nongovernmental organizations, Lebanon, 14108
individual differences in interaction of need for & ability to achieve cognitive structure in moderation of stress on information processing, adults, 27349
invalidation of closed triangle representation of Maslow's hierarchy of needs theory & 1990s educational & managerial environments, 33951
living arrangement & community support services needs, individuals with developmental disabilities & behavior problems, 34035
mental health needs of current & future generations & the role of community & influence of managed health care & integration of biomedical progress into clinical practice, 5838
migration, wanting &/vs owning manufactured products & necessities & consumerism, nonmigrant kin of migrants or returned migrants, Turkey, 32420
neediness & self-criticism, marital relations & depressive symptoms, married couples, 23891
needs & concerns of unemployed persons with HIV/AIDS reentering the workforce, 21–57 yrs olds with HIV/AIDS, implications for action steps for AIDS service organizations, 28065
needs & feelings of stress & social supports, urban & poor family members with developmentally delayed or at risk child in early intervention program, 12 mo followup, 38471
needs of parents of 6 wk to 4 yr olds with Acquired Brain Damage during hospitalization, 25501
participation in & needs relating to early postpartum parent–infant classes, fathers vs mothers , 33787
perceptions of needs & need satisfaction, 14–19 yr olds, 14020
physical & mental health & health care utilization & financial & structural & relationship & social support needs, 70–75 yr old widows vs married women, 27088
physical disabilities & psychological & cognitive impairments & activities of daily living & rehabilitation & services received, 48–94 yr old nonhospitalized stroke patients 1 mo post-stroke, 9218
prevalence of motherhood & demographic characteristics & perceived need, hospitalized 29–66 yr olds with severe mental illness, 37271
principles & challenges of multiservice center delivery in meeting social service needs, Chinese American immigrant communities, 12389
problems & limits of deinstitutionalization & needs of chronically & severely mentally ill persons in the community, 5873
psychological needs & five-factor model of personality classification, 21–52 yr olds, 7886
strategies for training geriatric mental health professionals to meet future needs, 35394
use of A. H. Maslow's hierarchy-of-needs theory in prediction of development of Quality of Life, 88 countries, 17435
wants & needs regarding organizational response to work & job satisfaction & family relations, 23–60 yr old female university employees, Hong Kong, 20781
work characteristics & occupationally-induced fatigue & health complaints, need for recovery, & experienced health, coach drivers , 16124

Needs [See Also Health Service Needs, Psychological Needs]—Books

Supporting the families of children with autism, 34449

Needs [See Also Health Service Needs, Psychological Needs]—Chapters

Key factors that differentiate nontraditional from traditional students, 22566
Pathologizing normality or normalizing pathology?, 21281
People with developmental disabilities who offend, 30969
Supporting families in meeting their needs, 15555
"Will it hurt?" Children and medical settings, 22026

Needs Assessment—Serials

areas of psychosocial need, pregnant vs nonpregnant HIV-positive women, 8565
assessment & adaptation of home environment to patient needs, elderly patients with dementia, 9698
assessment of community & health services needs of & utilization by inner city youth, 14–19 yr olds & parents & community leaders & service agency providers, 9151
assessment of employee support needs & training & benefits & career advancement & work culture, employers who hire persons with disabilities, 38630
assessment of HIV service provision & staff training needs in outpatient mental health settings, outpatient program directors, 12436
assessment of needs & problems in child-care social work using Depression Social Assessment Schedule, children & their families, 13074
assessment of patient's communication strengths & needs & staff training intervention, communication environment, man with learning disabilities & hearing loss & challenging behavior, 1 yr followup, 9096
assessment of training needs, carers of persons with dementia, 25478
attitudes to health care prioritization methods & criteria, 18–77 yr old nurses vs doctors vs politicians vs general public, 38500
changing needs & ongoing rehabilitation requires in relation of physiological aging, 60-yr-old male who lost distal portions of all 4 limbs 40 yrs previously, 9217
clinical needs assessment following 1995 Oklahoma City bombing, middle & high school students in need of formal evaluation for posttraumatic response symptoms, 28647
Comprehensive System of Personnel Development needs assessment survey, perceptions & inservice needs concerning inclusion of disabled students, state general educators & special education teachers, 26222
course in psychiatry for family doctors, areas of perceived training needs, general practitioners, 28862
development of Carer Assessment Scale, assessment of needs of family carers of stroke patients, nurses & family carers, Hong Kong, 5882
development of individual & couple assessment needs for research into marriage preparation programs, 11017
educational needs assessment & suitable educational approaches & environments & learning mediums, elderly individuals, 7622
family-centered interdisciplinary community-based assessment & consultation model, children with special health needs, implications for role & training of speech pathologists & audiologists, 22186
identification of services needed by foster care families & amount of case manager effort needed in delivering services, children aged under 4 yrs & their foster care families, 38541
implementation of a group-based needs assessment program, unemployed people, 38939
job skills & training needs & opportunities for upward mobility, counselors & facility managers at Randolph-Sheppard Vending facilities for employment for blind, 28791
knowledge levels process mode of writing, assessment of writing needs & workshop development, ESL graduate students, 38788
multidisciplinary assessment of mental health service needs, mentally disordered offender patients in North London medium & maximum secure hospitals, 38573
need for individual &/vs neighborhood risk factors in predictive mental health needs assessment models, 18–65+ yr olds, 5460
need norm & social role & demographic influences, justice judgments in need-based salary allocation situation, 16–85 yr olds functioning as co-workers vs allocators vs observers, 1258
perceived needs & negative symptoms, patients with chronic schizophrenia, 4938
perceptions of service needs of teen mothers & fathers, junior & senior high school counselors (mean age 44 yrs), 9567
psychosocial & educational & support needs, parents who continue pregnancy after receiving prenatal diagnosis of sex chromosome abnormality in their unborn child , 2523
Regional Support Networks, profiles of & variations in need to met need for different types of mental health services, case managers working with severely mentally ill, 5849
reliability & concurrent validity of Psychosocial History interview, assessment of status & needs, women clients in substance abuse treatment, 35928
reliabilty of Salford Needs Assessment Schedule, assessment of social & psychiatric & educational & life skills, 12–17 yr olds from forensic & adolescent psychiatric services, 32642
report from Camberwell Needs for Care Survey on treatment of psychiatric disorder in the community, Ss with mental disorders, 18474
research needs in women's mental health in relation to infertility, 1409
research needs in women's mental health, 1447
self-identified needs, 18–55 yr old poor females with HIV, implications for nursing, 21499
strategies for analyzing developmental delays & making special service eligibility decisions for preschool children using model of functional intervention-based multifactored assessment, 26220
supervised visitation services & service needs, visitation service personnel & judges, 38537
symptoms identifying need of screening for depression, primary care medical patients, 8091
tailoring consulting interventions to needs of client organizations, consulting psychologists, 16149
telephone survey of training needs, 19–81 yr old geriatric outreach service providers, 2760
test reliability & construct validity in measurement of employees' need for supervision, leadership effectiveness & behavior & criteria, insurance agents, 6674
treatment history & service experience & needs, abused children & caregivers referred to child protective services, 22176
views of autism & training needs, teachers & support staff of children with autism, 37629

Negative and Positive Symptoms [See Positive and Negative Symptoms]
Negative Reinforcement—Serials
anxiety sensitivity, negatively vs positively reinforced drinking frequency, college students (mean age 21.72 yrs), 1205
coercion as control of behavior through punishment & negative reinforcement vs positive reinforcement in educational settings, 35514
method for identifying nonpreferred events to serve as effective negative reinforcers through their contingent removal, developmentally delayed 4–14 yr olds exhibiting severe destructive behavior, 18573
positive & negative reinforcement, time allocation & occurrence of problem behavior & completion of parent instructions during concurrent choice assessment, 4 yr olds with severe problem behaviors, 15193
role of implicit negative feedback in second language acquisition, Japanese & Spanish language learners, 812
Negative Reinforcement—Chapters
Alcohol and tension reduction, 23944
Negative reinforcement and punishment, 3413
Negativism—Serials
association between level of depression & negative attributional style, inpatients with schizophrenia, 34138
attributional style for positive vs negative events & personality dispositions, advanced teacher students, 7902
degree of independence between Positive & Negative Affect after success vs failure experience in an anagram task, female college students, 1308
discriminant & convergent construct validity of rating scale for negativism independent of stress–strain relations & comparison to other scales, 18–46 yr olds, 9835
experienced stress & trait negative affectivity & depression & anxiety & somatization, headache & quality of life, adolescents, commentary, 11801
experienced stress & trait negative affectivity, headache & quality of life, 12–18 yr olds, 11797
negative affectivity, reactions to job characteristics, personnel, 25913
negative cognitive styles & vulnerability to depression, 30648
negativity bias in evaluative categorization, college students, 229
positive vs negative vs avoidant behaviors exhibited during spousal communications, marital satisfaction, married couples (mean age 30.7 yrs), 1 yr study, 33885
preclinical & clinical consequences of nonverbal expression of negative emotions & emotional attributes, peers & supervisors of & occupational therapy graduate & undergraduate students , 15797
salivary reactivity vs self-report measures of urge to drink & negative mood, 19–63 yr old male alcoholics, 27839
self cognition, negative affect & self perceived competence, 7th graders, 2 yr study, 33646
self-focused attention, impact of negative moods on autobiographical memory, college students, 7925
self-reported vs co-worker ratings of negative affectivity & self-reported stressors & strains, 24–56 yr old full-time employees pursuing graduate degrees, 6314
Negativism—Chapters
Origins of the depressive cognitive style, 1559
The role of the qualitative researcher, 22987
Negotiation [See Also Bargaining]—Serials
accountability & negotiator collectivism, competitive behavior & impressions & outcomes, Caucasian vs Asian & US vs Estonian intergroup negotiators (mean age 19 yrs), 37059
antecedents & outcomes & perceptions of role negotiation ability, insurance corporation employees, 16119
audiovisual vs audio-only conferencing in negotiation task, conversational fluency & interpersonal awareness, college students , 6411
cognitive diversity & complexity, outcomes attained in crisis negotiations, college students, 7819
computer simulation as method of teaching political coalition formation & mixed-motive negotiation & bargaining theory, 28931
contextual features as creators of distrust of opponents & distrust as an obstacle in environmental-economic disputes, 19477
cultural & occupational background & sex, negotiation style, adults, 12 countries, 6497
cultural differences & negotiating style & international business negotiations, business executives & lawyers & graduate business students from 12 cultures, 20844
culture & negotiation & international relations, Western & Chinese business negotiators, China, 20829
culture in multicultural groups during collaboration in business, Americans & Russians, conference presentation, 22573
culture, bilateral negotiation on Web based system for support & conduct of negotiations, managers & engineers & students, 50+ countries, 22761
discourse analysis of shared decision making practices & negotiating practices in primary care, general practitioner & parents of male infant with tonsillitis, 31790
dispositional need for cognitive closure & use of heuristics in negotiation, college students, 11110
effect of tactical knowledge on sequence of & ability to shift between integrative & distributive response-in-kind negotiator behavior, naive negotiators, 27305
effectiveness of simultaneous & sequential problem solving & forcing in interpersonal conflict & negotiation, 20–54 yr old members of work dyads , 29143
electronically mediated negotiation relationships, members of outgroup vs ingroup, 10690
evolving systems design framework implemented by computer group support systems for intercultural problem solving & negotiation, multicultural groups, 20846
face-to-face vs computer-mediated negotiation outcomes, adults, 14240
framework for learning in negotiated project engagements, policy-making in city government project illustration, 9575
identification with "victim" vs "perpetrator", bias in judgment of ambiguously ethical action during negotiation, college students, 14269
importance of perceptions of time-related costs & action-forcing events in building momentum in decision making & negotiation, 6499
individualistic vs collectivistic cultural values & ideals, judgment biases in negotiation, 18–21 yr old college students, US vs Greece, 33745
influence of social value orientation on choice & recall of cooperative vs neutral vs competitive heuristics, college students preparing for negotiation, 7846
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, commentary, 33805
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, commentary, 33807
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, 33801
interprofessional negotiations toward control of clients & dilemmas in negotiations, interdisciplinary teams, 11985
limitations of & suggestions for peace negotiations between Israelis & Palestinians, 23832
marital relations & negotiation of ways to celebrate both Hanukkah & Christmas, spouses in Jewish & Christian interfaith marriages, 36958
model for management of referrals & process of negotiating outcome goals with referred student, school counselors, 25845
need for cognitive closure, task-oriented responses & social-emotional acts & negotiation & interaction process, groups, 27278
negotiating & contracting for delivery of mental health care services in managed care environment, social workers, 35171
negotiation context, evaluations of procedural & distributive justice & emotional reactions to bargaining process, college students, 37061
negotiation outcomes, males vs females in business organizations, 35669
negotiation styles regarding condom use & relationship between intention & past condom use & reasons for not using condoms, male vs female 17–37 old college students, 27247
network structure & group identity, emotion & cohesion in exchange relations & component dyads, college students, 7804
ombudsperson vs peer third-party expertise & integrative vs compromise vs unintegrative recommendations, organizational disputants' offers & perceptions of mediator, college students, 38945
opportunistic & demand avoidance concepts in negotiation, 6498
perceptions of ethicality in third party vs immediate negotiation behaviors, 21–48 yr old graduate business students, US vs Brazil, 22576
personality traits & social values, interaction & choice of negotiation strategy, prosocial vs proself vs mixed prosocial/proself college student dyads, 20931
priming to consider fairness in price negotiations, buyers & sellers, 39018
relationship between perceptions of optimism vs pessimism & settlements in bargaining games, graduate students as negotiators, 30396
relationship between theoretical model for negotiation support system research & social behavior science, 4721
romantic relationship conflict negotiation tactics, male vs female & Asian- vs European- vs African-American 14–19 yr olds, 7506
simulation game used to enhance negotiation skills in industrial relations & team building settings, 9586
social self worth & face-negotiation theory & facework competence model for in intercultural conflict training, 4736
sociocultural & political & socialization patterns during war to peace transition & conflict resolution & grief & reconciliation, children & adolescents, South Africa & Mozambique, 33723
stability of negotiated settlements to civil wars & role of institutions, 10947
structural & functional components of social cognition & development of interpersonal negotiation strategies, 11–20 yr olds, 7552
systematic errors of perceptions in personality-trait attributions for bargaining behaviors of counterparts, MBA students as negotiators, 27386
trust expectations & climate & information sharing in effectiveness & efficiency during negotiation outcomes, 22–54 yr old managers, 22802
Negotiation [See Also Bargaining]—Books
Building bridges: The negotiation of paradox in psychoanalysis, 2254
Research in negotiation in organizations, Vol. 7, 35674
The win–win solution: Guaranteeing fair shares to everybody, 27308

Social involvement, justice judgments, and the psychology of negotiation, 35681
The tactical use of emotion in negotiation, 33913
Negroes [See Blacks]
Neighborhoods—Serials
alcohol outlet density, alcohol availability & homicide rates in New Orleans urban neighborhoods, 21264
chronic strain & neighborhood deterioration & religious coping mechanisms, changes in health, 65 yr olds & older , 7604
citizen & youth action & youth & neighborhood development & neighborhood-based youth initiatives for involving young people in neighborhood development, 7628
family & neighborhood characteristics, social & economic outcomes in fixed effect models, sisters (aged 25–37 yrs), 17440
framework for evaluation of housing rehabilitation & its role in neighborhood change, 3191
income source & race, ratings of & objections to potential neighbors, African & European American & Hispanic undergraduate students & 23–86 yr old homeowners, 33923
market potential & preferences of transit villages with different density & amenity mixes, residents, 3190
neighbor relations in middle class neighborhood, Israel, 20822
neighborhood & community environment & individual risk factors, child abuse & neglect, parents of children aged less than 18 yrs, 37451
neighborhood & family & school & peer & demographic risk factors for adolescent gang membership, 5th grade students, 8 yr study, 27911
neighborhood context, risk of violence, 18–40 yr old discharged psychiatric patients, implications for violence prediction models, 21002
neighborhood deprivation & individual smoking status, adults, 14216
neighborhood research, policy development & community program implementation, 35219
neighborhood social environment, use of psychiatric services, adults, 5 yr study, 9107
Northern Cities Vowel Shift & local loyalty, nonurban women in their 40s & 50s & their high school age children, 7301
perceived & objective neighborhood qualities, mental health & behavior, 14–18 yr olds, 10881
perceptions of neighborhood environment, 28–59 yr olds with serious mental disabilities living in community supported housing, 35217
preferences & experiences living nearby & perception of group homes, neighbors, 2602
relationship between individual characteristics of age & gender & neighborhood characteristics of social deprivation & integration & use of benzodiazepines, residents of Dutch city, 28432
theoretical basis for approach to neighborhood evaluation, 39040

Neighborhoods—Chapters
The art of community design: Stimulating shared neighborhood visions, 29220
Energizing and organizing the community, 22206
Through the eyes of children: An ethnographic perspective on neighborhoods and child development, 13911
Nembutal [See Pentobarbital]
NEO Personality Inventory—Serials
common personality traits using the NEO-Personality Inventory, males with spinal cord injuries, 35907
internal consistency & temporal stability of Revised NEO Personality Inventory & Interpersonal Adjective Scales, 18–55 olds, 24026
psychometric properties of Korean vs English versions of NEO-Personality Inventory-Revised Form R vs S, native Korean college students, 3303
psychometric properties of Revised NEO Personality Inventory, determination of clinical characteristics & potential responses to treatments, 23–52 yr old clients in outpatient drug rehabilitation program, 32049
scores on NEO-Five Factor Model inventory before vs after light treatment, outpatients with seasonal affective disorder vs bipolar disorder, 34111
self-perceived personality & impression management on NEO-Five Factor Inventory, 18-52 yr olds, 20939
stability of traitedness assessed by Adjective Checklist & NEO Personality Inventory, college students, 20938
validity & reliability of Revised NEO Personality Inventory, application of 5-factor model of personality traits in non-Western cultures, 14-yr-old & older psychiatric patients, China, 30639
NeoFreudian School [See Neopsychoanalytic School]
Neonatal Development—Serials
alcohol use during pregnancy, growth & gestational age of offspring at birth, teenage mothers & infants, 4 yr study, 30877
behavioral responses, newborns of insulin-dependent diabetic mothers, 18276
changes in active sleep & wake, newborn rats vs rabbits vs humans, 26693
developmental intervention of multisensory stimulation, neurobehavior & neurodevelopment, preterm infants with periventricular leukomalacia, 15506
facial movements & crying & pain inducing routine hospital procedures, normal delivery vs caesarian birth & male vs female neonates, 23687
fetal body & eye movements & heart rate in developmental organization of behavior from 24-wks gestation onward in normal & complicated pregnancies, healthy pregnant females, 24 wk & onward study, 20440
neonatal & social risks & cognitive function & neuropsychological abilities & academic achievement & behavior, 5–9 yr olds weighing less than 750 g vs 750–1499 g at birth, commentary, 26947
neonatal & social risks & cognitive function & neuropsychological abilities & academic achievement & behavior, 5–9 yr olds weighing less than 750 g vs 750–1499 g at birth, commentary reply, 26950
nonverbal memory span & spatial working-memory ability & planning & set-shifting & recognition memory, 7–9 yr old preterm neonatal intensive-care survivors, 36747
orientation direction in response to placement on inclined plane, 2 wk old rat pups, 26695
review of developmental aspects & clinical consequences of cytochrome P450 from fetus through life span, 7331
sleep state changes, cerebral haemodynamics, 2–8 day olds, 4405
spatial arrangement differences of facial features & facelike & selected elements of face stimuli, visual tracking, 2 day olds & younger, 23689
sweetness of intraoral sucrose, calming & mouthing & hand-mouth contact, crying newborns, 30118
visual-fixation-assessed preference for infant-directed vs adult-directed singing, 2 day olds with normal hearing & their English vs Japanese deaf mothers, 23709
Neonatal Development—Chapters
Genesis and development of early infant mimesis to facial and vocal models, 17214
Imitation: The contributions of priming and program-level copying, 16742
Neonatal imitation in the intersubjective companion space, 17213
Neonatal imitation: Existence, mechanisms and motives, 17199
Prenatal exposure to cocaine, 5118
Neonatal Disorders [See Also Cleft Palate, Crying Cat Syndrome, Downs Syndrome, Klinefelters Syndrome, Phenylketonuria, Turners Syndrome]—Serials
association of impaired uteroplacental circulation & neuromotor development, neonates with intrauterine growth restriction, 4–12 mo follow up, 18258
maintenance on slow-release morphine vs methadone, neonatal abstinence syndrome, 17–40 yr old pregnant female opiate or polysubstance abusers, 19060
moral philosophical issues concerning euthanasia or withholding life-saving treatment, newborn infants with intellectual disabilities, 34477
psychiatric consultation liaison services in neonatal intensive care unit, 38473
verbal & performance IQ, 5–8 yr olds who received extracorporeal membrane oxygenation during neonatal period for persistent pulmonary hypertension, 25310
Neonates—Serials
attitudes toward hearing screening in newborns, 22–45 yr old parents, 22099
neonatal & adult head circumference & dermatoglyphic patterns, schizophrenic 19–55 yr olds with elevated rates of minor physical anomalies, 4935
Neonates (Animal) [See Infants (Animal)]
Neonaticide [See Infanticide]
Neophobia—Serials
attitudes & expected liking & food neophobia, intent to purchase novel vs familiar cheeses, 21–62 yr old females, 14288
environmental enrichment stimuli, side preference of home cage, female chickens, 19922
experimental epilepsy induced by hippocampal vs amygdala-injected tetanus toxin, food related & other neophobic responses, male rats, 13564
food familiarity, willingness to try & expected vs actual liking for new foods, 18–49 yr old food neophobics vs neophilics, 17641
hyponeophagia vs eating in feeding test & urine & serum cortisol as fear or stress correlates, blue & silver foxes, 13467
melatonin receptor ligand S 22153, melatonin induced neophobia in free-exploratory paradigm, male BALB/c mice, 36577
neophobia, maternal behavior, donkey, 377
vagotomy, neophobia & conditioned-reflex taste aversion, rats, 7150
Neoplasms [See Also Breast Neoplasms, Leukemias, Nervous System Neoplasms, Terminal Cancer]—Serials
1-wk didactic & clinical skin cancer prevention training, general & preventive skin cancer knowledge & self efficacy to screen & educate & organizational level constructs, nurses, 3 mo study, 28820
accuracy of self-reported health behaviors & risk factors related to cancer & cardiovascular disease, general population, 37769
age, knowledge of mortality risks & perceived general risk & personal risk & control & preventability of coronary heart disease & breast & colon & lung cancer, 41–95 yr old females, 25286
alcohol consumption as risk factor & genetic polymorphism of related enzymes aldehyde dehydrogenase 2 & cytochrome P-4502E1, patients with upper aerodigestive tract or multiple cancers, 21513
anxiety symptoms & panic attacks prior to pancreatic cancer diagnosis, 35 yr old female with no psychiatric history, 28101
attitudes & preferences in palliative management of malignant ascites, 40–54 yr old Canadian physicians, 6053
attitudes toward & knowledge of cancer pain epidemiology & pathophysiology & management, 24–78 yr old medical practitioners, Israel, 22365
audiometric configurations, 20–96 yr olds with unilateral Meniere's disease vs acoustic tumor vs general clinical population of audiology clinic, 31368
biopsychosocial counseling model, cancer patients, 5722
biopsychosocial rehabilitation focus in palliative care unit, 89 yr old male with rectal carcinoma, case report, 5906
bisphosphonates, bone cancer-related pain in palliative care, 5762
breakthrough pain & pain mood & pain-related interference in physical function & depressed mood & anxiety, 26–77 yr old cancer inpatients, 21510
cancer & cancer screening behavior & beliefs & attitudes & knowledge, 21–60 yr old Cambodian & Vietnamese females, US, 18883
cancer genetic consultation, state anxiety, healthy women (mean age 42 yrs) at high vs low risk for cancer, 25343
cancer site & age & comorbidity conditions, self reporting of symptoms & physical & mental health, 65+ yr old female cancer patients, 31161
cancer support groups, client outcomes & perceptions of group processes, group members, 35066
cancer, psychological well being, cancer patients before & during course of radiotherapy, 5732
clinical usefulness of Creativity & Optimism & Planning & Expert Information Model in communication structure & solving pain-related problems, 50–77 yr old patients with cancer pain & their caregivers, 25291
cognitive behavioral pain management intervention, cancer patients, 25290
cognitive-behavioral interventions in pediatric cancer & asthma & diabetes mellitus, 8795
cognitive-behavioral therapy in teaching problem solving for illness & related aspects, mothers of newly diagnosed patients with pediatric cancer, 25299
cognitive–behavioral & family therapy intervention to cope with aftereffects of childhood cancer & treatment,patients & their families, adolescent cancer survivors, 24980
comorbidity of anxiety & depression & prevalence of subclinical PTSD & utility of PTSD Checklist-Civilian Version as PTSD screening instrument, 22–54 yr old mothers of childhood cancer survivors, 8189
coping & emotional distress in prediction of survival time, 32–84 yr old patients with lung cancer, 31158
demographic & medical & psychosocial factors, fatigue, 18–85 yr old cancer patients, 11847
demographic & professional variables & sources of information & attitudes & patient characteristics, choice of truthful diagnosis disclosure, 28–75 yr old Lebanese physicians with cancer patients, 2796
demographic characteristics & illness severity, pain & prescribed analgesics, individuals 65–74 vs 75–84 vs 85 yrs old & older with cancer, comment & comment reply , 12333
demographic characteristics & illness severity, pain & prescribed analgesics, individuals 65–74 vs 75–84 vs 85 yrs old & older with cancer, correction, 12316
depression & subjective sleep quality, immunocompetence, 18-44 yr old low-income females at risk for cervical cancer, 30577
development & reliability & validity of UCLA Prostate Cancer Index, measurement of health-related quality of life, males (mean age 72.7 yrs) with prostate cancer, 5280
development of skin cancer prevention program, 1st & 2nd & 3rd graders & parents & recreation staff, 22095
developmental conceptual understanding of causes of cancer vs AIDS vs colds, elementary school age children, 7386
different rates of surgical treatment, overall survival rate, Blacks vs Whites with early-stage lung cancer, comment, 38412
different rates of surgical treatment, overall survival rate, Blacks vs Whites with early-stage lung cancer, 38391
disease & treatment factors in cognitive impairment & developmental model & assessment strategies, children with cancer, 28093
disease recurrence & family history of cancer & physical disability & attitudes of medical skepticism toward physicians, psychological distress, cancer survivors aged over 50 yrs, 31164
effectiveness & influence on knowledge & attitudes & behaviors of sun protection programs for skin cancer prevention in children aged under 14 yrs, 25326
effectiveness & safety of transdermal therapeutic system fentanyl, cancer pain, adult cancer patients requiring opioid analgesics for pain, 5672
efficacy of school based intervention to increase sun protection knowledge & behavior & prevent skin cancer, 8th graders, 3 yr study, 25351
epidemiology & possible etiology of visual disturbances, patients with advanced cancer, 14978
estimates of physical complaints & main concerns & presence of affective disorder, terminal colo-rectal cancer patients (mean age 69 yrs) vs carers vs general practitioners, 18990
evaluation of an education program for the early detection of cancer, detection of cancer symptoms & anxiety levels & patients' & doctors' delay, 40+ yr old community inhabitants living in Sweden, 31832
evaluation of community based skin cancer prevention program, skin cancer prevention attitudes & knowledge & behavior, parents, 3 yr study, 25353
evaluation of practice of pain treatment by means of A. Donabedian's structure-process-outcome framework, adult cancer patients with chronic pain, prospective study, 25305
evaluation research of audiotaped oncology treatment consultations as intervention for improvement of quality of patient–physician communication, cancer patients, 25312
factors influencing testicular self-examination practices & knowledge of testicular cancer, 18–25 yr old male university students, 28094
family myths & rules & themes & stages of development & the clinical course of cancer, assessment of family functioning of adult cancer patients, 28358
feasibility & range of measurement of Pediatric Quality of Life Inventory-32 assessment of health-related quality of life, 8–18 yr old pediatric cancer patients, 32658
French adaptation & validation of short version of Profile of Mood States, females with breast cancer & males with prostate cancer, 18322
functional & psychological & physical quality of life, 33–63 yr olds with head & neck cancer, 3 mo study, 38361

gender roles & marital intimacy & spousal caregiving, married males vs females (aged 21–65+yrs) undergoing cancer treatment, 22207
group education for problem solving skills in caregiving, family caregivers of cancer patients, 25467
group therapy model of coping, satisfaction & treatment acceptability & mental health & psychological adjustment & process measures, female metastatic cancer patients, 28351
health care policy & delivery & cancer pain management, health personnel & administrators, South Africa, 12383
hemifield contrast sensitivity to coarse dynamic vs finer static sinusoidal gratings, detection of visual pathway dysfunction, pituitary adenoma patients with normal visual acuity & field, 31162
hypoactive delirium as clinical symptom of intestinal perforation, 62 yr old male with gastric cancer, 14977
identification–contrast processes in social comparison & relation to Big Five personality factors in adjustment to treatment, patients with various forms of cancer, 35112
increase in drug dosage as opioid tolerance vs increase in pain levels in cancer pain treatment, 5601
individual & interpersonal coping strategies & marital adjustment after cancer diagnosis, 41–74 yr olds with prostate cancer & their 38–69 yr old spouses, 28096
interpleural analgesia using bupivacaine for pain relief, 19–79 yr old patients with advanced cancer, 18809
introduction to special issue on psychosocial factors in cancer prevention & treatment, 31166
knowledge of risk factors for oral cancer & tobacco & alcohol use & access to tobacco, 10–21 yr old Latinos , 906
level of somatization symptoms & associated functional correlates & PTSD symptoms & personality characteristics, 12–35 yr old pediatric cancer survivors, 34589
long term patterns of morphine use & dosage & pain intensity, 36–80 yr old palliative care unit patients with chronic cancer pain, 28615
mediastinal seminoma causing paraneoplastic syndrome, 20 yr old male presenting with acute paranoid psychosis with catatonia, 8574
mental adjustment to & appraisals of cancer & optimism & emotional functioning, males (mean age 75 yrs) with prostate cancer, 31151
mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, commentary reply, 35078
mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, 22044
mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, commentary, 35103
neuropsychological & pharmacokinetic assessment of cognitive functioning, 29–76 yr old hospice patient receiving morphine for cancer pain, 3341
neuropsychological profile, 12 yr old girl with pineoblastoma & spinal metastases who underwent chemotherapy & cranio-spinal irradiation, 2 yr study, 24754
newly diagnosed cancer & sex & age & diagnosis & time point in treatment, hopefulness & hopelessness & hoped-for objects, adolescents (12–21 yrs old) receiving treatment, 37798
number of doctors met during treatment & continuity & perceived quality of care, cancer patients (aged 50–94 yrs), 31902
olanzapine, delirium, female 59 yr old with cancer, 15324
olanzapine, treatment of respiratory dyskinesia, 67 yr old female cancer patient, 22052
oral yeast, ethanol acetaldehyde production in oral cavity saliva, implications for microbial pathogenetic factor in oral cavity cancer, 34377
overshadowing protocol, anticipatory & posttreatment nausea & heart rate, 20–60+ yr old cancer patients in chemotherapy, 5779
pain & fatigue & sleep disturbances & relationships between symptoms & treatment characteristics & self-care strategiese, adult oncology outpatients receiving radiation therapy for bone metastatis, 25313
paroxetine for treatment of pruritus, 5–88 yr old advanced cancer patients, 5682
perceptions of risk of experiencing myocardial infarction &/or cancer, adults who smoke, 14887
perceptions on relationship of risk for lung cancer & daily cigarette consumption & nicotine concentrations, French 15–75 yr olds, 30242
personal perspective of the psychological impact of cancer, 31154
personality traits, health related quality of life without regard to disease type, stomach cancer vs non-cancer patients, 5283
phenomenological approach to research on perceptions & experiences of living with illness, females of childbearing age with ovarian cancer, 18323
physical exercise & quality of life, postsurgical colorectal cancer patients (mean age 60.7 yrs), 4 mo study, 25334
preferences for different types of information about cancer, patients, 31159
prevalence of psychiatric disorders & full disclosure by physician of diagnosis, Japanese cancer patients, 28816
problems in collecting quality of life data in European Organisation for Research & Treatment of Cancer clinical trials, data managers & nurses, 28104
psycho-social & economic burden, caregivers (mean age 35.6 yrs) of female relatives with cervical or breast cancer , 37799
psychological effects of cancer, diagnosis of affective & anxiety disorders, patients, 34808
psychological treatment of disease-related symptoms in asthma & diabetes & cancer & issues in psychologists' resistance to Division 12 task force documentation of effective interventions, commentary, 28576
psychological treatment of disease-related symptoms in asthma & diabetes & cancer & self-management & behavioral relaxation in asthma treatment, children & adolescents, commentary, 28577
psychological treatment of disease-related symptoms in asthma & diabetes & cancer, children & adolescents , 28578
psychometrics of Caregiver Reaction Assessment Scale, partners of colorectal cancer patients, 19626
psychosocial correlates of cancer relapse & survival prognosis, 1979–95, 31155
psychosocial sequelae of learning information regarding genetic risk for breast or ovarian cancer, females, 24749
quality of life & educational achievement & employment status & military service & family status & health & psychological well-being, adult survivors of childhood cancer, longitudinal study, 31157
reliability & factor structure of Swedish version of Mental Adjustment to Cancer scale, measurement of coping & depression & anxiety, 20–91 yr old cancer patients, 28100
reliability & validity of Health Utilities Index, measurement of health-related quality of life, mothers of 4–17 yr old pediatric oncology patients, 3357
religious beliefs, psychosocial adjustment, cancer patients, 21511
research of CNS tumor growth & therapeutic strategies on survival rates & methods for improving neurocognitive function & quality of life & training for medical personnel, 21509
role of morphine metabolites in pain control among cancer patients, 18830
role of pessimism & anxiety & personality in development of cancer, 31–79 yr old men with coronary heart disease, 6–10 yr follow-up, 5286
role of psychological factors in & psychological intervention on cancer initiation & progression & outcome & psychoneuroimmunological processes in tumor growth & development, 14976
Roy Adaption Model-based theory of health-related quality of life, 60+ yr old newly diagnosed cancer patients, 25314
satisfaction with information about & understanding of consent procedures for radiotherapy, levels of major depression & anxiety & adjustment disorders, 29–84 yr olds with cancer, 12336
sex, treatment prescription & chronic pain adaptation & coping, cancer vs non-cancer patients, 34593
short-term management with lorazepam & nicotine patch, acute anxiety & treatment adherence compromised by nicotine dependence & withdrawal, 62 yr old male bladder cancer patient, 28579
skin cancer education through videotape vs reading brochure vs instruction from nurse practitioner, skin cancer knowledge & detection & self-examination, 17–31 yr olds, 35141
skin cancer prevention knowledge & attitudes & practices, parents & 1st–3rd graders & recreation program staff, 25338
social problem solving & distress reactions to stressful events, diagnosed cancer patients & females who underwent surgery for breast cancer, 24756
social restriction & mood & relationship satisfaction, 25–82 yr old spouses of cancer patients, 28098
social support & coping & adjustment to illness, melanoma patients, 21512
spouse avoidance & criticism, intrusive thoughts & psychological distress, 29–75 yr old cancer patients , 28097
stress & tumor cell inoculation & immunomodulators, lung cell activity, male mice , 29954
stressful negative life events & pessimism & natural killer cell cytotoxicity & T cytotoxic/suppressor cell percentage, Black HIV-positive females at risk for cervical cancer, 8491
subjective experience of cancer illness, 39–79 yr olds with colon cancer, 1991
sun avoidance practices,non-Hispanic White adults, implications for skin cancer health education, 25340
sun protection promotion & skin cancer health education program in recreational soccer setting, coaches (aged 33–64 yrs) & parents (aged 31–56 yrs) & children (aged 8–14 yrs), 25356
theory of planned behavior prospective approach to prediction of intention & motivation to exercise, postsurgical colorectal cancer patients (mean age 60.8 yrs), implications for rehabilitation , 11848
therapy in context of problem solving model of stress as cognitive-behavioral intervention for mental health problems & depression, cancer patients, 25294
trait dependent & situation specific coping behaviors during invasive medical procedures, 6–15 yr olds with cancer, 5281
treatment for gynecological cancer, changes in sexual function, 23–76 yr old females, commentaries & responses appended., 8572
urinary bombesin-like peptide levels, cigarette smokers with vs without schizophrenia, implications for development of lung cancer, 8372
use of neural networks for determination of accurate diagnostic performance of measurements of retrocochlear pathology, adults with unilateral vestibular schwanomas, 19495
vaginal anatomy & function changes in women treated for cervical cancer, sexual function & levels of distress, 25–80 yr old females with history of cervical cancer, 22041
validity & reliability of Norwegian version of Quality of Life Index, 19–78 yrs olds newly diagnosed with cancer, 31163
validity of Children's Depression Inventory vs Pleasure Scale for Children, assessment of depression & anhedonia & susceptibility of instrument to defensiveness, 7–16 yr olds with cancer, 28102
World Health Organization Quality of Life questionnaire, differences in quality of life, patients (mean age 73 yrs) with moderate senile dementia vs patients (mean age 53 yrs) with cancer, 36029

Neoplasms [See Also Breast Neoplasms, Leukemias, Nervous System Neoplasms, Terminal Cancer]—Chapters

Cancer pain, 14979
Cancer pain, 8576
The developmental impact of cancer diagnosis and treatment for adolescents, 38440
Diet, hormones, and health: An evolutionary-ecological perspective, 7142
Gestalt therapy, hypnosis, and pain managment in cancer treatment: A therapeutic application of acceptance and adjustment to disability, 28278
Oncology, 38384
Psycho-social oncology, 34594
Psychotherapeutic intervention with the medically ill, 25300
Psychotherapy for cancer patients, 18807
Supportive-expressive group therapy for cancer and HIV patients, 14933
Traditional approaches to health care among American Indians and Alaska Natives: A case study, 9070

Neopsychoanalytic School [See Also Individual Psychology, Jungian Psychology]—Chapters

Karen Horney's counterdiscourses: Contemporary implications, 4830

Nerve (Abducens) [See Abducens Nerve]
Nerve (Accessory) [See Cranial Nerves]
Nerve (Acoustic) [See Acoustic Nerve]
Nerve (Facial) [See Facial Nerve]
Nerve Cells [See Neurons]

Nerve Growth Factor—Serials

antibodies to brain derived neurotrophic factor, spatial learning & memory, male rats, 33459
brain-derived & glial cell line-derived neurotrophic factors, neurotoxic effects of ethanol on embryonic spinal cord motoneurons, chicks, 10545
brain-derived neurotrophic factor & excitability in spinal cord & mechanism of central sensitization, rats, implications for treatment of pain, 23319
calcitonin gene-related peptide & trk A immunoreactive nerve fibers in inflamed vs noninflamed temporal arteries, 41–87 yr olds with headache & suspected giant cell arteritis, 14916
chronic voluntary running & naloxone, nerve growth factor & orphan receptor mRNA levels, addiction-prone Lewis vs Fischer male rats, 26863
CSF & serum nerve growth factor & brain-derived & glial cell line derived neurotrophic factor, 1.8–17.4 yr olds with Rett syndrome, 4856
differential housing exposure after weaning, learning & memory processes & hippocampal nerve growth factor, handled rats, 33075
effect of changes in brain 5-HT concentrations on gene expression of brain-derived neurotrophic factor mRNA, rats, 30071
ethanol toxicity & growth factor-mediated neural proliferation & relevance to fetal alcohol syndrome, 4203

exercise & imipramine or tranylcypromine, enhanced brain derived neurotrophic factor expression, rats, 36615
expression of basic fibroblast growth factor in response to atypical antipsychotic clozapine, rats, 30048
forebrain ischemia with vs without acidic fibroblast growth factor, learning & memory, male Mongolian gerbils, 23537
glial cell line derived neurotrophic factor, regulation of capsaicin sensitivity/VR1 & substance P in cultured spinal sensory neurons, rats, 29835
glial cell line-derived neurotrophic factor, extracellular levels of dopamine in striatum 24 hrs postadministration & protection against neurotoxic effects of methamphetamine, male rats, 29775
learning & nerve growth & brain-derived neurotrophic factor levels in hippocampus vs spinal cord vs hypothalamus, transgenic mice overexpressing tumor necrosis factor alpha with vs without CNS inflammation, 36396
levels of transforming growth factor alpha in CSF, 15–82 yr old patients with various neurological symptoms, implications for pathophysiology of neurological diseases & brain development, 21611
mechanisms underlying regulation of brain-derived neurotrophic factor & functional consequences of altered neurotrophic factor expression in response to long-term ECT , 543
MK-801 or brain derived neurotrophic factor, barrel growth in developing primary somatosensory cortex & expression pattern of GABA receptor subunits, newborn rats, 10445
nerve growth factor & anti-nerve growth factor injections into higher vocal center, song behavior & neuropeptide Y distribution in brain, adult male zebra finches , 20099
nerve growth factor plasma levels, 17–45 yr old males with schizophrenia, 21126
nerve growth factor receptor antagonist ALE-0540, neuropathic & thermally-induced inflammatory pain & nerve growth factor binding, rats, 23563
nerve growth factor vs basic fibroblast growth factor vs Cerebrolysin, short vs long term effects on postlesion acquisition of water maze task & motor activity, rats, 17114
nerve growth factor, thermal hyperalgesia & neutrophil accumulation, rats, 628
neuroprotective & restorative properties of glial cell line derived neurotrophic factor for nigrostriatal dopamine system & motor function in animal models of Parkinson's disease, 3845
nucleus accumbens or ventral tegmentally infused brain-derived neurotrophic factor, cocaine-induced locomotor activity & reward responding, male rats & knock-out mice, 20303
radial maze vs platform maze vs water maze, test of cognitive ability & hippocampal morphology & neurotrophin expression, aged rats, 19947
relationship between deprivation of nerve growth factor & density of M1 receptors in hippocampus, juvenile rats, 13583
role of nerve growth factor in central plasticity linked to chronic pain, rats, animal model of arthritis, 26546
role of neurotrophins & Ras/mitogen-activated protein kinase signal transduction cascade, behavioral sensitization to cocaine, male rats, 36449
serum levels of autoantibody to nerve growth factor, 25–50 yr olds with paranoid- vs recurrent/progressive- vs slowly progressive schizophrenia, 30728
transient forebrain ischemia, mRNAs encoding brain derived neurotrophic factor in hippocampus & cerebral cortex & mediation by NMDA & non NMDA type glutamate receptors, rats, 3932

Nerve Tissues [See Also Myelin Sheath]—Serials

capsaicin, morphology of intracutaneous nerve fibers & number of epidermal nerve fibers & cold & mechanical & heat pain sensation, 24–69 yr olds, 20351
characteristics of astrocyte subtypes in damaged frontal & parietal & temporal cortex, 2 mo–80 yr olds with traumatic brain injury vs brain tumors vs vascular anomalies, 31196
hyperalgesia after intradermal injection of capsaicin as function of morphological changes in epidermal nerve fibers, 24–69 yr olds, 517

Nerves (Adrenergic) [See Adrenergic Nerves]
Nerves (Cholinergic) [See Cholinergic Nerves]
Nerves (Cranial) [See Cranial Nerves]
Nerves (Peripheral) [See Peripheral Nervous System]
Nerves (Spinal) [See Spinal Nerves]
Nervous Breakdown [See Mental Disorders]

Nervous System [See Also Central Nervous System, Ganglia, Nerve Tissues, Neurons, Peripheral Nervous System, Receptive Fields]—Serials

cellular & molecular actions of cocaine & amphetamine in mesoaccumbens & related dopamine systems & chronic exposure induced neuroadaptations & addiction & withdrawal states, 4295
conversion of enzyme blockade in periphery vs central nervous system, angiotensin-induced drinking & pressor responses, rats, 36454
excitotoxicity & peri infarct depolarizations & inflammation & apoptosis to delayed mechanisms of damage in peri infarct zone or ischemic penumbra & development of ischemic stroke, 34620
nervous system processes & mental efficiency & school maturity, psychophysiological school readiness, 4–7 yr olds, 22537
percutaneous electrical nerve stimulation vs opioid analgesics, ECT induced migrainelike headaches, 34–57 yr olds with depression, 35083

Nervous System [See Also Central Nervous System, Ganglia, Nerve Tissues, Neurons, Peripheral Nervous System, Receptive Fields]—Books

Oscillations in neural systems, 36473

Nervous System [See Also Central Nervous System, Ganglia, Nerve Tissues, Neurons, Peripheral Nervous System, Receptive Fields]—Chapters

Immature visual cortex lesions: Global rewiring, neural adaptations, and behavioral sparing, 36478
Role of intrinsic circuitry in motor cortex plasticity, 36476
Vision fin de siècle: A reductionistic explanation of perception for the 21st century?, 188

Nervous System Disorders [See Also Autonomic Nervous System Disorders, Central Nervous System Disorders, Convulsions, Hyperkinesis, Movement Disorders, Nervous System Neoplasms, Neuromuscular Disorders, Peripheral Nerve Disorders, Sclerosis (Nervous System)]—Serials

ABT-594 vs morphine, tactile allodynia & mechanical hyperalgesia in Chung & diabetic neuropathy models, male rats, 4101
adaptation strategies & psychological well being & difficulties with activities of daily living, working age vs elderly adults with low vision vs neurological disabilities, 31066
adaptive strategy & retention capacity, spatial & temporal learning & retention, deafferated 47-yr-old female , 24798
alpha 1 & 2 adrenergic receptor blockers, sympathetic dependency of neuropathic pain behavior & ectopic discharges, male rats, animal model of segmental spinal injury, 20321
assessment factors in screening for medical & neurodevelopmental disorders, professional counselors, 29406
attitudes toward & knowledge of & treatment behavior in end of life care, neuro-oncologists vs amyotrphic lateral sclerosis specialists vs neurologists, 28588
benfotiamine &/vs vitamins B6 & B12, 30–70 yr old outpatients with severe symptoms of alcoholic polyneuropathy, 9256
changes in quality of life after rehabilitation, patients with progressive neurological disorders, 37896
chronic systemic physical & neurological disorders, disability & depressive symptoms & life satisfaction as indicators of life quality, 75+ yr olds, erratum, 27461
clinical features & autopsy examination, male with linear naevus sebaceus syndrome (aged 32 yrs at time of death), 5248
clinical overlap & use of methylation chromosome analysis for differential diagnosis of Rett vs Angelman syndrome, female 4–35 yr olds with Rett syndrome, 5203
computational model of selective deficits in first & second order motion processing, neurological patients, 11880
correlation of neurobehavioral development & MRI data, 1.2–17 yr olds with Joubert syndrome, 5346
cortical neuronal involvement, 15–38 yr olds with hyperekplexia, 5308
cortical vs peripheral silent period during leg muscle contraction, adults with primary restless leg syndrome, implications for etiological role of human biological rhythms, 37831
corticospinal conduction to abductor digit minimi muscles, 17–90 yr olds with possible corticospinal dysfunction, 18394
description & features of psychomotor desadaptation syndrome, elderly, 27484
diagnostic nerve block vs placebo, hypesthesia & pain, 21–77 yr old chronic pain patients with vs without neuropathy, 5783
diagnostic process & psychiatric symptomatology in Kleine-Levin syndrome, 11921
effectiveness of 5 prediction methods for estimating premorbid intellectual functioning, male patients referred for neuropsychological evaluation, 18342
efficacy & safety of gabapentin, painful neuropathy, patients with diabetes mellitus, 9008
efficacy & side effects & other aspects of clinical experience with oral ketamine, 29–81 yr olds with chronic neuropathic pain, retrospective study, 25306
exacerbation of epileptic seizures by carbamazepine, individuals with epilepsy & delayed psychomotor development & EEG paroxysmal abnormalities (mean age 10 yrs 4 mo), 3 yr 7 mo followup, 8928
exposure to 2,3,7,8-polychlorinated dioxins & furans, risk of sensory neuropathy, 24–81 yr old dioxin-exposed workers with vs without chloracne, 29168
familial leukodystrophy & adult onset dementia & abnormal glycolipid storage indicative of new lysosomal disease, 37 & 38 yr old brother & sister with early onset dementia, 5405
identification of probable domestic abuse injuries, patients with neurologic disorders, implications for practice, 31771
levels of transforming growth factor alpha in CSF, 15–82 yr old patients with various neurological symptoms, implications for pathophysiology of neurological diseases & brain development, 21611
magnetic resonance imaging & cognitive deficits, 46–52-yr-old siblings with heriditary sensory neuropathy & deafness & dementia, 31243
magnetic resonance spectroscopy for investigation & management of neurological disorders, 34673
misdiagnosis of neurological conversion as progressive neurological deterioration in childhood, 34558
missed diagnosis of Wilson's disease, male patient with psychiatric symptoms since age 13 yrs , 31070
mock vs real influenza vaccine injections, biobehavioral responses to acute pain, adolescents (mean age 15 yrs) with significant neurologic impairment, test of heart rate vs facial expression measures, 37898
model of keyboard configuration requirements, individuals with motor disability, 18434
multiple neuropsychological abnormalities without radiological changes following brain irradiation, 56 yr old male, 34676
NMDA agonists & antagonists, implications for pathophysiolgy & treatment of neuropsychiatric disorders, 34039
object naming, adult Os vs patients with neuropsychological impairments, 34646
olfactory dysfunction, patients with Guamanian amyotrophic lateral sclerosis vs pure parkinsonism vs pure dementia vs combined parkinsonism-dementia complex, 8599
oral & pharyngeal motor problems, respiratory tract infections due to gastroesophageal reflux &/vs direct aspiration, 7 mo–16 yr olds with severe neurodisability, 24833
outcome of bilateral periventricular nodular heterotopia, monozygotic twins with megalencephaly, 34648
performance & test anxiety, Wechsler Memory Scale—Revised Logical Memory I Story A vs B, male neurological & psychiatric patients (mean age 50.2 yrs), 32677
pharmacological treatment trials for psychosis & depression & anxiety-agitation in adult & geriatric patients with underlying neurological diseases, 1966–1998, 21599
phonological working memory & speech discrimination, 8–15 yr olds with ADHD with vs without developmental coordination disorder, 24595
preferences for & actual treatment choices, 29–87 yr old patients with amyotrophic lateral sclerosis, 28116
prevalence of domestic violence & relationship to diagnosis, 14–84 yr old female outpatients with chronic neurologic disorders, 31212
promotion of functional vision use & connections between sensory & motor systems, children with visual & motor impairment, 24680
psychiatric syndromes & neurological disease & evaluation & psychopharmacology, elderly patients, implications for neurologists, 4882
psychophysical thresholds for visual acuity & discrimination of moving objects, 20–58 yr olds with neurological disorders & related smooth pursuit disorders, 34636
recurrent & continuous forms of motor perseverations in motor intentional disorders & association with frontal lesions, 5301
relationship between adult-onset adrenoleukodystrophy & psychiatric symptomatology, 31-yr-old male with tardive dyskinesia & treatment-resistant psychosis, 31231
reliability & validity of neurologic exam abnormalities in psychiatric patients with or without neurologic disorders, 103
reliability & validity of the Short Orientation-Memory-Concentration Test, 17–63 yr old rehabilitation patients with various neurological diseases, 21615
reliability & validity of Warrington Recognition Memory Test for Faces, 35–81 yr old outpatients with neurological disorders, 32688
repetitive transcranial magnetic stimulation to motor cortex, accuracy & timing errors in performance of piano finger sequences of varying complexity, healthy 21–64 yr olds & 44–53 yr old patients, 5345
residual physical outcome & daily living 3–6 yrs after diagnosis, patients with Guillain-Barre syndrome , 27460
response to neuroleptic treatment & clinical course, patients with neurological disorder & Psychosis due to General Medical Condition, 4 yr study, 1928
rhabdomyolysis & polyneuropathy in lithium intoxication & coma, 61 yr old female with manic depression with 11 yrs drug therapy, 21957

risk factors & major age-associated neurologic & non-neurologic diseases, mortality, 65–84 yr olds, Italy, 2-yr followup, 14888
role of mitochondrial mutations & oxidative pathology & protective nuclear responses & cell death in neurodegeneration & diseases, implications for treatment, 13526
rotation of Ray & Taylor Complex Figures & performance parameters & anatomical correlates, 12–67 yr old patients with neuropsychological disorders, 6654
screening of yes-no auditory comprehension measurement, patients with neurodisabilities, 14996
seizure disorders, inattention & learning processes , 2000
short vs long term memory tasks requiring automatic vs retrieval & organizational processes, cerebral blood flow & brain activation, HIV plus males with vs without minor cognitive motor disorder, 21507
site of nerve damage responsible for motor dysfunction, patients with schizophrenia, 14558
special characteristics of neuropsychiatric disorders & evolution of neuropsychiatric epistemology, 31207
spinalization, nocifensive spinal reflex responses to heat or mechanical or noxious cold stimuli, male rats with vs without neuropathy vs carrageenan induced hindpaw inflammation, 3868
tau protein pathology in neurodegenerative diseases, 1958
thermal vs thermal pain vs vibratory thresholds in hands vs feet, patients with Charcot-Marie-Tooth disease with demyelinating vs axonal form (mean age 46.7 yrs), 24693
treatment & symptoms & differential & clinical diagnosis, 13 yr old female with neurologic disorder, 8620
use of analgesics & other drugs in management of diabetic neuropathic pain, 38419
utility of neuropsychological assessment, prediction of driving competency, patients with neurological injuries (mean age 46.75 yrs), 32682
Nervous System Disorders [See Also Autonomic Nervous System Disorders, Central Nervous System Disorders, Convulsions, Hyperkinesis, Movement Disorders, Nervous System Neoplasms, Neuromuscular Disorders, Peripheral Nerve Disorders, Sclerosis (Nervous System)]—Books
Clinical neuropsychology: A pocket handbook for assessment, 2107
Handbook of neurodevelopmental and genetic disorders in children, 31086
INS dictionary of neuropsychology, 10470
Neurodevelopmental disorders, 30956
Nervous System Disorders [See Also Autonomic Nervous System Disorders, Central Nervous System Disorders, Convulsions, Hyperkinesis, Movement Disorders, Nervous System Neoplasms, Neuromuscular Disorders, Peripheral Nerve Disorders, Sclerosis (Nervous System)]—Chapters
Indices of attachment disorganization among toddlers with neurological and non-neurological problems, 37785
Integrative developmental neuropsychology: A general systems and social-ecological approach to the neuropsychology of children with neurogenetic disorders, 31358
The interaction of otholith and proprioceptive information in the perception of verticality: The effects of labyrinthine and CNS disease, 24862
Neurobehavioral disorders and medical genetics: An overview, 31349
Neuroimaging and the frontal lobes: Insights from the study of neurodegenerative diseases, 8690
Neuropsychiatry of sexual deviations, 24487
Nervous System Neoplasms [See Also Brain Neoplasms]—Serials
leisure options, frequency of spontaneous communication & communication development, 4 yr old male with neurofibromatosis & multiple other disabilities, 11779
Nervous System Plasticity [See Neural Plasticity]
Nervousness—Serials
paroxetine & fluoxetine, antidepressant & anxiolytic efficacy & nervousness & anxiety, patients (mean age 40.9 yrs) with moderate to severe depression, 12 wk study, 28410
Nest Building—Serials
aggression levels & disturbances, nest box vs pen corner nesting site selection, commercial laying hens, 20006
asynchrony of return & sex ratio & absence of nest site & mate choice & breeding experience in previous year as consequences or determinants of divorce, King &/vs Emperor penguins, 19969
conspecific attraction & habitat characteristics & prey abundance, nest-site location, female chickadees, 33144
conspecific attraction & nest choice, female budgerigars, 29705
food availability & nesting density & nesting substrate & nest site selection & reproductive success, Heermann's Gull, 20039
individual differences in den maintenance effort at communal setts, Eurasian badgers, 10362
influence of oxygen stress on female choice for male nest structure, common gobies, 10327
innate attraction & nest site selection in tropical arboreal mosaics, dominant ant species, 16794
nest site characteristics & experience gained via helping at nests of conspecifics, reproductive success & nest site selection, cooperatively breeding Long tailed Tits, 19988
nest site decision making & communication, honey bee swarms vs individuals, 10285
nest site, kleptoparasitism by black-headed gulls, Sandwich tern chicks, 20033
nesting in association with hobby falcons, woodpigeons, 10302
offensive aggression & thermoregulatory nest-building & behavior in Light–Dark choice test, C57BL/6J inbred mice differing by spontaneous single-gene mutation, male mice, 7003
perceived threat in male–male competition & nest preferences, male upland bully fish, 3708
sand vs concrete & straw vs no straw, timing & quantity of nest building & farrowing, domestic sows, 16870
tree hardness, nest-tree selection, Williamson's vs Red-naped Sapsucker vs Downy vs Hairy Woodpecker, 33148
Netherlands—Serials
annual mileage & driving violations & accident involvement, disaggregated driver population data, Netherlands , 29231
conservatism of religious climate & geographical distribution & late life depression symptoms, 55–85 yr olds, Netherlands, 27581
exposure to prenatal famine, patients with schizophrenia, Netherlands, 4944
gender-cohort vs situational-structural vs gender-interaction models, political alignments & cultural orientation, women vs men, Netherlands, 22 yr study, 27221
injection-related risk behaviors in regards to HIV transmission, Netherlands, 28085
internal structure & construct validity & correlation with health & personality variables of Satisfaction With Life Scale, global life satisfaction, 18 & 22 & 26 yr olds, Netherlands, 14292
lifetime & 12 mo & 1 mo prevalence of psychiatric disorders as assessed in Netherlands Mental Health Survey & Incidence Study, 18–64 yr olds, 8042
paradoxical development of intelligence testing, Netherlands, 18
prenatal exposure to maternal nutritional deficiency, increased risk for antisocial personality disorder, Dutch men born in Holland's larger cities, 1944–46, 30799
prevalence of loneliness & social integration, 61–95 yr olds, Netherlands vs Italy, 7824
psychometric properties of Golombok Rust Inventory of Sexual Satisfaction, heterosexual couples, Netherlands, 9802
representation & processes in production of pronouns in number & grammatical gender agreement, college students, Netherlands, 26908
review of research on intelligence & personality & cognitive test bias against immigrant children and job applicants in the Netherlands from 1984 to 1999, 26087
role of different linguistic levels in identification of language varieties, 21–48 yr old speakers & 18–36 yr old listeners, UK & Netherlands, 10078
Netherlands—Chapters
Attaining functional biliteracy in the Netherlands, 6192
Integrating care, cure, and control: The drug treatment system in the Netherlands, 5946
Intercultural education: Approaches in the Netherlands, 2891
Networks (Social) [See Social Networks]
Neural Development—Serials
(−)deprenyl, hippocampal neuronal survival after kainic acid insult & locomotor activity, male rats, animal model of neuronal death, implications for treatment of neurodegenerative diseases, 13737
ACTH, oral stereotypies & open field behavior & adrenocortical responses, 4–7 mo old calves housed in long-term tethering, 1 yr follow up, 3900
age-sensitive EEG and P300 studies as markers of behaviorally relevant brain maturational asymmetries, children (mean age 9–12 yrs) with behavior or academic or medical nonneurological problems, 11288
application of artificial neural network algorithms & connectionist models of modification & elaboration of neural circuitry to developmental neurobiology research, 6470
binge treatment with ethanol vapor, hippocampal & cerebellar ornithine decarboxylase activity & blood alcohol level & alcohol induced microencephaly, early postnatal rats, 649
biological role of stress response in neural connectivity & adaptive self-organization & relation between stress & brain development during early childhood, 4432
boma disease virus infection during different brain developmental stages, pathological & clinical disease sequelae, rats, 16944
brain-derived & glial cell line-derived neurotrophic factors, neurotoxic effects of ethanol on embryonic spinal cord motoneurons, chicks, 10545
c-fos assessment of long-term changes in neuronal properties associated with imprinting, chick brain regions, 7019
categorization of spontaneous firing mode for area 5 neurons that fire before movement & neural latency response & RT, trained deafferented monkeys, 33190
cerebral blood flow during rest vs listening to sentences vs sentence repetition, language organization, patients with left-hemisphere lesions developed early vs later in age, 21588
cerebro-craniofacial dysmorphogenesis & neurodevelopmental perspective on course of schizophrenia development, 27713
Cerebrolysin, neurodegenerative & water maze performance deficits, apolipoprotein E deficient mice, implications for treatment of neurodegenerative disorders, 13780
cerebrospinal fluid & family psychiatric history & monoamine metabolites & temperament, infants, implications of risk for psychiatric disorders, 14439
clinical definitions & correlates & neurodevelopmental deficits in ADHD with anxiety, 1420
composition & management & processes in multidisciplinary child development treatment teams, children with neurodevelopmental disability & their parents, 15486
computer simulation of speech perception neural network, model of synaptic elimination & neuronal cell death & mechanism for development of hallucinations in schizophrenia, commentary , 21134
computer simulation of speech perception neural network, model of synaptic elimination & neuronal cell death & mechanism for development of hallucinations in schizophrenia, reply, 21139
correlation of neurobehavioral development & MRI data, 1.2–17 yr olds with Joubert syndrome, 5346
critical period for susceptibility to monocular deprivation in primary visual cortex, ferret, 29812
delayed neuronal loss induced by icv kainic acid, preweanling rats, 10628
development of dopamine D1 receptors in caudate & putamen, 9 wk–49 yr olds, 36708
development of handedness in line bisection, 5–6 vs 20–45 vs 60–94 yr olds, 20492
development of in vitro functionally mature mouse spinal cord preparation, 10422
development of luminance & chromatic temporal contrast sensitivity function, 3–4 mo olds vs adults, 33612
development of serotonergic modulation of synaptic transmission from tail sensory neurons, juvenile Aplysia, 10458
development of spinal cord 5-HT system & swimming movements, newborn rats with prenatal lowered CNS serotonin, 3889
developmental patterns of brain polyamine-stress-response in neuronal changes & development, rat pups, 3995
diffuse weighted MRI, detection of long term changes in cerebral connections & neural development & evaluation of diseases that affect white & gray matter, 34674
disturbances in neurodevelopmental processes in schizophrenia , 34142
ethanol during lactation, milk production & growth & brain development of offspring, rats, 23590
ethanol toxicity & growth factor-mediated neural proliferation & relevance to fetal alcohol syndrome, 4203
expression of gonadal hormones & sexual dimorphism in cerebral cortex, finches, 483
expression of receptor tyrosine kinase RYK in developing rat CNS , 20107
fluoxetine, development of central serotonergic & noradrenergic systems, male rats, implications for understanding long-term effects in children treated with serotonin reuptake inhibitors, 20386
fluoxetine, development of central serotonergic & noradrenergic systems, male rats, implications for understanding long-term effects in children treated with serotonin reuptake inhibitors, comment, 20284
gender- & age-dependent differences in latent inhibition after pre-weaning non-handling, rats, implications for neurodevelopmental animal model of schizophrenia, 3912
genetic & molecular evolution of development & early hindbrain pattern formation, bilateral animals, 438
glucose, memory for passive avoidance conditioning, preweanling male rats, 26773
homeobox gene Lhx5, hippocampal development, mice, 20164
in utero exposure to amiadarone, neurodevelopment, 24–33 yr old mothers & children aged 13.6 mo to 12.0 yrs, retrospective study, 23542
incremental improvement of dichotic left ear accuracy & toe gnosis, 7–14 yr olds, implications for maturation of portion of corpus callosum & sense of self, 36756

influenza & maternal stress, prenatal neurodevelopment & risk for adult schizophrenia & other mental disorders, 34194
inhibition of nitric oxide with L-nitroarginine during development, locomotor activity & startle reflex & hypersensitivity to amphetamine & PCP, 3–70-day-old rats, sex-related schizophrenia model, 36531
inhibition of presenilin 1 vs 2 gene expression, neuronal development & differentiation & apoptotic cell death in human teratocarcinoma cell line, implications for familial Alzheimer's disease, 10382
intrauterine growth restriction, neurodevelopmental outcome, preterm infants (gestational age 26–33 wks at birth), 3 yr follow up, 5240
lamivudine administered from gestation day 10 to delivery, somatic & neurobehavioral development, preweaned mice, animal model of effects of lamivudine in prevention of maternal HIV transmission, 33373
lateral magnocellular nucleus of the anterior neostriatum circuitry changes & axonal topographic development during vocal learning sensitive period, juvenile vs adult male zebra finches, 26603
limitation of sensory input through partial limb denervation, somatosensory cortex neuron reactivity during ontogenesis, baby rats, 20188
lithium & pilocarpine administration & development & long term consequences in status epilepticus-induced neuronal injury, rat pups, 741
living environment, hippocampus neurogenesis, female C57BL/6 mice, 36426
M. McGraw's neurobehavioral development theories & impact on developmental psychology, 7391
M. McGraw's neurobehavioral theory of brain contribution in infant behavioral development, 7390
magnetic resonance imaging measures, intracranial volume & ventricular & sulcal enlargement, 10–18 yr old schizophrenic vs bipolar vs healthy patients, commentary, 29405
magnetic resonance imaging measures, intracranial volume & ventricular & sulcal enlargement, 10–18 yr old schizophrenic vs bipolar vs healthy patients, 26198
magnetic resonance imaging of age-related differences in structural maturation of neural pathways, 4–17 yr olds, 13899
MDMA, 5-HT deficits & factors that influence recovery of injured 5-HT axons, squirrel monkeys, 7 yr study, 23513
mental processing & motor abilities & neurodevelopmental outcomes, HIV Type 1-infected infants of non-drug-using mothers, 2-yr prospective study, 11833
MK-801, dendritic pruning & behavioral recovery after sensorimotor cortex lesions, rats, 7067
monoclonal antibody, neural growth protein on defensive behavior, adult rats, 13816
morphological correlate for & disturbances of cerebral corticogensis as evidence for maldevelopmental hypothesis of schizophrenic psychoses, 30724
motor learning & memory & motor cortex neuronal density, 22–31 vs 62–71 day old male rats, 13568
neonatal icv 192 IgG-saporin, neural development & hippocampal ingrowth & maze behavior at 21 vs 45 vs 90 days, male vs female rats, animal model of Rett syndrome, 20146
neural network approach to unspecific long-term potentiation in correlation-based learning & in formation of visual cortical functional organization, humans & mammals, 3920
neuroanatomy & morphology of hippocampal formation & spatial memory role & comparison to mammal hippocampus, songbirds, 13595
neurobiology of brain maturational deviations, onset of schizophrenia, adolescents, 34166
neurodegenerative & neurodevelopmental mechanisms involved in pathogenesis & clinical course of schizophrenia , 24273
neurodevelopment & developmental psychopathology, attention deficit & impulsiveness, 34444
neurodevelopmental abnormalities in mental retardation, 14869
neuropsychological & executive functioning, 17–21 mo olds exposed to cocaine in utero, 20495
neurotoxic effects of neonatal administration of phenytoin on postnatal brain development, newborn mice, implications for human development, 13744
neurotoxicological effects of low-level lead exposure within CNS, children & animals, 5335
odor exposure & stress inhibition in granule neuron proliferation of dentate gyrus during postnatal period, neural development, rat pups, 3926
onset & rate & sequence of events in vertebrate neurogenesis, 464
paired-pulse stimulation during quiet waking vs slow-wave sleep vs REM sleep vigilance states, dentate granule cell modulation, male rats at 15 vs 30 vs 90 days old, 20077
passive avoidance training model in determination of cellular correlates of stages of memory formation, 1-day-old chicks, 13584
pediatric psychopharmacology & interaction between drugs & developing brain, 5605
phenomenological symptoms & assessment of neuropsychological & developmental cognitive dysfunctions, model for neurodevelopment of autism, 34632
physical & reflex development & motor function & activity & sensory function & learning & memory, rats exposed to toluene from day 7 of pregnancy to day 18 postnatally, 33415
ponto-geniculo-occipital-wave suppression, amplification of lateral geniculate nucleus cell-size changes , monocularly deprived kittens, 20145
postnatal development of tyrosine hydroxylase & dopamine transporter immunoreactive axons in rostral entorhinal cortex, 2 day to 18+ yr old rhesus monkeys, 3839
postnatal dexamethasone exposure, CNS development, rats, 13726
postnatal growth & 2-dimensional shape of visual cortex area V1, adult & neonate monkeys vs cats vs rats, 863
potential role of serotonin in regulation of hippocampal neurogenesis & functional significance of adult-generated hippocampal neurons, 26542
prediction of neurodevelopmental outcome using cerebral proton magnetic resonance spectroscopy & structured neonatal neurological assessment, infants with presumed hypoxic-ischaemic brain injury, 1 yr followup, 34604
prenatal exposure to amphetamine, development of central noradrenergic system, adult rats, 17074
prenatal exposure to methylmercury & selenium deficiency, neurobehavioral functions, mice neonates, 13833
prenatal exposure to toluene, postnatal development & behavior, rats, 23518
prenatal polychlorinated biphenyl congeners, brain & perirenal fat exposure levels & open field & maze behavior & passive avoidance & haloperidol induced catalepsy, rats, 20297
prenatal psychological stress, birth weight & neurobehavioral maturation, infant rhesus monkeys, 16947
prenatal stress, glucocorticoid secretion & hippocampal development in postnatal period, 3924
prenatal X-irradiation, hippocampal development, 6 wk old rats, 16931
prenatal zidovudine exposure, neurobehavioral development, mice, 13702
progesterone, avoidance learning & neuronal death following ablation of prefrontal cortex, rats, 7162
repetitive pain during neonatal period with increased brain plasticity, development of pain system & pain thresholds & defensive behavior & alcohol preference & social discrimination, adult rats, 23446
role of corticotropin releasing factor system as mediator in development of stress response & major depression & PTSD, rodents & nonhuman primates & humans , 33408
role of neural cell adhesion molecule gene expression in memory formation in passive avoidance, 1-day-old chicks, 20122
Schwann cells & precursors & regulation of survival & differentiation of other cells in early nerves, birds & rodents, 33218
selectivity of response for conspecific songs in anterior forebrain neurons, 30 vs 60 day old zebra finches, erratum, 10455
substance P & other neurokinins in CNS development & neurodegenerative or psychiatric disorders, 506
synaptic plasticity of acetylcholine & glutamate in activation at nicotinic & NMDA receptors in sensory neocortex during early postnatal life, rats, 450
temperament at 24 mo & neurodevelopment & behavior, preterm vs full term children, 4407
trends in neurodevelopmental hypothesis of schizophrenia, 24244
unitary pathogenetic hypothesis as schizophrenia as progressive developmental disorder, 8161
use of metrics in brain imaging studies of cognitive processes & example from single cell studies & study on shaping of brain by early exposure to native language, 562

Neural Development—Books

Alcohol and alcoholism: Effects on brain and development, 14766
The developing mind: Toward a neurobiology of interpersonal experience, 20449
Handbook of neurodevelopmental and genetic disorders in children, 31086
Sex and cognition, 23120
What's going on in there?: How the brain and mind develop in the first five years of life, 30143

Neural Development—Chapters

Alcohol-induced brain damage during development: Potential risk factors, 13844
Biological and behavioral heterogeneity in autism: Roles of pleiotropy and epigenesis, 37656
Developmental neuroscience, 17212
Evolution and phylogenetic history of the frontal lobes, 7099
Frontal lobe development in childhood, 7483
Mechanisms of brain development: Neuronal sculpting by the physical and social environment, 26961
Modification of alcohol-related neurodevelopmental disorders: In vitro and in vivo studies of neuroplasticity, 15115
Neurodevelopmental origins of schizophrenia, 1629
Prenatal exposure to alcohol: Effects on brain structure and neuropsychological functioning, 14787
Representation: Picture or process?, 10805
Schizophrenia: Evidence for a ''cascade'' process with neurodevelopmental origins, 24317
Temporal windows of vulnerability within the third trimester equivalent: Why ''knowing when'' matters, 15052

Neural Lesions—Serials

basolateral vs central amygdaloid lesions, conditioned taste aversion & damage to fibers of passage, male rats, 16933
categorization of spontaneous firing mode for area 5 neurons that fire before movement & neural latency response & RT, trained deafferented monkeys, 33190
changes in substance P & calcitonin gene-related peptide binding in dorsal horn of spinal cord after sciatic nerve poisoning with pronase, rats, implications for sensory processing in neuropathic pain, 16918
chorda tympani nerve transection vs amiloride added to KCl concentrations & water, KCl taste detection threshold, rats , 10375
noradrenergic & serotoninergic drugs, recovery of locomotion, cats with ventral & ventrolateral spinal lesions , 20267
recovery from MK-801-induced spatial learning impairment & neuronal injury in posterior cingulate/retrosplenial cortex at 5 vs 12 hrs, male mice, 10548
regulation of delta-amino-3-hydroxy-5-methyl-isoxazole-4-propionate receptors in dorsal horn following pronase-induced deafferentation, male rats, 16917
use of microdialysis to compare effects of chemical lesioning on neurotransmitter release, male rats, animal model of neurodeterioration in Huntington's disease, 33473

Neural Networks—Serials

algorithm for neuronal learning of non-linear input–output function to extract invariance from vectorial input sequence, 32512
algorithm for relative perceptual saliencies of features of 3-dimensional object by using goodness-of-view & perceptual similarities among object views, 35797
algorithm of distributed ARTMAP neural network for fast distributed supervised learning, 6452
analysis of integrate-and-fire model of neurons, 26022
application of artificial neural network algorithms & connectionist models of modification & elaboration of neural circuitry to developmental neurobiology research, 6470
artificial neural network model, analysis of urban intersection collisions, 35772
artificial neural network modeling, lifestyle interference attributed to headache by psychological correlates of depression & anger & coping strategies, Ss with chronic tension headache, 26023
artificial neural network vs discriminant function analysis in modeling career counseling decisions on basis of aptitude test scores of 9th graders, 12784
attractor network model of role of dopamine in working memory & prefrontal cortex neurons, 22766
autonomy in autopoiesis of living systems in theory of living organization, implications for neural networks, 35801
benefits of bi-coded recursive auto-associative memory connectionist model for representations of symbolic structures, 19492
bidirectional associative memory neural network system explanation of posttraumatic stress disorder, 34232
binaural sub-band adaptive speech enhancement via artificial neural networks, 6461
blackboard architecture for computational model of auditory scene analysis, 22768
Boundary Contour System model simulation of spatial frequency involvement in visual persistence, 19501
cascade-correlation generative connectionist network model for development of children's seriation, 32497
cerebellar adaptive control of biomimetic manipulator in neural network dynamic learning model, 32508
classification architecture based on autoassociative neural networks used to learn discriminant models, 3214
competitive & 2-dimensional neural network classification of killer whale vocalizations, 6811
complexity issues in natural gradient descent method for training multilayer perceptrons, 3216
computation of upper & lower bounds on VC dimension & pseudodimension of feedforward neural networks, application to learning, 3209

computational analysis of plasticity at mossy fiber synapses in cerebellar nucleus, learning & memory storage in conditioning of eyelid responses, 32499
computational model of cochlear neuronal stimulation & formation & variability of tonotopic maps in auditory cortex, 32484
computational model of digit-lesion-induced topographic reorganization in somatosensory cortex, 32498
computational neural network model of dopaminergic striatal circuitry in attentional learning by reinforcement, 32506
computational neural network model of spatio-temporal spiking patterns & odor recognition by computer-simulated olfactory bulb in artificial chemosensing system, 32510
computer simulation of speech perception neural network, model of synaptic elimination & neuronal cell death & mechanism for development of hallucinations in schizophrenia, commentary , 21134
computer simulation of speech perception neural network, model of synaptic elimination & neuronal cell death & mechanism for development of hallucinations in schizophrenia, reply, 21139
connectionist model of human performance in processing recursive language structures, 32482
construction of designer generalized Brain-State-in-a-Box neural networks representing associative memories with interconnecting weights & self-feedback in all neurons, 6454
correction to proof of recurrent neural networks of regular language recognition, 6453
cortical gamma oscillations & threshold modulation as support for associative memory processes in 2-compartment neural model, 29870
creation & evaluation of self organizational map for classification of normal & dysphonic female voices before & after treatment, 18210
dentate gyrus–hilus system as latent-attractor neural network in computational connectionist model of spatial context-dependent place representation, 32485
design of dynamic & symmetrical auto-associative neuronal networks based on structured sets of neurons that exhibit associative memory, 6471
development of Form-And-Color-And-Depth vision model of binocular brightness perception, 39053
developmental approach & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6456
discrete wavelet transforms vs principal components analysis for representation of event related potentials in linear regression & neural network models predicting signal detection performance, adults, 13629
dopamine delivery at target structures & direct learning & decision-making, Ss & network based on predictive model of mesencephalic dopamine systems, 3210
efficiency of neural network for pattern & plankton & face recognition, 22765
elastic net neural network approach to problem of generating stochastically different Halstead-Reitan Trail Making Test forms, 6478
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6462
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary reply, 6476
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6458
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6466
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6460
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, 6477
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6459
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6474
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6472
explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6464
facilitation arising from opposite-sign flanking Gabor patterns & transducer model of masking & facilitation, adults, 16516
feed-forward neural networks, learning color-appearance models, 39052
fully recurrent network models of lexical knowledge, semantic priming of word naming, 19497
fully recurrent network models of lexical knowledge, semantic priming of word naming, commentary, 19504
fully recurrent network models of lexical knowledge, semantic priming of word naming, commentary reply, 19498
gamma oscillation & auditory cortical architecture in computational neural network model of EEG- & ERP-assessed auditory attention & discrimination, 32479
generalization & performance on runs of learning problems, selection of automatic stopping criteria to avoid overfitting during neural network training, 6469
global learning algorithm for radial-basis function neural network, 22771
gradient descent learning theorem for neural networks defined by stochastic differential equations, 6465
Hebbian model for developing topographic projections & ocular dominance maps of lateral competition in primary visual cortex , 32503
human thinking & consciousness incapabilities in computers, 19506
hyperacute detection of binaural input sound arrival-time disparity in neural model of nucleus laminaris, barn owls, 29811
implicit learning in 3D object & face recognition & temporal context, model, 19494
incorporation of path-integrator capability into combined Taxon-Affordances Model & World Graph model of hippocampus-based spatial navigation, rats, 32491
issues in algebraic learning & neural network models for transitive & nontransitive responding, 3598
lateralization & functional inhibition by corpus callosum in bihemispheric neural network model of letter identification, 32507
learning paradigm for networks of integrate-and-fire spiking neurons based on information-theoretic criterion, 26025
linear neural network model of nemotode-like chemotaxis control circuit, 32486
locally linear model of receptive field-based learning system for incremental function approximation, 3213
memory decay process in gap timing in neural network Spectral Timing Model & Scalar Expectancy Theory, animals, 16760
microgenic approach & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6451
model for dynamic stochastic synapses, 26031
model of memory trace mechanism for view-invariant object recognition in recurrent neural networks, 6467
model of neural recoding in spatial & pattern vision, humans, 13573
model of parallel neural networks, learning sequential procedures, monkeys & humans , 36420
model of prediction-driven approach to computational auditory scene analysis & application to speech/nonspeech mixtures, 22767
model of selective voice hallucinations based on neural network computer simulation, schizophrenia spectrum disorder patients reporting hallucinated voices vs not reporting voices vs normal patients, 14554
model- & scale-independent performance of hippocampal CA3 network architecture & neuromodulatory analogs of memory function, neuropathological implications, 32500
modeling of synchronization & desynchronization mechanisms of perceptual grouping mediation in striate cortical networks, 32514
morphological regularity, orthographic-semantic (spelling-meaning) mapping & training & behavior of connectionist neural networks, 32504
multiple monotonic neural network perception based spike detection & clustering algorithms vs human expert perception based marking, 6 mo to 66 yr olds with epilepsy, 24858
network model of cellular mechanisms of gamma to beta frequency shift in neuronal oscillations induced in hippocampal slices by tetanic stimulation, rats, 10490
network model of retinotopic coding & neural grouping in tilt illusion, 32505
network model of sequence processing & short-term information storage by cortico-basal ganglia-thalamic neural circuitry, 32487
neural control system with backpropagation through time & feedback & feedforward systems, linear & nonlinear learning process in musculoskeletal model of human arm, 6475
neural dynamics underlying frequency change detection & generation of mismatch negativity in auditory cortex via mathematical modeling, adults, 26032
neural model of 1st- & 2nd-order motion perception & magnocellular dynamics, monkeys with lesions of parvocellular layers, 22764
neural model of foraging-insect landmark navigation, bees, 32501
neural network algorithm of category learning through visual & auditory speech sensing, 6457
neural network analysis of potential & actual proprioceptive load of cutaneous mechanoreceptors during facial movements in speech, 7287
neural network approach to effect of dopamine receptor agonists amphetamine & nicotine & antagonists haloperidol and alpha-flupenthixol on latent inhibition, 9720
neural network determination of reproducible EEG patterns during spatial & logic task solving, males, 3975
neural network model for early sensorimotor development, implications for treatment of motor disorders, 22770
neural network model of activity of short- & long-term information processing by dopamine & prefrontal cortex within cortico-striatal circuits during reward-related approach learning, 32483
neural network model of contour detection & motion lines behind moving stimuli & motion perception, adults, 6769
neural network model of perceptual interaction of terminators & occlusion cues & motion integration & segmentation, 35799
neural network model of timing in Pavlovian conditioning & occasion setting , 16749
neural network modeling of developmental effects in discriminiation shifts, 9721
neural network of auditory function of Mauthner system for fast-start escape responses in brain stem circuit of teleost fish, 26027
neural network of coupled oscillators that produces & perceives music & speech patterns of pulses that conform to particular meters, 32488
neural network of oscillations of inhibitory & excitatory visual cortex cells, 32502
neural network paradigms for study of voluntary employee turnover, hospital employees (mean age 32.9 yrs), 22625
neural network probability density methods for smooth function approximation & learning in populations of tuned spiking neurons, 6473
neural networks with large receptive field input arrays, simultaneous simulation of categorical & coordinate spatial relation processing, 19493
neural optimization model of Compton-scattering spectral data in image reconstruction, 6479
neural structures, meditation vs resting state of normal consciousness, yoga instructors, 13559
NMDA-mediated excitatory gain in biological model of winner-take-all competitive neural network with inhibitory feedback in lateral geniculate nucleus & visual cortex, cats, 32511
non-linear vs linear neural network classification strategy to examine contribution of psychomotor disturbance vs endogeneity symptoms to melancholic vs non-melancholic depression, patients, 1514
non-linear vs linear neural network classification strategy to examine contribution of psychomotor disturbance vs endogeneity symptoms to melancholic vs non-melancholic depression, patients, comment, 1502
nonlinear dendritic processing & object knowledge encoding & storage & retrieval in multimodular associative memory networks , 32493
novel entropy-constrained competitive learning algorithm for neural network training for vector quantization, 26029
object recognition processes of novel objects, expert vs novice adults vs neural network, 3463
odor recognition & segmentation by coupled olfactory bulb & cortical networks, 32495
online gradient descent learning from finite training sets, 3215
parameters self-tuning learning algorithm for multilayer feedforward neural networks, 26035
phase-based synaptic modification & tuning of Purkinje cell parallel-fiber connections in model of cerebellar information storage, 29783
philosophical dissolution & explorations of neural network features to help bridge explanatory gap between phenomenal consciousness & correlated brain activity, commentary, 6468
probability density function for linear optic flow produced by ego-motion in simulated planar environment, 26030
properties of cortical areas for memory storage & processing for neural network model, 35802
protracted nociceptive inputs & cross talk among neural networks & plasticity of pain, 3873
pulse-coupled network model of coherent activation & neuromodulatory regulation & temporal resolution control in perception & working memory, 16256
random neural network model with multiple classes of signals, 26026

randomization of initial network state, transitive inference learning in computational model of hippocampal CA3 region, 32513
real-time model of temporal encoding of fear conditioning in lateral amygdala & perirhinal cortex, rats, 19507
recurrent neural network that involves fuzzy sets & error backpropagation & learns to suggest next move during descent along branches of decision tree, 6450
Reference point logistic classification & pattern recognition, 26028
relating slope of learning rate in learning algorithm to slope of nonlinear activation function for class of recurrent neural networks trained by real time recurrent learning algorithm, 29243
representation & extraction & generalization of abstract algebraic rules & development of neural networks, 7 mo olds, implications for language learning, commentary, 33631
reproduction of spiking statistics of neurons in prefrontal cortex through Ornstein-Uhlenbeck process, monkeys, 26034
resources & states of recurrent neural network in processing of deterministic context free language, 19505
rule extraction architecture & other architectures in formal semantics neural networks model, 19503
self-organizing neural architecture combining perceptual & recognition models to categorize & classify textured scenes, 19502
simple recurrent network, model of cognitive transfer of artificial grammar constructs across different perceptual domains, 19500
simulation of effects of modulatory system on biophysical properties of single cells for context dependent processing at system level, neuromodulation in visual cortical network, 29244
simultaneous self-organization of place & direction selectivity in neural model of self-localization as analog of rat hippocampus, 32492
single neuron rational model of arithmetic & logic operations on their input conductances, 19508
spatial visual attention in asynchronous neural networks, 32509
speech stream segregation as speech enhancement for automatic speech recognition, 22769
statistical simulation & neural networks of natural language acquisition, 35803
synaptic plasticity & lateral connectivity in orientation preference mapping of visual cortex, cats & ferrets, 32490
system model of perception & action hierarchical modules & their connections in computational architecture of primate neocortex, 32481
technique for bilateral activation of neural nets & functional asymmetry of 2 simulated cerebral hemispheres, 19496
training multilayer neural networks using global learning algorithm & least-squares & penalized optimization methods, 26024
traveling activity waves & connected neural elements in excitable membrane model of coherent motion detection & characterization, 32489
use of a neural-network computer program to analyze high school student prose, 2817
use of artificial neural network to quantify patterns of bioacoustic similarity of killer whale calls, 19499
use of neural network analysis for sensitized responses to amphetamine vs apomorphine, male rats, 10605
use of neural network as means of controlling movements of motorized wheelchair, 35796
use of neural networks for determination of accurate diagnostic performance of measurements of retrocochlear pathology, adults with unilateral vestibular schwanomas, 19495
validity of artificial neural network approach in simulations of problem-solving domains, 26086
weak fusion & modified weak fusion & strong model as models of visual cue combination for object depth & object shape perception, 35798
working through in psychoanalysis & transference–countertransference relationship & interpretation in light of neuroscience & neural networks, commentary, 18653

Neural Networks—Books

Conceptual coordination: How the mind orders experience in time, 32933
Improving statistical reasoning: Theoretical models and practical implications, 26421
The mind within the net: Models of learning, thinking, and acting, 16258
Neural networks, 16257
Oscillations in neural systems, 36473

Neural Networks—Chapters

Attention, depth gestalts, and spatially extended chaos in the perception of ambiguous figures, 39057
Attentional network streams of synchronized 40-Hz activity in a cortical architecture of coupled oscillatory associative memories, 39054
Disambiguation and grammar as emergent soft constraints, 16260
The emergence of grammaticality in connectionist networks, 16259
The emergence of phonology from the interplay of speech comprehension and production: A distributed connectionist approach, 16261
Expectancy operation: Cognitive–neural models and architectures, 29617
Foraging search at the edge of chaos, 39051
Higher mental activity and basic physiology: Subjective difference and reaction time, 4088
How is a moving target continiously tracked behind occluding cover?, 6480
Learning and losing syntax: Practice makes perfect and frequency builds fortitude, 3217
Neural nets, temporal composites, and tonality, 203
An oscillatory associative memory analogue architecture, 39056
Oscillatory neural networks: Modeling binding and attention by synchronization of neural activity, 39055
Parietal cortex and hippocampus: From visual affordances to the world graph, 29877
Perceptual framing and cortical synchronization, 39058
The representation of space in the primate hippocampus, and its role in memory, 29889
Separating hippocampal maps, 29888
Temporal segmentation and binding in oscillatory neural systems, 39059

Neural Pathways [See Also Afferent Pathways, Corpus Callosum, Efferent Pathways, Fornix, Limbic System, Optic Tract, Reticular Formation]—Serials

anisotropy & volumes of white & grey matter, 32–64 yr old male veterans with schizophrenia, application of diffusion tensor imaging, 17915
auditory pathways in brainstem & auditory neural tuning to biologically relevant temporal sound patterns, echolocating bats, 23302
binocular depth inversion in 3D object perception & relation to associations between endogenous anandamide/cannabinoid system & schizophrenic psychoses, cannabis intoxicated adults & schizophrenics, 4262
computational model of binding & binding-error detector circuitry & recruitment by long-term potentiation as hippocampal analog of episodic memory formation, 29853
computational model of functional prefrontal cortical circuitry for visuospatial working memory formation, 29863
conditioning-induced changes in cellular responses in mechanosensory conditioned stimulus pathway & motoneuron plasticity, Lymnaea stagnalis, 10457
connectedness detection among neurons in visual system & figure ground segmentation, 3901
corticospinal conduction to abductor digit minimi muscles, 17–90 yr olds with possible corticospinal dysfunction, 18394
defensive & offensive & self-injurious types of aggressive behaviors & underlying neural mechanisms, rhesus monkeys, 23245
dynamic modeling of tecto-isthmo-retinal system & isthmo-optic nucleus as neural substrate for visual competition, Japanese quail, 29867
effective connectivity between cortical areas in human learning, 25–36 yr olds , 13523
electrical & drug activation of brain reward pathways & drug addiction, 4297
electrolytic lesions of caudal granular/dysgranular insular cortex &/vs posterior intralaminar nuclei of thalamus, relay of shock information to amygdala & subsequent fear conditioning, male rats, 10453
enriched vs impoverished environment, stimulant effect of amphetamine & changes in nucleus accumbens of rats, 26736
exception & nonword reading & role of magnocellular vs parvocellular geniculate body in language & visual processing deficits using apparent movement displays, children with developmental dyslexia, 30981
extension of segregation of behavior-specific premotor pathways to level of synaptic targets in pacemaker nucleus gymnotiform electric fish, 480
GABAergic excitatory synapses & electrical coupling in prolonged discharges in prey capture neural network, Clione limacina, 13618
glucocorticoid targeting & aging &/vs dexamethasone infusion, noradrenergic/adenylyl cyclase signaling in cerebellum, 9 wk vs 19 mo old male rats, 3916
harmaline, olivary neurons & olivocerebellar pathway & spatial learning abilities & spatial memory, male rats, 23550
hippocampal & amygdaloid interactions in the nucleus accumbens, 26597
immunohistochemical expression of gustatory nucleotide-gated channel in retinal cone photoreceptor cells, male rats, 23333
information processing & ensemble coding in the nucleus accumbens, implications for schizophrenia & Parkinson's disease, 26628
input organization to the dorsomedial nucleus of hypothalamus via Fluorogold retrograde vs leucoagglutinin anterograde axonal tracing, rats, 3928
interpositus lesions & tone CS & intracerebellar stimulation of lobule HVI white matter UCS, reflex & CR initiation & learning rate, rabbits, 16953
intrahemispheric EEG coherence at rest & during photic stimulation, 55–63 yr olds with Alzheimer's disease, implications for presence of abnormal functional connectivity, 8682
kindling & 2nd messenger mechanisms as aspects of neurobiology & recurrence of bipolar disorders, 14483
lesions of ventral pallidum projection to pedunculopontine tegmentum & MK-801 vs 7-chlorokynurenate vs apomorphine vs dopamine in nucleus accumbens, prepulse inhibition, male rats, 3872
magnocellular-pathway deficits, vernier & orientation acuity & motion & shape perception, 18–36 yr old dyslexics, 21395
memory maintenance mechanisms & sleep adaptations & pathologies & dreaming, dynamic stabilization of neural circuitry & etiologies of delirium & fatal familial insomnia & epilepsy, 29814
metrifonate, cholinergic neurotransmission & associative learning, aging rabbits, 10406
microcircuits in the shell & core of the nucleus accumbens & cognition & reward behavior, 26621
model of parallel neural networks, learning sequential procedures, monkeys & humans , 36420
MRI measures of brain structural abnormalities associated with mood regulation & clinical & demographic characteristics, patients with bipolar disorder, 14508
neural & molecular mechanisms & drug induced neuroadaptations in brain reward & other regions & drug relapse, 4266
neural basis of motion aftereffect , 13567
neural circuitry used during recall of rehearsed vs novel word lists, schizophrenic (mean age 30.7 yrs) vs healthy (mean age 28.6 yrs) Ss, 14544
neural correlates of music & effect of music therapy on activation of preserved neural pathways, people with brain damage, 28557
neural integrative activities & functional specializations of the nucleus accumbens shell & core in relation to motivation & learning behavior, 26609
neural pathways in tactile object recognition, healthy 25–54 yr olds, 16908
neural pathways mediating stomach ulceration, male rats with NMDA microinfusions in lateral hypothalamus, 23324
neural pathways, processing of concrete vs abstract words, 22–26 yr olds, 20111
neuroanatomy & neurochemistry of pathways in telencephalon & mesencephalon & basal ganglia & tegmentum & role in learning & memory & pecking avoidance, 1- to 2-day old chicks, 13532
neurofibrillary tangles in neocortex & hippocampus & entorhinal cortex & amygdala, postmortem 62–103 yr olds with questionable vs mild vs moderate Alzheimer's disease, 31239
neuropathogenesis & proposed final common brain pathway from various etiologies & lateralization & symptoms, delirium, 37918
phenotype of schizophrenia as disruption in cortical-thalamic-cerebellar-cortical circuit & resulting cognitive dysmetria, 37347
physiological & pathophysiological role of monoamines in spinal transmission of pain, 16912
physiology & phenomenology of stress system & other endocrine & neurological pathways & immune system & fibromyalgia syndrome & disorders of hypoactivity of hypothalamic-pituitary-adrenal axis, 1922
prefrontal cortical dysfunction & altered GABA neurotransmission, patients with schizophrenia, 34170
presence of corticohippocampal route from ventromedial temporal areas to CA1, macaques, implications for visuospatial processes, 23344
probability density function for linear optic flow produced by ego-motion in simulated planar environment, 26030
regulation of signal transduction pathways & gene expression by mood stabilizers & antidepressants in CNS, 36537
responses of neurons in medial superior temporal area of cerebral cortex & ocular tracking, 33291
role of conditioning & reinforcement activation of pathway from inferior olive climbing fiber projection system to cerebellar interpositus nuclei in learning, animals, 526
role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness & relation to auditory hallucinations in schizophrenia, commentary, 30711

role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness in schizophrenia, 14548
role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness in schizophrenia, comment, 34143
role of neuroconnectivity & synapse-enriched proteins in Alzheimer's disease & temporal lobe epilepsy & schizophrenia, 14401
schizophrenia defined as cognitive deficit vs by phenomenology, 34140
schizophrenia defined as cognitive deficit vs by phenomenology, comment, 34146
segregation of luminance- & texture-defined neural pathway responses during global motion integration, adults, 7074
signal-dependent neural control noise, eye & arm movement trajectories, monkeys, test of minimum-variance theory of unified motor planning , 3848
stress & dysregulation of brain reward pathways & drug dependence, 4188
stress-reaction process & adaptive modification & reorganization of neuronal networks, 33216
Utah electrode array & neural interface for cortical vision prosthesis, cats, 23273
violations of syntactic structure & semantic expectancy, EEG measured event-related potentials, normal adults, implications for language-specific neural pathways, 10701
Wnt-1 expression in hippocampus, postmortem brains of 45–73 yr old schizophrenic patients, 30735

Neural Pathways [See Also Afferent Pathways, Corpus Callosum, Efferent Pathways, Fornix, Limbic System, Optic Tract, Reticular Formation]—Chapters

Functional neural subsystems are differentially affected by delays in second language immersion: ERP and behavioral evidence in bilinguals, 10721
Immature visual cortex lesions: Global rewiring, neural adaptations, and behavioral sparing, 36478
Neurophysiology and neuropharmacology of startle and its affective modification, 23441
Neurotransmitters and neuromodulators in frontal–subcortical circuits, 7102
Representation of visual motion in the extrastriate visual, 3953

Neural Plasticity—Serials

acetylcholine & norepinephrine & carbachol, paired-pulse stimulation & modulation of long-term synaptic depression in visual cortex, rats, 13763
activity-dependent plasticity & neuromodulator-induced metaplasticity of synaptic inputs from inhibitory & excitatory interneurons in spinal cord locomotor network, lamprey, 13575
acute vs chronic corticosterone administration, expression of neural cell adhesion molecule in different brain regions, male rats, 23578
alterations in hippocampal neuronal & GABA functions, patients with schizophrenia, 34144
basal forebrain stimulation, receptive field plasticity & discrimination in auditory cortex, male guinea pigs , 29781
blockade of cholinergic receptors in somatosensory barrel cortex, long-term changes in evoked potential during sensory preconditioning & neuronal plasticity, rats, 3881
brain organization for language, 8–33 yr olds with early vs late onset of left-hemisphere lesion, 24834
cerebral plasticity & procedural learning of visuomotor skill, 8–12 yr olds with frontal vs temporal epilepsy, 28141
changes in minimal force thresholds evoking cortical responses to cutaneous stimulation of hindlimb following sciatic nerve injury, male rats, 33186
chronic multichannel unit recordings, dynamic learning-induced reorganization of auditory cortex measured by tone-pip frequency discrimination, cats, 29872
coherent oscillations & short-term synaptic plasticity in corticothalamic networks during NREM sleep, 33304
computational analysis of plasticity at mossy fiber synapses in cerebellar nucleus, learning & memory storage in conditioning of eyelid responses, 32499
conditioning-induced changes in cellular responses in mechanosensory conditioned stimulus pathway & motoneuron plasticity, Lymnaea stagnalis, 10457
cortical plasticity & Hebbian learning mechanisms in & predictors & principles of guided rehabilitation & recovery from brain damage, 32022
development of serotonergic modulation of synaptic transmission from tail sensory neurons, juvenile Aplysia, 10458
developmental changes in synaptically connected pyramidal cell evocation in layers 2/3 & 5 of neocortex, young vs mature rats, 20137
developmental plasticity in cerebral cortex & implications for abnormal cognitive development, human infants, 33620
early environmental influences, neural plasticity & limbic systems & social & emotional development, humans & animals, 10734
EEG firing patterns during experience, reactivation of hippocampal cell assemblies during quiet wakefulness vs slow wave vs REM sleep & memory trace, male rats, 20114
functional organization of activation patterns, healthy 9–12 yr olds vs 12-yr-old with left-hemisphere encephalomalacic lesion, 24784
GABAergic excitatory synapses & electrical coupling in prolonged discharges in prey capture neural network, Clione limacina, 13618
injury to nerves in hand, changes in cutaneous receptive fields & brain stem role in somatosensory cortex neural plasticity, monkeys, 33266
insulin treatment, spatial vs nonspatial water maze learning and hippocampal synaptic plasticity assessed by long term potentiation, male rats with vs without streptozotocin induced diabetes, 3990
long term potentiation & saturation of synaptic weights in hippocampus, learning & memory, 29832
mechanisms of long-term depression in hippocampal interneurons, rats, 33222
monocular deprivation after dark-rearing, amplitudes of visual pattern sweep visual EPs, normally- vs dark-reared rats, 13490
morphological plasticity of cerebellar Purkinje cells & inhibitory interneurons, rabbits receiving paired vs unpaired CS–UCS presentations in vs no eye-blink conditioning, 20070
multidisciplinary approach & increased use of computer technology & emphasis on functional gains & neuroplasticity in stroke rehabilitation, United Kingdom, 5914
neural cell adhesion molecule polysialylation & potassium channel antisense inactivation after avoidance learning, male mice, 3654
neural encoding in orbitofrontal cortex & basolateral amygdala during olfactory discrimination learning, male rats, 13587
neural plasticity & conceptual & evidentiary standards & utility of adaptations & exaptations & spandrels in evolutionary psychology, commentary, 19560
neural plasticity & human development, 23660
neurophysiologic coherence of rapid changes in response topography that accompany vibrotactile stimulation of the finger, male, 7 mo study, 13554
NMDA antagonist MK-801 & monocular deprivation, ocular dominance shifts & activity of single cells in visual cortex, kittens, 13713
NMDA glutamate receptor blockade, experience-dependent synaptic plasticity of barrel cortex neurons, male rats, 7083
NMDA receptor blockage in barrel cortex, classical conditioning-induced changes of cortical body map, adult mice, 23313
own & tutor song & anterior forebrain selectivity, male juvenile zebra finches, 20150
paired parallel fiber stimulation & intracellular depolarizing current, effect of calphostin C & EGTA on Purkinje cell excitatory post synaptic potentials, rabbits, 3841
phenomenological model of frequency-dependent synaptic transmission & function in information processing & learning & memory, 491
plasticity of electrophysiological cortical area representations of skin surfaces engaged in progressive digital dexterity development in object retrieval, adult owl & squirrel monkeys, 23417
plasticity of hippocampal synaptic pathways during afferent activation reproducing the pattern of the theta rhythm, 20112
ponto-geniculo-occipital-wave suppression, amplification of lateral geniculate nucleus cell-size changes , monocularly deprived kittens, 20145
progress in research on role of synaptic plasticity in learning & memory, 452
receptive field plasticity as representation of acquired stimulus importance or physiological memory in primary auditory cortex, 532
receptor binding in platelet membrane & role of 5-HT 2A receptor plasticity, patients with analgesic-induced transformed migraine, 5244
relationship between long-term potentiation & phosphoinositide turnover in intact brain, male rats, 3971
response to stimulation of whiskers & behavioral & cortical neural plasticity in whisker system, neonatal rats, 23325
role of nerve growth factor in central plasticity linked to chronic pain, rats, animal model of arthritis, 26546
role of neural cell adhesion molecule gene expression in memory formation in passive avoidance, 1-day-old chicks, 20122
site-specific nociceptive sensitization, electrophysiology of neural mechanisms, common snail, 20126
spinal cord & sciatic nerve preparation, dorsal horn potentiation & plasticity after nociceptive stimulation, intact vs spinalized rats, implications for sensitization & pathological pain states, 33305
stimulation parameters & lesion conditions for plasticity in tentacle withdrawal reflex & behavior change, habituation &/vs sensitization, snails , 33077
stress & glucocorticoids & excitatory amino acid neurotransmitters & NMDA receptors, hippocampal plasticity & atrophy & related disorders, 21580
stress-reaction process & adaptive modification & reorganization of neuronal networks, 33216
synaptic plasticity & lateral connectivity in orientation preference mapping of visual cortex, cats & ferrets, 32490
synaptic plasticity of acetylcholine & glutamate in activation at nicotinic & NMDA receptors in sensory neocortex during early postnatal life, rats, 450
task retention & consolidation in water-maze & passive-avoidance sequential learning & time-dependent modulation of neural cell adhesion molecule polysialylation on dentate neurons, male rats, 26624
ultrasonic echolocation device as prosthesis, occipital cortex glucose metabolism during spatial localization task, adults with early-onset blindness, 25550
use of transcranial magnetic stimulation to study neural plasticity, 10444
ventral tegmental area–nucleus accumbens pathway lesions, behavior & biochemical functioning & short- & long-term regenerative capacities of dopaminergic neuronal axons & cell bodies, rats, 29869
vibrissa deprivation pattern, plasticity in barrel cortex, rats, 33263

Neural Plasticity—Books

The changing nervous system: Neurobehavioral consequences of early brain disorders, 36472

Neural Plasticity—Chapters

Biological and behavioral heterogeneity in autism: Roles of pleiotropy and epigenesis, 37656
Effects of differential experience on brain and cognition throughout the life span, 36479
Experience and plasticity in brain structure: Possible implications of basic research findings for developmental disorders, 37935
Functional consequences of congenital cerebellar dysmorphologies and acquired cerebellar lesions of childhood, 37934
Hippocampal synaptic plasticity: Role in spatial learning or the automatic recording of attended experience?, 29884
Immature visual cortex lesions: Global rewiring, neural adaptations, and behavioral sparing, 36478
Neuroplasticity: Evidence from unilateral brain lesions in children, 37928
Plasticity, localization, and language development, 37929
Role of intrinsic circuitry in motor cortex plasticity, 36476
Structural changes underlying long-term memory, 36474

Neural Receptors [See Also Chemoreceptors, Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Thermoreceptors]—Serials

1A receptor specific 5-HT agonist flibanserin, behavior in animal models of depression, mice & rats, 36532
3,4-MDMA, behavior, male knockout mice lacking the 5-HT Type 1B receptor, 10655
5-HT/2 receptor density in prefrontal cortex, 21–43 yr olds with schizophrenia, 8147
5-HT1A anatagonist WAY-100635 &/vs 8-OH-DPAT, performance efficiency & response rate in radial maze task, male Fischer-344 rats, 679
5-HT1A antagonist WAY 100635, gepirone induced hypothermia & aggressive behavior & anxiety, male mice, 10620
5-HT1A receptor agonist F11440, anxiolytic & antidepressant properties & corticosterone secretion & radioligand binding & drug discrimination, mice & rats & pigeons, 693
5-HT1A receptor antagonist WAY 100635, impairment in spatial discrimination learning from blockade of hippocampal NMDA receptors, male rats, 33374
5-HT1A receptor sensitivity, patients with mania (mean age 45 yrs), 30692
5-HT1A/1B agonist, effect of 5-HT1B/1D antagonist on hypothalamic self-stimulation of cocaine reward, male rats, 10587
5-HT1B receptor activation, amphetamine reduced enhancement of response for conditioned reward, male Sprague-Dawley rats, 13734
7-OH-DPAT & PD 128907, core temperature & locomotor activity & catalepsy & grip strength, dopamine D-2 receptor knock-out mice, 36533
8-OH-DPAT stimulation of 5-HT1A or D2 receptors in medial preoptic area, sexual activity, male rats , 10615
ability of caffeine to reinstate extinguished cocaine-seeking behavior & ability to block A2A receptors, male mice, 33437

ability of monocytes to migrate towards chemoattracting benzodiazepines, 33–65 yr olds with generalized anxiety, 12231
ability of selective Group III metabotropic glutamate receptor agonist to inhibit lateral perforant path evoked responses in dentate gyrus, hippocampal slices from rats following kindling, 29816
abuse potential & dependence & tolerance & withdrawal & sites & mechanisms of action of caffeine, 4131
acute administration of hydrocortisone, 5-HT receptor function, 18–40 yr old males, 732
acute ethanol, expression of recombinant human neuronal nicotinic acetylcholine receptors, female Xenopus oocytes, 20274
acute vs chronic marijuana, changes in brain receptors & neurotransmitter systems & metabolism, humans & animals, 30895
acute vs chronic sigma receptor agonists, behavioral despair & immobility in tail suspension, male mice, animal model of depression, 759
adenosine 2a neural receptor binding in postmortem basal ganglia, 41–75 yr olds with schizophrenia, 1600
age, development of frontal cortex amino acid receptors, female 2–30 yr olds with Rett syndrome, 21533
agonist properties of N,N-dimethyltryptamine at 5-hydroxytryptamine type 2A and 2C receptors, rats, 749
allele length of androgen receptor gene polymorphisms & externalizing behaviors related to ADHD or conduct disorder or oppositional defiant disorder, Tourette syndrome patients (mean age 17.8 yrs), 24692
alpha-1 & alpha-2 adrenoceptor agonists & antagonists, physostigmine-induced yawning, male rats, 10683
alpha-2 adrenergic receptor function, patients with premenstrual dysphoric disorder in follicular vs late luteal phase, 1520
alpha-2 adrenoceptor function assessed by growth hormone response to clonidine & mental well-being measured by self-reported mood, 33–54 yr old alcohol-dependent patients in early withdrawal, 37558
alpha-2 adrenoceptor function assessed by growth hormone response to clonidine & psychopathology measured by depression & anxiety, 26–65 yr old alcohol-dependent patients in early withdrawal, 37559
alpha2AR density & agonist affinity & Gi protein coupling efficiency, panic disorder & imipramine-treated patients, 8178
alprazolam induced anxiety & punishment & changes in GABA receptor subunit mRNA brain levels, male rats, 23538
amitriptyline vs dexamethasone, glucocorticoid receptor messenger RNA, healthy males, 23595
amnesic effects & binding properties to muscarinic acetylcholine receptor of trihexyphenidyl vs biperiden, male rats & mice, 30015
amphetamine & reserpine, D(subscript 1)-like dopamine receptor binding, monkey brains, 36540
amphetamine alone vs with MK-801 vs with CGS 19755, behavioral sensitization to amphetamine, male rats, 10606
amylin & calcitonin gene-related peptide & CGRP (8–37) fragment, copulatory activity, male rats, 33379
androgen receptor & estrogen-induced sexual receptivity, female rats, 7167
antagonism of beta-CCT, pharmacological effects of zolpidem & diazepam, male mice & rats, 36562
anticonvulsant & motor impairing neurotoxic effects & passive avoidance, male mice treated with CGP 40116 vs MK-801 vs L-701,324 vs D-cycloserine compounds belonging to NMDA receptor ligands, 4298
antidepressants, Fos immunoreactivity in suprachiasmatic nucleus & 5-HT-7 receptor downregulation in hypothalamus, male rats, 30035
antisense RNA vector vs haloperidol, long-term inhibition of D2 dopamine & up-regulation of receptors, male mice, 4133
anxiolytic effects & benzodiazepine receptor actions of synthetic flavonoid 6-bromo-3'-nitroflavone, male mice, 767
apriprazole, modification of striatal neurons as dopamine D2 receptor agonist or antagonist, male rats, 36588
arginine vasopressin vs serotonin receptor agonists into anterior hypothalamus, regulation of offensive aggression, male hamsters, 29997
association between 102-T/C & His452Tyr polymorphisms of 5-HT serotonin receptors & clozapine response, clozapine-treated patients, 5602
association of TaqI A1 allele & functional –141C Ins allele of dopamine D2 receptor (DRD2) with alcohol dependence, alcohol dependent adults (mean age 42.4 yrs), 21341
auditory receptor sensitivity to different frequencies at suprathreshold intensities, crickets, 10248
basal vs mid- vs high level dietary sodium chloride during pregnancy & lactation, plasma aldosterone & brain angiotensin II receptors & appetite & drinking responses, female rats, 36612
behavioral role of neurons containing D1 dopamine receptor, transgenic mice, 23451
benzodiazepine action at GABA ligands in mammalian brain & implications for therapeutic anxiolytic application, 18705
benzodiazepine receptor partial inverse agonists S-8510, P300 components of event related potentials, rhesus monkeys, 10528
benzoindane S 18126 vs raclopride vs L 745,870, dopamine D/4 receptor blockade & in models of antipsychotic & extrapyramidal properties, rats, 718
bilateral intraaccumbens quinpirole, parameters of circling behavior & 1st stage of head turning, rats, implications for role of D2 dopamine receptors on movement initiation, 4128
binding of [125I]p-iodoclonidine to alpha-2 &/or beta-1 & beta-2 adrenoceptors in right prefrontal cortex & hippocampus, autopsied brains of 23–83 yr olds with major depression or schizophrenia , 24144
bombesin-like peptide receptors neuromedin B or gastrin-releasing peptide, thermoregulation & smooth muscle contraction & feeding suppression & behavior, mice lacking neuromedin B receptor, 10636
brain neuropeptide Y1 receptor mediation of behavioral response to novelty & peripheral immunomodulation in blood & spleen, male rats, 765
bupropion vs phencyclidine vs ibogaine, functional effects on nicotinic acetylcholine receptor subtypes, human muscle-type & ganglionic cell cultures, 7193
calmidazolium, dorsal horn nociceptor vs mechanoreceptor or proprioceptor neuronal activity induced by noxious vs nonnoxious stimuli, male rats, 20337
cannabinoid CB1 receptor antagonist SR 141716, food intake & body weight, adult nonobese male Wistar rats, 4121
cannabinoid receptor activation, learning & memory models of long term potentiation & long term depression in hippocampal slices, mice, 29828
cannabinoid receptor agonist WIN 55,212-2, development of hyperalgesia produced by intraplantar injection of capsaicin, male rats, 20323
cannabinoid receptor antagonist SR 141716A, behavioral effects induced by anandamide, male rats , 20276
carbachol & SKF 38393 & quinpirole nucleus accumbens shell & core injections, behavior & dopamine levels, male rats, 36573
carbamazepine-induced upregulation of adenosine A1-receptors, signal transduction in primary astrocyte cultures from brain, rats, implications for treatment of affective disorders, 10541
central dopaminergic sensitivity during alcohol withdrawal, alcoholics with Asn40Asp vs Asn40Asn genotype of human mu-opioid receptor, 24538
central GABA A & B receptors, modulation of basal & stress- induced plasma interleukin-6 levels, male mice, 750
characterization of potential inverse agonist actions at 5-HT1B receptors in vitro & in corticolimbic structures in vivo, humans & hamster ovary cells, 26821
cholecystokinin A vs B receptor agonists &/vs antagonists, defensive rage behavior, adult cats, 4202
cholecystokinin-B receptor antagonist PD-135158 in lateral ventricle, food intake, male rats, 4137
chronic exposure to nicotine, upregulation of nicotinic acetylcholine receptors, implications for nicotine addiction, 23504
chronic intermittent stress, brain corticosteroid receptor densities, rats prenatally exposed to ethanol, 23320
chronic morphine, NMDA receptor-mediated synaptic transmission in nucleus accumbens, male rats, 36586
chronic nicotine, antinociception & opioid receptor binding & met-enkephalin levels in striatum, rats, 23603
chronic oral nicotine exposure, sensitivity to nicotine & brain nicotinic cholinergic receptors, female C57B1/6 mice, 10667
classic fear conditioning, corticotropin-releasing factor receptors in learning & memory, male mice, 23274
clonidine vs B-HT920, neural activity in prefrontal cortex during visual discrimination task, female monkeys, 3973
clozapine or haloperidol, 5-HT receptor mRNA levels in brain, male rats, 30000
clozapine vs olanzapine & interaction with receptor specific opioids vs adrenergic vs serotonergic drugs, analgesia, male mice, 36620
complement proteins & receptors for chemotactic & anaphylactic peptides, neurons & neurodegenerative processes of CNS, 34663
complementary DNA cloning & genomic expression & location & organization of human GABA-B receptor, implications for neurobehavioral disorders located on chromosome 6p21.3, 439
conditioned & unconditioned approach responses to stimuli predictive of food, transgenic mice with impaired glucocorticoid receptor function, 23355
cortical risperidone & auto- & heteroreceptors idazoxan & isamoltane & GR 127,935, frontal cortex 5-HT efflux, male rats, implications for schizophrenia, 33419
corticosteroids & stress responses & sex & intracellular receptors, 7233
corticotropin releasing hormone receptor antisense oligonucleotides, behavioral performance & anxiety in social defeat & discrimination & maze & forced swim & locomotor activity tests, male rats, 17058
corticotropin-releasing factor receptor subtype 1 & anxiety-like & memory processes, male mice, 33196
corticotropin-releasing hormone receptor agonist, sleep deprivation & stress induced paradoxical sleep rebound, male rats, 7180
D-serine & treatments based on N-methyl-D-aspartate antagonist model of schizophrenia, 8919
D1 & D2 & D3 receptors & manic–depressive illness, 20–80 yr old bipolar type 1 patients , 1542
D1 vs D2 receptor specific dopamine antagonists, behavioral sensitization to 7-OH-DPAT, male rats, 7225
D2 dopamine receptor density in schizophrenia, test of biological hypothesis, 4972
D2 dopamine receptor gene allele & haplotype frequencies & association with phenotype & phenotype severity, alcohol dependent adults, 21309
delta opioid receptor blockade by naltrindole, alcohol aversion, female alcohol-preferring rats, 662
delta selective opioid antagonist naltrindole, selective mu & kappa receptor-modulated antinociception & open-field behavior, neonatal rats, 10568
development of dopamine D1 receptors in caudate & putamen, 9 wk–49 yr olds, 36708
dextromethorphan vs L-dopa/carbidopa vs SK 77434, motor coordination, Lurcher mutant mice with genetically determined cerebellar ataxia, 26856
diazepam vs non-selective vs selective 5-HT-1A receptor antagonists, defensive behaviors, male mice, 30004
diazepam, morphine tolerance & dependence & spinal mu opioid receptors, male rats, 4279
differential effects of selective serotonin reuptake inhibitors on serotonin receptor subpopulations & sexual behaviors, humans & animals, 4236
distribution of dopamine D3 receptors & neurons positive for D3 mRNA vs dopamine D2 receptor/mRNA in subcortical regions of human brain, 7053
distribution of immunoreactivity & role of mu-opioid receptors in amygdaloid projection neurons in parabrachial nucleus, male rats, 29776
diversity & localization of neuronal nicotinic receptors in CA1 interneurons of hippocampus, rats, 20069
dopamine & serotonin receptors involved actions of atypical antipsychotics, individuals with schizophrenia, 25171
dopamine agonist exposure, adenylate cyclase activity in HEK293 cells stably expressive recominant-D4 receptors, 10677
dopamine agonist SKF 82958 & quinpirole, dopamine receptors & sensitization of amphetamine-induced stereotyped behavior, male rats, 23322
dopamine D1 receptor agonists & dose–response & D1/D2 receptor antagonism, enhancement of acoustic startle response, male rats , 26817
dopamine D1 vs D2 receptor specific antagonists, demand for smoked cocaine under chained FR schedules, monkeys, 26744
dopamine D1 vs D2/3 agonists vs D1 vs D2 antagonists vs uptake inhibitor, electrical brain self-stimulation reward thresholds & response latencies, male rats, 13693
Dopamine D3 receptor gene in tardive dyskinesia, schizophrenic patients treated with typical neuroleptics, 25142
dopamine receptor agonist 7-OH-DPAT, visual object discrimination & task reversal, marmosets, 26851
dopamine receptor genetic variation & psychosis, elderly outpatients with probable Alzheimer's disease, 1–9 yr followups, 2093
dopamine receptor mediated guanosine 5'-O-(gamma-[35S]thio)triphosphate binding in striatal membranes, rats, 36560
dose & time of nicotine treatment, expression of diverse nicotinic acetylcholine receptor subtypes, model cell culture systems, 4179
dynorphin peptide dosages, opioid receptor-mediated serum prolactin, male vs female 25–48 yr olds, 7223
effect of blockade of 5-hydroxytrytamine receptors on immobilization-induced prolactin release, male rats, 23337
effects of delta-sleep-inducing peptide vs MK-801 neuropeptide, pain response & posture, male rats with cerebral ischemia, therapeutic implications for stroke patients, 3799
effects of selective serotonin 1A receptor agonist on NMDA receptor-mediated synaptic potential in visual cortical slices, male rats, 29895

electrophysiological actions of ethanol at gamma-amino acid type A receptor & behavioral effects, mice without long splice variant of gamma2 subunit, 16969
endothelin-1, behavior, conscious male rats, implications for role of receptor subtypes, 36594
environmental restriction vs enrichment, development of stereotypy, striatal dopamine D1 & D2 receptor density, mice, 20058
estrogen receptor alpha, sexual behavior & preferences & maze learning, knockout mice, 33352
excitation, NMDA receptor antagonists, entorhinal cortex & cultured entorhinal cortical neurons, rats, 23594
expression of adhesion molecule receptors on T helper & T suppressor/cytotoxic lymphocytes & relationship to blood–brain barrier & effects of antipsychotic treatment, 18–55 yr old schizophrenics, 17916
expression of olfactory neurons & link to homolgous odorant receptor genes & projection of axons to neighboring glomeruli on olfactory bulb, 36468
expression of P2x2 receptor subunit of ATP-gated ion channel in cochlea, implications for sound transduction & auditory neurotransmission, guinea pigs, 36423
expression of somatostatin receptor protein on neurons in periaqueductal gray & spinal cord, male rats, implications for role in analgesia & nociception, 3909
fluoxetine dose, desensitization of hypothalamic postsynaptic serotonin receptors, male rats, 7245
fluoxetine vs desipramine vs tranylcypromine, expression of dopamine D1 and D2 receptors in nucleus accumbens & other striatal regions, male rats, 7160
function of different classes & subtypes of class I metabotropic glutamate receptors involved in learning & memory formation, rats, 23299
functions in brain & behavioral responses, central 5-HT receptors, 33188
GABA A receptor specific antagonists bicuculline vs picrotoxin, ethanol-induced conditioned place preference vs taste aversion, male DBA/2J mice, 26749
GABA receptor agonists & antagonists in ventral tegmental area, dopamine release in nucleus accumbens & heroin self administration, male rats, 3943
GABA-benzodiazepine receptor levels in absence of grey matter atrophy, abstinent alcohol-dependent males (mean age 43.2 yrs), 5085
gamma-hydroxybutyrate vs cocaine, mRNA expression of D1 & D2 dopamine receptors, male rats, 36619
ginseng total saponin, nicotine-induced hyperactivity & reverse tolerance & dopamine receptor supersensitivity, mice, 33425
glucocorticoid receptor antagonist RU38486, spatial learning & memory in water maze, male rats, 4235
glutamate antagonists & ionotropic & metabotropic agonists, neural receptors in & electromotor discharge during escape behavior, Gymnotus carapo electric fishes, 36380
glutamate receptor agonist LY354740, behavior controlled by VI or FI/FR schedule, male rats, 20343
glycine vs glycine receptor antagonist HA966 microinjections along rostrocaudal axis of dorsal periaqueductal gray matter, elevated plus-maze performance, rats, 10671
H1 &/vs H2 histamine receptor antagonists, intragastric hypertonic NaCl-induced eating inhibition, food-deprived male rats, osmotic load & satiety implications, 4187
hippocampal angiotensin receptor subtype, spatial learning & memory, male rats , 20161
histamine H/3 receptor agonist Sch 50971, sedative & respiratory activity, guinea pigs, neurogenic model of migraine, 714
homozygous & heterozygous serine & homozygous cysteine 5-HT type 2C receptor genotypes, response to m-chlorophenylpiperazine, 18–60 yr old females, 26558
identification of novel family of transmembrane domain proteins involved in encoding of mammalian pheromone receptors, 3810
ifenprodil, morphine-induced place preference, male mice, 13819
immunocytochemical distribution of 5-HT6 receptors & effects of icv infusion of antisense oligonucleotide, male rats , 26543
impaired learning & memory, male rats without cholecystokinin receptor, 26627
impairment of GABAA receptors, anxiety states & response to threat cues, wild type & littermate heterozygous mice, testing of animal model, 33197
in vivo receptor imaging techniques & knowledge of neurochemistry & pharmacology of schizophrenia. , 24242
infrared guided laser stimulation, long term depression-like response of glutamate receptor responses in neocortex, rats, 36412
inhibitory interactions between presynaptic auto- & heteroreceptors & noradrenergic neurons, 3910
injections of mineralocorticoid &/vs glucocorticoid receptor antagonists in hippocampus & blocking by adrenalectomy or dexamethasone, corticosterone levels & anxiety behavior, rats, 3818
injections vs continuous infusion of selective melanocortin receptor antagonist, food intake & body weight & composition & blood glucose levels, adult male rats, 23522
interaction in auditory evoked brain stem & pituitary-thyroid axis receptor responses, thyroid hormone receptor beta vs retinoid X receptor genotype deficient mice, 434
interaction of muscarinic selective antagonist with cloned human muscarinic receptors, implications for treatment of Alzheimers disease, 10428
interaction of nicotinic or muscarinic receptor mechanisms with apomorphine-induced licking behavior, male albino mice, 17124
interactions between nitric oxide & glutamate in modulation of cardiovascular function in nucleus tractus solitarii, male rats, 29822
involvement of dopamine D2 receptors in modulation of prepulse inhibition & acoustic startle & role of amphetamine in prepulse inhibition, mice, implications for treatment of schizophrenia, 20134
involvement of glutamate receptors & nitric oxide in rostral ventromedial medulla in visceral hyperalgesia, male rats, 574
ip ginko biloba extract EGb 761, stimulus control & mediation by 5-HT1A receptor activity, male rats, 10679
isoflurane vs ketamine anesthesia induction, dopamine D2 receptor binding of [18F]fluoroclebopride in basal ganglia, monkeys, 33236
ketamine-induced NMDA receptor hypofunction, verbal & nonverbal declarative memory, adult males (mean age 21.7 yrs), implications for memory impairments in schizophrenia, 7232
lead, waiting behavior in fixed-ratio paradigm & dopamine receptors, male rats, 33369
ligand responses at recombinant 5-HT1A receptor as mediated by G protein, rats, 29784
link between neurobiology of apolipoprotein & lipoprotein receptors in CNS & Alzheimers disease, 5306
lithium vs carbamazepine vs sodium valproate, 5-HT receptor subtypes, male mice, 10645
locus of attention in visual discrimination task & neuronal activity from striate cortex, male monkeys, 3935
LY293284 vs LY315712 vs LY297996 5-HT receptor ligands, plus-maze anxiety, mice, 638
m-chlorophenylpiperazine & anxiety, prolactin & cortisol values over time, patients with migraine without aura, 5368
mechanically induced traumatic brain injury, electrical activity & excitotoxicity of AMPA receptors in neonatal cortical neurons, rats, 33207
mechanism of alcohol action on 5-HT3 receptor & role in alcohol abuse & alcoholism, 30896
melanocortin 4 receptor antagonist HSO14, corticotropin-releasing factor-induced anorexia & grooming, male rats, 33503
messenger RNA editing of brain 5-HT2C receptor & modulation of 5-HT-mediated signal transduction, 60 yr old male, 26591
meta-chlorophenylpiperazine & ipsapirone & exercise, central serotonergic receptor sensitivity, marathon runners, 7169
metabotropic glutamate receptor agonist, reversal of phencyclidine effects, rats, implications for treatment of psychiatric disorders, 4222
metabotropic glutamate receptor inhibition, hippocampal long term potentiation & spatial learning, male rats, 20074
metabotropic glutamate receptor subtype 6 deficiency, retinal organization & development & stratification of immature retinal ganglion cells, mice, 20153
microinfusions of opioid subtype-selective agonist & antagonist into ventral tegmental area, self administration of cocaine, rats, implications for role of mu opioid receptors in cocaine reinforcement, 10554
MK-801 microinjected latorostroventromedial medulla, hypersensitivity to noxious & innocuous mechanical stimulation, male rats with segmental ligation of spinal nerves, 36470
MK-801 or brain derived neurotrophic factor, barrel growth in developing primary somatosensory cortex & expression pattern of GABA receptor subunits, newborn rats, 10445
moderate & transient temperature increases & endogenous adenosine, excitatory synaptic transmission in hippocampal A1 receptors, rats, 16973
modulation of angiotensin receptor-1 in immobilization stress & angiotensin II-induced analgesia & impaired retention & common sensory signals, rats & male mice, 33242
modulation of opioid receptor signaling by kainic acid in neural cells, 29980
molecular biology & neuropharmacology & biochemistry & behavioral research on aspects of GABA-A receptors, 20333
molecular biology of serotonin receptors & implications for treatment of mood & psychotic disorders, 8918
motor effects of cannabinoids & role & distribution of CB1 cannabinoid receptors in basal ganglia, implications for rat model of Parkinson's disease, 33480
Mu & dopamine receptor antisense oligonucleotides injected into nucleus accumbens, alcohol intake, high ethanol-preferring rats, implications for a genetic basis for alcohol abuse, 30037
mu vs mu/kappa receptor opioids, delta opioid discrimination, female pigeons, 4243
mu-selective opioid antagonist quadazocine, responding reinforced by ethanol vs sucrose vs phencyclidine, monkeys, 26864
muscarinic receptor agonists, conditioned avoidance responding, male rats, 33484
neural function effects on feedback control in human communication, 7290
neural network approach to effect of dopamine receptor agonists amphetamine & nicotine & antagonists haloperidol and alpha-flupenthixol on latent inhibition, 9720
neural network of oscillations of inhibitory & excitatory visual cortex cells, 32502
neural selectivity in anterior superior temporal polysensory area for simple shapes & integration of visual cues, monkeys, 3957
neuroactive steroids & neurotransmitter & steroid receptors & neuropsychopharmacology & genomic & nongenomic crosstalk, humans & rodents, implications for stress & mental disorder treatment, 33249
neurokinin-1 receptor in anxiolytic action of intrabasalis substance P injection, male rats, 33462
neuropeptide Y receptor antagonist, conditioned place aversion & locomotor activity, male rats, 23521
neurotransmitter system interactions, motivated consummatory behavior & intracranial self-stimulation, rats, 13787
neurotropin, hyperalgesia & allodynia, male mononeuropathic rats, 740
nicotine & epibatidine, antinociception, mice with alpha4 vs beta2 nicotinic acetylcholine receptor mutations , 20329
nicotine vs mecamylamine, regulation of alcohol drinking, Wistar rats, 10563
nicotinic acetylcholine receptor agonist ABT-418 vs methylphenidate, sustained attention performance, brain-lesioned male rats, 30030
NMDA receptor agonist vs antagonist, extinction of appetitive instrumental response, male rats, 4247
NMDA receptor antagonist CPP, development & expression of conditioned hyperactivity & sensitization induced by cocaine, male rats, 23503
NMDA receptor antagonist LY235959, morphine tolerance progression modulation, morphine tolerant rats, 13689
NMDA receptor antagonists CPP vs dizocilpine vs (+)-HA-966 vs ifenprodil, working memory & behavior, male rats, 7184
noribogaine generalization to ibogain stimulus, noribogaine concentration in brain, rats, 23608
number & affinity of platelet serotonergic binding sites in acute alcohol intoxication vs at day-1 withdrawal vs 2-wk abstinence, alcohol-dependent adult male patients admitted for detoxification, 37546
olanzapine vs other atypical vs typical neuroleptics, blockade of dopamine D1 & D2 & D3 & 5-HT2A & muscarinic receptors in brain, male rats , 10685
olanzapine, activation or antagonism of neuronal receptors, hamster ovary cell lines transfected with human muscarinic subtypes & receptor-selective isolated rat retinal tissue, 23297
olanzapine, dopamine D1 & D2 receptor locomotor stimulant effects, dopamine depleted male mice, 13793
oleamide, back muscle contractions & wet dog shakes induced by serotonin receptor agonist, male rats, 23495
oral ethanol self-administration, 5-HT1b knockout vs wild-type mice , 23288
paroxetine & LSD platelet binding & symptom severity before & after light therapy, 26–69 yr olds with seasonal affective disorder, implications for role of serotonin receptor functioning, 14505
partial benzodiazepine agonists vs full agonist midazolam, punished vs unpunished responding in conflict procedure, pigeons, 26793
partial sabcomeline vs full RS86 muscarinic receptor agonist, deficits in radial maze performance induced by brain lesions of basal forebrain & medial septic area, male rats, 10592
patterns of dopamine receptor change, brain tissue from deceased 56–86 yr olds with parkinsonism vs Alzheimer's disease vs Parkinson's disease , 2043

peripheral administration of cholecystokinin receptor-specific antagonists, effect of morphine on maternal behavior, female postpartum rats, 36592
peripherial-type benzodiazepine receptor density, suicidality, 13–20 yr olds with repeated suicide attempts , 30846
pharmacological behavioral profile of adenosine receptor ligands through use of locomotor activity model, male rats, 3884
pharmacological characterization of serotonin antagonist S-Des-4-amino-3-iodozacopride, rat & mouse brain receptors, 7206
pharmacological profile of (S)-(+)-2-(3'-carboxybicyclo[1.1.1]pentyl)-glycine & other metabotropic glutamate receptor agents & electrophysiological properties of CA1 pyramidal cells, rat brain slices, 29825
pharmacological profile of antipsychotic agent MS-377 with selective affinity for sigma receptors vs haloperidol vs sultopride vs risperidone, rats, 33492
pharmacological properties of GABA-A receptors in P19-N cells via fluorescence imaging, mammals, 29802
phencyclidine & ritanserin, 5-HT2A receptors in place aversion, rats with 5,7DHT-induced lesions, 33428
phosphoinositide-linked dopamine D1 receptor & repetitive jaw movements, male rats, 7252
plasma endogenous benzodiazepine-receptor ligands, patients with hepatic encephalopathy vs liver cirrhosis vs uremic encephalopathy, 2033
platelet I_2-imidazoline receptors & MAO-B enzyme activity, 56–96 yr olds with Alzheimer's type dementia, 18424
polymorphism in respective candidate genes & changes in serotonin transporter & 5-HT2A receptor density in postmortem brain, 23–72 yr old depressed suicide victims, 27770
potency of nerve growth factor & brain derived neuropathic factor & NT-4/5 & NT-3, elicitation of thermal hyperalgesia, rats, 20148
potential of D1 receptor agonists in pharmacotherapy of Parkinson's disease, erratum, 28618
preferential roles of dopamine D2 vs D3 receptors in ethanol self-administration, male rats, 7176
proboscis extension response assessment of effects of dopamine & serotonin & putative receptor ligands in alpha lobe of mushroom body, honeybees, 630
progesterone & prolactin secretion & anxiety/depression, platelet peripheral-type benzodiazepine receptor binding & expression, 1st vs 3rd trimester pregnant vs lactating female 18–42 yr olds, 33332
progesterone receptors & glutamic acid decarboxylase & GABA-2 & dopamine receptors in ventral tegmental area, lordosis expression, female Long Evans rats, 33204
progesterone receptors & sexual experience & androgens, sexual behavior, castrated vs intact & wild-type vs progesterone receptor knockout male mice, 7237
properties of ionotropic glutamate receptor channels in sacral dorsal commissural nucleus, rats, implications for nociception, 20162
protracted nociceptive inputs & cross talk among neural networks & plasticity of pain, 3873
psychological states & lymphocyte beta-adrenergic receptor responsiveness, 20–59 yr olds with hypertension, 24731
psychopharmacology of conditioned reward & theoretical model of reward-related learning at D1-like dopamine receptors, 30057
raclopride & chlorpromazine, muscle tone & D2 receptor occupancy, rats, 23516
receptor binding of muscarinic antagonist [3H]AF-DX 384 in caudate putamen, deceased schizophrenic patients, 17903
receptor pharmacology & therapeutic & adverse effects of atypical neuroleptics, 21943
receptor specific cholecystokinin agonists & antagonists, anxiety- & stress- & panic-related behavior, implications for treatment of attention &/or memory disorders, 648
receptor specific dopamine agonists quinpirole vs quinelorane vs 7-OH-DPAT, intracranial self-stimulation of lateral hypothalamus, male rats, 7203
regional cortical benzodiazepine receptor volume, recently detoxified adult males (mean age 44 yrs) with type II alcoholism, 1751
regional distribution of NMDA receptor containing NR2B subunit protein & effect of selective NR2B antagonists vs non-selective NMDA antagonists & anticonvulsants on antinocieption, male rats, 20265
regulation of delta-amino-3-hydroxy-5-methyl-isoxazole-4-propionate receptors in dorsal horn following pronase-induced deafferentation, male rats, 16917
relation of GABA type A and NMDA & 5-HT receptor agonists & antagonists to discriminative stimulus & substitution effects of ethanol, humans & animals, implications for drug dependence, 7221
relationship between deprivation of nerve growth factor & density of M1 receptors in hippocampus, juvenile rats, 13583
repeated injections of venlafaxine, receptor binding in alpha1-adrenergic & dopaminergic & serotonergic receptors, male rats, 30027
role of 5-HT & 5-HT receptors in induction of long term potentiation in primary visual cortex, rats, 3966
role of 5-HT1A receptors in consolidation of learning in autoshaping task, normal vs cognitively impaired male rats , 16930
role of 5-HT1B receptors in modulation &/or mediation of cocaine self administration & reinforcement, male rats, 7235
role of 5-HT3 receptors in ethanol preference & sensitivity & intake, 5-HT3 overexpressing transgenic mice, 26765
role of adenosine A2A receptors in induction of c-fos expression by clozapine & haloperidol, male rats, 7240
role of alpha-amino-3-hydroxy-5-methyl-4-isoxazole propionate receptors & effects of antagonists at glycine site of NMDA receptor, amphetamine induced place preference, mice, 26619
role of angiotensin II & adrenocorticotropin & other hormones in attenuation of input from sodium specialist neurons & functional changes in taste receptor cells following sodium deficiency in mammals, 7072
role of angiotensin II type-2 receptor in CNS, type-2- receptor-deficient mice vs wild-type mice, implications for anxiety disorders, 13571
role of benzodiazepine & non-benzodiazepine receptor stimulation in discriminative stimulus effects of ethyl-beta-carboline-3-carboxylate at high vs low training doses, rats, 33475
role of cannabinoids & CB1 in GABA networks & subcellular location of CB1 & effects of CB1 agonist & antagonist on hippocampal GABA release, male rats, implications for cognitive functions, 20109
role of caudal brainstem melanocortin receptors in food intake & body weight, male rats, 7050
role of central cannabinoid receptor in physical dependence on & addiction to opiates, mutant mice, 10432
role of D1 & D2 receptors & hippocampal input to the nucleus accumbens, foraging for food in radial-arm maze, male rats, 26774
role of delta-9-THC & cannabinoid receptors in hippocampus in short-term memory interference, 33414
role of dopamine D3 receptor & effect of agonists on hypothermia & hypolocomotion, D3 homozygous vs heterozygous vs mutant mice, 23490
role of enkephalinic brain structures in regulating motivation behaviors, male rats with lesioned serotoninergic neurons, 4270
role of GABA & glycine receptors in inhibition of dorsal horn neurons of spinal cord, rats, implications for pain perception, 33195
role of glutamate receptor mRNA editing in brain, mice, implications for understanding responses to pain, 36394
role of muscarinic receptors via muscarinic agonist, rats & mice, animal models of schizophrenia, 10398
role of neuropeptide neurotensin receptor in mediation of neuropeptide neurotensin-induced hypothermia & analgesia, mice, 10407
role of NMDA receptors & effects of ketamine on formation & retention & expression of conditioned taste aversion, rat neonates, 4218
role of nonapeptides oxytocin & vasopressin & peptide receptors in species-typical social behavior & communication & autism, humans & animals, 14824
role of opioid receptors within dopamine-innervated nucleus accumbens & ventral tegmental area in ventral pallidum self stimulation, rats, 727
role of serotonergic system in pathophysiology of ADHD, 7–16 yr olds, 21390
role of serotonin & serotonin receptors in antipsychotic drug action, 28466
role of serotonin 1A & 1B receptors in modulation of aggressive behavior & depression & anxiety & their opposite effects on mood control & underlying neural circuits, mice, 26867
ryanodine receptor modulation of calcium, classical conditioning & associative memory storage, molluscs, 23293
selective 5-HT-2 receptor antagonist, EEG power spectra during slow-wave vs stage 2 vs NREM sleep, male 20–25 yr olds, 30020
selective breeding for ethanol sensitivity, ethanol vs etomidate vs ketamine vs propofol interactions with GABA receptors, rats, 4200
serotonin 5-HT Type 2 receptor & motor function in cranial nerve reflex, rabbits, 10588
serotonin receptor 2A genetic variation, serotonin receptor 2A binding in prefrontal brain regions, postmortem brains of suicide victims , 34307
serotonin receptor antagonists, lordosis behavior, female rats, 23604
serotonin receptor antisense oligonucleotide, grooming behavior mediated by dopamine receptor SKF 38393, male rats, 26842
serotonin receptors & mechanisms of psychotomimetic action of indoleamine & phenethylamine hallucinogens, 4207
sigma receptor involvement in effects of neurosteroids dehydroepiandrosterone sulfate & pregnenolone sulfate & progesterone on immobility in Porsolt forced swim test of depression, mice & rats, 735
sigma-1 receptor agonists with vs without PCP, stereotyped behaviors, male rats, 692
signaling properties of 5-HT2C receptor when activated by LSD vs endogenous serotonin, 26734
social defeat stress, expression of mu-opioid receptor encoding in mRNA, rats, 36444
spinal substance P receptor expression & internalization in dorsal horns in acute vs short-term vs long-term inflammatory pain states, rats, 33215
spiperone & mianserin to inhibit action of the 5-HT2A/2C receptor agonist 1-2,5-dimethoxy-4-iodophenyl)-2-aminopropane, hypothalamic neuropeptide Y stimulated eating, rats, 36544
SR 141716 vs clozapine vs haloperidol, cocaine vs d-amphetamine vs morphine vs Win 55212-2 induced hyperactivity & exploratory behavior, habituated vs non-habituated male gerbils, 30043
subchronic sertraline, depression & pain & fatigue & number of & affinity for [3H]rauwolscine binding sites, adults with fibromyalgia, 38275
superior efficacy of clozapine & moderate D-sub-2 receptor occupancy, schizophrenic patients, commentary reply, 28407
superior efficacy of clozapine & moderate D-sub-2 receptor occupancy, schizophrenic patients, comment, 28464
synaptic maturation in glutamatergic input from motor nucleus HVc or NMDA receptors to robustus archstriatalis, song learning, zebra finches, 36464
system of references used by CNS for maintenance of upright posture of body, spatial coordinates & body schema structure & receptive fields of muscles, healthy adults, 16914
systemic quinolinic acid vs 3-hydroxyanthranilic acid, inhibition of DOI-induced head shakes, male mice, implications for role of metabolites in kynurenine pathway, 36569
tachykinin NK-1 receptor agonist RP-67580, stress-induced analgesia, male rats, 23484
tonic activation of NK-1 receptors during 2nd nociceptive phase of formalin test, male rats, 26544
training dose, receptor mediated activity & overshadowing by components of heterogeneous discriminative stimulus effects of ethanol, male rats, 673
transcription factor CREB & mutant form, rewarding effects of cocaine & response at opioid receptors, nucleus accumbens, rats, 7171
transient inactivation of subthalamic nucleus by muscimol & APV, RT, male hooded rats, 10538
transient receptor potential calcium 2+ channel & olfactory adaptation, Drosophila, 23356
treatment with NBQX an AMPA receptor antagonist, behavioral sensitization induced by methamphetamine or cocaine doses, male rats, 618
type 4 dopamine receptor gene, novelty seeking, 32 yr olds, 33177
withdrawal from continuous cocaine administration, duration of behavioral tolerance to cocaine & covariance of behavioral tolerance & accumbens 5-HT3 receptor functional down regulation, male rats, 17050
withdrawal precipitation with naloxone vs CTOP vs naltrindole vs nor-binaltorphimine, involvement of spinal opioid receptors in morphine vs butorphanol dependence, male rats, 4300

Neural Receptors [See Also Chemoreceptors, Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Thermoreceptors]—Books

Imidazoline receptors and their endogenous ligands: Current concepts and therapeutic potential, 28270
Molecular and functional diversity of ion channels and receptors, 26688

Neural Receptors [See Also Chemoreceptors, Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Thermoreceptors]—Chapters

Attenuation of tolerance to opioid-induced antinociception by idazoxan and other I_2-ligands, 26868
Behavioral effects of RS-45041-190, a selective I_2 imidazoline ligand, in rats, 26870
D_3 receptors and the actions of neuroleptics in the ventral striatopallidal systems of schizophrenics, 26871
Functional specificity of ventral striatal compartments in appetitive behaviors, 26873
5-HT receptor knockout mice: Pharmacological tools or models of psychiatric disorders, 26553
Imidazoline receptors and human brain disorders, 27501
Molecular diversity of neuronal nicotinic acetylcholine receptors, 26875
Opioid modulation of ventral pallidal inputs, 26877

Plasma agmatine and platelet imidazoline receptors in depression, 27648
Regulation of neurotransmitter interactions in the ventral striatum, 26876
b2-subunit-containing nicotinic acetylcholine receptors in throle of 26874The
Serotonin and the frontal lobes, 7109
Neural Regeneration [See Neural Development]
Neural Transplantation—Serials
adrenal medullary transplants, pain behavior, male rats with quisqualic acid induced spinal cord injury, therapeutic efficacy of chromaffin cell transplants, 3823
efficacy of bilateral fetal nigral transplantation in postcommissural putamen, symptoms & activities of daily living & motor function, 39–63 yr olds with advanced Parkinson's disease, 2 yr study, 18823
potential role of neural transplantation in treatment of traumatic brain injury, 9021
standard vs enriched activity housing condition, neuronal markers & neocortical graft-host interface, hypertensive rats with cortical infarct cavity, 16959
Neuralgia [See Also Trigeminal Neuralgia]—Serials
central & peripheral mechanisms of neuropathic pain following peripheral nerve injury, 37811
efficacy & safety of gabapentin, 40–90 yr olds with postherpetic neuralgia, 9030
GABA injection, sensory behaviors associated with neuropathic pain, rats with nerve injury, 33390
iontophoretic vincristine, intercostal or lumbar postherpetic neuralgia, adults (mean age 70.1 yrs), 15408
neuropathic mechanisms & use of tricyclic antidepressants & anticonvulsants & local anesthetics & clonidine & NMDA-antagonists & opioids in treatment of postherpetic neuralgia, 38393
pain relief following accidental subparietal ischemia & ipsilaterality of pain processing, 52 yr old female with neurogenic pain, 5198
positive symptoms associated with & underlying pathophysiologic mechanisms & diagnosis & treatment of peripheral neuropathic pain syndromes, 37909
standard pharmacologic treatment of neuropathic pain & use of gabapentin in treatment of postherpetic neuralgia & diabetic peripheral neuropathy, 38406
use of analgesics & other drugs in management of diabetic neuropathic pain, 38419
Neuralgia [See Also Trigeminal Neuralgia]—Chapters
A belt of roses from hell: Acute pain in herpes zoster and postherpetic neuralgia, 8529
Neurasthenic Neurosis—Serials
skin pain sensitivity & psychoemotional stress, male 18–49 yr olds with vs without chronic neurasthenia, 30771
Neuroanatomy—Serials
activation of brain areas & neuroanatomical correlates of visual evoked sexual arousal in temporal & prefrontal lobes & limbic structures, 21–25 yr old human males, 13594
anatomical structure of dorsocaudal neostriatum complex & neostriatum dorsocaudale & role in imprinting & learning & memory formation & synaptic processes, domestic chicks, 13521
anatomy of foveal fixation system & relationship to system for visuospatial attention during fixation of central point with vs without peripheral visual distractors, 22–34 yr old males, 26631
assessed regional cerebral blood flow & other neuroanatomical correlates of sexual vs competitive arousal, 21–32 yr old males, 33243
assessment of neural networks involved in intrinsic alertness, 23–34 yr old male college students, 23163
behavioral neuroanatomy seminar & braincuttings as curriculum for psychiatric residents emphasizing neuroanatomical feature of brain regions with behavioral affiliations relevant to mental disorders, 32102
brain abnormality, individuals with schizophrenia, 21148
brain imaging data on neuroanatomical circuitry related to aggression symptom prevalence in psychiatric disorders, 24145
brain mechanisms of propofol-induced loss of consciousness, Ss (mean age 25.4 yrs), 26772
brain tomography-assessed neuroanatomical correlates of aggression, humans & animals, 26610
cell densities & retinal ganglion cell:cone eccentricity ratio from foveal border to peripheral retina & estimation of receptive fields for study of retinal neuronal architecture, patients 39 & 73 & 49 yrs old, 33253
changes in functional regional brain activity measured via blood flow during recall of abstract designs under less vs well practiced conditions, 22–29 yr old right handed males, 20130
changes in neural function & regional cerebral blood flow mediating differences in performance of verbal recognition tasks, 20–29 vs 62–79 yr olds, 13560
chemotopic vs combinatorial vs noncombinatorial odorant stimulation, morphological activation in olfactory bulb, zebrafish, 7044
construction of designer generalized Brain-State-in-a-Box neural networks representing associative memories with interconnecting weights & self-feedback in all neurons, 6454
cortical topography & dynamics of short-term and long-term memory, 467
cumulative effect of deviant structure in cerebral hemispheres & 3rd ventricle & 3 association cortex sulcal landmarks on diagnosis, 15–61 yr old males with schizophrenia, 30731
current state of development of radiotracer probes for positron emission tomography & SPECT imaging of serotonergic function in depression, 1547
disparity-selective neurons in middle temporal visual area, monkeys, 10404
dynamic core hypothesis of properties of neural substrate of consciousness, 7091
early neuroanatomy & later diagnostic outcome & attentional behavior, 2.6–6.3 yr olds provisionally diagnosed with autism, 21386
epidemiology & etiology & neuroanatomy & neuropsychology of Capgras syndrome, 11410
evolutionary processes & similarities & differences in sensory pathways, telencephalon & visual processing neuroanatomy, birds vs reptiles vs mammals, 13590
frontal-subcortical neuroanatomy of obsessive-compulsive disorder, 4994
functional & structural asymmetries in posterior superior temporal lobe, 45–60 yr olds at postmortem, 36398
functional connectivity of neural systems that subserve attention & impulse control during performance on Stroop Word-Color Interference Task, 18–57 yr olds, 23105
functional neuroanatomy & regional cerebral blood flow during hypnotic state, 23–39 yr olds, 10241
functional neuroanatomy of anger, 21–32 yr old males, 29660
generalized tonic–clonic seizures, expression of Fos in dorsal pons & neuroanatomy, rats, 3838
glutamatergic & cholinergic & noradrenergic & dopaminergic & serotonergic & GABA neurochemical substrates influences on & neuronal structures involved in generation of P300 , 33286
glutamatergic neurotransmission, brain structural & symptomatic deficits, adult males with schizophrenia , 1626
hippocampal pituitary volume ratio & measurement of reciprocal neuroendocrine alteration, male adults (mean age 44.5 yrs) with alcohol dependence, 34343
hypothesized reduction in interneuronal neuropil in prefrontal cortex as prominent feature of cortical pathology in schizophrenia, 11437
immediate posttraining microinfusion of sulpiride into the nucleus accumbens shell vs core, memory for water maze performance, male rats, 26848
implications of frontotemporal dementia & Alzheimer's disease for anatomical & functional & developmental definition of frontal lobe as differentiated from motor & sensory cortices of central lobe, 31193
intrahypothalamic hyperinsulinism, morphological alterations of ventromedial vs lateral vs dorsomedial hypothalamic nuclei, postnatal rats, implications for role in weight regulation, 17087
living environment, hippocampus neurogenesis, female C57BL/6 mice, 36426
localization & innateness & domain specificity of language & infant brain, 30155
localization of spatial & semantic inhibitory processing in posterior and anterior attention networks, 19–40 yr olds with schizophrenia, 17909
method for measuring hippocampus & amygdala & entorhinal cortex on MRI, 3855
method for projecting sulcal pattern of brain onto 2D plane, 19–35 yr old male twins, 3847
methodology of volumetric MRI, schizophrenia vs high risk patients, 32689
mitotic phosphoepitopes & helical filaments in Alzheimer's disease, human brain biopsy tissue of 28–93 yr olds, 5414
model of parallel neural networks, learning sequential procedures, monkeys & humans , 36420
modeling of paradoxical brain-lesion effects & rules of inference for brain structure & function, 29873
MRI scans of volumes of total cerebrum & lateral ventricles & hippocampus & amygdala, adolescents (mean age 14.4 yrs) with childhood onset schizophrenia, longitudinal study, 37362
MRI-based morphometric analysis of thalamic & amygdala–hippocampal volume, 20–65 yr old nonpsychotic & nonschizotypal 1st-degree relatives of schizophrenics, 37387
neural activity underlying P300 abnormalities & cognitive processes in schizophrenia patient data, 21151
neural bases of song preferences & role of high vocal center vs caudal hyperstriatum ventral, female zebra finches, 489
neural integrative activities & functional specializations of the nucleus accumbens shell & core in relation to motivation & learning behavior, 26609
neural mapping of direction & frequency in cercal sensory system, crickets, 13576
neuroanatomic bases of autism, 18130
neuroanatomic correlates of associative vs apperceptive visual agnosia, 80–95 yr old patients with Alzheimer's disease, 11892
neuroanatomic substrates & cognitive factors associated with erotomania, 30 yr old male & 65 yr old female patients , 17819
neuroanatomical & neurochemical basis of conditioned fear, rats, implications for human anxiety disorders, 29791
neuroanatomical & neuropsychological correlates, 26 yr old female with massive bilateral prefrontal damage of unknown etiology, 18385
neuroanatomical & physiological & functional imaging studies of cutaneous-evoked tinnitus, 34700
neuroanatomical correlates of auditory system responses to volume & frequency, 21–28 yr olds, 16924
neuroanatomical correlates of encoding & retrieval in episodic memory task, adult males, 7054
neuroanatomical correlates of semantic processing, patients with mild Alzheimer's disease, 28202
neuroanatomical substrates & distinguishing clinical features of & drug therapy for pathological laughter, 67 yr old male with 20 yr history of involuntary unremitting laughter following brain injury, 21581
neuroanatomy & morphology of hippocampal formation & spatial memory role & comparison to mammal hippocampus, songbirds, 13595
neuroanatomy & physiology of amygdala in psychotic illness, female with psychotic illness, 1588
neuroanatomy associated with retrieval of semantic & episodic memories, 21–38 yr olds, 7094
neurochemical & excitatory & inhibitory mechanisms of visual cortex & functional role of centrifugal visual system on visually-guided behavior, birds, 13565
neurofibrillary tangle staging in nucleus basalis & cerebral cortex, patients with Alzheimer's disease with vs without Lewy body disease, 5328
neurohistological & structural brain abnormalities in schizophrenia & mood disorders, 37256
neurophysiological function & brain structure, people with vs without bipolar disorder, 37328
neuropsychological test performance & deficits & neuroanatomical locus of dysfunction & involvement of neurotransmitter systems in & drug therapy for frontal variant frontotemporal dementia, 31309
nortriptyline, brain morphology & depressive symptoms, adults (mean age 75.2 yrs) with geriatric depression, 18756
number & morphometry of dorsal raphe nucleus serotonin neurons, postmortem brains of 17–74 yr old suicide victims, 30853
numbers of & rostro-caudal & ventro-dorsal distribution of neuromelanin containing neurones in locus ceruleus, postmortem brainstems of 39–67 yr olds with bipolar disorder vs major depression, 27577
plasticity & anatomy of serotonergic neurons in integrating external sensory & motor systems & homeostasis of neural tissue, 26540
possible dynamic imbalance of neocortical–subcortical interactions in etiology of early-onset schizophrenia, 37358
pyramidal neuron size in hippocampus & correlates with total cell count & degree of cell disarray, schizophrenic probands, 34161
reversible functional inactivation technique & role of subcortical & cortical structures in memory processes, 10201
revised Talairach-based automated method for pediatric group, lobar brain region measurement, healthy children & adults vs girls with Rett syndrome, 32680
role of GABA & glycine receptors in inhibition of dorsal horn neurons of spinal cord, rats, implications for pain perception, 33195
rotation of Ray & Taylor Complex Figures & performance parameters & anatomical correlates, 12–67 yr old patients with neuropsychological disorders, 6654
schizophrenia & substance abuse & brain morphology, schizophrenia patients, 11435
sex & size & fiber composition of anterior commissure, postmortem brains of individuals with schizophrenia, 21138
sex, differences in neuropsychology & cognitive processes & gray & white matter volume & CSF, healthy 18–45 yr olds, 20104
sexual dimorphism in morphology of hippocampal formation & role of androgens in development of sex differences in granule cell layer, A/J vs testicular feminization mutant vs wildtype C57/BL6J mice, 29862

song control nucleus & thalamic visual area, courtship success, male brown-headed cowbirds, 373
spatial orientation signals for motion direction in human visual system, psychophysical observers, 26594
spatial tasks, medial vs lateral septal complex neuron firings, albino Wistar rats, 36498
structural & functional & clinical significance & MRI of planum temporale in normal vs schizophrenic vs dyslexic brains, 14414
structural & functional neuroimaging in autism, 1846
syndrome asymmetry relations & drug influences on functional neuropsychophysiological asymmetry in schizophrenia, 14551
whole brain & bilateral temporal lobe & temporal gyrus volumes & laterality correlates of auditory hallucinations, schizophrenics (mean age 33.2 yrs) with history of auditory hallucinations, 37372
Wisconsin Card Sorting Test, frontal regional cerebral blood flow in cingulate gyrus vs prefrontal cortex, normal volunteers, 3829

Neuroanatomy—Books

The human frontal lobes: Functions and disorders, 7097
Transcortical aphasias, 31344

Neuroanatomy—Chapters

Autism: Clinical features and neurobiological observations, 30959
Brain and sexual behavior, 26550
Building a picture of the brain, 26659
Functional and anatomical relationships among the amygdala, basal forebrain, ventral striatum, and cortex: An integrative discussion, 26662
Functional-anatomical implications of the nucleus accumbens core and shell subterritories, 26672
The importance of being well placed and having the right connections, 26669
The influence of chromatic information on visual motion processing in the primate visual system, 3952
Linking cognition, brain structure, and brain function in Williams syndrome, 31090
Memory and the frontal lobes, 7110
Neuroanatomical bases of the reinforcing stimulus effects of cocaine, 3804
Neuroanatomical correlates of the aphasias, 5428
The neurobiology of trichotillomania, 8233
Psychobiology of post-traumatic stress disorder, 21206
Structural and functional asymmetries of the human frontal lobes, 7104

Neurobiology—Serials

age as main effect vs intervening variable in age-related changes in cortical acetylcholine & cognition, rodents, 3906
application of artificial neural network algorithms & connectionist models of modification & elaboration of neural circuitry to developmental neurobiology research, 6470
behavioral & neurobiological evidence on function of nicotine as drug of abuse, 4242
biological effects & underlying molecular & cellular mechanisms of lithium's therapeutic effects in bipolar affective disorder, 38261
biological role of stress response in neural connectivity & adaptive self-organization & relation between stress & brain development during early childhood, 4432
biologically determined & abstract domain specific representation of number & elementary arithmetic operations in brain, animals &/vs infant & adult humans, 4423
clinical & neurobiological correlates & risk factors of cytogenetic abnormalities, children & adolescents with very early onset of schizophrenia, 37379
clinical & neurobiological evidence for hypothesis that schizophrenia involves limited neurodegenerative process with psychotic symptoms that is most active in early stages, 34172
cognitive & neurobiological processes in speechreading, 158
comorbidity & shared neurobiology & impact on pharmacotherapy, patients with stimulant dependence & depression, 8002
developments in field of neurobiology, implications for psychiatry, 33199
distributed parallel processing model for visual & auditory brain areas, neural basis of neuropsychological rehabilitation, 458
elementary phenotypes for neurobiological & genetic linkage studies of schizophrenia, 27651
ideas & clinical features of depersonalization from neurobiological perspective, 1481
input organization to the dorsomedial nucleus of hypothalamus via Fluorogold retrograde vs leucoagglutinin anterograde axonal tracing, rats, 3928
integrated neurobiological & psychological approach to panic disorder, 1659
intrinsic circuitry of forebrain song control in robust nucleus of archistriatum, tonic to phasic neural activity during singing, zebra finches, 29859
kindling & 2nd messenger mechanisms as aspects of neurobiology & recurrence of bipolar disorders, 14483
link between neurobiology of apolipoprotein & lipoprotein receptors in CNS & Alzheimers disease, 5306
long term use of neuroleptics, neurobiological effects, 5641
maternal exposure to delta-9-THC, morphine self-administration & neurobiology, male vs female adult rats, 33360
medical science study of human brain & communication biology & use of psalics, implications for conceptualization of mental health problems, 7011
molecular biology & role of suprachiasmatic nuclei & effects of antidepressants, circadian rhythm & REM sleep & sleep–wake cycle disturbances in depression, 24196
molecular biology of odorant receptor genes, olfactory discrimination, humans & vertebrates, 19703
MRI analysis of abnormalities in N-acetyl-aspartate & creatine plus phosphocreatine & choline compounds in hippocampus & dorsolateral prefrontal cortex, schizophrenic Ss & unaffecting siblings, 14539
neural bases of naming errors, elderly patients with Alzheimer's disease or dementia, 18442
neural basis of social phobia, 21171
neural encryption as analogy to first-rank symptoms of schizophrenia, 4961
neural substrates of drug craving & drug relapse, drug addicts, 5091
neurobiological & psychophysical mechanisms of oral sensations produced by carbonated water, rats & 19–29 yr olds, 32783
neurobiological approach to innateness & universality & species-specificity & autonomy of language capacity, monkeys & humans, 21 comments & reply included, 26646
neurobiological approach to innateness & universality & species-specificity & autonomy of language capacity, humans, 21 comments & reply included, 26595
neurobiological approach to innateness & universality & species-specificity & autonomy of language capacity, humans, 21 comments & reply included, commentary reply, 26625
neurobiological aspects of childhood obsessive-compulsive disorder, 34206
neurobiological bases of learning & memory, 10423
neurobiological basis & assessment & consequences of impaired insight & related deficits, patients with schizophrenia, implications for treatment decisions, 17911
neurobiological basis of memory, invertebrates & lab rodents & other vertebrates, 7045
neurobiological correlates of the antidepressant action of electroconvulsive therapy, 2424
neurobiological effects & developmental sequelae of child abuse & neglect, 24417
neurobiological effects of icv infused anxiolytic compounds in animal models of anxiety, 20335
neurobiological role of brain serotonergic function as factor in setting threshold for acting on suicidal impulses, 11543
neurobiological systems involved in trauma & pharmacological agents for target symptoms in rational approach to medication use, children & adolescents with PTSD & comorbid conditions, 38233
neurobiology & neuropsychology of memory & amnesia & issues in recovered memory, 6926
neurobiology & other neural mechanisms of delirium, 31220
neurobiology & trauma & psychoanalytic conception of unconscious in psychotherapy, 18643
neurobiology of & current status of pharmacotherapy for generalized anxiety disorder, 8169
neurobiology of behavior & human adaptation, 3876
neurobiology of brain maturational deviations, onset of schizophrenia, adolescents, 34166
neurobiology of memory & its implications for psychotherapy, 15145
neurobiology of social phobia, 8202
neurobiology of tobacco smoking & addictive disorders, 27849
neurological models & neuroleptic treatment, negative symptoms of schizophrenia, 5625
neuronal mechanisms associated with genesis of different motor patterns of buccal ganglia & their modifications by contingent reinforcement, Aplysia , 16935
neurotransmitter regulation & neuroanatomy & clinical correlates & other aspects of interaction of genetic & environmental & social influences in neurobiology of violence, 30858
overview of gene activation & molecular neurobiology & relevance for psychiatry practice, 36463
pentylenetetrazol-induced seizures, cell suffering &/or cell death, 10 day old rats, 10638
pharmacological behavioral profile of adenosine receptor ligands through use of locomotor activity model, male rats, 3884
potential relevance of advances in neurobiology of learning & memory to medical education, 25623
premorbid educational attainment & symptomatology & quality of life & cognitive performance & neurobiologic correlates of improved outcome, patients with schizophrenia , 1622
prepulse inhibition of startle & neurobiology, 6.2–12 yr old males with primary nocturnal enuresis, 21187
quantitative & molecular & genetics in child psychiatry & multifactorial disorders, 11335
role of limbic system in neurobiology of multimodal sensory integration & intentional action, 3842
role of mitochondrial mutations & oxidative pathology & protective nuclear responses & cell death in neurodegeneration & diseases, implications for treatment, 13526
sensory & endocrine & neural mechanisms & importance of learning & plasticity, mother–infant relationship, mechanism for intergenerational transmission of parenting styles & responsiveness, 29926
stability & developmental variation of neurobiological measures, 8–11 yr old males with ADHD, 2.5 yr study, 11698
symptoms & neurobiology & pharmacological treatment of attention deficit hyperactivity disorder, 37642

Neurobiology—Books

Cocaine abuse: Behavior, pharmacology, and clinical applications, 5096
Ethical know-how: Action, wisdom, and cognition, 23617
Neurobiology of mental illness, 27562

Neurobiology—Chapters

Autism: Clinical features and neurobiological observations, 30959
Biological and behavioral heterogeneity in autism: Roles of pleiotropy and epigenesis, 37656
Brain and behavior, 21018
Conceptual and methodological issues in dyslexia research: A lesson for developmental disorders, 30994
A conceptual framework for investigating the neurobiology of stuttering, 18229
Implications of early sensory processing and subcortical involvement for cognitive dysfunction in schizophrenia, 24307
Neurobiological aspects of PTSD: Review of clinical and preclinical studies, 21209
Neurobiological bases of alcohol's psychological effects, 23368
The neurobiology of posttraumatic stress disorder: An integration of animal and human research, 7100
The neurobiology of suicidal behavior, 8317
The neurobiology of trichotillomania, 8233
Neuropsychology of childhood mental disorders: Integration of phenomenological, neurobiological, and neuropsychological findings, 24113
Part II: Methods of clinical neurobiological research, 27565
Part IX: Special topic areas, 27498
Part VIII: Psychiatric disorders of childhood onset, 27502
The periconscious substrates of consciousness: Affective states and the evolutionary origins of the self, 19907
Recent neurobiological research in autism, 14845
Tolerance and sensitization to cocaine: An integrated view, 4315

Neurochemistry [See Also Neuroendocrinology, Receptor Binding]—Serials

18-methoxycoronardine, nicotine-induced dopamine release in nucleus accumbens & nicotine preferences, rats, comparison with ibogaine, implications for smoking treatment, 669
5-HT agonist 8-OH-DPAT modulation of median raphe nucleus, hippocampal EEG & GABAergic interneuron & principal cell activity, freely behaving rats, 20349
5-HT neurotransmitter system as substrate for functional deficits & clinical symptomatology in aging & late-life depression & Alzheimer's disease, commentary reply, 27480
5-HT neurotransmitter system as substrate for functional deficits & clinical symptomatology in aging & late-life depression & Alzheimer's disease, commentary, 27477
[F]DOPA & presynaptic dopaminergic accumulation in high midbrain, 10–17 yr olds with ADHD, 30815
ability of monocytes to migrate towards chemoattracting benzodiazepines, 33–65 yr olds with generalized anxiety, 12231
accumbens dopamine depletion, rate of progressive ratio responding, male rats, 36418
activity-dependent plasticity & neuromodulator-induced metaplasticity of synaptic inputs from inhibitory & excitatory interneurons in spinal cord locomotor network, lamprey, 13575
acute & permanent occlusions of carotid & vertebral arteries, cerebral energy metabolism & working & reference memory, adult male rats, model of cerebral ischemia, 26632
acute doses of vigilance enhancer modafinil, extracellular glutamate vs GABA in medial preoptic area vs posterior hypothalamus, rats, 13728

acute lead acetate, ethanol- or d-amphetamine- or tert-butanol-induced locomotor activity & brain catalase activity, male mice, 20275
acute vs chronic marijuana, changes in brain receptors & neurotransmitter systems & metabolism, humans & animals, 30895
acute vs repeated estrogen vs progesterone, amphetamine induced striatal dopamine & stereotyped behavior, ovariectomized female rats, 36526
age-related decrease of expression of GAP-43 & synaptophysin in hippocampal formation, 24 mo old male mice physically trained vs not trained since 3 mo of age vs 3 mo old untrained male mice, 597
alcohol, individual differences in regional cerebral glucose metabolic rate during divided attention, male light to moderate social drinkers, 10584
androgens, electric organ discharge & androgen receptor expression in electrocommunication system, Electric Fish, 4141
antagonism of beta-CCT, pharmacological effects of zolpidem & diazepam, male mice & rats, 36562
antidepressant effects of hyperforin, adult male rats, animal model of depression, 4117
antidepressant properties of 5-HT receptor agonist (+)-S-20499, behavior & neurochemistry in elevated plus maze & open field, bulbectomized male rats, 13783
behavioural manifestations of manipulating inositol & cyclic adenosine monophosphate (cAMP) & G proteins in interations with lithium, rats, implications for treatment of bipolar affective disorder, 36575
benzoindane S 18126 vs raclopride vs L 745,870, dopamine D/4 receptor blockade & in models of antipsychotic & extrapyramidal properties, rats, 718
biochemical & molecular characterization of tau protein pathology & neurofibrillary degeneration in Alzheimer's & Pick's diseases & supranuclear palsy & corticobasal frontotemporal dementias, 31211
biological effects & underlying molecular & cellular mechanisms of lithium's therapeutic effects in bipolar affective disorder, 38261
brain anatomy & metabolism, female premutation carriers of Fragile X syndrome (mean age 39 yrs), 37701
brain metabolic activation during cocaine cue-elicited cravings & physiological responses, 26–48 yr olds, 13597
brain N-acetyl-aspartate concentration reduction during perinatal period, adult male rat offspring subjected to stress, implications for neurodevelopmental disorders, 11926
Ca2+ channel blockade with nifedipine, amphetamine sensitivity & neurochemical consequences of immobilization stress, male rats, 10610
calcium influx vs protein kinase vs mitogen-activated protein kinase, mediation of ischemic preconditioning-induced protection in cortical neurons, rat cultures, 29864
catecholamine depletion & nocturnal 6-hydroxymelatonin sulfate as marker of tyrosine hydroxylase inhibitor alpha-methyl-para-tyrosine in noradrenergic activity, healthy 19–38 yr olds , 13770
cellular neuroadaptations underlying interactions between pharmacology of & learned associations made with pharmacologic effect of cocaine & associated behavioral changes of paranoia & craving, 1783
cerebellar purkinje cell simple spike discharge, movement direction & speed during arm movement & tracking task, monkeys, 13633
cerebral phosphorus metabolite abnormalities & treatment duration, opiate-dependent polydrug abusers in short- vs long-term methadone maintenance therapy, 32039
ceruletide, PCP & NMDA receptor antagonist dizocilpine induced changes in extracellular levels of dopamine & 5-HT in prefrontal cortex & striatum, male rats, 658
changes in histamine neuronal systems during hibernation, golden-mantled ground squirrels , 13645
changes in membrane fatty acids & delta-9 desaturase in hippocampus with aging, senescence-accelerated mice, 36432
changes in phosphorous metabolism & phospholipid levels in temporal lobes, drug-naive adults (mean age 23.1 yrs) with schizophrenia, 30707
cholecystokinin tetrapeptide, platelet & plasma catecholamine concentrations, healthy volunteers, 13755
cholecystokinin vs lithium chloride, fos expression in the brain, Japanese quail, implications for cholecystokinin effects on feeding behavior, 4107
cholinergic & serotonergic & glutamate receptor neurochemical pathologies of in frontal & temporal & partietal cortices, Ss with Pick vs non-Pick frontotemporal dementia vs Alzheimer's disease, 31306
chronic diazepam, stress-induced brain levels of 3 alpha,5 alpha- tetrahydroprogesterone & corticosterone, male vs female & orchidectomized vs ovariectomized rats, 20389
chronic dietary inositol, locomotor activity & brain inositol levels, rats, 694
chronic lead acetate exposure, ethanol-induced locomotor & brain catalase activity, male mice, 33380
chronic low dose diisopropylfluorophosphate, neurochemical changes in the pontomesencephalic tegmentum, rats, implications for role of cholinergic neurotransmission in behavioral state control, 36410
chronic low dose diisopropylfluorophosphate, time course of sleep/wake cycle changes & cholinergic inhibition in pontomesencephalic tegmentum, male rats, 36548
chronic unpredictable stress vs corticosterone vs dexamethasone, regulation of G-protein-signaling protein type 4 regulator, male rats, 20125
clinical & neuropathologic & neurochemical correlates of D12S1045 91 base pair allele, autopsy-confirmed cases of Alzheimer's disease, 13505
clinical & neuropathological & neurochemical correlates of D10S1423 234bp allele, autopsy-confirmed cases of Alzheimer's disease (mean age 67.1 yrs at symptom onset), 34693
clinical & neuropathological & neurochemical correlates of DXS1047 202 bp allele, autopsied brains of patients with Alzheimers disease, 28219
cocaethylene, neurochemistry & behavior, adult male Long-Evans vs Sprague-Dawley rats, 4102
cognitive behavioral therapy, cerebral metabolic activity in obsessive compulsive disorder, 5538
conspecific song perception, cyclic adenosine monophosphate response element-binding protein phosphorylation in higher vocal center, male zebra finches, 20139
cortical acetylcholine & cognitive dysfunctions & schizophrenia & Lewy Body Dementia, 8014
CSF HVA & MHPG & altered dopamine neuronal function, females recovered from restricting type anorexia &/vs bulimia nervosa subtypes vs controls, 34501
CSF somatostatin & beta-endorphin immunoreactivity & acetylcholinesterase & 5-HIAA levels, 60–88 yr old psychogeriatric ward patients with delirium, 1 & 4 yr followups, 37865
cytochrome P450 3A4 inhibitor itraconazole, haloperidol metabolism, 27–56 yr old patients with schizophrenia, 18754
cytokine & neuropeptide system characteristics during lipopolysaccharide vs muramyl dipeptide induced anorexia during refeeding, acutely fasted rats, 4152
D-amphetamine, regional accumulation of lactate & free fatty acids in brain, rats with fluid percussion brain injury, 4136
density of 5-HT receptors & transport sites in neurochemistry of learned helplessness, male rats, 10681
dextro-amphetamine self administration vs maintenance vs extinction vs reinstatement, dopamine fluctuations in nucleus accumbens, male rats, 20135
dopamine delivery at target structures & direct learning & decision-making, Ss & network based on predictive model of mesencephalic dopamine systems, 3210
effect of RU 486 on progesterone inhibition of maternal responsiveness & brain sites & expression of intracellular progesterone receptors during pregnancy & lactation, rats, 26826
energy metabolism in brain & mental fatigue, 22–36 olds, 23463
ethanol pretreatment, expression of NGFI-A mRNA in brain following stress test, male rats, 30063
ethanol self-administration & preferences, drinking behavior & neurochemical correlates, monkeys, 33041
ethanol, nervous system cells & cycle delay, rats, 20325
exposure of cerebral vascular smooth muscle cells to methanol concentrations of 10–400mM, changes in concentration of intracellular free calcium ions, male canines, implications for CNS toxicity, 30024
functional role of antipsychotic S 16924 in control of positive & deficit-cognitive symptoms of schizophrenia in various experimental paradigms, rats, comparison with clozapine & haloperidol, 4220
functions in brain & behavioral responses, central 5-HT receptors, 33188
gangliosides in cerebrospinal fluid, 1–22 yr olds with autistic & other autism spectrum disorders, implications for etiology of autism, 1857
glial cell line-derived neurotrophic factor, extracellular levels of dopamine in striatum 24 hrs postadministration & protection against neurotoxic effects of methamphetamine, male rats, 29775
glutamate vs NMDA, corticotropin-releasing factor release from amygdala, rats, 13530
glutamatergic neurotransmission, brain structural & symptomatic deficits, adult males with schizophrenia , 1626
glycine transport inhibitors, phencyclidine-induced activity, rats, 13752
history of adrenochrome hypothesis of etiology & its rejection by psychiatric community, persons with schizophrenia, 24260
HVA & MHPG & 5-HIAA plasma monoamine metabolites & parameters of aggression, 8–12 yr olds with conduct disorders, 14709
icv injection of streptozocin, cognitive performance & biochemical markers in septum & hippocampus & striatum, rats, animal model of sporadic Alzheimer's disease, 23566
imidazenil vs diazepam, tolerance liability & cocaine-induced activity & extracellular dopamine in nucleus accumbens shell & striatal dialysates, male rats, 668
imipramine & ECT, activity of calcium/calmodulin dependent protein kinase II in hippocampus, male rat brains, 23343
immune & metabolic & endocrine responses to social stress, dominate vs subordinate 12 wk old pigs, 4078
impact of locus of control & perceived social support & their interaction on depression & immunological & neurochemical indicators of stress in response to receiving breast biopsy results, females, 13665
in vivo receptor imaging techniques & knowledge of neurochemistry & pharmacology of schizophrenia. , 24242
inducible genetic suppression of neuronal excitability as goal of therapy for epilepsy & intractable pain, 13500
inhibition of protein synthesis or PKA or MAP kinase activity, memory consolidation in fear conditioning, male rats, 20140
inhibitory interactions between presynaptic auto- & heteroreceptors & noradrenergic neurons, 3910
inhibitory role of dopamine & GABA in frontal cortex & behavioral sensitization to amphetamine & cocaine, male mice, 687
innate alcohol preference, opioid system & brain regions, alcohol preferring vs nonpreferring rats, 33393
interaction of muscarinic selective antagonist with cloned human muscarinic receptors, implications for treatment of Alzheimers disease, 10428
interictal fluorine-18 flurodeoxyglucose positron emission tomography, functional anatomy of deja vu experience, 13–51 yr olds with temporal lobe epilepsy with vs without deja vu , 31173
intra-amygdala galanin, fear & anxiety in punished drinking vs elevated plus-maze test, male rats, implications for regulation of emotion, 33233
involvement of amygdala in modulation of working vs short-term vs long-term memory, rats, 16897
kava extract & kavapyrones, dopamine & 5-HT levels & concentrations in nucleus accumbens, male rats, 623
kynurenine hydroxylase inhibitors mNBA or Ro 61-8048, immune-stimulated effect on quinolinic acid in blood & brain, male mice, 33378
lactate infusion & stress of confinement, time to onset of panic attack & imaging of hemispheric or discrete areas of brain metabolic abnormalities, adults with panic disorder (mean age 33.1 yrs), 11461
language processing & cerebral metabolic activity, 15–59 yr olds with left- or right-sided temporal lobe epilepsy, 24776
learning & nerve growth & brain-derived neurotrophic factor levels in hippocampus vs spinal cord vs hypothalamus, transgenic mice overexpressing tumor necrosis factor alpha with vs without CNS inflammation, 36396
level of sexual satiety & Fos-immunoreactivity in extended amygdala, male Syrian hamsters, 3894
levels of transforming growth factor alpha in CSF, 15–82 yr old patients with various neurological symptoms, implications for pathophysiology of neurological diseases & brain development, 21611
lidocaine in histaminergic neurons of tuberomammillary nucleus, memory & learning during inhibitory avoidance paradigm, male rats, 33398
lipopolysaccharide immune stimulation, induction of Fos expression in brainstem amygdala afferents, rats , 17110
lithium & carbamazepine & valproate, inhibition of high affinity myo-inositol transport system & mRNA downregulation, primary astrocyte cultures, 33443
long term memory stimulators ethylnorantiphein & M1 & M2 analogs, genetic apparatus of neuronal calcium-regulatory system in cortex and hippocampus, rats , 485
long-term potentiation biochemistry in development of memory-enhancing drugs, 704
magnetic resonance spectroscopy, differentiation of frontal white &/vs temporal gray matter neurochemistry in healthy vs pathological aging, 62–83 yr olds with probable Alzheimers disease, 8659
maternal exposure to human influenza virus, expression of synaptosome-associated protein 25 kDa in septotemporal vs medial vs dorsal hippocampus, neonatal mice, 3840
mechanism of alcohol action on 5-HT3 receptor & role in alcohol abuse & alcoholism, 30896
mechanisms of action of mood-stabilizing agents, implications for treatment of mood disorders, 12210
methylation cycle & transmethylations & DNA synthesis & neurodegeneration, patients with Alzheimer's disease & dementia of Alzheimer's type, 8667
methylphenidate induced craving, glucose metabolism in brain, male cocaine abusers (mean age 36 yrs), 8294

metyrapone, restraint & plus-maze induced anxiogenic behavioral & neurochemical sequelae, male rats, 4115
midazolam, saccadic eye movement & GABA-A benzodiazepine receptor sensitivity & subjective assessments, patients on chronic benzodiazepine treatment (mean age 44 yrs), 38296
mitochondrial respiratory chain enzyme cytochrome-c oxidase, basal ganglia regional energy metabolism, postmortem brains of chronic schizophrenics, 30745
molecular & cellular & hippocampal substrates of place learning , 515
morphine, acetylcholine release in rostral ventrolateral medulla & nociception, male rats, 23588
morphine, metabolism of dopamine & serotonin, alcohol-preferring vs alcohol-avoiding rats, 23517
MRI signal hypointensity & iron content of putamen nuclei, elderly patients with major depression, 4924
myo-Inositol ingestion, brain myo-Inositol levels & brain metabolism & mood change, adults (mean age 24.1 yrs) , 20342
myo-inositol levels in left vs right frontal brain using proton-magnetic resonance spectroscopy, depressed patients, 8096
neonatal clomipramine treatment, day–night differences in locomotor activity & anxiety-related behavior & brain serotonin metabolism, hamsters, 23606
neuroanatomical & neurochemical basis of conditioned fear, rats, implications for human anxiety disorders, 29791
neurochemical & behavioral characterization of potential antidepressant properties of indeloxazine hydrochloride, rats & mice, 4302
neurochemical & behavioral effects of nucleus accumbens dopamine depletions & rate of responding, 26640
neurochemical & excitatory & inhibitory mechanisms of visual cortex & functional role of centrifugal visual system on visually-guided behavior, birds, 13565
neurochemical basis & mechanisms of cognitive impairment & effects of atypical antipsychotic agents on cognition, patients with schizophrenia, 14536
neurochemical basis of & neuropharmacology of serotonin & noradrenaline in depression, 38239
neurochemical mechanisms of action of electroconvulsive shock, implications for treatment of major depression with ECT, 2426
neurochemistry of left frontal & temporal cortices & left basal ganglia & left & right thalamus & possible drug effects, 25–67 yr old males with schizophrenia, 4943
neuroprotective & long-term beneficial effects of lithium in treatment of mood disorders, 38278
nitric oxide synthase inhibitor L-NAME, amphetamine-induced locomotor activity, mice, 36545
NMDA receptor agonist vs antagonist, extinction of appetitive instrumental response, male rats, 4247
norepinephrine reuptake inhibitor LY368975, acute effects in food intake & locomotor behavior & 5-HT & tomoxetine & paroxetine binding & 6-OHDA-induced norepinephrine depletion, mice & rats, 664
NRA0045 vs haloperidol or risperidone or clozapine, in vivo receptor occupancy of 5-HT2A & alpha1 & dopamine D2 & D3 receptors in frontal cortex & striatum & nucleus accumbens, male rats, 33377
nucleoside transport regulation in undifferentiated Neuro-2A cells & effect of protein kinases, 29851
olfactory bulbectomy, locomotor activity & passive avoidance & tactile startle & grooming & feeding & neurochemistry, 12 wk vs 20 mo old male rats, animal model of human depression, 20149
oral inositol, spatial learning & memory & home cage behavior, rhesus monkeys, implications for interspecies differences, 4144
pertussis toxin lesions, inhibitory effects of S(-)3-amino-1-hydroxypyrrolidone-2 on nigral dopamine & possible mediation by GABA-B, male rats, 36459
PET & SPECT examination, cerebral metabolism, 36–52 yr old late whiplash patients, 18245
PET & SPECT examination, cerebral metabolism, 36–52 yr old late whiplash patients, 5194
PET & SPECT examination, cerebral metabolism, 36–52 yr old late whiplash patients, commentary, 18275
pharmacodynamics & neurochemical changes & behavioral actions of citalopram in treatment of depression, 38295
pharmacological properties of GABA-A receptors in P19-N cells via fluorescence imaging, mammals, 29802
phosphorous magnetic resonance spectroscopy, assessment of phospholipid metabolism, schizophrenic patients on medication, 14573
physical handling stress & potassium stimulation, glutamate in prefrontal cortex & ventral tegmentum & focus coeruleus, male rats, 33257
platelet adenylyl cyclase activity, 8–18 yr old non-alcohol-drinking children of alcoholics, implications for possible trait marker for predisposition to alcoholism vs state marker for alcoholism, 21338
prenatal stress & alcohol exposure, adult neurosteroid & catecholaminergic stress responses, rats, 4306
proopiomelanocortin vs proenkephalin opioid peptide systems in the brain regions, ethanol-preferring C57BL/6 vs ethanol-avoiding DBA/2 male mice, 30013
psychopharmacological effects of synthetic kava pyrone, voltage-activated inward currents of dorsal root ganglion cells, neonatal rats, 13811
pulse-coupled network model of coherent activation & neuromodulatory regulation & temporal resolution control in perception & working memory, 16256
receptorial & neurochemical profile of antipsychotic S16924, animals & humans, comparison with action of clozapine & haloperidol, 4219
redox theory of biochemical basis of learning & neurocomputation, 10454
reduced availability of metabolic substrates, lateral hypothalamic self-stimulation sensitivity, food restricted male rats, 3835
reduced brain serotonin transporter availability in major depression, outpatients, 8109
reduction of N-acetyl aspartate in thalamus, 25–45 yr old cocaine abusers, 21324
regional brain distribution of neurotensin vs galanin vs neuropeptide Y vs neurokinin A vs calcitonin gene-related peptide vs substance P, male vs female rats , 13586
regional brain metabolic responses to caffeine & effects of tolerance, heavy caffeine users & caffeine-intolerant adults, 10496
relationships among cortical glucose metabolism & degree of cognitive impairment & dementia, patients with subcortical infarction, 31267
repeated cocaine, responsiveness of nucleus accumbens to cocaine challenge, periadolescent rats, 10637
repeated heroin administration, extracellular opioid peptide levels in globus pallidus/ventral pallidum, freely moving rats, 726
repeated high-dose methamphetamine, local cerebral glucose utilization, male rats, neurotoxic model of human methamphetamine psychosis, 30012
repeated stressor exposure, behavior & endocrine adaptation & altered expression of neuropeptide Y in amygdala, male rats, 36466
required concentration of kynurenic acid in CNS for neuroprotection, gerbils, animal model of forebrain ischemia, 23576
requirements for memory-forming mnemogenic chemical reactions to avoid molecular turnover in long-term memory storage , 32975
reward vs schizophrenia hypothesis & functions of the mesolimbic dopaminergic projection to the nucleus accumbens, 26596
sc bee venom injection, spatial & temporal expression of c-Fos protein in spinal cord, anesthetized male rats, model of tonic pain, 703
selegiline, cocaine-induced changes in medial temporal lobe metabolism & euphoria, cocaine-dependent adults, 21296
serotonin neurons in dorsal raphe nucleus, firing frequencies & burst activity, alcohol preferring vs alcohol nonpreferring vs Wistar rats, 33232
serotonin receptors & subsystem heterogeneity & interactions with other neurotransmitter systems, implications for understanding actions of serotonergic drugs, 2369
single electroconvulsive shock, local rates of brain protein synthesis, male rats, animal model of ECT, 13492
single vs repeated doses of methylphenidate, regional brain metabolism, 24–39 yr old males, 4287
sodium cyanate, glutathione homeostasis in brain & liver, rats & mice, implications for mechanisms of cyanate neurotoxicity & cassava-associated neurodegenerative diseases, 10672
spatial & procedural learning, adenylyl cyclase activation in hippocampus & parietal cortex & striatum & cerebellum, male mice, 26598
spatiotemporal dynamics of transcription factor cAMP responsive element-binding serine 133 phosphorylation during hippocampal long-term potentiation, rats, 26641
St John's wort (Hypericum LI 160), transport of serotonin & norepinephrine into mouse astrocytes, 10631
stress & food intake vs handling during feeding vs maternal deprivation vs maternal–pup interaction, hypothalamic & amygdalal expression of corticotropin-releasing factor receptor type 2, rat pups, 20230
stress of physical restraint & aluminum exposure, change in behavior & neurochemistry, rats, 36379
striatal dopamine levels, susceptibility of striatal neurons to 3-nitropropionic acid induced toxicity, female rats, animal model of Huntington's disease , 7084
system of neuromodulation & potential application of cannabinoids as analgesics, animals & humans, 33399
temporal lobe pHi and IQ, 17–53 yr olds undergoing evaluation for epilepsy, 8601
tepoxalin, synthesis inhibition of interleukin-1 & interleukin-6 & antichymotrypsin, rat microglia & astrocytes & human astrocytoma cell line U373 MG, 36555
testosterone treatment of females, brain distribution of vasotocin-like immunoreactivity, male vs female zebra finches, 36572
threshold vs suprathreshold ECS, antidepressant effects & limbic increases in thyrotropin-releasing hormone & other peptides, male rats, 10654
tramadol vs desipramine vs methadone vs morphine, (3H)-norepinephrine uptake in cortical synaptosomes, adult male rats, implications for pain management, 23309
unilateral L5 spinal nerve ligation, expression of mRNAs for neuropeptides & GABA-A receptor in dorsal root ganglion neurons, male rats, neuropathic pain model , 466
use of neurochemical & magnetic resonance imaging techniques for examination of biochemistry of schizophrenia, 34191
use of proton magnetic resonance spectroscopy for detection of cortical dysfunction & correlation with neuropsychological testing, 47–74 yr old non-demented patients with Parkinsons disease, 31248
venlafaxine vs paroxetine, growth hormone response to iv infusion of L-tryptophan, 18–40 yr old males, 36606
xanomeline vs other muscarinic agents, stimulation of in vivo phosphoinositide hydrolysis, mice & rats, implications for use in cholinergic replacement therapy for Alzheimer's disease, 4114

Neurochemistry [See Also Neuroendocrinology, Receptor Binding]—Books

The human frontal lobes: Functions and disorders, 7097

Neurochemistry [See Also Neuroendocrinology, Receptor Binding]—Chapters

Basic pharmacological mechanisms of cocaine, 4311
Dopamine projections and frontal systems function, 8087
Modulation of anxiety by reproductive hormones, 23481
The neurobiology of trichotillomania, 8233
Neurophysiology and neuropharmacology of short lead interval startle modification, 23282
Prefrontal cortical-amygdalar metabolism in major depression, 27647
Prenatal ethanol exposure alters the modulation of the $GABA_A$ receptor-gated chloride ion channel in adult rat offspring, 13843
Psychobiology of post-traumatic stress disorder, 21206

Neuroendocrinology—Serials

basal prolactin & pattern of secretion, 6–12 yr olds with major depressive disorder, 30666
behavioral & neuroendocrine response to stress & to psychostimulant effects of acute & repeated amphetamine, SSN vs HAN lines of Lewis rats, 23277
circadian rhythms & plasma melatonin & cortisol & clinical symptoms & temperature & motor activity, 26–43 yr olds with obsessive–compulsive disorder, 1644
cognitive & neuroendocrine response to estrogen, 66–89 yr old postmenopausal women with probable Alzheimer's disease, 25301
corticotropin-releasing hormone, mediation of neuroendocrine & behavioral alterations after restraint stress, male rats, 29973
cortisol reactivity & androgens & pubertal status & parental personality & family & peer dysfunction, behavioral self-regulation, 10–12 yr old boys at high vs low risk for substance abuse, 24518
D-fenfluramine, plasma prolactin response, 18–29 yr olds with bulimia nervosa, 5654
etiologic & therapeutic implications of hypothalamic monoamine & neuropeptide & growth hormone & other endocrine abnormalities in anorexia nervosa, 18190
fenfluramine induced 5-HT depletion, neuroendocrine & behavioral responses, male rats, 624
fibromyalgia syndrome & perturbed function of stress response systems & other neuroendocrine axes, 1924
haloperidol, cognitive & behavioral & neuroendocrine & physiologic effects of ketamine, healthy adults, 33434
impact of capture & subsequent release, immune & hormone & behavior responses & health, free-ranging rhesus monkeys, 23465
individual differences in & factors confounding effects of laboratory & real-life psychological stress on neuroendocrine functioning in healthy humans, 20226
individual differences in neuroendocrine immune system responses to chronic & acute stress & relationship to coping behavior & depression & psychological intervention, 13572
long-term behavioral & neuroendocrine changes after neonatal handling, emotional reactivity & coping style, Roman high- vs low-avoidance rats, 3919
modulation of vasopressin vs oxytocin vs prolactin responses of suprachiasmatic nucleus-pineal gland system to conditioned fear stimuli, male rats, 23480

mycoplasma fermentans, tumor necrosis factor alpha & interleukin-1 expression & mediation of microorganism-induced neurobehavioral & neuroendocrine alterations, rats, implications for AIDS patients, 23365
naloxone, physiologic & neuroendocrine responses, 42–72 yr olds with Alzheimer's disease , 31327
neuroendocrine aspects of & hormonal therapy for emotional disorders associated with temporolimbic epilepsy, 15011
neuroendocrine challenge of ipsapirone, relationship between aggression & serotonin function in human laboratory, adults (mean age 26.3 yrs), 720
neuroendocrine influences on parenting style & parental responsiveness & infant abuse, primates, implications for human parenting, 13561
neuroendocrine responses to psychological workload of instrument flying, 19–21 yr old male student pilots in Finnish Air Force, 20242
oxotremorine concentration & administration time, formalin pain behavioral responses & plasma corticosterone & beta-endorphin content in hypothalamus & periaqueductal gray & septum, rats, 26747
potential mediators of relationship between personality & tonic cardiovascular & neuroendocrine & immunologic parameters, 18–55 yr olds, 23467
predator odor exposure, locomotor activity & ACTH & corticosterone plasma levels, rats, 23468
psychogenic & neurogenic stressors, neuroendocrine & central monoamine activity, fast vs slow kindling rats, 36510
psychological perspective of psychoneuroendocrinology, 4079
psychological workload & neuroendocrine responses associated with psychomotor test performance, 18–22 yr old males participating in Air Force pilot selection, 20243
psychopathological & neuroendocrine & autonomic effects of recreational doses of entactogen MDE vs psilocybin vs methamphetamine, 27–47 yr olds, 13739
reduced 5-HT function & characteristics of disorder & pretreatment 5-HT function & subsequent response to d-fenfluramine, patients (mean age 39.3 yrs) with major depression, 2295
repeated treatment with fluoxetine, psychoneuroendocrine parameters & anxiolysis, male spontaneously hypertensive vs Wistar-Kyoto rats, 26762
responsiveness of central serotonergic system following cocaine discontinuation & prolactin responses to sequential DL-fenfluramine challenges, cocaine addicts, 25515
role of tetrahydrobiopterin as neurotransmitter biosynthesizer & nitric oxide as neuroendocrine modulator in neuronal control of depression & stress & immune system regulation, 14511
sensation-seeking temperament, plasma concentrations of norepinephrine & epinephrine & norepinephrine-dependent testosterone & cortisol & prolactin, 19–60 yr old males, 23457
sex & genetics, neuroendocrine adaptation to acute vs repeated physical restraint, inbred mice, 4046
sex differences in neural actions of gonadal hormones on nonreproductive brain structures & processes & ovarian steroid influences, implications for dementing & affect illnesses, 494
single & multiple doses of ondansetron, cholecystokinin tetrapeptide-induced behavioral & neuroendocrine changes, adult males, 7182
sleep pattern & neuroendocrine alterations as state vs trait markers of depression, 18–45 yr old health first-degree relatives of patients with affective disorders, 8106
supracellular & cellular & molecular brain mechanisms in cytokine-induced anorexia, 10501
Trauma cue, neuroendocrine & psychophysiologic responses, veterans with posttraumatic stress disorder, 24335
use of neuroendocrine markers in the development of antidepressant drugs, 5618

Neuroendocrinology—Books

Gender differences in mood and anxiety disorders: From bench to bedside, 24181
Neuroendocrine immune basis of the rheumatic diseases, 28056
The neuroendocrine regulation of behavior, 7098

Neuroendocrinology—Chapters

An animal model for a physiological interpretation of human bisexuality, 37029
Hormonal perturbations in fibromyalgia syndrome, 28060
Stress and immune dysfunction in Gulf War veterans, 27500

Neuroinfections [See Infectious Disorders]

Neurokinins [See Also Substance P]—Serials

intrathecal injections of tachykinin NK1 agonist, behavioral characteristics, mice, 30051
intraventricular tachychinin NK1 vs NK3 receptor agonists, sodium appetite & solution intake, male sodium-deficient rats, 29999
neurokinin-1 receptor in anxiolytic action of intrabasalis substance P injection, male rats, 33462
substance P & other neurokinins in CNS development & neurodegenerative or psychiatric disorders, 506

Neuroleptic Drugs [See Also Clozapine, Reserpine, Risperidone, Sulpiride, Tetrabenazine]—Serials

16 antipsychotics in common use & incidence of haemopoietic disorders, 2347
accidental iv zuclopenthixol acetate administration for rapid tranquilization, non-compliant 37 yr old male with schizo-affective disorder, implications for treatment of psychiatric emergencies, 28458
acoustic startle reflex & prepulse inhibition & locomotion activity & latent inhibition, mice from neuroleptic-responsive vs nonresponsive lines , 691
acute & chronic administration of olanzapine vs clozapine & haloperidol, firing rate of substantia nigra reticulata neurons, male rat brains , 26857
acute extrapyramidal symptoms, olanzapine overdose, 9-yr-old male who attempted suicide, 1682
acute overdose of prescribed olanzapine, 29 yr old female with schizophrenia, 28423
acute vs chronic treatment with typical & atypical neuroleptics, c-fos mRNA expression in forebrain regions, male rats , 23581
adverse side effects from olanzapine treatment, 70–86 yr olds, 2315
age & instrumentally derived tremor & baseline extrapyramidal signs & type of neuroleptic & severity of dementia, drug-induced parkinsonism, elderly psychiatric patients treated with neuroleptics, 28405
aggression & agitation & mania, adult females with schizophrenia treated with olanzapine, 8911
akathisia & parkinsonism, 25–55 yr olds treated with neuroleptics for bipolar affective disorder, 21870
amisulpride vs flupenthixol, anterior pituitary & adrenal hormone secretion & treatment response, male vs female patients with schizophrenia, 12182
amisulpride, agonistic behavior, male mice, 17062
antipsychotic medication adherence failure in forensic patients with schizophrenia, 37394
antipsychotic medication effectiveness, people with a dual diagnosis of intellectual disability & schizophrenia, literature review, 18676
antipsychotic medications, suicide & attempted suicide risk reduction, patients with schizophrenia, 12221
antipsychotic olanzapine, development of panic attacks, 36-yr-old female with schizophrenia, 18711
antipsychotic olanzapine, priapism, 27-yr-old male being treated for psychotic symptoms, 18684
anxiolytic effects of serotonin 2 & dopamine 2 antagonist type antipsychotic agent perospirone vs diazepam & haloperidol, conditioned defensive burying & social interaction, rats, 4260
aripraxole, modification of striatal neurons as dopamine D2 receptor agonist or antagonist, male rats, 36588
assessment & management of antipsychotic-induced adverse events, 5612
atypical antipsychotic drugs & 5-HT receptor blockade & histamine levels in hippocampus & striatum & cerebral cortex, male rats, 17071
atypical antipsychotic drugs, neurocognitive impairment in schizophrenia, 25180
atypical antipsychotic olanzapine, patients with severe treatment-resistant psychotic depression, 25192
atypical antipsychotic quetiapine vs haloperidol or clozapine, NMDA & AMPA glutamate receptor expression, male rats, 26855
atypical properties & guidelines for selection of risperidone & olanzapine & quetiapine & loxapine & clozapine, patients with schizophrenia, 21955
atypical vs traditional antipsychotic medications, long term course of schizophrenia, 5616
basal ganglia volume changes, male (mean age 25.57 yrs) schizophrenic patients treated with typical vs atypical neuroleptics, 2 yr study, 31629
behavioral pharmacology of newer vs typical antipsychotic agents, 23555
benefits & risks of maintenance treatment with atypical antipsychotics, schizophrenic patients, 8914
benzoindane S 18126 vs raclopride vs L 745,870, dopamine D/4 receptor blockade & in models of antipsychotic & extrapyramidal properties, rats, 718
carbemazepine & neuroleptic administration & neuroleptic malignant syndrome, 54 yr old male with chronic schizophrenia, 2373
caroverine & haloperidol, positive & negative symptom ratings, 31–53 yr olds with schizophrenia, 38266
cases of neuroleptic malignant syndrome associated with antidepressants & their pathophysiological hypotheses, 14–75 yr olds, 8864
change from clozapine to olanzapine treatment, male patients (mean age 40.8 yrs) with refractory schizophrenia & self induced water intoxication, 28467
characteristics & use of typical vs atypical antipsychotics in treatment of agitation & aggression, psychiatric inpatients, 21871
cholecystokinin, neuroleptic-like effects on dopamine-related behaviors, rats, animal models of psychosis & implications for treatment, 7188
chronic antipsychotic drug exposure, neuronal & glial density & cortical thickness in prefrontal area 46, male rhesus monkeys, 6 mo study, 26846
ciprofloxacin & olanzapine, plasma concentration of olanzapine, 54-yr-old female with major depressive disorder with psychotic features, 21922
clinical & cost effectiveness, clozapine or risperidone vs chlorpromazine or haloperidol, community mental health patients (mean age 37.3 yrs) with schizophrenia & schizoaffective & bipolar disorder, 31645
clinical characteristics & adequacy of antipsychotic treatment in different illness phases, suicide victims with schizophrenia, 18689
clinical efficacy & mechanisms of action & utility of novel antipsychotic medications in forensic settings, 18725
clinical issues in treatment with conventional vs novel antipsychotics, inpatients with acute exacerbation of schizophrenia, 8947
clinical profiles of newer antipsychotic drugs for treatment of schizophrenia, 12151
clinical properties & effects of clozapine & risperidone & amisulpride & olanzapine & quetiapine & sertindole & ziprasidone for psychotic disorders, 21869
clozapine & olanzapine associated diabetes mellitus, 32–56 yr old males, comparison with previous non-insulin-dependent diabetes mellitus cases, 2408
clozapine & risperidone & olanzapine & quetiapine in treatment of psychosis & agitation associated with dementia, 34992
clozapine & risperidone & olanzapine, cognitive deficits in schizophrenia, 25196
clozapine & risperidone & sulpiride & haloperidol & olanzapine & amperozide, serotonin receptor antagonism & extracellular dopamine in medial prefrontal cortex & nucleus accumbens, male rats, 17054
clozapine or risperdone or zotepine or sulpiride vs classic neuroleptics, weight gain, Ss with schizophrenic or schizoaffective or delusional disorder (ages 17–64 yrs), 28511
clozapine vs olanzapine & interaction with receptor specific optoids vs adrenergic vs serotonergic drugs, analgesia, male mice, 36620
clozapine vs olanzapine vs haloperidol, body weight & leptin plasma levels, psychiatric inpatients, 12197
clozapine vs olanzapine vs risperidone vs haloperidol vs sertindole, weight gain liability, male patients with schizophrenia, 25232
clozapine vs other neuroleptic drugs, emergence of obsessions, psychotic patients, 25158
clozapine vs traditional antipsychotics in treatment of treatment-resistant schizophrenia, 25165
clozapine vs typical antipsychotics, impairment in information processing assessed by prepulse inhibition of startle response, 20–65 yr old male schizophrenic patients, 27685
clozapine vs typical neuroleptics, cognitive function, patients with neuroleptic-responsive schizophrenia or schizoaffective disorder (mean age 25.6 yrs), 6 & 12 mo followup, 25188
cocaine & haloperidol & clozapine & vitamin E & MK-801, brain dopamine dynamics following discontinuation of cocaine, male rats, model of schizophrenia, 768
cognitive deficits in attention & memory & executive functions & treatment with cognitive training or antipsychotics, patients with schizophrenia, 34188
cognitive effects of antipsychotics, individuals with schizophrenia, 25223
comparison of primary negative symptom profiles on vs off antipsychotic drug treatment, physically healthy schizophrenic males ages 20–63, 14556
concentration distributions of risperidone & 9-hydroxy-risperidone, rats, 620
concept of psychosis in schizophrenia as neurodevelopmentally determined expression of active morbid process underlying progressive deterioration & impact of effective antipsychotic medication, 4971
concurrent substance abuse, patients with schizophrenia receiving clozapine vs other antipsychotic medications, 2355
conventional vs atypical antipsychotics for elderly patients with schizophrenia or dementia, 8910
conventional vs typical neuroleptics, psychiatric symptoms, middle-aged & elderly patients with psychiatric disorders, 18697
Cu++/Zn++ dependent superoxide dismutase enzyme & low affinity nerve growth factor receptor gene & olanzapine, individuals with schizophrenia, 34171
cumulative amount of & interruptions in neuroleptic treatment & cumulative amount of anticholinergics, tardive dyskinesia, adults with schizophrenia or diabetes mellitus or leukotomy, comment, 28496

cumulative amount of & interruptions in neuroleptic treatment & cumulative amount of anticholinergics, tardive dyskinesia, adults with schizophrenia or diabetes mellitus or leukotomy, commentary reply, 28509
current approaches & new antipsychotic treatments, patients with treatment-resistant schizophrenia, 15314
cytochrome P450 enzymes & metabolism & interactions of atypical antipsychotics in schizophrenia treatment, 28481
D-serine & antipsychotics, schizophrenia, patients, 8957
decision to prescribe antipsychotic therapy to schizophrenic patients, clinicians, 38277
decision to switch from clozapine to newer antipsychotic olanzapine & effect on functional & cognitive status & positive & negative & other symptoms, 40 yr old male with schizophrenia, 28483
depot antipsychotics, number of hospital admissions & affective episodes & length of hospital stay, 30–70 yr olds with bipolar affective disorder, 31674
development & advantages & disadvantages of conventional vs atypical antipsychotic agents for treatment of schizophrenia , 12168
development of & treatment for & death resulting from neuroleptic malignant syndrome after initiation of olanzapine, 60-yr-old female with chronic paranoid schizophrenia & multiple medical conditions, 38271
development of diabetes mellitus with olanzapine treatment, 50-yr-old Black male with paranoid schizophrenia & substance dependence & antisocial personality disorder, 34991
development of neuroleptic malignant syndrome during treatment with atypical antipsychotics, 2286
differential effects of receptor blockade on clinical efficacy & safety of atypical antipsychotics, elderly patients with dementia or psychosis, 28451
distribution of body mass index, males vs females with vs without schizophrenia or schizoaffective disorder including Ss on ziprasidone, implications for weight gain inducing effects of antipsychotics, 17893
documentation of & attitudes toward informed consent for administration of antipsychotic medication, psychiatrists, Canada, 9363
dopamine & serotonin receptors involved actions of atypical antipsychotics, individuals with schizophrenia, 25171
Dopamine D3 receptor gene in tardive dyskinesia, schizophrenic patients treated with typical neuroleptics, 25142
dosage & side effects & interaction with other psychotropics & symptom improvement, 10–18 yr old inpatients with psychotic or behavior or other disorders taking risperidone or olanzapine, 3-mo study, 8909
DRD4 gene polymorphisms & drug responses, patients with chronic psychosis who responded well to typical neuroleptics vs clozapine, 12156
dystonia side-effect Pisa syndrome, 85 yr old female with subcortical arteriosclerotic encephalopathy treated with sertindole for acoustic hallucinations & anxiety & agitation, 2375
economic outcomes of traditional antipsychotic agents vs risperidone, Medicaid patients with schizophrenia, 2372
effect of antidementia drug FK960 & cholinergic & glutamatergic modulations on regional cerebral blood flow response to vibrotactile stimulation, rhesus monkeys, 30061
effectiveness & extra-pyramidal side effects of olanzapine vs haloperidol, 19–58 yr olds with cannabis-induced psychotic disorder, 31619
effectiveness & safety of olanzapine vs risperidone, 18–65 yr olds with schizophrenia or schizophreniform disorder or schizoaffective disorder, 9 countries, comment, 2388
effectiveness of anticholinergics & neuroleptic dose reduction, neuroleptic-induced pleurotonus, psychiatric patients, 21958
effectiveness of antipsychotic medication, 18+ yr olds with intellectual disability & challenging behavior, 38218
effectiveness of depot antipsychotics, patients with schizophrenia vs schizoaffective disorder or bipolar disorder, 2361
effectiveness of olanzapine, patients with treatment resistant schizophrenia, 34152
effectiveness of risperidone & clozapine & other novel antipsychotic drugs, children & adolescents with psychiatric disorders & symptoms, 12209
effectiveness of risperidone or other antipsychotic drugs in the treatment of typical patients with schizophrenia or schizoaffective disorder throughout the US, 1-yr clinical trial, 15312
effects of antipsychotic compounds as antagonists of hallucinogen/serotonin agonist-induced behaviors, male rats, 23476
efficacy & cost effectiveness of clozapine vs traditional neuroleptics, patients with schizophrenia, 66 mo study, 12225
efficacy & psychopharmacological profile of olanzapine, 23584
efficacy & safety & side effects of new atypical antipsychotic quetiapine, 62–94 yr olds with psychotic disorders, 21925
efficacy & safety & tolerability of antipsychotic medications in elderly, 21920
efficacy & safety & tolerability of remoxipride vs haloperidol, 18–65 yr old schizophrenic patients with predominant negative symptoms, 18702
efficacy & safety & tolerability of remoxipride vs haloperidol, 18–65 yr old schizophrenic patients with predominant negative symptoms, erratum, 38268
efficacy & safety of accidental high-dose olanzapine, 14 yr old autistic male with psychotic symptoms & disorganized behavior & delusions & auditory hallucinations, 21903
efficacy & safety of accidental high-dose olanzapine, 14 yr old autistic male with psychotic symptoms & auditory hallucinations & delusions, commentary, 21970
efficacy & safety of accidental high-dose olanzapine, autistic 14 yr old male with psychotic symptoms & delusions & auditory hallucinations, commentary, 21974
efficacy & safety of antipsychotics, 2-18 yr olds with conduct & psychiatric disorder & hyperactivity & aggressiveness & autism & schizophrenia, 21872
efficacy & safety of low dose amisulpride, schizophrenic patients with predominately primary negative symptoms, 17904
efficacy & safety of nefazodone & conventional neuroleptics, 18–51 yr old schizophrenic patients with predominantly negative &/or depressive symptoms, 34986
efficacy & safety of treatment with risperidone vs conventional neuroleptics, patients with chronic schizophrenia, 8867
efficacy & safety of treatment with ziprasidone, patients with an acute exacerbation of schizophrenia or schizoaffective disorder, 14546
efficacy & side effects of olanzapine, hospitalized 6–11 yr olds with various psychiatric diagnoses who had failed previous medication trials, 8917
efficacy & tolerability & safety of olanzapine vs haloperidol treatment, patients with schizoaffective disorder, 1 yr follow-up, 12250
efficacy & tolerability of & differential sensitivity to extrapyramidal symptoms in treatment with typical & atypical antipsychotics, adolescents with schizophrenia, 5647
efficacy & tolerability of atypical neuroleptic olanzapine, alleviation of severe psychosis & behavioral & extrapyramidal symptoms, 74–89 yr olds with dementia with Lewy bodies, 28619
efficacy & tolerability of olanzapine, 12–17 yr olds with treatment-resistant bipolar disorder with acute mania, 28498
efficacy of atypical antipsychotic drugs, patients with treatment-refractory schizophrenia, erratum, 25145
efficacy of olanzapine & plasma concentrations & therapeutic response, 23–63 yr old inpatients with acute schizophrenia, commentary reply, 18723
efficacy of olanzapine & plasma concentrations & therapeutic response, 23–63 yr old inpatients with acute schizophrenia, comment, 18668
efficacy of olanzapine & psychosocial rehabilitation & case management in community mental health setting, patients with psychosis, 37969
epidemiology & pathophysiology & clinical features & management of tardive dystonia, 15274
events during vigabatrin therapy, incidence of psychiatric adverse events, patients with treatment-resistant partial complex epilepsy with psychotic symptoms, 38272
factors predicting prescription of neuroleptic or anxiolytic or hypnotic or antidepressant medication, child & adult patients with intellectual disabilities, 18717
fluoxetine augmented with olanzapine, 24-yr-old female with treatment refractory obsessive-compulsive disorder , 2383
flupenthixol, psychiatric symptomatology & side effects & cocaine use, 22–62 yr olds with schizophrenia or schizoaffective illness & cocaine dependence, 5646
frequency of occurrence & clinical impact of side effects & safety profiles of new antipsychotics, 23488
functional role of antipsychotic S 16924 in control of positive & deficit-cognitive symptoms of schizophrenia in various experimental paradigms, rats, comparison with clozapine & haloperidol, 4220
guidelines for avoidance & management of hyperprolactinaemia & effects of traditional vs novel antipsychotics on prolactin levels, antipsychotic-treated patients, 5632
guidelines for psychopharmacologic treatment of schizoaffective disorder with antipsychotic & thymoleptic & other drugs, 18715
haloperidol & clozapine & olanzapine & phencyclidine, locomotion & balance, male rats, 33488
haloperidol vs risperidone vs sertindole vs clozapine vs olanzapine, prolongation of QT interval, cats, implications for antipsychotic induced arrhythmia, 7185
high dose olanzapine treatment in refractory psychosis, male patients with schizoaffective disorder, 18728
high vs low dosages of amisulpride vs haoperidol, psychomotor & cognitive & extrapyramidal effects, 18–35 yr olds, 20360
high vs low intrinsic activity of 5-HT1A agonists, therapeutic efficacy & antipsychotic-like & extrapyramidal side effects of neuroleptics, male rats, 23567
history of neuroleptics & monoaminergic transmission in schizophrenia, commentary, 24282
history of neuroleptics & monoaminergic transmission, 629
human leukocyte antigen typing, response to neuroleptics & clozapine-induced agranulocytosis, 18–60 yr old Jewish Israeli inpatients with schizophrenia , 38282
hyperglycemia associated with olanzapine treatment, 45 yr old male with diabetes & hypertension & major depression & hallucinations, 25203
impact of new antipsychotic agents on quality of life & treatment-refractory schizophrenia & mood disorders, 5676
impact of nicotine on schizophrenia & antipsychotic medications, treatment planning & smoking cessation programs, patients with schizophrenia who smoke, 37373
in vivo microdialysis study of zotepine vs other antipsychotics clozapine & ziprasidone & olanzapine & antidepressant desipramine, extracellular noradrenaline levels, male rats, 4258
incidence of & risk factors for tardive dyskinesia, mentally ill adolescents on neuroleptic medication, 2 yr study, 5651
incidence of tardive dyskinesia, 55+ yr olds beginning treatment with antipsychotic medication, 2410
incidence of tardive dyskinesia, patients with schizophrenia treated with olanzapine vs haloperidol, 2.6 yr study, 12144
incidence of tardive dyskinesia, psychiatric outpatients (mean age 66 yrs) in early stages of low-dose treatment with typical neuroleptics, 12 mo study, 12191
issues in & model for management with atypical antipsychotics, chronic ambulatory psychotic outpatients, 8930
issues in early antipsychotic treatment, patients with 1st episode schizophrenia, 8880
issues in treatment of agitation with atypical antipsychotics, elderly in nursing homes, 8959
itraconazole, steady-state plasma concentration of bromperidol & its metabolites, schizophrenic female inpatients, 34973
legal issues associated with antipsychotic-induced tardive dyskinesia, 25684
life-threatening esophageal dyskinesia following long-term antipsychotic therapy, 79 & 66 yr old males with lingual dyskinesia & complaints of food regurgitation, 18694
lithium &/vs antipsychotic medication alone vs combination therapy, leukocyte & granulocyte & lymphocyte counts, 20–92 yr old psychiatric patients in long-stay psychiatric hospital, 21935
lithium with vs without neuroleptics, lithium ratio & correlation with side effects as studied with measurement of erythrocyte lithium concentration, 20–39 yr old bipolar outpatients, 5613
long term CLZ vs classical antipsychotic drugs, body weight changes, neuroleptic-resistant chronic schizophrenic patients, 35024
long term use of neuroleptics, neurobiological effects, 5641
long-term neuroleptic maintenance therapy, psychotic relapse after 1st episode, outpatients (mean age 47.6 yrs) with paranoid schizophrenia, 15 yr study, 21933
long-term quetiapine treatment, patient satisfaction & perceived tolerability & efficacy of treatment, 18–91 yr old psychiatric patients, 28436
low-dose standard neuroleptics in combination with novel antipsychotics, patients with treatment-resistant schizophrenia, 15354
mazapertine treatment & hyponatremia, 57-yr-old schizophrenic male, implications for role of polydipsia vs altered antidiuretic hormone activity, case report, letter, commentary, 15295
melatonin with vs without antipsychotics, 30 yr old male & 43 yr old female with jet lag & de novo psychosis, 28445
metabolism of multi-receptor clozapine analogue atypical antipsychotic drugs & serotonin-dopamine antagonist atypical antipsychotic drugs, 35021
methodological flaws affecting randomized controlled trials on efficacy of new antipsychotics, 18659
methods of cost-effectiveness analysis in the evaluation of new antipsychotic treatment & implications for schizophrenia treatment & health care policy decision-making, 15320
mianserin, neuroleptic-induced akathisia, patients with schizophrenia, 15328
moclobemide & antipsychotic drug treatment, negative symptoms, adults with schizophrenia, 31691
molecular genetic approach to novel therapeutic targets of antipsychotic drugs in schizophrenia , 24267

motor deficits & schizophrenia, neuroleptic-naive patients & at risk populations with eye movement abnormalities, 37393
multilevel analysis of antipsychotic drug use in long-term care & resident & facility characteristics, 65+ yr old Medicaid nursing home residents following a policy shift, 15578
neurochemical basis & mechanisms of cognitive impairment & effects of atypical antipsychotic agents on cognition, patients with schizophrenia, 14536
neurochemistry of left frontal & temporal cortices & left basal ganglia & left & right thalamus & possible drug effects, 25–67 yr old males with schizophrenia, 4943
neuroleptic & dopaminergic drug therapy for reduced dopamine binding sites, 43 yr old female & 61 yr old male with paranoid schizophrenia & parkinsonism, 5670
neuroleptic drugs, thrombocytopenia, 38-yr-old male with bipolar affective disorder & 22-yr-old male with dysmorphophobia syndrome, implications for importance of routine blood screening, 31710
neuroleptic malignant syndrome induced by olanzapine therapy, 22 yr old male with paranoid schizophrenia & history of neuroleptic malignant syndrome reaction on conventional neuroleptics, 12153
neuroleptic sensitivity & substantia nigra neuron densities & striatal dopamine & HVA & autoradiographic binding, patients with dementia with Lewy bodies vs Parkinson's disease, 2379
neuroleptic treatment for manic psychosis, 61 yr old male with temporal lobe tumor , 12211
neuroleptic treatment metabolism of phospholipids & high energy phosphates in left & right frontal lobes, patients with schizophrenia, 21971
neuroleptic treatment, internally & externally guided voluntary saccades, schizophrenia patients (mean age 34.2 yrs), 18718
neuroleptic treatment, internally & externally guided voluntary saccades, schizophrenia patients (mean age 34.2 yrs), 18742
neuroleptic treatment, mental state, 19–63 yr old schizophrenic patients with vs without MRI-detected cortical atrophy, 15303
neuroleptics, cognitive dysfunctions, patients with schizophrenia, 28489
neuroleptics, striatal volume & glucose metabolism & vacuous chewing movements, male rats, 640
neurological models & neuroleptic treatment, negative symptoms of schizophrenia, 5625
neurotensin agonist PD149163, antipsychotic effects on prepulse inhibition & startle reflex, male rats, 17038
new onset diabetes mellitus & diabetic ketoacidosis associated with olanzapine treatment, 38–47 yr olds with histories of schizoaffective disorder or schizophrenia or bipolar disorder, 34976
NMDA partial agonist D-cycloserine in addition to typical antipsychotics, 18–60 yr old chronic schizophrenic patients with negative symptoms, 28508
noribogaine generalization to ibogain stimulus, noribogaine concentration in brain, rats, 23608
nortriptyline as adjunct to venlafaxine & valproic acid, extrapyramical symptoms, 69 yr old with type II bipolar disorder, 31628
novel antipsychotic aripiprazole & its metabolites, dopamine & serotonin receptor subtypes, rat cells , 20320
novel antipsychotics vs conventional neuroleptics, direct vs indirect amelioration of neuropsychological deficits & improved adaptive functioning, patients with schizophrenia, 12184
NRA0045 vs haloperidol or risperidone or clozapine, in vivo receptor occupancy of 5-HT2A & alpha1 & dopamine D2 & D3 receptors in frontal cortex & striatum & nucleus accumbens, male rats, 33377
number of lifetime affective disorder episodes, response to lithium vs divalproex, bipolar patients with acute mania, 31699
obstruction of airways after im injections of levomepromazine & iv injections of benzodiazepine, 20–40 yr old males with schizophrenia, 5633
occurrence of symptoms of restless leg syndrome & periodic leg movements during sleep during treatment with olanzapine, 41-yr-old male with residual-type schizophrenia, 38267
olanzapine & haloperidol interaction, 67-yr-old male with bipolar disorder, 21898
olanzapine & selective serotonin reuptake inhibitors, 24–50 yr olds with obsessive compulsive disorder, 35031
olanzapine as an adjunct to lithium, 2 males with bipolar depression, 38255
olanzapine dosage, dopamine D-2 receptor occupancy & extrapyramidal side effects & therapeutic response, schizophrenic 19–55 yr olds, 25211
olanzapine dosages, extrapyramidal symptoms & other side effects, 39–59 yr old patients with schizophrenia & schizoaffective disorder, 21888
olanzapine for treatment-refractory schizophrenia or schizoaffective disorder, 22–44 yr old patients responsive to & intolerant of clozapine, 3 mo followup , 28510
olanzapine induced delusions & psychotic mania, 54 yr old female with bipolar schizoaffective disorder, 34093
olanzapine induced obsessive-compulsive disorder, males with schizophrenia, 21929
olanzapine overdose in suicide attempt, 38 yr old female with schizophrenia, 31632
olanzapine treatment following clozapine induced granulocytopenia, patients with chronic schizophrenia (aged 26–38 yrs), 15344
olanzapine treatment, patients with psychotic depression (mean age 36.9 yrs), 15336
olanzapine vs haloperidol vs placebo, attention & memory & psychomotor function, healthy 62–81 yr olds, 23489
olanzapine vs haloperidol, symptomatology & parkinsonian side effects, patients with treatment-resistant schizophrenia, 15280
olanzapine vs haloperidol, treatment outcomes & cost effectiveness, patients with schizophrenia, 38322
olanzapine vs other atypical vs typical neuroleptics, blockade of dopamine D1 & D2 & D3 & 5-HT2A & muscarinic receptors in brain, male rats , 10685
olanzapine vs placebo, adults with manic or mixed episode acute mania, 21968
olanzapine vs risperidone treatment, course of depressive symptoms as predictor of relapse, patients with schizophrenia, 28 wk study, 31705
olanzapine, 5–42 yr olds with autism or pervasive developmental disorders not otherwise specified, 12224
olanzapine, activation or antagonism of neuronal receptors, hamster ovary cell lines transfected with human muscarinic subtypes & receptor-selective isolated rat retinal tissue, 23297
olanzapine, agitation & states of psychosis, 64-yr-old male hospitalized for pancreatitis & cholelithiasis, 21859
olanzapine, cholesterol & triglyceride levels & weight gain, 27–67 yr olds with schizophrenia, 16 mo average followup, 35020
olanzapine, clozapine discontinuation symptoms, adult in- & out-patients with schizophrenia treated with clozapine, 9+ wk study, 38319
olanzapine, corticosteroid induced mood changes, 21 yr old female with asthma, 25146
olanzapine, delirium, female 59 yr old with cancer, 15324
olanzapine, delta sleep & sleep efficiency, schizophrenic patients (mean age 33.6), 28492
olanzapine, dopamine D1 & D2 receptor locomotor stimulant effects, dopamine depleted male mice, 13793
olanzapine, effects of FG 7142 & dizocilpine on training & retention of active avoidance & spatial long term memory plus maze tasks, mice, 26825
olanzapine, exacerbation of tardive dyskinesia & development of tardive dystonia, 40-yr-old female with bipolar disorder, 38234
olanzapine, hospitalized 31–49 yr olds with treatment-refractory schizophrenia, 12232
olanzapine, mixed episodes, female 50 yr old with bipolar disorder, 25238
olanzapine, suppression of tacrine-induced tremulous jaw movements & lever pressing, rats, 33497
olanzapine, tardive dyskinesia, male 29 & 52 yr olds with bipolar type schizoaffective disorder, 12239
olanzapine, thioridazine induced neuroleptic malignant syndrome, 37 yr old male with schizophrenia, 25173
olanzapine, treatment of respiratory dyskinesia, 67 yr old female cancer patient, 22052
olanzapine, weight gain, 24–75 yr old psychiatric outpatients, 21902
olanzapine-induced obsessive–compulsive behavior & tremor, 35 yr old female with major depression with psychotic features & borderline personality & bulimia, 5597
olanzapine-induced reversible neutropenia, 81 & 44 yr old patients with chronic schizophrenia, 35025
olanzapine-induced thrombocytopenia & idiopathic thrombocytopenic purpura, 30 yr old female with paranoid schizophrenia, 2274
olanzepine induced neuroleptic malignant syndrome, mild to moderately mentally retarded 21 yr old male, 28460
olanzipine, tardive dyskinesia, 59 yr old male patient with delusional disorder & long-term neuroleptic exposure, 28456
olfactory sensitivity to isoamyl acetate & androstenone before vs during treatment with neuroleptic drugs, patients with first episode schizophrenia vs psychotic disorder, 25224
outcome oriented approach to long term antipsychotic drug treatment of schizophrenia, 38270
panamesine, plasma cytokine & soluble cytokine receptor levels & blood cell counts in 18–44 yr old patients with schizophrenia & sleep changes in healthy 22–29 yr old males, 12169
passage through blood-brain barrier & occupancy of striatal D2-like dopamine receptors of panamesine EMD 59983 metabolite EMD 57445, patients (aged 30–55 yrs) with schizophrenia, 38251
patterns of antipsychotic drug therapy, Medicaid patients with schizophrenia, 38281
pharmacokinetics & efficacy & safety & quality of life & economic benefits of olanzapine, patients with schizophrenia, 15348
pharmacologic & clinical risk factors for neuroleptic malignant syndrome, inpatient cases vs controls all treated with neuroleptics, 2280
pharmacological & side effect profiles of atypical antipsychotics, 5642
pharmacological profile of antipsychotic agent MS-377 with selective affinity for sigma receptors vs haloperidol vs sultopride vs risperidone, rats, 33492
pharmacology & clinical efficacy & side effect profiles of atypical antipsychotics & relation of attributes observed in clinical practice & trials to their basic pharmacologic profiles, 21963
pimozide augmentation of olanzapine, symptoms, 44 yr old male with schizophrenia & drug-resistant psychosis, 21962
positive response to olanzapine followed by early relapse, 38 yr old male & 35 yr old female patients with paranoid schizophrenia, 38265
possible interaction between warfarin & quetiapine used for treatment, 71 yr old female with vascular dementia , 28486
possible olanzapine induced mania, 44 yr old male paranoid schizophrenic, 27669
possible olanzapine-induced neuroleptic malignant syndrome, 40-yr-old female with paranoid schizophrenia, 8926
preclinical pharmacological profile of olanzapine, 13789
prediction of response to clozapine after olanzapine, treatment-resistant schizophrenic patients (mean age 38.9 yrs) , 27659
premorbid functioning & symptoms & neuroleptic responses, patients with atrophic & static schizophrenic psychoses, 24255
prescribing of risperidone & olanzapine at VA hospital outpatient clinics, 12253
prescriptive use of neuroleptic drugs, 5–19 yr olds living in the province of Rome, 8956
prevalence & risk factors for extrapyramidal syndromes & association with tardive dyskinesia, neuroleptic-treated psychiatric patients, 21930
prevalence of smoking, 1st-episode patients with schizophrenia or schizophreniform disorder with less than 30 or no previous exposure to antipsychotics, 27694
prevention & treatment of adverse effects of antipsychotic treatment for schizophrenia, 25186
production of interleukin-2 & interferon gamma and IL-10 & production responses to neuroleptics, paranoid vs nonparanoid chronic schizophrenic patients (mean age 32 yrs), 5611
psychiatric symptoms & neuroleptic doses & physical activity, creatine phosphokinase levels, male psychiatric inpatients (mean age 57.6 yrs), 2 yr study, 24106
psychoanalytic perspective on conscious & unconscious experience of treatment with high-potency low-dose neuroleptics, recent onset vs chronic vs veteran patients, 25226
psychopharmacologic & psychological & patient management issues in switching to newer atypical antipsychotic medications, outpatients with schizophrenia, 8960
psychotic symptomatology & prevalence & response to olanzapine & prediction of outcome, patients with schizophrenia (mean age 38.6 yrs), 30699
quality of life & other issues in cost-effectiveness & efficacy & safety of atypical antipsychotic treatment, schizophrenic patients, 8897
quetiapine treatment & new onset diabetes mellitus, 42 yr old male with bipolar disorder, 34132
quetiapine treatment of quetiapine, 34yr old man with chronic paranoid schizophrenia, 38306
quetiapine, 19–60 yr olds with treatment-resistant bipolar disorder, 34974
quetiapine, dopamimetic psychosis, 69- & 80- & 85-yr olds with Parkinson's disease, 35000
quetiapine, tardive dyskinesia, female 44 yr old with schizophrenia & chronic active psychosis, 21895
raclopride & chlorpromazine, muscle tone & D2 receptor occupancy, rats, 23516
rapid displacement of clozapine & quetiapine from dopamine D2 receptors by competing compounds, implications for antipsychotic withdrawal & early clinical relapse in treatment of schizophrenia , 23580
reasons for taking neuroleptics & ways of self-regulating medication, 18–56 yr olds with schizophrenia, 2386
receptor binding & gene expression & pharmacological & reduced side-effect profile & therapeutic benefits of olanzapine, patients with schizophrenia, 15283

receptor pharmacology & therapeutic & adverse effects of atypical neuroleptics, 21943
receptorial & neurochemical profile of antipsychotic S16924, animals & humans, comparison with action of clozapine & haloperidol, 4219
research on antipsychotic drug use in schizophrenic treatment, workshop summary, 25157
response to neuroleptic treatment & clinical course, patients with neurological disorder & Psychosis due to General Medical Condition, 4 yr study, 1928
response to neuroleptic treatment, White vs African American vs Hispanic 18–65 yr olds with schizophrenia, 28488
risk of tardive dyskinesia with conventional medications & efficacy & safety of long-term maintenance with olanzapine, patients with schizophrenia, 15305
risperidone vs clozapine, amphetamine induced striatal dopamine release, 23–50 yr olds with chronic schizophrenia or manic depression, 15281
risperidone vs neuroleptic vs no antipsychotic medications, weight gain & body mass index, 12–18 yr old inpatients, 6 mo study, 8912
risperidone vs olanzapine treatment in hospital setting, drug acquisition costs & treatment outcomes, psychiatric patients presenting with psychotic symptoms, reply, 31683
risperidone vs olanzapine treatment in hospital setting, drug acquisition costs & treatment outcomes, psychiatric patients presenting with psychotic symptoms, comment, 31635
role of clozapine & quetiapine & olanzapine & risperidone in treatment, patients with drug-induced psychosis in Parkinson's disease or antipsychotic-induced movement disorders, 25163
role of neuropsychiatric pharmacist in provision of antipsychotic drug therapy, 38651
role of neurotensin neurons in mediation of antipsychotic drug effects, implications for treatment of schizophrenia, 31662
role of serotonin & dopamine in schizophrenia & new antipsychotic agents, 5661
role of serotonin & serotonin receptors in antipsychotic drug action, 28466
safety & efficacy of amisulpride, schizophrenic patients with predominance of positive or negative symptoms, 34965
safety & efficacy of olanzapine vs haloperidol, adults (mean age 28 yrs) with first-episode psychosis , 8943
safety & efficacy of olanzapine, patients (mean age 74.4 yrs) with Parkinson's disease & psychosis with vs without dementia, 31613
safety & efficacy of psychoactive medication prescribing practices vs research knowledge, physicians treating children under age 18 yrs with mental disorders , 21907
